CALENDAR

Summer Term.....	June 24 to August 3
Registration for all Students.....	Monday, June 24
Classes Begin.....	Tuesday, June 25
Added Registration Fee After.....	Monday, June 24
Summer Term Closes.....	Saturday, August 3

REQUIREMENTS FOR ADMISSION

High School students who have not yet graduated cannot enter the Summer Session.

New students must be graduated from an approved four year high school before being admitted. An admission blank, secured from the college, must be properly filled out before a student is legally enrolled.

RENEWAL OF PARTIAL ELEMENTARY CERTIFICATES

Partial elementary certificates will be renewed by presenting six semester hours of professional training. Care should be taken in choosing courses that will also count toward a Normal Certificate. No new partial elementary certificates will be issued.

STANDARD CERTIFICATES

Teachers desiring advice concerning courses needed for a Standard Certificate should write to the Teacher Bureau, Department of Public Instruction, Harrisburg, Pennsylvania. To avoid disappointment, no other advice should be taken.

TWO-YEAR NORMAL CERTIFICATE

Advice concerning courses leading to the completion of any two year curriculum may be secured from the Dean of Instruction. The first semester's work should be finished first and each semester's work taken in consecutive order.

Evaluation toward graduation will not be made on registration day. Information needed should be secured at least ten days before the session opens.

DEGREES

The Bachelor of Science degree in elementary education is for persons who wish to improve themselves in the elementary field either as teachers or supervisors. The Bachelor of Science degree in secondary education is for those who desire to teach in junior or senior high schools. In the latter curriculum, it is necessary to choose two major fields. California offers superior work in the following fields: Social Studies and History, English, Geography, Natural and Physical Science, Mathematics, and Foreign Languages.

Evaluations toward a degree can be made in the college office for graduates of approved four year high schools. Evaluations for others must be made by the Department of Public Instruction through this office. It is necessary to submit official transcripts of all post high school work done elsewhere than at California. Attend to this early.

Graduates of the two or three year normal school curricula will find it very advantageous to continue toward either of the above mentioned degrees.

SPECIAL WORK

A number of courses offered this summer are valuable to teachers who wish professional advancement. Be free to write your demands.

STUDENT TEACHING

All candidates who expect to complete the two year curriculum by attendance at summer terms must satisfy student teaching. In order to avoid disappointment, advance arrangements to do this work must be made before May 15th with Prof. Newton Kerstetter, Director of the Training School.

ROOMS

Rooms are furnished with beds, chairs, tables, dressers, and wardrobes. The beds are supplied with sheets, pillow cases, blankets, and bedspreads. Students should bring their own towels, table napkins, and such personal effects as they may desire.

A room may be reserved in advance by sending the registration fee of \$10.00 with your request. The fee will not be returned unless application for return is received at least ten days preceding the opening of the Summer Session. A room will not be reserved without a fee.

LIVING OUTSIDE DORMITORIES

No student will be permitted to room or board outside of the dormitories except in the home of parents, grandparents, brother or sister, uncle or aunt, unless special permission has been granted by the Principal. Arrangements must be made with the Principal before the rooms are engaged. No student will be permitted to room in houses not approved by the Housing Committee.

The letter in parenthesis designates the class room.
The number beside the class room letter designates the semester hour credit.

Schedules will be made out in the order in which the requests are received.

Required courses not given in the 1929 summer session will be given in 1930.

Lunch will be served in the dining room at 12:35.

The first four periods meet six days a week, the fifth period meets the first five days of each week.

Make your selection of courses to fit your particular needs as to certificate, means of travel, peculiar likes, train schedules, etc. Decide what you want before your schedule is made out. After the schedule is made do not ask for changes. In case of doubt ask for the Dean of Instruction.

SCEDULES—REGISTRATION ROOM RESERVATION

Students who pay their registration fee in advance may have their schedule made at the same time and thus save time on registration day. Schedules will not be made in advance unless the fee is paid.

If your schedule is made out in advance and your accounts paid, your only task on registration day will be the filling out of the registration forms and Class Record Cards, thus reducing your time standing in lines.

Do not wait until registration day to determine what courses you want to pursue.

Send proposed schedule, registration fee, request for room reservation to
