FOREWORD

Gather around, all you dear people, who so nobly put out your three fifties to make this book possible, and take a peek into a choice bit of raillery, thoughtfully prepared for you by the junior class. In an earnest effort to be unconventional without appearing too iconoclastic, we offer you unusual camera glimpses, modern layouts, facts, fancies, and above all, a tender and an amusing memory of your old Alma Mater.

Realizing that this is an age of hustle and bustle, a period when one is kept so busy living that he has little time to meditate or reflect, the staff of this book spent long hours condensing and clarifying the events of the year so that you may read, digest, and appreciate their efforts without sacrificing too much of your precious time. Thus we offer you a much smaller and more compact book than those of previous years. Verbosity, detail, and twaddle are lacking as we review the past year for you exactly as it was. May this volume make manifest to you that our school is progressing, fulfilling its aims, and living up to its high ideals. May it enable you to relive the year's experiences, one of the best years of your life.

CAMPUS FAMILIARITIES

7 Cardinal Principles

Faculty

Seniors

HEALTH

Health has always been with us — good and bad. Our forefathers gulped down their vitamins, proteins, and such with alacrity. Little did they know of those endless rows of little bottles containing the cure for all ailments, but still they had health.

Due to the combined efforts of Miss Weston, brisk wielder of the ever present thermometer, and Miss Van Cleave, monarch of the kitchen, who so zealously watch our vitality and our victuals, we still have health — good and bad. Miss Weston relieves our aches and Miss Van Cleave fills our aching voids.

Herron Hall, the tennis courts, and the athletic field all contribute a share in the important task of keeping our students fit. Last but by no means least the influence of mother and home can never be entirely foresaken as few rooms in the dorms are without the sulphur and molasses or other time-honored remedies of the American household.

Keep in the pink of condition and your grades won't be in the red.

COMMAND OF THE FUNDAMENTAL PROCESSES

Our school is one place where the inmates do not think that the three R's stand for rah, rah, rah. For do not some fifty odd members of the faculty strive diligently to inculcate in us those familiar fundamentals upon which all education is based. Students burn the proverbial midnight oil pouring over their books and walk the floor muttering complicated theorems until frowning concentration is a characteristic of all in our midst. We drink avidly from the cup of wisdom generously proffered us.

For years and years the three R's have been synonymous with the intellectual atmosphere of the little red school house and despite modern trends in education, we have not been able to shake that one tradition loose. Possibly, some day, an enterprising soul will perfect an educational serum that can be injected into the victim, but until that happy, or more properly unhappy day, we must know that c-a-t spells cat and that $2+2=4$, for upon these basic facts are added all of the ologies and other headaches which go toward making one gloriously intellectual.

After four years of this over-taxing of the gray matter we go forth to instill these carefully gained facts into the unsuspecting younger generation.

WORTHY HOME MEMBERSHIP

There is little doubt in the minds of visitors that we are all one big happy family here at California. Our students have long since discovered that substitution is better than a complete loss and have been reconciled to the fact that this is their second home. Thus they have settled down to make it a happy and an enjoyable place to live. A highly commendable domestic relationship is ours through peaceful, cooperative, profitable work. In the dim past when we packed our little grips and set out for college we felt that the world was at a standstill, and so it was; leaving the family circle to live in a strange place among strange people. But one cannot long resist the fine home-like atmosphere and keen spirit of fellowship that has been established in our school. Slowly but surely we were won over and the long line of thumb-wagging freshmen has diminished.

It is impossible as well as impracticable, however, to completely shatter the home ties which have bound us for so long. Papers and letters from the native village are always eagerly awaited, pictures of mother, father, Aunt Emma, and Uncle Elmer adorn the walls of dorm rooms, and nothing can keep our population from dwindling over the weekends. It is our sincere purpose to foster in the student a new feeling of independence — a feeling that will enable him to live apart from family and home with enough confidence in himself to survive the ordeal without any ill effects, and at the same time keep alive within him the immortal thought that there is no place like home.

VOCATION

We often wonder why it is incumbent on every one to have a vocation. It is bad enough to have been born, without having to be fitted. But be fitted we must and those of us who have decided upon teaching as a life work find ourselves in the midst of a four year seclusion, during which time the secrets of the trade are revealed. We are taught practically everything ranging from how to adjust the unadjusted child to how to dissect anti-prohibition frogs. No page is left unturned in the search for erudition. Someday, if Fate and the school boards are kind, we shall display this vocational training to good advantage.

Never let it be said, however, that teaching preparation is the extent of our training. Socks must be darned, suits and dresses pressed, buttons sewed on, beds made, and all the other little household tasks that go with dorm life must be taken care of just the same as if we were under Mother's wing at home. Although we do not stress this phase of training, we must admit that it is all experience and if you will tolerate a time-worn maxim, "Experience is the best teacher". The student departing from our midst is not only a well trained teacher but is amply prepared for the cold cruel world in more ways than one.

CITIZENSHIP

Now that the world has been made safe for democracy, with a few exceptions of course, the art of being a good citizen is becoming more and more complex. A citizen is now much more than a cogwheel in the machinery of government, he is even more than an employee in the enterprise, he takes his place beside every other citizen as a more or less silent partner responsible for the success or failure of the venture. Teaching of citizenship does less than enough when it fails to impress upon youth that they are stepping into the responsibility of operating one of the greatest enterprises that the world has yet known.

Any organization no matter how small must have some form of government and a group of citizens who are loyal, cooperative, and helpful to that government. Good citizenship has played a very important part in making our school the success that it is. With our new system of student government we have an organization for the students and by the students. With the whole-hearted support of the student body this group have carried on during the past year with the betterment of the college constantly in mind. We have long recognized the importance and value of the ballot, making the old familiar ballot box a prominent figure in our halls. We have actually achieved real civic virtues not merely dead intentions or promises.

WORTHY USE OF LEISURE TIME

In spite of the tremendous amount of time spent in intellectual pursuits, it seems that our students have always an abundance of leisure time to while away. The ways and means of spending this valuable time are varied and differ with individual tastes, but somehow, someway, just like a Canadian quarter, it always gets spent. Some in our midst, desiring to be efficient to the nth degree, carefully prepare time budgets, but these are usually laid away with last semester's psychology notes and blissfully forgotten. Budgets are too exacting for such a busy and varied life as the average student leads.

The "Y" room with its quietness, solacing atmosphere, and radio appeals particularly to one class of students while the Provincial Room with its peppy music, laughter, and noisy banter claims the attention of others. The tennis courts, Herron Hall, the Colonial Room, and the library all enjoy popularity as a means of converting spare time into profitable returns. The intelligent use of this time not spent in actual classwork is without a doubt just as an important a factor in the success of the student's career than any other one thing our school offers. Happy is he who uses it to the best advantage.

ETHICAL CHARACTER

“Know thyself”, says the sage, and we may properly add, “Develop those precious traits of character so that you may provide a field for putting this knowledge to profit”. Strength of character consists of an ensemble of qualities which endows its possessor with illimitable power over his instincts and his passions. It is mastery of self at its highest expression. At no former period whatsoever has strength of character been so indispensable as it is at the present. Education, more widely diffused than ever, has refined human aspirations, given great scope to ambition, made more bitter the struggle for wealth. All feel themselves called, but how many are chosen?

Life's successful personalities, be they merchandisers or mechanics, painters or poets, clergyman or clowns, have all been signally noted for the depth of character which was theirs. Unfortunately character is something that we are not inherently endowed with — it is something that must be gleaned from this complicated existence. Whatever has been essential to success in the past will be even more so in the future, for history, like a phonograph, is forced to repeat whatever has been recorded. With all this in mind the administrators of our school have been constantly striving to make this a place of beauty, culture, and refinement. Here, surrounded by a beautiful campus with ample opportunities for participation in art, music, and drama, our students have a cultural background that should enable them to go out to fulfill their much desired destinies — the further advancement of education.

CLASSES

Juniors

Sophomores

Freshmen

JUNIOR CLASS

ISABEL R. ADAMSON

Dainty . . . extremely neat . . . diligent . . . witty.

ROY F. ANDERSON

A mild mannered youth . . . not addicted to copious speech or actions.

RAYMOND E. BAKER

Firm disciple of Mr. Coover . . . big money man on the Monocal staff . . . a yodeler of repute.

JENNIE M. BERTINI

Very hard to please . . . the saxophone is her favorite instrument.

BEULAH R. BOYD

A beacon light in the classroom . . . even enjoys writing term papers.

WARREN O. BROWN

A five second man in basketball . . . loyal to his Alma Mater . . . despite a close affiliation with Indiana.

CLAYTON E. BUELL

The second of the long line of Buells . . . a quiet sense of humor . . . mainstay of the college players.

JUNIOR CLASS

JACK R. CAIRNS

A soft spoken lad . . . in a scarlet sweater . . . a little boy grin.

MARIAN E. CAMPBELL

Fly-away ebony hair . . . infectious giggle . . . a brain that challenges any math problem.

MARY ELIZA CARSON

A quiet miss . . . devoted to her studies . . . combs her hair with a vengeance.

FRANK A. CARUSO

Quiet . . . studious . . . pleasant . . . a million dollars wouldn't make him high hat.

VIRGINIA L. COATSWORTH

A most charming young lady . . . short quick steps . . . always loaded down . . . with enormous books.

LENA E. COSTRELLA

Large melting brown eyes . . . serious as the day is long.

ERNEST COYLE

A very appropriate name . . . earnest in all his works . . . blonde wavy hair.

JUNIOR CLASS

GRACE V. CRAWFORD

Unique stride . . . languid airs . . . adores suede jackets.

GRANT T. CUSTER

Student . . . athlete . . . musician . . . teacher . . . truly a remarkable and versatile chap.

PATRICIA L. DARROCH

Very agile at the keyboard . . . particularly fond of St. Louis Blues . . . has no use for a hat.

WILLIAM A. DAVIS

Knows the answer to most any chemistry question . . . knows all the answers in fact . . . can be found most anywhere on the campus.

DOROTHY M. DONALDSON

The meek shall inherit the earth . . . and incidently good grades.

JOHN C. EASTON

Chemistry is an open book to this lad . . . can be found in the barber shop most any time.

THELMA A. EDWARDS

Petite . . . demure . . . conservative . . . cute girlish titter.

JUNIOR CLASS

TERESA M. FERRARI

Another of these quiet little girls . . . elusive . . . sunny disposition . . . an ideal type for teaching.

RICHARD G. FLICK

President of the class . . . soft of voice . . . pleasant of manner . . . quite a motorcycle enthusiast.

HARRY G. FOREMAN

A precocious child in his youth . . . reads everything from postage stamps to telephone directories . . . still reads.

WILLIAM GALLO

Has made a name for himself on the gridiron . . . authority on geography . . . and glass-blowing.

CHARLES A. GOLDSTROHM

Irish vagabond . . . and glorious failure . . . guiding genius of the Monocal.

SARAH GILLINGHAM

A very helpful classmate . . . always knows the assignment at least . . . makes delightful cheese sandwiches.

LAWRENCE P. GRASS

Featherweight . . . blackest of black hair and eyes . . . remarkable baseball prowess.

JUNIOR CLASS

ELIZABETH A. HANEY

Arises every morning at 4:30 . . . accounting for that tired feeling along about noon . . . traveling students have their worries.

MARIE E. HAYDEN

Pleasant . . . cheerful . . . wouldn't hurt a mouse . . . unless it climbed the chair.

IGNATIUS P. HOKAJ

A stocky lad . . . adept at basketball . . . happiest in overalls.

AARON J. HOOVER

A newcomer from the eastern part of the state . . . no relation to the White House Hoovers . . . a boon to the camera club.

RUTH J. HORMELL

Petite . . . adorable boyish bob . . . delights in earrings.

LEE R. HORNEBAKE

Strong silent man . . . enjoys a good listener . . . lessons his main interest.

H. ROY HARRIS

Solid . . . substantial . . . never at the top never at the bottom.

JUNIOR CLASS

LUCILLE M. HORST

Studious . . . slightly hard to convince . . . half serious . . . half humorous.

DAVID L. HUFFORD

Amiable . . . frequently appears as if in a daze . . . but looks are deceiving.

VIRGINIA E. HUNTER

A very popular young lady . . . influential among the traveling girls . . . always willing to be of service.

MARTHA E. HUOTARI

Right at home in the Traveling Girl's Room . . . rarely seen in the halls . . . elusive.

MARY EVALYNE JENKINS

Masculine stride . . . huge toothy grin . . . nonchalant . . . inimitable style of dancing.

ANNA E. JERICHO

Never without a hat . . . very quiet in class . . . has many friends.

RUTH F. KEIBLER

Aims to please . . . and doesn't need target practice . . . cooperative to the nth degree.

JUNIOR CLASS

DONALD R. KILONSKY

Mild sarcastic . . . always appreciates a good joke . . . quite a pole vaulter.

GRANT KISTLER

A big brawny chap . . . tastes run to the dramatic . . . sort of Gable-ish.

BENJAMIN C. KLINGENSMITH

A terror in math class . . . profound at times . . . a very pleasant chap.

AMELIA E. LAUB

Distinctive coiffure . . . resembles Kay Francis . . . noted for chapel studying.

FRANCES E. LIVINGOOD

A dyed-in-wool bridge fan . . . also dabbles at ping pong . . . a fixture in the Provencial Room.

RUTH A. MARCH

A model student . . . hits all her tests . . . nary a hair out of place.

SUSAN MARTINKO

Quiet . . . unassuming . . . motherly . . . a true friend of all the dorm girls.

JUNIOR CLASS

DALE MARTIN

A suave young fellow . . . advanced composition holds no terrors for him . . . a transfer from Pitt.

FRANK MURPHY

Made football history at Franklin and Marshall . . . great success here as assistant coach . . . just as proficient in the shop as he is on the gridiron.

MAIMIE J. NEILL

A flash of flaming hair . . . a good natured grin . . . one of the well known Donora Neills.

MARY ISABEL NEILL

Vivacious . . . loquacious . . . a danseuse . . . the type that gentlemen prefer.

RALPH O'BERG

Ex-president of the class . . . but not the forgotten man . . . almost a platinum blonde.

FRANKLIN OELSCHLAGER

Walks on his toes . . . serious brown eyes . . . Mona Lisa smile.

WILLIAM L. PETERS

Throws a football far and wide . . . class treasurer . . . not in our midst at present.

JUNIOR CLASS

EDMUND PRICE

*Pursues the elusive pigskin . . . as well as the sheepskin
. . . has been likened to Tarzan.*

JOHN E. REED

*Lord of all he surveys in the dining room . . . truly a man
of affairs.*

HAROLD C. REPERT

*Broad childish smile . . . extremely studious . . . absorbs the
professor's every word.*

WILBUR E. SHAUL

*A chunky lad . . . a football line in himself . . . exception-
ally good natured.*

WILLIAM W. SIMPSON

*The Adonis of the campus . . . interested in the supposedly
weaker sex . . . newspapers his main aversion.*

JACK SIREN

*High musical aspirations . . . leads a nifty band . . . a great
maestro in the making.*

MIKE SMOLEY

*A mainstay in the machine shop . . . Betty Boop, his fav-
orite actress . . . gray sweaters.*

JUNIOR CLASS

ANNA M. SOKOL

An energetic key puncher . . . like the double ribbon on her typewriter she has worked overtime . . . school work and more work.

JAMES W. SOVERNS

A fun-loving lad . . . noted for quaint humor . . . frankness . . . and free speech.

CLARENCE G. STARK

Extremely witty . . . a mile-wide grin . . . more or less.

MARY JANE STEELE

A rather shy little violet . . . fresh from Wooster . . . almost an unknown.

MARY RUTH TAYLOR

Sociable . . . sociable . . . sociable.

IRENE K. THEGZE

Dusky crowning glory . . . infectious smile . . . floating power on the dance floor.

CLARA M. THOMPSON

Another redhead . . . fiery disposition . . . peppy . . . popular among the traveling girls.

JUNIOR CLASS

JEAN M. TIERNY

Sympathetic . . . optimistic . . . takes things as they come with never a complaint.

EPHRAIM TYLER

Major-domino of the Provencial Room . . . weekends in Greensburg . . . a correspondent of repute.

FRED JOHN UPTON

Debonair . . . perpetually sleepy . . . keen histrionic ability.

MARION A. VENTURI

Tall, dark, etc. . . . once expelled from a barber college for "cutting" classes . . . a popular fellow in South Hall.

TED V. VOORHEES

A gentleman and a scholar . . . that's just about enough.

WILLIAM A. WALTOWER

Yellow Chevrolets . . . a small mustache . . . contagious smile . . . and a delightful blush.

MARGARET R. WASICEK

An ultra-modern miss . . . her pen has been a boon to all our publications . . . originality plus.

JUNIOR CLASS

DAVID L. WATKINS

*Prominent in all campus affairs . . . varsity quarterback
. . . addicted to blondes.*

RICHARD D. WATKINS

*A tendency toward corpulence . . . quite a remarkable
chap.*

CLEVA L. WESSELL

*A natural blonde . . . crazy about hot dogs . . . very much
interested in centers on football teams.*

JAMES WESTWOOD

Barrymore.*

SOPHOMORE CLASS

These same faces graced this page last year as freshmen, meek little souls starting out on a great adventure. Now we see them as sophomores, grown confident and worldly wise all in one short year. From their ranks have come some of our most noteworthy students. They have gained distinction in scholarship, athletics, and all other lines of endeavor. A part of this group, those completing the two year curriculum will go out this spring to take their places as teachers in the public schools. Two years they have been with us — so long and yet so short.

CLASS OFFICERS

<i>President</i>	ROBERT JOHNSTON
<i>Vice-President</i>	DALE WILSON
<i>Secretary</i>	ELMA PARKINS
<i>Treasurer</i>	PAUL THOMAS

FRESHMAN CLASS

We herewith present our latest crop of would-be teachers — ordinary in that they were just as verdant and strange as any freshman class ever to enter our portals, but singular in that they are a highly selective group having passed the most rigorous entrance examinations that the school has yet administered. They immediately displayed their superiority by entering vigorously into school activities. Their members distinguished themselves in athletics, newspaper work and debating. They showed unusual courage and cooperation in rebelling against sophomore rule. The freshman-sophomore skirmish is now school history. In every undertaking they have been highly successful. In all, they are one of the most promising classes we have had in a long time. May they continue during the next three years as they have in the past.

CLASS OFFICERS

<i>President</i>	BERNARD MCANDREWS
<i>Vice-President</i>	ARTHUR WALKER
<i>Secretary</i>	ESTHER EISENBERG
<i>Treasurer</i>	GRACE HARKESS

Intra-mural

FOOTBALL

September rolled around as it usually does and with it came the football season and a large group of varsity-minded freshman whose aspirations were so high and zeal so great that many a veteran shivered in his cleats. After several weeks of rigorous training, Coach Steers finally decided upon a varsity and sent them off to do battle with Westminster, a man-sized job for any team. No one was greatly surprised to hear that the boys lost this game to the tune of 13-0, but they were surprised to hear that we outplayed them completely the first half.

The following Saturday we were hosts to Edinboro who presented a smart fast team. They went home with a 7-0 victory stowed under their belts. A long forward pass and a placement kick proved too much for the local boys. Immediately the pessimists gave up the ghost and predicted a scoreless season. Then things began to happen.

After playing a scoreless tie with the strong Fairmont team, we went to Shippensburg and eked out a 6-0 victory in a battle of mud. After tasting sweet victory nothing could stop them. The next week they out-bruised Clarion to gain another 6-0 win and ended the season in a blaze of glory by trimming Indiana by the baseball score of 9-8.

To mention outstanding players would be a difficult task, for a Steers-coached machine usually depends upon team-work more than on an attack built around one man. Al Hazelbaker, captain of the team, displayed great finesse in the art of ball-booting all season. It was his beautifully placed punts that kept the enemy in their own territory most of the games and it was his thirty-five yard dropkick that nosed out Indiana. The

FOOTBALL

consistent line cracking of Vern Patterson, the defensive play of Tuffy McManus at tackle, and the good work of the strongest line we have had in recent years, all deserve special mention.

Some special mention must be made concerning the excellent performance of our "Black Team" this past season. Yank Murphy, assisted by Paul Mough and Al Cree did a fine job in developing a fast clever team out of this group of boys, mostly freshmen who were not quite experienced enough for varsity berths. They played hard clean football and came out on top in most of the games of a hard schedule. Coach Steers will have little difficulty in replacing his varsity stars who will be lost by graduation. A group like this is the answer to any coach's prayer.

BASKETBALL

The past basketball season was one that will leave an unpleasant taste in the mouths of this sport's closest followers for some time to come. It was, without a doubt, one of the most disastrous seasons ever spent by a California basketball team. The fact that we have long enjoyed a reputation for turning out top-notch teams makes the results of this season a much more bitter pill to swallow. In a regular collegiate schedule of thirteen games the boys were successful in winning exactly two, taking one from Clarion on their floor and one from Shippensburg at home.

The team practiced faithfully, Coach Steers worked hard, and several of the boys turned in brilliant performances, but the best efforts of all combined were not enough to win games. The squad loses Feldman, Zoretic, and Hazelbaker by graduation. With the rest of the squad intact and a clever freshman team to pick from, Coach Steers should be able to assemble a winning aggregation for the coming year, one that will smack of the teams of old. We have nothing but the highest hopes.

LETTER MEN 1933

George Zoretic	Alfred Hazelbaker
James Norton	Ignatius Hokaj
Warren Brown	Daniel Connair
Samuel Moreno	Bernard McAndrews
Kleckner (Manager)	

FRESHMAN BASKETBALL

When the basketball banner of our school began to waver and the varsity seemed on the verge of collapse, the freshman team coached by Groves came through and kept our reputation from sinking to the lowest depths. This group breezed through the season losing only four games out of the twenty played. These games were far from being setups as some of the best independent and high school teams in this district are listed among the vanquished. An organized freshman athletic team as such is an innovation here and much credit is due both to Coach Grove and to the boys who took part for the impressive record they have compiled.

FRESHMAN SQUAD

Beveridge	Kovacs
Weaver	Fornwalt
Weber	Wilson
Edwards	Slosky
Balog	Sotak
Frazier	Walker (<i>Manager</i>)

INTRA-MURAL BASKETBALL

Slowly but surely Coach Steer's long cherished dream of a well organized sport program in which all students can take part is becoming a reality. The boys' intramural basketball season this year was highly successful. Eight teams battled over a period of twelve weeks for supremacy. Most of the games were hotly contested and were a source of much interest among the participants.

The field finally narrowed down to two teams, the Mice captained by Clayton Buell and the Cubs captained by Ed Price. On "Sports Night", which appropriately culminated the season, the Mice defeated the Cubs in a close game, the winning field goal being made in the last few seconds of play. To the Mice, therefore, goes all the glory and honor that is due a champion.

C. Buell	Huttner
Noon	J. Buell
Berry	Hopson

RUNNER-UPS

Kilonsky	Colvin
Fraizer	Price
McManus	Fornwalt
Dal Canton	

TRACK

Track, a once popular sport at California, has been gradually losing its prestige as an important spring pastime to tennis. Around a nucleus of several star performers Coach Steers built up a team which practiced faithfully for the state meet at West Chester. With high hopes the boys made the long trek across the state only to meet with bitter defeat. Their best efforts garnered only three points which represented a second in the javelin throw. The heave was appropriately made by Bud Buell, captain of the squad. Several of the freshmen showed up well in this meet giving us high hopes for the coming season.

VARSITY SQUAD

W. Buell (<i>Capt.</i>)	Gamble
Zemany	Henderson
Hall	Kuvinka
Mugnani	Hill
Davidson	J. Buell
	Redinger

TENNIS

From the standpoint of wins and losses the tennis team is the most consistent of our athletic organizations. Despite the passing of our brightest stars the team goes on winning matches, and new stars come out to shine as brightly as the old. Last spring the Keller-coached squad lost only two matches, one at Fairmont and one at Waynesburg, both by the margin of a single point.

The most auspicious feat of this successful group of racqueteers was the decisive defeat of the highly rated Pitt Freshmen. In an intra-mural tournament held this fall several freshmen of unusual skill were unearthed, making the prospects for another winning team look much brighter.

VARSITY SQUAD

Hall (<i>Capt.</i>)	Beamer
Magill	Neill
Holman	Custer
Probert	Salsi
	Gamble

BASEBALL

Due to a lack of collegiate competition in this section of the state, baseball is a minor sport at California. However, enough men show an interest in this sport each spring to form a team and play several independent teams in the district. In the past few seasons they have not been exactly what we would call a howling success as far as wins are concerned, but the sport furnishes pastime and recreation for many students. Fairmont, our only collegiate rival, took two games this season in easy fashion, but several of our boys displayed rare diamond ability in these games.

VARSITY SQUAD

Cree (<i>Capt.</i>)	Feldman
Drum	C. Groff
Zoretic	Bennett
Hogan	Kleckner
Patterson	Shrader
Hazelbaker	Moreno
Brain	Zaharewicz

MINOR SPORTS

BOXING

Due to the efforts of Sam Moreno several talented young huskies became interested in the art of leather pushing and have shown up well in several local exhibitions. These boys have trained hard and deserve nothing but the highest praise for the fine showing they have made, considering the fact that this is the first year that boxing has been a part of our sports program. The squad included Noon, Costrella, Wilson, Davis, Edwards, Titus, J. Buell, Grass, Ficks, Ritz, and L. Peters.

WRESTLING

Another activity to be developed in Herron Hall during the past year was wrestling. This sport gained instant popularity among the students and was keenly followed by many. Louis Sismondo, formerly of Washington and Jefferson, acted as coach and developed several clever grapplers out of the green material he had to work with. We came out second best in both matches with Indiana, our only collegiate rivals, but local exhibitions provided several interesting evenings for our own student body. It looks like wrestling will become one of our most popular sports in years to come. The squad included Bradley, Miller, Moreno, Martin, Gallo, Towner, Lilley, Snyder, and Phillips.

GIRL'S ATHLETICS

The W.A.A. has been very active in intra-mural sports during the past year, hockey, archery, tennis, and basketball dominating the schedule. For several weeks last fall the new hockey field was thronged with husky lassies wielding enormous clubs, later the air was filled with flying arrows as Miss Hildreth revealed the secrets of the ancient art that Robin Hood made so famous. When the weather became too disagreeable for outdoor sport the girls retired to the gym and organized an intra-mural basketball league which soon gained an enthusiastic following. They now await the coming of favorable weather so that they may begin to play tennis and mushball. A highlight of the season's activities was "Play Day" on which the W. A. A. played hostesses to girls from eight of our neighboring colleges in a program of sporting events.

UNSUNG HEROES

It seems fitting to close this section by mentioning a few of our outstanding athletes who have long been striving to have our school ably represented in all branches of sports and who heretofore have received little recognition for their great work.

During summer school this year a group of "boys" feeling that the athletic laurels of our school must be upheld in some way organized a mushball team and performed right nobly. This team outplayed some of the best teams in the Monongahela valley and out-ate the best team in Somerset County all for the honor and glory of the school.

When spring was in the air and young men's fancies began to turn, someone set up the croquet equipment on the lawn. Immediately many of our young men began a program of gruelling training in order to prepare themselves for a hard croquet season. Here we have one of the young huskies about to make an amazing shot that won a match over a large field of the school's best players.

A freshman is given credit for first conceiving the idea of an angling team. He spent several long afternoons endeavoring to lure a prize trout out of a tin can but luck seems to have been against him and he gave up in disgust.

Here we have a young fellow engaging actively in the favorite indoor sport of many of the dorm boys. Although this was one of the first Saturday mornings of the season he is already showing splendid form.

THE MONOCAL

The school year of 1932-33 has drawn to a close and with its passing comes this, the twenty-first edition of the MONOCAL. Despite the fact that we have a smaller staff than usual and a decreased circulation we feel that this book will at least measure up to the high standards of our predecessors. The State Teachers College at California has long been signally noted for the fine yearbooks it has produced. This edition, with its novel theme and layout, unique photography, and very modern cover, will do its share to hold up this reputation among contemporary publications.

THE HAMMER AND TONGS

The past year has marked the re-birth of a school newspaper, something that has been missing from our campus for over two years.

Sponsored and aided by Mr. Hughey, a highly competent staff has evolved and has made a success of the venture. Late in the year the paper, in an effort to create tradition, sponsored a contest to select a new nickname for the school. The Vulcans was finally decided upon by the student body, and the paper, in order to practice what it preached, took the name of The Hammer and Tongs.

The fact that the paper is printed in our own printing shop and is issued to the students free of charge, makes it unique among college publications.

STUDENT CONGRESS

Late in the first semester our somewhat obsolete system of student government was abandoned and a much more democratic system was established. A student congress composed of one freshman, two sophomores, three juniors, and four seniors was elected and a new constitution was framed. This organization is as yet in its infancy and has not begun to function properly.

Whatever may be said about the superiority of this new system cannot, however, make us forget the excellent work of the old before its demise. The College Mixer, the Freshmen Tribunals, Dads Day, and the Christmas Party were a few important activities which were successful due to the hard work and co-operation of this group.

Paul Rutherford, who has long been active in student government, was president of the old and was instrumental in the planning and organizing of the new system.

DORM COUNCILS

NORTH HALL COUNCIL

In the hands of this group of young ladies is vested all powers of legislation as far as the girls' dormitory is concerned. With the closing of Dixon Hall the burden of self government was taken over by this one group. The various social functions and the entertainment of student representatives from other colleges kept them busy from September until May. The officers were:

FLORENCE CROMLISH	<i>President</i>
SOPHIA FURIN	<i>Vice-President</i>
EVELYN SMITH	<i>Secretary</i>
SIGRID GAYVERT	<i>Treasurer</i>

SOUTH HALL COUNCIL

Here we have the gentlemen who lay down the rules and regulations for the fellows in South Hall. They are elected each year by popular vote, and immediately take over the reigns of government. Their biggest task this year was in connection with Dad's Day and Mother's week-end. The president of this group during the past year was Lester Kleckner.

TRAVELING COUNCILS

MEN'S TRAVELING COUNCIL

The care and regulation of the Men's Traveling Room is under the jurisdiction of this group of young men who are elected by popular vote each year. They also represent the traveling men in establishing and adjusting certain customs of the college. The officers were:

HAROLD REPPERT	<i>President</i>
FRED UPTON	<i>Secretary</i>

WOMEN'S TRAVELING COUNCIL

This organization is the representative governing body of the women who commute. Through their efforts there have been many improvements and innovations made in their social and study rooms. The officers were:

VIRGINIA HUNTER	<i>President</i>
MARGARET RUSSELL	<i>Vice-President</i>
RUTH HORMEL	<i>Vice-President</i>
MILDRED COWHER	<i>Secretary</i>
HELEN PAYNE	<i>Secretary</i>
MARGARET DALE	<i>Treasurer</i>

ORGANIZATIONS

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

The Y. W. C. A. have again enjoyed a banner year, having a larger enrollment than usual and carrying on a very constructive series of weekly meetings. Their annual Big and Little Sister Movement, in which each upper classman aids a freshman as much as possible during the school year, was more than successful. The officers were:

ELEANOR BROWN	<i>President</i>
MARGARET THOMAS	<i>Vice-President</i>
LOIS PALIN	<i>Secretary</i>
JANE HANKINS	<i>Treasurer</i>

YOUNG MEN'S CHRISTIAN ASSOCIATION

The Y. M. C. A. also had a bigger and better year. Besides their regular interesting weekly meetings, the boys took part in several state and national conferences and were successful in retaining the trophy they won last year for having the largest delegation at the annual sectional convention, held this year at Grove City College. The officers were:

JULES BERTIN	<i>President</i>
WARREN BROWN	<i>Vice-President</i>
RAYMOND BAKER	<i>Secretary</i>
J. VERNON CRAWFORD	<i>Treasurer</i>

ORGANIZATIONS

VARSITY CLUB

This group of husky looking lads is composed of men who have earned a letter in any varsity sport. Their main contribution to the school is the sponsoring of an extensive intra-mural sports program. The dances they arranged during the past year were among the most novel and enjoyable that we have ever had here on the campus. The officers were:

GEORGE ZORETIC	<i>President</i>
WILLIAM PETERS	<i>Vice-President</i>
AL HAZELBAKER	<i>Secretary</i>
ALAN BEAMER	<i>Treasurer</i>

WOMEN'S ATHLETIC ASSOCIATION

The athletic program for women is strictly intra-mural and is entirely in the hands of this organization. Its main purpose is to promote athletics, to provide recreation, and to instil within its members a love of sports and ideas of good sportsmanship. The officers were:

MAXINE COULSON	<i>President</i>
KAY SWANSON	<i>Vice-President</i>
ETHEL HOSTETTLER	<i>Secretary</i>
FRANCES LIVINGOOD	<i>Treasurer</i>

ORGANIZATIONS

PHI SIGMA PI

The only national ranking scholastic fraternity on the campus is the Kappa Chapter of the Phi Sigma Pi Fraternity. Only the highest ranking students are admitted, and the fact that its membership is rapidly increasing speaks well for the scholastic standing of our school. The officers were:

LEE HORNBAKE	<i>President</i>
JULES BERTIN	<i>Vice-President</i>
DAVE WATKINS	<i>Secretary</i>
CARLISLE AGNEW	<i>Treasurer</i>

GAMMA PI CHI

This sorority is an organization composed of girls who are selected on the basis of scholarship, loyalty, co-operation, and friendliness. Its purpose is both cultural and social, and its activities are conducted along the lines that will bring about these two objectives. The officers were:

VIRGINIA HUNTER	<i>President</i>
SARAH GILLINGHAM	<i>Vice-President</i>
MARY RUTH TAYLOR	<i>Secretary</i>

DRAMA

COLLEGE PLAYERS

This rapidly growing organization is for students interested in drama and the stage from a scholastic and technical viewpoint. It produced the three-act comedy, *Quality Street* by Barrie, as its major play this spring. The officers were:

TED VOORHEES	<i>President</i>
DALE WILSON	<i>Vice-President</i>
JANET JONES	<i>Secretary</i>
JAMES WOLFE	<i>Treasurer</i>

ALPHA PSI OMEGA

This organization is a chapter in the largest honorary dramatic fraternity in the United States. To become a member one must play a leading role in two major stage productions. It is another of our growing organizations. The officers were:

CLAYTON BUELL	<i>Director</i>
VIRGINIA COATSWORTH	<i>Business Manager</i>
CORA BUEHLER COOVER	<i>Sponsor</i>
BESSIE M. HAZEN	<i>Sponsor</i>

MUSIC

MEN'S GLEE CLUB

This organization is, probably, one of the best advertising agents that our school possesses. They are constantly in demand for banquets and entertainments at home and abroad. Their annual home concert this year was one of the outstanding events on the calendar. The officers were:

KENNETH MILLER	<i>President</i>
RICHARD DEVERS	<i>Vice-President</i>
RAYMOND BAKER	<i>Secretary</i>
JOHN EASTON	<i>Treasurer</i>

SIGMA TAU LAMBDA

The Girls' Glee Club, Sigma Tau Lambda for short, has long been one of our outstanding musical organizations. They have learned to very happily combine social and musical life to the best advantage for all. The officers were:

VIRGINIA COATSWORTH	<i>President</i>
MARY ELIZABETH POWERS	<i>Vice-President</i>
VIRGINIA PITSCH	<i>Secretary</i>
GARNET TROWBRIDGE	<i>Treasurer</i>

ORGANIZATIONS

GEOGRAPHY CLUB

This organization has undergone great changes during the past year. It has reorganized and has started active work in the field of cartography. Several very excellent maps have already been completed. The officers were:

LESTER KLECKNER	<i>President</i>
HANNAH SILVER	<i>Secretary</i>

SCIENCE-MATH CLUB

This organization composed of students majoring in science and mathematics has met with unusual success during the past year. Its bi-monthly meetings were very unique and novel. It has done much toward promoting an interest in science and mathematics among our students. The officers were:

FRANKLIN OELSCHLAGER	<i>President</i>
GERTRUDE BELL	<i>Vice-President</i>
MARTHA KILPELLA	<i>Secretary</i>

ORGANIZATIONS

MONVALEA

This organization is for the purpose of training girls to be leaders of children in their extra-curricular activities. It was divided into two groups during the past year and the girls spent most of their time studying Girl Scout work. The officers were:

GRACE EDWARDS	<i>President</i>
ARMELLIA CURRY	<i>Vice-President</i>
ADELE RUSSELL	<i>Secretary</i>
RUTH HANAN	<i>Treasurer</i>

PHILO

This group is the last remnant of the literary societies which once held a prominent place in the extra-curricular activities of our student body. Clio has already disbanded and Philo plans to do so at the end of this semester. We are sorry to see them go. The officers were:

ISABEL ADAMSON	<i>President</i>
MARGARET WASICEK	<i>Secretary</i>

ORGANIZATIONS

DEBATING ASSOCIATION

This group spent most of the early part of the year discussing and analyzing the question "Resolved that all Inter-governmental War Debts, including Reparations, be Cancelled." Later an affirmative and a negative team was selected from the group and several non-decision debates were held with teams from the leading colleges in the district.

ELEUSIUM CLUB

This group of embryonic artists spent a profitable as well as an enjoyable year working with tooled leather and metal. Many really creditable pieces of art were produced by the members. The officers were:

J. VERNON CRAWFORD	<i>President</i>
JOHN GIDIK	<i>Vice-President</i>
ELIZABETH FIDDLER	<i>Secretary</i>
ALMA SNEED	<i>Treasurer</i>

ORGANIZATIONS

PHOTOGRAPHY CLUB

Delving into the intricacies of the camera and the science of photography in general, this group carry on a program that is most interesting. Many of them are really artists in the field and have turned in work that would be a credit to any photographer. The officers were:

CLAYTON BUELL	<i>President</i>
LEONARD PETERS	<i>Vice-President</i>
JENNIE BERTINI	<i>Secretary</i>
DAVE HUFFORD	<i>Treasurer</i>

WAITERS

Last but by no means least come the fellows who toil three times daily to see that all the little dorm students get their fill. When the gong sounds and the swinging kitchen doors fly open, these fellows are the heroes of the hour. Their efficient work is thoroughly appreciated by all.

In Memoriam

Her busy capable hands, her kindly humor, and her unflagging interest in everyone about her endeared

Mrs. Martha Dewar

(Died May 20, 1932)

to all the students, who had the opportunity of knowing her in her twelve years of splendid service to our college.

The State Teachers College at California has cause for much gratitude to

Mr. Joseph A. Herron

(Died February 12, 1933)

who gave thirty-five years of able service as a trustee and who, through his many generous gifts to our library, left a lasting memory to his name.

FEATURES

During the long school year our active and energetic student body is constantly on the go. There is an endless procession of special days and events on which incidents occur that you will never forget, and people come and go that you will never want to forget. The following pages represent some of these activities as seen through the lens of the camera. They recall pleasant memories, exciting adventures, and eventful days — days that have made school history.

College is not all books and study. Years from now you will probably forget whether you took Introduction to Teaching in your first or second semester, how you fared in the first test, or who sat next to you in class. What you will never forget, however, will be the friendly rivalry, the thrilling moments, and the humorous incidents that abound on special days.

May these unusual camera glimpses ever be a source of delight to you, and may they enable you to look back over your brief stay in college with a feeling of mingled joy and regret.

THE FROSH REBELLION

Who will ever forget the memorable day when the courageous freshmen asserted their rights and threw off the yoke of tyrannical sophomore rule? It seems that several of the sophomore class were not exactly pleased with the personal appearance of the freshman president and accordingly undertook to change it somewhat. The freshman did in no wise appreciate the tonsorial efforts of their rivals and in an ultimatum declared that as far as they were concerned freshman rules were only a memory. Of course the sophomores objected to this and a day of conflict began. After several minor skirmishes, in which there was much bloodshed and bruising of faces, an armistice was signed until three-thirty. At this time the boys of both classes repaired to the athletic field to do battle. After an hour or so of scuffling, shirt-tearing, and all around rowdiness, they withdrew well pleased with themselves. Both sides put up an excellent struggle but the sophomores were greatly outnumbered and victory, such as it was, must be conceded to the frosh.

HEALTH DEMONSTRATION

A health demonstration in which over five thousand public school children from the Monongahela valley took part was one of the red letter events of last spring. Held in conjunction with the dedication of Herron Hall the day was one of exceptional activity — seldom has our campus been thronged with so many people. Our student body, as well as playing host, took an active part in the day's program.

A group of our fairest young maidens thrill the spectators with a clever exhibition of eurhythmics — the art of bodily contortions so dear to the heart of Mr. Schriener.

The boys of the college do their bit by portraying the African savage in a dance that made the blood run cold. The picture on the right ably disproves the old adage that "Birds of a feather flock together". It also is a fine example of the cosmopolitan spirit that is present on our campus.

Much to the delight of parents and teachers the school children perform nobly in their various exercises. Several difficult routines were presented by the children, a spectacle that will long be remembered.

Things look rather upside down here but fortunately the fair tumbler finished up on her feet. Never before had we ever seen such an assorted collection of flying arms and legs as our tumblers presented.

IN ACTION

With the coming of spring several of our dorm fellows could not withstand the urge of boyhood days, so they offed to the woods and the streams. Here we see them in action. Not a crayfish nor a waterbug was safe with these lads in the vicinity. After a morning of glorious splashing and puddling, they returned safely to the dorm, much to the disgust of every pneumonia germ in the district.

The Olympic stars may have been able to run a little faster, jump a little higher, and in general excel our athletes in all around sporting events, but we have no rivals when it comes to form. Here are a few of the boys displaying just that. Scenes such as these are prevalent on our athletic field most any nice spring evening.

Action was not confined to the boys of the school alone as you will notice. It was a rare occasion when some of the young ladies did not show up on their allotted corner of the field to engage in some sport or other. Here we have a group of them looking as though they meant business with their long bows.

ODDS AND ENDS

Sophomore Day last spring saw the freshmen once more take the measure of their time-worn rivals. Here we have the vanquished sophomore baseball team who were nosed out in a close game. The score was 18-5 in favor of the frosh. Those on the picture who are not smiling are the outfielders.

The would-be Barrymores and Hampdens of the College Players put up their script for a day and indulged in a bit of horseplay for the benefit of the Dad's Day rooters.

We don't know what these boys are delivering but by the looks on their faces we would imagine that it were comic papers.

Our twelve-letter man works out on a leg of beef. In addition to being one of our most versatile athletes, George can wield a butcher knife with the best of them.

These three frosh were lucky enough to be the only ones who were in focus out of the whole frosh baseball team. The lad in the middle seems to be the only one who is pleased with the freshman victory.

ODDS AND ENDS

J. Vernon, after years of struggle, finally reaches the top. We're glad it is he up there and not us.

The photographer was sent out to get a picture representing higher education. This is what he brought back. It isn't exactly what we wanted but you must admit it is the highest one could get on our campus.

The intelligencia of summer school checking up on something or other.

In the shade of the old apple tree. We hope these lads are not so utterly exhausted from studying.

Checking up on old Sol. It seems he simply can't agree with the various watches on the campus. This picture was taken on a Sunday which may account for the inconsistency.

There is nothing like watching a tennis match in solid comfort. This is much easier than sitting up. Of course this is a characteristic pose of several of the boys.

ODDS AND ENDS

This is a familiar sign to all. The favorite rendezvous of students out in town.

The ivy-covered walls of South Hall in a new pose. Usually noisy and brimming with action, it takes on a somewhat peaceful and quiet aspect in this picture.

Clio Hall from a new angle. A glimpse of the neatly curtained windows of this once-popular hall through a grill formed by the fire escapes.

A group picture of our favorite mothers as they appeared on Mother's Weekend. Each year we have them with us to spend a few days of visiting and chatting.

What!! No Cravotta!

APPRECIATION

The staff of this edition of the Monocal wish to express their utmost appreciation to the following people who have, by their efforts, helped to make it a success:

IDA BENTZ HUGHEY, whose advice and aid in the preparation of this book has been invaluable.

G. R. WARREN, representative of the Hammersmith-Kortmeyer Co. publishers.

LELAND G. EDINGER, whose untiring efforts made the book a financial success.

LEONARD PETERS, freshman photographer, whose clever work with the camera has been a boon to the editor.

THE HARRIS STUDIO, which has cooperated with the staff in every instance and which has turned out only the best of work.
