To

ISAAC CLAYTON KELLER

as an appreciation for all he has been to us
as an inspiring Teacher and worthy Friend

we,

the Class of 1928
dedicate this Calnorsean

Foreword

..◆◆◆..

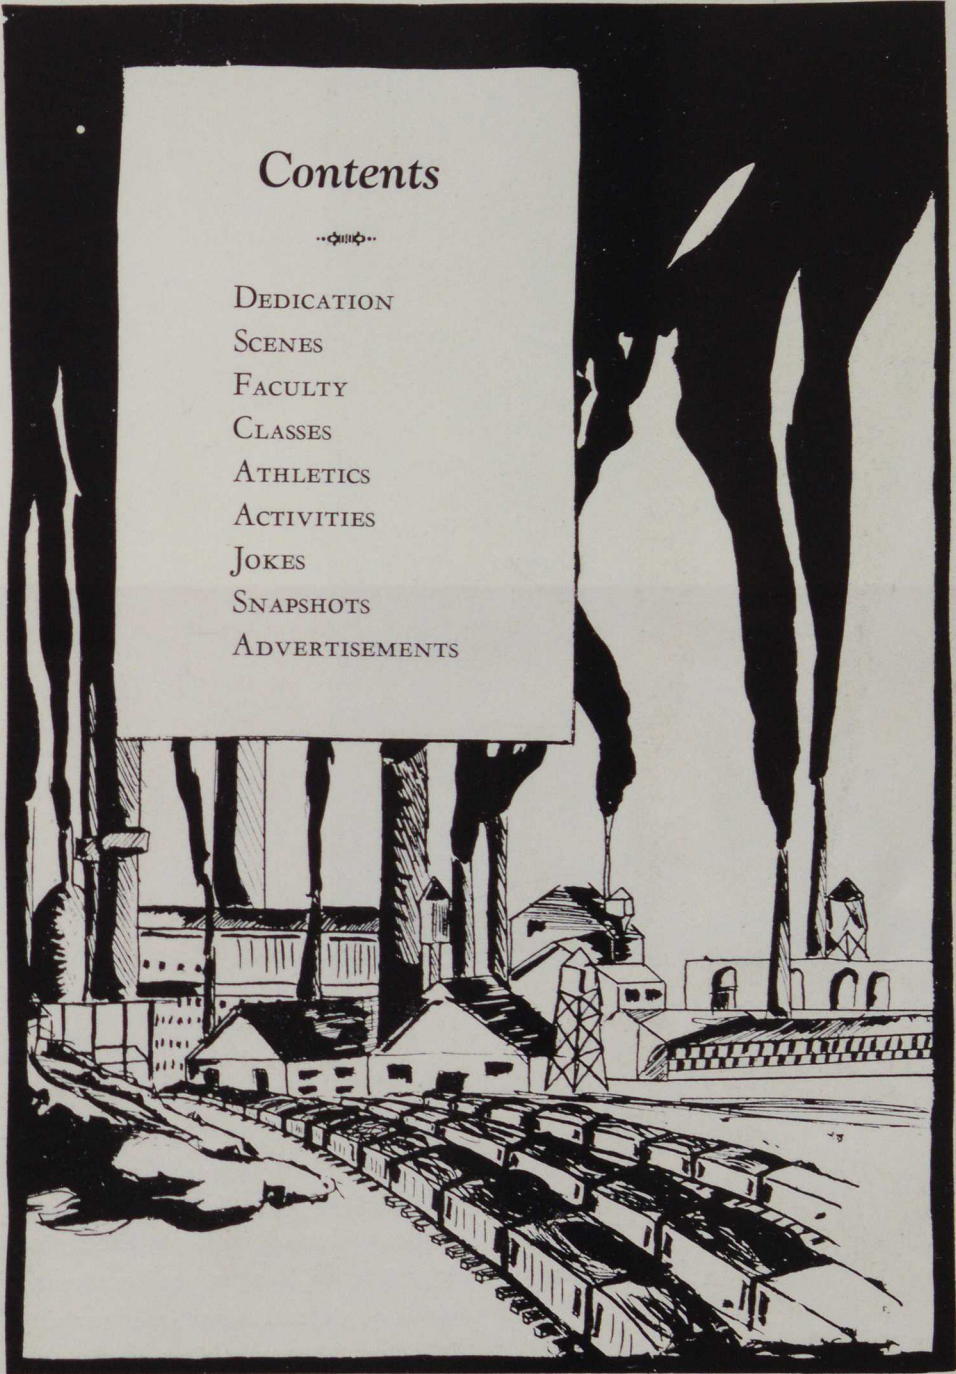

This 1928 CALNORSEAN we present to you. It is our most sincere effort for which we offer no apologies.

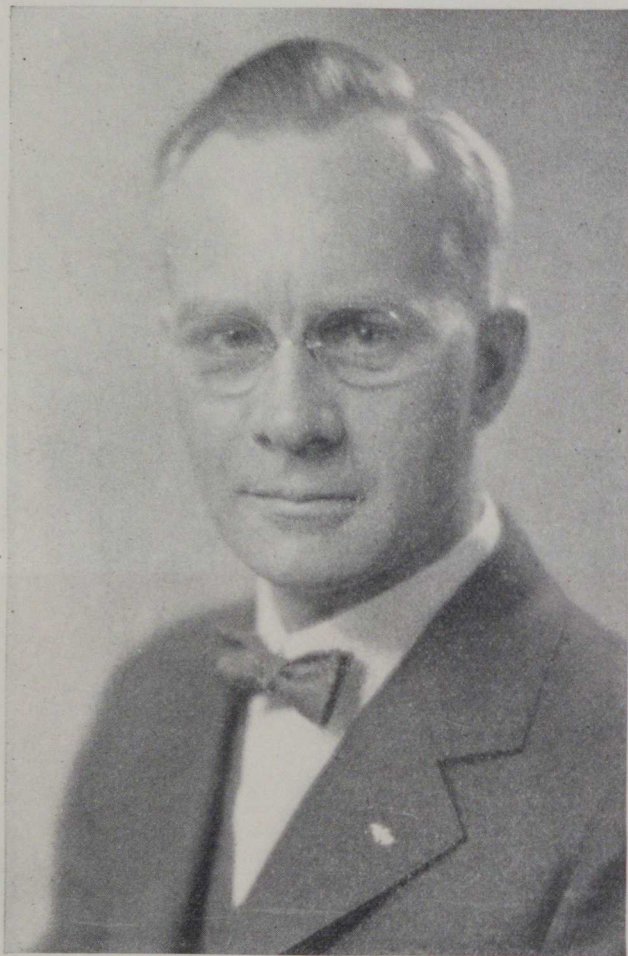

To keep in lasting memory the pleasant associations built up during our sojourn here has been our aim. If in years to come memories may be recalled by scanning these pages, our efforts shall not have been in vain.

DR. JOHN A. ENTZ, B. S., LITT. D.

Short in stature, grey of hair, kindly eyes, a firm mouth that can smile, endowed with patience, slow to condemn, eager to command, quick to defend, sometimes praying, laboring always, tiring never—we, his student children, see him thus.

BOARD OF TRUSTEES

- J. E. MASTERS.....*President*
Washington, Pa.
- B. E. TOMBAUGH,*Vice President*
Washington, Pa.
- O. R. BROWNFIELD.....Fairchance, Pa.
- H. D. FREELAND.....Waynesburg, Pa.
- HON. JOSEPH A. HERRON,

- W. M. LILLEY, *M.D.*.....Brownsville, Pa.
- MRS. THOMAS CRAGO....Waynesburg, Pa.
- LEE SMITH, ESQ.Uniontown, Pa.

These men are concerned with the past, present and future of our school in all its phases. They dictate its policies. No principal can fail with them, no faculty succeed without them. Every student must thank them. California does not suffer for wise guidance.

COAL

*"Some of the smokes God dropped on the job,
Cross on the sky and count our years
And sing in the secrets of our numbers;
Sing their dawns and sing their evenings,
Sing an old log fire song;
'You may put the damper up,
You may put the damper down,
The smoke goes up the chimney just the same!"*

*“Smoke of the fields in spring is one:
Smoke of the leaves in autumn another:
Smoke of a steel mill roof or a battleship funnel—
They all go up in a line with the smoke stack,
Or they twist, in the slow twist, of the wind.”*

*"A bar of steel—it is only
Smoke at the heart of it—
smoke and the blood of a man!"*

*"Lights go out
And the stark trunks of the factories
Melt into the drawn darkness,
Sheathing like a seamless garment."*

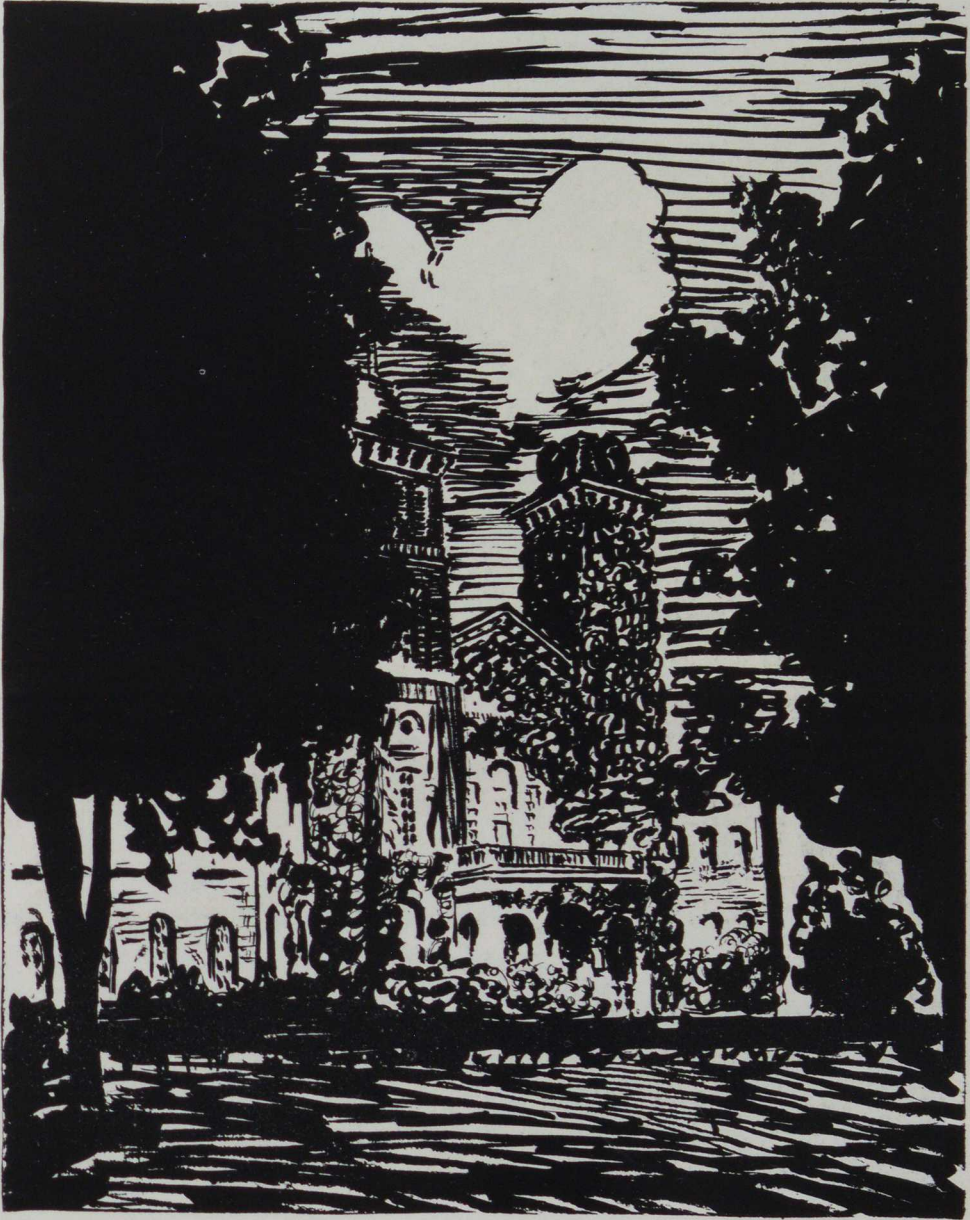

*"Hunted and hissed from the center
Deep down long ago when God made us over—
Deep down are the cinders we came from
You and I and our heads of smoke."*

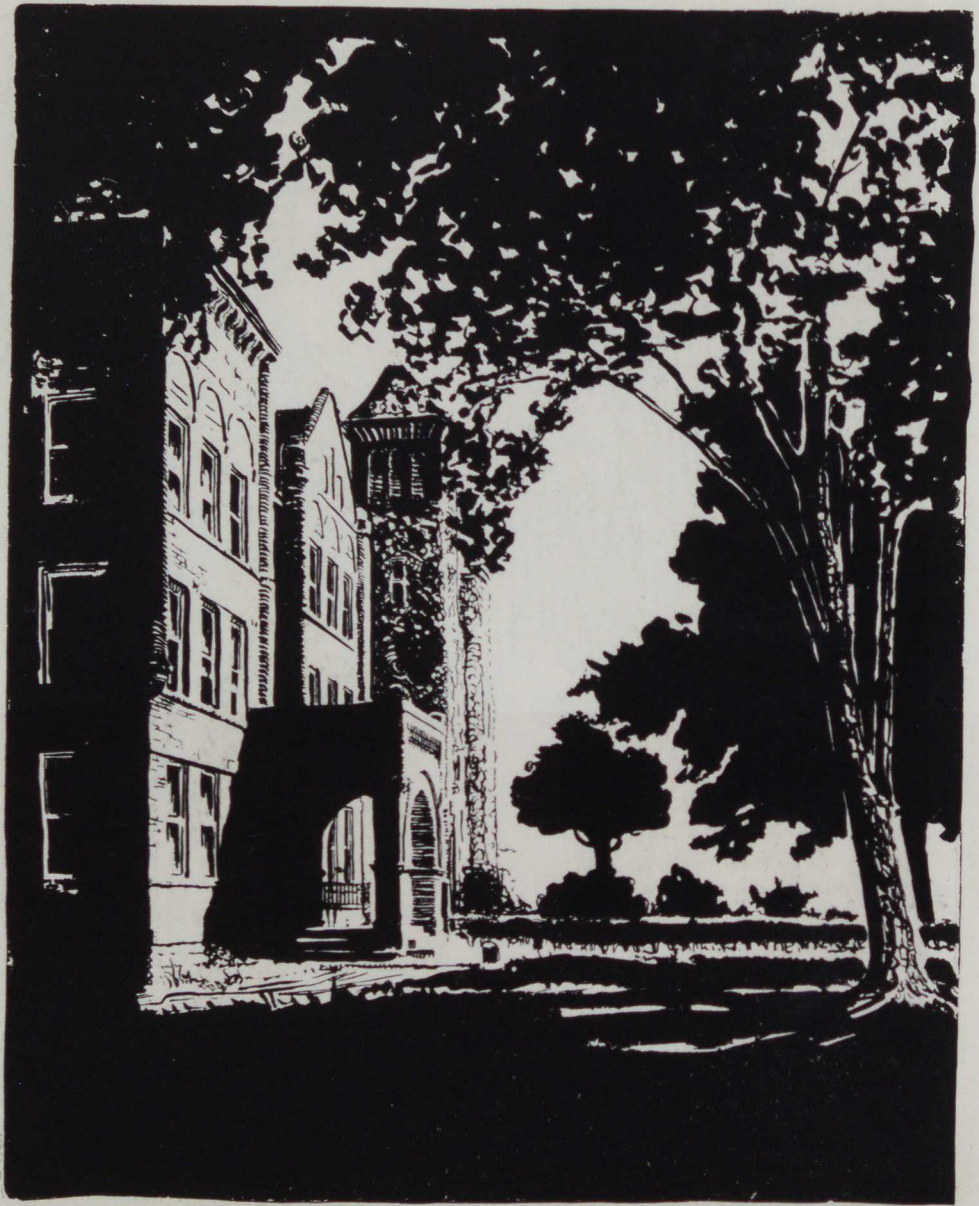

*“God, we don’t like to complain—
We know that the mine is no lark—
But—there’s the pools from the rain;
But—there’s the cold and the dark.”*

*“God—You don't know what it is—
You, in Your well-lighted sky,
Watching the metors whiz;
Warm, with the sun always by.”*

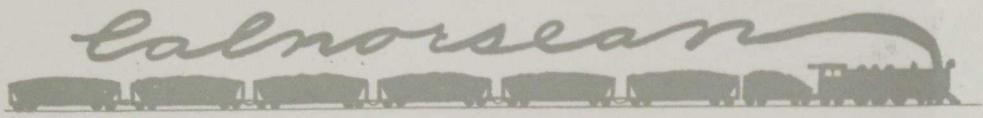

*“God—if You had but the moon
Stuck in Your cap for a lamp,
Even You’d tire of it soon,
Down in the dark and the damp.”*

*“Nothing but blackness above,
And Nothing that moves but the cars—
God, if You wish for our love,
Fling us a handful of stars!”*

THE SENIOR CLASS HISTORY

The officers of the Senior Class at the beginning of the year were:

<i>President</i>	CHARLES FORGIE
<i>Vice President</i>	WILEY IRWIN
<i>Secretary</i>	OLGA CROMBIE
<i>Treasurer</i>	MELROSE KINSEY

At the end of the first semester Charles Forgie left and Robert Baughman was elected to fill his place; in the absence of Melrose Kinsey, Zelma Click took over the duties of the treasurer.

The number of years necessary for graduation from California Normal have rolled by. Now that the moment has come, some of us are happy and others are sad, happy with the thought that we are ready to enter the teaching profession, sad with the thought that we are parting from friends.

Some of our classmates have attained fame and honor and will be remembered by students yet to come. We've worked, we've played, we've wept, we've sung, but all these only helped to bind us closer to our friends. With the help of our officers we may say that we rank as high as other senior classes, both in scholastic and social ability.

This year a group of delegates went to New Castle to attend the Y. M. C. A. Convention, and we are proud to say that California ranked highest in the number of representatives present.

We have seen the Campus Chronicle grow in publication and worth of literary works. The name of our paper was changed from the C. N. S. Owl to the Campus Chronicle. Upon comparing our paper with those of other schools, we find that we compare very favorably and in fact, rank higher than most.

This year's class saw the organization of a "Letter Men's Club". This organization consisted of varsity men of 1926 and 1927. The purpose of this organization is to promote good fellowship between the school and the athletes. This club has had a good beginning and promises to be one of the most worthwhile organizations of the school.

JUNIOR CLASS HISTORY

OFFICERS

<i>President</i>	RUSSELL BLAIR
<i>Vice President</i>	JOHN WOLFE
<i>Treasurer</i>	LAWRENCE AMY
<i>Secretary</i>	ELIZABETH RANHKIE

The history of this class dates back to June, 1928, when the commencement exercises of the various high schools sent forth numerous groups of young people either into the field of life, or better yet, into higher institutions where they might still continue their course in the pursuit of knowledge through the aid of favorable opportunities.

The counties nearest the Normal bequeathed their best thinkers, and from this scattered populace a chosen group found their way to California Normal. The first few days found many of us feeling strange and lonely, but the seniors and faculty by their abundance of tact and kindness soon made us feel at home in our new but wholly delightful environment.

We as Juniors organized late in the term but we managed our Junior Prom with an ability that bids fair to the class of '29. This year has been a prosperous one for our class both intellectually and physically and our sole aim is to maintain our good standard as we fill the places left vacant by the departing seniors—hoping to fill them efficiently.

SUMMER SCHOOL 1927

From the statistics sent to the State Department by the Director of the Summer Session, it was learned that the exact enrollment of the California Normal School Summer Session was 1,103, with an even 300 of this 1,103 in attendance at the Somerset Branch. Of the fifteen counties represented, Washington, Somerset, Fayette and Westmoreland had the largest representation.

The new members of the faculty proper were: Claude Mitchell, Education; Charles E. Manwiller, Social Studies; Mrs. Beth L. Mytinger, English; Miss Martha Schmucker, Music; Miss Ida Shive Bentz and Miss Katharine Donaldson, Art; R. G. Dean, Mathematics.

At the Somerset Branch the new instructors were: H. H. Delong, Director of Education; Reinhold Schmidt, Social Studies; M. C. Harner, Geography; Miss Dephina Martin and Miss Eleanor Fordman, Primary Subjects.

Several of the summer school faculty continued their work this winter. The large enrollment shows the large territory served by the normal and the popularity of a summer session.

SOUTH HALL COUNCIL.

STUDENT COUNCIL

The student government organization was divided in four distinct groups, each group having a senate and a council. South Hall, North, Town, and Travelling Students were represented. The work of each group proved very successful and showed that student government is a worthwhile form of directing the discipline of a school.

TRAVELING GIRLS' SENATE

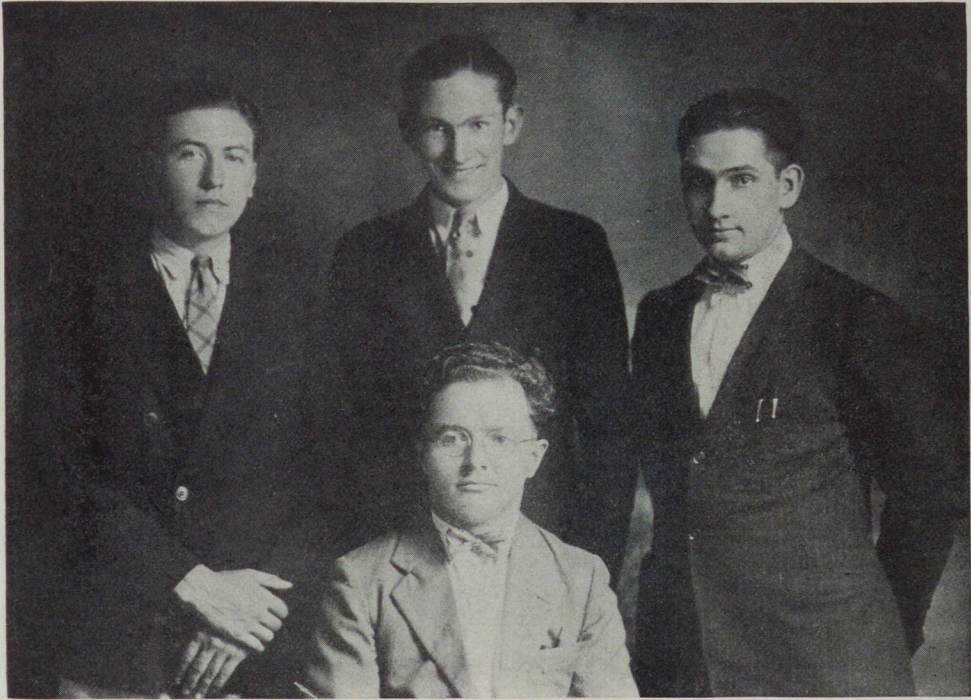

TOWN GIRLS' COUNCIL AND SENATE

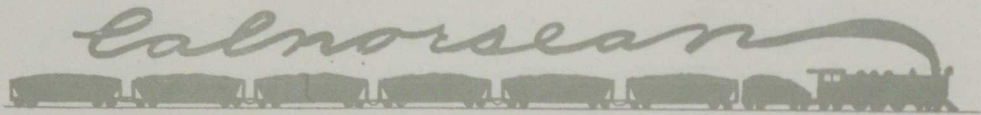

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Y. W. C. A. organization, which became effective soon after the opening of summer school, was active throughout the season. Sponsored by Mrs. Wilson and Mrs. Entz, the girls secured a commendable membership. Although no great programs were given before the whole school, the weekly meetings and vespers, together with the spirit of good-will among members, aided in making new students welcome and helped them to acclimate themselves to C. N. S. Hikes and suppers were a part of the get-acquainted program. The girls who joined the Y. W. C. A. could not regret their joining this nationally known school organization and carried with them the influence such a congenial group of girls would receive.

YOUNG MEN'S CHRISTIAN ASSOCIATION

The summer organization of the Y. M. C. A. was sponsored by I. C. Keller. With a cabinet of members of South Hall as executives, the membership increased and weekly programs were popular and worthwhile. Besides several chapel exercises and the entertaining of prominent leaders of the movement, the group, like the purpose of every similar organization, spread throughout the schools an era of good feeling and friendship. Perhaps the Y. M. C. A. did not gain the popularity during the season that others did but the influence has been felt in the winter organization, by the increased interest in such a meeting and the campaign for a one hundred percent membership.

PHILO SUMMER SESSION, 1927

The Philo Literary Society during the Summer Session of 1927 sponsored a most selective and lucrative series of entertaining programs. The purely literary aims of the society were sacrificed for the sake of the more appalusive, yet qualitative element of exclusive entertainment.

Due to the insufficient seating capacity of Philo Hall and for the sake of stage facilities necessary for the successful execution of programs, weekly meetings were held in the auditorium with capacity attendance.

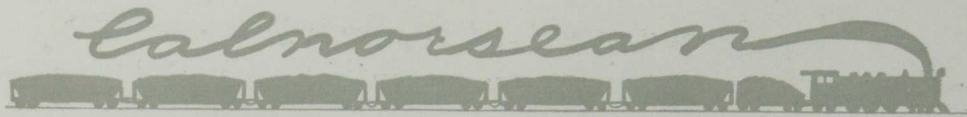

Full appreciation of Philo quality is evident, only after a complete tabulation of the report of the secretary. The record left is one of which each and every Philomathian should feel proud. The chronicles of C. N. S. can never fail to recognize the accomplishment manifested through the emulating spirit stimulated by this group of cooperative one-hundred-per centers.

To propagate Philoism was the fundamental objective of all meetings.

To recall the special Philo Vaudeville we have but to think of the big features of the Summer Session offered, to the townsfolk and student body, for entertainment. It was just another of Philo's unexemplified marks of success.

Participants in all Philo programs were selected from the elect group comprising the intelligentsia of the student body. Happily, all Philomathians were in this group. To be registered with the enviable Philomathian Galaxy was to be in summer school society activities.

Leadership remained with each and every individual member of the society. THE celebrities of Philo consisted of all members who were worthy of the cause of Philo. Quality—Class—Distinction and inimitable, that was summer school Philoism, (And when it's done better, Philo will do it.)

CLIONIAN LITERARY SOCIETY

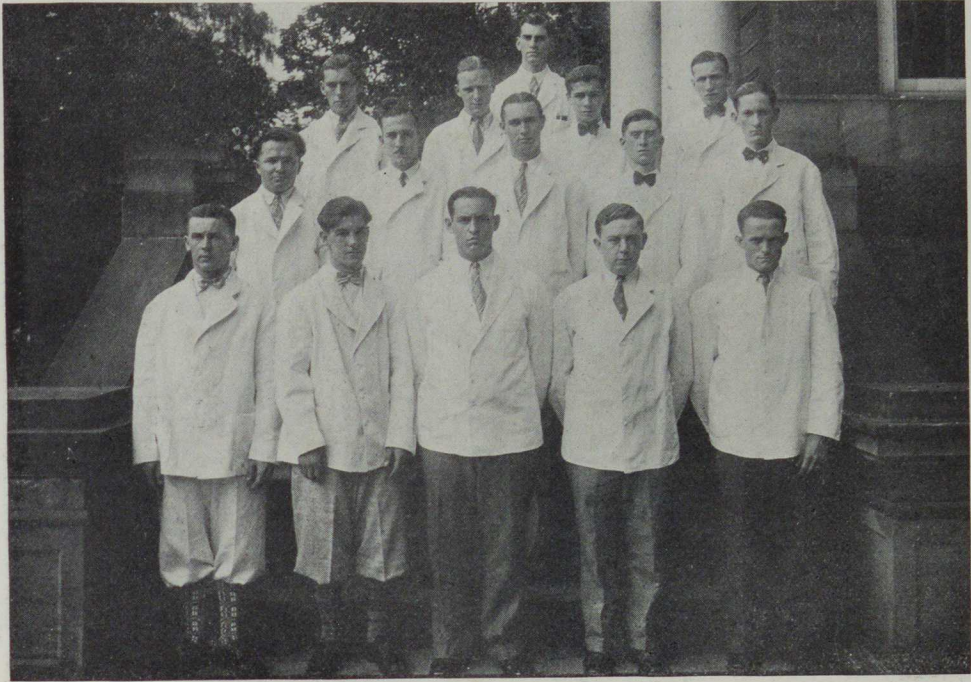

Clio's activity in the summer school was that which deserved worthy mention. Dr. Entz, in his endeavor to carry over the activities of the winter session into the summer, fostered the first attempt of an active Clonian Literary Society during the summer months. Organized under a group of competent executives, the enrollment although at first small was large before many weeks had passed. The regular Tuesday evening meetings held in Clio Hall brought forth interesting and varied programs.

The prospects of a repetition this coming summer are very bright, as many of the summer members as well as those of winter school are planning to again sojourn at California. The Society boasted a large and active membership, a large part of which remained for the winter session.

PRESS STAFF

The chief organ for distributing news among the students and faculty was the newspaper which appeared on the campus once a week. The Campus Chronicle, formally the C. N. S. Owl, was published for six weeks with Charles Forgie as editor-in-chief and Mason Bodkin as business manager. Perhaps we are not justified in giving the paper the most prominent place in school activities, but it was surely a chronicle of school events. No staff was chosen, but students contributed to each issue and surely accomplished a good piece of work. The largest thing accomplished by the summer staff was to create a favorable opinion among the school population for the school newspaper.

WAITERS

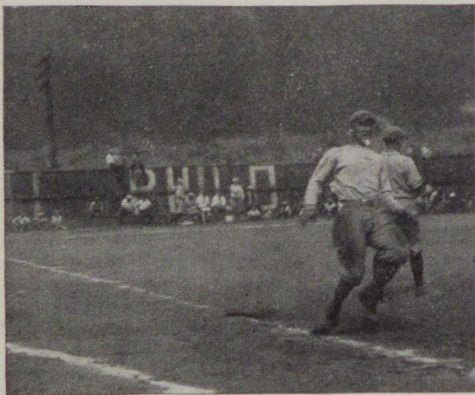

These cheerful waiters were also students at C. N. S. last summer. They served all meals as veterans of the trade. Their popularity was perhaps determined by their ability to satisfy the wants of the students who thronged to Dixon Hall for every meal. Nevertheless, the waiters deserve credit for their work during the summer.

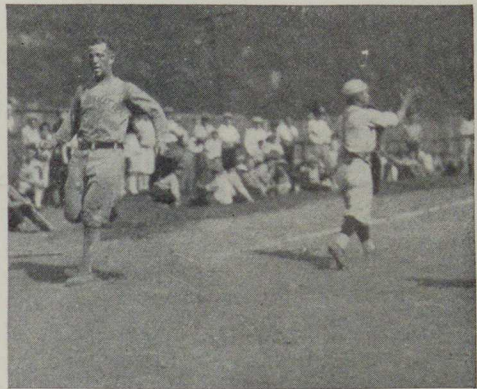

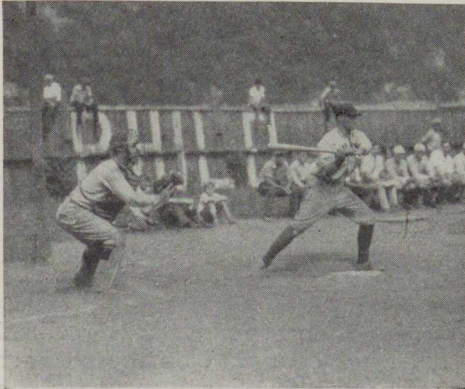

Some of them remained with us throughout the winter and are still busy following the trade. We wonder whether or not all of them will be teachers in classrooms but there is no doubt in our minds as to their ability when on dining room duty. Keep your eyes open girls!

SUMMER BASEBALL

The Red and Black Baseball Team rounded out a season in a manner expected of such an aggregation. With a line-up of nine players and a worthy group of subs, the team scored six victories. Enthusiastic crowds cheered this team as it "battled" its way to victory. At the close of the season a banquet was held, at which the members of the team were honored guests.

Social Calendar

BOAT EXCURSION

One of the most successful social events of the summer was realized July the 22nd when students, faculty and friends embarked on the steamer "Princess" for a trip up the Monongahela. The excursion was under the auspices of the students of Fayette County and the high interest manifested and the whole-hearted support of the students contributed much to the success of the trip.

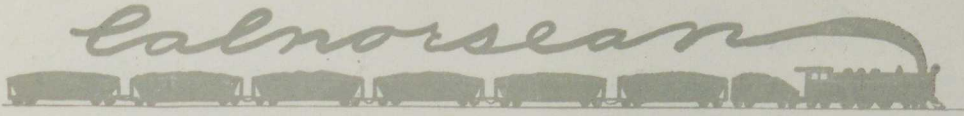

ROMANCE OF YOUTH

The "Romance of Youth" which the Devereux Dramatic Company presented in the chapel, July 27th, proved a charming romance of Spain. Clifford Devereux and Zenita Graf interpreted the play in handsome costumes and were aided by beautiful stage settings in affording the audience a pleasant evening.

PHILO VAUDEVILLE

The eight-act vaudeville show given by student talent and outside entertainers, August 24th, was one of the most entertaining and original of the student programs which was presented in the summer. The program included student talent, besides dances by some of the children of the California Borough Polish School. All in all, the vaudeville was a huge success and much enjoyed by the audience.

WESTMORELAND COUNTY LAWN FETE

Westmoreland County contributed much to the social program of the summer with a lawn fete which was held Friday evening, August 5th. Following a program of readings and music, there was dancing in the gymnasium until eleven.

ALLE-GRE-SET DANCE

The last dance of the summer season was by no means the least important part of the social calendar. Al. Zeffiro's "Golden Gate Eight" furnished music and the continuous sound of gaiety was a fitting close to the summer session.

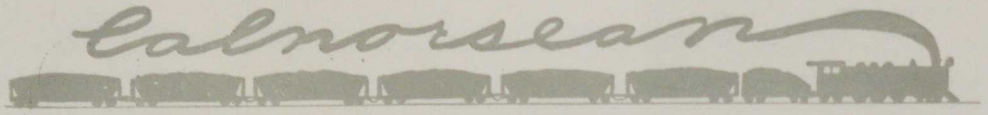

GALLATIN VISIT

Mr. Gilmore's Teaching of Social Studies class, along with members of the United States' History class, motored to Friendship Hill, near New Geneva, to visit the old homestead of Albert Gallatin, Secretary of the United States Treasury under Thomas Jefferson.

DR. LOSE LECTURES TO STUDENTS

Dr. Charles Lose, a friend of California for twenty years, visited at the Normal for a week and noted many changes on the campus. His knowledge of nature, supplemented by his experience as a teacher, made his talks in the classroom and his lecture in chapel helpful and interesting.

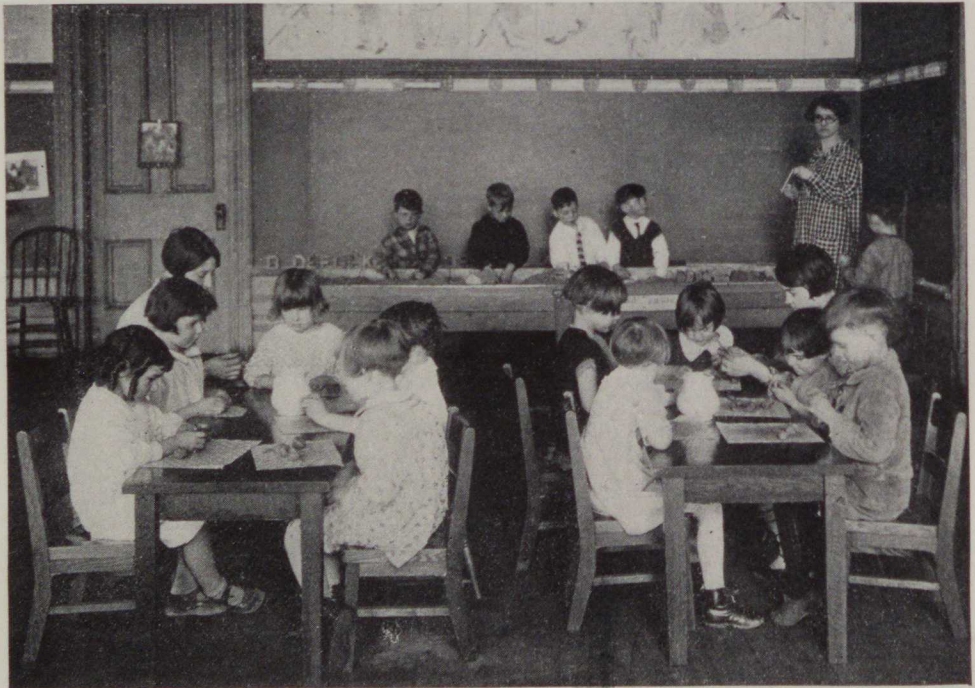

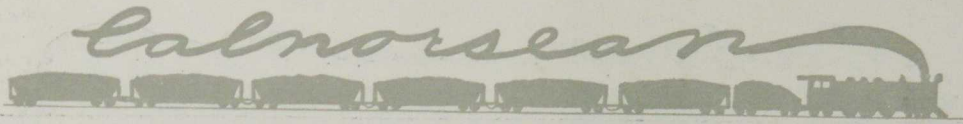

THE TRAINING SCHOOL

A normal school cannot exist without its training school department. California Normal school proudly boasts of its efficient, well organized training school, capably directed by Professor Kerstetter.

During the past year, two hundred fifty seniors received their practice teaching under the guidance of thirty-six co-operative training teachers. Thirteen hundred future citizens were placed under their care. Each student teacher is required to teach one session daily a semester. During this time they come in contact with many of the experiences of a professional teacher in the class rooms and on the play ground. Much technical knowledge is obtained that will prove valuable in their teaching careers.

SCIENCE HALL

THE TRAINING SCHOOL—*Continued*

The training school department at present consists of five schools: Campus Training School, Junior High School, Coal Center School, California Borough School, and the South Brownsville school.

For many years Dr. Entz, our principal, and Professor Kerstetter have visioned a large, modern equipped, centrally located, well functioning school plant; indeed, one that would be representative of the progressive South-western district of which California Normal is a part. It is the aim of those in charge to bring together a representative body of students in the first six elementary grades and offer to them the best training possible as well as to the student teachers.

This is no longer a visionary thing; in fact, it will soon be a reality. The state architect is now at work with blue prints planning a building on the Unit system which will be situated on or near the campus. It will be built

so that as the spirit of California becomes greater and as our enrollment increases it will be possible to signify such by increasing the size and dimensions of our training school with bricks and mortar.

The Campus Training school, situated in Science Hall, provides capable instruction to first, second and third grade pupils. This is supplemented by a Kindergarten for thirty-two children of pre-school age. This school is of special interest to those Juniors as well as Seniors who are specializing in the Primary Grades. Juniors, not having chosen their group, upon observing these little ones, no doubt seriously considered the work and this may in part be responsible for guiding the future teachers to their vocation.

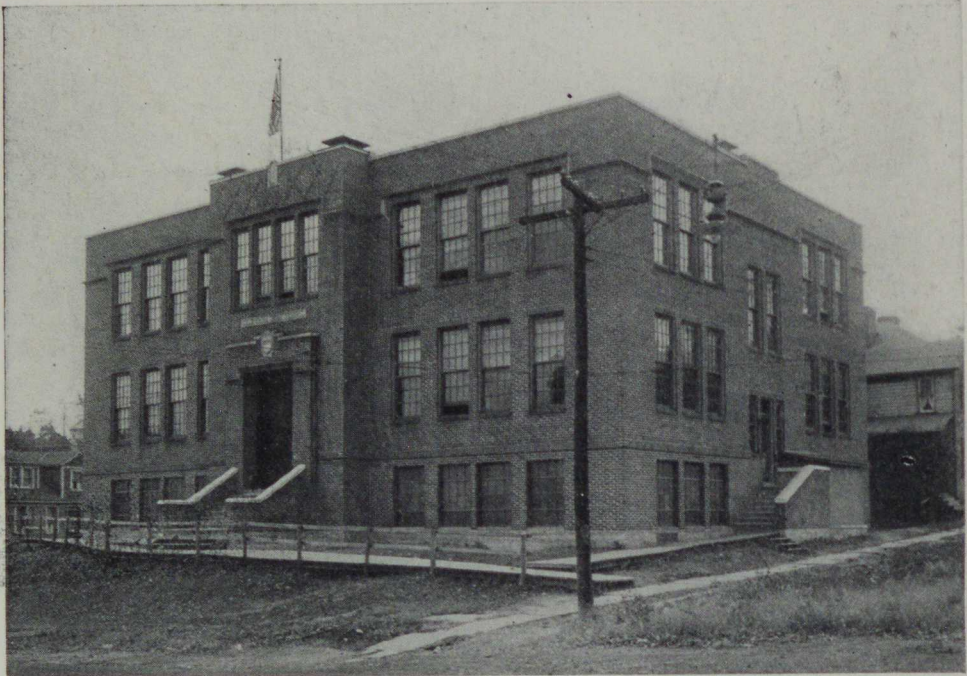

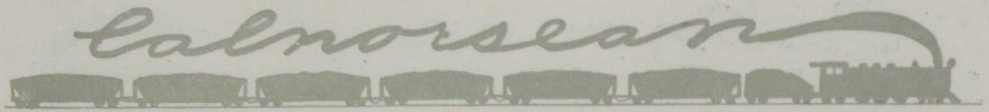

JUNIOR HIGH GIRLS' BASKETBALL TEAM

THE TRAINING SCHOOL—*Continued*

The Junior High School is located in the basement of the Dixon Hall where it receives all the advantages of its proximity to the Normal School. Those students who have selected the Junior High Group and are primarily interested in this division make many observations as well as perform their student teaching there. It may be described as small but mighty. The pupils are from the Coal Center School district and, due to the small number enrolled, the student teachers, supervisors, and pupils come into close contact with each other and all concerned derive much pleasure and many benefits.

Each pupil in the three grades, seventh, eighth and ninth, is a member of an active club sponsored by a student teacher. Among these were the Hiking, Manual Arts, Current Events, Mathematical Wrinkles and English

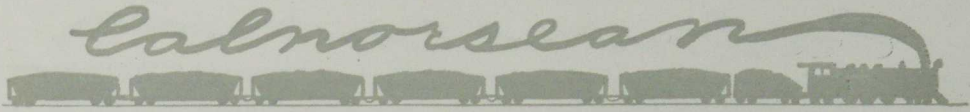

BOROUGH SCHOOL

THE TRAINING SCHOOL—*Continued*

Clubs. Other than this, they sponsor dramatic and athletic activities in which every boy or girl may participate if he or she desires.

Perhaps the most modern, best equipped school plant cooperating with the department is the California Borough School. This serves as a training institution for teachers from the fourth to the eighth grades. It is frequently visited by regular Normal Classes desiring to observe the pupils and teachers of the intermediate group.

The Coal Center Borough School is a pleasant memory to many of the Seniors who were fortunate enough to do their student teaching in this quaint little building. They found the pupils ever ready and willing to help them to do their part.

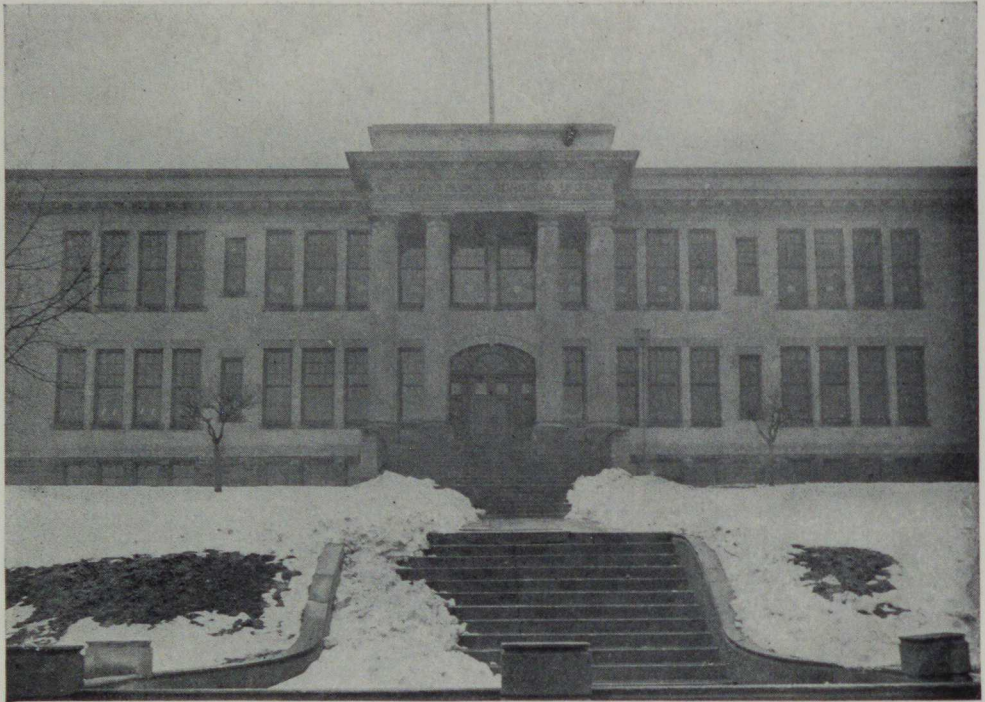

COAL CENTER SCHOOL

THE TRAINING SCHOOL—*Continued*

The school has only four class rooms but the six grades are included. This gave the Student Teacher a glimpse of the small school house as it generally prevails throughout the country. Teachers from the Normal supervise the special classes and the students receive the individual attention that prevails throughout the training school department.

Owing to the increase in the enrollment of the Normal, many more student teachers must be placed in training schools. It has been necessary for the past two years to call upon both Charleroi and South Brownsville for their cooperation. However, this year we were able to manage successfully with only South Brownsville's help, but we know that California Normal may always depend upon Charleroi and other valley towns in case of necessity.

SOUTH BROWNSVILLE SCHOOL

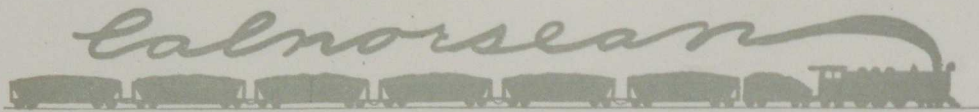

THE TRAINING SCHOOL—*Continued*

It is gratifying to note that their generosity and cooperation have never been found lacking. The enthusiasm and helpfulness of the townspeople, principal and teachers have been appreciated by those who taught, as well as by the school executives. It was an excellent workshop, splendidly equipped. Efficient work resulted as only such could result from such pleasant cooperation.

When we stop to consider that in years not long past the training school was harbored in the rear of our library, that we had few pupils and few teachers, we can readily say that California Normal's Training School is a progressive and developing institution and one of which we are justly proud.

FOOTBALL 1927-28

At the beginning of the year the opinion concerning the team was greatly divided. Things seemed to be going slowly and it was not until the beginning of the second week that the team was entirely organized.

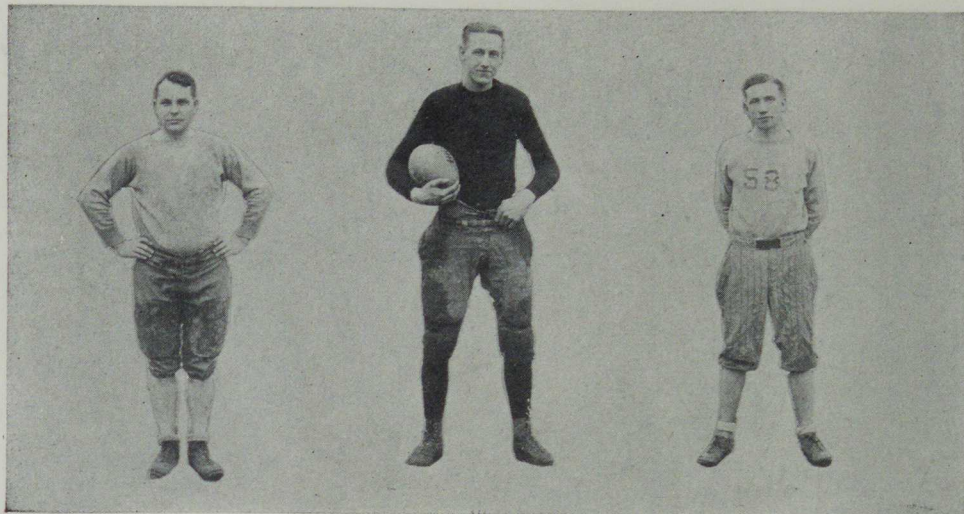

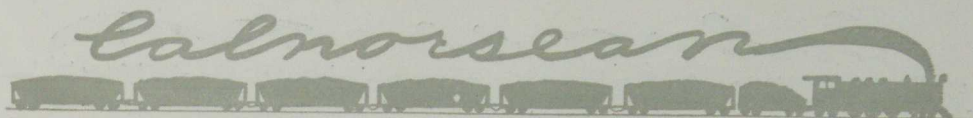

CLARENCE GROVE

Coach

Although small in stature, no one can dispute his great ability as an athletic director. Grove was liked by all men who took instruction under him, for he never asked any one to do anything that he would not do himself.

Grove's idea of football, as well as any other sport, was the main stimulus that kept the men fighting. He often said any man could play football if he wanted to.

With seven veteran men back from the previous year, Grove produced one of the best teams the school has ever had.

ASS'T. COACH SUTHERLAND; Known to all, and liked by all. The squad of '28 says, "Hello, Jock."

CAPTAIN "WHITIE" IRWIN; To him who earned his letter thrice at C. N. S. we say, "Good-bye forever."

MANAGER CHARLES FORGIE; "Forgie" was always at the right spot, with the right dope, at the right time.

FOOTBALL—*Continued*

It did not take long for Coach Grove to induce the right stimulus into the team and everything went off with a "Boom." Everyone was anxious to win a place for himself on the team. The interest, however, was not confined only to the team, but the school, as a whole, was back of the squad. Although there was still some doubt, the students were hoping for the best on October the 1st, the day of the first game.

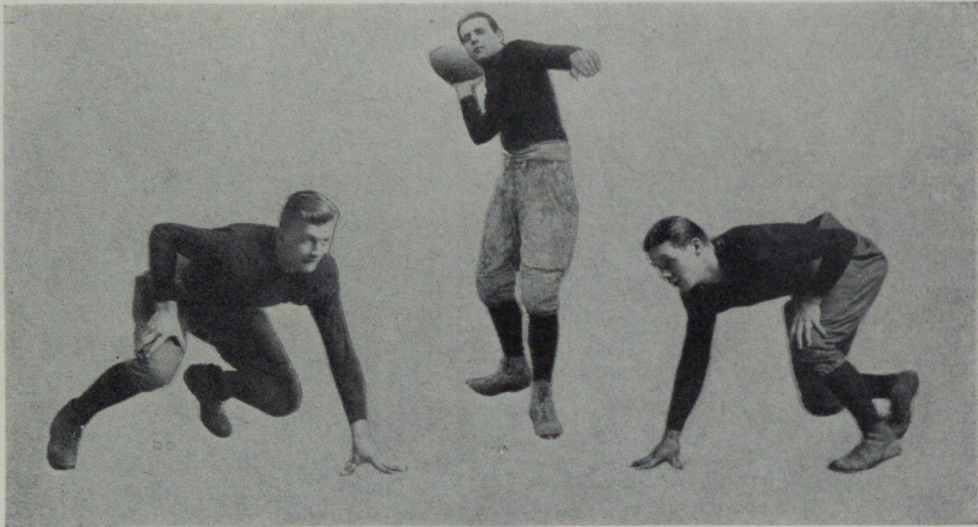

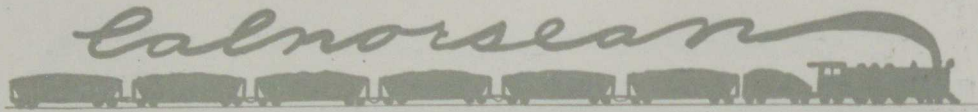

Saturday, the day of the West Liberty game, Capt. Irwin led his men on the field to do their best against their opponents. It seemed to the spectators very pathetic for the small home team to play the strong West Liberty team. As the teams lined up on the field, it was easy to see that our boys were out-weighted a great deal. In spite of this fact, the boys had the old fight in them and played hard.

The game ended with a defeat for the home team to the tune of 7-0, but we were not discouraged, for it was proved to the spectators that California could hold its own.

Although defeated in their initial contest the Red and Black fighters were not discouraged. At the beginning of the next week every one was out to beat Shippensburg. This team won the state championship the previous year. Nothing was wished for more than to beat them.

"C. N. S. LOSES THE FIRST TO WEST LIBERTY."

WILLIAM "BILL" HALL; Bill was just one of the many boys who came to C. N. S. He was determined to play at tackle—and did!

JOSEPH "JOE" SPRINGER; "Joe" made the first touchdown of the season. He was the highest scorer of the year.

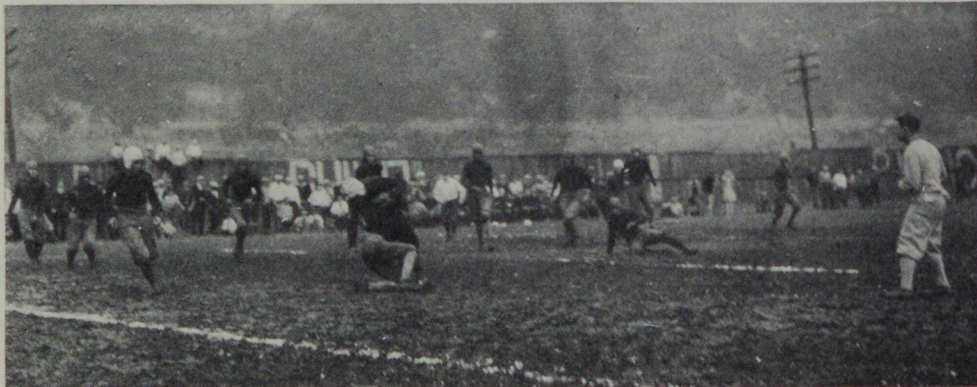

CLYDE "DIZZ" HAYWOOD; "Dizz" played more than any one on the squad last season. He more than likely will do the same next year as "Captain."

FOOTBALL—Continued

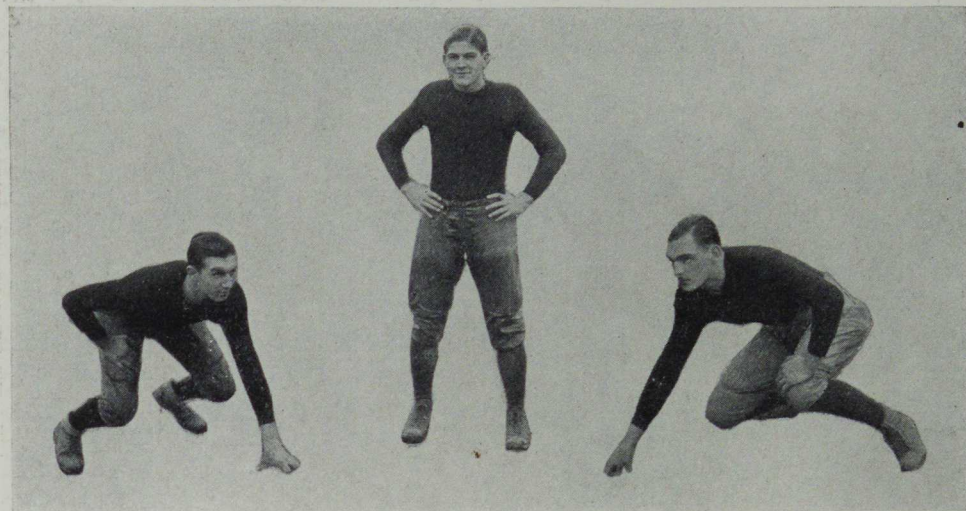

On Saturday, October the 8th, when the heavy Shippensburg team took the field, it was easily seen that they were confident of victory. From the first play to the last of the first half the visitors led the attack, scoring six first downs to the home team's three. But just the opposite happened in the second half and by our unfaltering fight we came very close to scoring. The spectacular playing of the game happened in the last few minutes, when California made a grand march up the field for the winning score, but alas, too late. Their invasion was halted by the final whistle. Although they had neither won nor lost, their spirit was high, for they had held the State Champs to a scoreless tie.

As the season advanced the squad showed great progress in their practice. It would seem as if the team would begin to be discouraged, but although they had not won a game as yet, they were all the more determined to do so.

The next game, although a defeat, taught the team a lesson. On Saturday, October 15, the team journeyed to Edinboro. The day was ideal but the field was not what the team had been accustomed to playing on. It was a rolling field and covered with grass, much different from the muddy one at home. From the beginning to the end of the

"C. N. S. STRENGTHENS AND TIES WITH SHIPPENSBURG."

KENNETH "KENN" SLOSKY; "Kenn" earned his letter playing at end and showed real form in catching passes.

JAMES "KO" ADAMSON; "Ko" just couldn't help talking the opponents to death and did so by barking the right signals.

ROBERT "BAUGHY" BAUGHMAN; "Baughy" played at tackle. He can surely teach any one the tricks of that position.

FOOTBALL—*Continued*

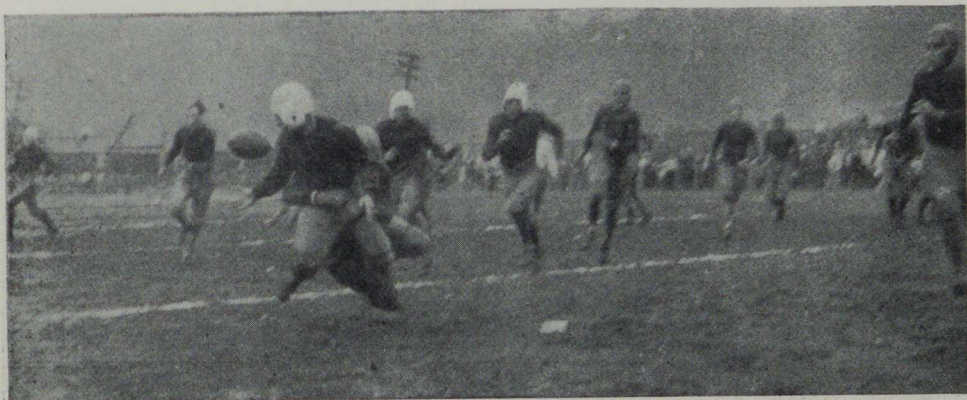

game, the Edinboro team led a very strong aerial attack which was not what we had prepared for and in the end proved very successful for the opponents. The score at the end was 27 to 6 in favor of the opponents.

On Saturday, Oct. 22nd, the Normalites went on the field as if they were playing the first game of the season. They had forgotten the defeats and were playing as a new team. It had rained the past week and the field was ideal for a California victory.

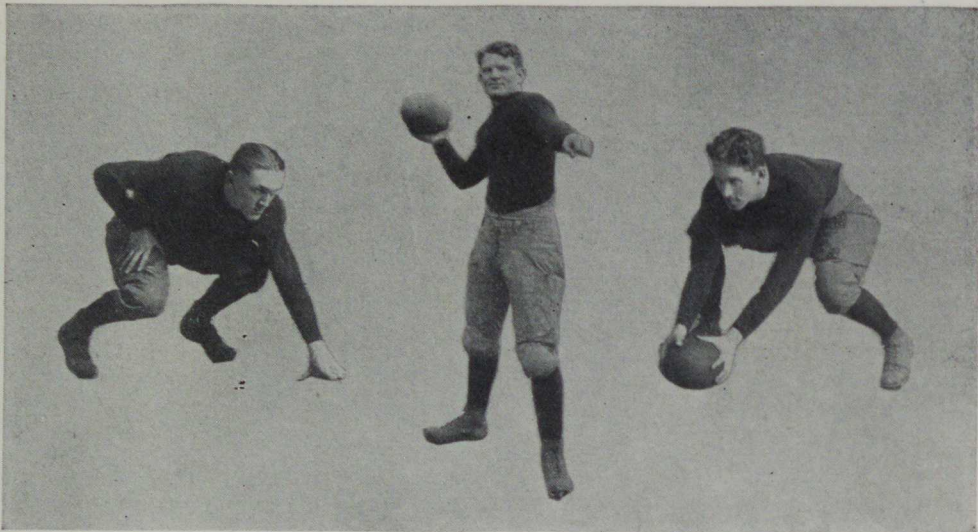

This game between Indiana and California was the first one that had been played for five years. California had never beaten Indiana in the past, but the time had come when they were going to perform this act.

From the first whistle of the game to the last, the home team had the visitors on the run. In the first six minutes of the game California made their first touchdown and proved to their opponents that they were determined to win.

The constant pounding of the line by Springer and Sabolshich, the long end runs by Hoak and Adamson, and the defensive work of Drum and Baughman were the outstanding features of the day, not to forget the work of our brainy quarterback, Cornell.

"Who's Who?"

WILLIAM HOAK; "Hoaky" played his first as a football man this season. He showed us that he will go strong next year.

ELDEN "BUS" KENT; C. N. S. hopes that "Bus" will be back next season to call signals as he called them in the season of '27.

EARL "RED" LINQUIST; "Red" was always at the heart of the action for his position was at center.

FOOTBALL—Continued

The game ended with new hope instilled within the team and the student body. The score was 18-0 in the home team's favor.

The boys with the spirit of tigers journeyed next week to Lock Haven. The Lock Haven team was not the calibre of the teams the home boys had been playing, but this did not make them overconfident. The Lock Haven boys knew football but they did not have the material to put it over. They tried very hard to make a dent in our strong defense, but it was useless.

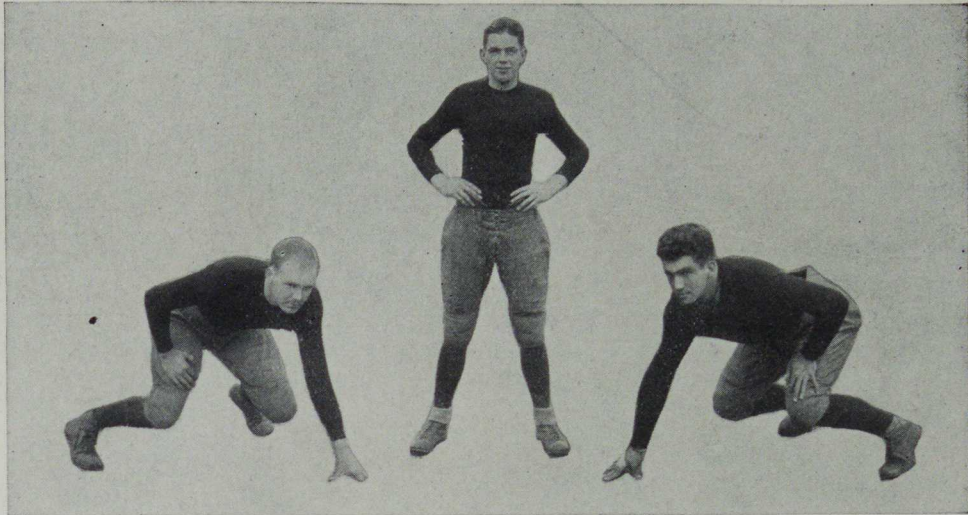

Had the boys been expecting a soft game they might have not won by so large a margin. But because of their unfaltering spirit they came off the field with the score of 32-0 in our favor.

With a week of rest behind them and still with their unfaltering spirit, the team went on the field Saturday, Oct. 12th against Clarion with blood in their eyes. They were determined to keep their record clear the rest of the season.

Coach Grove, to everyone's surprise, started the game with the second team and at the end of the first quarter they had scored two touchdowns, the first of which was made

"C. N. S. DEFEATS INDIANA."

HOWARD "STIFF" EDWARDS; "Stiff" was a good name for him, for there was not one who ever had an easy time getting past him.

PAUL "DOC" CORNELL; "Doc" was another one of our witty quarterbacks. He must have called signals when he was a kid back home.

BERYL HOWARD DRUM; "Drummy" was our mainstay in backing up the line. We hope he will be with us next season.

FOOTBALL—*Continued*

by Krupensky, who caught a pass. At the end of the first quarter Grove sent in the initial team which began to score instantly and scored three times the remaining time of the first period.

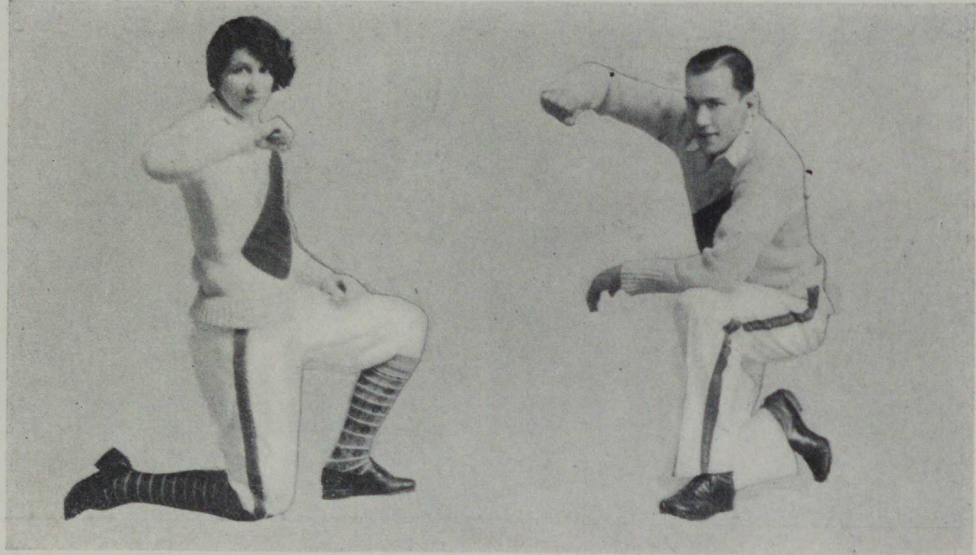

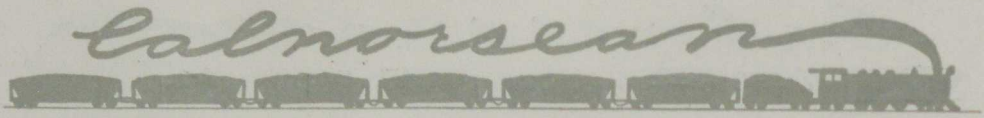

The second half began with the first team still in the game; and going according to form, they scored two more touchdowns. In the last eight minutes of the game, the second team took the field again and although they outplayed the visitors they failed to score. The game ended with the score 39-0.

The season was getting old when the last game came into view. It was very cold and hard to get a good practice. Slippery Rock, our chief rival, had never been defeated by the California team, so with our hearts filled with the desire to do so, the team left home on the 8th of November to do their best. The players on the first team spent the night in the Butler Hotel, but the second team went on to Slippery Rock.

On Saturday, about an hour before the game, the first team left Butler and arrived at Slippery Rock in time to dress for the game. With the mercury ten above zero, and in the midst of a blinding snow storm, the locals were at a disadvantage, for they were not accustomed to the cold weather.

"ANOTHER INDIANIAN BIT THE DUST."

CHEER LEADERS

PIERCE AND LONG

When the end of the season had come and the credit was being passed out for the successful season, we did not forget the work of Pierce and Long, who successfully led the best cheering section C. N. S. has ever had.

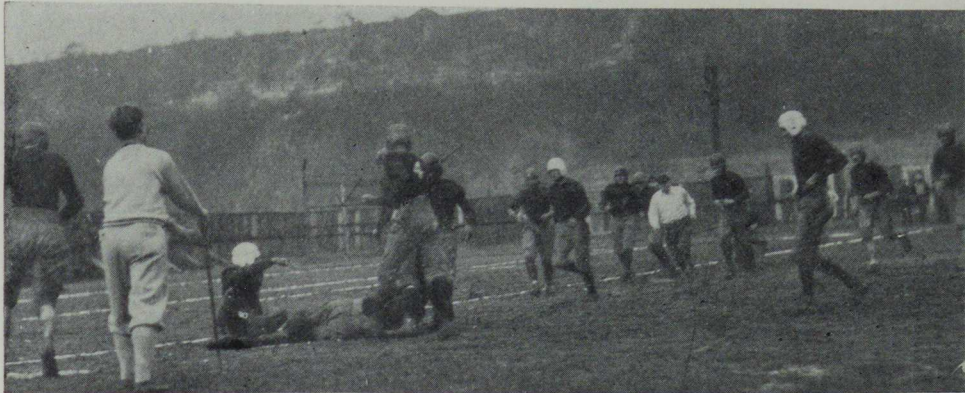

FOOTBALL—Continued

If the game would have ended at the end of the first half, people would have been said that California was the better team on the field, but according to rules, every game must have two halves, and as a result, the local boys were out-played. The game started with Slippery Rock receiving, and as if stunned by the swiftness, the California men watched Lutz score a touchdown. At this, the local boys tightened up and led the attack, and for the rest of the first half, they threatened Slippery Rock's goal.

But during the second half, the Slippery Rock team got the jump and help up their reputation for the rest of the game, for when the final whistle blew, they had piled up a score of 39-6.

BASKET BALL, 27-28

With Captain Baughman as a nucleus and the squad as an outer covering, Coach Grove developed one of the most efficient and fastest basketball teams that California has ever cheered for.

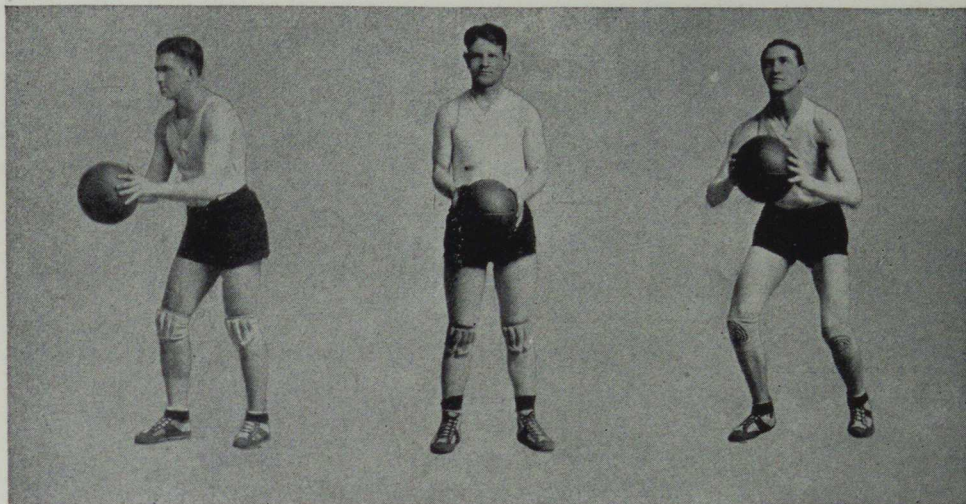

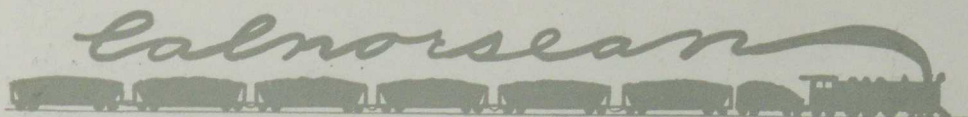

ROBERT BAUGHMAN

Captain

"Baughy was one of the very best friends any one would desire. He was a "Pal" to every one but did not let anyone find it out if possible.

He was just as good a basketball player as he was a football player. He was a good floor man but his big trick in basketball was helping the hesitating ball into the basket.

HOWARD DRUM

"Drummy" was just one of the many fellows who was not satisfied by just earning a letter in football.

ELDEN KENT

"Bus" learned his stuff in Monessen and showed it in the games this year.

LAWRENCE AMY

"Larry" was very sensational in his passing and was responsible for lots of the scoring of the season.

BASKET BALL—*Continued*

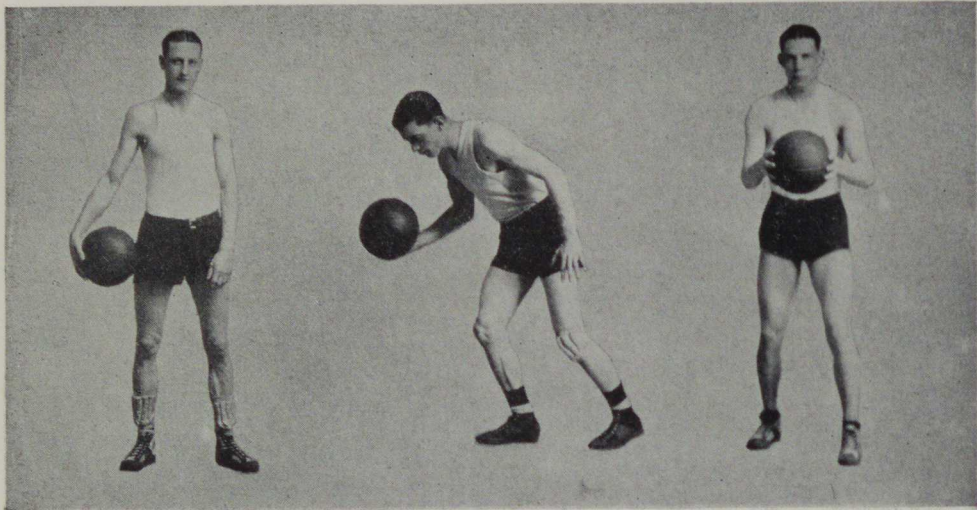

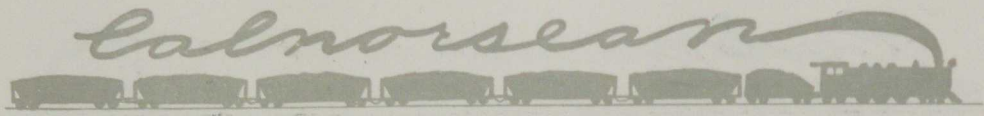

The squad was, as all squads are, very large at the beginning of the season. But it dwindled down until there were only a dozen still fighting. There was little difference in the two teams, for they both took defeat almost every night at the hands of the other in practice.

In the first game of the season the Normalites met the same jinx that they had met in the last game of the football season, in the form of Slippery Rock. The game was played at Slippery Rock.

The second game told another story and proved that the Red and Black were out to hold up their previous reputation in basketball. They met Indiana at home and gave them a whipping at the tune of 39-19. Captain Baughman led the scoring and was helped by the good passing of Amy and Adams.

The next game was with Shippenburg, and was away from home. The long trip had a lot to do with their losing. The score was 20-32. Kent was California's star.

The prospects for basketball of next season are very good. With only the loss of Baughman, Irwin and Smith, C. N. S. will bring in good results. Although the loss of these men will be greatly felt, the boys of next year's squad will do their best to fill their places.

WYLIE IRWIN

"Whitie" did not want to break his record of being an athlete, so he successfully made his letter in basketball.

PAUL CORNELL

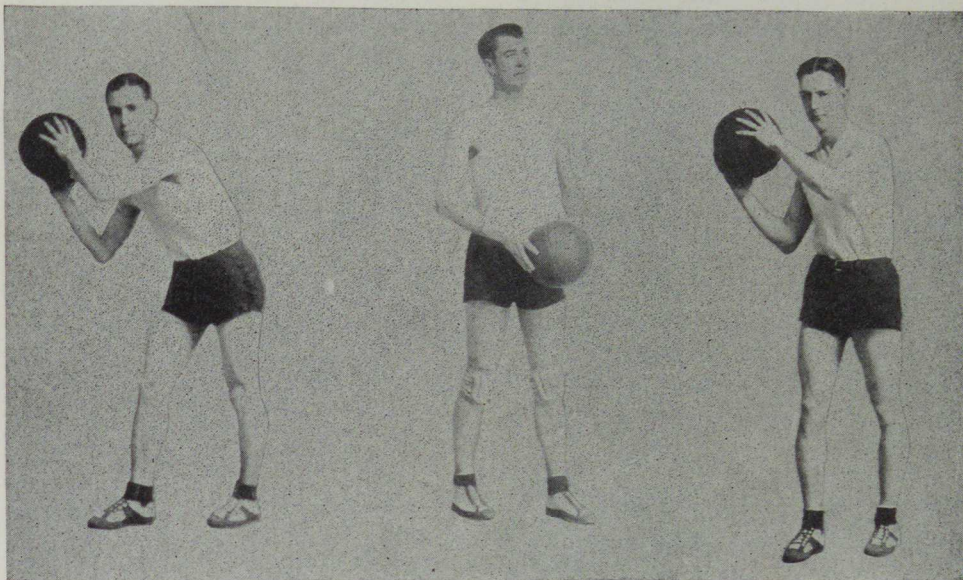

"Doc", another athletic prodigy, also earned his letter valiantly. He featured in his clever foot work.

VINCENT DORMAN

"Dormon", having lost out in the race for a football letter, did not quit when it came to Basketball.

TRACK, 1927

With the announcement of the schedule of spring sports, everyone, especially the track aspirants, was surprised to know that track was being revived at C. N. S.

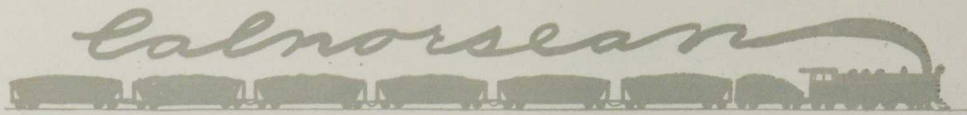

Coach Grove, having a nice lot of green material and several veterans, built up a neat looking squad.

After several weeks of intensive drill on the cinder path, hurdles, shot and jumping pits, the team journeyed to Indiana to take part in a triangular meet—Clarion, Indiana and C. N. S.

The field events were run off first, with California placing second, by a margin of two points. Sisson copped the high-jump at five feet three inches. Sphar followed with a second place in the pole vault, then Bierer and Slosky followed with a third place in the

broad jump and discus respectively. Springer took it upon himself to win the javelin throw, with Slosky placing second.

The swiftness of Indiana on the track gave them their margin of victory. Indiana took practically all honors on the track. Sisson again scored in the quarter mile with a third place. Garnic also came through with a third in the half mile.

The real thrill of the whole meet was the fighting finish of Pritts in the mile which won him a third place and C. N. S. a second place in the meet.

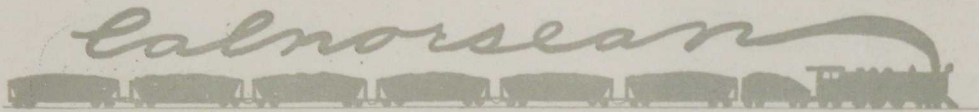

The score was: Indiana 58, California 21, Clarion 20.

The records set were: 100 yard dash—King, Indiana; Boreland, Indiana; George, Clarion. Time—10 2/5. 220 yard dash—King, Indiana; George, Clarion; Luke, Indiana. Time—23. 440 yard dash—Alexick, Indiana; Boreland, Indiana; Sisson, California. Time—53. 880 yard run—Patterson, Indiana; Lamberston, Indiana; Garnic, California. Time—2:14 3/5. Mile run—McHenry, Indiana; McMillen, Indiana; Pritts, California. Time—5:09. High jump—Sisson, California; Davison, Indiana; Williams, Indiana. Height—5' 3". Pole Vault—Zawasky, Clarion; Sphar, California; Patterson, Indiana. Height—9' 10". Broad jump—Alexick, Indiana; George, Clarion; Bierer, California. Distance—19' 5". Discus—Hanby, Clarion; Muschella, Indiana; Slosky, California. Distance—106' 5". Shot put—Bostic, Indiana; Hanby, Clarion; Muschella, Indiana. Distance—37' 7 1/2". Javelin—Springer, California; Slosky, California; Alexick, Indiana. Distance—136'.

Another year has rolled around and the prospects for the 1928 team are very bright. "Jock" Sutherland's boys this year are going to show Western Pennsylvania up. With the wealth of material now on hand, and under the able leadership of Captain Sisson, C. N. S. should win every meet. This year's Normal School Conference meet is being held at Clarion State Teachers' College.

SPRING BASEBALL

The baseball team of last spring will always hold a high place in the athletic record of C. N. S.

After a somewhat successful season in basketball, Coach Grove made the first call for the team. Grove had on the team only two hurlers upon whom he could depend, Young and Slosky. He had in Drum a catcher. The infield was composed of Irwin at first and Crum at short stop. Springer, called "Pie Traynor," held down third with "Pete" Garnic at second. The outfield experienced some changes. But we must not forget to mention Haywood at center field.

The batting of Drum, Irwin, Crum, and Garnic was the outstanding feature of the successful season.

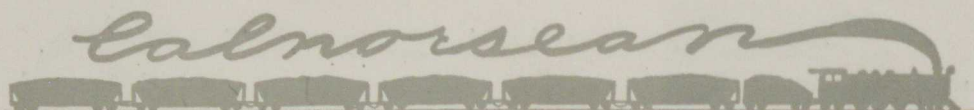

*First Row—Slosky; Haywood; Baughman; Irwin; Springer.
Second Row—Smith; Edinger; Adamson; Coach Grove.*

LETTER MEN'S CLUB

The most selective group in C. N. S. is the Letter Club, consisting of varsity men from years 1926 and 1927. These men are the charter members of the organization. The men who earned their letter or letters this year will automatically become members if voted in by the charter members.

The purpose of this organization is to promote good fellowship, good sportsmanship and cooperation between the school officials and the athletes. The club has set up certain standards that they expect to be carried out in every respect next year. One is the problem of men who have not earned their letters wearing football letter sweaters. This has been the cause of a great deal of trouble and hard feeling during the last several years, but from now on it is felt that at last there has been found a remedy.

Under the supervision of Mr. Leland Edinger, and with Wylie Irwin and Robert Baughman, as President and Secretary-Treasurer, the club promises to be one of the most influential and beneficial organizations on the campus.

Girls' Athletics

HOCKEY

Soon after school opened, Hockey practise was begun. Many girls were interested in this sport and gave it their hardy support. Every evening we saw the Hockey field alive with white middies. Some of the girls of last year's squad were among those present.

However, since just intra-mural games were played, the schedule was not so long as it might have been. For every game there was a cheering squad on the sidelines to give the girls its hardy support. It would hardly have been possible for the girls to have enjoyed the season much more than they did.

GIRLS' BASKET BALL, 1928

Practice for basketball began as soon as the hockey season came to a close. Because so many girls were out, it was decided to divide the girls into teams. This being done, and we had four teams known as: Varsity, North Hall, Dixon Hall, Travel and Town.

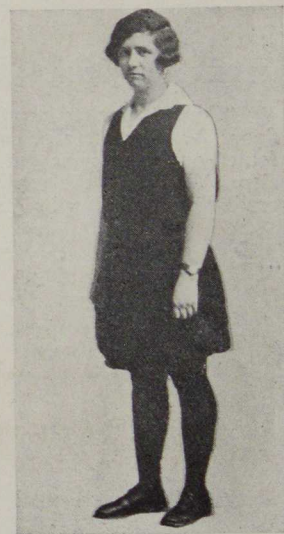

The first game of the season played at California was with Slippery Rock. Our team, after a hard fought battle with our bitterest rivals, lost.

On February the 24th, our girls motored to Slippery Rock, where they were again defeated. The girls will long remember this trip, not because they were defeated, but because of the cordial treatment they received from the hands of our rivals.

We are very proud of all our girls; proud of the spirit they put into their play, but sorry to say they had to lose both games. We hope next year's team will be a greater success. This squad contained players of real ability, but the small number of games played prevented possible development.

MISS LOUISE HILDRETH

Our coach, small in stature but mighty in word and deed (as the girls know), deserves every word of praise which we can offer. Following hockey, she organized varsity, class, and division teams for basketball. With the coming of spring she initiated volleyball and showed her ability to coach and to lead. Nor should we forget the G. A. A. and its work and pleasures under her guidance. Indeed, we all appreciate Miss Hildreth's work and wish her success in next year's undertaking.

JEANNE KENNEDY—Junior *Forward*

Jeanne proved her worth on the floor last year and promises better work next year. She seems to be a "three-letter" girl showing enthusiastic participation in volley-ball, hockey, and basket-ball. We expect two more years at C. N. S. from Jeanne and predict an admirable record.

LEAH SHAFFER—Junior *Center*

Almost everyone knew Leah as the center of the team. With a nine-to-one chance for the tip off, Leah served as the link between guards and forwards. Enthusiastic, full of pep, and ready to fight are terms which describe her.

HELEN COPENHAVER—Senior *Guard*

"Copey," during her two years at C. N. S. held her own as guard on the basket-ball floor. With spirit and enthusiasm she entered each game, fought to the finish (or until fouled out) and came out smiling. Helen's interest in athletics includes hockey and tennis also. We know she aspires to become a coach some day and hope she will be able to realize her ambition by good work and "fight."

JANE HILL—Junior *Guard*

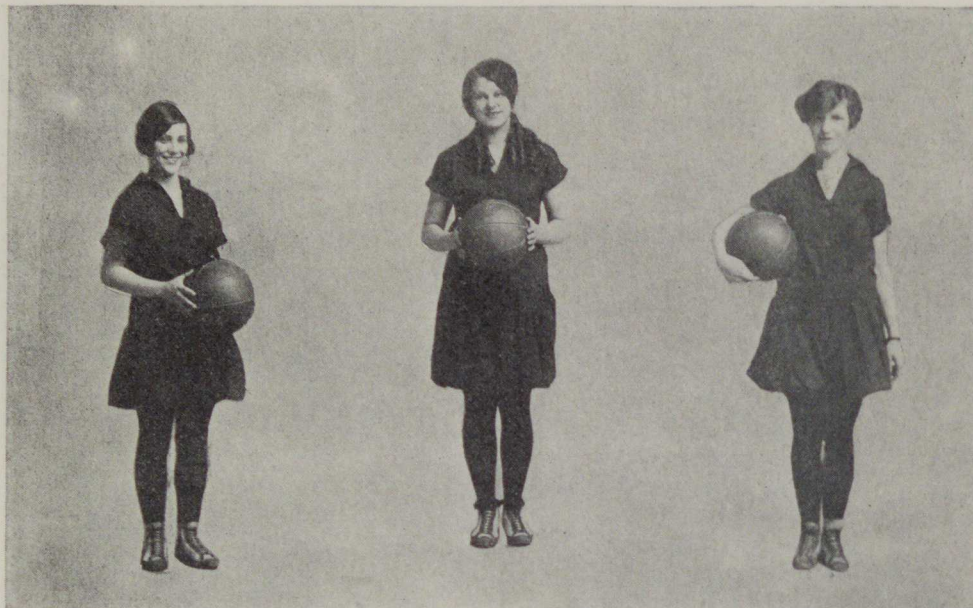

Jane came to C. N. S. last fall with four years of High School basket-ball to her credit. Nor did she fail to keep up her record. Although just a Junior, Jane made the varsity and proved herself able to defend her position. We hope you will be out next year, Jane.

DOROTHY NELSON—Senior *Side Center*

This winsome lass has made herself popular on the floor by playing a startling game as side-center. Quick and alert, as a good side-center should be, Dot played for two years. She will be missed but only as a player who justified a claim to praise.

GLADYS ALLSOPP—Senior *Forward*

Have you ever seen Allsop play basket-ball? Fortunately tall in stature and gifted with "basket-ball sense" she maintained her position as forward for three years. We are glad you decided to come back this year Gladys and hope you wont forget C. N. S. basket-ball.

MARGARET BARR—Senior *Side Center*

Another side-center with cheery smile but bitter determination leaves us to go out into the world. Somehow one expects accomplishments from Margaret and hope she will not disappoint us. Keep smiling, Barr, and defend your rights as you defended C. N. S.

STELLA KOMER—Junior *Center*

Stella comes from California High and brings with her a love for basket-ball and a determination to win. She has shown ability and threatens to exhibit real playing on next year's team. At least a continuation of this year's work will surely be creditable to her.

SOPHIE BIELSKI—Senior *Forward*

With agility and practice, Sophie experienced two years of the game. She too leaves C. N. S. this year but we hope she takes with her as pleasant memories as we entertain for her work on the team. Good luck, Sophie.

ELSIE ROBBINS—Senior *Manager*

Elsie Robbins is a girl who deserves our admiration. She has proved to us that she can not only play basketball and play it well, but she has the tact which is necessary for a manager's position.

You have our best wishes, Elsie. We feel sure that you will be as successful through life as you were in athletics at California.

TRAVELLING AND TOWN GIRLS' TEAM

GIRLS' BASKETBALL TOURNAMENT

In order to have more girls participate in an athletic activity, intra-mural basketball was organized at California this year. It was given an enthusiastic reception by the students and will gradually take the place of all games with other schools.

Teams were organized to represent the Town and Traveling Students, North Hall, and Dixon Hall. In the tournament which was held, the Town and Traveling Students' team won. This fact entitled them to the honor of playing the varsity team. However, they were unable to vanquish the more experienced lassies. These intra-mural games excited as much interest as any intercollegiate game, and the girls were always spurred on to victory by cheering crowds.

G. A. A. BOARD

GIRLS' ATHLETIC ASSOCIATION

The history of the Girls' Athletic Association showed much room for improvement. Thus this year's board has faithfully performed its duty with that aim in view. At the close of the year we feel satisfied that it has not tried in vain.

The main purpose of the G. A. A. is to sponsor girls' athletics—chiefly basketball, hockey, hiking, tennis, and volleyball. Girls participating in any of these sports are awarded a certain number of points for which they receive a letter.

G. A. A. GROUP

GIRLS' ATHLETIC ASSOCIATION—*Continued*

Another objective of this organization is to keep the social affairs of C. N. S. moving. The season opened with a hike in the form of a picnic on Sept. 15. Many girls attended this first event of the school year, making it a great success.

The first meeting of all the members of G. A. A. was in the form of a hike and weiner roast in Malden ravine. Before refreshments, we held our regular fall election of new members of board. After this meeting the girls enjoyed themselves immensely until dark.

The next event was a combined Hallowe'en party and initiation. The gymnasium was beautifully decorated with Hallowe'en decorations. The diversions of the evening proved successful because everyone took part. Before the refreshments were served, a special program consisting of a piano solo, reading, vocal solo and stunts by different halls was given. The faculty also presented a very interesting stunt. After the eats, all enjoyed themselves by dancing.

The year of 1927 was brought to a close with a joyful Christmas party, held in the gymnasium, beautifully decorated for the occasion. The different committees cooperated to make this a success. We were entertained by a pantomime, "The Night Before Christmas", a vocal solo, a piano solo and games. Toward the latter part of evening refreshments were served, consisting of popcorn, candy canes, ice cream, and sandwiches. This closed the evening, leaving the Christmas spirit in the heart of each girl.

G. A. A. Circus

GIRLS' ATHLETIC ASSOCIATION—*Continued*

Perhaps the largest and most successful event on the G. A. A. social calendar was the Circus held in the Gymnasium, Thursday evening, March 15, 1928.

There was as much excitement and noise as at a real circus. The whole town turned out to see the talent which the girls of C. N. S. possess.

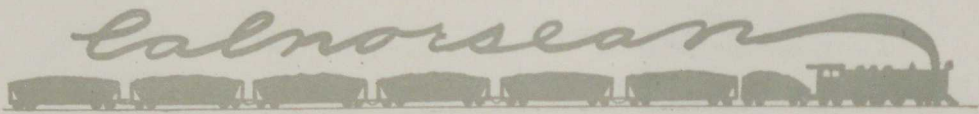

The side shows were the features of the first part of the evening, under the auspices of Miss Eva Sklov and Margaret Jennewine.

Next came the Big Parade, consisting of the largest elephants in the world, the lions, tigers, bears, ostriches, ponies, clowns and Indians. The parade left the Training School, went through the Main Hall of the building and into the Gymnasium.

Then followed the Main show. The program was as follows:

1. Prof. Bumplayer's Clown Band.
2. The Equestrian Act.
3. Isadore, the Irish Elephant.
4. Swanee Clog.
5. The Wild Animal Performance.
6. Dolly, the most daring and dainty of tight rope walkers.
7. The Famous Longtailed Monkey.
8. The Centipede.
9. Klever Klowns in Perilous Acrobatic Feats.
10. Tonsilitis, the only trained Giraffe on record.
11. Indian Dance by the direct descendants of John Smith and Pokey Huntus.
12. Bozo the strong man.
13. The Woofesses.
14. Plantation Jubilee Minstrels.
15. The Spanish Dance.
16. Old Gray Mare.
17. Follies of 1928.

The wedding of Home Bruin and U. R. Lion brought the Circus to a close amid shouts and loud applause.

MARY IROSE—MAY QUEEN

MAY DAY

The entire session of Spring seemed to be but one long day of preparation for the festival of May. The participants and faculty members who supervised the work spent long hours getting ready for the occasion but the reception accorded the program justified their efforts. Finally the day arrived and with it many Alumni and parents of the students.

The south-east section of the campus was never known to look so beautiful. The sun shone down upon the velvet carpet of grass, the trees here and

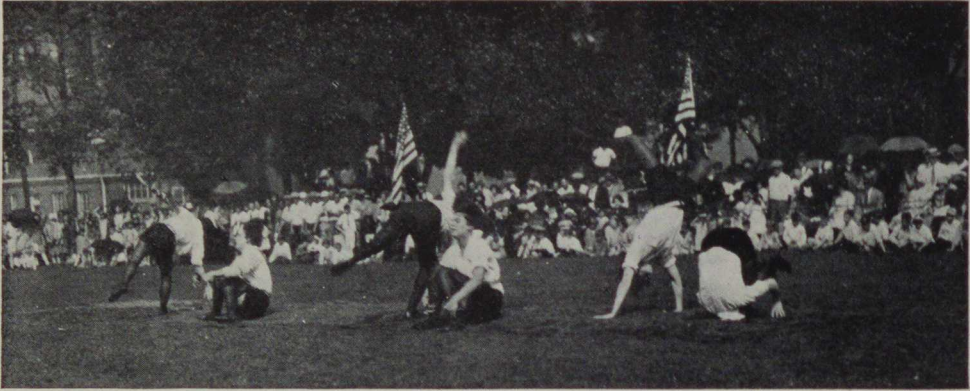

MAY DAY—*Continued*

there shading parts of the large space set aside for activity, and the excited throng of people gathered to see the crowning of our May Queen, all added to the beauty and interest of the old Campus on May 24, 1927.

Old Father Fortune had been with us a few weeks previous to this day, at which time Mary Irose of Charleroi, Pennsylvania, was unanimously elected May Queen. Elsa Hofmeister, of North Hall, was chosen her attendant. Both girls were of high social standing in our school, and added the final degree of beauty to the scene that day.

Paul Hilaire gave the herald's proclamation, and six flower girls, all daughters of members of our faculty, preceded the Queen to her throne. The very effective Coronation Ceremony was performed by three-year-old Charles Keller placing the crown of blossoms upon the head of the Queen.

MAY DAY—*Continued*

A number of physical education students under the instruction of Miss Hildreth performed several French, English and Scotch folk dances which were immensely appreciated by the audience. An exhibition consisting of Marching Tactics, and Tumbling and Acrobatic stunts, given by some students under the skillful direction of Mr. Schreiner, proved very interesting to the spectators.

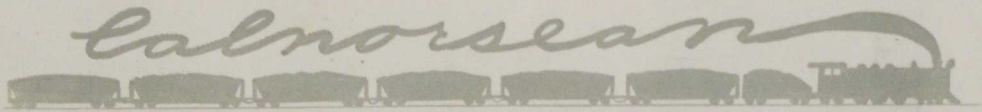

The May Pole dance formed a very picturesque scene. The Pole was decorated in many pale colored ribbons and all the girls wore dresses of different colors. The graceful weaving in and out of the dancers proved that Terpsichore was then reigning over the campus.

The pleasing memories of that successful day will ever be cherished by all who saw it.

ACTIVITIES

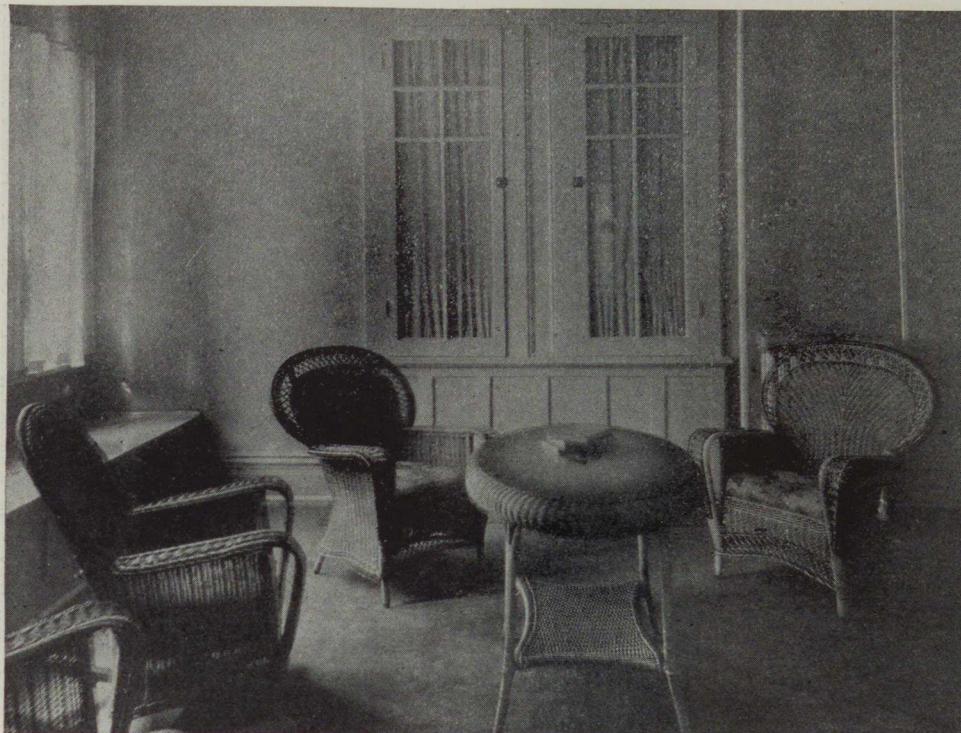

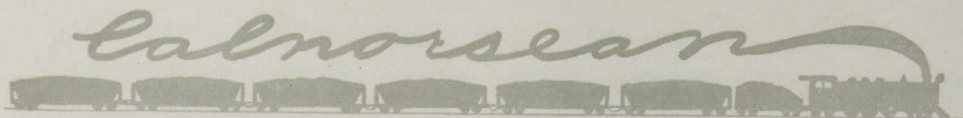

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

When the Y. W. C. A. of C. N. S. is mentioned, one thinks of an organization that has been most worthwhile and active during the year. Letters were written during the summer to the new girls coming to C. N. S. and welcoming them. This in some measure relieved the formality and strangeness of a new environment. The first big undertaking of the year was the membership drive and the big sister movement. All through the year the girls worked cooperatively and unceasingly. This spirit was manifested in their Sunday afternoon teas, the monthly suppers and various parties.

The two biggest events of the year were the Mother Goose Bazaar and the annual Y. W. play. Every booth in the Bazaar was made to represent a nursery rhyme and was presided over by the character in that rhyme. On the whole, it was a very unique and colorful affair. The entire cast of the play was filled by Y. W. girls, this fact making the play unusually attractive.

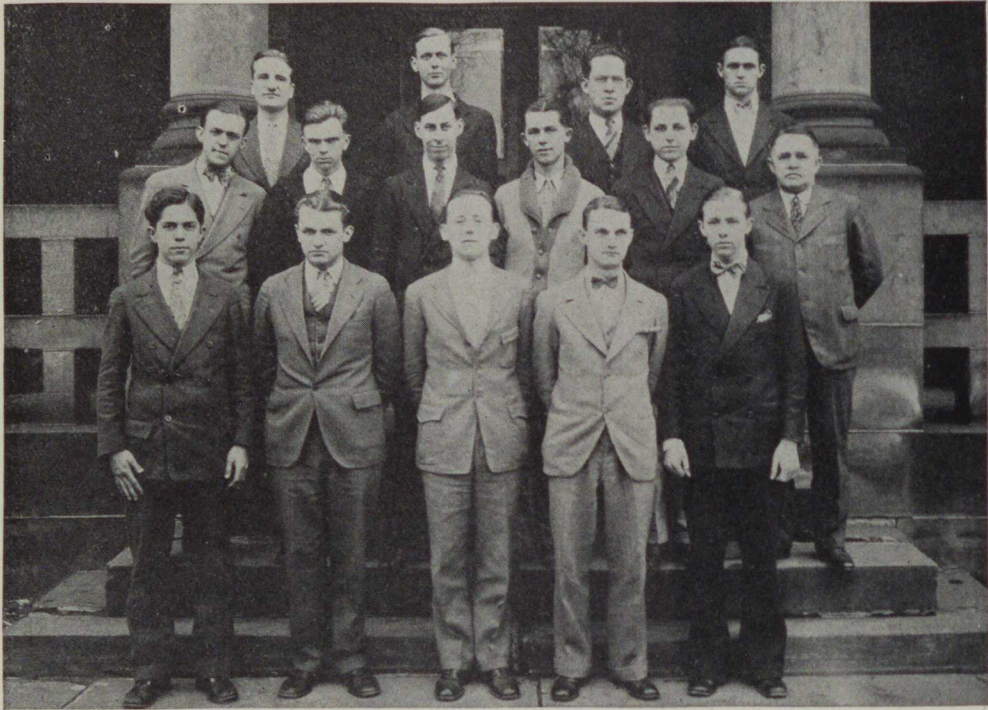

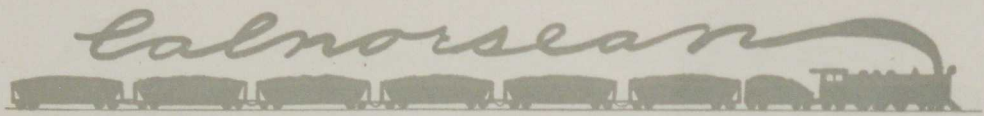

The Vesper Service on Sunday evenings were the Y. W. C. A.'s weekly meetings. These meetings were led by the various members of the organization and some very interesting and inspiring talks were presented by various faculty members. Musical numbers were also given.

We feel confident that this year has been a good one for the Y. W. C. A., and it is our earnest wish that its activities may be a source of inspiration and a force worthwhile in casting a lasting influence upon the entire student body.

YOUNG MEN'S CHRISTIAN ASSOCIATION

An educated man is one who is developed along physical, mental, social and spiritual lines. It is not a good policy to develop one side of our nature at the expense of another. The importance of a symmetrical and well balanced development of the individual is coming to be more highly emphasized.

California is offering an opportunity to all students for development along all the above named lines.

Spiritual or religious education in the colleges of the country is receiving more attention than ever before. One organization acting in this capacity at California is the Student Y. M. C. A. Each year it is becoming bigger and better. The membership has reached the forty mark this year, giving us one of the highest percentages, based on the total male enrollment, in the state.

A meeting is held every Wednesday evening in a most delightful club room. All men students and faculty are invited to attend and participate.

Y. M. C. A.—Continued

The meetings are featured by singing songs, reading of the Bible, talks and discussions on appropriate and interesting subjects.

The standardized objectives of this organization are: to lead students to faith in God through Jesus Christ; to lead them into membership and service in the Christian Church; to promote their growth in Christian faith and character; and to influence students to devote themselves in effort with all Christians to make the will of Christ effective in human society.

THE PHILOMATHEAN LITERARY SOCIETY

The Philomathean Literary Society in keeping with the tradition of other years, has attempted to produce one of the most efficient organizations of the school. The efforts have been successful and Philo is now an organization of which its members may be proud. Its spirit of progressiveness may be seen in the inauguration of Philo Vaudeville as an annual event.

The officers have been ably assisted by the Program Committee who are responsible for the educational as well as entertaining programs which have been presented every Tuesday evening.

Philo Contestants

THE PHILOMATHEAN LITERARY SOCIETY—*Continued*

The society opened its social program for the year by a Japanese Dance at which the Philo Orchestra made its initial appearance. The personnel of the orchestra deserves the appreciation of every member of the Society for the commendable results which they have accomplished. The orchestra has been an added feature on every program throughout the year.

Because of the difficulty of selecting contestants for the annual Literary contest from among the large number of talented members, it was decided to have those who wished to participate try-out before a committee of faculty members who acted as judges. Philo believes that they have chosen successful contestants and place all confidence in them.

Jane Dinsmore, the orator, has already made a name for herself, and the Society feels sure that she will do honor to them the night of the final contest.

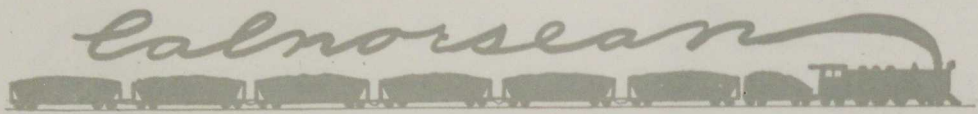

Louise Gartley, the reader, has demonstrated her remarkable ability through her part on the weekly program and Philo believes that it has picked a winner.

Patricia Sheehan, essayist, will surely not disappoint any of those expecting much of her as she has never been known to fail in any of her other activities.

In Veronica McKernan, the Society feels that it has found a debater who will successfully compete with any of her rivals.

CLIONIAN LITERARY SOCIETY

The Clio Literary Society of 1927-28 was one of victory rather than hope. The members as a group have worked as one toward a definite objective, that of uplifting and bettering their society. Our 200 members have displayed a great amount of talent, spirit, and interest to make these meetings successful.

In addition to the regular meetings of the society, every Tuesday evening, Clio was marked by its special features, such as the Hallowe'en Party, given in Clio Hall, with one hundred percent membership, on Oct. 28, 1927. Another outstanding feature was the

Clio Contestants

CLIONIAN LITERARY SOCIETY—*Continued*

American Steel and Wire Quartet of Donora, which was sponsored by the Clio Literary Society and furnished a very delightful and entertaining evening.

The Clio Play, "Peg O' My Heart," was the beginning of an annual event for the Literary Society.

The members of Clio will never forget the teachings of the Blue and Gold, for they have been both Educational and Instructional as well as entertaining. Our Motto has been "Aut Vincere, aut Mori"—either victory or death and for the last four years has been victory.

Clio began collecting her ammunition for the spring warfare before the Christmas vacation began. A committee was selected early in the year to be on the look out for Contestants.

At the election Grace Moser was chosen at Clio's most competent debater. With her power of persuasion and arrangement of material as well as ability to speak, she will mean much to Clio.

In her Orator, Evelyn Snyder, Clio found a person who had the ability and personality, which has been displayed several times during the year.

The pleasing personality and fine sense of humor of our essayist, Irene Easton, has won a place in the hearts of her fellow classmates.

The reader, Miriam Snee, with her ability and personal charm is sure of winning the hearts of her audience. Clio will be as proud of her contestants this year as she been for the last four years.

The present officers of the Clio Literary Society for the last nine weeks of 1928 term are as follows:

- President* GRACE MOSER
- Vice President* FRED GRIMM
- Secretary* EVELYN SNYDER
- Treasurer* MARIAN SNEE

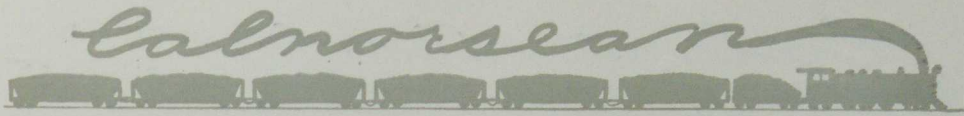

EDITORIAL STAFF

The Editorial Staff under the supervision of Mr. Keller, faculty advisor, has worked earnestly toward achieving a bigger and better Calnorsean this year. The Senior Class appreciates their efforts and wishes the members as much success in every other undertaking.

The staff consists of the following members:

<i>Editor-in-Chief</i>	JEAN A. NEILL
<i>Associate Editor</i>	PATICIA SHEEHAN
<i>Faculty Editor</i>	EDWINA GROVE
<i>Senior Class Editor</i>	MARGUERITE GALLENTON
<i>Junior Class Editor</i>	OLGA CROMBIE
<i>Boys' Athletic Editor</i>	WILLIAM HALL
<i>Girls' Athletic Editors</i>	MILDRED MARTIN, ELSIE ROBBINS
<i>Calendar Editors</i>	JEAN DINSMORE, ESTHER CAPLAN
<i>Society Editor</i>	IRENE EASTON
<i>Snap-Shot Editor</i>	CATHERINE HAYES
<i>Joke Editor</i>	JOE SPRINGER

BUSINESS STAFF

The Staff faced a big problem this year. There was no "royal road" to a financial success of the Calnorsean. That it is so, is due mainly to the efforts and energy of the members of the Business Staff, together with Mr. J. H. Hurst.

The members of the staff are:

<i>Business Manager</i>	MASON BODKIN
<i>Advertising Manager</i>	OREN HOLMAN
<i>Assistant Advertising Manager</i>	DAVID McCULLEY
<i>Assistant Advertising Manager</i>	MORRISON BRADLEY
<i>Assistant Advertising Manager</i>	PAUL HILAIRE

THE CAMPUS CHRONICLE STAFF

The Campus Chronicle, formerly the C. N. S. Owl, entered into the second year of its existence by maintaining the high standard of its work. Each week we eagerly awaited the publishing of the paper so that we could knock and praise to our hearts content. Clarence Long was the pilot of this work for one semester, when due to numerous other duties he resigned and was succeeded by Esther Caplan.

In a comparison with other Normal School and College newspapers, our paper clearly showed its exceptional merit, for in the majority of instances our entry surpassed the others.

A visit to the Press room explains in part the reason for this success. All members of the staff offered their sturdiest cooperation to keep the paper up to its high level of achievement.

Quite a bit of credit is due to this organization both for its individual work and its work as a group to make C. N. S. better known.

THE DEBATING CLUB

The Debating Club, under the supervision of Professor Keller, is the newest organization to be added to our list of extra-curricular activities. Although the club is recent in origin, it has carried out a definite program this year and its personnel has greatly increased. Membership is open to all who try out for the debating team. The teams met the Slippery Rock Teachers College on March 21, 1928, in a dual debate on the subject of Direct Primary Election of Senators. The result was a victory for our team at Slippery Rock, but a defeat at California.

DRAMATIC CLUB

This organization, known as the "Sock and Buskin Club", holds a very prominent and important position among the extra-curricular activities. It furnishes a good type of entertainment and gives an opportunity for the exercise of the dramatic instinct. This club is under the sponsorship of Mr. Connell, Mr. Hurst, Miss Carroll, and Mrs. Schreiner. The members are divided into five groups according to their interests. The Producing, Technical, Costume, and Publicity Groups combine for the presentation of plays, while the Entertainment Group arranges programs for the regular meetings.

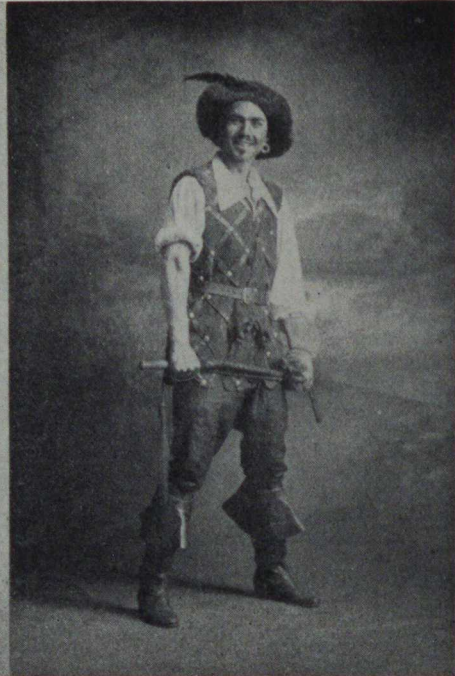

The members of this organization have taken an active part in dramatic work during the past year. Although the dramatic club has not put on many public presentations, its members have largely composed the casts of all plays given during the year.

The administration of the club is taken care of by the three sponsors, the group chairmen, and the officers who are as follows:

JUNIOR CLASS PLAY

"The Taming of the Shrew"

One of the events looked eagerly forward to by the students and faculty of C. N. S. is the annual Junior Class Play. Their hopes for an evening's entertainment are always realized.

"The Taming of the Shrew" given by the Junior Class of last year exceeded all expectations. Some critics have called it the best class play of recent years. However that may be, the play might be considered an argument for those who maintain that the world still admires a caveman type of lover.

Bill Johns made an effective one. He thrilled the hearts of the feminine part of the audience and united them as to the merits of the caveman type. Sarah Renstrom as Katherine, a shrew, showed us the possibilities of a loveable headstrong girl after she has learned the meaning of the word "obey".

All the members of the cast portrayed their parts very well, making the play one of the greatest successes of the year.

PEG O' MY HEART

J. HARTLEY MANNERS

This year marked the introduction of a play, as an annual event into the program of the Clionion Literary Society. "Peg O' My Heart" was the play selected. Under the direction of Leon H. Connell, the Dramatic Coach, it proved a success.

ROMEO AND JULIET

The climax of a successful season for the Boys' Glee Club was reached with the presentation of "Romeo and Juliet," a musical burlesque. If anyone had any doubt as to the singing ability of the members of the club, it was instantly dispelled on seeing and listening to this performance.

Larry Amy's interpretation of the modern Juliet brought an enthusiastic response, while Henry Parkins as Romeo left a trail of broken hearts in his wake.

The famous "pair" were ably supported by the other members of the club.

MUSIC DEPARTMENT

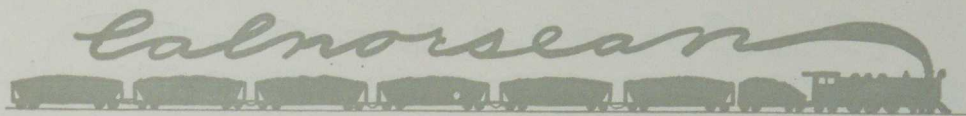

The fame of the piano department has spread far and wide. Under the direction of Dr. Charles Veon, assisted by Mrs. Jean Helsel McConnell and Miss Louise Noble, it has grown steadily both in numbers and in popularity. The annual recital, given every year on the Monday evening before commencement, always remains as one of the most pleasant memories of that week. Perhaps the most interesting of these recitals was given this past year. In addition to being successfully given, it was beautifully staged. The setting according to many was the most pleasant of recent years.

The program included, "Old English Dance", an ensemble number for four pianos. It is one of Dr. Veon's own compositions, and was accorded an enthusiastic reception by the members of the audience.

The program consisted of the following:

1. Opening Number Sung by Audience
2. Overture to "Martha." Ensemble for four pianos *Flotow*
Catherine Bell, Nina Camino, Kramer Thompson, Donna Bagshaw, Eleanor Pollock,
Iva Miller, Salma Johnson, Louise Noble.
3. Nocturne *Greig*

The violin department of the Conservatory of Music demonstrated the ability of its members and directress Miss Gwen Treasure, at a string ensemble concert given Wednesday evening, March 21, 1928. Miss Treasure was assisted by Elford Caughey, a harpist who has won much fame for himself. The program was enthusiastically received, especially Mr. Caughey's solos, which were given much applause from the audience.

GIRLS' GLEE CLUB

If one were to speak of the Sigma Tau Lambda Society of California Normal, we doubt whether two people out of three would know of what organization you were speaking; but just mention the Girls' Glee Club instead, and you will hear many cries of "Oh, yes, we know whom you mean", and they will be willing to add quite a few words of praise about that worthy organization.

The name "Sigma Tau Lambda" is quite appropriate to this group of girls who have had quite a successful season this year.

They favored the Chapel exercises quite a few times with selections during the year, and our only regret is that we did not hear from them more often.

During the year several parties were held in the Traveling Students' rooms and many unique programs were given.

On the first of March the "Sigma Tau Lambda" held a dinner in the Normal School dining room, at which time they entertained a number of the faculty. At that time a speech was given by Miss Myers, an honorary member of the club.

The officers for the year are as follows:

<i>President</i>	EDWINA GROVE
<i>Vice President</i>	CATHERINE GIBBONS
<i>Treasurer</i>	OLGA CROMBIE
<i>Secretary—First Semester</i>	ELEANOR KINDER
<i>Secretary—Second Semester</i>	RUTH JEANNE HEWITT

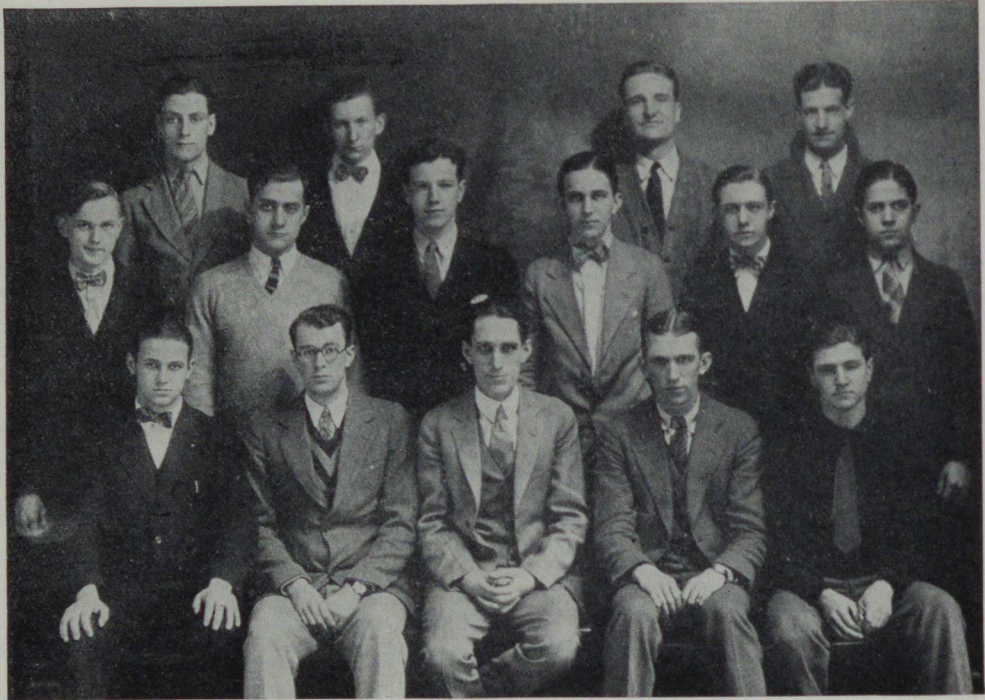

THE GIRLS' DOUBLE QUARTET

Under the direction of Miss Meyers this organization has done much in the way of entertainment both in Chapel and in various social functions.

Their fame has spread and they have been honored enough to sing at both the Century Club and the Friday Afternoon Club.

We hope that next year there will be someone who will be able to carry on their work and uphold the reputation they have created.

First Soprano.....HELEN P. MICHELL, BETTY McCANDLESS
Second Soprano.....MADELINE JONES, DOROTHEA PEARCE
First Alto.....VERNA KISTLER, EDYTHE SHAVER
Second Alto.....EVA SKLOV, MILDRED HOCKENBERRY

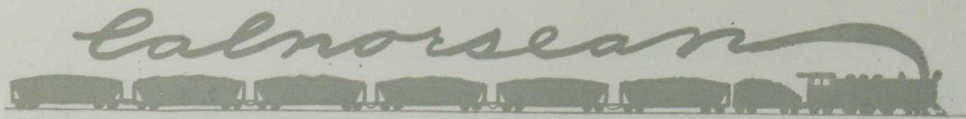

BOYS' GLEE CLUB

The Boys' Glee Club had a very successful year. Although not many in number, the members were all workers. Under the able direction of Professor Harding, the Glee Club produced a very clever burlesque entitled "Romeo and Juliet." Besides this, they made several other appearances during the school year. Most of the Boys' Glee Club members were also in the Mixed Chorus and helped out in the Mixed Chorus productions.

THE COLLEGE MALE QUARTET

During the past college year there was organized among the various activities a college quartet with the following personnel: 1st. tenor, Henry Parkins; 2nd. tenor, Larry Amy; baritone and director, G. E. Harding; bass, Clarence Long. On various occasions the quartet appeared before the Hungry Club, several churches, the American Legion and for several special programs of the different school activities. It is interesting to know that the members will all be in school another year, and no doubt they will be heard in program again during the coming year.

MIXED CHORUS

One of the newest organization in the extra curricular group is the Mixed Chorus consisting of about fifty voices. It is an outgrowth of a combination of the Boys' and Girls' Glee Clubs, and was formed to give those interested a broader musical experience and to foster a love of good music throughout the school and community. Aside from a beautiful Carol Service at Christmas time and the presentation of a record breaking Musical Comedy, the chorus functions in our Chapel exercises and adds greatly to the singing.

THE ORCHESTRA

This year the orchestra has proved its worth. During the first semester under the direction of Miss Van De Bogart, we were greatly pleased to hear these sterling musicians in chapel on Mondays and Thursdays. Several times they rendered compositions which brought down the house with applause.

Miss Moyer took this group in hand at the beginning of the second semester; and, as a consequence, we have been listening to many operatic numbers, played in a manner to make symphony orchestras green with envy.

We wish to express our appreciation to the orchestra, and we hope that it will become bigger and better as the years go by.

SOUTH HALL COUNCIL

STUDENT GOVERNMENT 1927-28

Through the installation of Student Government at California Normal School, a great deal of the responsibility has been put upon the students. There is in each dormitory and among the traveling students a Senate (high court), and a Council (lower court). The Council takes care of the minor cases and the Senate the more difficult ones. The aim of the two organizations is to create and help gain for our school a reputation of the highest type possible. Cooperation with both the Dean of Women and the Dean of Men has resulted in an efficient method of management.

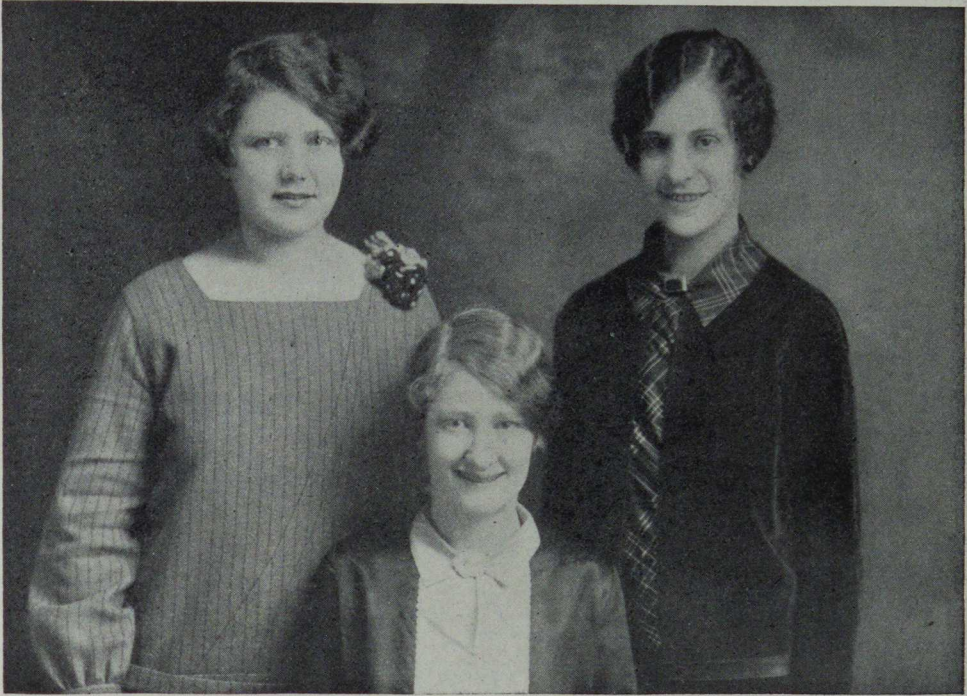

The members of the various councils are:

NORTH HALL—*President*, Edythe Shaver
Vice President, Eleanore Thompson
Secretary, Edwina Grove

DIXON HALL—*President*, Nellie Meade
Vice President, Kathryn Neill
Secretary, Louise Hamilton

SOUTH HALL—*President*, Joe Springer
Other members are: Pete Dumbauld, Mason Bodkin, Earl Linqvist, Thomas Smith, Charles Forgie.

THE COMMENCEMENT SEASON OF 1927

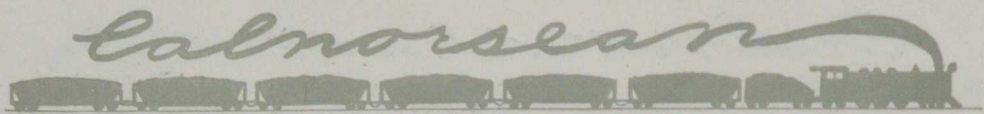

Another commencement season dawns, another throng of happy, carefree students pass beneath the twin towers and through the gate. Our life at C. N. S. is finished. It is not the end, however, but just the commencement of the real life for which this was only the preparation. Of the two pleasant years here, we retain only the best of memories. Mingled with our joy in knowing that we have realized our dreams is a thread of sorrow because it means that we will have to bid good-bye to those with whom we have been associated during the best years of our life.

The initial feature of the program for commencement week was the Baccalaureate Sermon delivered to the graduates on Sunday, May 29, 1927. This was followed on Monday evening by Dr. Veon's annual piano recital. On Tuesday afternoon, May 31, the Senior Memorial was dedicated with very impressive ceremonies. The annual Philo-Clio contest took place that evening. The seniors were awarded their diplomas on Wednesday morning, and so ended their school life at C. N. S.

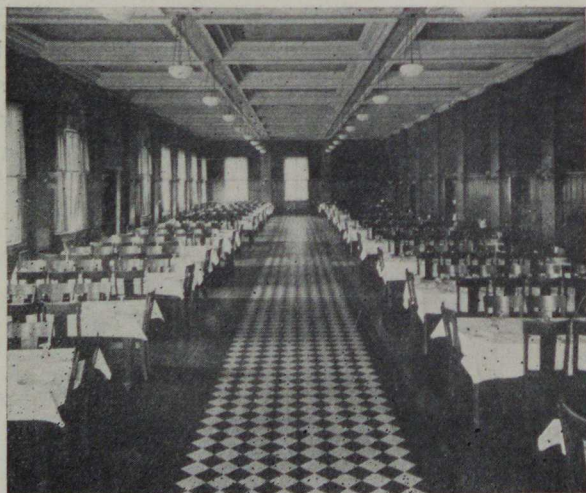

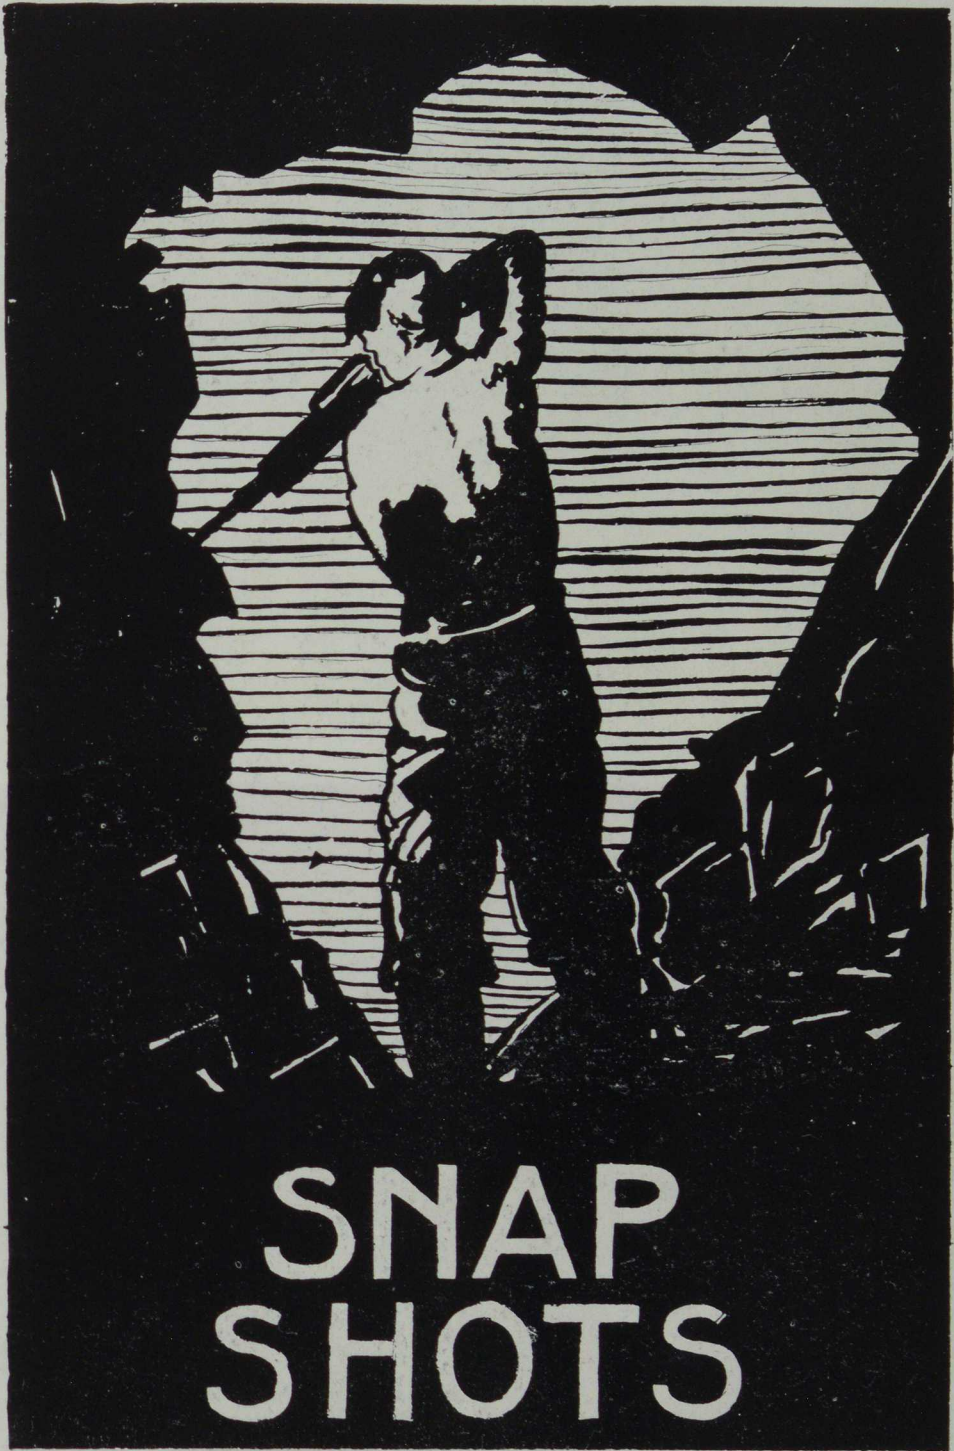

THE LIBRARY

The Library is always an important part of any school. California has one at which she may point with pride. The year has witnessed a steady increase in the number of volumes, and in the further use of the library by the students. This year has also marked the organization of a Library Club in which a number of students participate. Membership in the club may be used next year as an introduction to the two-year library course which California plans to offer.

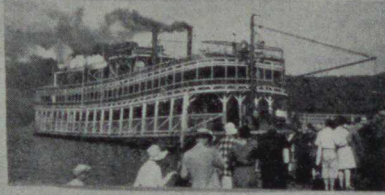

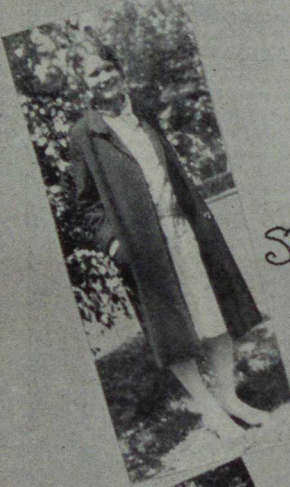

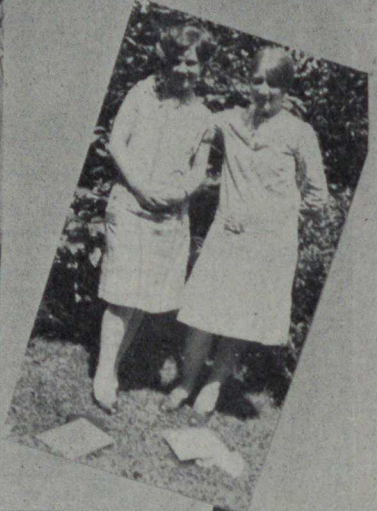

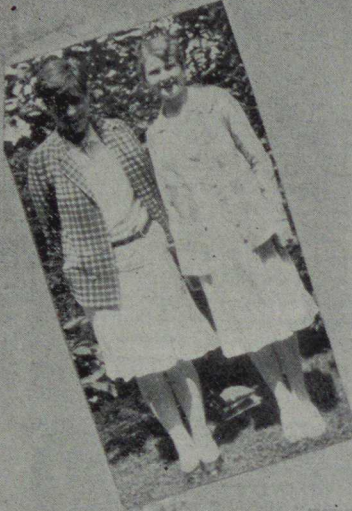

Three times a day the long silent aisles of our large dining hall are awakened and lighted by the smiling faces and "wise" remarks of our waiters; "hash slingers" might better suit this crowd—not only because of their ability to serve the hungry throng, but also because of their ability at the waiters' table. Here, good eaters are developed, but that's not all; from the way grub is thrown, we expect to develop some of the world's best baseball and basketball players; and from the way they say "please", we believe that some will be known for their good manners. The waiters make a happy gang, and some experiences while "on the job" will never be forgotten.

FACULTY RECEPTION

At the regular reception held in the dining hall Wednesday evening, September 14th, the faculty extended to the students their best wishes for a successful and profitable winter. Dr. Entz headed the receiving line, followed by the members of the faculty. A delightful musical program was presented by various members of the faculty and was well received by the guests. Following the program, a social time was held and refreshments were served. All the students felt that they had made lasting friendships with the faculty.

ARMISTICE DAY PROGRAM

The climax of the Education Week Program was given on November 11th. Some members of the Oral Expression Classes, under the direction of Mr. Connell, presented a very memorable and lasting impression of the recent war. The Pageant depicted various scenes of the World War and emphasized the horrors of war, the sacrifices of both men and women, those who went abroad and those who worked at home, and the obligation of every citizen to observe Armistice Day in a fitting and appropriate manner.

PHILO JAPANESE DANCE

The first student hop of the year was sponsored by the Philomathean Literary Society, and proved to be a big success. The decorations were worked out with the main scheme being a Japanese effect.

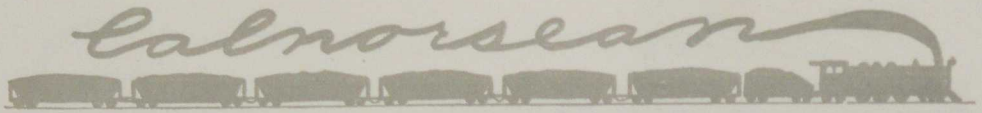

The music for the dance was furnished by the Philo Orchestra which made its first appearance on this occasion. Between the numbers a short entertaining program was presented by the Radio Girls of third floor North.

Philo has again shown us that success always attends her efforts.

BOY'S FOOTBALL BANQUET

On Tuesday evening, December 6th, the football boys from the three local schools—California Normal, California High School and the East Pike Run High School were entertained at a banquet in the Normal Dining Hall by the Hungry Club of California. Dean Kriner was the toast master of the evening. "Chilly" Doyle, the popular sport writer of the "Sun-Telegraph", gave the boys a frank but interesting talk. "Andy" Kerr, the well known coach of Washington and Jefferson College, gave an address on "Why football has its place in the curriculum of schools." Other interesting and popular speakers of the evening were: James F. Gregory, a former Senator and Charles Bowser, assistant coach of University of Pittsburgh.

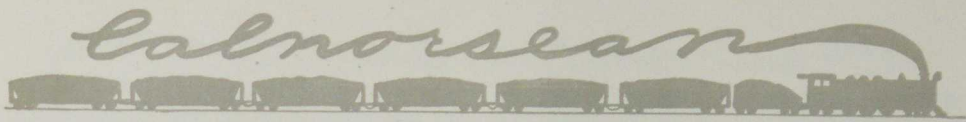

JUNIOR PROM

One of the most gala occasions on the social calendar was the annual Junior Prom given in the gymnasium, Friday night, February 10th. Bob McGowan and his Radio Artists furnished the music for the dancing from 8:30 until midnight. The gymnasium was beautifully decorated in red, white and black colors, suggesting the Valentine spirit. Many of the alumni attended the dance, and all apparently enjoyed visiting their Alma Mater. Every one who was present at the Prom declares that "it was the best ever." The guests were received by Dean Loesch, Dr. Entz, Mr. and Mrs. Harding, Mr. and Mrs. Edinger, Mr. and Mrs. Connell, Dean and Mrs. Kriner and Mrs. Ruth Engelhardt.

GIRLS' GLEE CLUB BANQUET

The Girls' Glee Club, known to its members as the Sigma Tau Lambda Sorority, held a delightful banquet in the dining hall of C. N. S. on Thursday evening, March the first. The members met in a group before going into the dining hall, and in pleasurable anticipation entered the room and took their places at the appointed tables, reserved especially for the Glee Club Girls. After a delicious dinner, the girls asked for speeches from Miss Myers, Mr. Connell and Miss Moyer, which were enjoyed very much. The honorary guests of the banquet were: Mrs. Englehardt, Mr. and Mrs. Connell, Miss Van Cleave, Miss Moyer and Miss Hildreth.

Y. W. C. A. BANQUET

The Y. W. C. A. Banquet, held on March 19, 1928, was one of the largest social events of the year. It was held in the Dining Hall, and the banquet tables were decorated in green and white to give the St. Patrick's Day effect, and to be sure, it added the desired charm to the appearance of the room.

After every one was seated, the orchestra favored by playing the beautiful selection "Carmen", which helped to supply the inspiration for the successful banquet.

Jane Dinsmore proved to be a real Toast Master on this occasion. Several speeches, readings and musical numbers, given by the various members of the organization, made up a very enjoyable program.

The memories of the wonderful time had at this banquet will carry the girls over to the next one.

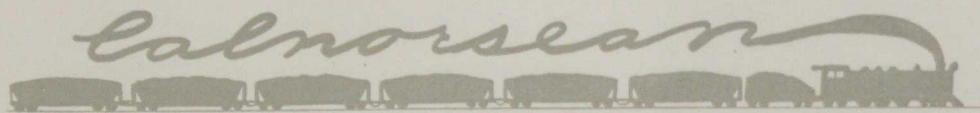

ALUMNI BANQUET

The Alumni Banquet was held in the William Penn Hotel at Pittsburgh, Saturday, March 24th. Mr. A. T. Morgan, president of the organization, presided at this meeting. The music was furnished by members of the C. N. S. Conservatory of Music. Dr. Entz, and Mr. Tombaugh, a trustee of California Normal School, were two of our well known speakers. Others were Mr. Fowler, a missionary of New York City and a graduate of our Normal; Dr. Dickey, Superintendent of Allegheny County Schools; and Mr. Davis of the Pittsburgh Teachers' Training School. A large attendance was noted at the banquet, which was pronounced a success by all concerned.

SENIOR PROM

The annual Senior Prom is to be given in May in the gymnasium. This Prom we hope will surpass the Juniors' Prom. The Senior Prom has always been a huge success, and we trust that this one will not fail to follow in the footsteps of the ones given formerly. Beautiful decorations and gowns will be the most talked of, and music will be the most danced to. The spirit of the dance will reign supreme.

JOKES

SAYINGS

Elder, "Let's play house."
Thrasher, "Do you know, I think I'm in love?"
Wilkie, "Youse is cruel Fagan."
Spangler, "Gimmie?"
Foberg, "The swine could frolic here."
Bill Hall, "Go lay an egg."
Hurst, "Beautiful!"
Crusan, "God! how I loved that girl."

It almost makes me laugh,
So wonderful the treat
To see an athlete-run a mile
And only move two feet.

Dot McParland: "Oh, there's 'Duckie' down the hall! I wonder if I could go down
and say good-bye to him."
Beatie: "No! don't go, you have a class in two hours."

A DATE

"Will ya?"
"No."
"Why??"
"Because! !"
"Well, why because? ??"
"Just because, that's why! !"
"Well, it won't hurt ya!"
"I know but I just don't want to. ! !"
"Aw, go ahead, will ya? ? ? ??"
"No ! ! !"
"Awright! Keep your old chewing gum.—Stung."

Springer stood on the bridge at midnight—
THE CLOCK WAS STRIKING THE HOUR—
Feeding the little fishes,
For the last beer he had, turned sour.

A dime was dropped up in 3rd floor SOUTH
And ten students (?) were killed in the rush.

Elder:—"Gentlemen prefer blonds."
Thrasher:—"Yes, but they marry brunettes."

Pharoh's daughter appears in the palace with a babe.
Dean of palace: "Ah, daughter of Pharaoh, where didst thou obtain thy child?"
Daughter: "I found'st it on the bank of the Nile. Aint it cute?"
Dean: "Strange that thou shouldst find a babe on the river bank."
Daughter: "Well I don't care; that's my story and I'm going to stick to it, so there!"

Sign on office door: "Back in two minutes,
Have gone to get a drink;" (Signed) Doctor.
Minute Later: "Back in one minute.
Have gone to get him." (Signed) Doctor's Wife.

Wilkinson:—"I got h—l when I was called to the dean's office to-day."
Spangler:—"Did he ask you to quit drinking?"

"How do you spell Hurst's name?"
Springer, Elder, Crusan, "H—u—r—t—s."

Extract from Chicago Chamber of Commerce's booklet on "Our Fair City" . . . the
Bon Air Hotel which is only one block from the stockyards.

Soak: "Where do you live? Hic."
Agriculturist: "Punkin Centre, but I ain't no hick, darn ya."

Sunday School Teacher; "What did Adam and Eve do when they were banished from
the garden of Eden?"
Little Willie (Elder); "Raised Cain."

Dean Loesch: "Wonderful vista, isn't it?"
Crusan: "Yep—the view ain't bad neither."

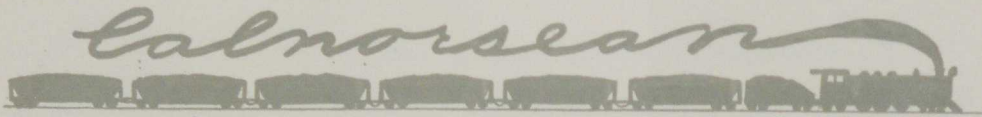

Thrasher: "Who wrote Lincoln's Gettysburg Address, Speedo?"
Speedo: "I don't know, but I'll tell you what I'll do—I'll look it up."

Springer: "Hey, Crusie, throw down my check book, will you?"
Crusie: "Where ya goin'? Down to draw your breath."

Bill Hall: "Say, how do you spell average?"
Drum: "Av."

Elder: "I'm the kind of a boy girls don't forget,
Not a toy to enjoy for awhile,
For though there are girls who think I'm all wet,
There're wrong—I'm not that kind of a child."

"O, Crusie, you're so strong and I'm so helpless."

PAUL REVERE'S RIDE A LA NORTH HALL

'Twas a beautiful nite in June, or maybe it was April, anyway. Oh, what a nite! Cleopatra must have vamped Marc Anthony on just such a nite as that.

Paul Revere was a Colonial knockout; in fact he carried a club with him when he went horse back riding to keep the dames away. And could he dance? He could do anything from an African Head Hunter's War Dance to a Greenland Glide with snowshoes on. And that wasn't all. He had such a past, the girls simply couldn't resist trying to reform him. Paul had a case on the daughter of General Gage, the commander of the King's soldiers in Boston or somewhere in Pennsylvania. Old man Gage wasn't all that girl's father should be, especially when a fellow like Paul Revere was running single. On the nite that historians rave about, Paul was trying to outgeneral Patrick Gage by sending love poems to Ambrosia (that was the kid's name) by signalling with a lantern. He sure was a resourceful man, he could have roomed in Sing Sing any time if he had lived in our times. Anyway Paul wasn't getting any return signal from Ambrosia and he became worried. He descended the tower of the church (he always went to church on occasions like this) and mounted his trusty Dobbin. Away he sped, over ditch, dell, and sundry other obstacles. He arrived at the home of the Gages with his horse in short pants. Strange to say, General Pat himself met Paul at the door and Paul was branded with the sole and heel of an army boot.

Angry and furious at such treatment Paul again mounted Dobbin, who had subsided somewhat, and plodded away. His alert mind was devising a fitting revenge. Ah! He hit upon an idea, the horse stumbled, but Paul kept the saddle in spite of the fact that the horse crawled out from under it. He thought of the Parade that the Kings troops were going to hold to give the farmers a treat. If he could start a war and have Pat Gage killed, he could have the fair Ambrosia until he met some other skirt he liked better. Again he mounted Dobbin (the horse was getting used to it now and knew enough to kneel when our dashing hero put his brogan into the stirrup). He galloped out to Middlesexville, the home of the elite farmers of Massachusetts. As he flew past each home, he warned the inmates that the British were going to destroy all of the Colonists' powder and rouge. The females became riled. Each brave housewife thrust a gun and powder horn upon her spouse and forced him to go to the defense of her beauty. Some went in pajamas, some in nightshirts, in fact they were called minutemen because they hadn't more than a minute to dress before their wives and daughters sent them off to battle. Needless to say there was a battle; some men were shot and some of them were only half-shot. But a good time was had by all and to the intense disgust of our Paul, Pat Gage was only half-shot.

Here Paul drops out of history for he has other girls on his hands besides the fair Ambrosia and it is our guess that if he is living he is still up to his old tricks in some New England hamlet.

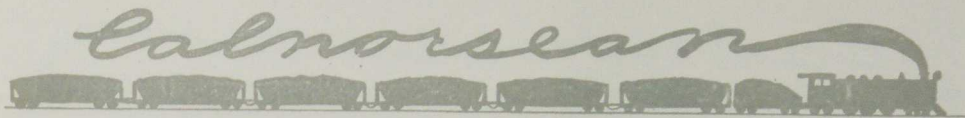

As tough as steak was Klondike Jake
Who hung out over by Dead Man's Lake.
He lived in a cabin of white pine logs
With a couple of husky Eskimo dogs.

For many years he lived in peace
Until betrayed to the mounted police
By a half-breed trapper named Quick Lime
Who'd kill a man for a rusty dime.

When the hard hearted police came to take him away
He swore an oath—he'd return some day
And get revenge on that dirty guy
Who was sending him away—perhaps to die.

Ten long years he spent in the pen
For stealing fox furs from two dead men;
Ten long years that seemed like hell,
And what he'd do when released—one never could tell.

The gates of the prison he left and turned north
For the heart of Quick Lime he was now setting forth.
And Oh, how he longed for that fateful day,
When he would receive his rightful pay.

"WHOSE HOO"

Robert Baughman, six feet four,
Picks his teeth with the knob of a door.

Milton Luce—He walks so fine,
Makes six steps do the work of nine.

Prof. Connell—"Now, Applebaum, just what do Locksmiths make?"
Applebaum—"Horseshoes."

Prof. Sutherland—"What values do we derive from the moon?"
Applebaum—"Well—young people enjoy the moonlight."

Mr. Harding—"Singapore is the crossroads of the world. Any day of the year you can find people of all nationalities."
Sindy Hawthorne—"That's nothing, you find the same things in Monessen."

Negro Parson—"What seems to trouble you, Rastus?"
Negro—"I understand all this talk about, Ash Wednesday, Shave Thursday, Good Friday, but I shore am troubled to find out what they all mean by Nut Sunday."

Mr. Hurst after drawing a moth on the blackboard—"Now, can anybody tell me what kind of a moth this is going to be?"
Wilkinson—"Moth ball."

Sweet young thing from the farm to flag pole sitter—"Why are you sitting up there?"
F. P. S.—"Lady, I'm a scientific committee of one, determining which way the earth revolves."

Two gossips in high gear:
"Did you hear"
"Is that so? Well I kinda thought it wuz going to happen because....."
"Yes and"
"Well, don't that beat"
"And"
"Honest ta"
"And everybody thought"
"Don't say anything ab"
"No, I'll never"

Mary had a little lamb—
They're both getting along fine.

Her eyes said, "Yes"
Her lips said, "No."
But which one lied—
I'd like to know.

Drum: "What were you doing in the boiler room?"
Amy: "Getting hot on 'The Fire Prince'."

Skeezix: "Put me in, Coach."
Grove: "Are you up in your studies?"
Skeezix: "Yes, sir."
Grove: "Lemme hear you say your A. B. C's."

"You did."
"I didn't."
"Yes, you did."
"No, I didn't."
"What?"
"I don't know."

Z. Young—"I was out riding in my Ford yesterday."

Coach—"Yes?"

Young—"And I stuck one foot out of the machine."

Coach—"Well?"

Young—"And someone hollered, 'Hey, mister, you lost one of your roller skates.'"

"What's the difference between vision and sight?"

"Call a girl a vision and she will beam on you; but call her a sight and you'll know the difference."

"Hey, Friday."

"Who's Friday?"

"Artistic."

"Why?"

"No Meat."

CHICAGO

CHICAGO is out in the wild west. It is a great industrial city. Some of the great industries are the poison industry, the bullet factories, the arsenals, the armored car works, the casket makers and the undertaking business. The people of Chicago have great civic pride. All the leading townspeople meet in the Bucket of Blood and the Last Chance. Chicago also is one of the centers of scientific research. Chicago scientists are endeavoring to eliminate the old age problem.

Dr. to Jean Grubbs—"I don't like your heart action, you have had some trouble with angina pectoris, haven't you?"

Jean Grubbs—"You're partly right, Doc, but that ain't his name."

Ida Barkby's Grandma—"Who called last night?"

Ida—"Only Peg."

Grandma—"Tell Peg she left her pipe."

Overheard one Sunday night on 3rd Floor North:

Helen—"Pat, are we going to open your can of tuna fish?"

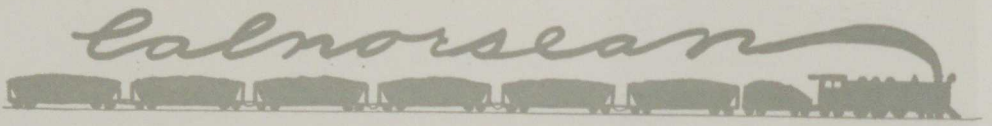

Pat Sheehan—"Why how come, this isn't Friday."

CALLED ANYWAY

Weep and you're called a baby,
Laugh and you're called a fool,
Yield and you're called a coward,
Kick and you're called a mule.
Smile and they call you silly,
Frown and they call you gruff,
Put on a front like a millionaire,
And somebody calls your bluff.—American Boy

ADVERTISEMENTS

This is an age of- Specialization

No longer is any type of educational training good enough for the one who is to teach school.

The properly trained teacher of today is just so much a technician as is an engineer.

But just as schools for training in any of the special fields differ, so teacher training schools are different one from the other.

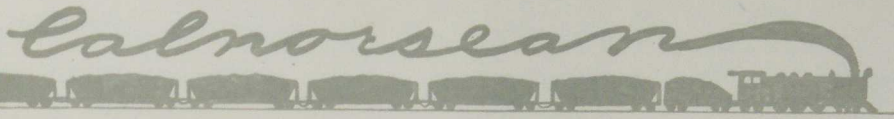

Here in the richest industrial area of the entire world is a school whose distinct purpose it is to train teachers of the youth of this section. The viewpoint is different.
