COME TO CALIFORNIA

Our 1923 graduates are now receiving from \$90 to \$160 per month.

Older California graduates are receiving from \$3,000 to \$9,000 per year.

Experienced public school teachers to-day receive from \$150 to \$350 per month.

Public school administrators receive from \$250 to \$1500 per month.

The Pennsylvania State Educational Association has 43,000 members and is the largest state association in the country.

The National Association has 130,000 members.

There are 200,000 new positions to fill each year.

California State Normal can prepare you to fill one of them.

SOUTHWESTERN STATE NORMAL SCHOOL

is dedicated to the task of providing opportunity to prospective teachers.

1. To secure the highest type of professional training.
2. To equip for leadership.
3. To cultivate the highest moral and religious ideals.

Southwestern State Normal School expects to realize the **FIRST** of these aims

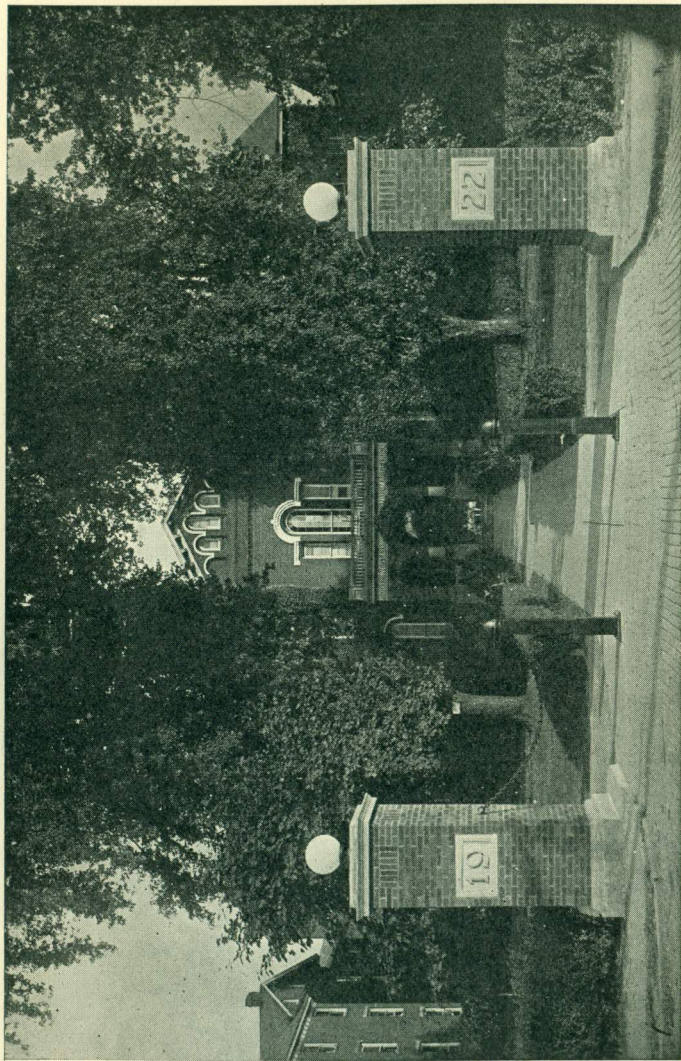

- (a) By providing adequate class room instruction.
- (b) By providing proper library facilities.
- (c) By providing a competent faculty with high professional attitude.

The **SECOND**:—

- (a) By student participation in school control.
- (b) By various group organizations for social life.
- (c) By recognition accorded initiative in class work.

The **THIRD**:—

- (a) By student participation in various religious services.
- (b) By maintaining a high standard of conduct in school activities (dances, games, etc.).
- (c) By the emphasis placed on proper attitude toward, and faithfulness in, the discharge of school duties.

OLD MAIN

The curriculum in the Pennsylvania Normal Schools is broad and liberalizing, an exceptionally fine training for the general duties of life as well as admirable preparation for the responsibilities of public school instruction

ENTRANCE REQUIREMENTS

1. Graduates of secondary schools approved by the State Department will be admitted as regular students on presenting evidence of having completed fifteen units of high school work.

2. A unit shall consist of not less than thirty-six weeks of work requiring at least four periods per week of not less than forty minutes per period or its equivalent. (Subjects not requiring out-of-class preparation or study shall require double time in estimating the units.)

3. Credentials of all students entering the state normal schools shall be received and evaluated by the normal schools and submitted to the State Department of Public Instruction for approval.

4. Adequate knowledge of the subject matter in the elementary subjects will be presupposed on the part of all students admitted to the normal schools.

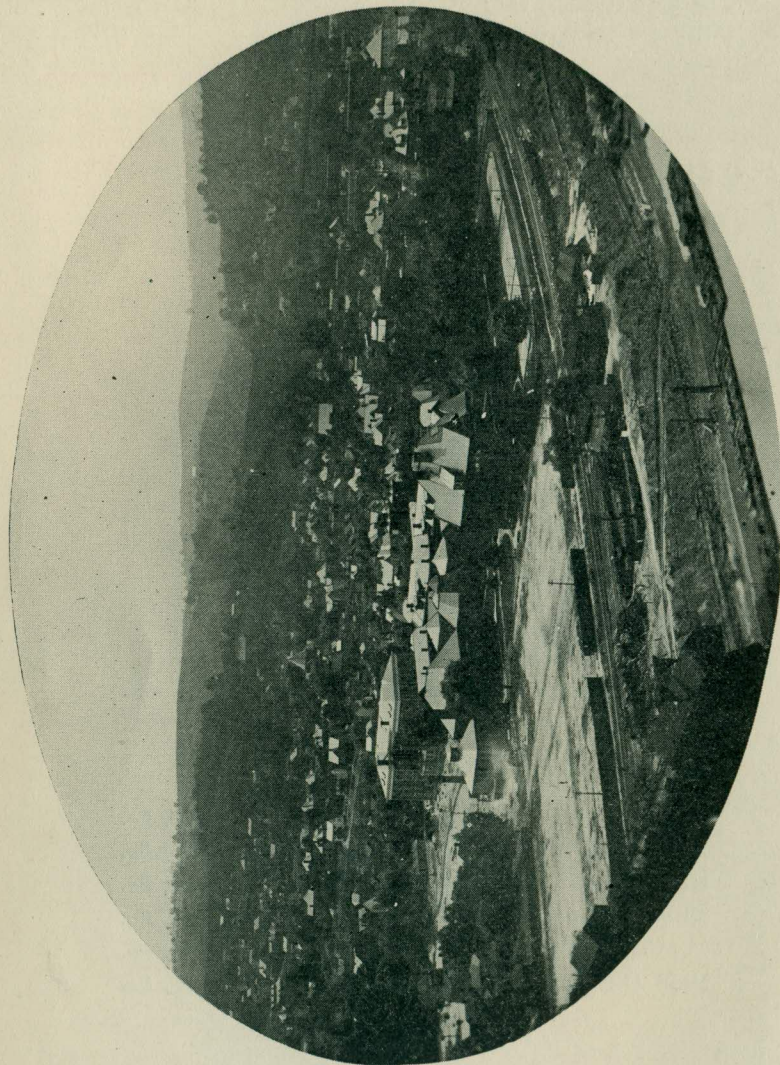

5. Required units for admission:

English	3 units
Mathematics	1 unit
Science	1 unit
Social Studies	1 unit —After Sept., 1923, 2 units
Elective	9 units—After Sept., 1923, 8 units
Total	15 units

6. The holders of permanent and professional certificates will be given one unit credit toward admission as regular students to the normal schools for each subject of high school grade written on the certificate.

7. Advanced credit will be given for equivalent courses in approved teacher training institutions, but no student may obtain a normal certificate without a minimum residence of one year.

8. High school subjects will be available for those who have not had the opportunity to get these in their locality.

CURRICULA OF PENNSYLVANIA NORMAL SCHOOLS

Students may select one of four curricula.

The four curricula that are offered to students have been organized upon the principle that teaching in the elementary schools can be classified into sufficiently definite types to require specialization. Each curriculum prepares for a specific type of teaching position.

The two years' work of the normal school is divided into four semesters. The work of the first semester is the same for all students. A large purpose of the work of the first semester is to acquaint students with the requirements for successful teaching in the different grades so that they may be able to decide intelligently in what grade or grades they prefer to teach. The course entitled "Introduction to Teaching", which includes observation and participation in the training school, is especially designed to aid students in a wise selection of a curriculum.

At the end of the first semester students are asked to select one of the four curricula for the purpose of specializing in a specific field of teaching. The work of each curriculum must be completed in its entirety. Students may be granted the privilege of changing from one curriculum to another only on condition that the prescribed courses of any curriculum so selected must be completed before a certificate of graduation is granted.

THE FOUR CURRICULA

Group 1. Kindergarten-Primary—for teachers of grades 1, 2 and 3.

Group 2. Intermediate grades—for teachers of grades 4, 5 and 6.

Group 3. Grammar Grades and Junior High School—for teachers of grades 7, 8 and 9.

Group 4. Rural—for teachers of rural schools.

SCENES FROM HISTORICAL PAGEANT, JUNE 1923

THE TRAINING SCHOOL

THE TRAINING SCHOOL. The training school is the pivotal point of all the work of the normal school. It functions as a laboratory for every department of the school and articulates with peculiar intimacy with the Department of Education.

OBSERVATION AND PARTICIPATION. Although student teaching is confined to the senior year, junior students are given frequent opportunities for participation in the work of the training school and observation of expert teaching in the training school is a feature of all the courses in education and of many other courses throughout the curricula. One critic teacher is assigned to each two class-rooms and demonstration lessons are taught from time to time in exemplification of the various phases of good educational practice.

DISTRIBUTION OF TIME. A minimum of two consecutive sixty-minute periods per day for one semester is given to students teaching. Where two student teachers are assigned to the same class in the training school the assignments are so adjusted that each student teacher has a definite problem. The distribution of teaching time is designed to progressively give to the student an increasing class responsibility.

LESSON PLANS. Plan forms are used upon which all lessons taught by student teachers are planned. Critic teachers hold daily conferences with the student teachers under their charge and approve all lesson plans of student teachers before the lessons are taught.

STUDENT TEACHERS. Every student teacher confines his teaching to the grades of the group which he has elected. Student teachers electing group I and II have practice experience in all the subjects of the curriculum and, if possible, in all the grades of the group. Student teachers electing group III confine their practice largely to the subjects in which the student has elected to special-

ize and, if possible, have practice teaching in all the grades of the group. Student teachers electing group IV confine their practice teaching largely to the rural one-room ungraded school and have opportunity for contact with the community problems. All assignments for student teachers contemplate the completion of a unit problem.

TRAINING CLASSES. Training classes aim to have not less than twenty nor more than thirty pupils; that is, enough pupils to set up a normal social situation and yet not so many as to unduly tax the limited skill of the teacher.

THE PUPILS. The pupils in the training school by reason of the careful planning of each lesson and the close supervision of expert teachers, as well as through the use of abundant and elaborate equipment of the normal school, are most favorably situated to secure the best possible education.

GENERAL INFORMATION

California State Normal is growing both in body and spirit. During the past year she has had the largest enrollment in the history of the institution, and a school spirit pervaded the student body that has never before existed. An experienced, sympathetic faculty working with a congenial student body has created a feeling of friendly helpfulness and good fellowship that is most stimulating and encouraging. The physical condition of the school plant has been much improved. Class-rooms, corridors, and students' rooms have been redecorated, and tiled bath and shower rooms with modern equipment have recently been installed.

RELIGIOUS ADVANTAGES

Everything of a sectarian nature is avoided by the authorities of the school, but every endeavor is made to interest students in Christian work and to develop a clean, wholesome, moral atmosphere. Devotional exercises are conducted daily in the assembly hall and on Sunday evenings vesper services are conducted by the Y. M. C. A. and the Y. W. C. A. Students are expected to attend the church of their choice on Sunday mornings.

SOCIAL LIFE

Receptions are held at different times during the school year and every possible effort is made to have the students associate freely with each other and bring about a natural and homelike atmosphere.

ENTERTAINMENTS

A strong course of lectures and entertainments are provided at considerable cost that add much to the school life and give not only entertainment but culture and training that is very desirable for teachers. A Pathoscope machine is part of the school equipment and movies are given that are both educational and entertaining.

LITERARY SOCIETIES

Opportunity to participate in literary work is given through the two literary societies, Clonian and Philomathean. Great rivalry exists between Clio and Philo and this culminates each year in a big literary contest. Fine programs are rendered weekly by these societies and they assist very materially in promoting sociability as well as affording an opportunity to develop literary ability.

ATHLETICS

California Normal offers an unusual opportunity for students to develop their minds and bodies in the very best way by participation in all branches of athletics. Every boy and girl in school may engage in the sport for which they are best qualified. Football, basketball, baseball, hockey, tennis, track, volleyball, and hiking are some of the most popular sports. Intra-mural athletics give the beginner and the less experienced a chance to develop most rapidly by being a member of a team. The reward of honest effort and acquired skill is the honor of representing the Normal on the "Varsity" football camp in the early fall provides a wonderful opportunity for any boy to put himself in the best possible physical condition and as a consequence he applies himself to his academic work with a spirit and purpose that characterizes the best type of student everywhere.

The 1922 football team was undefeated throughout the season—a most enviable record when the schedule of games is considered. The schedule this fall contains the names of Kiski, Carnegie Tech Freshmen, Potomac State, and Slippery Rock.

Football camp opens next fall, August 27th, and we are very glad to have visitors at any time. Any young man graduating from high school would do well to consider the advantages in coming to California if he thinks he has average athletic ability.

SPECIAL FEATURES

The past year has been marked by some special features in the work of the normal that will stand out as great events in the history of the institution. A great pageant was presented portraying the development of this valley since the early colonial days, including the founding of the Normal School. Every student in the Normal Department and every child in the Training School participated. The work of the pageant was far-reaching in its effects, serving to unify and vitalize the work of many students and teachers. The pageant was written and arranged by the students and instructor of the class in Oral Expression. Thousands of people witnessed the growth of the valley from the time of the Indians and the visit of Lafayette to the present commencement exercises.

Each year the students in the Physical Education work give a field day demonstration, showing a program of marching, dancing, drills, calisthenics, tumbling, vaulting, boxing, plays, and games.

SUMMER SCHOOL

Many of the teachers now in service avail themselves of the opportunity to attend summer school where they may obtain additional credits toward the Normal Certificate or on whatever kind of State Certificates they may be working toward.

EXTENSION DEPARTMENT

An opportunity is given to teachers in service to continue their work on the Normal Certificate or other State Certificate toward which they may be working by forming classes in different convenient centers to which a teacher is sent. While resident work is the most valuable, having use of libraries and laboratories, yet extension work gives a valuable opportunity to those teachers in service who are not only anxious to save time but are unable to take the resident work needed.

PIANO DEPARTMENT

Beginners and those not far advanced are especially welcome as they possess few or none of the bad habits of performance which are so easily formed by wrong teaching or careless practice, and which prove in many cases almost insurmountable obstacles to high cultivation; they, therefore, receive more rapidly the correct fundamental principles and can, as a rule, make steady and rapid progress uninterrupted by the tedious progress of unlearning bad habits.

Candidates for graduation will be required to satisfy a Board of Examiners in several tests.

THE COST

No tuition is charged at a state normal. The following is a list of the expenses to be met:

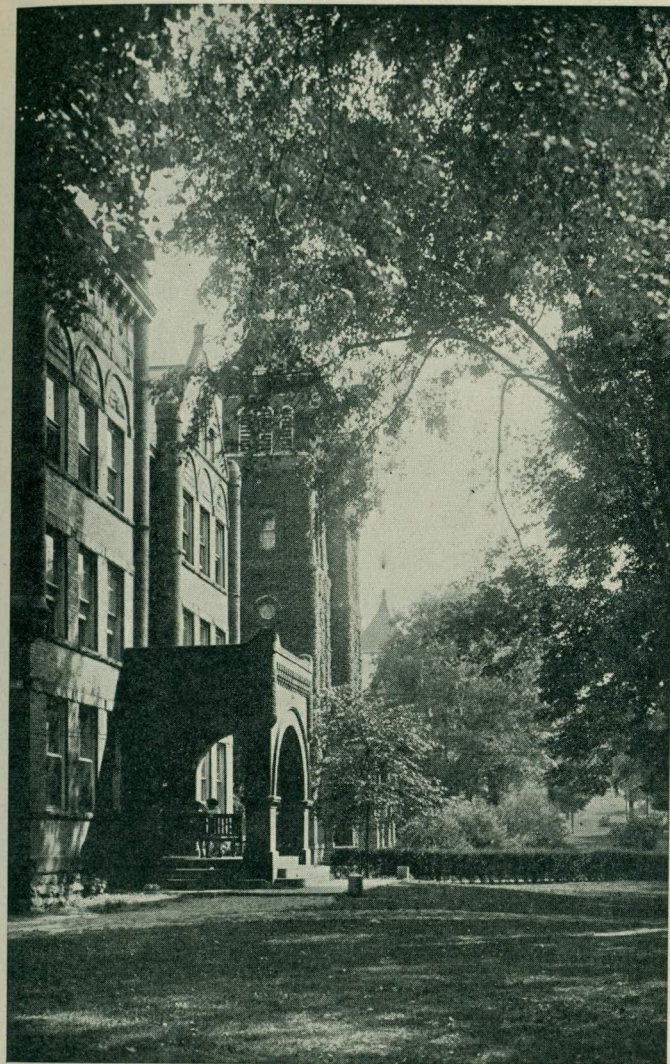

Enrollment fee	\$ 10.00
Board and Room, including laundry per week	7.00
Tuition for high school subjects, per week (only for those who have not had high school available)	2.00
Deposit which is returned at end of session	5.00
Piano lessons for full semester, forty minutes	3.00
With assistants	1.00
Violin lessons	1.50

The total cost per school year of thirty-six weeks would include the following:

Enrollment, two semesters	\$ 20.00
Board and room, 36 weeks	252.00

WHAT TO BRING

The various rooms in the dormitories are all well-kept, and are furnished complete with bed, bedding, dresser, stand, rug, etc., and each student will find it necessary to bring only towels, napkins, and articles of personal use. Do not mark laundry until you have secured quarters. This will avoid the necessity of changing laundry marks and save confusion.
