Would that I could speak!

Year after year, month after month, day after day, here at California, I have ticked away the hours, some happy, some sad, but all interesting ones. No one noticed me except to see whether he was late for class, or he could steal a few moments' recreation in the Provincial Room or, perchance, whether there was time for a hurried trip to the drug store. Now, however, the time has come when I may tell my story. And what a story I could tell! I see "many, many things" of which "many, many people" are unaware, and each event is stored away in my hall of time.

My first thrill of the year 1942-1943 was the arrival of the Freshmen—their faces gleaming with hope, youth, and happiness. How loudly I ticked as they looked up at me; how ardently I hoped that college life would measure up to their expectations. Then gladly I welcomed the familiar Sophomores, Juniors, and Seniors, many of whom would leave my protecting towers before the school year had ended. Rapidly the days went by, days filled with activities, clubs, classes, sports, parties, and dances.

Then came that memorable day in January when the Army Reserve left the sheltering towers of "Old Main." How I tried to retard my journey round the clock, but how swiftly the seconds sped by, and the parting came. Since then other students have gone from the campus to enter various fields of service, but many remain to serve "Beneath the Towers."

How sadly I said goodbye, and how gladly I welcome my Service Men as they return to the college. I thrill with pride as I see a tall handsome khaki-clad lieutenant enter the gates, and I recognize a former student. Then, too, there are the men in the Marines, Navy, and Merchant Marine, for California is represented in every branch of the service. But I must not "run on" indefinitely, for the following pages with their pictures will tell you the story of Life Beneath the Towers in 1942-1943.

This year the Monocal Staff met with many difficulties with which previous staffs did not contend. Many changes had to be made in the staff as members were constantly called to the armed forces. Overcoming these obstacles, the Juniors were able to follow the tradition and to publish the Monocal as usual.

The 1943 Staff consisted of:—Editor, **Ruth A. Eneix**; Business Manager, **John Pell**; Assistant Business Manager, **Emily Catrino**; Typist, **Vera Scott**; Art Editor, **Rose Galich**. **Joseph Siebart** was the Business Manager, and **Andrew Ondrei** was the Photographer until they were both called into the Army Air Corps. **John Pell**, with the assistance of **Joseph LeDonne** and **Cletus Nestlerode**, took over both of their duties. Also assisting in the composing of the book were **Mary Louise Chew**, **Ju Jean Carson**, **Laura Rossi**, **Marjorie Deter**, **Leona Kennedy**, **Cecilia Breza**, and **Wilma Bailey**. Several members of the Sophomore and Freshmen Classes gave the staff invaluable aid.

Miss **Henrietta Carroll** and Mr. **Anthony Stavaski** were the faculty advisors.

Honor Roll

The staff of 1943 is proud to dedicate this Monocal to those noble and courageous men of California State Teachers College who are now serving in the Armed Forces of the United States. In a spirit of loyalty and service, they have laid aside their books and taken up arms that this

nation may be free, that little children may laugh and sing, that boys and girls may enjoy the happiness of childhood, that torments and sorrows may be lifted from the hearts of men and women, that peace, a just and lasting one, may come to all the nations and peoples of the world.

Many fellows from CSTC are now going "over hill, over dale" and "into the great blue yonder" as members of Uncle Sam's immense army. We have representatives in every rank hitting the "dusty trail" to peace. It will be a happy day when we see all these doughboys come marching home.

NAVY

"Anchors Aweigh" is the theme song of these lusty gobs who have gone from the halls of CSTC to ride the waves of the seven seas as well as the air waves. Although we've said farewell to them for the duration "we're wishing them a happy voyage home."

Message for The Monocal

The world is coming, slowly but surely, to realize the utter futility of isolation. Narrow nationalistic conceptions and traditions are being swept away. It is today no more possible for a nation to live alone and disregard the interdependence of races and regions than it would be for an individual to live without the air he breathes.

Today life demands also of those great institutions—the home, the church, the school—which have evolved to serve man's teleological needs, that each one resolve its program into a round-the-clock pattern. The effectiveness of these institutions can be measured only by the all-round inclusiveness of their service. How a man serves his God in his daily work, his attitude toward, and his relationship with his fellow man are more significant than how he conducts his worship. The sincerity of his worship is best judged by his conduct. The home and the school likewise measure their ultimate accomplishments in terms of good will, understanding, wisdom and conduct that is socially desirable.

"Now we are engaged in a great . . . war, testing whether this nation or any nation so conceived and so dedicated can long endure"—a relentless, round-the-clock struggle to destroy despots and systems in order that eventually fundamental human values may be preserved.

May we hope that the night is far spent, and the day is at hand. In this day may all Californians continue their "round-the-clock" efforts to serve the "round-the-clock" needs of the new world which we hope will emerge.

The Deans of Men

Acting Dean Speaks

The fine cooperation which I received from everyone at California, while carrying out my duties as Student Dean, is something long to be remembered. Of this typical California attitude we can all be proud, for a characteristic, such as cooperation, will be a great help in winning the war and the peace.

Jacob Schoeppler

The hands of the clock in the towers move on.

From the time in the Reconstruction Period after the Civil War when Main Hall was dedicated, through the Spanish American War, through World War I, and to World War II, in which we find ourselves involved today, the towers in Main Hall have pointed the way upward in educational leadership.

The hands of the clock in the towers move on.

The need for today is not only to win a war but to build a peace that is just, that is charitable, that is enduring. In all of this the teacher of the children in the elementary schools will play a large part. To all of us, as educators, comes that challenge to do our utmost in bringing a new order of understanding and good will to the peoples of the world.

The hands of the clock in the towers move on.

Guiding Message!

As the tower clocks face the four corners to give impetus and regularity to the community, so California is a beacon, guiding youth in its pathway to education.

As the clocks run their interminable course, so each passing year brings new faces to the campus to be labelled with the California "seal." May all those who come under its influence be as constant, trustworthy, and dependable as are the clocks.

FRESHMAN

Full of fears and expectations, the Freshman class made its debut on the campus of C.S.T.C. in the autumn of 1942.

Here the Freshmen were greeted with a much accelerated program. Nevertheless, the class missed none of the college traditions, for it has worn the green, avoided the main entrance, obeyed the upper classmen, and learned the Alma Mater in record-breaking time. (Tune not included.)

It was a busy year for our Freshmen. Their Freshman Frolic with its Valentine theme was very successful.

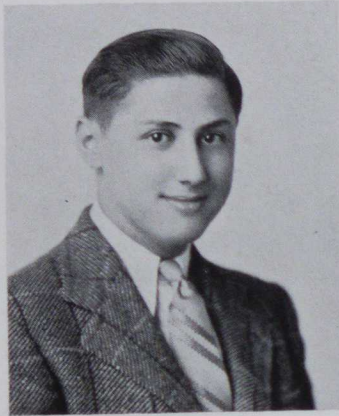

With renewed hope and spirit they are looking to the future, determined that they also serve who come to school.

SOPHOMORE

Having gone through the trials and triumphs of the freshman year, those of this class now refer to themselves as the "Wise Sophomores." "Provinciators" with initiative, Sophomores can be found in every campus organization. Proof of their initiative is the "Soph Hop" in which the "Victory Theme" was used. At this top-flight social event, patriotic escorts bought victory corsages for their "dates."

Keenly eager to do their share, many Sophomore men will be found in the ranks of Uncle Sam before the term is finished. Although some of the women may enter other fields, the majority of them will prepare to take their places among those who teach the principles of patriotism and citizenship to posterity.

Junior Promenade

Sponsored by the Junior Class

On December 4, 1942, the Juniors presented their annual class Prom using as a motif a Sleigh Ride Serenade. Gay couples whirled to the beat of the Tucci-Barr orchestra which sat in a large red sleigh drawn by two white horses. Christmas trees, shining stars, bells, and refreshments added to the old-fashioned gaiety. In the receiving line were **Albert Maser**, class president, **Helen Belle Basarab**, **Carl Hough**, **Ruth Ann Mason**, **Mr. and Mrs. Morley**, **Dean and Mrs. Walker**, **Dr. and Mrs. Steele**, and **Miss Bernstorff**.

"Don't part with your illusions. When they are gone, you may still exist; but you have ceased to live."—Mark Twain.

JUNIOR

Now we have the Juniors—those students who look backward, knowing they have traveled far towards their goals, and forward, anticipating their final term.

They are "old hands" on the campus; rightfully, too, for they have talents which have found expression through the various interest clubs. For instance, this year book is a symbol of their perseverance, business ability, and originality. The Junior Prom is an expression of what the class can do in the social whirl.

Because of the accelerated program which the war has forced upon the educational field, many Juniors, having completed their courses in less than four years, will have entered the field of teaching; others will be in the Armed Forces.

Who's Who among American Colleges

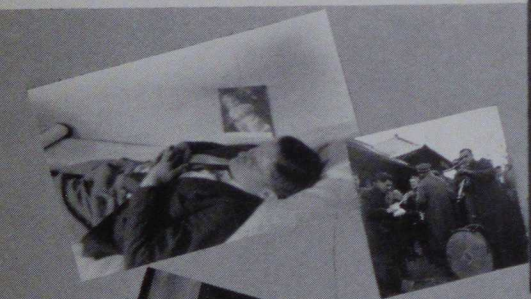

Each year a group of faculty members selects several Juniors and Seniors as students outstanding in college activities. Requisites for membership are character, scholarship, leadership in extra-curricular activities, and potentiality for usefulness to business and society. These names are published in the annual "Who's Who among Students in American Universities and Colleges." This year, ten Seniors and two Juniors received this distinction.

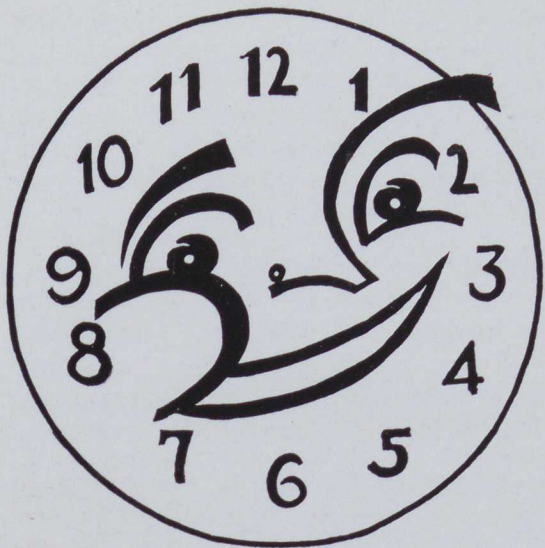

The True

of all
Presidents

"I gave my all!"

"Happiness is the only good. The place to be happy is here. The time to be happy is now. The way to be happy is to make others so."—Robert G. Ingersoll.

LUBS and FRATERNITIES

Sometimes in the early morning, sometimes late at night, students are seen hurrying back and fourth across the campus. Perhaps the victorious Vulcans are returning from a basketball trip; perhaps the College Players are on their way to "Ted's" after an extended rehearsal of "Abie's Irish Rose" or of "Ladies in Retirement;" perhaps the members of the Women's Athletic Association are off on a supper hike to the farm.

More than once students have appeared in grotesque costumes, armed with birdcages, fishing poles, scrub pails, etc. Evidently the Tribunal has been on duty again; some innocent Freshman has failed to obey the rules and regulations governing the conduct of the Freshman.

Thus time passes, hour after hour, day after day, for in addition to the regular class room work, there is a well organized extra-class activity program. Honorary fraternities, social clubs, special interest groups, and governing bodies—all endeavor to keep alive and ever active the College Pledge:

THE PLEDGE

I do solemnly pledge: That I will never consciously or wilfully bring discredit to this College; that I will faithfully perform any task entrusted to me; that I will do my utmost to raise the academic, social, and civic standards of this College; that I will obey its laws and customs, respect its ideals, and honor its traditions; that I will continually endeavor to prepare myself for the noblest of all professions—that of teaching; and in all these ways I will strive to transmit to my successors a greater, better, and more beautiful California than was inherited by me.

Every Tuesday in the Colonial Room, **Monvalea** teaches the girls of the college to play bridge. This year, however, bridge was often set aside, and the girls spent many hours in making surgical dressings for the Red Cross. Dessert bridge parties, held twice a year, were the social high-lights of the season.

Student Cabinet may rightfully be called the "side-kick" of Student Congress. Twelve Congressmen, ten chosen by a caucus of class representatives in Congress, the President of Student Congress, and the President of the Student Activities Association comprise this governing group. To this body falls the difficult task of budgeting the student activity fees among the campus organizations. "One-third of the people in the United States promote, while the other two-thirds provide."

The **College Band** was organized by Joseph Le Donne last year (41-42). The need for a musical group to represent the college was great, and with Dr. Steele's consent and aid, the band became a stable and profitable organization on the campus. The band formerly numbered about thirty musicians, a combination of both traveling and dormitory students. However, the armed forces' continuous drain on students has been felt here also, and the original number has been cut in half. Despite this, however, the band has continued and has high hopes for the post-war future.

ESTHER LATINI

This year, the **Debate Club** selected as its topic of discussion: "Promoting World Peace after the War." An excellent debate with a team representing the University of West Virginia was held during the first semester. OPA and gas rationing prevented the completion of a schedule which included debates with several colleges in Western Pennsylvania. The annual banquet which "wound up" the season was a most delightful affair.

THE OFFICERS: President, Esther Latini; Vice-President, Charles Keller; Secretary-Treasurer, Lena Lomango.

N. Artis, B. Wilson, R. Clark, L. Lomango, E. Latini, J. Reycroft, Dr. Keller. Members not present: M. Hawk, C. Keller.

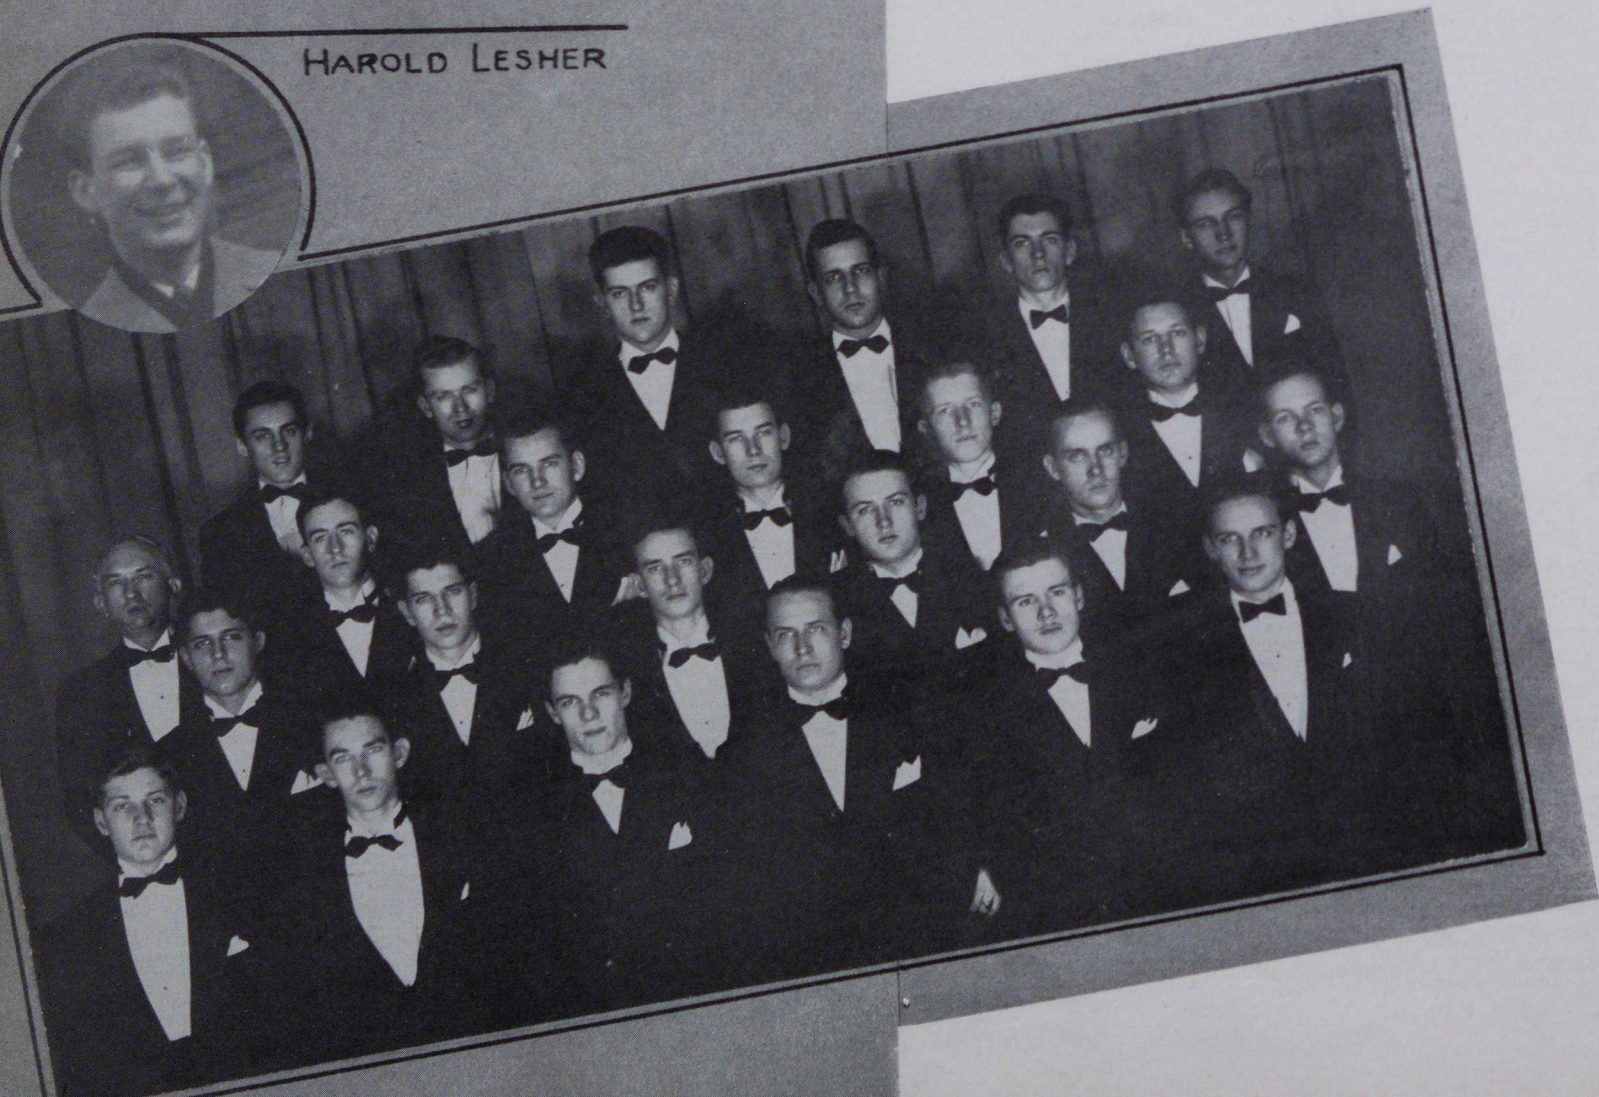

Men's Glee Club. This organization, sponsored by Mr. Halstead, has attained an enviable position among the musical societies in the college area. Although many of the Glee Club members are now in the service of their country, rehearsals are held weekly, and plans are being formulated for the usual spring concert and dance.

Victory Sports

Basketball

Although the results of varsity basketball, during the past season, must be penciled in red, much credit must be given to the players for a fine display of that fighting spirit typical of past Vulcan quintets.

Owing to the general inexperience of the squad, the Vulcans hit the proverbial dust nine times without showing as much as one win. Many other games were cancelled due to the difficulty in making proper transportation connections. Another indirect cause of the disastrous season may be attributed to the loss of several veterans of last season due to graduation and entrance into the armed forces.

Directing the Red and Black at the beginning of the season was the genial Edward Cubbon, but after being commissioned a lieutenant junior grade in the Navy, he turned over the coaching reins to our former coach, Clarence Grove, physical education director of the college.

FIRST TEAM: Gordon, Labeka, Schwartz, Carpenter, Marks, Hill, Valdeserri, Budnick.

SUBSTITUTES: Ganyu, Dowden, Yarnall, Hamilton, Hollowood, Jenkins, Spivak, Dugoni, Dickson.

W. A. A.

W.A.A. has been unusually active this year. Under a new plan inaugurated at the beginning of the second semester, every girl in school was a member of W.A.A. Thus, the girls gymnasium classes could be correlated with the W.A.A. Tournaments were played in basket-ball, volley-ball, tennis, and bowling, with the winning teams receiving awards. Several parties were held throughout the year, and the Girls Athletic Associations from both East Pike Run and California High Schools were entertained. The high spot of the year was a play day held in May for the high school friends of the W.A.A. members.

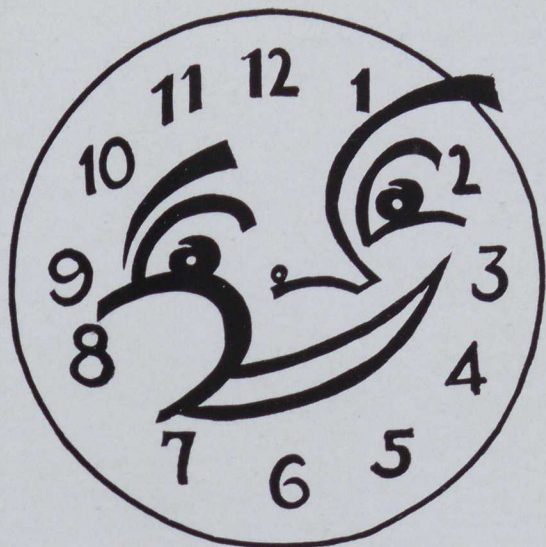

Tennis

Dr. Keller, coach of the tennis team, has several fellows from last year's tennis team. They are **Wilfred Hepler**, who is the number one man, **William Surgeon**, **Perry Schwartz**, **Theron Sachs**, **Reed McGibbeny**, and **Maynard Snyder**.

Due to OPA regulations these tentative spring games may not all be played:—Slippery Rock, Grove City, W and J, Carnegie Tech, Indiana, Pitt, Fairmont, Clarion, Bethany, and West Liberty. Whether or not these games will be played, the boys are not taking any chances and are getting plenty of practice on the courts.

The Beginning

"Success is not measured by the heights one attains, but by the obstacles one overcomes in its attainment."—Booker T. Washington.

SENIOR

With pride, we salute our Seniors. For four years they have passed "Beneath the Towers of Old Main," and now they are ready to go out and pass on the knowledge and ideals which have been fostered during their school years.

This class has been rapidly decreasing in membership, due to existing conditions today. Those who are serving in the armed forces will be remembered by every Senior as former classmates.

As most Seniors are off the campus at least half of the year, the class as a whole does not sponsor many activities. Yet, the largest affair on the campus—the Senior Inter-Club Dance—was planned by the Senior Class.

Thus once again the hands reach the end of their journey around the clock, and another year comes to a close at California.

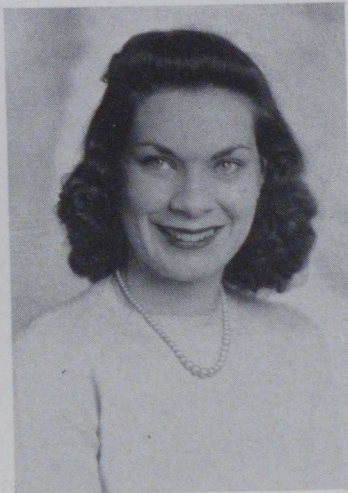

Good luck and success to you all, Seniors!

Success

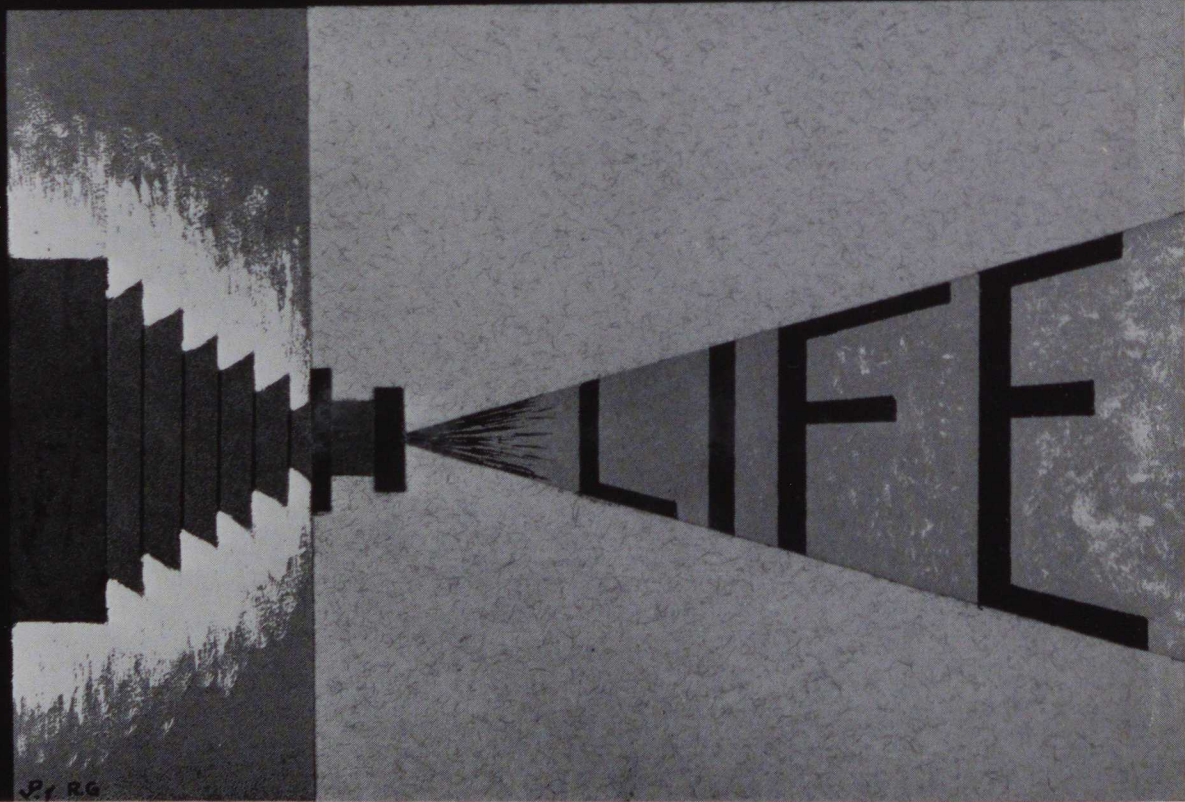

Success to one of its fullest extents can be fully summed up in one word—graduation—the height toward which we all are climbing. The Seniors have reached this pinnacle, and it is up to each one as to what he will make of his talents.

Studies are completed but now is not the time to relax. In the years to come many will add to the records back at the Alma Mater some evidences of success. Remember, Seniors, that Montesquieu has said:

"I have always observed that to succeed in the world one should seem a fool, but be wise."

Monocal Diary

1942-1943

From the foregoing "Diary" one can soon see that the production of a yearbook is an all year proposition with everything but smooth sailing. There were even moments when the staff thought there would be no yearbook at all—but "we did it."

Many thanks must be given to John Pell, business manager, photographer, layout man; Cletus Nestlerode, assistant photographer; Emily Catrino, assistant business manager; Rose Galich, art editor, and Vera Scott, typist. Appreciation for additional work must be given to Jujean Carson, Mary Louise Chew, Laura Rossi, Cecelia Breza, Marjorie Deter, Leona Kennedy, Bette Gass, Nesbit Neal, Jane Blackburn, Byron Gordon, and Pat Patterson. Without the aid of any of these, the yearbook could never have been printed. Also to be remembered are Andrew Ondrei, photographer, and Joseph Siebart, business manager, both of whom were called with the reserves.

Miss Henrietta Carroll and Mr. Stavaski were invaluable to the staff in giving suggestions and advice.

To all those who gave help in any way toward the publishing of the 1943 MONOCAL, I extend my deepest thanks and appreciation.
