Edinboro University Of Pennsylvania Edinboro, Pennsylvania 16444 Volume #25 Enrollment 7,190

Changing Moments

Beginning new friendships adds special meaning to college life.

Enjoying the outdoors, these students take time out to talk about the day's events.

Brightening leaves signal the coming of the cold weather.

Memorable Times

What We Remember

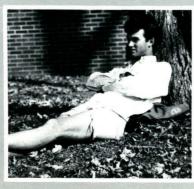

When a person thinks of a "Golden Moment" a picture comes to mind of a quarterback scoring the winning touchdown, or the minute that the Homecoming Queen is crowned, but one can recall golden moments in other ways. Bumping into old friends, reading old diaries and seeing old pictures, for instance, can spark a memory of a certain special moment in your life.

You will then remember those moments with friends and families and you will, most likely, look back at them with great appreciation. At the time those moments didn't mean as much as they do today. Now, you look back and realize that those moments could not possibly be relived or replaced. That is why these are called "Golden Moments".

Smiling faces reflect the value of friendship.

A student takes advantage of the warm weather before the snow and cold weather sets in.

A Golden Glimpse

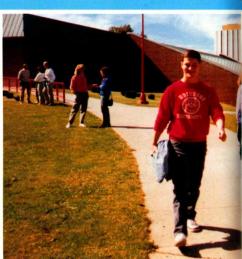

Socializing is one of students' best past-times.

Enjoying the warm temperatures, two students find time to sit and talk during the day.

Exiting Van Houten Dining Hall, Students return to their residence halls and continue their diverse and exhausting lives.

Looking For Help

Students Pray

A Student's Prayer Ye have called me, O God to spend this portion of my life in study.

Although the world is full of young men and women no older than I who must work in fields and shops to support their families,

who must bear arms to defend their country,

You have released me these responsibilities,

placing upon me special trust of searching wisdom.

When I look to You, Judge of all the earth,

and then look upon myself, I fear my unworthiness of

this trust.

I find myself only half ready in heart of mind because of wasted, careless hours.

I fear that I will again be tempted to sloth, to be content with half truth, to support of doubtful causes.

I beg Your forgiveness and Your cleansing and courage.

Help me never to forget most Loving Lord

that the burden of work that is lifted from me is no heavier than the burden of trust that is placed upon me by this call to study.

May the need of the world for clarity and commitment by the need that speaks to me:

the need for men and women who have drunk deep of the wisdom of ages,

who have studied hard the conditions of slavery and exploitation,

who have pushed through obstacles to new dimensions of life,

who will not be content with hostilities where there might be reconciliation.

Grant, . . .

That I may know the dignity of this call to be a student, that I may never lose sight of the needs of the world I am called to meet, that I may always be assured of Your presence and Your power As I enter now this University experience. Amen!

by Rachel Henderlite

A jovial group of Edinboro gentlemen celebrate the comraderie at the Homecoming Parade.

A warm, summery afternoon provides an enjoyable atmosphere for studying outside Baron-Forness Library.

Life . .

At Edinboro

Students are the lifeblood of a university. Meeting the course-work requirements for award of a degree, however, presents only one face of the total university experience. The purely academic environment must be tempered by a blend of curricular and extra-curricular, and a proper balance must be developed - in preparation for life in a modern society - between learning and building an appreciation for culture, recreation and productive leisure pursuits. The Edinboro experience seeks to imbue in its graduates an interest in intellectual, ethical, social and aesthetic human values, and to encourage their learning and personal and professional development throughout life.

Joyously watching the Homecoming Day Parade, fellow sisters await the appearance of their sorority's float.

Moments In Life

Eagerly awaiting the next float, the spectators gather on a nearby wall.

Homecoming '89

Making Ready

Homecoming is an extra special time for those alumni who have returned to show appreciation for their University. It is estimated that over 500 alumni returned to celebrate this weekend with students now attending Edinboro. It is with special remembrance that alumni of Edinboro can look back and be proud of their school. In every way, Homecoming reflects the spirit, dignity, and honor held to Edinboro University.

Even before the first official start of Homecoming, fraternities, sororities, and other organizations and clubs were busy getting ready for the weekend.

The bonfire and pep rally was held the Thursday prior to Homecoming weekend.

Admist the enthusiastic students and exhuberance of the occasion, Gretchen Kline, a junior from Edinboro, and Joseph Schmitzer, a senior from Butler, were named the 1989 Homecoming queen and king.

The annual parade was held at eleven o'clock that Saturday morning. Crowds of people, not only from Edinboro but from neighboring areas.

The beginning stages of the Homecoming floats require a great deal of work.

Proudly sitting in the Model T, Julie Fedders, Assistant Director of Students Activities, displays Phi Kappa Psi's float.

Proudly displaying their colors, the Army ROTC marches in the Homecoming Parade.

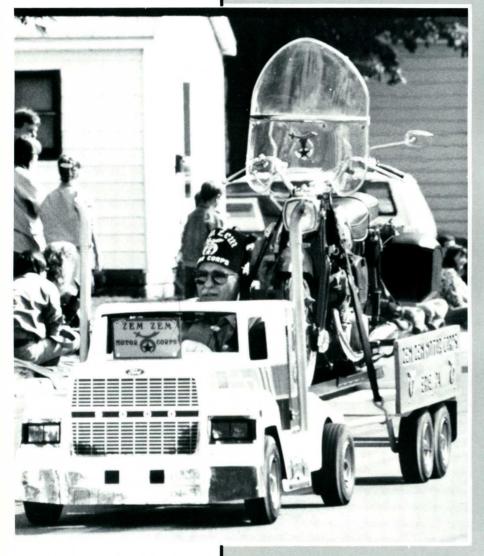

Keeping the Spirit of the Scots, the Kiltie Bagpipe Band marches to an old-fashioned, scottish march.

Estatically cheering the prospective Homecoming court, the sisters of Alpha Sigma Tau display their banner.

Providing miniture transportation for their own vehicles, the Zems Zems come prepared for any situation.

Setting the stage for the Homecoming Parade, two clowns demonstrate their abilities.

Ironhorse Wins

Test Of Time

Everyone loves a parade and the turnout for this one proved it.

The theme for this year's parade was "Inventions through the Ages." Zeta Tau Alpha and Sigma Tau Gamma won the President's trophy for their float, "Ironhorse". The queen's trophy was awarded to Alpha Sigma Tau and Sigma Pi for their float, "Space Shuttle".

Through much hard work on everyone's part, Homecoming weekend was a big success. It is an event, as well as a celebration, that Edinboro University can be proud of.

Announcing the winners, Homecoming Chairman, Ron Sturga addresses the crowd before the game.

Homecoming King Joe Smitzer takes a ride on the "Ironhorse" float aside Ric Dawson and Bill Jones, brothers of Sigma Tau Gamma.

As it makes its way through the town of Edinboro, Sigma Pi's float displays the invention of the first space shuttle.

1989 Court

Gretchen And Joe

Homecoming weekend for us all, whether we are students, parents, alumni or just townspeople, is a time to celebrate togetherness and special times. Homecoming was extra special for those seven men and women selected by their fraternities, sororities or special interest groups to represent what their social organizations are all about.

Voting began the Monday prior to Homecoming weekend. More than 2,000 voters turned out to elect a new Homecoming queen and king. According to Ron Sturga, Assistant Student Activities Director, there was a much greater turnout this year compared to the past years.

After much campaigning on everyone's part and the presentation of all the candidates Gretchen Kline, a junior

Court Couple Sandy Schau and Randy Hurley in Scott Stone's Classic Chevy Chevelle

1989 King Joe Schmitzer 'Vettes through town.

from Edinboro, and Joseph Schmitzer, a senior from Butler, were named Edinboro's Homecoming queen and king.

Gretchen Kline, whose campaign slogan was "True Blue" is a 20-year-old Special Education/Elementary Education major. She is a sister of Zeta Tau Alpha and was sponsored by her sorority sisters along with the brothers of Sigma Tau Gamma.

Joe Schmitzer, whose campaign slogan was "Dr. Feelgood" is a 21-year-old Communications Graphics major and a Speech Communications minor. Joe is a brother of Sigma Tau Gamma and is a member of the fraternity's budget committee. Joe was sponsored by his brothers of Sigma Tau and the sisters of Zeta Tau Alpha.

"Beautiful ladies all in a row:" L-R: Julie McLaughlin, Krista Hughes, Sandy Schau, Heather Scanlon, Julie Robinson, Brenda Barretta, Gretchen Kline

1989 Queen Gretchen Kline sees and is seen by thousands lining the streets.

Court Couple Julie Robison and Shawn Smith

Groups Display Individuality

Exploring Social Outlets

Ninety-three organizations were showcased in the Organizations Fair. The purpose was to acquaint students with the professional, honorary and social organizations that Edinboro has to offer.

A workshop on hazing was conducted by Randy Hurley, President of Sigma Pi fraternity, and Julie Robison, President of Delta Zeta sorority. Facts, advice and pamplets were given to students in hopes of reinforcing the fact that these organizations are opposed to hazing.

The Organizations Fair presents the annual opportunity for students to become involved in clubs previuosly unknown to them.

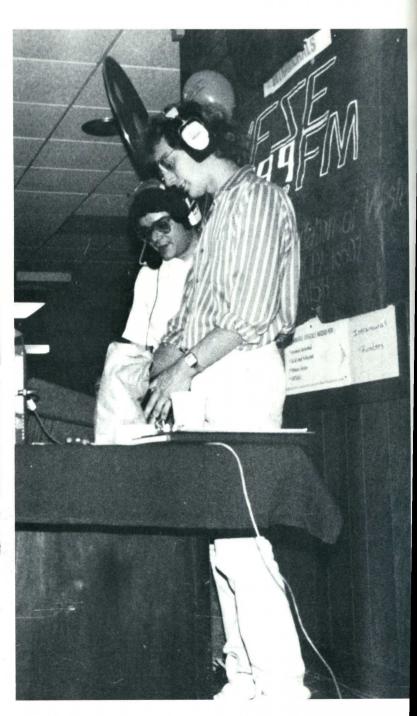

Digging down deep, the Department of Geosciences explore the fascination of mineral deposits.

Crossing the border, International students display goods form their homelands.

Tuning in for good music, WFSE 88.9 FM sets up for an all day broadcast.

Parent's Day

M.L. Treeger Guest

Once again, Parents' Day was a fun-filled day with a packed schedule of events.

Following a coffee and donut reception and musical entertainment by Dr. Paul Martin and Mr. David Herendeen, parents were welcomed by Mr. Ron Sturga, Parents' Day Chairman, and by Dr. Glenda Lawhorn, Vice President for Student Affairs. Dr. Lawhorn then introduced the featured speaker, Ms. Marjorie Lawrence Treeger, co-author of the recently published *Letting Go: A Parent's Guide to Today's College Experience*. She discussed the delights, dilemmas, and diplomacy of being the parents of college students.

dilemmas, and diplomacy of being the parents of college students. After an Author's "Booksigning" with Ms. Treeger, parents had the opportunity to visit various departments of the Student Affairs Division, including Ghering Health Center, Counseling and Personal Development Center, Student Standards Office, Recreation and Intermurals Office, Disabled Student Services Office, Student Activities Office, and the Residence Life Office.

Programs and tours were available throughout the afternoon. Parents were able to view the on campus Children's Theatre production of "The Near-sighted Knight and the Far-sighted Dragon", visit the Campus Bookstore, observe the "Apollo XI" Planetarium show, experience hands-on use of computers at the Computer Center, or visit Edinboro's own Campus Radio Station W.F.S.E. in Compton Hall and T.V. Studio in Miller Research Center. Parents could also catch the excitement of the "Fighting Scots" football team hosting Lock Haven's "Bald Eagles" or the baseball team hosting Point Park's "Pioneers". And, of course, parents had the chance to visit with or share these experiences with their sons and daughters, since that is what Parents' Day is really all about!

The Parents' Day experience at Edinboro University October 13, 1989

Gamble

CC Success

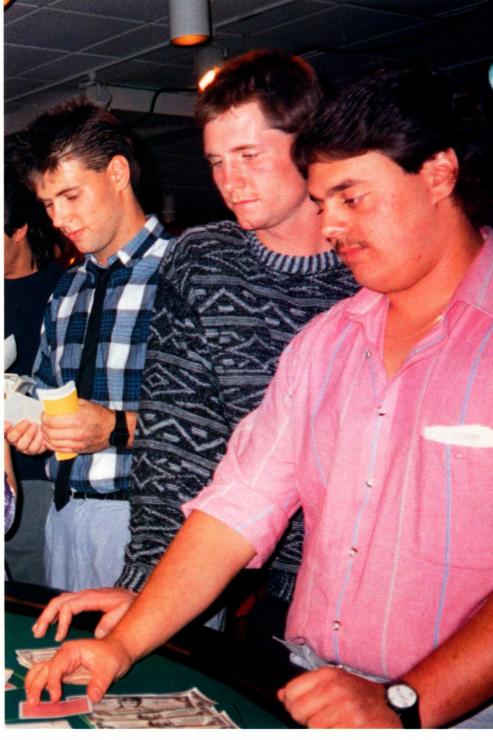

Place your bets. The wheels turned and the dice rolled across the tables at the Carribean Cruise, sponsored by Ray Boston, Inc.

The University Center was the image of a cruise ship, complete with Las Vegas style gambling tables and flats covering the walls. Students received \$200 worth of play money upon entering the cruise ship.

The evening included lots of dancing, provided by a jamaican steel drum band; a limbo contest; free Haagan Daz ice cream; shuffle board; and of course, gambling.

Mitch Kallay, Chairperson of Student Activities and Special Programs, felt the turnout was great. "We estimated about 450 people," said Kallay.

The tables shut down at 10 p.m., and for every \$100, students had the chance to win a variety of prizes if their ticket was chosen from the bowl.

Betting it all, this student tries to win back his losses at the blackjack table.

Creating a unique sound, the Jamacan steel drum band played to a packed house.

Playing for high stakes, this group of young hustlers try to conceal their winning hands.

Ghouls & Goblins Invade The Boro Halloween Dance Held

Halloween. That time of year when the "young at heart" dress up as someone or 'something', carve pumpkins, and play unusual games in order to obtain an apple. Edinboro students "slunk over" to the annual Halloween Happening in full attire for a fun-filled evening of cider n' donuts, a pumpkin carving contest, and a trivia contest. Prizes were also awarded for best costumes.

Jeff Slater, Tim Grabowski, and

Jack McCombs won first place for their rendition of "Dungeons and Dragons" in the group category. Veda Lane and Amy Cannon's "Static Cling" proved that Bounce wasn't needed to win 2nd place. Jeff Woodard accompanied glamour girls Lidia Cornelio, Tamara Reddish, and Barb Atkinson to win 3rd place for their portrayal of "Beauty Contest".

In the individual category, Barry Linck "scared" the judges into giving him 1st place for being "The Space Alien". In 2nd place, Bill Fanto's "The Nerd" proved that nice guys don't always finish last. Freddy Kruger, played by Bill Schirk, turned a few heads to come out in 3rd place.

The "Monster MAsh Bash" was an evening sponsored by the Student Activities Office and Campus Minis-

Slicing and dicing the winning pumpkin, Urahmag Begun works intently.

Steroids

Just Say No

Former Pittsburgh Steeler Steve Courson is watching the clock run down, but he isn't playing a football game. He's battling for his life.

Courson, 33, was diagnosed last fall with dialated cardiomyopathy, a progressive heart disease. He was then only given a 10 to 20 percent chance of living, but he has proved everyone wrong.

Courson believes that his heart condition is due to his use of anabolic steroids during his college and professional career.

"I would like to stand here and tell you that steroids is not a national problem, but if I did I wouldn't be telling you the truth." It's a problem in all sports starting as early as grade school.

"When you take steroids, you sell yourself to the system. It's this win-at-all-cost mentality that has been engraved on our society."

Former Pittsburgh Steeler, Steve Courson talks to Edinboro Students about the everlasting effects of anabolic steroids.

Often pausing due to a lack of breath, Courson admits that his use of steroids could of killed him.

Announcing the arrival of Steve Courson is his manager.

Residence Life

The Life Of The On-Campus Student.

Life in the residence halls can take some getting used to. Having to share a room in most cases with a total stranger, not to mention sharing a bathroom with twenty other people can be tough at times. Getting to know a room mate and how he or she lives is a major part of residence life, however, it is not always a problem.

A residence assistant lives on each wing of the residence hall. The resi-

dence assistant's main duty is to answer any questions that students may have. and to enforce the rules for those who occupy the residence halls.

Telephone and mail service are both to those who live in the residence halls. The telephone in each room allows free calls within the local area. A long distance call requires a separate service that may be purchased if the resident wishes to. The mail service includes the ability to send outgoing mail via the campus mailroom, located in each residence hall lobby.

Living in the residence halls is a great opportunity to meet new people and make friendships that could last a lifetime. There are many activities that each residence hall offers, this enables the student to feel at home while spending the next few years here at Edinboro University.

Standing in line, these students experience the hassel of room sign-ups.

The joyous celebration of the most looked forward birthday on campus, #21!!!

Viewing every student's nightmare, the dreaded wake-up call.

Academics

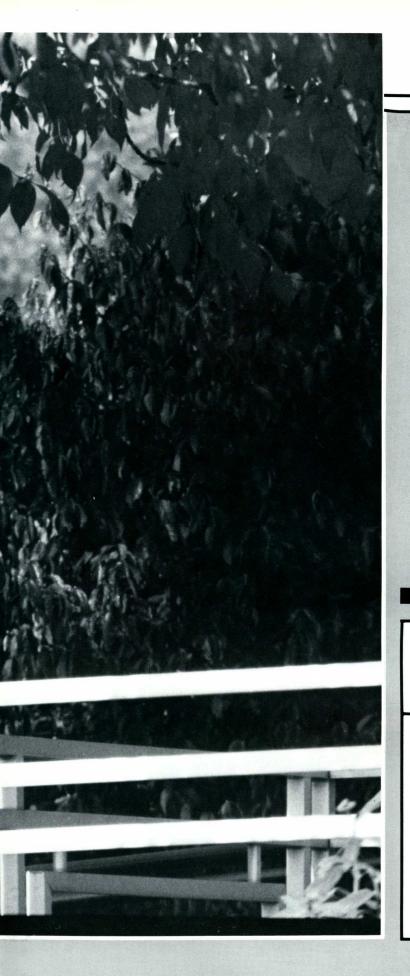

Study Time

At the core of a university are its academic programs, for they are the foundation of a university's stature. The primary mission of Edinboro University is, has and always will be to develop within its student's knowledge, fluency, inquiry, an appreciation of ethical, aesthetic and cultural values, an understanding of basic scientific principles, and an awareness of international perspectives, all leading to contributive citizenship.

While a modern, comprehensive university must necessarily assume additional missions - research, provisions of services to the community - these must be absorbed within a balance that not only complements the prime learning focus, but in turn, fosters through synergistic effect a higher quality of academic instruction.

A quiet, tranquil place, is best for catching up on some

Moments Study

Awaiting the arrival, of their professor, students ready themselves for class.

Reflections Of Golden Moments

President Diebold Stresses Refinement.

Dear Students,

The theme of the 1990 *Tartan*, "Golden Moments", has a very special meaning to me as I look back on my eleven years as President of what now is Edinboro University of Pennsylvania. My reflections upon those eleven years may mirror, at least in some respects, the years and events which those in the Class of 1990 experienced here at Edinboro.

Gold emerges through a process of refinement. You and your University have both experienced tribulations, overcome challenges, and identified real values in the process of this refinement. This proud University is not the same one you found when you came here or that I found some eleven years past. Just as you have emerged a very different and more successful person, so has Edinboro University. For your sake and for the many who preceded and follow you, I am delighted!

I sincerely hope that each of you share my pride in our mutual growth and progress. As I presented diplomas to the Class of 1990 at Commencement, I knew that in many ways we were silently sharing what I consider to be the "Golden Moments" of the Edinboro experience.

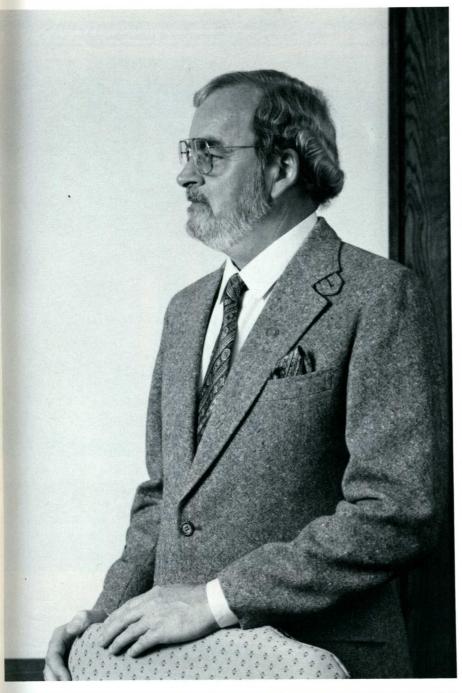

You have my best wishes and those of my family for a successful future. Special congratulations to the Class of 1990.

Art Department

At table clockwise from front M. Eason, J. Goldsworthy, L. Rosenfeld, S. Winterberger, B. Maas, W. Cox, I. Short, and S. Weimer In back, I-r S. Kemenyffy, G. Mitra, D. Nicholas, B. Gibson, J. McMurray, J. Valley, J. Vredevoogd, C. Mullineaux, G. Shoemaker, and D. Weinkauf

The responsibility of the Art Department is to prepare well-trained people for the various fields of professional art, art teaching, and art history. A wide range of studio and academic classroom experience is available to the professional student who wishes to develop a career in personal studio art, in public and private school teaching and studies in the history of art. On completion of a specialized Art curriculum a graduate receives one of three degrees: the Bachelor of Fine Arts (BFA), the Bachelor of Science in Art Education or the Bachelor of Arts (BA). Students planning to earn Art Education

certification and meet BFA degree requirements should see the Art Department chairperson. A wide variety of curricular offerings is available in each degree area and emphasis is placed on the development of knowledge and skill to meet the demands of personal and professional endeavor. Advanced work in specialized areas is available to strengthen content knowledge.

The Department offers numerious minors which may be taken in conjunction with other non-Art Majors.

Philosophy Department

(Front, L-R) Lisa Drake (secretary), James Munro, and Robert Cogan (Standing, L-R) Edmund Abegg, Karen Seubert, and Maurice Holloway

The major in philosophy requires thirty-nine (39), credit hours, including the introductory course and required courses outside philosophy. The student can use at least 27 hours of free electives to complete a minor program that will prepare him or her for employment.

Philosophy is an excellent liberal arts major, a program that encourages intellectual, emotional, and aesthetic growth. Philosophy courses consider issues that range over the entire area of human

concerns and interests. Also, philosophy is an excellent preparation for graduate study in many areas and for professional programs in law and theology.

In philosophy the most basic interpretations of reality and the deepest questions are carefully and rationally considered. The study of philosophy helps the student to learn to think clearly, to argue persuasively, to understand and evaluate basic values and beliefs, and to appreciate the great thinkers of our civilization.

Biology And Services Health

1st Row - Dr. David Fulford, Dr. Ralph Carls, Mr. James Glipsy, Dr. Robert Tammariello, Dr. Paul Thomas, Dr. Carol Skinner 2nd Row - Dr. Curtis Robinson, Dr. Donald Snyder, Ms. Loretta Johnson, Dr. Dale Hunter, Mr. J.E. Bernice (chairman), Dr. Mark Kosco, Dr. Daniel DeFigio, Mr. Michael Brown, Dr. Thomas Legge.

The Biology and Health Services Department offers the following undergraduate programs: Bachelor of Arts In Biology degree for students in the Arts and Sciences curriculum; Bachelor of Science degrees in Biology, Environmental Science-Biology, Medical Technology and Nutrition and a Bachelor of Science in Education degree in Biology; and Associate of Science degree in Medical Laboratory Technician and an Associate of Applied Science degree in Dental Technology. The department also offers a minor in Biology.

The Biology and Health Services Department offers nine semester hours of General Education for all non-biology majors.

Edinboro University is a member of the Marine Science Consortium where both undergraduate and graduate courses in marine biology may be taken during the summer session at its' field station. Courses offered are listed under the heading "Oceanography" in the Geoscience course description section of the University Catalogue and in the Biology and Health Service Section.

The Biology and Health Services Department offers ecology courses in conjunction with the University of Pittsburgh at the Pymatuning Laboratory of Ecology where both undergraduate and graduate study may be undertaken during the summer.

Recommended electives include marine science courses at the Consortium field station and ecology courses offered at the University of Pittsburgh, Pymatuning Ecology Laboratory.

Educational Services Included in photo: J. Baker, K. Stevens, S. Smith, W. Fruechtel, Back Row: J. Flynn, F. Hudak, K. Adams, C. Gallagher, D. Backman

Educational Services Included in photo: J. Dengel, P. Bevevino, D. Snodgrass, L. Best, B. Shimek, Back Row: R. Dombrowski, K. Nordburg, J. MacCluskie, J. Dantry

Educational Services Department

The Department of Educational Services provides the prospective teacher candidate with the essential professional education courses as well as carefully planned experiences in the public schools to enable them to successfully enter the world of the professional educators in our public schools. In addition it helps the prospective teacher to become informed concerning the general background discipline, including such studies as historical, philosophical, psychological, methodological and social foundations of education. These studies affect the teachers' success in meeting the educational needs of their students and in assisting them to solve the problems of leading a worthwhile life in our contemporary society.

Chemistry

Chemistry Department Included in photo: First Row (L-R) T. Thewes, P. Edwards, D. J. Renn, Back Row (L-R) C. Sink, J.B. McKay, G. Messmer, E. Hoganson.

The Department of Chemistry offers instruction in chemistry leading to the Bachelor of Science degree in Chemistry and the Bachelor of Science degree in Chemistry/Industrial Biochemistry. It also offers a minor in chemistry, supervises students in the Pre-pharmacy transfer program, and cooperates with the Department of Educational Services in offering the Bachelor of Science degree in Secondary Education-Chemistry.

The Bachelor of Science degree in Chemistry is intended for those who expect to pursue a graduate degree in chemistry or a related science or to enter business or industry as a chemist. It also serves

as the basis of an excellent pre-medical program.

The new Bachelor of Science degree in Chemistry/Industrial Biochemistry prepares students to become a part of the rapidly expanding biotechnology industries or to pursue further study in biochemistry.

The Pre-pharmacy program provides the first two years of study toward a bachelors degree in pharmacy. The curriculum was designed in cooperation with the Temple University School of Pharmacy, but is appropriate for transfer to most colleges of pharmacy. Because certain schools of pharmacy may require slight variations

from this curriculum, early contact with your pre-pharmacy advisor and your chosen pharmacy school is recommended.

Beginning students who are interested in chemistry but unsure of their specific career goal should note that there is much similarity in the first science and mathematics requirements of the various science, engineering and pre-professional curricula. Careful planning and consultation with an academic advisor will often allow the choice of a specific program to be deferred into the second year with no delay in program completion.

Seated, I-r S. Demiral, K.V. Jacob, B. McNally, J. Stemm, and J. Dunn Standing, I-r M. Hannan, G. Carnes, D. Baglia, M. Keough, L. Hannes, J. Meehan; R. Sliazas, G. Barbour, P. Lisowski, R. Adams, and An-Sik Min

The Department offers course work leading to degrees in the areas of Economics and Business. The Department offers a Bachelor of Science degree in Economics and a Bachelor of Science degree in Business Administration. The Department programs are designed to provide the student with the scientific foundations necessary to develop a disciplined and lasting curiosity about the workings of our complex economic and business system. The educational objectives of the Department are threefold; (1) to

study, in conjunction with the other social sciences, the role of man as a social being; (2) to study the main features, the record of, and the current challenges that face a complex economic and business system; (3) to develop and extend the practical and rigorous analytical tools of economics and business so as to demonstrate their relevance in application to professional practice and/or public discussion of current issues.

David Wagner, Physics and Technology Department Chairman

Peter Mathews of the Physics and Technology Department

The Department of Physics and Technology offers instruction in astronomy, electronics, engineering, hospital equipment technology, physics, manufacturing engineering technology, and robotics. Its offices, classrooms, laboratories and

observatory are located in Cooper Hall of Science and Hendricks Hall. The department offers seven degree programs, a certificate program and three academic minors.

English and Theatre Arts Department

The English and Theatre Arts Department pursues the following goals: (1) to expand the student's knowledge and control of those disciplines which enable him to communicate effectively with his fellow men; (2) to sharpen those skills which enable him to understand and evaluate critical issues presented through the medium of language, written or spoken; (3) to expose the student to the thoughts, ideas, and challenges offered by the best thinkers and writers, present and past, in intellectual and cultural realms.

The SPECTATOR, the campus newspaper; the TARTAN, the university yearbook;

WFSE, the university radio station; and TOUCHSTONE, the university literary magazine, serve as laboratories for students during the B.A. in English/Writing and the minor in Journalism. The staffs of the above solicit and encourage all students to take an active part in one or more of the organizations.

The Theatre Arts staff offers the Bachelor of Arts degree and sponsors the dramatic activities on campus. Students from nearly all departments on campus participate in the performances staged in Memorial Auditorium and the Center for Performing Arts. Theatre Arts majors, who learn from actual play production as well as from class work, gain experience in proscenium and arena staging.

Mathematics and Computer Science Department

The Department of Mathematics and Computer Science offers programs that lead to the following degrees: Bachelor of Arts degree in Mathematics; Bachelor of Science Degree in Computer Science; Bachelor of Science in Education-Area of Certification: Secondary Mathematics; Asso-

ciate of Science in Computer Technology.

The Department of Mathematics and Computer Science also offers a Mathematics minor and a Computer Science/Information Processing minor. These minors can be coordinated with virtually any academic discipline.

George Shimpeno of the Health and Physical Education Department

HEALTH AND PHYSICAL EDUCATION CURRICULUM

The Health and Physical Education Department offers a four-year baccalaureate program for those desiring to enter the teaching profession or other related fields. Upon satisfactory completion of the requirements of this curriculum the student will be granted the degree of Bachelor of Science in Education with a concentration in health and physical education and will qualify for the Pennsylvania Instructional I Certificate. This certificate will be valid for teaching Health and Physical Education in the elementary and secondary schools of Pennsylvania.

Roy Stonesifer, Thomas Gay, Chairman, Robert Russell, and Donald Hoffman of the History Department in front of Hendricks Hall.

The Bachelor of Arts degree in history is structured to serve the student who wishes to acquire knowledge of man's past, to gain greater depth and variety of content or use in a profession or vocation, or to prepare for graduate study in history or related disciplines.

The program is designed to provide an understanding of the reasons why man has developed into what he is today, and to provide insight into every area of human experience in order that he might better communicate in any field or endeavor. For the student whose aims are professional, the program will introduce historical techniques, methods and analysis so that he will have the tools to search for historical truth. For the student whose goal is graduate school, the program will offer quality preparation in the use and understanding of historical perspective.

Charles Babbitt, Sociology, Anthropology, and Social Work Department Chairman and Edward Ledrick of the Department talk with secretary Bonnie Boylan.

Richard Heasley of the Sociology, Anthropology; and Social Work Department.

The Bachelor of Arts-Sociology Program is designed to give the student a background in methodology, theory and content. Specific objectives are to increase the student's understanding of scientific research, to prepare students for graduate work, to further the training of teachers in the public and private schools and to give the individual a better understanding of society.

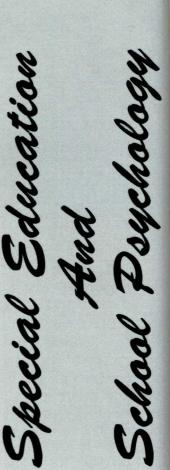

In addition to the Bachelor of Arts in Sociol-

ogy, the department offers the Bachelor of Arts in Anthropology and the Bachelor of Science in Social Work programs.

The aims of the Anthropology program parallel the objectives of the Sociology program. It provides a broad introduction to the diverse fields within Anthropology. The Social Work program is accredited by the Council on Social Work Education and designed to prepare students for a career in the field.

FOREIGN LANGUAGE DEPARTMENT Front Row (L-R): Margot Koczan, Virginia Hajewski, Richard Bevevino, Gordon Hensley (Chairperson) Back Row (L-R): Homer M. Mershon, Janusz Czejdo, Tom Hajewski, and Carlos H. Ossandon

Foreign Languages Department

The department offers a Bachelor of Arts degree with majors in French, German, Russian, Spanish, and the Humanities/Foreign Languages, a degree in which proficiency is sought in two languages. Teacher certification may be pursued in conjunction with the B.A. degree in French, German, and Spanish by satisfying the requirements of the School

of Education. Certification in two areas may enhance employment opportunities. Programs are also offered in Foreign Language and Area Studies.

Language laboratory, cassette duplication facilities, and video cassettes in foreign languages are available to students. Individual instructors may assign laboratory practice as a supplement to normal classroom work.

Dean Stoffer, Special Education and School Psychology Department Chairman

The Department of Special Education and School Psychology offers a Bachelor of Science degree in Education and certification to teach the Mentally and Physically Handicapped, grades K through 12. (This includes the mentally retarded, physically handicapped, socially maladjusted, emotionally disturbed, brain injured and learning disabled.)

A Special Education minor of 18 semester hours is available. It is a non-certification program for persons outside the field of special education. Please see the chairperson of the department for details.

Elementary Education Department
Included in photo: First Row (L-R) R.A. Atkinson, M. Walcavich, and B. Baron. Second Row (L-R) R. Uhleman, E. Demos, K. Baver, B. Weber, J. Vance, K. Daily, M. McGough, J. Fleischauer, G. Gerbracht, D. Panhorst Third Row (L-R): D. Shelley, J. Gonzales, J. Willians, M. Melhouism, S. Wellman, N. Briggs, G. Hitchings, J. Green, A. Burlando, J. Currie, R. McClune, M.J. Campbell

Elementary Education Department The Department of Elementary Education prepares teachers for the nursery, elementary and middle schools of the Commonwealth of Pennsylvania. Upon completion of the competencies in Elementary Education and 128 credit hours, the student is awarded a Bachelor of Science in Education degree and is recommended to the State for a teaching certificate after successfully passing a State-administered teacher examination. The department also offers courses which will enable individuals holding the Instructional I certificate to obtain the Level II certificate for permanent teaching certification in the Commonwealth.

Front Row; P. Fullerton, M.K. Hogan, D. Herendeen. Back Row; L. Williams, P. Martin, D. Sublette, G. Flood, R. Knepshield, J. Klausman, T. Cordell, C. Barbaro.

Music Department

The Music Department offers work leading to the Bachelor of Arts degree. Students may also gain teacher certification. In addition to this degree program, the department is responsible for the many music activities on campus. Students may also minor in music.

The flexibility of the undergraduate curricula permits students to select those courses and activities of interest to them and necessary for their intellectual and musical development. The core of required courses includes theory, performance and history. Electives include literature, arranging, theory and composition.

Political Science

Political Science Department Included in photo: (L-R) R. Rhodes, R. Brant, H. Heath, G. Lessig, and D. Trainer

Political Science Department

The department offers course work leading to degrees in the areas of Political Science, Criminal Justice and Pre-Law.

The curriculum of a Bachelor of Arts program in Political Science is committed to provide the student with organized knowledge and mental growth in a concentrated area of the Liberal Arts or the discipline of Political Science. Research opportunities, scope and methodology of political inquiry, content analysis

and theories of the disciplines will be utilized in developing habits of thought and methods of work commensurate with a good liberal arts education.

A political science program will enable studies to be made of the significant problems which comprise and are interrelated with government and administration, both domestic and foreign. To accomplish this goal, there is substantive breadth in the curriculum to provide additional educational opportunities for those in the teaching profession; a more comprehensive

group of courses will be offered to ensure stuand research in theoretical and activist prolems; and a closer relationship, hopefully, we be established between teacher, administrate civic leader and governmental official. If the are appropriate to their career goals and acdemic program, every effort will be made assist students to participate in work-study acinternship programs which provide practical eperience in government.

Psychology And And Counseling

PSYCHOLOGY & COUNSELING DEPARTMENT
1st row (L-R): C. Lee, J. McHenry, R. Railsback, C. Legin-Bucell, L. Davis (Sec.), and L. Hinkle:
2nd row (L-R): A. Stone, J. Culbertson, J.C. Armstrong, C. Edwards, T. Reynolds, and T. Walsh.

The Bachelor of Arts degree program in psychology is designed to serve the student seeking a terminal liberal arts degree, as well as the student who is preparing for graduate training in psychology or allied fields. Many career opportunities exist in mental health,

schools, industry and government service for program graduates.

A core of six courses stressing basic psychological principles of behavior, the history of the development of these principles, current approaches to the study of behavior and research techniques in use in the field of psychology. A number of additional elective courses in psychology are available allowing for the pursuit of special interests in the field or for a broadening of knowledge of the more specialized areas of psychology.

Speech Communication Department

The Speech Communication major has the unique opportunity to select from a variety of career choices in Speech Communication or Speech and Hearing Disorders

The Speech Communication major is concerned with the study of communication; its theory, substance, techniques, problems, and results. It involves the communication, what is communicated, the receiver, and the environment in which the communication takes place. Communication is viewed as a dynamic process to be approached as a social and behavioral science, a human study, and an aesthetic act.

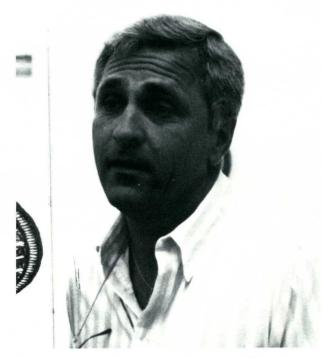

Those pursuing careers in Speech Communication can select from several study options: Public Relations/Advertising, Radio/TV Media, Business Organization Communication, Public/Social Services. Each program of study is tailor-made for the individual student and may include courses in organizational communication, public relations, persuasion, mass media, argumentation, radio, TV, group interaction, or communication theory.

Those pursuing careers in Speech and Hearing Disorders can design a study program that provides the undergraduate academic/clinical experiences that prepares the student to enter graduate study and national certification awarded by the American Speech Language Hearing Association (ASHA). The student majoring in Speech and Hearing Disorders may also select other study options: Speech Hearing Certification/Pennsylvania public schools, Speech Hearing Clinician-/Special Education Teacher, Speech Hearing Disorders/Computers, or Speech Hearing Clinician/Elementary Education Teacher. Each program of study is tailor-made for the individual student and will include specialized courses in normal communication, anatomy and physiology, speech/language disorders, and hearing disorders.

Departmental facilities supplement the academic curricula. Students have many opportunities to prepare for and to gain "experience" in their chosen career. Students are encouraged to become involved in the Department of Speech Communication/University facilities: Radio WFSE, TV Production, Speech/Hearing Clinic, Readers Theatre, Debate Team.

Richard Forcucci - Speech Communications Department Chairman

Back Row (L-R): S. Barnes (soc.), P. Nosel, E. Hyde, K. Stroh, E. Radziszewski, V. Wible, E.
Rohman, J. Newcanp, H. Phillips

Nursing Department

The baccalaureate degree program in nursing is developed within the general framework and policies of Edinboro University. It is a four-year program that combines professional nursing courses and clinical learning experiences with a liberal arts education. Upon successful completion of the program, the student receives a B.S. degree with a major in nursing and is eligible to write the State Board Examination for licensure as a Registered Nurse. Graduates of the program are prepared to function as professional nurses in a variety of health care settings.

Geosciences

Geosciences Department
Included in photo: Front Seated (L-R) F. Stoughton, J. Gryta, M. Schneider, C. Chow, B. Gosheh Back Row (L-R) P. Knuth, A. Wegweiser, M. Girgis, M. Lukert, R. Larson, B. Bullock, W. Bryers

Geosciences Department

The Department of Geosciences offers instruction in geography, geology, meteorology and oceanography and operates the University planetarium as a service to the community and the region.

The department offers six undergraduate degrees. Students interested in a professional career in geology would normally pursue a Bachelor of Science degree in Geology. Those interested in earth science but not considering a professional career in geology may pursue a Bache-

lor of Arts degree in Earth Sciences. Students, who wish to teach earth and space science in a secondary school, can choose a curriculum leading to a Bachelor of Science in Education and certification in Earth Sciences. Those interested in employment in environmentally related fields should select the Bachelor of Science in Environmental Science-Earth Science or the Bachelor of Arts in Environmental Studies/Geography. The department also offers a Bachelor of Arts degree in Geography.

The Supreme Court limited the power of states to outlaw the desecration or destruction of the American flag.

The largest oil spill in U.S. History occurred 25 miles from Valdez, Alaska, killing wildlife and closing pristine Prince William Sound.

More than any time since 1981, 61,000 boat people fled Vietnam in the first eight months of this year.

"There was no hero" in the fiery United DE-10 crash in which 185 survivors walked away in Sioux City, Iowa.

Earthquake!!

A catastrophic earthquake rocked Northern California on October 17, killing at least 62 people and injuring hundreds, caving in bridges and freeways, igniting fires and causing widespread damage to buildings.

The quake which struck during the evening rush hour, just as Game 3 of the World Series was about to begin, registered 6.9 on the Richter scale and was on the notorious San Andreas Fault. It was the second deadliest in the nation's history, exceeded only by the 1906 San Francisco Earthquake.

Protest!

The pro-democracy protests began on April 15 with a call by students for talks on increasing social freedoms and ending official corruption. They peaked during the week of May 15, when Gorbachev visited the country, and nearly one million people poured into the square but were driven back by masses of citizens sympathetic to the protesters.

Hugo!

Hugo's 135-mile-an-hol winds snapped power lines, to pled trees, and flooded the low lying areas of South Carolini causing more than half a million people to flee and leaving the sands homeless.

Remote Control

MTV's Remote Control wrapped up its six-week college tour with a live game show appearance at EUP's McComb Fieldhouse.

The show drew more than 2,000 fans, according to SGA concert committee chairman Mike Wilson, That makes Remote Control one of the best-attended SGA events of the decade.

Four EUP students were chosen to appear on the show following a contest screening. The four were: Chad Brown, Todd Obergfell, Stacie Perko and Gerald Watkins.

The show started with two stand-up comedians and a skit from members of the MTV road crew. Hosts Ken Ober and Colin Quinn introduced the contestants and started the show.

Chad Brown picked the first channel - channels were EUP students dressed in various costumes to represent the themes of their channel.

Though close through the first round, Watkins dominated the second round with a final score of 240 points and left Brown back in the dust with 195 points.

Watkins was then strapped onto the Wheel of Jeopardy and spun around. While spinning, he had to guess 10 of 13 videos that were displayed on screens at the top and bottom of the wheel in order to win a trip.

He failed to get the amount needed, but he won various other prizes.

Logo

A new Edinboro University trademark logo appears on specially printed items. These graphic elements were designed by the Pittsburgh-based advertising and marketing firm of PROKELL DESIGN COMMUNICATION, INC. owned and led by Mr. Jim Prokell. These legally registered graphics show Edinboro's Scottish heritage and institutional image.

EDINBORO UNIVERSITY

Fire!

Early morning fire drills plagued students of Rose, Dearborn and Earp residence halls early in December. Most of the fires were due to ignited trash cans. Though there were no serious injuries or damage, it caused a major annoyance for dormitory residents. Thus, a more strict policy was used in each residence hall lobby after 9:00 P.M. Each student was and still is to show proper ID and sign-in before entering the building.

Betting Scandal

Cincinnati Reds Manager Pete Rose, one of the greatest players in the history of baseball, had been banned for life from the game for betting on his own team.

Rose, who has continued to deny he bet on baseball, can apply for reinstatement after one year. Even if he's turned down, the game's most prolific hitter will still be eligible for election to the hall of fame in 1992.

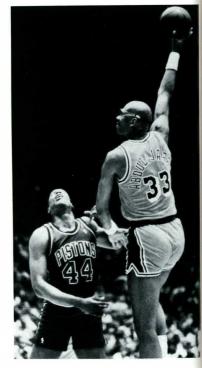

A Sweep

The San Francisco 49'ers ended their season by winning their 4th Super Bowl in the past decade. They defeated the Denver Broncos in the most lop-sided win ever by a 55-10 margin. Jerry Rice, although not voted MVP, caught 3 touchdown passes for over 200 total yards. By the end of the game, quarterback Joe Montana was unanimously voted the most valuable player. He surpassed numerous records, and convincingly set some of his own. This win ties the once unsurpassed record of Super Bowl wins held by the Pittsburgh Steelers.

Kareem Retires

It seemed that the 7-foot-2 center would be on the court forever. But an 42, the oldest player in NBA history retired.

On June 13, 1989, Kareem gave us his last performance. At the end of the night, fans cheered him, his teammates hugged him, and his opponent, Isiah Thomas, shook the hand that launched thousands of skyhooks.

Kids Rule

For a group of young, cute, talented guys New Kids on the Block, have surged onto the top of the recording industry in stunningly strong fashion. Their second album, Hangin' Tough, has sold over 4 million copies in America as well as produced four Top Ten singles: "Please Don't Go Girl", "You've Got It (The Right Stuff)", "I'll Be Loving You (Forever)", and the title track. In addition, two other singles, "Cover Girl" and The Kid's rendition of the 1970 Delfonic's hit "Don't I (Blow Your Mind)", are climbing through the Top Forty. This success more than compensates for their poorly received first album. However, that minor taste of failure is considered to be a valuable learning experience not to be repeated.

The Kids: Donnie Walhberg (20), Danny Wood (19), Knight (19), and Joey McIn-

tyre (16) - have developed a popular street-smart dance pop and soulful crooning that drives squealing gaggles of female teenie-boppers wild with excitement. Much of this is attributed to the experienced Maurice Starr. formerly of the New Edition, who produces, arranges, and writes most of The Kid's material.

Thanks to The Kid's, \$30 million in revenue has been received by CBS Records, who has managed to salvage what appeared to be a dire fiscal year. Funky Enterprises, merchandisers of Tshirts, posters, and other paraphenalia, are also reaping monetary rewards to the tune of a smooth \$100,000 per performance, or about \$15 per audience member.

Looks like The Kids have made an outstanding transition from opening act for Tiffany to being the main at-Jordan Knight (18), Jon traction with Tiffany now as the opener!!

Queen

Here she is, Miss America 1990. Debbye Turner. The 23-year-old veterinary student from Mexico, Missouri, is the third black woman to become Miss America in the pageant's 68-year history. Miss America 1984, Vanessa Williams was dethroned and the first runner-up. Suzette Charles, also black, replaced her.

Batman

The comic book hero Batman came alive in one of the most successful movie blockbusters of the year. Producing over \$200 million in revenue and setting over seven box office records placed Batman within the top 50 grossing movies in history. Michael Keaton starred as multi-millionaire Bruce Wayne, AKA Batman, while Kim Bassinger played Vicky Vale and a very convincing Jack Nicholson starred as the hideous Joker.

The Decade In Review

A Historical Look At World Events Of 1989

end of the 1989 school year also marked the end of a

The 1980's were a time of great historical and political change. Inauguration Day in 1981 marked Day 1 of the Reagan Administration, an era that would last for eight years. The decade also held the 100th Anniversary of the Statue of Liberty and the 200th Anniversary of the U.S. Constitution. The popular T.V. show "The Cosby Show" portrayed what was often described as the typical 80's family. The decade also brought the U.S. the highest grossing film ever. E.T. or extra terrestrial seemed to capture the heart of every American. The 80's was also the decade of technology. Microwave ovens, compact disc players, FAX machines, computers, and VCR's made life much easier for every American.

Freedom was the most remarkable in the 1980's. It was a freedom that was unthinkable as the decade began. The knocking down of the Berlin Wall brought unity to East and West Germany and renewed hope and promise for the future.

The 1980's was said to be a time when America was at it's best, but the decade also brought many conflicts. The 1980's had the highest inflation in over 30 years. The early part of the decade was the time for much hostility in Lebanon where 241 American Marines died in battle.

Televangelism also hit the United States. Many controver sies followed which led to the eventual prison sentence of Jim Bakker, a well-known televangelist. The explosion of the Space Shuttle Challenger was a disaster that Americans will not soon forget. Poverty and homelessness were also large problems in the 1980's. The U.S. responded and offered much support. "We are the World", a group of musical artists, raised millions of dollars to help fight hunger in Ethiopia. The 1980's was also dubbed the AIDS decade. Until screen actor Rock Hudson died in 1985 the world did not pay

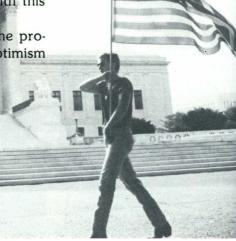

screen actor Rock Hudson died in 1985 the world did not pay much attention to this disease. In 1981, 100 cases were reported. Today, one million Americans are faced with this disease.

The 1980's held many times of tragedy, but it is the progress and advancement that will bring us faith and optimism for the future.

Helping Each Other

Meeting new people and making friends is an important part of the college experience. With more than 70 student organizations, Edinboro University of Pennsylvania students can pursue a wide range of interests. Students can enjoy hobbies and interests as well as display their talents through their involvement with the different groups on and off campus. Participation in campus organizations will not only prove rewarding to the student but also crucial in their job search upon their graduation.

Displaying their charm and whit, the cheerleaders attempt to attain new members during the Organizations fair.

Organized Moments

Proudly displaying their trophies, the sisters of Alpha Sigma Alpha talk to new students at the Organizations Fair.

Marching Musicians

The Edinboro University of Pennsylvania marching band performed for the Buffalo Bills at Rich Stadium in Buffalo when the Bills hosted the Cincinnati Bengals on November 26. More than 80,000 fans - the largest audience ever for the band - were on hand for the game. Band director Tim Cordell said the crowd especially enjoyed the music from the movie Jaws.

As it has done for the past few years, the Edinboro band invited musicians from several area high schools to perform with them. This year students came from Fairview, Ft. LeBoeuf, General McLane, McDowell, Meadville, Seneca, and Union City high schools. The students from Edinboro and the high schools practiced together over the Thanksgiving vacation before traveling to Buffalo for the Sunday game.

This fall the "Spirit of the Scots" Marching Band has performed at five band festivals in Pittsburgh, Erie, and Corry. More than 50 high school bands watched those performances and well over

100,000 people saw the Edinboro University marching band perform this year.

During halftime, the brass section blows the crowd away.

Performing a new dance routine, the majorettes strut to a new beat.

Performing in front of 80,000 Buffalo Bills fans, the Spirit of the Scots band shows their halftime spectacular.

Student Government Association

The Student Government Association (SGA) is the representative organization of Edinboro University students. To be a voting member of the SGA Congress, one must be a full-time student and unless one is a first semester freshman, one must maintain a 2.00 Grade Point Average.

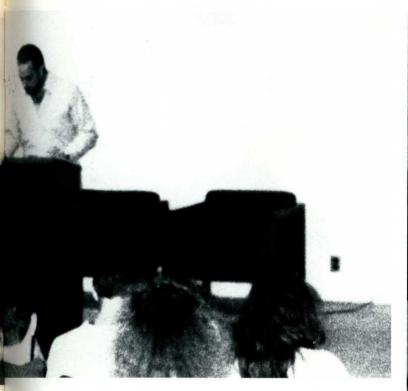

SGA is concerned with students' interests both on and off campus, locally and statewide. The President of SGA holds a seat on the statewide Board of Student Government Presidents (BSGP). This enables the fourteen Universities of the State System of Higher Education to discuss projects and mutual concerns. Topics discussed at BSGP meetings range from student union expansions to Legislation affecting University students.

Locally, SGA provides budget allocations for approximately fifty-five student organizations and activities. The SGA budget which exceeds 800 thousand dollars, is based on the collection of a Student Activity Fee, which is paid by all Edinboro University students. Two examples of the types of funding provided by SGA are the Travel Fund and the Speaker Fund. Travel Funds provide for student groups to attend conferences, and other educational meetings. Speaker Funding brings experts in various fields of learning to speak in classes on the campus.

SGA also funds concerts, activities in the University Center, and the Cultural Series. In the past year, SGA has sponsored MTV Remote Control, Caribbean Cruise, Fashion Shows, the Friday Night Film Series, and lectures on many topics of interest to students.

The "Spectator"

A #1 Paper

Edinboro University's weekly newspaper, the Spectator, received an All-American rating with four marks of distinction from the Associated College Press for the second semester of the 1988-89 school year.

Publications sent to the ACP for judging are classified by enrollment, frequency of publication, and type of college. Each newspaper is thoroughly evaluated for quality and excellence compared to other publications that fall into the same catego-

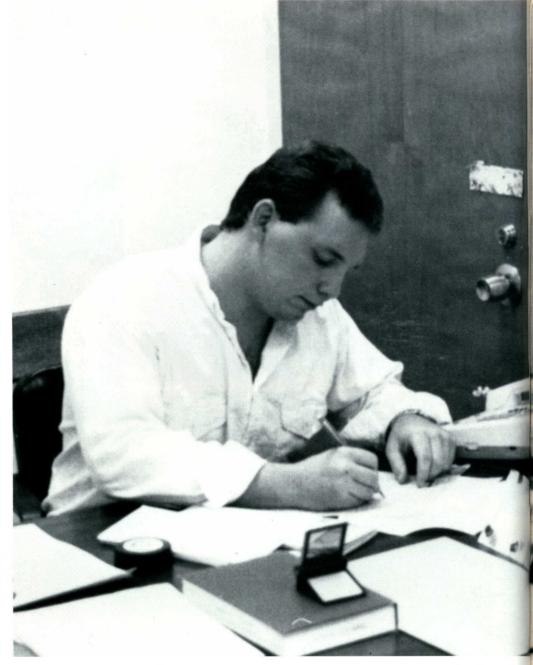

The ACP uses the point system for judging. Each newspaper is divided into five sections - coverage and content; writing and editing; opinion content; design; photography, art, and graphics. These sections allow more extensive critiquing.

Each subdivision receives a score. These scores are added to find the total score for each section. Points for each section are then added to make up the total overall score. A total of 3,800 points (without bonus points) is possible. Bonus points are awarded for excellent advertising and student work.

The Spectator received a score of 3,585 for the five categories. Bonus points awarded were 25 for advertising and 240 for student work, making a grand total of 3,850 points.

Also, the Spectator received four marks of distinction in the categories of coverage and content, writing and editing, opinion content and design. These four marks of distinction enabled the Spectator to receive the rating of All American. The All American honor rating, given since 1921, is the highest rating awarded. Recipients of the All American honor ratings are publicized in ACP's newsmagazine.

Professor Thomas Stanko, faculty advisor for the Spectator, is, indeed, pleased with the award.

Keeping track of the publishing demands, Editor John Dudley checks everything carefully

Typing in all the articles, the copywriters use the latest technology in publishing a newspaper.

Creating new ideas, features editor, Carylann Minor adds a personal touch to the paper.

Working on new layout techniques, the layout Editor must be precise and accurate.

Making final corrections advisor, Thomas Stanko finalizes the layouts.

Turning The Tunes

88.9 FM WFSE Radio

One of Edinboro University's most active organizations is the campus radio station, 88.9 WFSE-FM.

The radio station began operation on April 16, 1979. Since that day, WFSE has continued to provide the area with a 24 hour radio service.

In addition, WFSE has maintained an active profile in the community. Each year, the station raises money for such charitable organizations as UNICEF and the Make-a-Wish Foundation, . . . "and as always these messages were brought to you by your friends here at WFSE-FM."

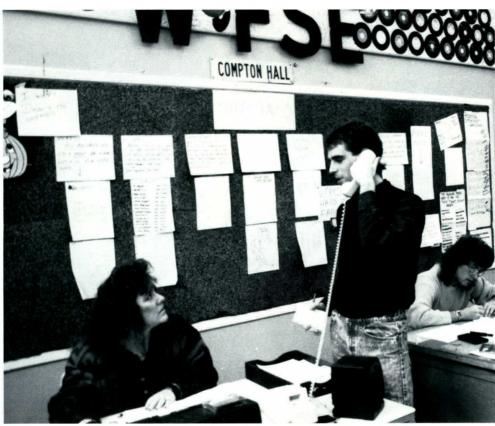

Fitting empty time slots, this WFSE announcer looks for late breaking news events.

Searching for new albums, Mr. Discjockey tends to WFSE's library of hits.

Taking phone-in requests, WFSE attempts to fill everyone's request.

Checking up on the latest events, the manager and PR director repeatedly make phone calls.

Covering Golden Moments

The 1990 Tartan

The Edinboro University Yearbook, or otherwise known as the "Tartan", each year publishes a composed review of the events and activities that have occured in a particular year at Edinboro University. The Tartan office is located in the basement of Scranton Hall. The Editor-in-chief is sophomore Greg Heckler. The Advisor is Mr. Ron Sturga.

Colophon

Volume 25 of the Tartan of Edinboro University of Pennsylvania was printed by Jostens Printing and Publishing Division in State College, PA, using offset lithography Out of pages, 16 were printed in the four color process. Paper stock for all contents pages, is 80 # Degloss paper synthe.

Cover & Undersheet

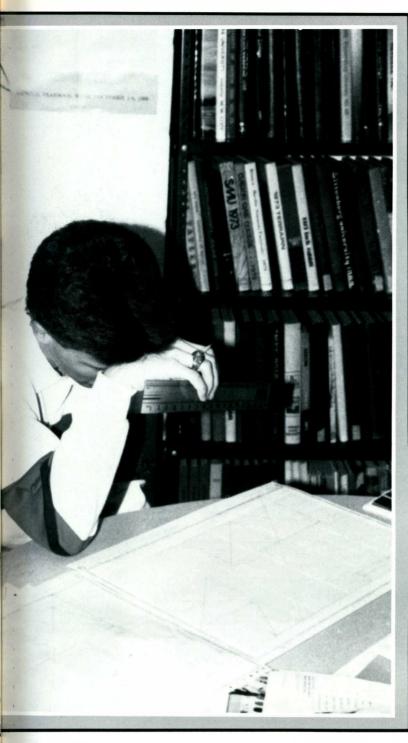

The Custom Craftline Embosed Cover, produced in Jostens Topeka plant, was mounted on 150 point Daly Binder board. The Maroon Fabrikoid Material used for the cover was enhanced with 1/2 bound spanish.

grain. Both the lid and the spine were blind embossed and colored with a Rich gold and Nitro mix applied silk screen. The cover also was blind embossed with a custom die of the Edinboro University seal.

Working on the Tartan is not just placing pictures, and writing, it involves more than that. In order to get the finished product produced, the staff must be able to do several jobs. The duties include: photography, film developing, layout design, and writing and cropping pictures. This does not complete the list of tasks, but it show the variety of talents one must possess. All these talents must be incorporated to publish a successful yearbook.

Stressing over the layout design of the Sports pages, Wayne Gizzi attempts to put everything into place.

Stuffing envelopes, the Tartan "belt crew" prepares flyers to all seniors for the order of the 1990 Tartan yearbook.

Type: All body copy is 10/12 point souvenir. Cutlines and page numbers are 8 point Souvenir, Headlines size ranges from 14 to 42 point.

Photography: Portraits, organizations fraternities and sororities were photographed by Lorei Studios of Erie, PA, all other photos were taken by student photographers.

Editor: Greg Heckler

Photography Editor: Larry Gourley

Sports Editor: Wayne Gizzi

Greek Editor: Jill Gaffney

Organizations Editor: Tacie Tonks

Special thanks to: Patti Loomis, Edinboro University Director of Public Relations, Todd Jay, Edinboro University Sports Information Director, and Bob Wheeler, Photographer.

Taking a break from the publishing circus the 1990 Tartan staff poses for a photograph in early fall.

Theater Presents . .

Each semester, the Theatre for Young Audiences, under the direction of Ro Willenbrink Blair presents four on-campus performances followed by a two-week tour of area elementary and middle schools, reaching over 6000 children and adults annually. Students are involved in all aspects of the production: actors, designers, set construction and running crews. Double casting allows more students to participate and reduce the amount of class time lost when the theatre goes "on the road." Two actors are assigned for each part and two technicians are assigned to each job responsibility. As a result, any performance could be any combination of actors and technicians so rehearsals are a challenge for the actors. They must be flexible, learning to work with any and all of the different members.

The Near-Sighted Knight and the Far-Sighted Dragon, by Eleanor and Ray Harder, was the Fall touring production. Members of the cast were David T. Cammarata and Barry T. Dequenne as the Knight; Kristi S. Wise and Amy Cannon as the Princess; Jonathan Weaver and Jason D. Varner as the Dragon; Margo Wolfe and Glynis Claffey as the Duchess; Vince Smith and David T. Cammarata as Wilfred; Colleen Schultz and Andrea Blaszak as the Captain; and Sylveda Lane and Gretchen Luce as the Queen.

During Step on a Crack, a mother talks to her daughter about her imaginary friends.

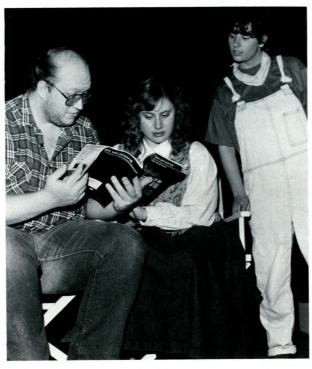

Crack was produced in the

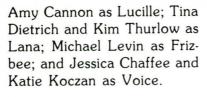

Spring. The cast included Ju-

lie Lichtinger and Marianne Tomasic as Ellie; Don Lilley

as Max; Lori M. Bossert and

After Near-Sighted Knights and the Far-Sighted Dragon, the cast poses for a photo.

During Step on a Crack, the mother and father discuss plans for a honeymoon to Hawaii.

After Near-Sighted Knight and the Far-Sighted Dragon; the Knight and Queen pause for a brief rest.

Helping Dreams Come True

Office Of Disabled Student Services

"... a disabled person is a whole person with a particular disability. Handicaps are created by society and not the particular individual." This statement is part of the philosophy of the Office of Disabled Student Services, otherwise known as ODSS. This program for disabled students of Edinboro University is headed by James Foulk. ODSS is located in the basement of Shafer Hall and assists over 280 students. The two major objectives of ODSS are; to provide those services which enable the disabled student to perform to the maximum of his or her ability at the University level, and to provide the services necessary for the student to develop life skills so that he or she may live more independently after graduation. ODSS provides several services and programs for those who are disabled. These services have been available for about 15 years. Personal care service provides students with day to day living skills. This helps the disabled students get the necessary books for classes, organize their room, do laundry and other tasks.

A van transportation system helps the students get to classes, medical appointments and other necessary places. A nursing station provides a constant program of health care to the disabled students. The nursing station helps to determine personal needs of each prospective student. A rehabilitation nurse is also available, who takes care of medical concerns related to the disability of the student. The occupational therapist in the life skills center helps students make the transition from dependent living in residence halls to independent living off campus. Life skills include all aspects of daily living and each student is evaluated according to individual needs.

The learning disabilities program first helps students devel op compensatory skills which students need to survive after graduation. This program also helps the student to strengther his or her self-concept and attitude.

The ODSS computer laboratory uses electronic assistive devices to help the student make use of computers. These computers help those who are physically disabled, learning disabled, and visually impaired. These computers promote an effective means to study, and promote confidence through enhanced feelings of self-sufficiency.

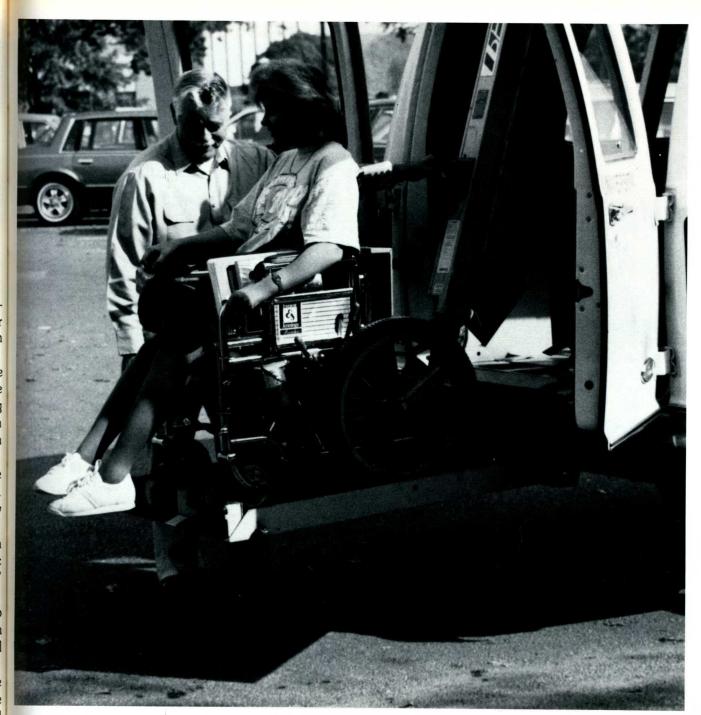

A wheelchair service is available to diagnose and service any problem a student may have with his or her wheelchair. These repairs include service to all electronic and manually operated wheelchairs.

There are academic aides available to assist students with the mechanics involved with academic work. The academic aides do not do the assignments but only provide the "hands' for the assignments.

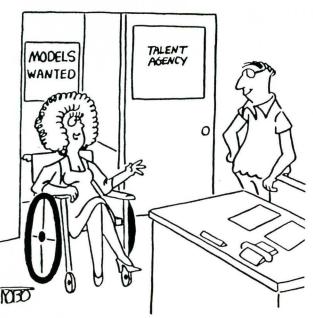

Meal aides are available to assist the disabled students to and from the cafeteria. They also provide assistance with getting food through the cafeteria line, during regular mea hours.

In 1980, the "Rolling Scots" came into existence. The Rolling Scots are the University's wheelchair athletes. Since they began the Rolling Scots have grown in popularity and have participated in basketball, football, bowling, swimming and table tennis.

ODSS does a great job helping the students with a disability on the Edinboro campus.

"Who's out here complaining about tire marks on their food"?

Roughing It

With The Outdoor Rec Center

Skiing, camping, ice skating, kayaking. If this sounds interesting, then the Outdoor Recreation Center is the place to go. Under the direction of Steve Hazlewood, assisted by Shawn Reagan, the Outdoor Recreation Center rents out various outdoor recreation equipment. This equipment includes: skis, both downhill and cross country; camping equipment such as tents; sleeping bags and lanterns; ice skates; and climbing and scuba gear, which is only available to those who have experience.

The Outdoor Recreation Center is located on the bottom floor of the University Center. Equipment may be rented on the weekdays between twelve and four P.M. For a low cost the equipment can be rented by the day or for a weekend.

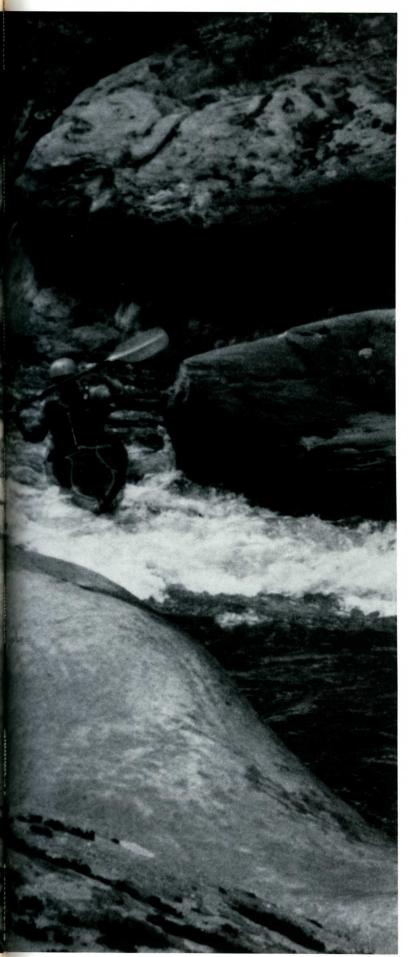

Trips such as All University Ski Nights, Winter Camping, White Water Canoeing, Kayaking, and Cross Country Skiing - if there is snow on the ground, are offered throughout the semester. Lessons for these activities are usually given on the trip, except for kayaking lessons which are given in the pool located in McComb Fieldhouse.

Take a free day and spend it out-of-doors with the help of the Outdoor Recreation Center!

Edinboro students versus the river.

Students enjoy a Saturday white water raft-

Agility is required to maneuver around this large obstacle.

Athletes Recognized

The Meadville Sports Banquet

Thursday evening, Feb. 8, 1990 found a large enthusiastic crowd in attendance at the annual Meadville Area Sports Banquet held at the Meadville Elks Club.

Lanny Frattare, voice of the Pittsburgh Pirates for over 2000 games, served as Toastmaster. Edinboro University's Olympic gold and silver medalist and assistant wrestling coach, Bruce Baumgartner, presented the "Sportsman of the year" award to Edinboro University's Sean O'Day (NCAA D-1 Champ). Sean's sights are set on the 1992 Olympics in Spain. Elbert Cole, Fighting Scot All-American running back and PSAC West "Player of the year", was introduced.

Verda Stephens was awarded the "Old Timers' Hall of Fame" award. He was recognized as one of the six best fast pitch softball pitchers in the United States. He attributed his ability to the fact that he "just practiced and practiced and then practiced some more.

Jos Fusco, head football coach of Westminster College, who directed the Titans to four NAIA Div. II titles, told the crowd that it was important to him what his players did after graduation as well as what they did on the field while at Westminster. He proudly introduced his All-American Quarterback, Joe Micchia, who led Westminster to a 27game winning streak, longest of any college in the nation. Micchaia completed his career never having lost in 30 games.

Alex VanPelt, Pitt Panther quarterback spoke to conclude those from the college

Bill Russell, Los Angeles Dodgers Coach. and Scott Garretts, San Francisco Giants pitcher both spoke of the importance of hard work and determination to succeed in the professional ranks. Garretts (14-5) led the National League in ERA in 1989.

Gerald (Ice Cube) McNeil, Cleveland Browns returner/receiver referred to the AFC Championship loss to the Denver Broncos and pointed out that all four AFC Central teams had winning records in 1989.

Merril Hoge, Pittsburgh Steelers fullback, discussed the 1990 football schedule. He was surely an example of "going for the extra yards" during the 1989 season.

Bubby Brister, quarterback of the Pittsburgh Steelers, was very popular with those in attendance, and appeared to be the primary objective of autograph seekers during the evening. Bubby's enthusiasm is contagious on and off the field. He spoke of the importance of team play and faith in one another. He leads by example and is known for his quote - "Whatever it takes!"

Atlee Hammaker, San Francisco Giants pitcher, then introduced the 1989 "Man of the year," Dave Dravecky. Dravecky toiled on the mound from 1978 to 1989 for the Pittsburgh Pirates, San Diego Padres, and San Francisco Giants, and was a National League All-Star in 1983. A man of great courage and strong faith, he is an excellent role model. His baseball pitching achievements were many, but his greatest accomplishment was his courageous "come back." In October, 1988 Dave had a cancerous tumor removed from the deltoid muscle in his upper left arm - his pitching arm. It was thought his career was over and that he would never pitch again. He worked his way back into the Giant's starting rotation and in August, 1989 pitched the Giants to two victories before tragedy again struck. His comeback was halted when Dave fractured his left arm throwing a pitch.

Dave Dravecky is an example for all, having not given up. He spoke of his 'heart pounding big time' as he'd make the long walk to the bullpen. He enjoyed "going between the lines" (on the field) with the game on the line. He said there are often roadblocks and walls to get over while going forward, but that it is worth the effort.

Dave spoke of the importance for parents to make an "investment of time and love" in their children and that "parenting isn't for cowards." Dave thanked God for his comeback and the chance to pitch again. He now looks forward to his future off the field.

Those in attendance were treated to some top name performers in the college and professional ranks and came away from the banquet all the better for it!

By Todd Sturga

Standing at the podium, Merril Hoge -Pittsburgh Steelers fullback- Reflects upon the 1989 season

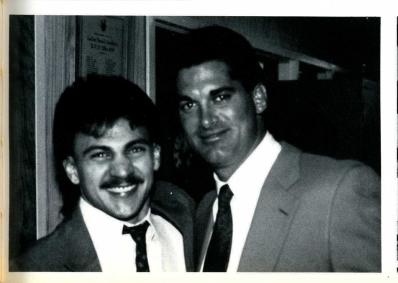

Proudly accepting the "Sportsman of the Year Award," Sean O'Day is congrat-ulated by Assistant Wrestling Coach, Bruce Baumgartner.

Admiring fans of Dave Dravecky -Man of the Year, - anxiously await his autograph.

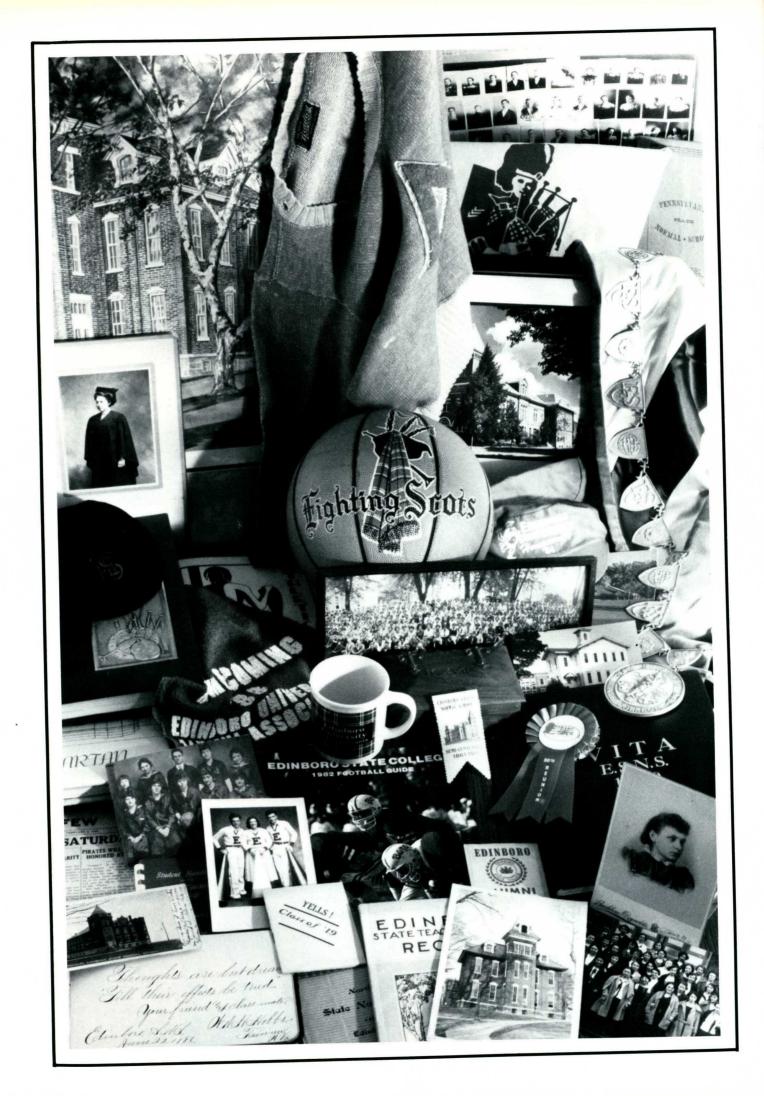

Assistant Football Coach Scott Browning, Assoc. Vice President Bill
Reed, Jim Ross, and Elbert Cole smile proudly during the sports banquet.

Todd Sturga with Pittsburgh Steelers quarterback Bubby Brister.

Professor James Flynn, Vice President Dave O'Dessa, and Athletic Director Jim McDonald represent Edinboro University at sports banquet.

Reuniting The Graduates

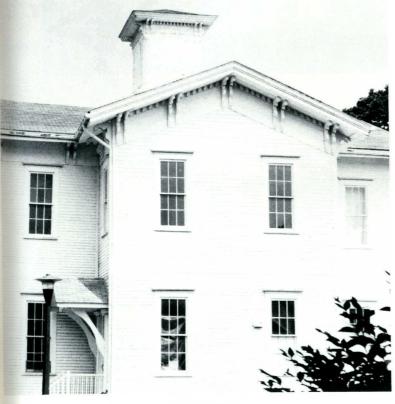

The Alumni Association Of Edinboro University

Since the Alumni Association was formed, its main purpose has been to inform Edinboro graduates of developments at the University and of the achievements of its graduates. This purpose remains a prime objective of the Alumni Association today, along with its goal to support the University in a number of ways to help Edinboro continue offering the best education possible to its students.

Today, our mission is three-fold. First, we work to communicate information to all alumni about other graduates, about significant developments and achievements accomplished by the University, and about programs and events. Second, the Association promotes continued alumni participation with the University through events, seminars, and reunions. Last, we strive to contribute to the ongoing quality of education and life at Edinboro University.

The Alumni Association is beginning to expand the programs it offers to Edinboro alumni. Two notable changes will be the establishment of a regular schedule of alumni reunions, and the organization of regional alumni chapters. By expanding the programs, the goal of the Alumni Association is to offer a balance of cultural, athletic, social and educational events. This range of programming will most adequately meet the diverse needs of our alumni, while closely reflecting the current University community.

The Alumni Association's primary responsibility is one of "friendraising", maintaining the friendship and loyalty of its graduates through its programs, publications and events, and fostering continued pride in their alma mater.

Located in Academy Hall, the Alumni Office is on the first floor.

Colleen Holmes, Director of Alumni Affairs

Golden Moments

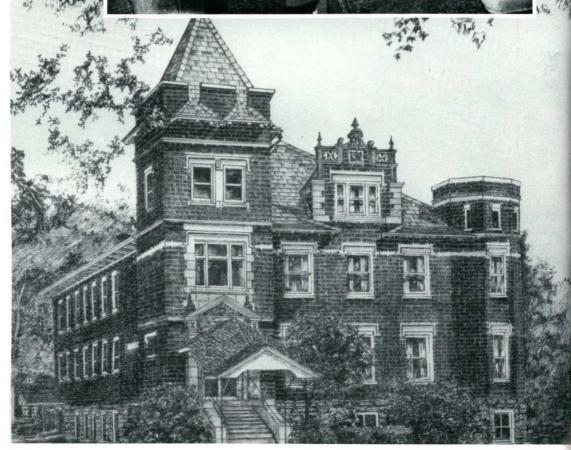

During

Golden Years.

Edinboro University students and Edinboro Area Senior Citizens in the R.S.V.P. (Retired Senior Volunteer Program) group, were making toys and cloth dolls and animals in December, 1989 as part of the "Toys for Tots" Christmas program.

Constructing toys which would soon delight youngsters were (I-R) Alice Huff, Lucy Goodban, Hazel Peterson, Dr. Al Stone (Psychology Dept.), Angie Talmo, and Melanie Bael (Gamma Sigma Sigma), in the basement of the Center for Performing Arts.

Van Houten Dining Hall

The Van Houten Dining Hall is an elaborate operation at accomodates the students of Edinboro University and her areas of food service outside of the University. For niversity students the Dining Hall serves three meals daily weekdays, and two meals on weekends.

The director of food service, Mr. Tom Burkett, is in large of many people and the actions in which they parke. There are also employed, at the dining hall, a full time anager, a food service manager, a service manager for itering, student managers, and student workers.

The Van Houten Dining Hall provides a catering service both the dining hall and at the Porreco center in Erie. The stering service can accommodate two to 700 people. This ervice provides waiter/waitress service, buffet dinners, ong with regular dinners, breakfast, brunch, and lunch. hey cater to weddings, Christmas parties, and for any her special occasions. The Van Houten catering service is nown throughout the Erie area, and will provide anything eeded for a complete, elegant service.

Within the dining hall, there are different sections of food reparation and storage, and cleanup areas. There is a kery where all the baked goods, except sandwich bread nd buns are made. The bakers make Italian bread, donuts, es, cakes, and muffins. They also make "colored bread" reen, pink, and blue, for example - for tea sandwiches for tering.

There are several coolers and freezers for various reaons. The produce cooler keeps all the vegetables and fresh od products. A main freezer keeps all frozen products ntil they are moved to a cool - down cooler where the roducts are thawed out. There are also special areas for essert preparations, making soups, sauces, and gravy, grill rea, computerized fryers, an area for steam-cooking cerin foods, salad bar preparations, and finally a cleaning

Beginning in the Fall of 1990 there will be a new compay and contract affiliated with the food service. This new ervice will provide a wing in the dining hall for traditional ods: and different areas of the main dining room for deli, alian, grilled, and international foods. In addition, there ill be a "mall-type" food court in Rose Hall, a pizza Klosk", in the University Center, and a convenience store the lobby of the Van Houten.

Preparing the day's meals, many of the cooks freshly bake the day's pasteries.

Catering many banquets, the dining hall is a busy place.

Located in the Union, the Bog is a small dining hall for those who want a different style

Greeks

Togetherness

There is certainly something special among the Greek community, within each one, and between each fraternity and sorority as well. That something grows from themes of friendship and unity. Each sorority and fraternity stress sister and brotherhood gathering students together for a common cause. There are many students who have the times of their lives as members of such an organization.

Posing during Homecoming, Sigma Tau Gamma enjoys the parade.

Greek Moments

After enjoying the bonfire, these Theta Chi brothers to smile for the camera.

Fraternal Fun!

Welcome To Greek Week 1990!

Greek Week '90 was full of surprises. Under the supervision of Dan Chuiffi and Sheila Lackey the previous point system was eliminated this year, yet there were plenty of winners. Trophies and plaques were given individually to each fraternity and sorority.

In the field events, Sigma Tau Gamma and Alpha Sigma Alpha dominated by winning five out of eight events. Theta Chi and Alpha Sigma Alpha showed their strength by taking first place in the tug-of-war and the chariot race.

Alpha Sigma Tau spiked their way over the rest to capture the women's volleyball title. Sigma Tau Gamma sweat blood and tears to capture the men's basketball title after a drawn-out tourneyment.

Alpha Gamma Delta and running mate, Theta Chi, danced their way to the top in their rendition of "Opposites Attract" to snag the first place in the couples dance. Sigma Tau Gamma's Bret Hughes got a standing ovation after he captured first place in the men's go-go's competition. Alpha Sigma Alpha's Kathy Begg received first place in the women's go-go's competition for her variety of dance and costume.

Greek Sing was the highlight of Greek Week once again. Capturing first place, Pi Lambda Phi performed their tribute to the Beatles, while Alpha Gamma Delta combined dance, voice and costume in their tribute to Broadway. Sigma Tau Gamma saluted Top Gun and Alpha Sigma Alpha sported bikinis for their tribute to the Beach Boys to secure second place. In third place, Alpha Sigma Tau performed their tribute to Annie and Sigma Pi dressed in shirt and tie for their tribute to Lawrence Welk.

Greek Week '90 proved to be very successful as fraternities and sororities got together for friendly competition and fun.

Greek Sing once again draws a large crowd.

Greek games can be tiring.

During their version of Top Gun, the Sig Tau's show a little finesse.

riving towards his goal, this competistumbles during the field events.

Showing sheer determination, these competitors hurry along.

The 1990 Greek God And Goddess Has Been Announced

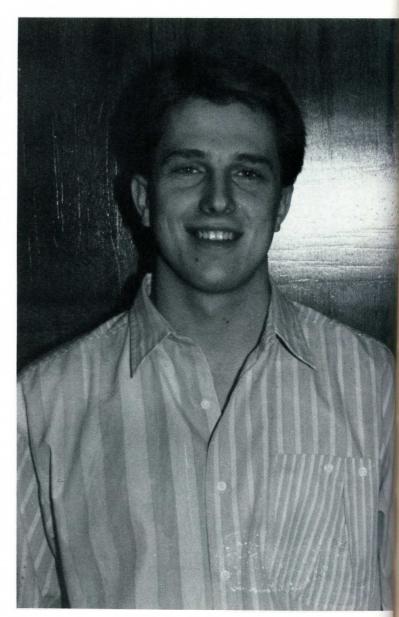

And Miss EUP Was Crowned

Mitch Kallay

Mitch Kallay is a Senior Business Administration Major from Painesville, Ohio. He is a brother of and Past President of Sigma Tau Gamma Fraternity. He was Vice-President and Special Programming Director of the Student Government Association. Mitch also served as a student senator for the Faculty Senate and as a board member of University Services, INC.

He is also a member of "Who's Who Among Students in American Universities and Colleges."

"My college experience at Edinboro will be unforgettable, thanks to my involvement in Greek life. My Greek experience gave me the opportunity to mature, grow, and meet people who will be my friends forever."

Greek Goddess

Kathy Begg is a senior with a major in Communications and a concentration in Business. She became involved with the SGA in her sophomore year, then held the offices of Secretary, Public Relations Chair, and Concert Hospitality Chair. She sat on the board for University Services, Inc., and was a student Senator on the University Senate. Ms. Begg was elected President of the Student Government Association her senior year.

She is a sister of Alpha Sigma Alpha and held the offices of Assistant Membership Director, Secretary, and Co-Rush Chair.

"Through my sorority's philanthropic events, I have had the chance to participate in many community activities, such as the Erie walk-a-thon. We also visited the Sara Reed Home and Edinboro Manor.

My college career proved to be very rewarding, and I have met people who have made a great impact on my life. Being named Greek Goddess is an honor to myself and my sorority and I am extremely thankful that I was able to participate in Edinboro's Greek Life. My four years at Edinboro have given me opportunities and experiences I may not have received elsewhere."

Kathy Begg

Miss E.U.P.

Miss E.U.P. was selected from an outstanding group of 10 contestants April 18 in Memorial Auditorium before an enthusiastic and appreciative audience.

The brothers of Pi Lambda Phi sponsored the event. Rick Heasley served as Master of Ceremonies.

Shown clutching her roses after having just been crowned is "Miss E.U.P." *Jonie Wiegel* along with runners-up *Susan Kast* and *Dodi Pfiel*. First runner-up was *Janine Newhouse*.

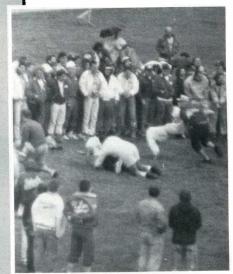

The phases of competition for judging included: talent; swim suit; evening gown; and, poise while responding to questions.

Athletics

Competitiveness

Athletics have a long and proud tradition at Edinboro University, and intercollegiate and intramural sports remain a strong component of the Edinboro experience. The pure joy of sports and athletic competition at any level, besides the obvious health and recreational value, offers a release from the academic pressures of the classroom. By the attendance we note at our various athletic events, Edinboro sports also seem to be a catalyst for community involvement with our campus.

While getting tremendous blocking, Steve Clare bursts up the middle against Kutztown.

Athletic

Come on every-body, cheer for the home team!

Scots Best Season Ever

Enter Division II Top 10

Football Team Enjoys Best Season in Years

Edinboro University's Fighting Scot football team recently completed its most successful season in years by making its first ever appearance in the NCAA Division II national playoffs.

The Scots traveled to Fargo, North Dakota on November 18 where they squared off against host North Dakota State Bison. The "Bison", the defending Division II Champion, pulled out a hard fought victory by downing the Scots 45-32 in an arctic deepfreeze.

The National playoff game capped off a season that had many highlights and individual accomplishments. As a team, the Scots made their presents felt early by clinching the PSAC Western Championship before the conference schedule was over. Included in their perfect 6-0

PC West slate was a stunning 37-0 thrashing of rival Indiana, and a 60-6 victory at defending West champ Shippensburg.

The Scots finished 6-0 in the West, and 8-3 overall. As a team, the Scots placed high in many national statistical categories, including a final rank of 7th in the coaches poll. The Scot offense ranked fourth in the nation in overall offense finishing 10th in rushing and 29th in passing. Edinboro finished as the second highest scoring team in Division II. The 'Boro defense finished as the 15th best in the country, placing 15th in rushing defense, while finishing 19th in scoring defense.

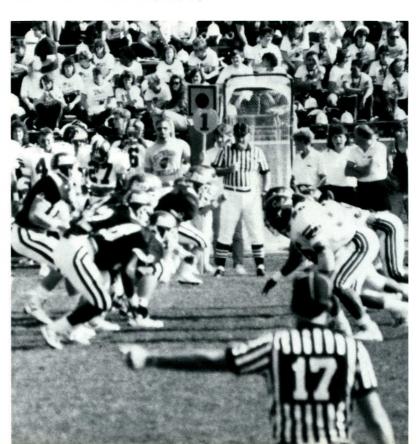

Led by the outstanding performance of senior tail-back Elbert Cole, Edinboro had many of the nation's outstanding individual performers in 1989. Cole finished as

the nation's fifth leading rusher and the fourth individual scorer. The walk-on from Rochester, NY capped off an outstanding career by being named a finalist for the Harlon Hill Award, the Division II equivalent to the Heisman Trophy. Cole attended the Harlon Hill Ceremony in Florence, Alabama. He was also recently named to the Kodak College Division All-American First Team.

Joining Elbert Cole among the national leaders was junior quarterback Hal Galupi. Galupi finished as the second ranked quarterback in the country in passing efficiency

Exchanging high-fives, the team gathers before kick-off to get psyched.

Pressured to throw, Galupi passes to a sure-handed receiver

Overpowering a last second attempte tackle, Cole scores another touchdown.

Firing powerfully in unison, the offensive line opened holes for elusive running backs.

Wreaking havock the defensive line controls the opposing offensives.

behind Savannah State's Richard Basil. The Scot signal caller also placed 29th in total offense. Junior wide receiver Ernest Priester finished fifth in receiving yards and tied for 28th in catches per game. Priester also finished as the 15th leading scorer in the country. Rounding out statistical leaders is junior, Chris Conway, Cole's back-up at the tailback spot. Conway finished ranking 13th in kickoff returns.

Edinboro's season was brought to a close with the release of the PSAC All-Conference team. Elbert Cole was named the West's Most Valuable Player, while head coach, Tom Hollman, earned Coach of the Year honors. Coach Hollman was also named Kodak Region I Coach of the Year for the AFCA College Division I. Garnering PC-West first team laurels were Elbert Cole at running back, senior Joe Brooks at guard, senior Dave Pinkerton at center, and junior Ernest Priester at wide receiver. On defense, senior Michael Willis was again named at safety while senior Michael Wayne gained the honors at linebacker. Elbert Cole was a unanimous selection as both Player of the Year and for the first team.

Second team honors went to Hal Galupi at quarterback, senior Randy McIlwain at tight end, senior Ron Hainsey at tackle, seniors Chip Conrad at nose guard and John Williams at linebacker, and sophomore Wade Smith at defensive back.

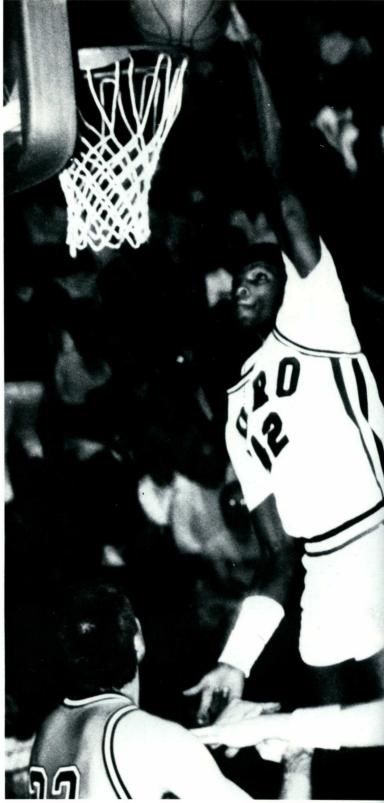

Celebrating another victory, the team gathers after claiming the Allegheny Christmas Tournament Championship.

Slamming home two more points, Billy Wade #42 leads the team towards another win.

Fighting Scots Finish 22-5

Best Final Record In 15 Years.

On three occasions the Scots were ranked in the nation's top 20, posting an impressive 22-5 slate to match the best record since the 1974-75 squad posted the same numbers. Edinboro was one of the best teams in the Eastern United States, spending much of the year just one spot behind Slippery Rock.

Their 14-0 record outside the rugged Pennsylvania State Athletic Conference Western Division marked the first time ever the Scots posted an unbeaten independent slate. Edinboro was tough in McComb, winning 14 of 15 home games while going 8-4 on the road. A thorn to the Scots in the past was their inability to win on the road but decisions at Gannon, Allegheny, IUP, and Clarion have eased that pain for the Scots.

Unfortunately for the Plaid, their season ended a bit premature with a loss at Lock Haven in the first round of the PSAC playoffs. Despite their overall slate, Edinboro became the victim of an extremely strong East Region and was not picked for the NCAA II tourney. A tough way to end one of the most successful seasons in the school's history.

Walcavich, who came to the 'Boro from West Virginia Wesleyan, felt the Scots accomplished just about all of their goals this seaon.

"As far as expectations were concerned, I felt we came awful close. Losing to

the Rock on your home court is nothing to be ashamed of and we were 3-3 on the road during the regular season in the west." Walcavich continued. "We faced a tough task having to win at Lock Haven in the initial round of the playoffs."

Despite the season's outcome, the first-year coach continues to praise the effort of his "terrific 10".

"I mentioned after the first month of the season that the effort of this club was outstanding. This is not always the case when you take a new position as head coach. The players continued their pace throughout the entire year. With ten players, a coach must get quality minutes out of all ten and I feel that was the case through the final game of the season."

Pacing the Scots to their 22-5 mark was the play of All-American candidate Billy Wade (South Bay, FL). The 6-foot-7 inch senior forward received national attention for his efforts by being named 1st team All-East Region by the American Basketball Coaches Association as well as an unanimous selection to the PSAC West all-star squad. It marks the second consecutive year Wade was tabbed on every ballot by the western division coaches.

Wade led the Scots in scoring (20.6ppg), rebounding (9.0rpg), field goal percentage (57%), free throw mark (78%), blocked shots (56) and minutes played (32.5 per game). His 557 points in 89-90 was the second highest ever in Edinboro history. He finished fourth all-time at the 'Boro in both scoring (1,446) and rebounding (792).

The country has not heard

the last of Wade as he now turns his attention toward the track team where has been a 3-time All American high jumper for veteran coach Doug Watts.

Other seniors contributing heavily this season were guards Adrian Batts (Pittsburgh, PA) and Jimmy Johnson (Belle Glade, FL). The two made up the starting backcourt for Walcavich, playing out their expected roles excellently.

Batts, at 5'6', turned in a quality season, leading the team in assists (146) and three-point goals (32-72,44%) while scoring 12.2ppg. He averaged over 15ppg in western division play and truly was the team leader. Over his two-year stint, Batts totalled 526 points (9.9ppg) and 264 assists (5.0apg) for the Scots.

Johnson, at shooting guard, saved his best season for last. Scoring a total of just. 114 points (2.3ppg) the past three years combined, Johnson netted 291 this season to finish fourth on the squad in scoring (10.8ppg). A great athlete like Wade, he will now seek his fortunes in the long jump pit for the Scot track program.

A bright spot for the Plaid backcourt next season will be the return of guard Sterling Washington (Gibson, LA). The 6'4' sophomore may have been the team's most spectacular performer this season. He was second to Wade in scoring (12.9ppg), rebounding (7.5rpg), and blocked shots (38) and led the Plaid in steals with 69. His assist total of 82 was second only to Batts. He netted over 50% of his field goal tries and 66% from the foul line.

Lady Scots Outpace Opponents

Finish 27-3 And 11th In Nation

Expectations. Every team starts the year with goals in mind. Not every team can accomplish them. That was not the case for the Edinboro University women's basketball team and their third-year head coach Stan Swank in '89-90.

After concluding their season 27-3 on the short end of the NCAA Division II East Regional championship game. Edinboro was obviously disappointed. But at a glance, the 1989-90 season may be viewed as the finest ever in the history of Edinboro Lady Scot basketball.

A number 11 ranking in the final NCAA II poll, a Pennsylvania State Athletic Conference & Western Division Championship, Coach and Player of the Year honors and the most wins in school history on the Division II level top the accolade list.

"Overall, it was just a tremendous season," Swank said, "The girls may have gone beyond their own expectations. We set goals to win the PSAC and get into the national playoffs and those are two rather big accomplishments. The effort of this team was there all season. With the amount of individual talent, it was of utmost importance to be unselfish. They shared the limelight and their accomplishments were the result of team play," Swank continued.

Right or not, when a team has this type of success the credit has to start with the coaching staff.

When Edinboro hired Stan Swank three years ago, the women's basketball team had not posted a winning season since 1983-84. After earning a 14-12 slate in '87-88, Swank led the Lady Scots to a 21-6 mark last year and a PSAC western crown. This season, he earned PSAC Western Division "Coach of the Year" honors for the second straight year and also copped the PSAC coaching honor for the entire conference

The task at hand for Swank will be trying to replace seniors Montique Wade (Pittsburgh, PA) Sarah Bishop (Munroe Falls, OH) and Andrea Martre (Memphis, TN). The trio combined for 4,287 points with Wade the all-time leading scorer in 'Boro history with 1,775. Bishop follows in second with 1,673 tallies while Martre netted 839, to rank 11th, in just two seasons.

Wade, a forward from North Catholic High School, has left a huge mark on the Edinboro and PSAC record books. She is not only the school's top scorer but also its most prolific rebounder. At just 5-foot-9 inches Wade snared 1.113 rebounds to stand at the top of the Edinboro & PSAC record books. She finished her stellar career earning PSAC West "Player of the Year" honors in 89-90 for her 18.2 points per game marks. Wade was tabbed 1st team PSAC West All-Star for three straight years.

This year, Wade also led the team in steals with 80 and was third in assists with 72.

"I have been blessed with two of the finest players that may ever play at Edinboro in Wade and Bishop," Swank said. "They are best of friends and compliment each other so well on the floor. Needless to say, they will be impossible to replace as people first and as players second. My greatest compliment to them would be that they were like assistant coaches in the locker room as well as on the court."

"They personify exactly what a student-athlete should be in college athletics. They have excelled in the classroom as well as in their sport," Swank continued.

Bishop, out of Stow High School, epitomized the term "shooting guard" throughout her banner career. She averaged 18.2ppg over 92 games at the 'Boro and finished as the school's fourth best rebounder with 565. Deadly at the free throw line, Bishop broke PSAC mark for single season percentage this year. connecting on 105-of-121 freebies for .868%. The total ranks in the top three nationally this season on the Division II level.

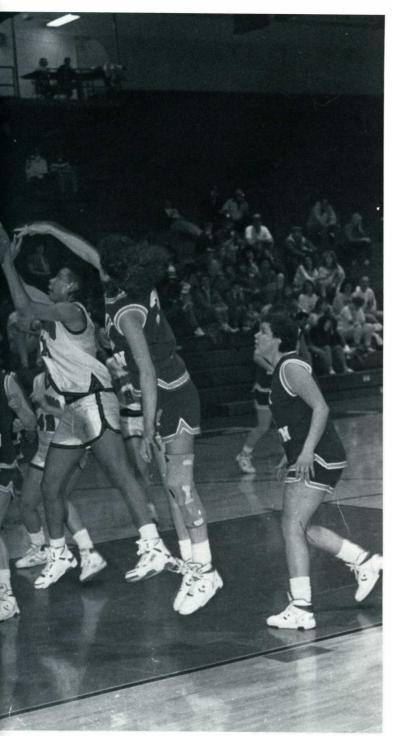

This season, Bishop was also tabbed to the Western Division all-star first team for the third straight time. She led the Lady Scots in scoring with 18.6ppg and shot over 50% from the field (226-446). Over four years, Bishop shot an impressive 46% from the floor (702-1506). This season she also grabbed 183 rebounds (6.1rpg) and was second on the team in assists (94) and steals (79).

Martre, a transfer two years ago from Shelby State Community College, may have been the main cog in the success of this year's team. She ran Swank's offense from the point and broke an all-time PSAC record for assists

in a single season with 238. That shattered the old mark previously held by Lori Young (Lock Haven) by 50. Martre also found time to average 15.1ppg and was third on the squad with 74 steals. She also led the Lady Scots with 50 three-point goals on 131 attempts (38%). At season's end, Martre was tabbed to the PSAC West second team all star squad.

Another senior Swank must replace will be backup guard Michelle McChesney (Fredonia, PA).

Runners Pace The Competition

Without Looking Back

Cross Country Team Among Best in Nation

Men finish 2nd

Veteran head coach Doug Watts continued to guide his team to strong national performances in 1989 when both his men's and women's cross country teams placed in the top ten at the NCAA Division II meet held in East Stroudsburg, PA.

The men, three time defending national champions, were denied a record fourth straight title by South Dakota State, who nipped the Scots 97-102 to win the national laurels.

Watt's men were led by junior Chris Rauber, from Pittsburgh, PA who placed second with a time of 32:00, 16 seconds behind national champion Rob Edson of Keene State. Also gaining All-American honors for the Scots were junior Uriel Rivera, a native of Meddelin, Columbia, who placed ninth, and junior Oil City native Mike Renninger, who placed

27th. Other strong performers for the Scots included freshman Scot Snow at 46th (Strongsville, OH), and sophomore Scott Knapp at 48th (Victor, NY). Senior Mike Tonkin, a returning All-American from Brooksville, PA was plagued by illness all year which prevented him from repeating.

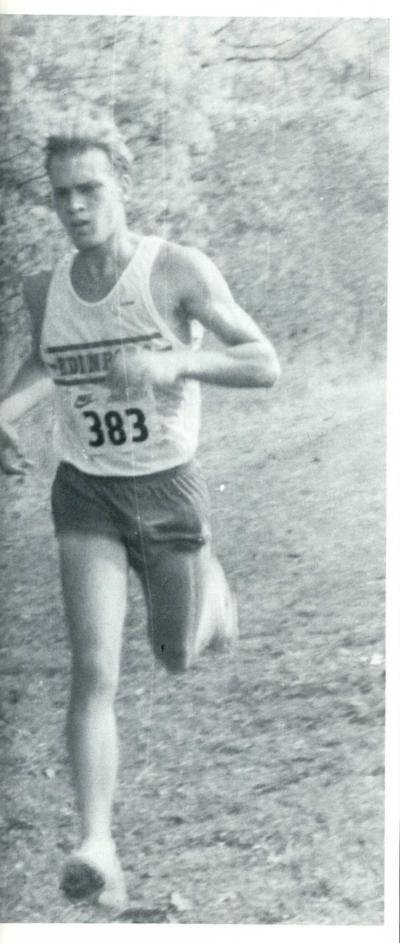

Before venturing to the national meet, the men claimed yet another PSAC state championship as well as the Regional championship.

Meeting prior to the race the coach prepares his team with last minute words of advice.

Gaining momentum this Edinboro runne sprints toward the finish.

Running with determination this individual Edinboro runner approaches the finish.

Leading the pack around the corner are the Edinboro runners.

Discussing their strategy, these runners prepare for their next meet.

Setting the pace these runners head for the finish line.

Ladies Cross Country

Finish 8th In Nation!

Watt's women's team put in a powerful performance, placing eighth in the team standings. Cal-Poly SLO came away with the national title with an incredible 34 points.

Leading the way for Edinboro University's women was a junior Donna Thibert, a native of Windsor, Ontario. Thibert gained All-American lau-

rels by placing seventh at the national meet. Junior Teresa Skello (Akron, OH) placed 36th overall while freshman Kim Long (Girard, PA) turned in a strong performance and placed 58th. Also running well for Edinboro were sophomores Marriann Eckendorf (Erie, PA) and Audra Navjokas (Webster, NY).

Before the national meet,

the women gained the PSAC championship to give Edinboro a sweep and finished second to the powerful Naval Academy at the regional meet.

With practically all of his top runners returning for next year, Watts will again be making a run at two national championships in 1990.

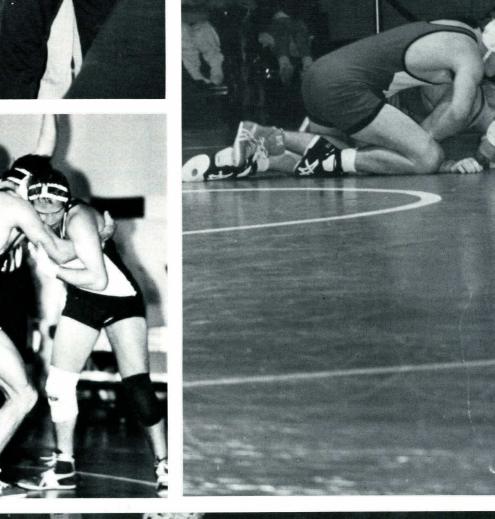

Awaiting the runners at the finish line these statisticians have the correct time of order.

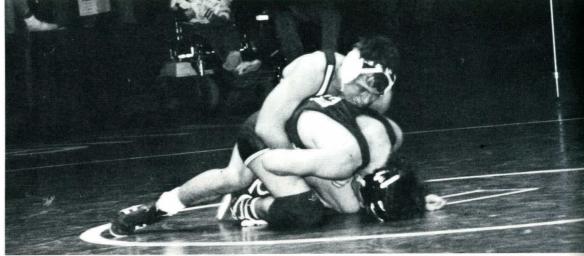

Assistant Coach, Bruce Baumgartner and Head Coach, Mike DeAnna discuss a call at the scorer's table.

At a home meet a Scot wrestler tries to take down his opponent.

Total Takedown!

Nationals Conclude With 4 From Edinboro

FOUR SCOTS TO NATION-ALS WRESTLE AT UNIV. OF MARYLAND

Edinboro University head coach Mike DeAnna took four Fighting Scot wrestlers to the 60th annual Division I national championships in College Park, MD.

The three-day event was held at the University of Maryland's Cole Fieldhouse, March 22-24. Thursday, the pig-tail session got things started at 10:00 a.m. followed by other preliminary action throughout the day. Friday at noon, the quarterfinals got underway with the semi-finals at 7:00 p.m. Consolation "wrestle-backs" also took place during those time

Battles for All-American honors (top 8) in the consolation finals took place at 11:00 p.m. Saturday while the Championship Finals concluded the tourney that eve-

With an advantage over his opponent an Scot wrestler tries to turn his foe around.

The Plaid finished in the top 10 the past three years at the national championships but with just four qualifiers finished 43rd this year.

Returning All-American Frank Zelinsky (167) made his second trip to nationals as did Lou Rosselli at 118. First time participants included freshman Audie Atienza (134) and Rodney Wright at 190. Though the total of entries were down this season, coach DeAnna had the fortune of taking all underclassmen to Maryland.

"The wrestlers who earned the trip really deserved to go," DeAnna commented. "We were a young team that benefitted a great deal from this experience. Zelinsky and Rosselli got a taste of the tourney in '89 and were geared up. Atienza was strong all season, especially for a freshman, and Wright was awarded for the strides he made since his freshman year."

Rosselli was the Scots' top finisher at the Eastern Wrestling League qualifier taking third while Zelinsky and

A Boro wrestler has some difficulty with his opponent.

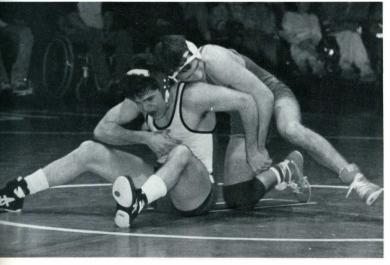

Atienza took fourth. Wright finished fifth at the EWL's and earned one of the four "wild-card" selections.

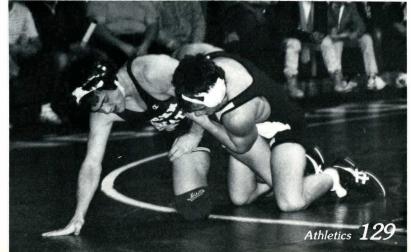

Rosselli, a sophomore from Middleport, NY, became the first Edinboro wrestler to qualify for the national tourney in his first two seasons. This season, the lightweight entered the championships with a team-high 33 wins against just four losses and a tie. In two years, Rosselli boasts a 56-17-2 slate. At the '89 championships, he went 1-2

Zelinsky, '89 All-American at 177, notched 26 wins against six losses this year and continued his climb back from a knee injury. The junior from Palmerton, PA, was the surprise at nationals last season, finishing eighth. His career numbers stand at 58-32-1 after a sub .500 freshman vear.

Atienza, from Maple Heights, OH, became the only Boro wrestler other than Rosselli to qualify for Division I's in his freshman year. The lanky 134 pounder earned 21 wins this season against 14 losses while posting fourth

In an important home match against Penn State, this Boro grapler shows total control.

Concluding A Tough Season

State Tourney Ends On Sad Note

place finishes at both the PSAC and EWL championships. Atienza was Ohio state champ in '88 and a four-time qualifier at Maple Heights High School.

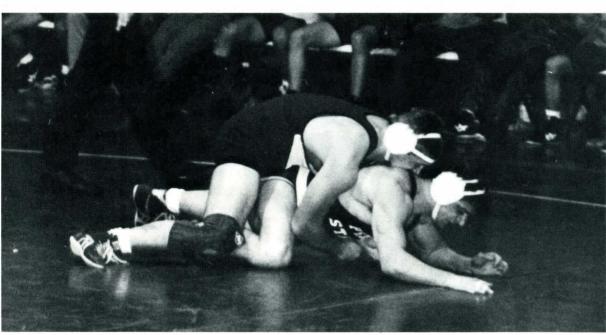

Wright, a sophomore at 190, is a local product from Fredonia, PA. Following a three-time state champ reign at Lakeview High, Wright posted a 12-19-2 slate as a freshman before a redshirt season last year. This winter

he earned 25 wins against just 11 losses and one draw. He now stands at 37-31-3 after two years.

The quality of the team title race once again featured defending national champion Oklahoma State, '88 champ Arizona State and perennial powers Iowa, Nebraska and Oklahoma. EWL's West Virginia, ranked 7th overall, also made plenty of noise in the top 10.

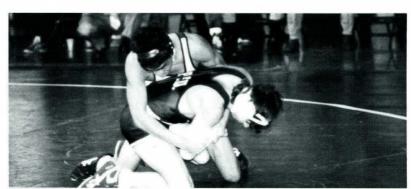

This certainly wasn't the last trip to the national championships for any of these wrestlers."

The toughest act for any of the Scots to follow was the accomplishments of former great Sean O'Day who captured Edinboro's first ever Division I national championship last year.

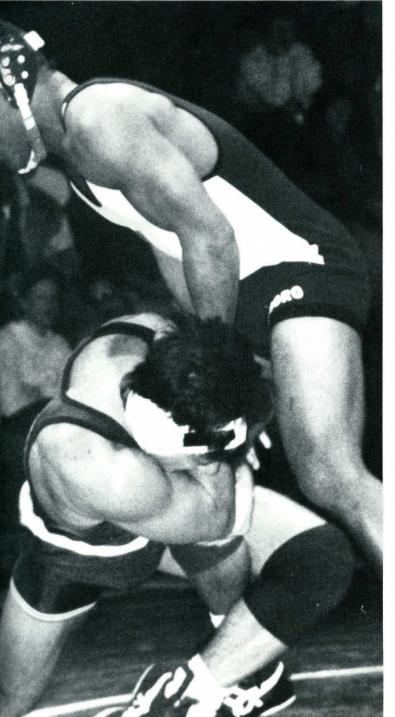

A Boro wrestler scores points in a match at McComb vs. Penn State.

Athletes From The Past Honored

Hall Of Fame Recognizes New Members

Edinboro University took a historic step in its athletic program eight years ago with the induction of 18 individuals into its newly created Athletic Hall of Fame. The University honored 18 charter members who had distinguished themselves in their associations with athletics at Edinboro either by virtue of their performances or by their meritorious efforts on behalf of the University's athletic program.

On April 28, 1990, the Fighting Scots Athletic Department, with special pride, honored four new members with their induction into the Hall of Fame. Each new inductee or representative was presented a plaque identifying his or her athletic service to the University. A duplicate plaque was placed in the Athletic Hall of Fame trophy case located in the lobby of McComb Fieldhouse.

HALL OF FAME INDUCTEE CITATIONS

The following is a list of inductees and the inscription which appeared on each Hall of Fame member's plaque. They were cited for the accomplishments they achieved while performing for the University or their meritorious efforts on behalf of Edinboro's athletic program.

FRED CASE, 1939 - Lockport, New York (Deceased)

For his outstanding career as a two-sport athlete for Edinboro State Teachers College in the late 1930's. Earned three letters each in football and basketball, playing under the legendary Sox Harrison. An Edinboro High School graduate where he earned thirteen letters in track, football, basketball and baseball. Long-time educator, coach and sports official in the 1940's and 50's.

DAVE KNOWLTON, 1971 - Mars, Pennsylvania

For his unselfish play for the Fighting Scot basketball team from 1969-71. Named to the Pennsylvania State Athletic Conference All-

Star squad twice. Holds Edinboro's single-season assist record with 194, averaging 8.1 apg. His assist total ranks sixth on the all-time PSAC list, and his 19 assists in one game rank second in school and state history.

MARTY MANNING, 1961 - Erie, Pennsylvania

For his outstanding career in the sport of wrestling at Edinboro from 1958-61. One of only two wrestlers in Fighting Scot history to win three PSAC championships, accomplishing the feat twice in the 177-pound weight class and once at 191. Registered 19 career pins to rank ninth all-time at the 'Boro, earning nine wins by fall during the 1959-60 campaign.

BOB THURBON - Kittanning, Pennsylvania

For his long and prestigious athletic career as a coach and player. Directed the football and basketball programs at Edinboro in the late 1950's and is fourth on the all-time

victory list as a head coach on the gridiron. Former All-American the University of Pittsburgh at also played professional ball for the Pittsburgh Steelers in the ear 1940's.

Todd V. Jay, Sports Informatic Director, served as Master of Cer monies and presented speci awards. Rev. Lloyd Price offere the Invocation and Benedictio Athletic Director James McDona presided over the Induction Cer monies.

Vice President David O'Dess presented the "Coach of the Yes Award" to Coach Tom Hollma and the "Senior Male Athlete of the Year Award" (Sox Harriso Award) to Michael Renninger. Mr. Jody Bucho Gallagher, Allumni Association President, presented th "Senior Female Athlete of the Yea Award" (Nancy Acker Award) the Montique Wade.

These honors are bestowed an nually, and selection is made solel by the University's Athletic State Members.

Lady Spikers PSAC Champs

Setting A New Pace For Volleyball

The Edinboro volleyball team reached the finals of the PSAC tournament last year. This time, they took it one step further.

The lady Scots, taking advantage of their opportunities, won the conference crown at East Stroudsburg. Defeating the Lady Raiders of Shippensburg 15-7, 15-8, 1-15, 15-8 to advance to the championships, then with an emotional outburst, beat Clarion 16-14, 15-12, 12-15, 15-6 to take the '89 crown.

"I think the competition was equal to last year's," said an elated head coach, Glen Conley. "We came in for Clarion and we beat them (for the crown)."

The conference title capped off an emotional week for Edinboro, who earlier had beaten East Stroudsburg, Gannon, and Clarion.

Edinboro won the Pennsylvania State Athletic Conference volleyball championship for the first time since 1982.

The Lady Scots, who concluded 29-10 overall and 9-1 in the PSAC, were ranked first in the Atlantic Region, which encompasses the Carolinas, Maryland, Virginia, West Virginia, Pennsylvania and Delaware.

Clarion dropped to 26-11 and 6-4 with the loss. In the consolation game, East Stroudsburg defeated Shippensburg 16-14, 15-8, 20-18.

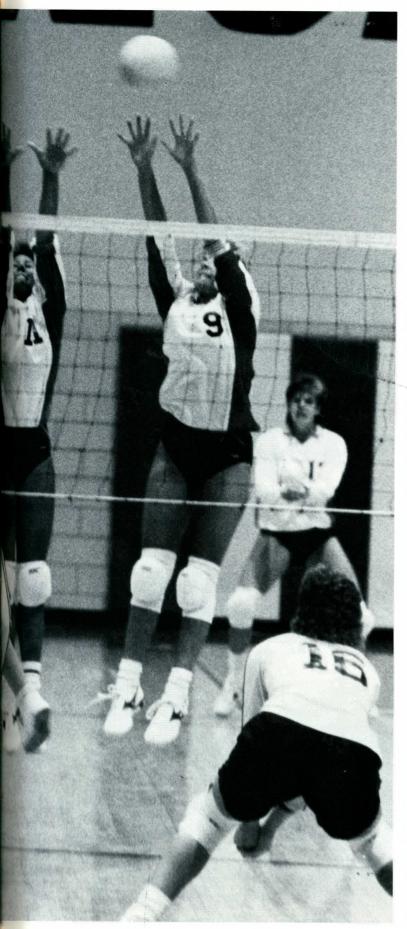

Brenda Jones of Saegertown was one of three Edinboro players to make the all-tournament team. Becky Werling and Laura Dlosak also made the squad.

Conley completed his third year as head coach of the Lady Scots Spikers.

Fighting Scots Conclude Bittersweet Season.

Disappointing Season Encourages Improvement

Edinboro University's Fighting Scot Baseball team, under the direction of third-year coach John Radovich, recently completed what could be called a "bittersweet" 1990 spring campaign.

The Scots set an all-time school record for wins in a season, but at the same time were eliminated from the PSAC-West playoff race early. Edinboro finished with a 20-28-1 overall record but posted a disappointing 6-14 PC-West mark.

Edinboro began the season by posting an 8-6-1 mark on their southern trip, the first time the Scots have returned from a southern swing with a winning record. The 'Boro then swung into conference play in rough fashion, winning only one of their first five. EU came back to win two of three from Lock Haven in a rare triple header and were poised to make a run at the playoffs with a 3-5 mark and a crucial double header at the Rock. At the Rock, The Boro dropped a pair of 6-5 decisions in games that they had an early lead in. Those two losses proved to be the turning point in the season for the Boro Boys.

Coach Radovich's charges posted an impressive 14-14-1 mark in their tough non-conference schedule, beating national power Norfolk State, Mansfield, champs of the PSAC East, and PSAC West playoff participant, California (PA).

Leading the way for Edinboro this year was a Quartet of seniors. Toiling on the mound were Jerry Hites (3-4 in 11 games), and Mike Bartusek (3-3 in 40.7 innings with 35 k's)

The bats of Jim Kopec and Jesse Meckler were two of the strongest in the PC-West. Catcher Kopec led the Scots in hitting with an impressive .357 average (45-126), doubles (13), on base percentage (a gaudy .634). Kopec also checked in with five triples, four home runs and 31 RBI's.

Shortstop Meckler set a single season home run mark for Edinboro with six, batted

.296, and led the Scots with 16 stolen bases.

Sophomore Brad Aurila (1B), batted .339, had a .432 on base percentage, and 12 steals. He chipped in 33 RBI'S, 7 doubles, and scored a team high 39 runs.

Junior Rick Dervanik led the squad with 49 hits and 9 sacrifices. Junior Rick Klein led the team with 8 triples and 28 walks.

Sophomore Don Odato, (OF) had a .419 slugging %, and 9 doubles, Sophomore Kevin Williams, (2B) had 35 runs scored and 7 steals, Junior Dennis Gawronski (P-OF) had 14 appearances on the mound, and Freshman Bill McHenry had 24 runs scored and 6 steals all contributed greatly.

Junior Tom Matthews, Edinboro's flamethrower, led the Scots with 43 strikeouts, 4 wins, and 53 innings pitched.

In all, the Scots batted .313 as a team and finished with a 5.42 team ERA.

Serving For Success

Men's Tennis Improves With Age

1990 OUTLOOK AND PRO-FILES OF PLAYERS

Coming off an impressive 14-8 season a year ago and returning the teams' top three players, the Edinboro University men's tennis squad is looking to start the 1990's in a very prosperous way. Newly appointed head coach Tim Brueggeman is excited about the upcoming season and the returning talent.

"It is nice to have returning players when you are a new coach. The returnees hold the squad together at the start. It helps when you get into the tough matches later on," Brueggeman said.

"Edinboro University has a very successful athletic program and I forsee the men's and women's tennis squads being very much competitive. We want to compete on the national level and I have stated before, it takes a year-

round committment and attitude from the student athletes.

"If athletes are willing to make the committment to graduate and to perform to the best of their abilities athletically, then we at Edinboro University will be thrilled to have them as part of our athletic program.

*****THE SCOTS WENT INTO THE SPRING SEASON RANKED AS THE NUMBER NINE TEAM IN THE EAST REGION OF THE UNITED STATES ON THE NCAA DIVISION II LEVEL.

THE SQUAD'S NUMBER 1 DOUBLES TEAM OF LARS KARLSSON AND TARIQ BANDUKDA WAS ALSO RANKED NUMBER 9 IN THE EAST REGION.

*** Thinus Versoes (South Africa)

Played on the French Tennis Circuit since his graduation from high school.

- Great addition to the squad
- *** Lars Karlsson (Sweden)
- Veteran player. PSAC finalist (18-8 record at 4 singles)
- Top Swedish Junior player
- *** Tariq Bandu (Pakistan)
- Pakistan Junior Davis Cup team
- ranked 9th in number one doubles-east region
- *** John Santarelli
 - 4-0 in the fall
- PSAC finalist in singles and doubles
- *** Brain Rea
- PSAC semi finalist in doubles

MESSAGE FROM 1ST YEAR HEAD COACH TIM BRUEGGEMAN

We are presently in the process of building a nationally competitive program at Edinboro University, located in Northwest Pennsylvania. Both the men's and women's programs are playing and practicing on a year-round basis.

How do we play all year long in Northwest, PA? We have access to the PennBriar Racquet Club, located in nearby Erie, PA, which we utilize in the late Fall and Winter.

In order to be competitive nationally a team must make a year-round committment. Our winter season is enhanced with a southern trip to Hilton Head Island, South Carolina in mid-March for an 8-match, 9-day trip.

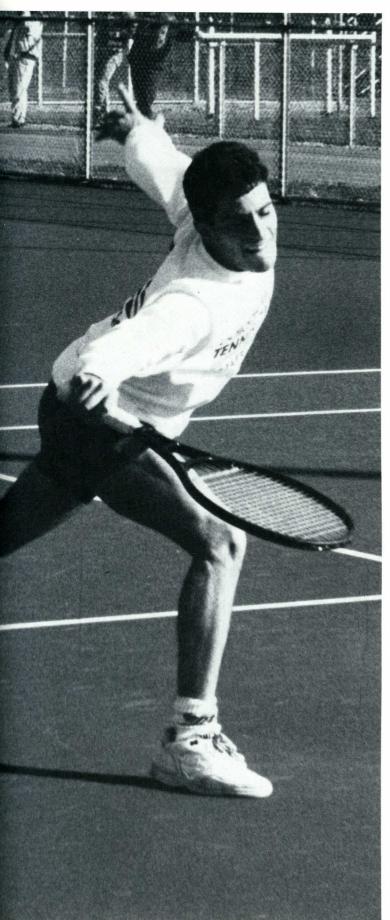

Edinboro University provides a unique mixture of a sound academic institution with a tennis program which offers exciting and challenging opportunities to the players

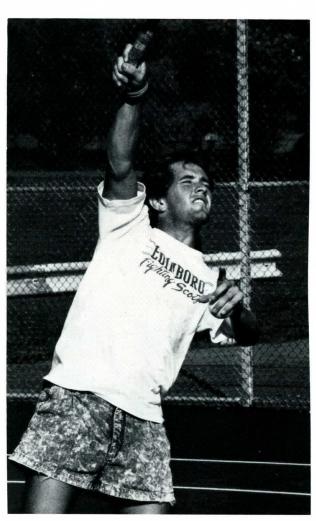

OUR GOAL AT EDINBORO IS FOR YOU TO GRADUATE. ON YOUR WAY, WE WANT TO BE QUALITY STUDENT-ATHLETES WHO COMPETE ON THE NATIONAL LEVEL. IF THAT IS YOUR GOAL, AND IF YOU CAN HANDLE THE CHALLENGE, THEN EDINBORO MAY BE THE PLACE FOR YOU

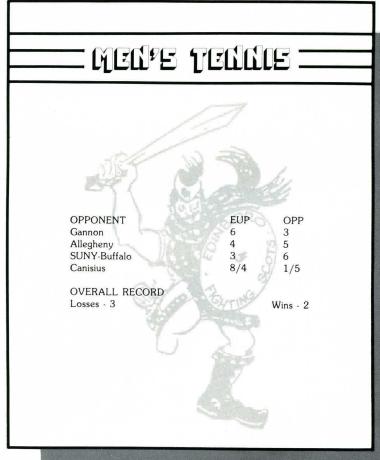

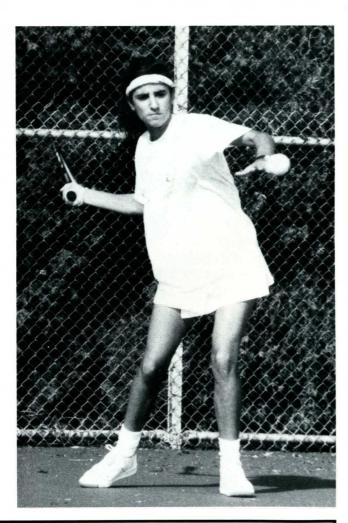

Showing perfect backhand form, John Santarelli reaches for a tough shot-

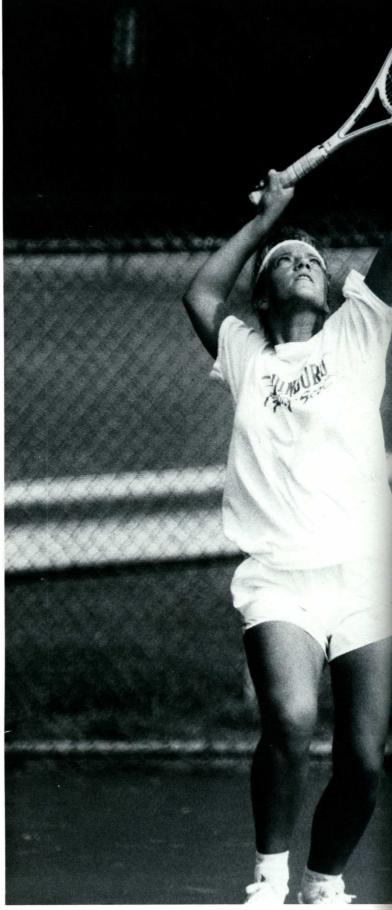

Setting up the perfect serve, Thinus Verdoes prepares for the return volley.

Lady Netters

Ladies Serve Up Tough Season

Overall the Lady Scots finished the season with a 9-5 dual slate and a strong showing at the annual PSAC tourney.

Coach Brueggeman had this to say about the season:

"I could not be more proud of the girls in the way that they played and handled themselves throughout the season. They represented the University in a first-class manner and played very hard to the end. More importantly they were quality student-athletes, besides being successful

on the courts.:

"We are looking forward to an excellent fall season next year!"

"Kim Clark had an outstanding season and is only a freshman. It is nice to know that she has three more years of eligibility remaining. Angela Georgiou and Susanne Knutsson played very well throughout the year and provided great leadership."

Making A Big Splash

Edinboro Swimmers Due For Success

SWIM TEAM MAKES A BIG SPLASH

The 1989-90 swim season was filled with many outstanding accomplishments. Both the men's and women's team, coached by Paul Stamm, not only gave Edinboro a name in the PSAC, but also on the national level.

The women's team had an excellent season this year! Not only did the Lady Scots place third at the Pennsylvania State Conference Meet, but they also had four swimmers and one diver claim All-American Honors at the Division II Nationals at Buffalo.

Jaime Ayers, a two-time All-American, finished eighth in the 100 backstroke. Ayers was also part of the 200 free relay which included Kara Hopkins, Shannon Schirack, and Andrea Alcorn.

Diver, Kim Koenemund, completed a very successful season, placing 18th in 3-meter and 24th in 1-meter competition.

Hopkins and Schirack, along with their

outstanding swimming, also received "Academic All-American" Awards. "I stress how important it is to study and get good grades," Stamm emphasized.

Other major contributers were: Carmi Amedure (breaststroke), Tracey Tokanos (Individual Medley), Jill Kirby (500 & 1650 freestyle) and Danielle Cerchiaro (Individual Medley). The women finished with a 7-4 record.

Finishing with an impressive 8-3 record, the men's swim team had an outstanding season.

The Fighting Scots "took no prisoners" at the Pennsylvania State Conference Meet. The men's team finished strongly by placing third in the Conference.

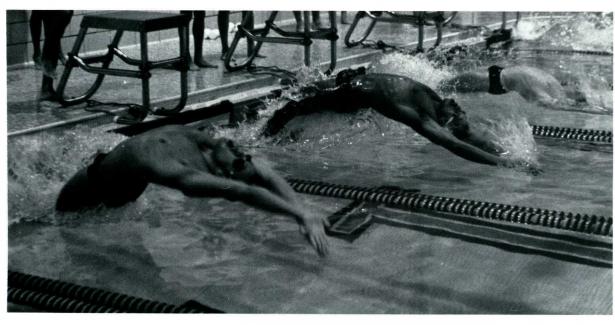

The team's stand-out was newcomer, Rune Christensen, from "The Land of the Rising Sun!" Joining the team in January, he became the fourth Norweigen to swim for Edinboro. Christensen earned his trip to the

Division II Nationals at Buffalo and placed 12th in the 1650 freestyle.

Other impressive swimmers for the men were: Paul Dawson, who placed first in the 50 freestyle at the PSAC, Ed Cercone (50 Free), Jeff Noss (Individual Medley), Mark Kauffman (Breaststroke) and Ed Erdos (500 & 1000 Freestyle).

Both teams went through excessive training. The last two weeks of Christmas Vacation were spent in West Palm Beach, Florida, where practice sessions were held for four to five hours a day. "The team worked very hard all season," commented Stamm. "I was also very pleased with how many personal bests there were and all the records that were broken this year. The entire record board had to be redone!"

Fighting Scots Men - PSAC Runner-Up

Thibert Paces Women

The Edinboro University track team traveled to Clarion for the annual Pennsylvania State Athletic Conference Track and Field Championships.

The men's and women's teams had different goals entering the two day competition. "Our men's team was gearing up for the title run while the women really did not have the overall depth to compete for the team championship," veteran coach Doug Watts said. Edinboro had superior individuals but Shippensburg had the edge in team depth. The pressure was on our "up front" people to perform to their expected levels, continued Watts.

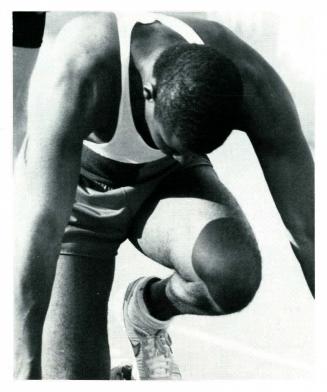

Some of the Boro's top performers on the men's side include distance gem Uriel Rivera (Medellin, Columbia) sprinters Chris Conway (Oil City, Pa.), Cleveland Pratt (Miami, FL), and Alan Thomas (Erie, PA), middle distance ace Tom Mason (New Middletown, OH) and field event specialists Jimmy Johnson (Belle Glade, FL), Mike McRae (Montgomery, PA), and Jeff Zajac (Wattsburg, PA).

The women were led by distance runners Donna Thibert (Windsor, ONT), Audra Naujokas (Webster, NY), Teresa Skello (Akron, OH), Marianne Eckendorf (Erie, PA), Marty Marczak (Oil City, PA), and Beth Sorber (E. Rochester, NY), and Liz Wright (Rochester, NY).

Leading the field events were defending triple jump medalist Jimmy Johnson and Cleveland Pratt with a national qualifying long jump of 25' earlier in the Spring. Other field stars included Mike McRae who has

thrown the javelin over 211' and Jeff Zajac who jumped over 7' this Spring in the high jump.

On the women's side, the strength was in the distance events. Thibert is one of the best in the nation at 10,000 meters but competed in just the 3,000 and 1,500 meter races. She qualified for nationals in her specialty of 10,000 meters. Teammate Audra Naujokas gave Thibert plenty of support in the middle distance events. Marczak set her sights on the 800 meter individual crown. Wright, meanwhile, had set school records in the long jump at 18'7 1/4" and 100 and 200 meter dashes for the 'Boro. She was responsible for most of the points totaled in these events.

The javelin thrower goes right to the line before he goes to the air.

Take your mark . . .

In the air to go the distance is Edinboro's Chris Proctor.

Arriving at third standing up, another Edinboro run will score easily.

"No way she'll touch this dropping slider!" She won't even see it!"

Lady Scots In PSAC

Softball Makes It Far, But Not Far Enough

For the first time since the 1986 season, the Edinboro Lady Scot Softball team, under the direction of second year head coach Dan Gierlak, completed their season in the PSAC Championships.

After returning from the annual southern trip with a losing record (3-9), the Lady Scots proceeded to win 11 of their last 20 games behind the arm of senior Sue Synder (Greensburg, PA.). Edinboro's southern record of 3-9 is largely responsible for their overall mark of 14-20-1, but during that trip the Lady Scots played numerous national powers in Indianapolis, Wayne State, Bentley and Division I Maine.

Competing against Division I foes, the Lady Scots lost a pair of close games at the University of Akron while sweeping Niagara, 10-3 and 8-4.

The Lady Scots dropped three of their first four PC-West games at the hands of Clarion and a California sweep, but then won five of their last six, setting up a Western Division playdown versus Lock Haven, which Edinboro won 3-2.

Snyder, the ace in the hold for Gierlak's charges, completed the season with a 1.45 earned run average, only surrendering 29 earned runs in 140 innings. The key to Snyder's season was her 1.11 E.R.A. against PC-West opponents and a 6-3 conference record.

Leading the offense for the Lady Scots in '90 was senior shortstop Sarah Bishop (Munroe Falls, OH). Playing in only 23 of the 35 total games due to the extended Lady Scot basketball season, Bishop led the squad in batting (.348), stolen bases (13) and on-base percentage (.429).

First baseman/pitcher Jennifer Anderson (Fleming, OH), completed a formidable freshman season at the plate batting .287 with 25 hits and getting on base nearly 40% of the time. Junior Michelle Kephart

(Olanta, PA) also added 25 hits, including five doubles and 11 runs batted in.

Also turning in a strong performance was senior Karen Morton (Erie, PA). Morton finished with an overall batting average of .240, but showed her strength in the conference games by batting a team high 444

Defensively, the Lady Scots were led by Anderson who recorded 184 put outs and 26 assists while Snyder recorded the highest field percentage (.962).

The Lady Scots earned the right to play Lock Haven after splitting a pair in a twin bill against the Lady Eagles. The Scots then returned home to defeat the Eagles 3-2.

In the Semi-finals, held in Williamsport, PA, the Lady Scots faced Bloomsburg, the second ranked team in Division II softball. Despite only giving up seven hits the Scots were defeated 3-0. In game two, the Lady Scots were not as fortunate surrendering five runs in the fourth and fifth innings and were sent home at the hands of Kutztown, 5-0.

Looking to the future, the Lady Scots will expect big things from Anderson, sophomore catcher Lisa Nemeth (Acme, PA), sophomore third baseman Sandra Smith (Chardon, OH), and freshman second baseman Ivy Turner (Pittsburgh, PA). Anderson, appearing in 16 games on the mound, sported a 2.97 ERA, and gave up only 32 earned runs in 75 innings. Nemeth batted .227 during the '90 campaign including four doubles and three pick-offs from behind the plate. Smith, in her second season as the Lady Scot third baseman, tallied 16 safties and a .308 batting average against PC-West opponents. Turner led the Scots in both homeruns (3) and runs batted in

The Lady Scots completed the '90 season with 14-20-1 overall re-

cord, and 6-4 in the PSAC, including a birth in the Pennsylvania State Athletic Conference Championships in Williamsport, PA. The Lady Scots graduate only three seniors from the '90 team, Sarah Bishop, Karen Morton, and Sue Snyder.

Rolling Scots

Gifted Athletes Competed In Rigorous Roles

The Rolling Scots Wheelchair Athletic team is a group of students with different disabilities who compete locally, nationally, and internationally in a variety of athletic events.

Areas of competition include basketball, football, swimming, archery, air rifle, weightlifting, track and field, and table tennis.

The Rolling Scots are directed by a fifth year head Coach Mark Dobrzynski.

A hustling player gets a hand for his rigorous play.

 $\label{eq:Switching lines} \textbf{Switching lines}, \ \text{the team prepares for their offensive surge}.$

After an incomplete pass, the players manage to become untangled.

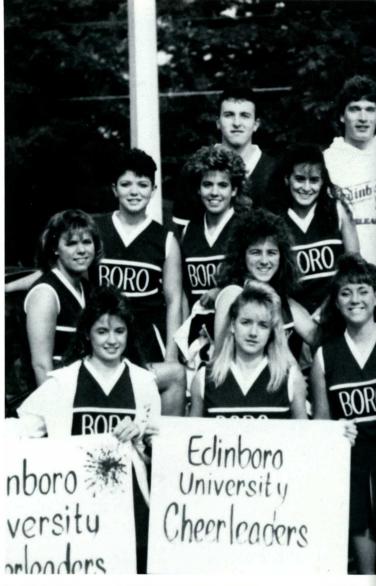

With a first and goal, the team readies for a trick play.

With a tight man-to-man defense, the scots force an incomplete pass.

Displaying their best smiles, the cheer-leaders pause for a photo during the homecoming parade.

Enjoying the game, the cheerleaders show their enthusiasm for Edinboro football.

Rooting for the home team, the cheer-leaders look for a little fan support.

Entertaining the fans, the cheerleaders perform their floor routine during a game.

Spirit And Stamina

Cheerleaders Combine Athletics With Smiles

Cheerleaders are representatives and ambassadors for their university. They must create and give positive impressions wherever they go.

Current trends in cheering have created an entirely new role for collegiate cheerleaders: they have become performers as opposed to actual leaders of cheering. Highly technical routines for the individual cheerleader and entire squad have created a whole new atmosphere at both practice and cheering events. Cheering has developed a new level of required physical fitness, and new combination of concentration and dedication. Cheerleading and cheerleaders today are recognized as athletes and members of their own athletic squads as opposed to spirit groups acting only in support of other traditional athletic squads.

The expanded role of the cheerleader now finds every squad involved in extensive practice sessions, advanced physical training, performances under varied conditions and circumstances, long hours of travel to and from athletic events and participation in many activities that promote and contribute to the greater good of their university.

The greater number of our current cheerleaders are enrolled and pursuing degrees in some of the most academically competitive programs at Edinboro. An emphasis is

placed on high academic attainment and full preparation for entry into the labor market or graduate school upon graduation from Edinboro.

Cheerleading at Edinboro stresses in interpersonal relations and building of lasting relationships with all effort directed toward hard work, pride and accomplishment. No time is available to become involved with selfish and petty attitudes and expressions.

All cheerleaders fully understand that in some way Edinboro University must be a better place because of their efforts and contributions while enrolled as a member of the student body.

By Hal Umbarger, Advisor

Encircling the basketball team, the cheerleaders cheer the team on to a victory.

Closely watching the Homecoming game, the cheerleaders wait for a chance to show their enthusiasm.

Just For Fun

Intramural Activity Rises In Popularity

INTRAMURAL SPORTS 1989-90

The Intramural Sports Program encountered a year of firsts, beginning with the highest number of individual, dual and team sports ever offered. Also, seen as a first was the largest number of participants to ever engage in the Intramural Sports Program. Additionally, there were many new sports offerings including 3 on 3 basketball, ultimate frisbee, sand volleyball, a Freshman basketball tournament, and a Pre-Spring break Power Lifting Tournament.

The year of firsts was not just limited to the Intramural Program's improvements, but also to the sport winners who through their efforts came out on top of their particular sport. Here's to the Winners!

INTRAMURAL WINNERS FROM FALL SE-MESTER 1989

- 1. Softball: Sig Taus
- 2. Ultimate Frisbee: Death from Above
- 3. Coed Sand Volleyball: Brian Mistrik Team
- 4. Frosh. Hoop Tournament: T-Team
- 5. 3 on 3 Basketball: The Domination
- 6. Commuter Bowling: Royal Bengals
- 7. Table Tennis: Niraj Balasaria
- 8. Women's Volleyball: Earp Hall
- 9. Men's Volleyball: Six Pack
- 10. Billiards: Ed Cummings

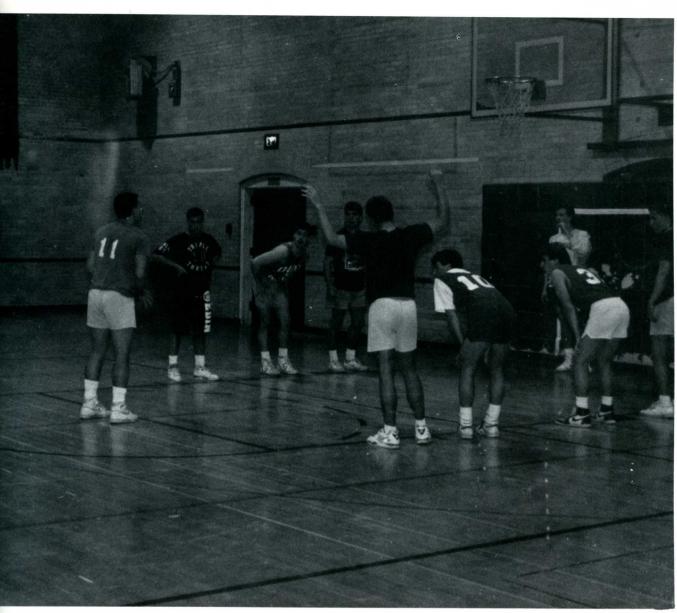

INTRAMURAL WINNERS FROM SPRING SE-MESTER 1990.

- 1. Women's Basketball: Fire
- 2. Men's Basketball: Tigers
- 3. Bowling: The Penguins
- 4. Coed Volleyball: "The Team"
- 5. Coed Indoor Soccer: "I.S.A." (International Student Association)
- 6. Table Tennis (Doubles): Rob Koccur, Dr. Baher Ghosheh, Tom Bell, Niraj Balasaria.
- Power Lifting: Damian Fronzagialia, Carl Armstone, Mike Painter, Kirk Klos, Tom Petti, Buffy Spicer, Pam Sherry, Audry Whitman,
- 8. 3 on 3 Basketball: Tigers
- 9. Racquetball: Dr. Baher Ghosheh

Helping Athletes Make The Grade

Study Tables Assist In Maintaining QPA.

The Edinboro University Athletic study table was conceived and implemented in 1983 by Hal Umbarger and has been directed toward the promotion of academic success of participating student athletes. The program is designed to assist students with their studies while they are active in a varsity sport.

Student athletes who attend Study Table are composed of those persons, who fall below the acceptable required grade point average at Edinboro. Study Table is held each Tuesday, Wednesday & Thursday evening for two hours. Students must attend or they will be penalized.

During each semester, academic report forms are sent to the University faculty involved with those student athletes that attend Study Table. Upon their return, each form is reviewed with the student athlete and then forwarded to his/her coach for further review and counseling.

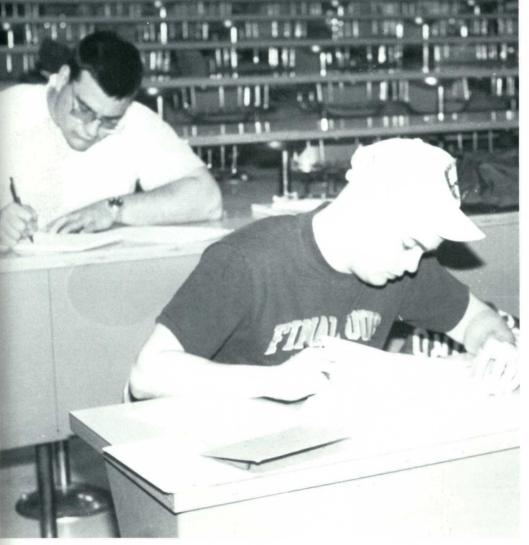

While attending Study Table all student athletes are required to visit the library, meet with tutors, complete assignments in the computer center, and attend certain academic events on the campus. Students who improve and reach the required quality point average will not be required to attend Study Table the next semester.

by Kristi Wise

Helping a student with a difficult problem, Mr. Umbargar applies his knowledge to the problem.

Cramming for tests, these two student athletes concentrate intensely.

Working tediously, this athlete completes his homework.

Athletics

Find Time To Study

Time Management and Decision Making

When looking at Edinboro's athletic program its success is self-evident. But how does a student-athlete find the time to master a sport and maintain passing grades?

One of the skills used by many successful athletes is wise time management. In fact, some students like Renee Laughin believe their athletic training program helps them arrange their time. "Swimming helps me keep to a schedule and it helps my grades. Our coach helps us set goals and encourages us to meet them."

Student-athletes also become good decision makers as they learn to choose which activities will take priority. Do they go out again this week with friends or spend the time preparing for a quiz or rewriting a better paper? It undoubtedly is more fun in the short-term to go watch a movie, and some relaxation is beneficial, but in the long run it's a sound, quality education that yields the greatest benefits.

For many, the academic rewards are as great, if not better, than those accomplished against their opponents. Keeping these ideas clearly and continuously in the forefront of their minds, the good student-athlete strives to successfully meet both the challenges in the classroom and in their sport.

by: Roy Wolfe

Before ending their time at Edinboro University, most seniors experience writing a term paper.

Beginning Your Life . . .

"Graduation Day"

It's a time for joy,
A time for tears,
A time we'll treasure through the
years,
We'll remember always,
"Graduation Day".

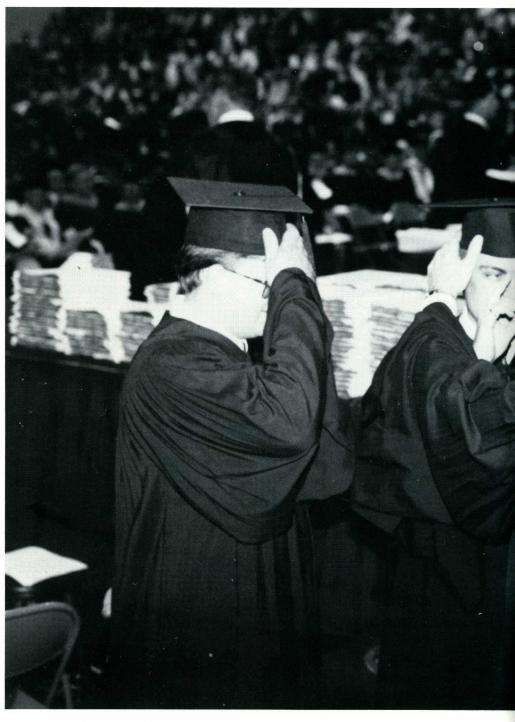

At the senior prom
We danced 'till three,
And then you gave your heart to
me,
We'll remember always,
"Graduation Day"

Though we leave in sorrow All the joys we've known, We can face tomorrow Knowing we'll never walk alone.

When the ivy walls are far behind, No matter where our paths may wind, We'll remember always,

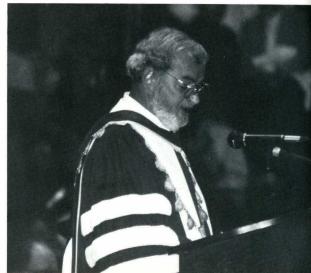

"Graduation Day".

The Four Freshmen Courtesy of Capitol Records, Inc.

 $\label{eq:def:Adjust tassles to the left now ... We've graduated!}$

here?"

Activities

Just Having Fun

Students are the lifeblood of a university. Meeting the coursework requirements for a degree, however, presents only one face of the total university experience. The purely academic environment must be tempered by a blend of curricular and extra-curricular activities, and a proper balance must be developed in preparation for life in a modern society.

Acting out familiar roles, these students perform during a theater presentation.

Active Moments

Posing for a cast photo, these students enjoy the realism of the Rocky Horror Picture Show.

Wednesday Night Live

LIVE FROM EDINBORO . . . IT'S WEDNESDAY NIGHT LIVE!

Just like NBC-TV's "Saturday Night Live" Edinboro students produced a fast-paced evening of comedy and music. After a month of preparation the lights came up February 21 at 9 PM in the University Center Grill Room to a "standing room only" crowd. Students from both the University Players and from the University Programming and Activities office took part in this first-time-ever venture.

Comedy skits included "Wayne's World" with Mike Levin and Dave Cammarata . . . "Fatal Beatings" with Frank Cwiklinski and Lori Bossert . . . "Church Chat" with Greg Ireland . . . "The Rehearsal" with Rikki Bradley, Carolyn Merritt Veale, and Mike Levin . . . and "Weekday Update" with Brian F. Graff, Heidi Kline, and Gina Little.

Unique video commercials pitched humorous ads for such things as "Lady Brut Cologne" and "The Bat-Protector".

Musical guests rounded-out the hour-long show with performances from Heather Groves, Armanda Stovall, and Kristi Wise.

Study!

Baron-Forness

Open for student and faculty use in 1976, the Baron-Forness library stands seven stories high with 105,000 square feet. Saul Weinstein, Director of Libraries, believes in "Information H", the idea that information is a commodity. From information, one will gain knowledge.

The reference and circulation desks are located on the first floor. An "inter-library loan system" is available, which allows the Baron-Forness Library to borrow books from other libraries if certain material is unavailable. Students may consult librarians about information sources at the reference desk, and check out or reserve books at the circulation desk.

Magazines, newspapers, or bound journals cannot be taken out of the library, but copy machines are available on the first and second floors. An "on-line catalog", by means of a computer program, list the material contained in the library. Since some materials aren't in the on-line system, microfilm and tapes are available on the first floor. "Infotrac" is a computerized system to help students locate information from magazines. Databases include several different areas of interest such as Literature or Psychology and other social sciences.

The Baron-Forness Library is a complex establishment, containg technological advancements necessary to provide information in todays world.

Radio Productions

A New Airwave Hit

YEAR ONE - 1988/1989

In 1987, radio personality David Ossman (Director of the 1988 radio production of "War of the Worlds") came to Edinboro University to conduct a workshop in radio drama. At that session, many people became interested in the subject. As a direct result of the workshop, one radio drama production was mounted and later broadcast over the campus radio station.

In 1988, a grant application for radio production was sent to the Pennsylvania Council of the Arts. In July of that year, the arts organization awarded a grant of \$4,500 to the university for training of personnel and production of radio drama involving campus and community people. The university further supported the project with a \$2,000 grant from its Institute for Research and Community Services. It also purchased a professional sound effects sound library for \$950, installed a security system valued at over \$1,000, built a sound-proof enclosure for \$150 and provided computer and copying facilities for the execution of the grant.

In September of 1988, an umbrella group called the Edinboro Radio Laboratory (since renamed Edinboro Radio Productions) was formed under project director David Weinkauf, Assistant Professor of film and photography. The sterring committee was and continues to be composed of Edinboro University faculty and students from the Departments of Art, Speech Communications, and English and Theater Arts. Other members of the committee include founders of a community-based non-equity theater company and a professor of comparative arts from Behrend College of Penn State University.

In April of 1989, Edinboro University submitted a second application for a production grant to the Pennsylvania Council on the Arts. In July of that year, the university was awarded a grant of \$4,365.00 to continue production activities, to write and implement policies and to bring in consultants and recording artists. The Pennsylvania Council on the Arts grant was matched with a grant of \$2,000.00 from the Institute for Research and Community Services at Edinboro University.

In November of 1989, Rachel Vaccaro, President of the Pennsylvania Radio Theater, conducted workshops in grant-writing, contract negotiation, copyright, distribution and production. During her stay at Edinboro, she spent time critiquing existing works produced by Edinboro Radio Productions. The workshops were used by the board members of Edinboro Radio Productions to aid in the writing of policies and contracts for the operation of Edinboro Radio Productions. The Student Government Association of Edinboro University contributed funds for Ms. Vaccaro's visit.

During the same month, calls for original scripts went out to a wide geographic area. Of the scripts received, one, based on three additional stories by author Luciana Bohne, was adopted and scheduled for production. The board also selected Frederick Bohne, a theater director and husband of the author, to direct the production. On January 19, Frederick Bohne died unexpectedly and a decision was made to delay production for the time being. At the present time, scripts are being considered for a second production.

In December of 1989, Project Director Weinkauf and Board Member Luciana Bohne appeared on public radio station WQLN to discuss Edinboro Radio Production activities and to play selections from the company's productions. The response to the program was so overwhelming that a second program was aired on March 20, 1989.

During the university's Academic Festival in February of 1990, Edinboro Radio Productions conducted two sessions on its activities. The first session was a hands-on workshop in multi-track recording for radios. Using a section from "A Bag of Tricks," the session's facilitators demonstrated studio milking and recording procedures, tract-laying, Foley work, sound equalization and manipulation, and sound mixing. The second session was a showcase of the productions already completed.

The Academic Festival served as a springboard for the broadcast of the four completed productions over campus radio station WFSE. The broadcasts, scheduled for four consecutive Thursday nights, were advertised on radio, through the print media, and on posters.

On March 22, 1990, San Francisco sound artist John Reiger cametto campus to conduct a series of presentations and workshops. An eclectric artist with extensive experience in radio, television and film, Reiger conducted an afternoon session on multi-track recording techniques. At the evening session, he presented a number of his pieces, including his spoof of sports programs titled "Little Heroes." Reiger's appearance was sponsored by the Pennsylvania Radio Theater.

During the spring of 1990, Edinboro University will be one of the sites for Earfest: The Theater of Sound. This festival of radios and sound art will be held on April 30 in the University Center. The series of audio tapes, hosted by David Ossman, will deal with sound on a theoretical basis and will feature works of fantasy, theater, and commentary. Jay Allison's piece, "Subtext: Communication with Horses," deals with theater. John Reiger's "Little Heroes" features a race with cats pulling grand pianos. Tom Lopez' piece, "Saratoga Springs" is a spoof of grand opera. Also included in the series are pieces by Gragory Whitehead, Negative Land, and David and Judith Ossman. It will be sponsored by the Student Government Association.

In late spring of 1990, Edinboro Radio Productions and public radio station WQLN, Erie, will co-sponsor an appearance by Skp Pizzi, recording artis and Training Coordinator for National Public Radio. On the first day of his stay, Mr. Pizzi will conduct a number of training sessions in symphony and ensemble recording with university musicians and recording engineers. During his second day, Pizzi will concentrate on multi-track recording techniques and will critique Edinboro Radio Productions projects.

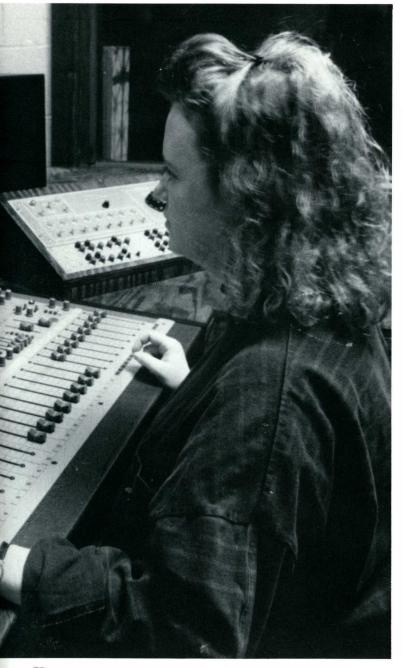

Also in the initial planning stage is a plan to bring in producer/director David Ossman as an artist-in-residence. While at Edinboro, Mr. Ossman would work with local artist, writers, musicians, actors, and engineers to create dramatic vignettes resurrecting the George Tirebiter character he originally created for the Firesign Theater. The pilot for this project titled "Another Christmas Carol," had George as Scrooge. Other scripts ready for production include "George Tirebiter as President," "The Ronald Reagan Murger Mystery," "Angst Hotel," and "Hamlet on Rye." Tapes created during Ossman's residency will be broadcast locally over area campus, educational and commercial radio stations and used in future national radio productions.

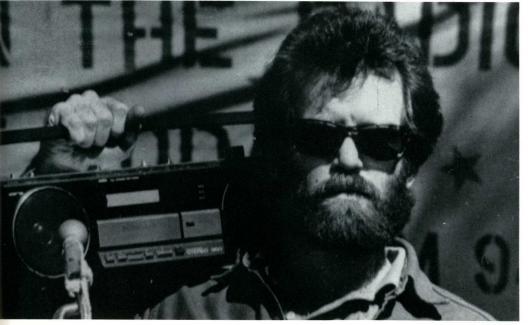

Operating the studio mixer is one of the many skills learned by the radio staff.

Director David Ossman during his 1987 appearance at Edinboro University.

Awaiting their cue during a radio drama, these performers study their lines.

Sound artist John Rieger conducted an afternoon workshop at Edinboro University.

Concurrently, the board of Edinboro Radio Productions will develop and write policies covering artist's contracts, copyright, facilities use, distribution and production. The policies will be coordinated with university and commonwealth policy and will be used in the rental of facilities and the mounting of future productions. The intent of policy writing will be to codify all policies, create a level of self-sufficiency for Edinboro Radio Productions and make the work of Edinboro Radios Productions project rather than institution based.

Two productions will be mounted during the spring and summer of 1990. One, as has been mentioned before, will be based on three stories by author Luciana Bohne. A second production will be announced when a script is found and accepted for production. Prior to the start of production, the starf of Edinboro Radio Productions will conduct training workshops for recording engineers, assistant directors, actors and Foley artists.

The Rocky Horror Picture Show

"Don't Dream It . . . Be It"

"ROCKY HORROR PICTURE SHOW"

Every Friday and Saturday at midnight, Rocky Horror Picture Show can be seen in hundreds of theatres across the country, where the faithful gather for a strange and bracing ritual. The "virgins" (those making their first visit) are baptized with incantatory catcalls. Then, in the velvet darkness, comes the familiar communal cry: "Let there be lips!" And, lo and behold, there are lips, big, Ruby Red ones on the theatre screen, intoning an invitation to "the late-night double feature picture show".

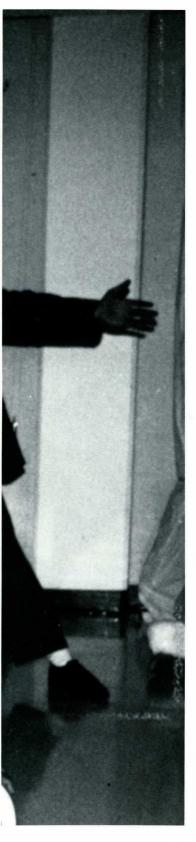

The faithful everywhere work their own variations of a standard text. As the opening credits give way to a wedding, members of the audience throw rice in the air. When the nerdy young Brad Majors and Janet Weiss become stranded in the rain, the audience is doused in a shower shot from squirt guns. When the main character, Dr. Frank-N-Furter, proposes a toast, slices of burnt toast pop up from the crowd.

If the film has a moral, it is "Don't dream it, be it", a line taken from the catalogue of the racy "Fredricks of Hollywood". For most fans, it's dressing in Dracula make-up. For the hard-core fans, it goes further yet as they star in it. They can be seen miming the dialogue on stage, and dressing as the characters in the movie. It is indeed an experience.

By Jeff Young (Who has seen "Rocky Horror" 180 times!)

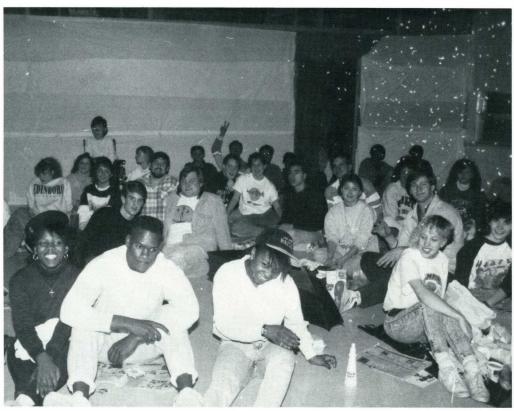

Young, Constantino, and Company floored the crowd.

Jeff Young as Brad Major, and Carol Constantino as a Transylvanian, encouraged audience participation all night long.

 $\begin{tabular}{lll} \textbf{Awaiting the start of the show,} & the audience prepares \\ their own props for their part in the show. \\ \end{tabular}$

 $\label{lem:after their night long performance, the actors mingle with the dedicated fans.}$

Farewell

Now as we end our coverage of this year's events, we leave you with this pictorial conclusion of the last weeks of the Spring semester at Edinboro University of Pennsylvania.

Setting above Edinboro Lake, the sun presents a picture perfect show.

Closing Moments

As you leave our beautiful campus, one of the last buildings you will see is the Center For The Performing Arts.

Summer Time!!

Fun In The Sun

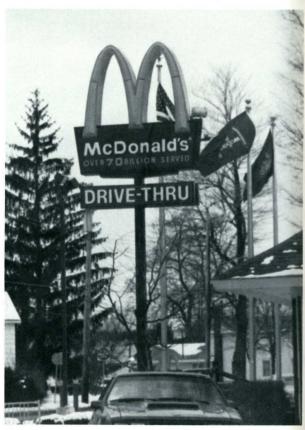

Farewell To . . .

Edinboro

Dear Students, Faculty, and Alumni,

The 1990 Tartan staff, comprised of twenty dedicated students, presents to you the 1990 edition of the Tartan, entitled "Golden Moments." We felt this title covered every area of the college experience that one could imagine. With a group of hard-working staff members, we set out on a task to cover everything we could on our campus. We sadly realize that some activities, organizations and other areas were missed. We apologize for this, but we plan to expand our coverage next year. As the editor, I hope you enjoy our representation of the 1989-90 academic year at Edinboro University of Pennsylvania.

On a more personal note, I'd first like to thank our entire staff for the great job everyone did on preparing this book. I feel that everyone put forth their best effort and for that I'm greatly thankful. Secondly, I'd like to thank our Advisor, Ron Sturga. Mr. Sturga, you helped us greatly in times of dire need and you always came through. Thank you very much for you assistance and guidance. Thirdly, I'd like to thank those who somehow cooperated and helped us in someway:

Larry Intihar, Jostens Representative, Bob Wheeler, Todd Jay, Sports Information Director, Patti Loomis, Director of Public Relations, Julie Fedders, Edinboro University Athletic Coaches and staffs, Student Government Association, Greek Organizations, Lorei Studios of Erie, Pa, The Alumni Association of Edinboro University, and a special thanks to Members of the Faculty and Staff for their cooperation in the production of this book.

And last of all, I'd like to personally thank my parents and my girlfriend, without whose caring I couldn't have attempted anything as rigorous or demanding as an editorial role.

Greg Heckler Editor

The End =
