We
the Senior Class
of
Nineteen Hundred Twenty-one
appreciating
the faithful and efficient services
of
DR. JAMES BOYDEN SMITH,
who has been with this institution
for forty-three years
do hereby affectionally dedicate to him,
this, the ninth volume
of the
CALNORSEAN.

THE CALNORSEAN

Foreword

Dear readers:—In the completion of this, the ninth volume of the Calnorsean, we have tried to portray the every day life of the Southwestern State Normal School. As everyone does not look at this work from the same viewpoint, it is evident that it will not please all. We have made a few changes in the arrangement of this book, which we hope is for the better. However, what we have done has been for the interest and amusement of all the students. Our only hope is that everyone will think of the time that we would have to spend in order to issue a book of this kind. Remember that this is our first experience along this line of work. Please keep this in mind while reading this volume of the Calnorsean.

We now respectfully place this volume of the Calnorsean in your hands, trusting it has fulfilled its mission in every respect.

History of S. W. S. N. S.

THE SOUTHWESTERN STATE NORMAL SCHOOL is the outgrowth of an Academy first opened in 1852. It is located at California, Washington County, Pennsylvania, on a site well chosen for the great educational work which the school was destined to carry on. The town, which was founded in 1849 by a company of six men, who gave it the name suggested by the discovery of gold in California state in that year, is noted for its beauty, its cleanness, and the excellence of its education facilities. Many municipal improvements have been made in recent years, such as street paving, electric lighting, sewerage, etc., and some handsome edifices have been erected, including a fine new station, two of the bank buildings, and two of the largest business blocks in the valley, and a number of handsome churches. California attracts families seeking good educational advantages, together with the conveniences, culture, and comfort of a residence town. The private residences recently built are in keeping with the imposing new business houses, and the town is rapidly becoming one of beautiful homes. No saloons have been opened in the town or within several miles of it.

In 1865 the Academy was chartered by the State as the "Southwestern Normal College." August 26, 1868, the corner stone of the main building was laid. The principal address on this occasion was made by General John W. Geary, then Governor of Pennsylvania. On May 26, 1874, the "Southwestern State Normal College" became, by state authority, the Southwestern State Normal School for the Tenth District, composed of the counties of Washington, Fayette, Greene and Somerset, and the first class of two members was graduated in the following year.

The school now occupies a group of seven buildings. The Main Building was first used in 1870; the North Hall in 1874; the South Hall in 1876; Science Hall in 1892; the Gymnasium in 1894; and the Laundry and Power Buildings in 1899. The last building to be erected is the Dixon Hall, used as a dining hall and dormitory, and was completed and first used at the beginning of the fall term of 1907. It is 132 feet in length and 80 feet in width, and occupies a commanding site just south of South Hall. The first story space is used chiefly for a dining hall, accommodating about 500 persons, and a kitchen with necessary rooms attached. The second and third stories provide dormitory rooms for one hundred lady students and teachers. The basement story is used for class rooms and storage. In all the buildings of the school is to be found every modern improvement, such as electric lights, steam heat, running water, etc.

The campus contains 12 acres and is made most attractive by flowers, grass, shrubbery, shade trees and well constructed grounds for games, such as tennis, baseball and football.

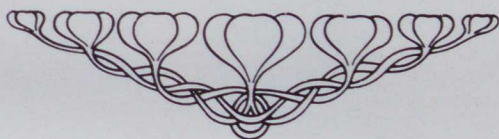

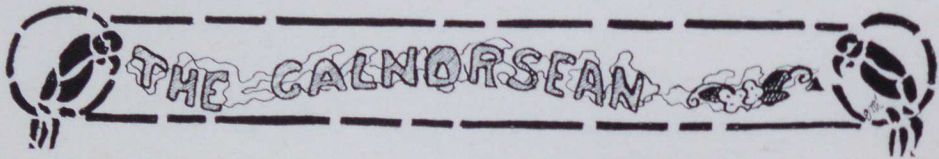

THE GALNORSEAN

There are a few men who did a lot for this institution, and we should be very proud of them, thinking of what the school is today, and what it might have been had not these loyal men stayed with it during its hard times. The men are John N. Dixon, L. W. Morgan, W. W. Jackman, Job Johnson, Prof. Theodore B. Noss and Prof. G. G. Hertzog.

May 20, 1913, the stockholders of the institution voted to accept the proposition of the State Board for the purchase of the Institution, and the dissolution of the corporation. February 17, 1914, committees representing the Board of Trustees and the State Board of Education signed the agreement, which received the approval of the Governor.

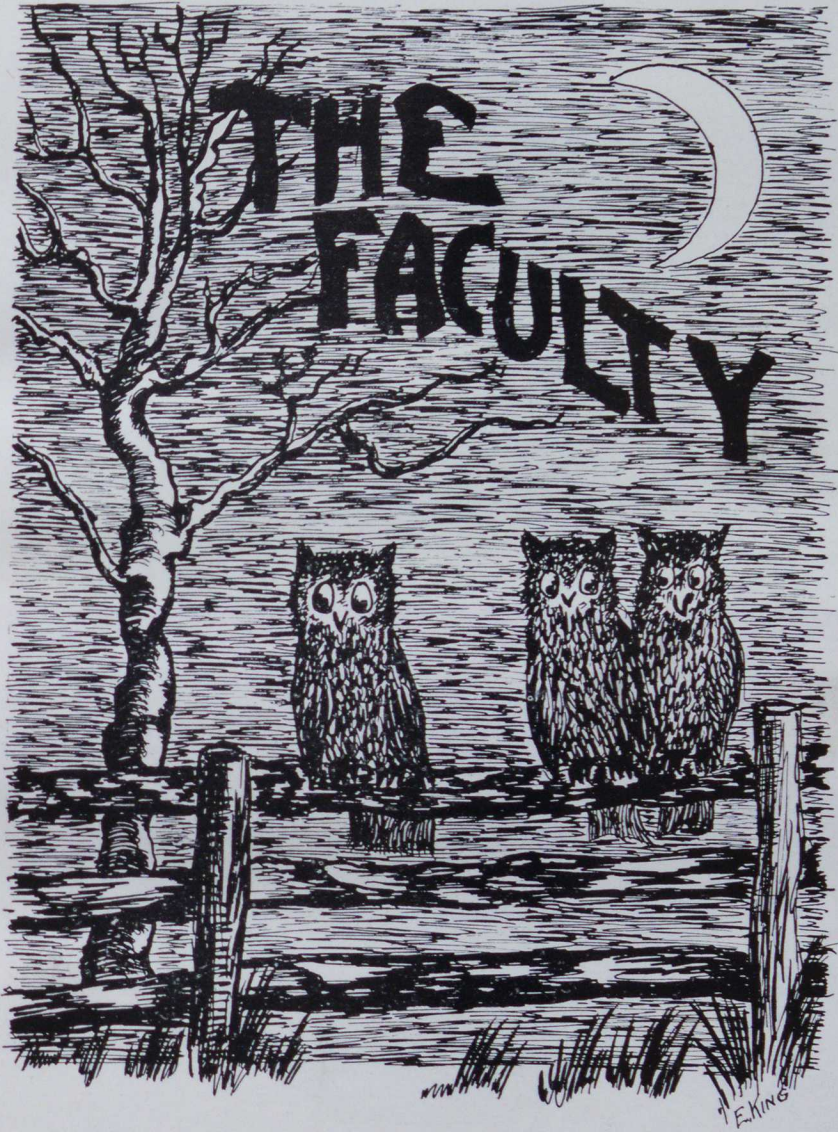

On September 8, 1920, a new course went into effect which has raised the value of the diploma that is given on graduation. It has also made a few changes in the class rooms. The Training School is being put up more to the standard. The school is being run on a better basis now than it ever has been before.

Library*

MISS MARIE G. MATZELLE
Secretary to Principal

THE CALNORSEAN

MR. ARTHUR POLLOCK
Supt. of Grounds and Buildings

MRS. RIGGS
Matron

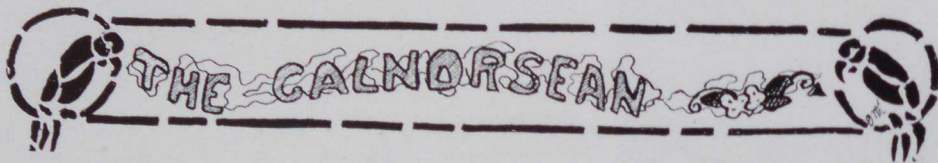

MR. HORMELL
Engineer

These three are the main ones in the working force of C. N. S. Although the girls would add Mr. Geho to the list of the most important for the reason that he carries the mail. He may be seen each morning and evening coming from the town with that good old mail bag which has in it carried happiness for some and yet sadness for others. Oh, do you remember Mrs. Riggs, who is so kind to all the boarding students? Mr. Hormell is a man who is always ready to do any thing for the students, and as for Mr. Pollock you all know that if you speak to him about having something done he is bound to say, "I'll see to that," and he does see to it.

There are quite a few others who work at C. N. S. who we feel sure that you will not forget, for the kind deeds that they have done for you or your friend.

SENIOR

Senior Class History

Way back in the fall of seventeen a crowd of Freshmen came to town, the greenest California has ever seen.

The first time we attended chapel, we all flocked together and that gave us a chance to look our stock over. We found to our point of view that we had the best in the school. But the other classes did not think so.

When it was announced that the Faculty Reception would be on the Friday night of that week we became quite nervous, because the upper class-mates would not tell us anything about it. If some one would say something about it, it was just the opposite way from what they said. So we were left to do just what we thought best. Cannot tell you of the breaks made because they would fill quite a large book. But nevertheless, we learned quite a few things of great importance.

Our class has increased a great deal in the four years we have spent within the walls of S. N. S. Each year someone would leave, but there were several new members at the beginning of the year. Now our class has increased to the number of one hundred one members. This being the largest for several years and, of course, we think the best that ever graduated in the history of the school. Why not? When you look at our pictures just think of what a good selection J. B. made when he enrolled this class in the fall of seventeen. Every one is ready to do just what the Faculty says? ? ?

The new course of study surely has tried us out in all ways. Especially along the line of teaching. Oh, just think, we had to spend two long, lonesome hours in the Training School every day. Then to make things worse, they decided to have school on Saturday mornings.

But after all is said and done we find ourselves out in the wide world teaching school and really making some money instead of leaving it in the Book Room at C. N. S.

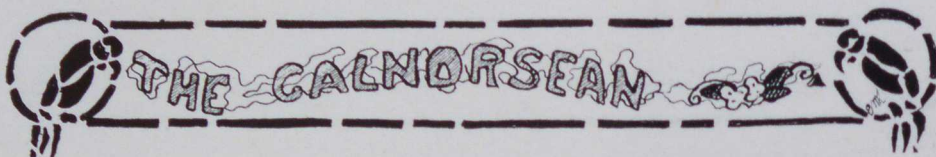

Class Song

(Sung to the tune of "The Lorey" page 203, chapel hymnal)

We are the proudest senior class
That e'er went out from here.
Perhaps we may not know so much ;
But then we're just as dear.
Though the students and the faculty,
All may miss us when we're gone ;
We are proud that we've been seniors,
For our life has just begun.

When work seemed very difficult,
And tears would almost come,
Who could help but think and worry
And just cry down in our hearts,
For now that we know our trials are o'er,
And the burdens of the four years past ;
We all know that we're proud, too,
Of our dear old senior class.

—M. O. V.

Class Poem

Three cheers for this, our C. N. S.,
For in the coming June we part;
And then upon a great journey,
The journey of life we start.

Our years here have been pleasant,
For we've spent our moments well,
And when our school days are ended,
A sad tale will be left to tell.

You'll not forget how wise we've done
Our duties—and all we've said—
You'll not forget 1921,
Tho we have long been dead.

Farewell! Farewell! old teachers dear!
You'll never see us any more;
But think of us from year to year,
Not lost, but gone before.

Farewell! our own dear teachers;
We leave you with regret,
And if you feel like each of us,
I'm sure you're glad we met.

Then I wonder dear old faculty,
If you will feel quite blue,
When this class of 1921
Says "Au revoir" to you.

—M. V.

THELMA J. DUVALL

Charleroi, Pa.

"Heavy?"

Clio; Senior Class President; Calnorsean Staff.

Behold! our noble President. She was inaugurated into this world on a sunny day in June. Thelma surely has acquired the characteristics of that month. Her voice is like that of a bird's (not a parrot), but a real meadow lark and her favorite song is "Oh! How I Hate to Get Up In the Morning."

Thelma hails from Charleroi and after two years from her graduation there, decided to join our ranks and become a noble school marm. We sometimes think she will become a cranky old maid! as she thinks anyone that is frivolous is wicked! ! ! She thinks shows, especially those in Pittsburgh, are ruining the young people of today! ! !

Cheer up! She has some good points, for Thelma surely can teach. We feel sure that this is her calling, but what about the ring on her finger, it seems she will not linger. But what is our loss is "His" gain, so here is our best wishes for your health, wealth and success.

THE CALNORSEAN

H. EARL ADAMS

"Adam" INDIAN HEAD, PA.
 Philo; Junior Class Pres.; Junior Class Play; Philo
 Pres.; Football '19, Capt. '20; Basketball '20,
 '21; Baseball '20; Y. M. C. A.; B. A. A.

First and foremost of our drove is "Adam." We place him first because it just seems natural for him to be there. He may be classed as a well matured and learned man. If asked why he came here, he will answer, "That luring call of C. N. S. haunted me so in that vast 'Indian' region where I live." His pleasing way has made him very popular and we enjoy his presence.

"Adam's" goal in athletics has ever been "Excelsior" and will continue to be. His two years spent here have been very good ones.

HELEN V. ADAMSON

WAYNESBURG, PA.

Clio; Y. W. C. A.; G. A. A.; Glee Club; Orchestra; Clio Pres.; House Committee; Calnorsean Staff.

*For the girl worth while
 Is the one with a smile,
 When everything goes dead wrong.*

Here is a fair lady whom everyone is glad to meet. It makes no difference what goes wrong she has that very pleasant smile for you. Helen is a very busy girl, never stops in the halls only when necessary. All of her waiting is done at the Post Office. I wonder why? Don't worry, she has a good reason.

Helen is very fond of music and as a teacher of music she is considered good. Just take a look at her and you can see the music coming right out of her eyes. Now from the standpoint of a student she is hard to beat. But listen, why all the visits home so often? Maybe you would rather not tell, as it is a secret.

MARY ANDERSON

"Shorty" CHARLEROI, PA.
 Clio; Calnorsean Staff.

Shorty just started to live sometime in the long but not forgotten past. Her bright smile meets the approval of the faculty and student body of C. N. S. Never mind, Mary, "Cheerfulness makes hard work light."

One of Mary's favorite expressions is "I ain't." She and Martha are inseparable. It seems to be a case of two hearts beating as one.

Shorty is one of our most studious girls. She may usually be found in the library reading reference books. Although very small she has great ideas. "Precious gifts are done up in small packages."

JESSIE E. ANTRAM

EAST MILLSBORO, PA.

Clio; Y. W. C. A.

To know Jessie is a hard thing to achieve, but worth while after achieved. She is ranked as one of the most quiet girls of the school. But the girls who really know her say that there is no one more ready for fun than Jessie.

Her mind is not always on the problems of school but ?? well, you might guess.

In her school work she cannot be surpassed, especially in Educational Measurements. We expect that some day she will be an instructor in that worthy subject.

Never mind the jokes, Jessie.

FLORENCE BARETT

CLAIRTON, PA.

Clio.

Florence was graduated from Clairton H. S., and unlike most of us she has had some experience at school teaching, for two years at Jefferson before she joined our ranks in the spring of 1919.

One of Florence's big aims is to be the first to reach C. N. S. each morn. One day last winter, in her haste, she tripped and fell, but this has not altered her one mite, because she and Miss Rayer still insist on being first at school.

Miss Barett has many friends among whom are the children of the Training School. We are positive that she will make a good teacher, as she is good in giving suggestions, especially in Primary Methods.

Nevertheless. Florence, we wish you the greatest success.

GOLDIE BURNS

FAYETTE CITY, PA.

Philo.

Goldie added her cares to this world sometime in the sweet long ago. Never mind the date. Goldie is one of the traveling students of good old C. N. S. She lives in Charleroi, except over the week-ends when she makes a bee line for home in Fayette City. In school she is prepared for every recitation and exam., spends every spare minute in the library doing reference work. She loiters not in the hall, nor in North Hall.

Next to school work, her hobby is—the movies, and Wagner's in Charleroi.

But never mind, she is successful and will be in the future.

GERTRUDE BIGLER

FREDRICKTOWN, PA.

Clio; Y. W. C. A.

Busy as a bee is this dignified young lady, and always ready to do her bit. We all wish her success in her future profession, but lucky is he whom she teaches alone. Gertrude is rather hard to become acquainted with but after making the first advance, she will receive you as a friend, and then you will be glad of the break you made for she is a real friend. Her unassuming bearing and diligent efforts have won the approval of both the students and the faculty.

Gertrude represents scholarship of the highest type. We all wish that whatever path in life she chooses will be full of success.

GLENNA M. BOARD

"Boarde"

BELLE VERNON, PA.

Clio; Y. W. C. A. Cabinet; G. A. A.

"Boarde" floated into the Junior class at C. N. S. to be finished with knowledge. After planing and polishing, we are proud to produce an accomplished personage.

Her laugh is the spontaneous combustion of an optimistic nature which often reached the ears of the floor teacher on second floor Dixon. Time will tell the outcome of her personal liberty and deliberate pardoning. She is one of those happy combinations who, while believing C. N. S. to be a regular workshop, is philosophic enough to make the best of it.

We don't know how long she will follow the teaching profession, but from her good work in the Training School, we are assured that she will have a "model school."

DALE BLATCHLEY

"B"

WAYNESBURG, PA.

Clio; Y. W. C. A.; G. A. A.

Although Dale has spent only two years with us, we are sure she will say, "I have enjoyed it." Dale has plodded cheerfully through her two years at C. N. S., and has now reached her goal. Taken all around she is a good student, a worthy friend, and will be remembered by all. She has been a faithful worker and has mastered the heavy subjects that stared her in the face when she entered C. N. S.

She has made a success of teaching in the Training School.

To those who do not know Dale she is very quiet and sedate but to others—well, we will have to leave that to their good judgment.

We do not know what the future has in store for her but whatever it may be we wish her success.

MILDRED BRADFORD

"Mid" UNIONTOWN, PA.

Clio.

*The truest lass is she
The kindest lass in every courtesy.*

"Mid" hails from Uniontown. She entered our class in '18 after having gone to Uniontown H. S. for one year.

There isn't a thing in this world "Mid" wouldn't do for you, and as for making friends she belongs in the front ranks.

Miss Bradford stays in Coal Centre and each morning, rain or shine, sees her on her way to C. N. S. and each night sees her returning to Coal Centre, but in spite of this she spends quite a few week-ends in Uniontown and lately it has been Donora. Now I wonder what attraction draws her down there?

"Mid" is liked by all and for her success there is no fear, as we know it will be great.

KAYTHRYN E. BRIGHTWELL

"Kay" BELLE VERNON, PA.

Clio; G. A. A.; Business Staff.

Kathryn entered this world of misery and gloom in time for Thanksgiving in the year 1902. She is very studious and has never been heard to laugh aloud or even to giggle!!!

Although "Kay" hails from Belle Vernon she praises Monessen continually. We wonder why? Beware, she is very dangerous, she actually holds up the train at least four days a week, because she very seldom arrives on time and the kind hearted brakie always helps her to arrive here on time. Kathryn is very fond of telling of her childhood escapades and from all reports she must have been some wonderful baby. But above all she is a very faithful girl.

GLADYS L. BROWN

CRUCIBLE, PA.

Clio.

Our Gladys came to California to pursue her favorite study, "Domestic Science." She surely has a vast knowledge as a basis for her scientific pursuits, and will make an ideal domestic science teacher. She is prepared to teach large numbers, but may choose a class of one instead.

Gladys is a very jolly girl to those who know her, and time passes pleasantly when she is around. During the four years she has spent with us she has made many friends.

Her chief aim is to achieve glory in the educational field. We unanimously extend our best wishes in later life.

GEORGANNA BUNTING

ROSCOE, PA.

Clio Treasurer.

Here is a young girl whose date of birth is not known by us so therefore we cannot give it to you, but we have sufficient evidence that she was born at some place and at some time. The smile she wears is one that makes everyone take notice of her when passing by.

One never finds this girl doing nothing. She is found quite often doing some art work for Miss Neibaum, which she is greatly interested in doing. Georganna thinks no one works quite as hard as she, but there are others that say this is not so. The best way out of it is to ask her yourself. As she is treasurer of Clio she is kept quite busy collecting the dues as there are so many in that society.

But, Georganna, with your art work and experience as treasurer, there is no doubt but what you will succeed.

MARY E. CANTONI

“Tony”

CHARLEROI, PA.

Clio; G. A. A.

Mary first opened her eyes on a chilly September morn in the year 1900. She has several good arguments. First, it is actually money thrown away to eat such indigestible food as chocolate candy. Second, it is wasting energy to write letters to fellows when you can talk to them for five minutes and tell them everything you know.

Mary is a Charleroi High School graduate and often relates her thrilling escapades while sojourning there. Her favorite pastime is spent in composing songs. We predict she will be a great composer—some day, if she keeps on at the rate she is now pursuing. Her one and only aim has been to be a school teacher and now she ought to be satisfied.

PEARL E. CARSON

ALLENPORT, PA.

Clio.

*There was a girl named Carson
Who was always hunting the parson
When the parson she found
No man was around
So her name is still Carson.*

Pearl is one of our quiet girls. “She isn’t very good in a crowd but when you get her alone—.” She does not say very much, but when she speaks everyone takes notice as it is always something worth while.

Her quietness is not her only good quality. She is one of the many in our class who do not worry about their lessons but is always ready to recite when called upon.

Although Domestic Science has not been Pearl’s favorite subject, she may change her mind about the course after she has left the school.

MARJORIE CHALFANT

"Margie" BELLE VERNON, PA.
 Philo; Y. W. C. A. Cabinet; G. A. A.; Mandolin Club; Mgr. Girls' Basketball, '21; Calnorsean Staff.

"Margie" is such a bashful, shrinking, timid child, that it was a long time before the class woke to her ability. There was one thing she didn't forget to bring, however, and that was her appetite. She hails from the village of Speers and naturally brought with her the "Spearmint" habit. After spending some time at Charleroi High Majorie decided that C. N. S. was the best place for her to complete her education, and after coming to this conclusion she decided that the class of '21 was the best class.

During the time she has been with us, she not only has proved herself a good student, but has, by her gentle manner, won the admiration of all who know her.

We now leave her, hoping that the darts of Cupid go wide of the mark until she has won the fame that is due her.

MILDRED B. CLAPPERTON

"Midge" CALIFORNIA, PA.
 Philo; Glee Club; G. A. A.

"Midge" bubbled to the surface in 1903 and started talking about a year later, and believe me, to this day she has never stopped, and if there is anything she likes to do it's just talk some more.

"Midge" is one of our own Californians, coming from the hill. If at any time around 8:30 o'clock you see "Midge" running madly down to school at breakneck speed, please get out of her way as she is hurrying to her 7:30 Health Education class. She just loves to get up in the morning and take her good old time getting to C. N. S.??

Miss Clapperton has been with us for four years and two of these she spent teaching in the kindergarten. The children think a great deal of Miss Mildred and about her success we have no doubt. May it just be double our expectations.

FENWICK P. COLE

"Red" CALIFORNIA, PA.
 Philo; Junior Class Play; B. A. A.; Football

*"My love is young and fair,
 My love has golden hair,
 With eyes of blue, and heart so true,
 That none with her compare."*

"Red" has two hobbies—music and athletics. To hear him play the piano would convince you of the former and to see him take part in the latter would assure you that he is there with the goods.

Above all he is a very apt pupil in science. He can certainly juggle the C O's and H O's. But, "Red," do be careful and not mistake H SO for H O.

When you see a streak of red dashing through the hall five minutes after class has taken up—do not be alarmed for it is only "Red" going for a class.

LENA COLEBANK

"Sis"

POINT MARIAN, PA.

Philo; Y. W. C. A.; G. A. A.

Here is Lena, one of the best sports in the class of '21. You may think she is quiet to look at those wonderful brown eyes, but on the other hand the Dean could answer this question to the contrary. Lena is one of our industrious and delightful Seniors who are always busy, yet she finds time to enjoy herself. Her pleasing and sympathetic manner has won for her a host of friends which will be friends forever. You can see this little lass going about the halls with a smile for every one. Her eyes are sometimes shiny pools of merriment; at other times they shoot out sparks of fire; while between times a dreamy, far away expression lurks within them.

Success to you, Lena, in whatever your life's work may be.

EVELYN F. COLLINS

"Eveline"

WEST BROWNSVILLE, PA.

Clio; Hockey.

Evelyn first announced her presence in this world in the year of 1900. Although she has not grown very high in feet and inches this does not mean that she has not done so educationally. For four years Evelyn slid down Blainsburg hill with such speed that she landed on South Brownsville hill in the High School always on time. After trying the life of an old-maid schoolmarm she has decided it is O. K., so we find her at C. N. S. finishing her training. Her cheerful laugh, heard along College Avenue as she comes from the 6:30 train, wakens many a dorm student in time for breakfast. Evelyn's greatest delight is writing up "The Water Babies."

RUTH P. COOPER

FAYETTE CITY, PA.

Clio; G. A. A.

Ruth just sprung up sometime in the distant past and has been trying to determine her relation to the world ever since.

She has the most enviable blue eyes and pink cheeks. Nevertheless, she is one of our number who did not need to worry about assuming dignity when State Board came around, because she always carries it with her.

Ruth is very fond of reading; one may find her in the library reading the "Jungle Book" or some other book of that sort. Ask her why she reads them and she will say, "Oh, just for something to do."???

We are not sure of her life work but we do hope that it will be one of happiness.

THE GAMBORSEAN

ISABEL COULSON

"Issy"

ROSCOE, PA.

Clio; G. A. A.

"Issy" bloomed like a flower in the year 1900, and has been scattering her beauty and fragrance broadcast over the world ever since.

Isabel is one of the many graduates of Charleroi High and after teaching for the short time of two years decided to come to C. N. S. and graduate in order to avoid the annual exam. in order to teach. We sure think that she had the right idea when she performed this wonderful deed.

She is by all means a good sport and takes life just as it comes. To dances she loves to go and enters all social activities with the most possible pep and enthusiasm. And above all she sure does love to teach.

NELLIE M. COWAN

MONONGAHELA, PA.

Clio; G. A. A.; Y. W. C. A.; Mandolin Club;
Vice Pres. Clio.

*Friends my soul with joy remember!
How like quivering flames they start
When I fan the living embers
On the hearthstones of my heart!*

This small, little maiden came from heaven some time in the year 1903, and we have all benefitted by her coming. With her sweet disposition, her willingness to help and most of all, her well developed intellect, Nellie can easily adapt herself to any situation and always does to perfection that which she wishes to do.

Little Miss Cowan traveled all last year and part of this year but for some reason or other finally decided to board. We all have an idea just why she is now a boarding student. As a matter of fact "Red" seems to attract her attention to some extent. We sometimes find her very much interested in a certain "Cole" which is often found around C. N. S.

ETHEL F. CRAIG

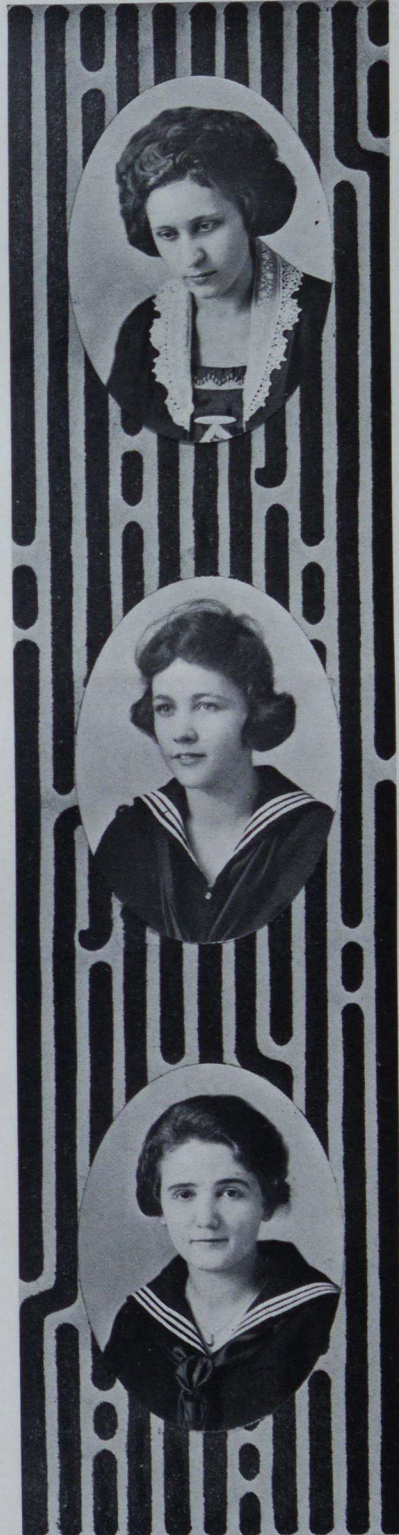

CHAMPION, PA.

Philo; Hockey; Y. W. C. A.

To really know Ethel is a great achievement, and not many of us have acquired that privilege. In her classes and in the halls she is very dignified as all Seniors should be. But I wonder if she is just as quiet in the Dormitory—some say she is as lively as any one.

Ethel just came to us last spring term, but during her stay with us she has proven her value. In hockey she is fine, in her studies finer and in her teaching finest. One may always find her ready to lend a helping hand to those who need it and need it bad.

The good wish of the class goes with you for your success.

IRENE CROMBLISH

"Bobby"

BELLE VERNON, PA.

Clio; Clio Play, '20; Y. W. C. A.; G. A. A.

"Bobby," measuring five feet three inches and weighing one hundred and five pounds, is one of the big bugs of the Senior class. When she first joined our midst she was slim and bashful. She has overcome her bashfulness but has refused to get fat on cold pancakes and "state aid" for breakfast. She has a quiet, good natured, winning way about her which gets her what she starts after, and at the same time has made her popular. This little lady is a sincere, never-give-it-prospective school marm who only says, "O, hunt," when things don't go to please her. A happy future lies before her because she has established the habit of looking on the best side of every event.

KATHRYN DULL

"Kae"

GLADE, PA.

Philo; G. A. A.; "Yale Hockey;" House Committee.

*"Happy am I, from care I am free,
Why aren't they all contented like me?"*

In any group of girls there is always one to be found who is capable of taking care of the others. "Kae" is one of our best students, "quiet and dignified." She sometimes breaks some very strict rules of the school, such as visiting during study hour on Tuesday night and attending feeds on second floor Dixon. She is a hard worker in everything she takes up and we are proud of her and feel sure she will make a success in whatever she takes up in her after life.

Best wishes, "Kae."

GEORGE W. DUMBAULD

"Pop"

INDIAN HEAD, PA.

Philo; Y. M. C. A. Cabinet; B. A. A.; Philo Contestants '20; Senior Class Treasurer.

*"Felloes, the drummer I talk to you
The longer you get."*

"Pop" just simply made himself known to the people of the world in the fall of 1897. We consider it very kind of him to join our class and not the one at Indiana. The school sure is lucky to have such a dignified person within the walls of the institution.

George has two places to stay, one being in South and the other in Dixon Parlor. Now please don't ask him why he stays part of the time in Dixon Parlor because you might get him fussed. That would be too bad, really.

Well, "Pop" likes to play tennis and debate. The latter is preferred. Did you hear about the contest he was in last year?—and behold, he came out the big end of the horn.

As we have not said anything yet as to his teaching ability we shall now do so. All the critic teachers say that he is fine. He sure can draw the "A" his way.

THE CALNORSEAN

ADA M. EDWARDS

"Aide"

COAL CENTER, PA.

Philo.

When we think of "Aide" we always think of fun and laughter. She may be called the "live wire" of the class. Always up to something, but she always comes out of it some way or other. Even at State Board time you could not lower her spirits.

Ada's failing is the attraction in North Hall. No matter how hard the teachers tried she could not be kept out of the dormitories.

"Aide" is known as a good student and is a very good teacher. We feel sure of her success.

RUTH E. FEIGHTNER

SOMERSET, PA.

Philo; Y. W. C. A. Pres.; Basketball, '20, '21; Hockey; Mandolin Club; Glee Club; G. A. A.; Vice Pres. Philo; Calnorsean Staff Cartoonist.

*Sunny hair and sunny face,
Of sadness there you'll find no trace.*

Here is a young lady who has evidence of the fact that she was born but cannot recall the event or its date. To look at Ruth, you would think her as pious as a Y. W. C. A. President should be, but say, just take another look. Behold, you find a few of her many qualities. First we find she is a good sport; second, a good basketball player; third, a good contralto singer, and fourth, a good "uk" player. Her favorite song is, "Still, Still With Thee."

As there are two sides to everything we feel sure that it is our duty to tell you Ruth's teaching ability. Putting the whole thing in a small statement she is a good teacher in any subject.

K. ISABELLE FIFE

"Toots"

BRIDGEVILLE, PA.

Philo; Philo Play; Philo Contestant '20; G. A. A. Board; Mandolin Club; Calnorsean Staff.

*"Of manners gentle; of affections mild;
In wit, a woman; in simplicity, a child."*

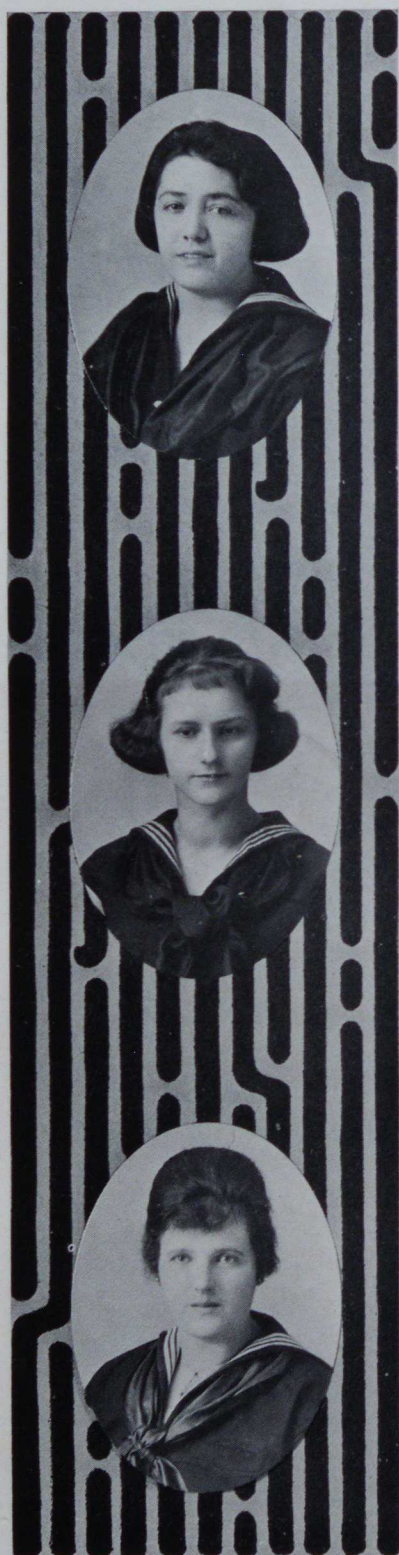

This little dark-haired classmate breezed into C. N. S. two years ago from the vicinity of Pittsburgh.

"Toots" is one of those all around good sports who is sure to join in all social affairs in Dixon. Really it is a very slight task for her to entertain a crowd for an evening with her mandolin, piano and those ghost stories. Do you remember some of them?

At first sight one would think "Toots" a bashful and shy little dame, but just wait until she has the ice broken then take another look at her. She is very fond of singing, "When Johnnie Comes Marching Home." How about it, Isabelle?

As a contestant and a teacher she is considered good. Her favorite subject in teaching is "History." We are not so sure that she will follow the teaching profession to any great extent but maybe on a smaller basis.

MARTHA S. FISCUS

"Poky"

BELLE VERNON, PA.

Clio; G. A. A.

Martha sauntered into Monesson in March, 1902, and thus earned for herself the name of "Poky." But remember this implies only a physical manifestation and not a psychical one, for she is one of our best students. Her ability does not lie wholly in the intellectual field either, for Martha's musical talent is one of which to be proud.

We find that she now resides in Belle Vernon but her conversation still reveals the fact that her childhood associations are not forgotten. One dares not say anything against Monesson when she is around or you will find her getting "Fat." Her one aim is to get "Fat"—oh, no, not an avoirdupois interpretation of the word, but the possessor of it.

In giving our last words of her we must say that she is able to handle anything one may ask her to do.

EMMA LOIS FLICKNER

"Patsy"

POINT MARION, PA.

Philo; Y. W. C. A. Cabinet; G. A. A.; Senior Hockey; Glee Club; Mandolin Club.

*Here is to "Patsy" with her red hair,
Of work here at school, she has done her share.
She is full of fun we must confess,
In this little rhyme, we wish her success.*

How "Patsy" ever acquired this nom-de-plume is a mystery which she designs not to divulge. She takes things as they come and is therefore quite at home at C. N. S. She demeans herself in a gentle and amicable manner, yet as a member of the Mandolin Club, sounds are emitted from her worthy little instrument, raised to the tenth power.

It is rather hard to decide in what directions her tastes run—she seems perfectly at ease sliding down straw-stacks; then again her disposition is quite adjustable to a Y. W. C. A. Cabinet meeting. She is persevering, conscientious, and studious, yet withal "a good sport."

L. MARIE FORDYCE

"Ria"

FORDYCE, PA.

Philo; Y. W. C. A.; Philo Contestant.

Marie "just came" to us this year, but it did not take us long to measure her value to C. N. S.

She is one of those "large" girls, both in mind and body. Wherever you see Marie you are sure to see sunshine and a big smile thrown in with it. You very rarely hear her express her opinion, but when she does one can always know that she means what she says.

In History of Education no one can surpass her. She always has an answer and the teachers are scarcely ever disappointed in her.

Oceans of success.

DENA FRANCES

"Dena"

CHARLEROI, PA.

Clio.

Dena descended from heaven in the past and took her place among the motley throng of strugglers. And Dena has proven equal to the struggle and is coming out on top. She is wee but size doesn't always count. At least not in this case for Dena is a mighty good sport, when you know her.

We are afraid that our good wishes for her success as a school marm will be in vain for, oh well, a word to the wise is sufficient. However, her training received at California Normal School will always stand good.

LEANNA M. FRENCH

"Frenchie"

CARMICHAELS, PA.

Clio; Y. W. C. A.; G. A. A.

"Frenchie" has been with us for two years. She came from Carmichaels to prepare herself for an A. No. 1 teacher, and we can easily tell by the work she is doing now that she will be successful after she leaves the sheltering halls of dear old C. N. S.

"Frenchie" is really a preacher's daughter, but who would ever guess it, because she is always the leader in all of the "Midnight Frolics" of Dixon Hall.

We often wonder why she likes "red" so well and really she adores Hudson Speeders.

Dancing, eating and dating are her favorite pastime.

GLADYS E. GATER

ALLENPORT, PA.

Clio; Calnorsean Staff; Clio President.

Let me introduce you to Gladys, the kind of girl we all like. Why could there not be more like she?

This fair member of our class is a much prized article. Her abundant stock of knowledge (and incidentally her willingness to impart some of the same to the less fortunate), as well as her cheerful disposition has placed her on the roll of "Good Old Sports." She is ready for all occasions, from teaching Geography in the Training School to automobile riding on Sunday afternoons.

There is just one fault to Gladys' character, rather to her appetite, that is, she does not like tomatoes. But we must not look down upon her for that.

WESLEY D. GAULT

"Slim"

DAWSON, PA.

Philo; Y. M. C. A.; B. A. A.; Football, '20.

One windy day last year, the north wind blew in a tall fellow from Dawson, Pa., who answers to the name of Wesley Gault. But in June he will depart with the other dignified graduates.

He is tall and slim, quiet and unassuming, but nevertheless "Slim" is one of our athletic stars.

"Slim" is a hard worker and we can easily notice it when he recites in his classes. He is especially fond of music. Do, ti, do.

Gault is also accomplished in playing the guitar, and girls, beware, because you know music hath its charms.

"Slim" is not much for casing, but the quiet ones—"Still water runs deep."

EFFIE R. GOTHART

BOSTON, PA.

Philo; Y. W. C. A.; House Committee.

Effie just came to us this year, although she was here one summer term. She is one of the dignified Seniors of C. N. S.

Of noise she makes none at all in the halls, therefore has never received a bawling out. To get Effie started is a very hard thing to do, but when you do, it is look out, everyone. Her opinion of the subjects is very good when given. But seldom does she speak. When called upon she answers without a bit of trouble.

RUTH GRAVES

MONONGAHELA, PA.

Ruth solved the problem of existence by a practical demonstration sometime in the past, never mind the date for it is not to be known.

Ruth served a time or two in a school in Ohio, but when the sound of C. N. S. came to her she left and came right to California to attend school. She is known as to always hunting the best and we are sure that she has at last found it. We are glad she found the best before it was too late.

This girl is also one of the quiet squad at school, some say you should see her when there are but two in the crowd. How about it, Ruth?

If you want to know just what kind of a teacher just visit her school some day and you will have a good idea of her as a teacher.

MILDRED M. GREENLEE

"Mid" BENTLEYVILLE, PA.
 Clio; Y. W. C. A.; House Committee; Glee Club;
 G. A. A.; Clio Play; Calnorsean Staff.

Mildred is one of the merriest girls in our class. She is always willing to lend a helping hand especially if any one is hungry. Above all she believes in having a good time.
 "Mid" is sincere and earnest in her work and we feel sure that she will make a very successful teacher.

Since she has become a dignified Senior, she has settled down and is never known to leave her room during study hour.

Well we are sorry to lose you this year, but we wish you all kinds of success in the future.

ELMA M. GUNDERMAN

"Skinn-ee" CHARLEROI, PA.
 Clio.

Just when Elma started her earthly career is not actually known, but all the same she is here. Elma surpasses all when it comes to giggling and being mischievous. She can outrun any phonograph ever invented or ever will be. News! Did you know that Elma is an athlete? Well she is. As she hails from Charleroi she must rise very early in the morning and catch the early train and she practices by running to the train. Sometimes her practice is in vain, but what of that. Look at the exercise she gets.

Elma certainly is attached to C. N. S. She arrives on the first train and leaves on the last. But in spite of all this she is a true friend when in need.

FLORENCE S. HALL

DONORA, PA.
 Philo; Assistant Editor of Calnorsean; Philo Contestant.

Well here is a fair lady who just dropped to this earth and started to go to school. She comes to us from the Donora High School. "Flo" is always in a good humor except when otherwise. Her smile greets you upon entering the train each morn.

"Flo" and Milly may always be seen together. Her intelligence excels that of many of our class. Her work seems a pleasure to her. One may depend upon her doing as she is told.

Above all she is a shark at talking and singing.

MARY J. HALL

"Jerry" UNIONTOWN, PA.
Philo; G. A. A.; Glee Club; Y. W. C. A.

Another Uniontown product was entered into our midst this fall; the dignified person, Mary Hall. Last year she was teaching, while this year it is quite different. But then the girls from C. N. S. can find fun in all phases of their life. She also along with many others, imbibes in the Frolics of Pipers and The Little Tea Tea Room.

"Fussy" just lives through each week, waiting for Friday night to come. We wonder if there is an attraction in Uniontown.

She is noted for her palmistry—step right this way and have your future opened to you.

After all is said and done "Fussy" is a happy-go-lucky girl.

MARY B. HAMILTON

"Billie" LOCK FOUR, PA.
Clio; Y. W. C. A.; Glee Club; Mandolin Club; House Committee.

"Billie" is one of the loveliest members of our class. She was never quiet and I wonder how many times she was "bawled" out for her "voice carrying" all over the hall. When she comes down the hall saying, "For cat's sake" you might know that something is up.

She loves the school just as much as any of us, but why does she go home every week-end? Why to see mother, of course. That is a good reason to tell when the real one is to be a secret. How about it, Mary?

No one can say anything about her school work, because she always managed to get it some way, maybe by bluffing.

MARGARET HARPER

"Peg" IMPERIAL, PA.
Clio; Basketball, '20, '21; Princeton Hockey; G. A. A.; Clio Play; Y. W. C. A. Cabinet; Vice President of Clio; Calnorsean Staff.

This little lady is best known in C. N. S. as "Peg." She has been with us for four years and during her stay she has won many friends by her pleasant smile and good nature. Not only will the Seniors hate to part with her but the underclassmen, too, will miss her helpful advice.

"Peg" is also known as one of the good sports of second floor Dixon. She is always smiling and is one of the jolliest girls in the school.

Where "Peg" shines is in basketball, she is one of our star players.

THE CALNORSEAN

MARY G. HAUT

"Merry"

STAR JUNCTION, PA.

Clio; Y. W. C. A.; G. A. A.

Mary is a sweet maiden with meek, brown eyes. She is quiet and reserved but nevertheless has a bountiful supply of good nature and sympathy.

"Merry" lives in the famous "Paradise Alley" which is noted for its midnight feeds and frolics.

Her warning to Dixon girls is, "Be careful when going around the corners or running through the halls that you do not run into a member of the faculty."

We wonder if Mary knows the meaning of anger? If she does, not one at C. N. S. is aware of the fact. Can you see that nice big smile of hers?

LOUISE C. HIGGINBOTHAM

"Higgie"

BROWNSVILLE, PA.

Clio; G. A. A.; Business Manager of Calnorsean.

To know her, is to love her.

Here is one of the dignified Seniors who started to add her cares to this world sometime in the sweet long ago. Never mind the date, just keep on reading.

"Higgie" came to C. N. S. after finishing the course in the South Brownsville High School. This lady is very busy day in and day out, but she will get a reward for it sometime later on. Her hobbies are Latin and Chemistry. There seems to be nothing too hard for her to do, because she does so much.

As to her position as Business Manager of the Calnorsean, she has been willing to do whatever has to be done. She never said "No" when asked to do something.

ERNEST R. HILTEBRAND

"Hildie"

SMITHTON, PA.

Philo; Calnorsean Staff; Philo President.

"Hildie" hails from Westmoreland County. He is one of those good, wholesome chaps who is a friend of everyone. He has also proved that he is an all around sport. We must say that he is one of our most diligent and earnest workers, yet finds a little time occasionally for casing. Additional credit is due him for his enthusiastic work, never failing to do his part when called upon. We hear that he expects to enter college upon graduating, and the class of '21 sincerely predicts a bright career in the future for him.

During the Great World War "Hildie" served as a sailor. We are proud of him for that.

THE CALNORSEAN

MRS. GOMER F. O'BRIEN

"Goo"

CALIFORNIA, PA.

Clio; Glee Club.

"Goo" has been with us quite a while and we have always found her to be one of the most spirited classmates. Her pleasing personality, ever ready smile and jolly hello has won her the good will of everyone.

Not only is Jessie's influence felt along social lines but in her music she cannot be excelled. Did you ever hear her play the piano? If you have not take it from us and by all means hear her the first time you get the chance. She has afforded us many enjoyable entertainments. Did you say something about her intellectual lines? Well she is just as good in the intellectual world as she is in the musical world.

Since Jessie has been with us she has decided to have a pardner and we, the class of '21, do hereby wish you happiness the rest of your life.

ETHEL M. JOHNSTON

"Johnnie"

FREEPORT, PA.

Philo; Y. W. C. A.; G. A. A.

*Here is to "Johnnie," our little lass,
The jolly girl of the Senior Class,
From morn till night she is happy and free;
Because in the mail there'll be a letter from Lee.*

"Johnnie" was formerly a student at Slippery Rock but as her knowledge increased, she got wise and decided to spend her Senior year with us. She arrived at the very height of our eventful career just in time to participate in some of our escapades. It would be difficult to say which has the stronger attraction for this little Miss—her books or her "fellow" students.

Her ambition is like her unduly garrulousness which makes you sit up and notice. She wasn't built on the graceful lines of a flag pole but after all "It is better to be little and shine than to be big and cast a shadow."

HILDA JOHNSON

COKEBURG, PA.

Philo; Y. W. C. A.; G. A. A.; Hockey; Basketball.

Hilda is a girl who is in for everything and she has found that the intellectual is not the only side of Normal School life.

Before entering our ranks she decided to graduate from the Ellsworth High School. Her arrival has added another pearl to our string of Seniors.

Her hobbies are but two, first, getting up early, and second, hiding from the floor teachers during study hours. Ask her where she hides. Third floor Dixon is never lonesome when she has finished her evening studies, but they always come first.

Now as a basketball player she is hard to beat. We feel sure that the school will feel her loss next year in the games of the season.

IRENE JONES

ALLENPORT, PA.

Clio; Secretary of Junior Class; Secretary of Clio;
G. A. A.

*Dainty, pretty, kind and sweet,
Such a dancer can't be beat.*

Well here is a fair lady that descended from heaven sometime during the year 1902. She has a fair complexion and some nice brown curls.

In the morning she may be seen running for the train, which once in a while she misses. Her favorite expression is "That is not the question."

Irene is also known for her music. Did you ever hear her play the piano? If not, you had better, the first chance you get. For dancing or any social affair she is always a friend in need.

Now, taking her as a teacher, she has a good record. All the children in the Training School are very fond of her.

EMMA KELLEY

"Emmer"

SOUTH BROWNSVILLE, PA.

Clio; G. A. A.; Clio Contestant.

"Emmer" is one of our very un-sedate young ladies. One of our young ladies who "for every why she had a wherefore." One who does not take life seriously. does not examine it carefully, does not turn it over, inside and outside, and look at it with speculative eyes.

"Emmer" came to us quite naturally. She was an accomplished school marm. Although she still wants to be a promising instructor, we surely do hope that she courts the favor of the old school board.

One of her attributes is castle building. A subtle young lady who only dreams.

MERYL KENDALL

McCLELLANDTOWN, PA.

Clio; Y. W. C. A.; G. A. A.; Glee Club; Clio
Contestant.

McClellandtown thought it fitting and proper to send one of her industrious lassies to C. N. S. this fall, and who should it be but Meryl Kendall.

Meryl is one of those precise little lassies, who has a place for everything and has everything in its place.

Meryl is very fond of eating and always manages to get her share—oh, yes, her "full" share. She is especially fond of one of our week-end dishes and that is "fish tails."

We can easily predict her future and it is this. After two years of teaching Meryl and Carl will settle down and spend the rest of their days traveling around in their Chalmers Chummy.

Meryl, we know you will make a success at whatever you undertake, but here is good luck to you.

THE GALNORSEAN

ELIZABETH M. KENNEDY

BELLE VERNON, PA.

Clio; G. A. A.; Cartoonist.

*Happy go lucky and free from care,
Elizabeth's giggle is heard everywhere.*

Elizabeth's coming was announced by her famous giggle. But when it comes to business, all foolishness is laid aside and a more earnest worker you could find nowhere. Her ambition is shown by the fact that she walks two miles each morning to get the train bound for C. N. S. As to traveling Elizabeth has had plenty of experience, her best trip being one to Scotland a few years ago. You should hear her tell of the great times she had, although she is not posted on the latest dances, she certainly can make a hit with the "Highland Fling."

This young lady can do quite a number of things that would interest anyone at any time. Here they are: Read, sing, play the piano and also draw. With all of these after her name we are sure of her success.

LAURETTA KENNISON

EDENBORN, PA.

Clio.

Dear readers, here is a young girl who did not do a thing but bubble to the surface and would not tell us the date of the deed. There is no doubt but what the deed is a good one. She did not join our ranks until last fall, but we all know her by this time and find that she is hard to surpass in the line of making the highest grades in the school.

*"Patient and quiet and studious, too,
This describes Laurette, through and through."*

LAURA M. KILLIUS

CALIFORNIA, PA.

Clio.

This is one of our slender, dark haired lassies, who was brought to us by a stork. We are very thankful to that stork for doing us this kind favor. Her presence is desired by all who know her, and also by some who have only seen her passing by on the street.

Possessing a very quiet disposition she is one of our best students. Never have we heard of her doing an unkind act to any of her fellow comrades. Laura has one hobby and that is Penmanship. Ask the eighth graders if she is a good teacher along this line and they will say there is no better. Many students go to her to have their penmanship done so that Miss Stewart will be sure to accept it.

If she follows this through life we are sure of her success.

ELIZABETH KING

"Lib" SMITHFIELD, PA.

Philo Treasurer; Y. W. C. A. Cabinet; Mandolin Club; Cartoonist; G. A. A.

Elizabeth is one of the many girls who joined our ranks in the fall of 1919. Having completed her course at High School she thought C. N. S. was the best place to receive that higher education that gives her the privilege to teach in the public schools of her native state. Elizabeth is a slim little girl with dimples as her most bewitching feature.

She came back to school this fall with a heavy load on her shoulders, as chairman of the Philo Program Committee. As soon as she found an artist to make posters she was O. K. She is sincere and earnest in her work but does not neglect having a good time.

We wish you good luck in whatever kind of work you follow through life.

E. RUTH KIMBLE

MEYERSDALE, PA.

Philo; Y. W. C. A.; G. A. A.

Here is Ruth whom we consider as one of our very best students. Her special hobby is making A in all subjects. She has a very sweet disposition and therefore makes many friends among the faculty and students, especially among the male sex.

If Ruth meets with some discouragement, which seldom happens, she is heard to exclaim: "Well, for the love of George."

Possessed of optimism in its fullest measure, she should be a teacher, and a good one at that. Ruth attended the Summer session last year and liked the school so well that she came back in September. We are glad you thought so much of the school.

LILYAN KING

"Lil" SMITHFIELD, PA.

Philo; Y. W. C. A. Cabinet; Mandolin Club; G. A. A.; "Princeton Hockey;" Cartoonist.

Yes, Lilyan is Elizabeth's sister. Lilyan has taken a great interest in teaching Domestic Science. Sometimes we wonder why she might be so interested in cooking and sewing. She works with a will and accomplishes the thing she sets out to do.

Philo holds a charm to her and proud is Philo to do so for she is one of her best workers.

Because of her kindness, her frank manner, and her cheerful disposition, she is well liked by both faculty and students.

If Lilyan can win success in her career as she has won it at C. N. S., she certainly will be famous.

MILDRED R. KOSSUTH

"Milly"

DONORA, PA.

Philo.

On a certain day in October Milly added to this world her cares.

She entered our class in the fall of '19 after having graduated from Donora High School. During her stay with us she has proved herself a student of rare ability. If there is anything Milly likes to do it is to play basketball, and as to how good she is on the floor, there is no question.

Milly has a pleasing personality. As she is very studious, she always knows her lessons. Her favorite subject is Industrial Art.

Miss Kossuth is very anxious to start teaching in this wide world and after she gets started there is no question as to her success in life.

MRS. GEORGE KRICHBAUM

CALIFORNIA, PA.

Clio.

Jessie entered the mill as a Freshman and plodded through four faithful years. Not satisfied to accomplish her life work alone she decided to take unto herself a husband. Now she will be able to have her Juvenile literature work up-to-date.

She is one of the students from the hill, and of course, she has received plenty of exercise in walking up and down the hill. That is probably the reason for her being so tall and slender.

As a student she is mighty hard to beat. It seemed to others that she received more "A's" than she had subjects. Jessie is very fond of teaching and taking Domestic Science.

HELEN J. LAMB

"Lam"

CALIFORNIA, PA.

Philo; Junior Class Play; Glee Club; Basketball, '21.

*Is it the size of her feet
Or the loss of sleep,
That causes this—to shuffle her feet.*

Think back a few years and you will discover a year marking Helen's entrance into Kindergarten under the wise leadership of Miss Thomas. She has plodded faithfully on until she has now attained the goal as a dignified Senior. Being such a carefree girl, nothing in particular ever worries her except teaching those "Training School" kids music. "Lam" thinks that quite a problem for any average school teacher.

The class of '21 speaks of her as the best natured graduate they have. Helen possesses unusual ability in singing, and say, we can't forget her drawing. She can draw the most picturesque scenes.

Had it not been for Helen's noble part in the basketball games we would have been defeated many times. She also startles us by her brilliant recitations in the class room.

THE CALNORSEAN

PAULINE E. LATCHEM

"Polly"

ROSCOE, PA.

Clio; G. A. A.

"Polly" assumed the responsibility of living some time in the past. Never mind the date, because that is a secret of her own. But nevertheless, we figure that it all happened along about February, 1900.

This little girl just simply hates to dress up. But we often find her head invariably "stuck" in a fashion magazine and her chief topic of conversation is clothes.

"Polly" is also very fond of teaching school and can hardly wait until her time comes to do as she desires. One never sees her going out at nights—she is found at home doing her next day's school work. Pauline never seemed to care much for dancing, no one knows just why this is so, but, perhaps, if you ask her, she will tell you. It will pay to take the chance.

LEONORA LENHART

"Skinney"

BELLE VERNON, PA.

Philo; G. A. A.

"Skinney" is always flying around getting something ready for Industrial Art or singing her sequentials. The girls are always afraid that some day over in the gym the basketball will hit her again, like it once did, and if it ever would—well, she wouldn't be in the story telling for a few days. Good things come in small packages—and that is just the way we feel about "Skinney," because she always has a good word for everybody, and is always willing to help someone that is in need of assistance.

No one seems to know of "Skinney's" love affairs, but it is rumored that she does have a fellow. She has such a confident air about her that no doubt it is true.

All the good wishes of your classmates follow you.

MYRTLE H. LONG

FAYETTE CITY, PA.

Philo.

If you ever see someone heating up the road you will know it is Myrtle in her Haines, and you will tell us, "can't she drive? Why she just burns up the road over which she passes," and that isn't all, mind you, she has been up in an aeroplane.

To see this dame going quietly through the main hall you would think she had the same quiet way in class. But when questions are asked, her hand is usually first up. She always has in store a good anecdote for whenever the occasion permits.

Miss Long is a favorite with the children of the Training School. She is a very earnest student and the class of '21 unites in wishing her success.

LOUISE C. MILLER

CALIFORNIA, PA.

Philo; Junior Class Play; May Queen; Philo Contestant, '20; Calnorsean Staff.

"To know her is to love her."

The class of '21 will never regret the day this fair maiden entered C. N. S. Needless to say she is one of the brightest and most popular girls at school. Oh, that merry twinkle in her eye would make any one look the second time to see that ever ready smile she has for everyone.

Louise is very good along the line of public speaking. She was one of the winners in last year's contest. Ever since we have heard of her in many different activities of the school. Whatever she is asked to do she does and above all does it well.

As a teacher and student she is considered very good. The little kiddies in the Training School just simply love her. You never see Louise coming out of the office with a low grade, but instead every one being an A or B.

There is no doubt but what she will succeed in whatever she takes up as her life's work.

DOROTHY E. MONTGOMERY

"Dot"

FAYETTE CITY, PA.

Philo.

"Dot" began serving time on this sphere and we consider it as being time well spent. She is a peaceful child, hardly ever has a word to say. But her disposition is somewhat the same way. Her voice is soft and sweet. One may also notice that she stands on her own feet.

As to her school work she is very enthusiastic, never receiving any low grades. In the line of teaching she is hard to surpass. The children like that everlasting smile of hers. Some say that a rather large person also likes that smile. They say his name is John. If we are mistaken, please excuse us, as we are too polite to ask, "Dot."

MARY A. MORES

VESTABURG, PA.

Clio.

Mary announced her own birth but to our dismay she will not tell her age. We think that she announced it sometime after the birth of Christ.

Mary is an extremely quiet girl. In the halls or locker rooms one never knows that she is around. She always has a book with her in order to spend her spare moments wisely. She always obeys rules and never loiters in the halls. Art seems to be her special delight. Well, here's to you, Mary, we sincerely hope that the future generations of Vestaburg may appreciate and profit by your studiousness and knowledge gained from C. N. S.

MARGARET V. MUNDELL

"Peg"

STOCKDALE, PA.

Philo; Y. W. C. A.

"Peg" is a great help to us in many ways. She is a very good talker and can entertain anyone in that way, even a member of the faculty.

She acted as big sister to all the new girls that came to North Hall during the year. "Peg" is always ready to help anyone who needs guidance in any matter. Above all she is a specialist in the art of hair dressing.

No one can say anything about her school work as she is always ready to say something when called upon to recite. Her record as a teacher is a good one.

THELMA E. McCLAIN

"Texas"

POINT MARION, PA.

Philo; President G. A. A.; Y. W. C. A.; Glee Club; Junior Class Play.

Point Marion sent one of her fair children to C. N. S. to prepare her better for her long and prosperous life, and behold, this fair person is "Texas McClain."

"Texas" is one of our girls that has lots of spirit and pep. She is always in for a good time and often makes life worth while in Paradise Alley.

She is very fond of spending week-ends in the West Newton vicinity, also Point Marion, so much that we can hardly tell which holds the stronger attraction. Frequently boxes of candy and letters are received by "Tex." Well, whoever it is, we know, has a kind heart, and we hope the best man wins.

ELIZABETH McGUFFIE

"Betty"

DEEP VALLEY, PA.

Philo; G. A. A.; Y. W. C. A. Cabinet; Class History.

"Betty" is one of our very industrious lassies from Greene County. She has been with us for two years and we certainly do consider ourselves lucky to have such a girl. She is always hustling around getting material for Y. W. C. A. It takes lots of time and energy but "Betty" considers it worth while.

"Betty" is a jolly good sport—this you soon find out after you know her, because at first you think she is so quiet and reserved.

My, how "Betty" does sigh when a certain tall, dark-haired man is mentioned. Thus it is with these winsome wee maidens.

But we certainly do hope that "Betty" will give us the benefits of a few years of teaching after she graduates because we need all the good teachers available.

VERA E. McLAUGHLIN

FAYETTE CITY, PA.

Philo.

Laugh and grow fat like me.

Vera is one of the prettiest and most lovable girls in the Senior class. She is very industrious and makes good in all her studies. She has a pleasing manner and disposition which is the cause of her being liked by all. Vera is a shark in music, making the highest grade in the exam.

Fayette City will be proud of you, Vera, and heres hoping you will make as good a teacher as a friend.

OLIVE McNUTT

WICK HAVEN, PA.

"Nutts"

Clio; Secretary G. A. A.; Basketball, '21; Captain "Yale Hockey."

"Nutts" got her nickname not because it suits her but because it is a part of the poor child's name. She is fond of tennis, a member of the basketball team, and played hockey on the "Yale Team" at C. N. S., yet she has found time to make a good scholastic record.

Olive is a little dark-haired lass who has been with us for two years. The first year she spent with us she was very quiet and never thought of "casing," but when she got to be a Senior she surely broke the C. N. S. "casing" rules.

We predict that "Nutts" will take up the study of Art after finishing her course at C. N. S., for she took great pleasure in teaching Art in the Training School.

The members of the class of 1921 wish you success in whatever you take up in life.

HELEN I. PHILLIPS

NEW SALEM, PA.

Clio.

Helen lives in New Salem but makes her home in West Monesson. She added her cares to this world some time ago but we have not been able to find out the exact date. So what does it matter to us? This fair dame travels and so the other traveling students can describe her best. Her friendship is one that all her friends prize. But with all of this put together she is a very industrious student. Helen now has some little practice as a newspaper reporter also and we predict that she will be successful in her future work.

LUCRETIA V. POLETZ

"Cree" ROSCOE, PA.
 Clio; Mandolin Club; Glee Club; Clio Contestant;
 Calnorsean Staff.

"Cree" made her presence known in C. N. S. four years ago, so by this time she knows the in's and out's of the good old school.

She is one of our smallest members, but when she looks up at you with those big, brown eyes of hers, you are at her feet immediately. "Cree" is the sunshine of the school for when anything goes wrong one will hear her say, "Oh, that will be alright, you just see if it isn't."

Well, now for her school work she is hard to surpass, mainly because she is good at the bluffing job when she does not know her lesson as she should. Maybe she had had some company the night before.

In the Training School she is known as "Miss Cretia." All of her training has been spent with the little tots.

JEANNETTE M. POLLOCK

"Polly" PERRYOPOLIS, PA.
 Philo; Basketball; Y. W. C. A.; G. A. A.

Jeannette is blessed with a happy-go-lucky way, that's her attitude toward life, and consequently worries very little about such details as studies. Why does everyone like Jeannette? Perhaps her sunny disposition is the best explanation, for we all admire that and those qualities which go with it.

She is a lover of athletics. As a basketball player we will assure you that when she got the ball the other party had to stop and look on.

Jeannette has a good record as a teacher in the Training School. She is also a very good worker in the school. Her marks show that.

KATHRYN PORTER

"Katie" COAL CENTRE, PA.
 Clio; G. A. A.

Kathryn is one of the most faithful members of our class, for she has spent four years with us. She traveled her first year but decided that C. N. S. was too far away from her home so she boarded her other three years. A person unacquainted with Kathryn would take her to be very quiet and backward but those who know her best know that she is not so. She is always optimistic and agreeable, staying in her room and attending strictly to her own affairs, never meddling with others.

EVELYN PURDY

"Purdy"

IMPERIAL, PA.

Clio; Y. W. C. A. Cabinet; G. A. A.

"True is true love which is always the same."

Pause, dear reader, gaze long and thoughtfully at the accompanying "phiz," for "Purdy is our class Nemesis. She is a member of the second floor Dixon lineage and is often heard to say to her brethren during study hour, "You better get in the clothes press, I hear footsteps approaching." In this hasty surveillance we must say that she is a model student. She is the original Pollyanna of the Senior class, and her cheery smile will win her a welcome anywhere. She is conscientious and studious and makes the best of school life even if she must tell "stories" in Literature class. As a fitting epitaph we will close this biography by saying that as an unassuming, quiet, fun-loving girl, she bears the palm alone.

MARGARET E. RAYER

"Pegis"

CLAIRTON, PA.

Clio; G. A. A.

"Pegis" arrived on earth in time to share the joys of a Christmas dinner in 1899, and has been struggling for existence ever since. She was graduated from the Clairton High School and has had two years of experience in teaching. Probably this is where she learned the lesson, "It pays to be on time," as she breaks the speed limits trying to get to school on time in the morning. "Pegis" is a good sport. Camping is one of her favorite summer sports and you should hear her tell of some of her thrilling experiences. But best of all she loves to teach school. "Pegis" is an earnest worker and we are looking forward to her future success.

IDA F. REGESTER

FREDERICKSTOWN, PA.

Clio; Y. W. C. A.; G. A. A.

We take this opportunity of introducing to you, Ida, quiet, retiring, but a strong proof of the saying that "Still water runs deep."

Ida always gets to class on time and is always ready to recite. She never says much unless called upon, but when she says something worth while, she gives one ample time to digest each word.

Miss Ida can make them stand around in the Training School. Oh, yes, she is very dignified over there and we know that her success is one that will be very brilliant.

As to her nature, it is the best to be found only when she gets in an argument with some member of the faculty.

ADA RICHIE

SUTERSVILLE, PA.

Philo; Glee Club.

Ada is a girl whom everyone is glad to meet, because she greets you with a smile. She is a person who lets things go as they will, and if they don't turn out just the way she wants them, she merely says, "I should worry." Ada is a very self possessed and a very dignified young lady, so she seems irreproachable to some of the more timid mortals. When you once know her she is a very jolly, friendly, and wide-awake girl. Her favorite saying is, "I'm on."

Talk about her teaching ability and you would think her to be one of great experience and plenty of ability. Ada sure does like to teach those little youngsters in the Training School.

BLANCHE RICKARD

ROSCOE, PA.

Philo.

*Here is a girl from Roscoe town,
Who travels daily up and down;
She is very pleasant and rather small;
If you need a teacher, for her you should call.*

It is said that good material is done up in small packages. Well, that is true of Blanche, she is little but can do big work. At least "Chuck" thinks so. Why not?

In her long but yet short stay at C. N. S. she has proved to us that she is a good worker. To her classes every day she goes well prepared you might be sure. Blanche quite often is seen in the Library with some large reference book in front of her that is just about the size of herself.

Well now, taking her as a whole, there is no doubt but what she will succeed in the days to come.

PAUL RIDENOUR

"Paully"

CONNELLSVILLE, PA.

Philo; Junior Class Play; Junior Class Treasurer;
Philo Play, '20; Y. M. C. A.; B. A. A.

Paul is one of our few but studious Senior boys, his hobbies are Latin and French. He thinks it a shame to go to Latin class not prepared. Keep it up, old top, you have the right idea. Above all he is very fond of driving "Doc's" car. They take long rides into the country every Sunday during the spring and fall.

This young man is a poet and a great reader. He may be found at any time pouring over the dry and heavy literature, such as, "The Jungle Book," "Tanglewood Tales," etc.

The French teacher has found it possible to keep him by telling him to study a French dictionary. No matter in what he is engaged he always has time for a pleasant grin and a happy "Hello."

MARTHA E. SAVENIUS

"Tubby"

ALLENPORT, PA.

Clio; G. A. A.

Martha took her place in this world of weal and woe in August, 1902, and has been trying to adapt herself to her environment ever since.

She is a true lover of all sports but particularly of swimming. She just loves to swim. In fact, we believe that even the fishes of the Monon know her, as this is her "favorite" in summer. "Tubby" is a Charleroi High School girl and she gives evidence of her former training by her excellent standing in every class. She really likes to attend school. We all feel sure that Martha will make an excellent teacher.

CHARLES F. SAYLOR

"Sailor"

ROCKWOOD, PA.

Philo; Football, '20; Junior Class Play; Business Staff, Philo Attorney.

"Sailor" is a quiet, unassuming sort of fellow, who does not say much until he has something to say—a virtue worthy of cultivation. He never takes up anything without a fixed determination to do his best.

Well, what do you think of this? He is not a hunter but a Sailor, yet he associates with a "Hunter." Say, did you laugh about that matter, if not, please do.

As a football player he is considered good. No wonder, look at him and see his size.

"Sailor's" main occupation is making friends with ??? There is not a person who does not enjoy his forever lasting smile.

MARY C. STONEMAN

"Polly"

WEST NEWTON, PA.

Philo; Y. W. C. A. Cabinet.

*"A little nonsense now and then,
Is relished by the best of women."*

Mary came to us from a pleasant nook in Westmoreland County, which she is constantly telling us about.

Her chief delight is to help her mother cook and do the necessary things about the "house," for she says that, "I must learn to cook sometime, better now than later." But since she has come to C. N. S. she has decided to specialize in teaching because "He will not be through college for five or six years, and I will have plenty of time to learn to cook."

As a student Mary has no equal. She likes to spend the most of her time teaching in the Training School or taking Plane Geometry with Iams, but the best of friends must part.

MARY J. TILTON

DEIR LECH, PA.

Clio; Y. W. C. A.

Mary has been with us for three years. She is a bright, energetic girl, and everyone likes her.

Her disposition is a marvel. Has anyone ever known Mary to be cross? Well, I guess not. "Mary, Mary, quite contrary," does not apply in this case. She can express her opinion well, when she has one, but you never hear her argue with anyone.

Mary is a very good student and teacher. This is a quality that most all faculties admire. You should be proud of this. Just to think that you satisfied the faculty of C. N. S.

MAMIE O. VOLPE

Clio; Class Poem; Class Song.

Mamie is another member of the traveling students, coming from Brownsville. We are surely glad to have her with us for many reasons. When most everyone has failed to recite, up pops this fair lady with the correct answer. She is this way in all of her classes.

It is difficult to become acquainted with her, but after the wall of reserve is scaled, you find a charming, quiet, and helpful friend.

Mamie will be one of our great teachers in the future. The class of '21 wish her success but advise that she should not give too many Educational Measurement tests to her pupils.

ISABELLE WALTERS

CALIFORNIA, PA.

Clio.

Stop! Look! and Listen! Here is a girl that laughs and laughs, then laughs some more. We often hear this expression, "Look out, here comes Isabelle laughing fit to kill." We are glad that this merry girl decided to come to C. N. S. for her remaining two years of school life.

Isabelle is an earnest worker, but believes that a little fun once in a while helps a person. She never talks much, but she does things, and that, after all, is the most essential part. Among her favorite sayings this one seems quite popular, "Goodnite, do you know your lesson."

RUTH B. WALTERS

CALIFORNIA, PA.

Philo.

It did not take this fair damsel very long to decide where to go for the "finishing touches." C. N. S. has succeeded in bringing out her strong faculties.

Ruth is one of those mischief loving, yet studious individuals. If you have ever gone into the cloak room you have surely heard Ruth say, "What did you have in History of Ed."

She is the making of a good teacher, because she has an answer for every question you ask her. Ruth needs not "cram" for exams, because all necessary knowledge is stored away in her mind.

MARTHA WATSON

"Marty"

CHARLEROI, PA.

Clio; Calnorsean Staff; Glee Club; Mandolin Club; G. A. A.; Clio Secretary; Class Will.

"Marty" is one of the "down the river bunch." She is a graduate from C. H. S. She came to us two years ago and since being with us she has shown herself to be a true classmate. She is a very quiet and modest girl, also a delightful and true companion. To some who do not know "Marty," she is a very quiet girl, attending only to her lessons, but just let someone say something about a good time—"Marty" can always give suggestions.

Miss Watson just loves to stay in California 'till the nine train. If you happen to be in California either on Tuesday or Thursday night you will see her getting on the nine train for home.

Nevertheless, "Marty" is a good natured girl, full of fun, and the very best kind of a friend, and we feel that with her ability she will be very successful in whatever she undertakes.

GLADYS WEAVER

FAYETTE CITY, PA.

Philo; G. A. A.; Cartoonist

Every day the ferry brings across from Fayette City a bonnie wee lassie—just in time to catch the train for C. N. S. Her name, why it is Gladys Weaver.

"Tadgie" is a kind hearted girl, always lending a helping hand to some of her classmates. To strangers she may seem to be very quiet, but the ones who know her say she is a jolly, good all around sport.

By her work in Industrial Art, no doubt, it would be safe to predict that "Tadgie" will some day be an art teacher.

As for friends of the opposite sex, "Tadgie" doesn't have very much to say, but you can't always tell about the quiet ones.

We know that "Tadgie" will make a grand and glorious success as a teacher of her Private Kindergarten. All the good wishes of the class go with you.

EDNA M. WELCH

CHARLEROI, PA.

Clio; Secretary Senior Class; Calnorsean Staff.

Here is a unique product of the California Normal. After her high school career had seen its close Welch felt convinced that she must enter C. N. S. in order to receive the finishing touches necessary in order to be a good teacher. Well, we might add a little here and say that she has succeeded in all that she took part in. Just one good look at her would convince you that she was full of spirit. There has been a slight mistake made in regards to her middle name. We really do believe that it is "Laugh." How about it, friends.

The only time this fair lady frowns is when she gazes upon the bulletin board and finds that there is to be a Calnorsean board meeting at 4:15. But nevertheless, she has lived through it all.

CHARLES S. WILKINS

"Fat"

CALIFORNIA, PA.

Clio; Editor-in-Chief of Calnorsean; Clio President; Junior Class Play; Football Manager, '20; Y. M. C. A.; B. A. A.; Vice President Junior Class; Tennis Tournament '20.

Here is a fellow that announced his own birth in the year 1901. "Fat's" life here in the Normal has been an eventful one. He has spent all the way to three years here. We call him an all around good fellow. His chief delight is teaching and going to chapel. Everyone is his friend, especially the gentle sex.

Say, did you ever see this young fellow doing nothing? We are glad to say that he is very interested in whatever work he takes up. When he does a thing it is done in the best way possible. "Fat's" interests even go so far that a certain "Camp" in the United States is paid a great deal of attention.

As Editor-in-Chief of this book there could have been no better.

ADAH L. WOODS

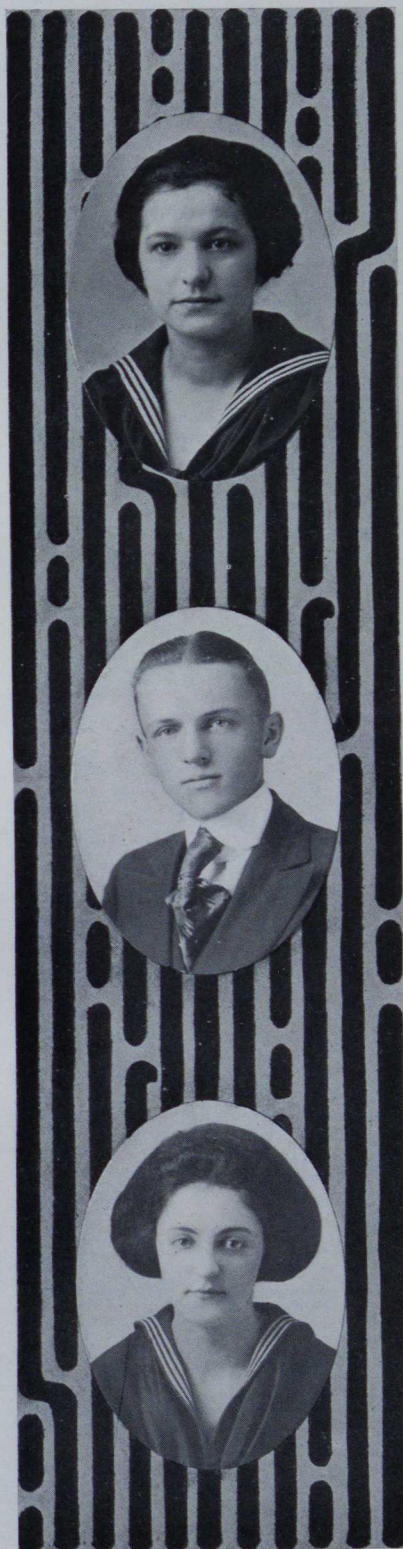

UNIONTOWN, PA.

Philo; G. A. A.; Y. W. C. A.; Cartoonist; Calnorsean Staff.

Words cannot express our thoughts of the subject of Adah. She is one of our whole-hearted girls. She possesses all qualities of a true-blue friend, and the making of a good sport. Her motto is "Smile and drive dull care away," and she is an earnest striver to live up to it.

Adah has a pleasing personality and an ever-ready smile. Her popularity with the opposite sex does not appear to interfere with her school work for she has well displayed her ability as a student since being with us.

She is noted as a very good art student and we hope that she will follow this after leaving C. N. S.

HENRIETTA M. WOODWARD

CHARLEROL, PA.

Philo.

Silence gives consent. This is Woodward's motto, for she surely is a quiet sort of person. She never says much except when called upon. But after all, what is the use of talking unless you can say something worth while. In stature, she is not so large, but yet, rather slender. But we find so many valuable gifts in so small packages. Did you ever stop long enough to think why this is so often the way we find them? Well, if you have not, now is the time to start.

This fair lady is very true to her Alma Mater, as she always comes on the first train and leaves on the last. Among her favorite subjects Human Geography stands above them all. She declares it to be a joy???

MARGARET WRIGHT

ELIZABETH, PA.

Philo; Y. W. C. A.; G. A. A.

Maragaret, having tried her ability as a teacher and finding herself successful, entered our class to get the finishing touches of the profession. If she ever promises to do something for you mark our word, you may depend on it being done, and done right.

She is very good at doing penmanship for others. When she does it there is no doubt but what it will be accepted at first sight. Margaret is also good in telling a person whether a word is a noun or a verb.

But taking the situation from all sides she is a good, little girl.

MARY ZWAYER

PATTON, PA.

Philo; Junior Class Play.

Well, of all things, here is our quiet (?) little girl, Mary, who never makes the least bit of noise and does as she is told. This might do to tell someone who does not know her but how about those at C. N. S.—do they all believe this? Well, I dare say, they are few that do. Now, if you are feeling blue, just go to Mary and you will soon get over the blues for she is the best cure that is known.

Mary believes that cooking is the finest art and, therefore, likes to take Cookery. This may cause one to wonder why, but if you want to know we advise you to ask her. We will not give it away.

As far as to obeying the teachers she is the b-e-s-t in the school. Say, wasn't that last sentence rather hard to say and just sound right?

THE GALNORSEAN

EVELYN N. AIKEN

"Achin"

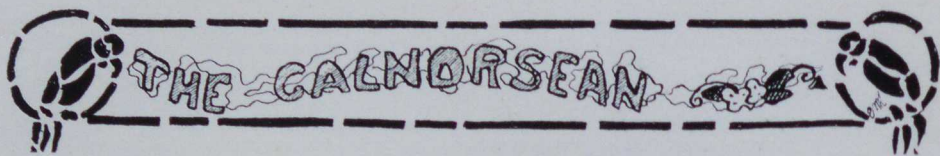

McKEES ROCKS, PA.

Clio; Y. W. C. A.

"No padlocks, bolts, or bars can secure a maiden as well as reserve."

"Achin" bubbled to the surface for the second time at C. N. S. after a prolonged absence. We are glad that she came back to help add fame and distinction to our class. She spends so much time studying that she hasn't much time to talk, in fact she has a truly remarkable capacity for silence. Her permanent address is the "Library," and she only uses her room for an occasional nap or perhaps a "feed." She is never seen in the hall during study hours by the teachers, and never pays social calls except during proper calling hours. Our worthy friend is brim full of life and can usually be found enjoying herself by giggling in an animated group of Dixon Hall dwellers. A successful future lies before her because of her faithful perserverance.

Success

Success comes to him who sticks
To C. N. S. and never kicks,
Who watches neither clock nor sun
To tell him when his task is done.

The man in factory or shop
Who rises quickly to the top,
Is he who gives what can't be bought,
Intelligent and careful thought.

Success comes to him who tries
Not solely for a selfish prize,
But day by day and year by year
Holds his teachers interests dear.

His strength is not of muscle bred,
But of the heart and of the head,
The one who would the success attain
Must show he has a brain.

Junior Class History

From every part of the Monongahela Valley in 1918 came the nucleus of the Class of 1922, now the Juniors. We were a frightened and suspicious group, frightened at the world into which we had come and suspicious of the upper classmen. Work seemed our only thought, but after a few short weeks we were compelled to stop that and go home.

In that year we decreased, but when we came back we found many people to add. Again we were diminished gradually but surely and again, when ready to start our junior year, we found many new people from the surrounding high schools. But somewhere in our mad and sure rush forward we lost our boys and they became the well known specials.

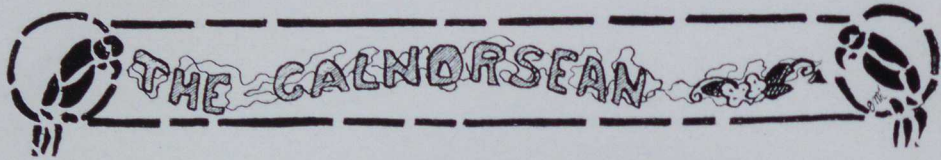

Always are we friends but not as we were. All new students have been welcome to our class. We liked to get them all. The cause of our breaking of friendship, was society and our only social affair besides the Faculty Receptions, the Senior-Junior Dance.

Not an after thought, because of its place, but as a forethought we, the Juniors, thank the Seniors of 1921 for our space in the Calnorsean and promise to treat the Juniors of 1922 likewise.

V. W.

THE GALNORSEAN

Brief Description of the New Course of Study

THE STATE COURSE OF STUDY

All courses are classified in seven departments. They are as follows: Educational, English, Mathematics, Science, Social Studies and Health Education.

The purpose of this new course of study is for the preparation of better teachers for the schools of this state. Although it is quite deep in some places, there is no doubt but what it will make better teachers. Each student has to deal with the real now and not the artificial. Every student must have so much high school work or they cannot enter the Normal department. This is one of the most important parts of the course. There are four groups of teaching and each student has to choose a certain group to teach.

EDUCATION

EDUCATION 1—INTRODUCTION TO TEACHING

All groups, 1st semester, 4 periods, 3 hours credit.

The primary purpose of this course is to aid students in selecting a specific curriculum at the end of the first semester, and to imbue them with a strong professional spirit and high standards of professional ethics.

EDUCATION 2—PSYCHOLOGY AND CHILD STUDY

All groups, 2d semester, 3 periods, 3 hours credit.

The chief topics considered are: (a) instinctive tendencies; (b) habit formation; (c) memory, association and economy of learning; (d) the effective life; (e) thought processes; (f) extent and causes of individual differences among children; (g) treatment of exceptional children.

EDUCATION 12—KINDERGARTEN THEORY

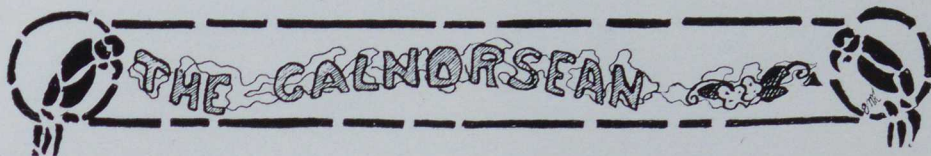

Group 1, 2d semester, 2 periods, 2 hours credit.

EDUCATION 13—SCHOOL EFFICIENCY

Group 1, 3d semester, 3 periods, 3 hours credit.

EDUCATION 23—SCHOOL EFFICIENCY

Group 2, 3d semester, 3 periods, 3 hours credit.

EDUCATION 33—SCHOOL EFFICIENCY

Group 3, 3d semester, 3 periods, 3 hours credit.

This is the way the course of education is outlined. There are several others that are not mentioned here.

ENGLISH

The purpose of this course is to acquaint the student with the source of material in English and the forms of correct expression.

A definite standard of written and spoken English must be acquired and maintained by all students.

The subjects taught are: English Fundamentals; English Composition; Oral Expression; Teaching of Primary Reading; Teaching of Oral and Written Composition; Teaching of Oral and Silent Reading; Children's Literature and Story Telling and Juvenile Literature and Silent Reading.

MATHEMATICS

The course of Mathematics takes up the work in arithmetic of all the grades of any city school and also of any rural school. The methods are taken up to a great extent.

The subjects taught are: The Teaching of Number; The Teaching of Arithmetic; The Teaching of Mathematics and The Teaching of Arithmetic of the rural schools.

SCIENCE

This is also a very needful course for all teachers.

The subjects taught are: Nature Study; Teaching of Geography and Agriculture. The school also has a very good Chemistry and Physics department. College grade of work is taught.

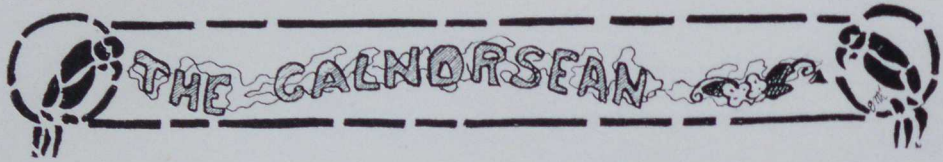

SOCIAL STUDIES

The social studies are one of the important factors in the education of today. It is being taught throughout the state. Every teacher should have a good knowledge of them. If one expects to teach those who are younger than himself, he should be well prepared to do so.

The subjects taught are: The Teaching of History; Citizenship and Rural Sociology.

ARTS

Students are also taught to teach a special subject if they desire to do so. There is plenty of good material for teaching the lower grades given in the line of Arts.

The subjects taught are: Art; Handwriting; Industrial Arts; Sewing; Music and Prevocational Education.

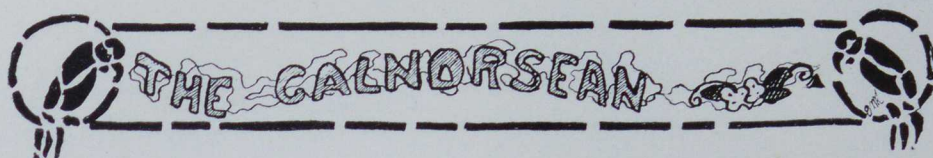

HEALTH EDUCATION

This is a subject that all the students just simply adore. This subject is being pushed to the front more and more all the time as they find that it is very useful to teachers. It also helps one in any other line of work that he may take up. This year the subject has only reached the girls, but in time the boys will get their share of it.

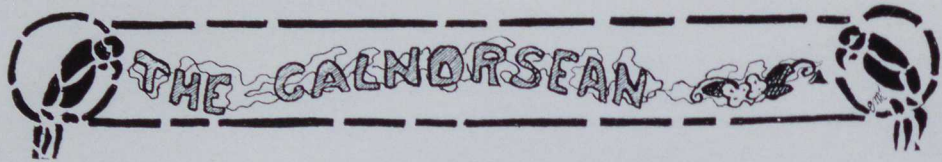

The subjects taught are: Personal and School Hygiene; Health Habits, and Health Education.

Now that we have given you a few of the most important facts of the new course, you can say what you please of it, but the Seniors of 1921 think that it is sure a good course of study. We sure have had some time in getting used to it as we have been used to the old course of study, but we consider that we know more than those who have graduated before. Of course, this is only our own idea of the matter. But, dear readers, we advise you to take this course and prepare for the future. There is no better.

Secondary or
High School
Department

Senior Class History

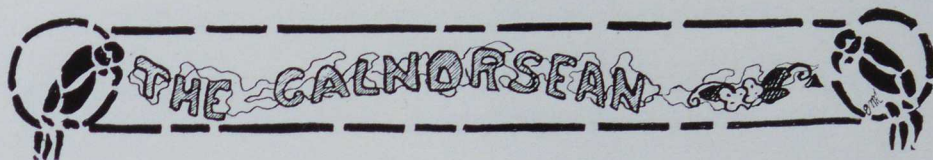

This is the largest class that has ever been graduated from the High School for the last five years. These twenty-one were entered into the High School work in the fall of 1917. Eleven of the twenty-one came from the California High this year. The others came from all over this district. There being a High School Department placed in the Normal this year was the cause of it all.

The eleven from the California High sure are a lively bunch. They are never satisfied to be quiet. Ask the principal of C. N. S. and he will soon tell you of their pep. The other ten are also full of pep, so with the two crowds put together they are some lively bunch.

With all the fun one never can gaze upon a brighter lot of Seniors, unless they gaze upon those of the Normal Department. Of talent we find it all in this class. Reading, writing, music and all the others are plentiful in this class.

We do not expect to die soon, indeed we have no thoughts of such a thing; but since our tombstones are ordered and our epitaphs composed, we will pass out of our high school life in June.

We never will be angels,
Nor with the angels sing;
But we were loyal Seniors
And never did a thing.

Junior Class History

In number we are eighteen, but when it comes to brains we have them all, so there is no use of counting.

From this class twelve of the eighteen hailed from the California High School and, of course, the remainder of the class came from somewhere else.

Those who know these Juniors say that in the fall of 1918 there never was a greener bunch than these, but we all know that green is a fading color and of course it was worn away. As Sophomores, we have not much to say, only that we were sure that one year of High was over.

Our junior year, so filled with the thrills and pleasures of an upper classman, draws near its close. Of good times we have plenty and we are so glad that this is not our last year. We hope that we have set a good example for all the under classmen.

Advancement shows the conquest less,
And more to conquer we confess,
Till graduation, and from hence,
Our study seems but to commence.

Sophomore Class History

In the fall of 1919 a body of people known as the Freshman Class entered High School and started life in these halls so fair. Despite our many hindrances, with spring came the successful completion of one-fourth of our High School career.

Now that our second year of High is about to end, we wish to thank the Seniors for all the advice that they have endeavored to give us. Through all our trials there is no doubt but what a little advice comes in rather handy every now and then. Mostly now, that we are about to become Juniors. When we become Seniors we will look back and recall the deeds which you have done, and do likewise.

Freshman Class History

We, the very verdant class of 1924, entered this grand institution last September, thirty-one strong. We have not lost a member and we have been a very important factor in High School life, as they enjoy making fun of us.

As we were Freshmen, we could not do much as the other classmen would not permit it. But now that we are to be Sophomores next year, we had better take notice to a few of the deeds of the other classmen so that we will be able to carry out the necessary duties that are expected of us.

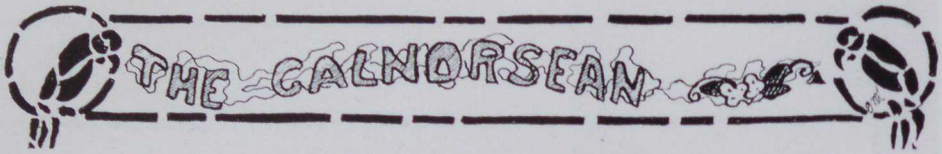

They say that the first year in High is the worst of them all, but from the looks of things we believe just the other way, for we sure have enjoyed this year more than any of the other classes. And just to think that we have three more years of it.

Dear Seniors, we are sorry that you are leaving us, but we hope that whatever you may take up as a life work will bring you happiness.

Memories of C. N. S.

Tonight as we gathered in yonder hall,
I saw my classmates' shadows upon the wall;
I saw the looks upon their merry faces
And things didn't seem in their proper places.
A thought then came to my weary brain,
Were all the last four years spent in vain?
I got to dreaming and seeing things, I guess,
In memories of C. N. S.

We've toiled and struggled for four long years,
Spent most of it in smiles, the rest in tears.
Our motto, "Be bold" shows what was our aim,
And we tried to play square in this studious game.
We praise our teachers who kept burning the sparks,
Kept up the spirit and gave us the marks.
They did their share and we tried our best,
Back in old C. N. S.

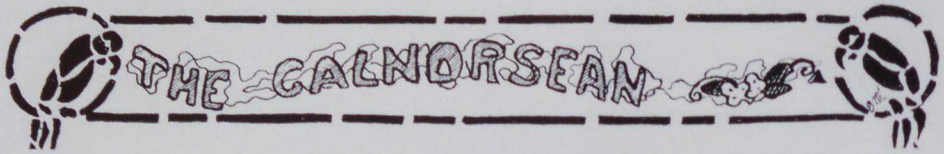

We look on our past with a feeling of remorse,
Though in the future we wish to rejoice,
We would do better could we do it over,
But the past is going like dying clover.
When we sit by the fire and gaze at the embers,
We will probably think of our old class members,
We'll think of the days when we worked with zest,
Long ago in C. N. S.

And now my classmates as you leave the trenches,
You will naturally divide into various branches,
Midst shot and shell you'll cross No-Man's-Land,
And fight life's battles to the very end.
And then, my friends, after you've done your best,
Just quit long enough to take a much needed rest,
And in years to come, I am sure you will bless,
The days in C. N. S.

—C. F. S.

Organizations

Clonian Literary Society

COLORS: *Gold and Blue*

The Clonian Literary Society was organized in Room M of the Southwestern State Normal School fifty years ago. The school was then known as an Academy, but as the State has bought it, now it is known as the Southwestern State Normal School.

Just think after being organized for fifty years what it would be like not to have the society. There has been quite a few lessons taught along many lines in this society.

The society meets every Friday night in a special hall which is kept up by the society. Here is where many a one has given a very interesting paper, reading and many other such helps to the young people of the school. The program committee, with the assistance of the Faculty, are always prepared to make out a program that is very interesting to all. This year besides the good talent along reading and reciting, we are proud to say that we have an orchestra which gives the members and visitors of the society many a good number.

From the colors, which we have with us always in the golden sun in his setting of blue, we learn the lesson of fidelity and constancy, which count for much in our society work. A hearty welcome is extended to any earnest student who wishes to be a follower of the Gold and Blue.

We, the Seniors, who realizes that our school days are about to end, do regret to leave the society. We may forget what we have said here, but we can never forget what we have accomplished here. Do all you can to make the society better in all lines. There is no doubt but what this is the best.

Philomathean Literary Society

COLORS: *Red and White*

Here is the good old society known by all as Philo. Philo has not been in existence quite as long as Clio, but nevertheless, it may hold out longer and then be the oldest. Nowadays the success of a teacher is due to some extent to her literary work and there is no doubt but what those in Philo are receiving their amount of literary work. This society puts forth many good and interesting programs to its members and visitors.

The society meets every Friday night in a special hall which is kept up by the society. The hall is painted in the colors of the society. This makes the hall look very bright.

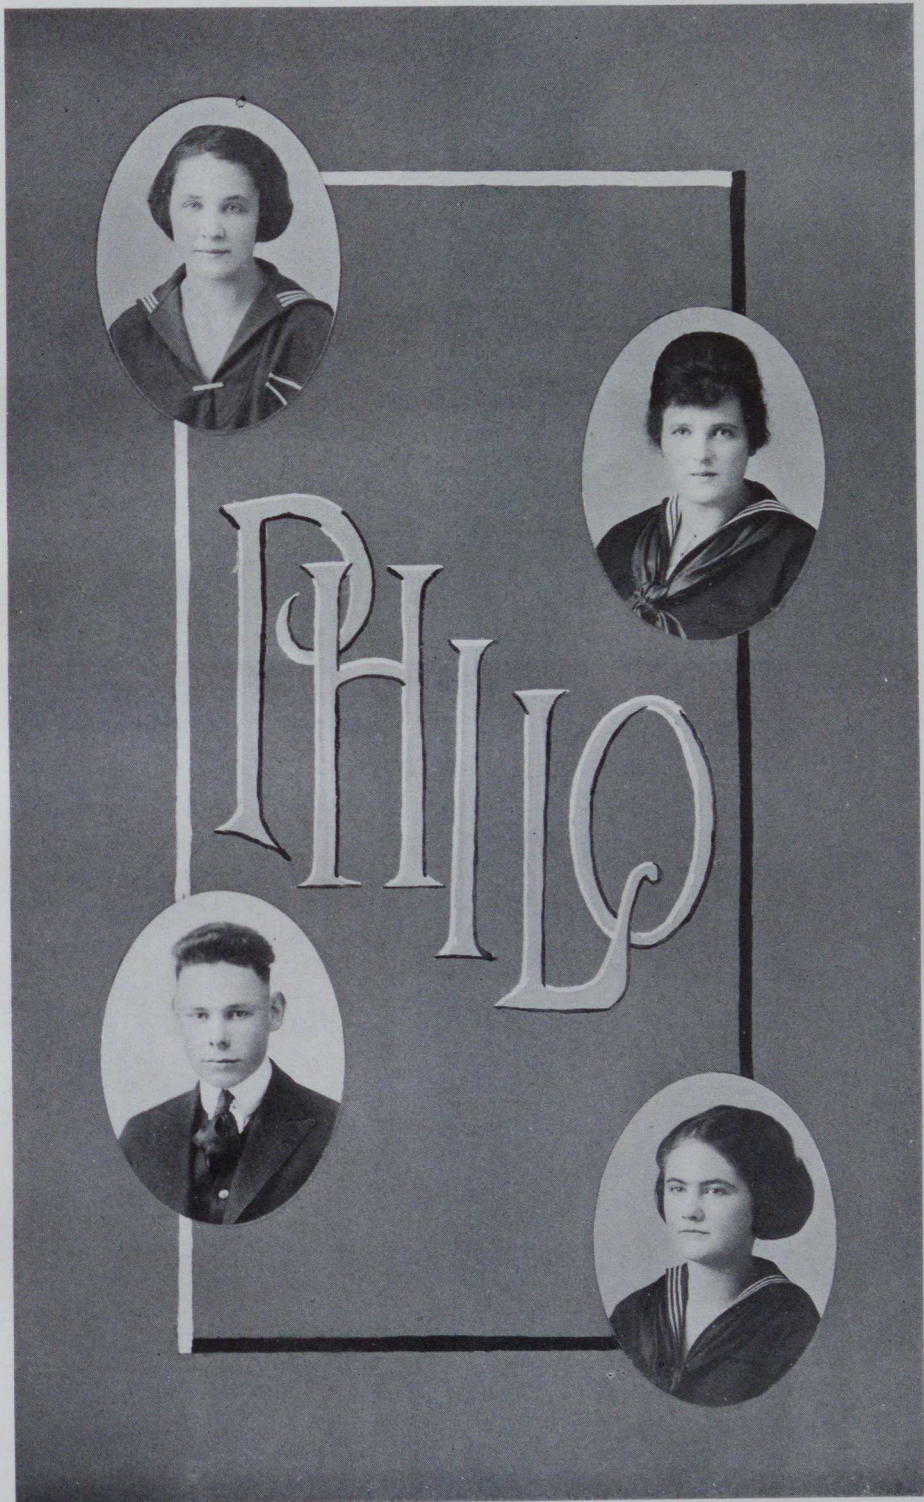

In the annual contest of the two societies last year Philo took everything, but Clio said, take them all, our turn is coming soon.

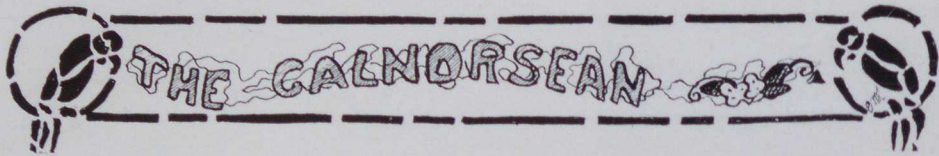

To the new members of the society, we the Seniors, wish to tell you that the literary work in a school should not be neglected by any means whatever. This is one of the greatest factors of the educational world of today which counts for the success of many.

Now for our last words to those who are left to care for the society, we want you to uphold the standards of the society in all respects. As we go forth into this great world, we shall look back and see if the Philo Society is what it used to be in our days. We only hope that it is better.

THE CALNORSEAN

Y. W. C. A.

During the year the Y. W. C. A. has been very active. We have had a number of social activities during the year. A candle light service was given and enjoyed by all that were present. Near the Christmas vacation time, the Y. W. C. A. gave a bazaar which proved a great success. At Christmas time, they gave a play which was very pleasing and also at Easter they carried out an Easter program.

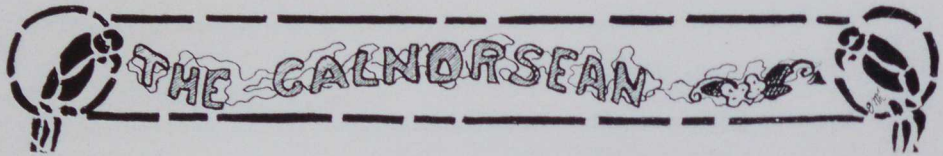

We are proud of the number of young girls who have offered their help and time to make the work successful during the year.

Our meetings are held on Sunday evenings and are very helpful to all who attend them. They are carried out by members and assisted by the Faculty. We also have mid-week meetings, which are arranged by the Bible Study Committee. The study of the Bible is being given in outline form by members of the Faculty. These meetings are very helpful aids in the study of our Bible.

We, the Y. W. C. A. Cabinet of the Class of '21, wish to express our appreciation of the interest and helpfulness that the Faculty and students have shown in our great work. Although we have had great success, we wish the Cabinet of 1922 greater success.

M. C. S.

Y. M. C. A.

Along about the year of 1918 the Y. M. C. A. was buried, but we are proud to say that the good organization can never die so we find it back to C. N. S. this year.

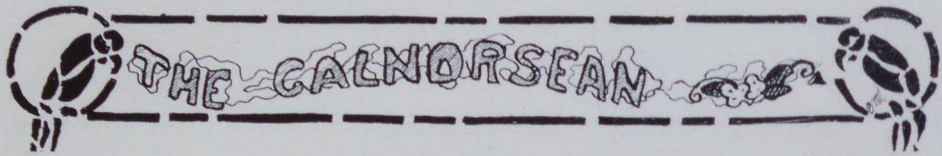

As it has only been organized for a few months, they have not had much of a chance to do much, but dear readers, please look and see what they are doing for next year. They have plans made out now for work for the coming year. There are not so many members this year, but we expect to enlarge it next year.

The Y. M. C. A. meets every Sunday evening and hold their regular weekly services which is either lead by one of the members or a member of the Faculty.

We, the Seniors of '21, wish those who may enter into this organization all the success that may come to them.

THE CALNORSEAN

Mandolin Club

Director - - - - - MISS LINNELL

Well here is the good old organization which has caused many a one a good time. When one hears them play it sounds as if the angels from above have descended and are playing for us.

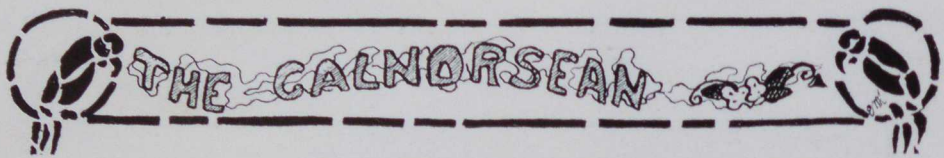

This organization is not quite as large as the one of last year, but one need not worry because this one is every bit as good.

The Mandolin Club gave a concert away from home this year and was enjoyed by all who attended. They also appear in the Literary Societies and give some very good music.

The greatest sorrow that the members had this year was when their director, Miss Linnell, left the school. A party was held for her at which all had a very good time.

THE GALNORSEAN

Orchestra

Here is another one of the attractions of our school this year. The orchestra sure has given many a good concert to the students in chapel. The students were always glad to have them play in chapel.

Miss Linnell also was the cause of us having such a good attraction in our school this year. Say, did you ever see the piano player, while he was playing? He sure does have plenty of pep. Each member of the orchestra had plenty of spirit, and of course, this helped a great deal.

THE CALNORSEAN

Glee Club

Music Director - - - - - MISS LINNELL

The month of October, 1920, saw an organization formed within the walls of C. N. S., namely, the Glee Club.

Twenty girls compose the organization and all year have been enthusiastically interested. Many times during the year the organization appeared at special entertainments in the chapel and on one occasion gave a concert away from home. One of the features of our work is giving responses to the prayer in chapel.

Under the guidance of our musical director, Miss Linnell, its members have aimed to improve themselves in knowledge, appreciation and rendition of music. Every meeting of the organization has been well attended, instructive and pleasant.

Yet, their program did not consist of all work and no play. We are sure not one member can ever forget the hours spent with the Dear Old Glee Club."

Girls' Athletic Board

The Girls' Athletic Board are a wide awake bunch. Their interests are right with their duties. As you probably already know that the purpose of this board is to see that those who have a letter coming to them for some athletic in connection with the school, get it.

These girls have also planned many good times for the girls of the school. They are working for the betterment of athletics in the school.

Dumbauld

Adams, Pres.

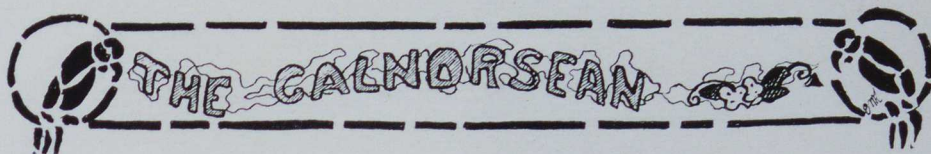

Gault

Saylor

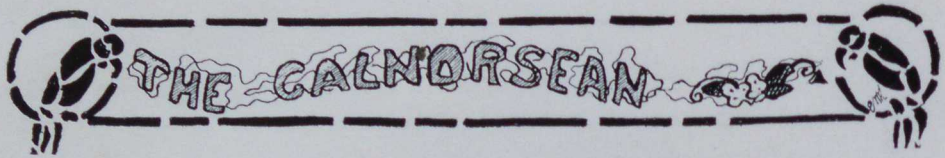

Boys' Athletic Board

As this was not organized until rather late, there is very little to say about what they have done, but it may be more of what they are going to do in the future.

The aim or purpose of this board is the same as all other athletic boards. Coach Allison is helping a great deal. With his kind help and that of the members, we are sure that the athletics in the school will be what they should be.

Athletics

Review of Football

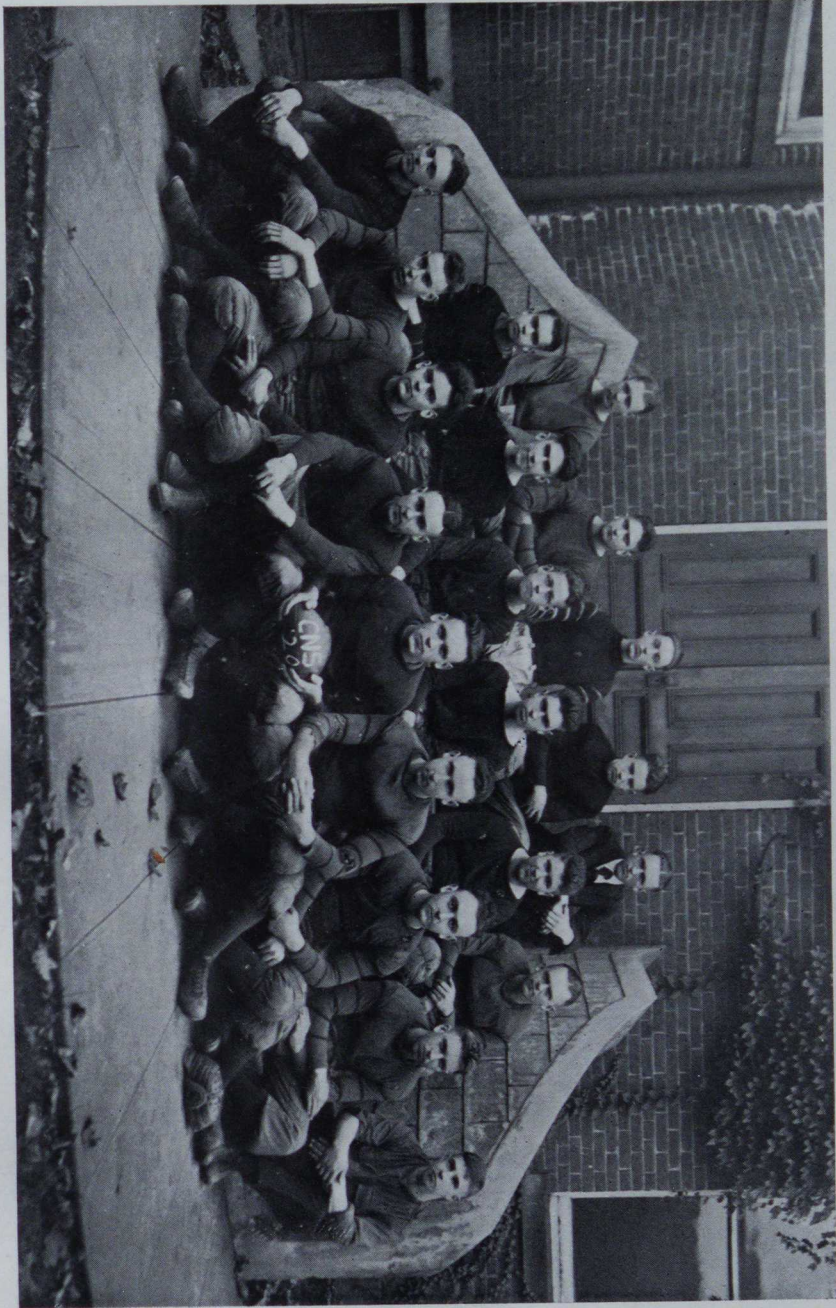

The football team of the California Normal made a very remarkable showing in the season of 1920. This appears rather a misleading statement when the schedule is scrutinized, but it is more than justified. Our new coach started the season with three of last year's letter men, and a squad of only eighteen. The team representing the Normal was in reality, hardly more than a freshman high school team, as twelve of the eighteen had played no football whatever. But with the good help of Coach Allison, the team turned out to be one of the best in its class. Coach never lost hopes and therefore showed his ability in coaching. Just take a look at the schedule of the season and see if they did not turn out good. Also under the leadership of Captain Adams the team played up to its limit in every game and surprised even the most enthusiastic supporters. An open system of play was used, mixed up with a tripple pass which surely did make the opposing teams wonder what our fellows were doing.

Above we sure do praise our coach for the way in which he trained the fellows to play. They played every game of the season cleanly and gamely. The fellows never lost hope in themselves, this counts a great deal in atheltics.

COACH

C.N.S.
'20

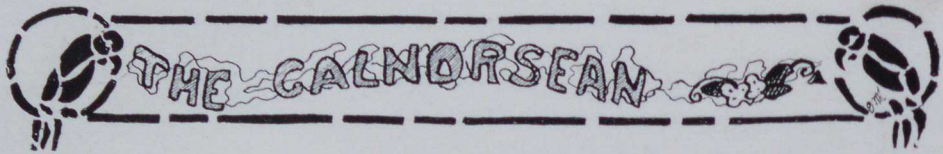

Athletics

The football season is over,
And basketball now is here.
Let's show our men
What we think of them,
With lots of songs and cheer.

We have a right to be proud of them,
We know they are the best.
For the C. N. S. team
Is the best ever seen,
Better than all the rest.

Our football men worked hard each day,
To raise our standard high.
In mud and rain they played the same,
As when the field was dry.

Our basketball team will show us now,
Just what they all can do.
They'll win each fight if we do our part
By only being true.

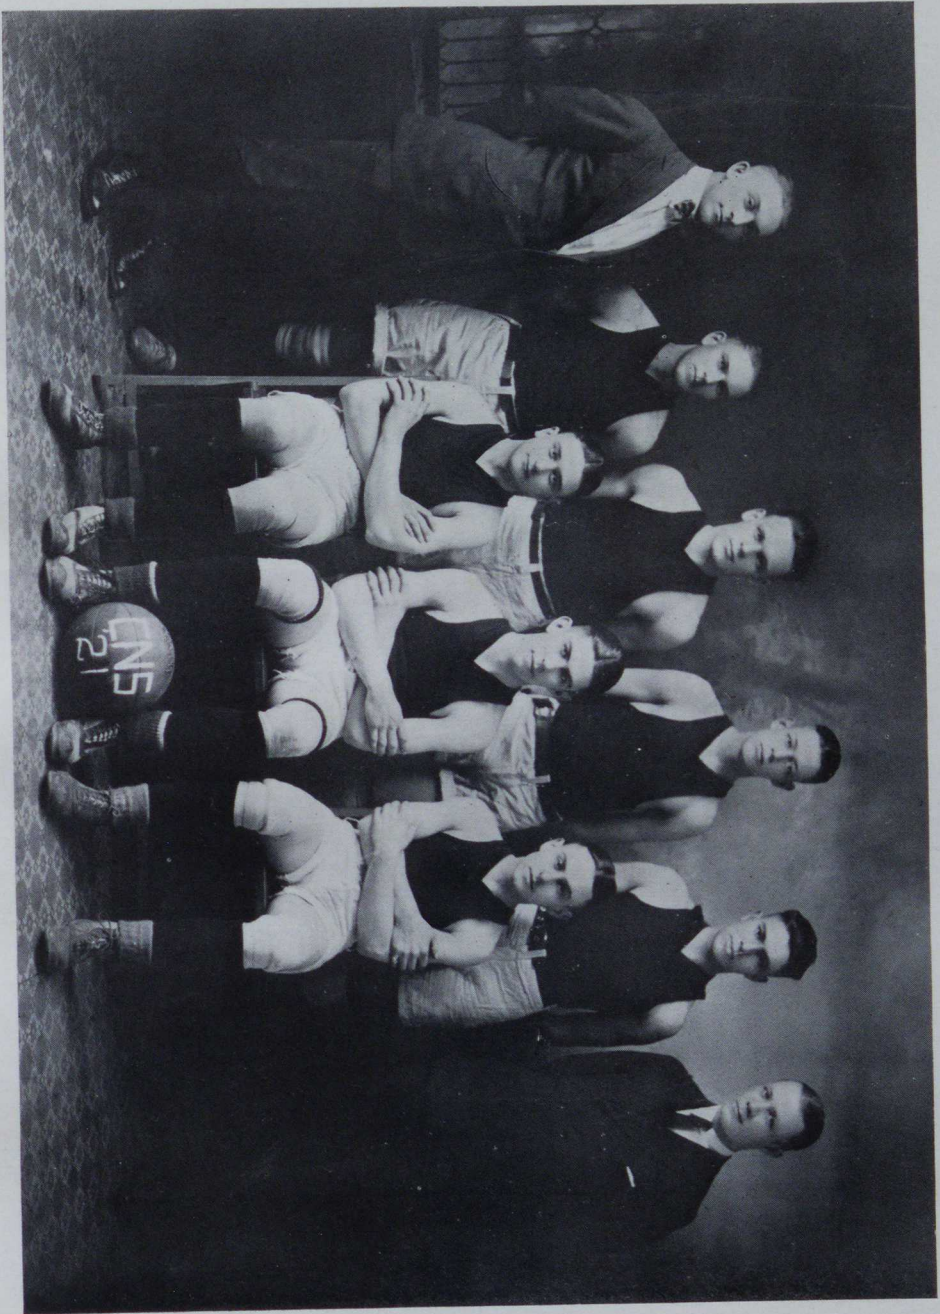

Basket Ball

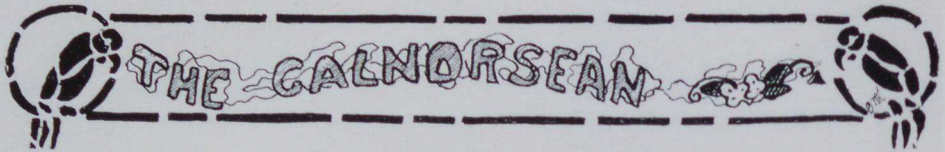

Captain - - - - - BERYL CAMPBELL
Manager - - - - - HAROLD HARTLEY
Coach - - - - - P. C. ALLISON

The basketball team of 1921 showed some mighty good basketball. Although they lost most of the games, they never were outplayed by any team. They played teams that were really out of their class, but nevertheless they were never outplayed. There was no individual stars of the season but the teams as a whole worked together and in this way played some mighty good games. A good system of passing was used. Coach Allison showed his ability in basketball coaching and we are proud to say we could not find a better coach.

| <i>Captain</i> | - - - - - | HOMER DORMAN |
| <i>Manager</i> | - - - - - | AUGUST SISMONDO |
| <i>Coach</i> | - - - - - | P. C. ALLISON |

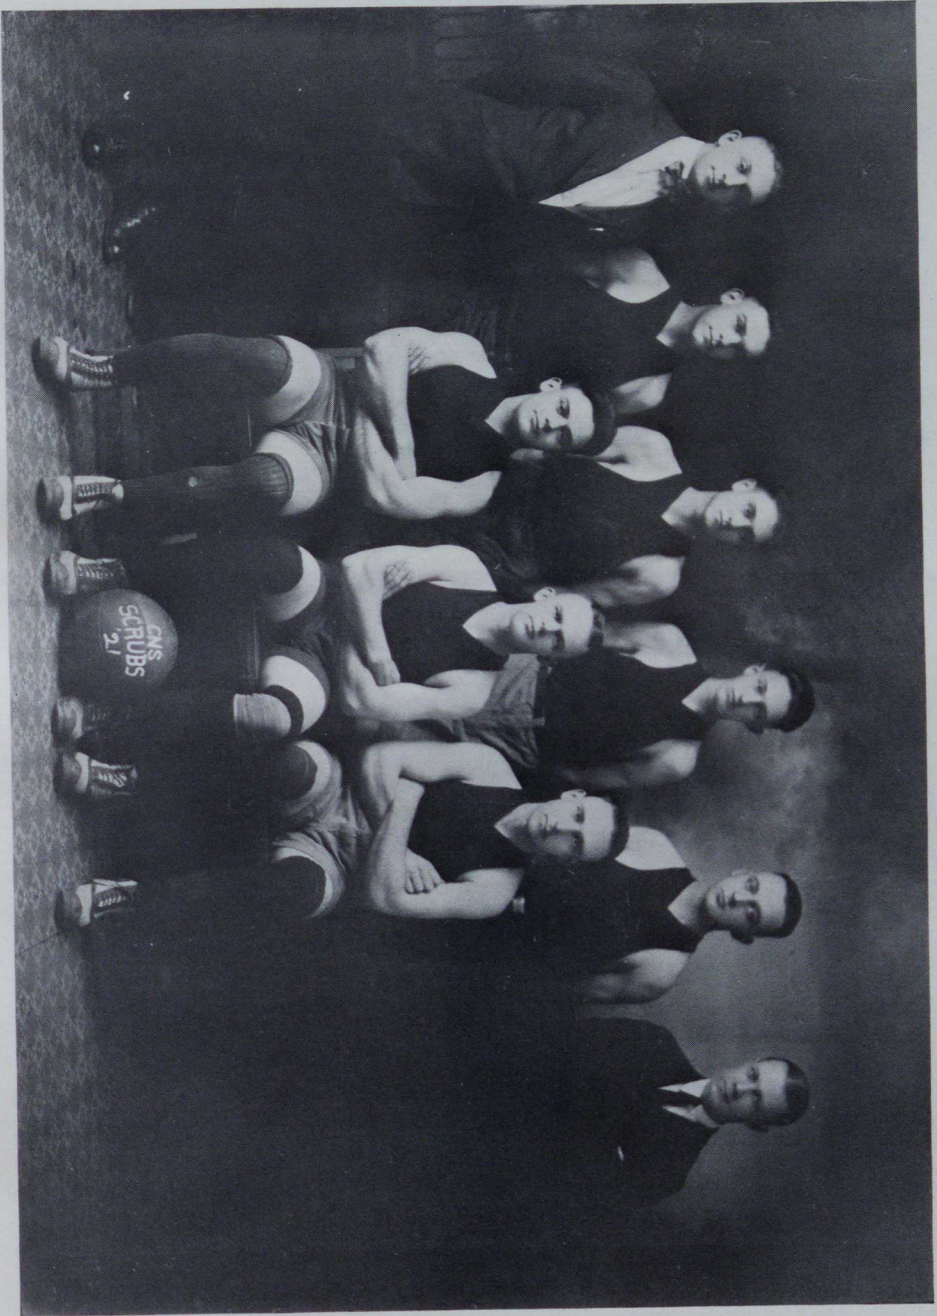

The Normal Reserve played quite a few good games this season. Their victories are like those of the Varsity, few, but a a good game was played by all who played.

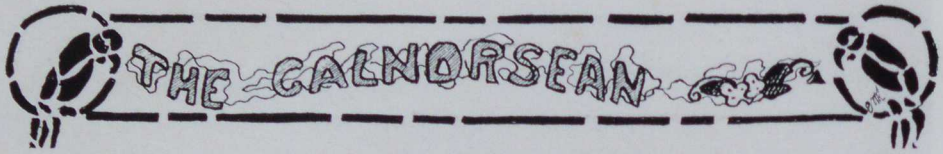

The same kind of a play was used by the Reserves as by the Varsity. This passing which was used is one of the best that is used. The opposing team cannot get hold of the ball.

The Reserves were made up from what was left after the Varsity team had been chosen.

THE GALNORSEAN

Girls' Varsity Basket Ball

Captain - - - - - MISS SIREN
Manager - - - - - MISS CHALFANT
Coach - - - - - MISS DUNN

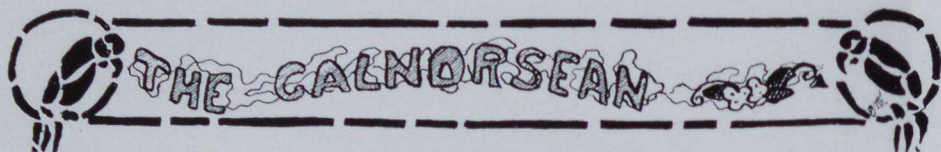

The girls sure did show that they could play basketball. Just take a look at the results of the games played. Never mind the first one as it was only a starter. And as to the game with Indiana you had better ask one of the players about it.

They played girls' rules and every girl who played did her own good part in each and every game. Miss Siren made the most points of the whole season. The girls played together, and of course, this counts a lot when it comes to playing basketball or in fact, any athletic game. Miss Dunn, the coach, is a good sport and above all a mighty good coach. She is liked by all who know her and she has shown her ability as a coach for the girls.

THE GALNORSEAN

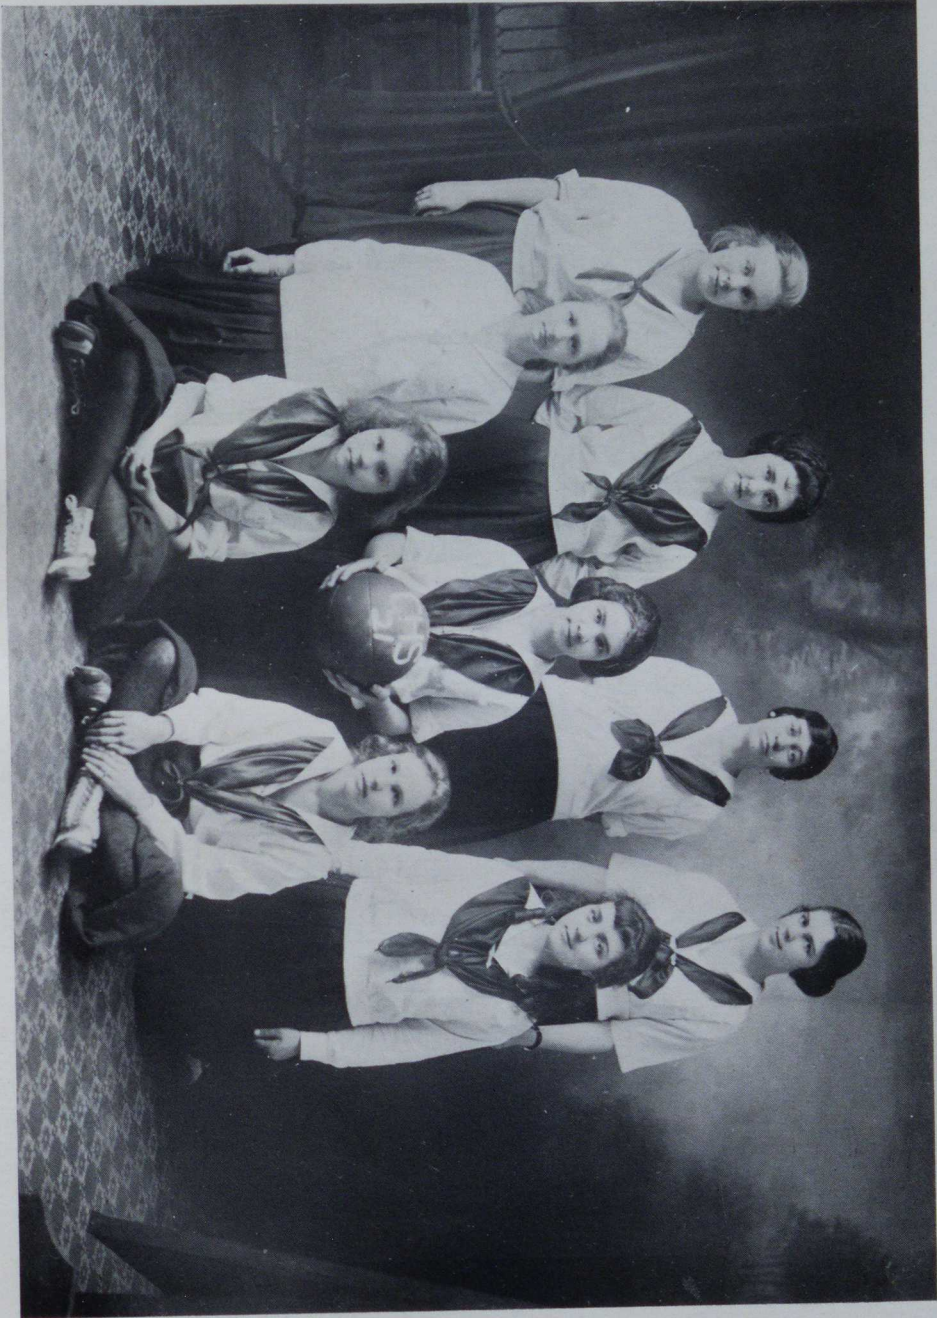

High School Girls' Basket Ball

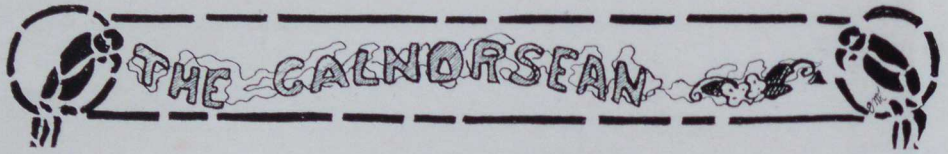

Captain - - - - - MISS HANEY
Coach - - - - - MISS DUNN

This team is composed of the girls in the High School Department of the Normal. They played girl rules also. These girls are much younger than those of the Normal team and therefore do not have the experience that they have. But this does not mean that they did not play good basketball. They played equal to their opponents and in some cases better. The girls being short and playing girls' rules are two of the greatest things that are working against them. But just wait and they will soon be equal to the Normal team.

THE GALNORSEAN

Yale Hockey Team

Captain - - - - - OLIVE McNUTT
Coach - - - - - MISS DUNN

Everyone was pleased last fall that hockey was going to be one of the sports for which points were to be given toward getting a letter.

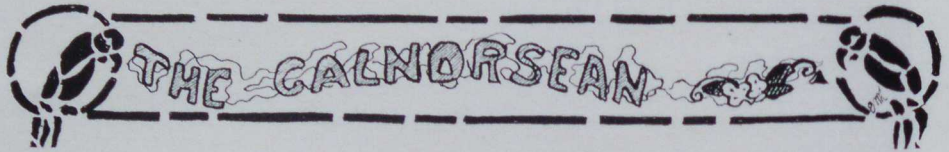

The girls were very enthusiastic to come out for practice. Teams were chosen from the Senior, Junior and Secondary Department. Each class had two teams, the Reds and the Whites. Very exciting games were played between these teams at which there were spectators. Later two teams were chosen consisting of the best players in the school. They were known as the Princeton and Yale teams.

The lineup of the Yale team consisted of seven Seniors, three Juniors and three from the Secondary Department.

Every member of the team was disappointed when we did not get to play for the championship of the school. A very good game was expected and no doubt it would have been a very good one.

THE CALNORSEAN

Princeton Hockey Team

Captain - - - - - MARY McCORMICK
Coach - - - - - MISS DUNN

In the fall of 1920, we had our first hockey team. It was entirely new to us, but by the help of our good coach, Miss Dunn, we learned the object of the game.

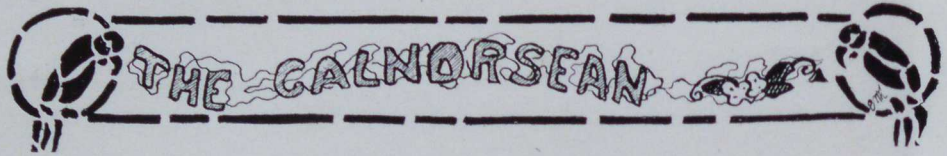

Hockey was adopted into our school as one of the sports for which we were to gain points for a letter.

Three class teams were chosen and a tournament was played, two teams were chosen from the three and this was the "All Star Game."

The Princeton team consisted of five Seniors, six Juniors and three of the Secondary Department. The game was called off on account of the weather conditions. While we did not get to play this game, we were fully convinced that the Princeton team would have won by the strong lineup they had.

THE GALNORSEAN

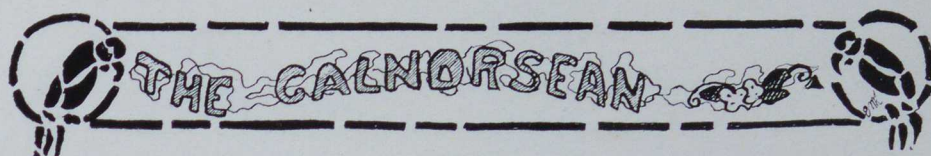

Tennis

This is a sport that most everyone likes to play or watch. It is considered as one of the best for plenty of exercise. It is a very fond sport of all in this school.

Every year there is a tournament held between the three Normals, Clarion, Indiana and California. There is a large cup which is put up every year and the winner gets to keep it until the next match or tournament is played. The California Normal won it for three successive years.

In 1920 the tournament was held at the Clarion Normal. The team from C. N. S. was composed of the following people: Miss Viola Morgan, Miss Florence Ferrie, Miss Mary Clauson, Mr. Beryl Campbell and Mr. Charles Wilkins. Morgan and Campbell being the two best players. This team did not succeed in bringing home the cup. The three girls will not be back this year as they graduated last year. The two boys are still here and are ready to do their part in winning this year. The tournament is to be held at the Indiana Normal this year. Clarion won last year.

With their hearts in the game we feel sure that C. N. S. will win this year. Let us only hope so, if not anything else.

Can You Imagine

Helen Lamb keeping quiet.

Mary without Beryl.

Miss Shutterly not racing back and forth from the office.

Mr. Allison not in Room L.

Miss Barrett and Miss Rayer being first to school.

Thelma Duval staying later than the 3:43 train.

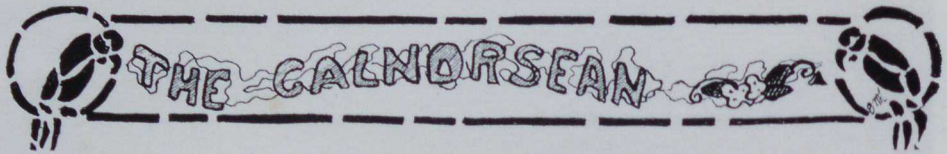

Mr. Dunkelberger not wanting to give an Intelligence Test.

Mr. Dunkelberger chasing someone to study hall.

Charles Wilkins not being busy.

Everyone attending chapel.

Everyone doing as they are told.

MRS. TEMPLE'S TELEGRAM

A Farce in Three Acts, by Frank Wyatt and William Morris

CAST OF CHARACTERS

| | | |
|-------------------|-----------|--------------------|
| Jack Temple | - - - - - | Charles S. Wilkins |
| Frank Fuller | - - - - - | - Paul Ridenour |
| Captain Sharpe | - - - - - | Charles F. Saylor |
| Wigson | - - - - - | Fenwick P. Cole |
| John Brown | - - - - - | H. Earl Adams |
| Mrs. Jack Temple | - - - - - | Helen J. Lamb |
| Dorothy | - - - - - | Thelma McClain |
| Mrs. Frank Fuller | - - - - - | - Mary Zwayer |
| Mrs. John Brown | - - - - - | Louise C. Miller |

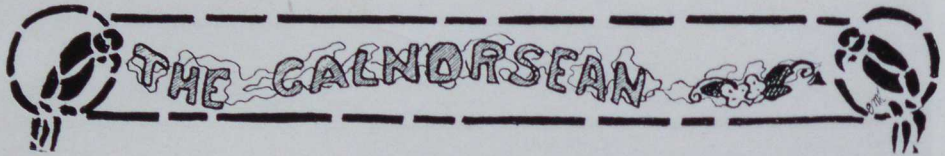

Synopsis

Act 1—In the Morning—Mrs Temple comes downstairs and finds that Jack has been out all night. She is very mad, but yet does not want the other people of the house to know it. When Jack comes walking in and tells her where he has been, she does not believe him. Then Jack tells her that he spent the night with a friend. But she will not believe this story. Jack gives an address which he makes up, but it happens to be a real address. Mr. Temple finds field glasses in his pocket and in order to get rid of them, he gives them to Dorothy. Then the owner of the glasses calls for them and he had given them away. Frank Fuller, one of Jack's old friends, comes to to see him and Jack tells him the story and they make plans to get out of the deal as best as possible. Mrs. Temple sends a telegram to the address which Jack had given her, asking that this man come and see her. Jack gets mad and Mrs. Temple sees where she has done wrong, but he stills holds to the plans that he and Frank had made.

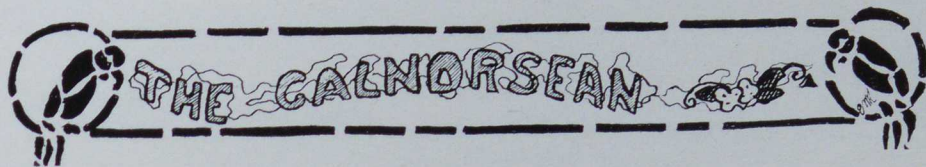

Act 2—In the Afternoon—Captain Sharpe calls to see Dorothy. Wigson tells him of the trouble in the Temple family. Sharpe tells Dorothy that he is to go away for a year. Mrs. Brown finds the telegram that was sent to her husband and goes immediately to Mrs. Temple. John Brown enters saying, "At last I realize my dream!" He makes a great showing and Mrs. Temple gets angry. Temple and Fuller take him out into another room. They give Wigson orders to give this man to the officer.

Act 3—In the Evening—Captain Sharpe returns to see Dorothy. He wants to marry her but Jack withholds his consent. Sharpe mentions the lady in the car and Jack consents in order to keep him quiet. Jack is still trying to get the glasses so that he can return them to the real owner. They read of the accident of the Ferris Wheel in the paper. Mrs. Brown calls again and Jack tries to keep his wife from seeing her, but she insists. Mrs. Temple explains the whole affair to her and she is no longer mad at Mrs. Temple. Mrs. Frank Fuller calls to see about the character of Wigson and they are all surprised to see her. Not knowing that she is here Frank comes in and finds her. He tries to get out without her seeing him, but she finds him. The whole matter is explained and they find that Jack had been up in the Ferris Wheel with Frank's wife. Everything is settled and they all go in to supper.

We Often Wonder Why

Cole is red-headed.
Woods isn't a forest.
Adams doesn't get married.
The Kings aren't queens.
Coalbank was given such a name.
Lamb is so gentle.
Greenlee acts like a kid.
Adamson studies streetology.
Killius poses in classes.
Gault grew so tall.
Rickard grew so short.
Poletz studied kindergarten.
Clapperton grafts so much.
Bigler is so quiet.
Boarde is so straight.
Feightner goes to church socials.
Fife is so musical.
Ridenour looks so solemn.
Zwayer shoots so much hot air.
Dumbauld walks so agedly.
Haut is so cool.
McClain likes the song "Bright Eyes."
Ritchie likes Smoke(y).
French is an American.
Saylor came to (Hunt-her).
Flickner doesn't have a temper.
Harper never sings in chapel.
Hiltebrand is an odd fellow.
Blatchley believes in hypnotism.
Duvall is a sport.
Watson has more zeal than wit.
Cowan likes Coal.
Cromlish is too young to know.
Johnson likes to sleep so much.
Pollock doesn't case.
Wilkins says "hard luck."
Barrett owns the training school.
Edwards likes to talk so much.
And we all wonder why we are SENIORS.

Jokes
Laugh and Feel Good

Jokes

We Editors, may dig and toil
Till our fingers tips are sore,
But some poor fish is sure to say,
'I've heard that joke before.'

Mrs. Godfrey—"If the end of a story is a conclusion; what is the end of a tragedy?"

Saylor—"A funeral."

Teacher—"You must learn to express yourself, because you cannot always go by freight."

Sismondo (in solid geometry)—"How many sides does a triangle have?"

Dornan—"Do you think your voice will fill the chapel?"

Galbraith—"Just so it does not empty it."

Prof. Renn—"How would you punctuate this sentence? 'I saw a pretty girl go down the street.'"

Bill Hill—"I would make a dash after (the) girl."

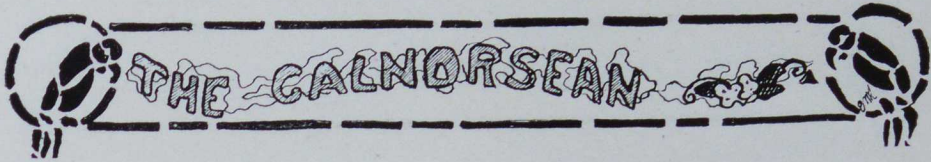

In the parlor there were three,
Helen, a parlor lamp, and he;
Two's a couple and without a doubt,
And so the parlor lamp went out.

Miss Dunn (on Waynesburg trip, looking into a dark room)—"Am you all in bed?"

F. Lamb—"Yes; and we am all asleep.."

Miss Pillsbury—"Where may I find Mr. Wilkins?"

Saul—"He is entertaining a 'Camp' at the present."

Mary—"She has the most wonderful lips in the world."

Beryl—"Oh, I don't know, I'd put mine up against them any time."

Teacher—"How many subjects are you taking this year?"

Student—"Two."

Teacher—"But the course requires eight."

Student—"You see I am dragging the other six."

Junior—"In what battle was General Braddock killed?"

Senior—"Why, in his last battle, of course."

2 maidens were seated at t,
Discussing the things that may b.

Do something each day that will make your work easier each day thereafter.

A teacher must first of all be interesting, and what is taught should be tacked on to the element of interest.

Did you ever notice how a man instinctively reaches for his roll every time his wife comes into the office.

Stranger—"What is Mr. Kerstetter's wife's name?"

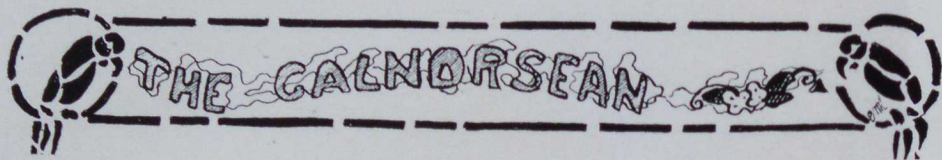

Hoffman—"Mrs. Kerstetter."

"What did you hear this morning," asked Prof. Entz. ,

"I heard a 'Cough Drop,'" said George.

Teacher—"Samuel, please define the word 'plumber'."

Samuel—"Either a man who works about pipes all the time or one who pipes about his work all the time."

AIN'T IT THE TRUTH

In days of yore, a maiden sweet,
 Would write her meaning clearly;
And finish up her note so neat,
 With simply, "Yours sincerely." All wool.

But modern Jane has changed a bit—
 They fill the whole note through;
And then tack on the end of it,
 "There's no one dear, but you." All bull!

Make hay while the sunshines and rye while the moonshines.

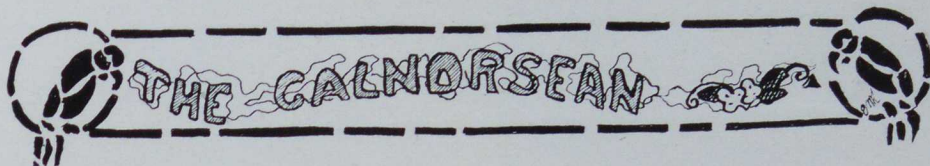

Purdy—"I've got a new girl, dad."
Father—"You have! What's her name?"
Purdy—"I call her Hinges."
Father—"How come?"
Purdy—"She's something to adore."

"I asked if I could see her home."
"And what did she say?"
"She said she would send me a picture of it."

The skin you love to touch—
Father's old leather pocketbook.

Her name was Irene
And she wore crepe de chine—
You saw more of Irene
Than you did crepe de chine.

Saylor—"What does a cat possess that no other animal does?"
Hiltie—"Dunno."
Saylor—"Kittens."

THE GREATEST THINGS

- The greatest writer—one who tells you what you already know.
The greatest deceiver—one who deceives himself.
The most beautiful woman—the one you love.
The best work—what you like.
The greatest work—play.
The greatest comfort—the knowledge that you have done your work well.
The greatest mistake—giving up
The greatest trouble maker—talking too much.
The cleverest man—one who always does what he thinks is right.
The most dangerous person—the liar.
The best teacher—one who makes you want to learn,
The most important thing to learn in school—how to make a living.
The greatest need—common sense.
The greatest puzzle—life.
The greatest mystery—death.
The greatest thing in all the world—love.

“Whispering” is good on the Victor, but I like “Hold Me” on the sofa.

I took her rowing on the lake;
She vowed she would go no more.
I asked her why; her answer came,
“I only hugged the shore.”

When money talks no one bothers its grammar.

Alphabet Class of '21

Ais for the Alphabet
Wherein we shall try
To tell you of our tricks
But please don't ask us why.

Bis for the Blues
That we get when we see
Miss Matzelle hand out
That much dreaded E.

Cis for our Contestants
Who have so great a show
"Who'll win," please don't ask us
Because we do not know.

Dis for the Debators
Who just wait for the time
To make us folks believe
That four plus four is nine.

Eis for the Eats
That were served by the boys of South Hall
They at the Club's ice cream
And, dear me, that isn't all.

Fis for the Faculty
That we all love so well
Oh! our opinion of them,
Well, I guess we will not tell.

Gis for Goo
Or G is for Gomer;
It makes no difference,
The poppin's all over.

His for Heaven,
Where we all hope to meet,
The question now is
"Who gets the front seat?"

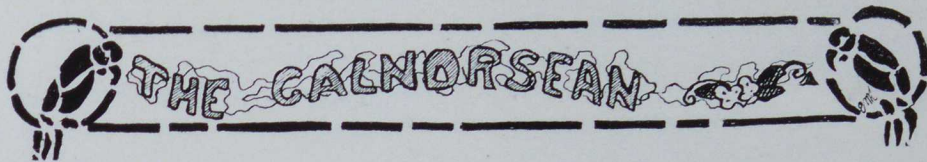

Iis for the Intelligence tests
That our vice principal likes so well;
Some of the Faculty took the tests,
But their grades they would not tell.

Jis for the Juniors,
There's nothing they don't know;
This year they've only planted,
next year they'll have to hoe.

Kis for the Kid Party
And the announcement which was made,
T'will ever be a secret
The name of that wee maid.

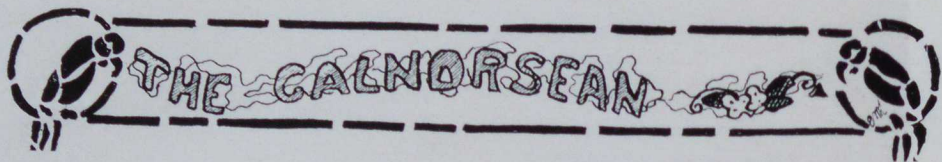

L's for the Library,
Where we must keep so still;
And when we keep a book too long,
Annie meets us with a bill.

Mis for the Money
That we have given to C. N. S.
Now the Daddies of our Seniors
Will have that "blessed rest."

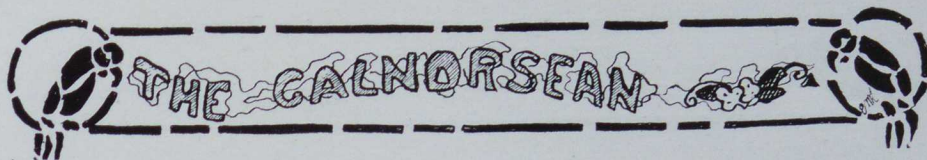

Alphabet Class of '21

- N**is for Miss Niebaum,
Who knows how we should work;
And woe be to us poor kids
When we dare try to shirk.
- O**is for the Orchestra,
Who worked for Miss Linnell;
But when our dear friend left us,
It busted all to — pieces.
- P**is for our Principal,
Who is so great and tall;
And when he gets behind his desk,
You can't see him a'tall.
- Q**is for the Questions
Which Helen always asks—
Mrs. Pillsbury generally answers,
"Oh! wait 'till after class."
- R**is for our Registrar,
Whose face with smiles beam;
This happens when he is down street,
In C. N. S. things are not what them seem.
- S**is for the Study Hall
And the kids always tell
How they used to sit and pray for
Someone to ring the bell.
- T**is for the Training School,
Where we Seniors taught with glee;
For two hours per day were spent there,
But in the cloakroom we'd rather be.
- U**is for the Useless noise
To be heard in the beautiful library;
Miss Shutterly talks, Miss Shutterly scolds,
But as to noise, people's ideas vary.
- V**is for good old Vacation,
'Twas then we studied most;
But the other days, my dear friends,
For study, we cannot boast.
- W**stands for dear Miss Ward,
A true-blue friend was she;
When we came for Art supplies,
More patient she could not be.
- X**is for the welcome Xams,
That come but twice a year;
When State Board came to the Model School,
We Seniors began to fear.
- Y**is for the Year Book,
Which was made with gentle care;
We did our best, you'll vouch for that,
To knock us would not be fair.
- Z**is for the Zealous workers,
Who leave the class of '21;
Good luck to those we leave behind us,
Our life has just begun.

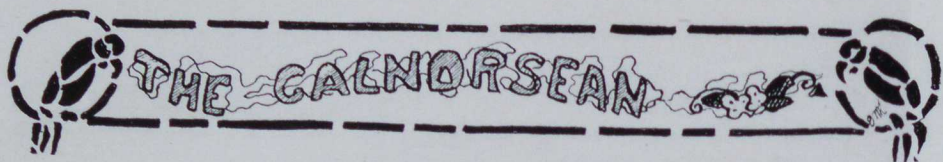

Calendar

- Sept. 6. We, leaving our dear friends behind, return to dear old C. N. S., some cheerfully, others tearfully.
- Sept. 7. Classes begin, meet the new members of the Faculty.
- Sept. 8. Seniors start to teach. Oh, my!
- Sept. 9. A few rules and regulations read in chapel.
- Sept. 10. End of first week. Many go home to mother.
- Sept. 11. First dance in the Gym. Some go to the "movies."
- Sept. 12. California's churches welcome the students.
- Sept. 13. More rules and regulations read in chapel.
- Sept. 14. Mandolin Club reorganized. Ed. Measurement classes determine who are either "Dolichacephalic or Hyperbrackycephalic."
- Sept. 15. Lots of mail received by all.
- Sept. 16. Cold "hot" cakes for breakfast, soup for dinner and potatoes with jackets on for supper.
- Sept. 17. Jazz Orchestra played for Philo. Many eat afterwards.
- Sept. 18. Tennis courts and Campus benches very busy.
- Sept. 19. Everybody at church.
- Sept. 20. Blue Monday. Poor student teachers.
- Sept. 21. Calnorsean Staff chosen.
- Sept. 22. Sociology books still on their way. Prof Renn recites.
- Sept. 23. Sprowls goes to town for a yard and a half of scrimmage line.
- Sept. 24. Friday. Many go home to mother.
- Sept. 25. Some go on a hike.
- Sept. 26. Beautiful weather and many long for home.
- Sept. 27. No one received a bawling out.
- Sept. 28. Mr. Entz introduces the new House Dean to the Dormitory girls. Girls get to dance with boys.
- Sept. 29. G. A. A. organized. All out for weiner roast.
- Sept. 30. Rain, rain and more rain.
- Oct. 1. Annual Faculty reception.
- Oct. 2. Saturday—"Tennis" and "movies."
- Oct. 3. Some eats brought back by girls who had been home.
- Oct. 4. Lyceum course tickets on sale.
- Oct. 5. Dr. Straton pays first visit to C. N. S.
- Oct. 6. Leiter Light Opera Company entertains students.
- Oct. 7. Everybody sings in chapel. Oh, what a noise.
- Oct. 8. C. N. S. Orchestra gives recital in chapel.
- Oct. 9. Another hike to the Island for another camp supper.
- Oct. 10. Everybody goes to church and then to Y. W. C. A.
- Oct. 11. Who did Miss Niebaum bawl out after the lights went out.
- Oct. 12. Dean called a meeting of Dormitory girls.
- Oct. 13. Casing becomes very popular.
- Oct. 14. Nothing new.

- Oct. 15. Spelling contest in Gym after society.
- Oct. 16. Football C. N. S. defeats Pittsburgh Collegiates, the score being 88-0.
- Oct. 17. Chicken dinner held at Miss Porter's home. A few are permitted to participate.
- Oct. 18. Everyone prepared for classes. Teachers are surprised.
- Oct. 19. Good music in chapel. Dance in Gym.
- Oct. 20. Seniors supervise High School Study Hall.
- Oct. 21. Seniors have picture taken for Calnorsean.
- Oct. 22. All go home for a grand change.
- Oct. 23. Slumber party in 49 Dixon. Enjoyed by all present.
- Oct. 24. Church again, and of course, Y. W.
- Oct. 25. Dean calls another meeting of "Dorm" girls.
- Oct. 26. Rain outside, but sunshine inside.
- Oct. 27. Effects of night before, everyone has lessons.
- Oct. 28. Dr. Temple lectures on League of Nations.
- Oct. 29. Many go home for Hallowe'en doings.
- Oct. 30. C. N. S. defeats Dunbar High by a score 21-7. Annual masquerade in Gym.
- Oct. 31. Arline Kerstetter contracts diphtheria.
- Nov. 1. Everybody betting on election.
- Nov. 2. Hurrah! for election day. Some of our noble suffragettes went home to vote.
- Nov. 3. Republicans feeling happy. "Dunk" not so good. You know why.
- Nov. 4. Miss Linnell turns Socialist.
- Nov. 5. "Texas" presented with a bouquet for composing a song for C. N. S. Amen.
- Nov. 8. Bolsheviks on warpath, and burning school houses.
- Nov. 9. Still raining.
- Nov. 10. Everyone getting ready for Armistice Day.
- Nov. 11. Armistice Day. School closed at 10 bells. C. N. S. took part in parade.
- Nov. 12. How many marched in parade? ? ? ? ?
- Nov. 15. Elizabeth Kennedy joins the movies, and be Harold Lloyd number 2.
- Nov. 16. Cold day. Tried to snow.
- Nov. 17. Strenuous day. Nothing but "exams."
- Nov. 18. Dr. Stratton here once more.
- Nov. 19. G. A. A. had a party in the Gym.
- Nov. 22. Grades are to be received tomorrow.
- Nov. 23. GRADES!!! All make "New Year" resolution to work.
- Nov. 24. All ready to go home for Thanksgiving. Fine Feathers given in chapel that evening.
- Nov. 30. Vacation over, all eager for work.
- Dec. 1. State Board arrive to examine student teachers.
- Dec. 2. State Board ended today. Seniors feel a little better. Sure of recovery.
- Dec. 3. State Board examiners have departed. Sang "Happy Days" in chapel.
- Dec. 6. Irene Jones abstained from powdering for a day.

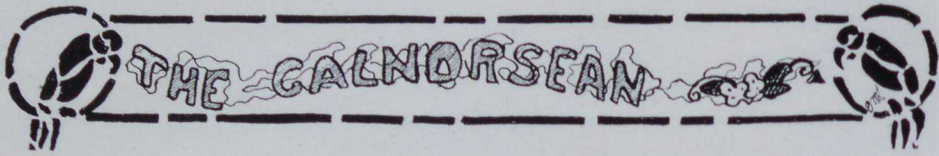

- Dec. 7. Nothing exciting.
- Dec. 8. Dormitory girls thought they were going to be given a free ride by a bomb, but were disappointed.
- Dec. 9. Very sleepy day. Why?
- Dec. 10. End of strenuous week.
- Dec. 13. Mr. Cope gave a lecture this evening, enjoyed by all.
- Dec. 14. Visitor from Harrisburg.
- Dec. 15. C. N. S. loses first basketball game. Claysville won.
- Dec. 16. Expectations for the seventeenth.
- Dec. 17. Hurrah for vacation!
- Jan. 3. All glad to be back after the holidays.
- Jan. 4. Back to work.
- Jan. 5. Are you going to the dance?
- Jan. 6. May I have a dance?
- Jan. 7. All excited about the Senior-Junior Prom.
- Jan. 10. Dance all over and Seniors \$62 in debt.
- Jan. 11. Meeting of Senior Class.
- Jan. 12. Teaching groups get their grades.
- Jan. 13. Really a cold day.
- Jan. 14. All are requested to attend society.
- Jan. 17. State Librarian speaks in chapel.
- Jan. 18. Miss Linnell bawls us out.
- Jan. 19. Basketball game—New Brighton vs. Normal.
- Jan. 20. Same as usual.
- Jan. 21. Two games—Girls won, Boys lost.
- Jan. 24. We are informed of abusing Dixon Parlor.
- Jan. 25. Coach says, "We are going to try and win one game this season.

- Feb. 20. A white day.
- Feb. 21. Blue Monday, but a white ground.
- Feb. 22. Game—West Virginia Reserves vs. Normal Boys, 32-31.
- Feb. 23. Boys Athletic Association started.
- Feb. 24. Not much happened.
- Feb. 25. Games—Edinboro Normal Girls vs. C. N. S. Girls—we won. Perryopolis H. S. vs. C. H. S.—we lost.
- Feb. 26. Another game—Waynesburg College Boys badly defeated by the Normal Boys.
- Feb. 27. Announcements made in chapel.
- Feb. 28. Everything dead as usual.
- Mar. 4. President Harding takes oath of office.
- Mar. 24. Easter vacation.
- April 1. Book goes to press.

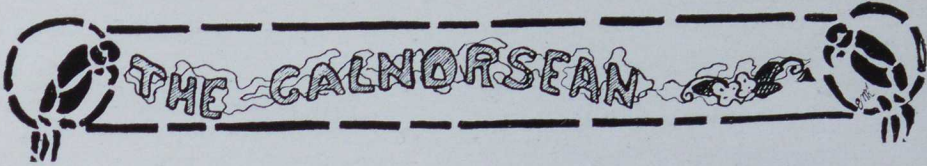

An Acknowledgement

Dear readers as the success of any annual depends largely upon the section of ads. Now as the following have helped us a great deal, I wish that you patronize our advertisers. If you want to buy something and do not know where to buy it, just look at the ads in this book.

I also want to thank the advertisers for placing their ads in this book, and we hope that they may be benefitted by their ads.

LOUISE C. HIGGINBOTHAM,
Business Manager.

We are firm believers in
the State Normal Schools
and the great work they
are doing—

A High-Class Commercial School

Douglas graduates are known as being thoroughly trained. Before a student graduates from this school he must reach a certain standard of accuracy and efficiency. Business men demand it. Two students may enter at the same time but the day of their graduation will depend upon the time it takes them to reach our standards and the business man's standards.

Hundreds of our former graduates are in positions of authority today because they were given the opportunity through bookkeeping, shorthand and typewriting to enter the office of the superintendent or manager who had authority to promote them.

Our school is in session the entire year and you may enter at any time. A special summer course is given for teachers. More than a hundred young men and women have accepted good positions during the past year. At the present time we have a daily enrollment in our day and night school of nearly 250 pupils.

There is a reason why you should attend our school; ask the business man and our graduates—they know.

Southwestern State Normal School

CALIFORNIA, PENNSYLVANIA

The New Course of Study for the Pennsylvania Normal Schools which was adopted March 23, 1920, has been in operation for a year. Both students and teachers are pleased with results, so we are persuaded that it was a forward step.

The program of the State calls "every teacher a trained teacher." This training can be secured at the Normal School located at California, Pa., at a reasonable cost.
