LESLIE HORNBAKE, Supervising Principal	
SARA HARRIS	ANN PATTERSON
LOIS JONES	MILDRED WILKINS
EVA YARNALL WILLIAMS	

STATE TEACHERS COLLEGE CALIFORNIA, PENNSYLVANIA

PURPOSE

The sole purpose of the State Teachers College at California is the preparation of teachers for the public schools of Pennsylvania. It is owned and operated by the Commonwealth for this specific purpose. Students who have not definitely decided to teach or who lack the qualities demanded of a teacher should not seek admission to the college. Students who show that they are unfitted for the profession of teaching may be asked to withdraw at any time.

LOCATION

California is located thirty-five miles south of Pittsburgh, sixteen from Uniontown, twenty-five from Washington, Pa., twenty from Waynesburg, and sixty-six from Somerset.

Four improved roads lead into California; one through Perryopolis and West Newton crosses the river at Newell by ferry; another, the National Pike, enters California by way of Malden; another comes through Centerville and Coal Center; and another leads up the river by way of Charleroi and Roscoe.

Paved roads radiate in all directions from California, affording both convenience and pleasure. The scenery along the old, historic National Pike is unparalleled anywhere in the United States.

Bus and railroad service add to the accessibility of California. The borough is a regular stop on the Greyhound Bus Lines, and hourly service is also maintained by another line between Donora and the front entrance of the college.

The Pennsylvania Railroad maintains excellent service for California, eight trains being available daily for travel north and south.

The New York Central lines are on the opposite side of the river, and many trains stop at Newell. There is ferry service to the California side. The school is situated a few blocks east from the Pennsylvania Railroad station.

The Tenth Teachers College District comprises Washington, Greene, Fayette, and Somerset Counties. The "Service Area" also includes in its territory the southern portion of Allegheny County and the southwestern portion of Westmoreland County.

THE HISTORY OF THE TEACHERS COLLEGE AT CALIFORNIA

California, the home of the State Teachers College, was founded in 1849, receiving its name because of the gold rush to the State of California during the same year. The location was so ideal that an Academy was founded here as early as 1852, which was eventually to become the present Teachers College. In 1865 the Academy received a State Charter to become the "Southwestern Normal College." The corner stone for the main building was laid on August 26, 1868, the principal address for the occasion being delivered by Gen. John W. Geary, the Governor of Pennsylvania at that time.

On May 26, 1874, the Normal College became, by state authority, the Southwestern State Normal School for the Tenth District, composed of Washington, Fayette, Greene, and Somerset Counties.

The main building was first used in 1870; North Hall in 1874; South Hall in 1876; Science Hall in 1892; the gymnasium in 1894; the boiler house in 1899; Dixon Hall in 1907; and the laundry in 1927. All these buildings are very solidly built and well arranged.

May 20, 1913, the stockholders of the institution voted to accept the proposition of the State Board for the purchase of the school, and for dissolution of the corporation. On February 17, 1914, committees representing the Normal School Board of Trustees, and the State Board of Education signed the agreement, which was approved by the Governor, making the Southwestern State Normal School a State-owned institution.

In the fall of 1920 a new curriculum was put into effect which placed the Southwestern State Normal School on a Junior Teachers College basis. After 1920, credits earned at the school were of college grade.

At the Commencement held on August 2, 1928, the school was granted power to offer a four-year curriculum leading to a Bachelor of Science Degree in Elementary Education. At the regular meeting on November 8, 1928, the State Council of Education gave the school the power to offer the courses in the four year curriculum which leads to a Bachelor of Science Degree in Secondary Education. When the first fourteen students received degrees at the May Commencement of 1929, the school became a Teachers College.

GROUNDS AND BUILDINGS

All the buildings are conveniently arranged on a beautiful twenty-one acre campus which is practically level. Adjoining the campus is the large athletic field which is ideal for football and has two baseball diamonds laid out on it.

All the buildings are solid brick construction. North Hall and Dixon Hall are two comfortable dormitories for young women. South Hall is the dormitory for young men. The administration building, chapel, and the library form the center of the construction facing Second Avenue which leads from the railroad station. Science Hall and the gymnasium are well located between the main building and the athletic field.

A new laundry building was built in 1927 and is equipped with the most up-to-date machinery. This enables the school to care adequately for the students' needs as well as for its own laundry work.

Green hedges, large shade trees, flower plots, water fountains, and light clusters make the California campus one of the most beautiful in the State.

NEW BUILDINGS

The Theodore B. Noss Demonstration School, a modern training school building, has just been completed. This building is of fireproof construction, erected at a cost of \$135,000.00. California is thus afforded unexcelled training school and demonstration school facilities.

The campus has been extended by the purchase of three and one-half acres of additional land. On this will be constructed, during the next year, a new Physical Education building. The Trustees have adopted a building plan which will group new buildings in the form of a quadrangle, and plans are under way for the removal of frame buildings and the landscaping of the campus. When completed, California will have one of the most modern physical plants in the state.

CHOOSING A CURRICULUM

Before entering a Teachers College, the student should decide whether he desires to pursue a two-year curriculum or a four-year curriculum. Three two-year curricula are offered preparing for the primary grades, the intermediate grades, or the rural school. The four-year curricula prepare for teaching in the elementary schools or the junior and senior high schools. A choice of the two-year curricula should be made only after careful analysis of the student's interests, abilities, possible position in the future, and the special qualifications for teaching in the various grade groups. Loss of time and credit will result from changing from one curriculum to another.

SATURDAY AND EVENING CLASSES FOR TEACHERS IN SERVICE

The regular schedules are so arranged that teachers in service may take advantage of the evening and Saturday classes. Teachers wishing this service must register at the regular registration dates and attend the full semester. The cost is the regular registration fee regardless of the credits carried. Six credits are the maximum for any one semester. Teachers interested in this type of work should write several weeks before the registration date for a schedule of Saturday and evening classes.

Registration must be made in person so that all records may be properly filled out. Students may not register by mail.

CERTIFICATION OF TEACHERS

Extracts from the Pennsylvania School Code:

"Section 1301. Every teacher in the public schools of this Commonwealth must hold a.....certificate, which shall set forth the branches which its holder is entitled to teach,.....; but no teacher shall teach in any public school in this Commonwealth, any branch which he has not been properly certified to teach."

"Section 1320. No teacher's certificate shall be granted to any person who has not submitted, upon a blank furnished by the Superintendent of Public Instruction, a certificate from a physician legally qualified to practice medicine in this Commonwealth, setting forth that said applicant is neither mentally nor physically disqualified, by reason of tuberculosis or any other chronic or acute defect, from successful performance of the duties of a teacher; nor to any person who has not a good moral character, or who is in the habit of using opium or other narcotic drugs in any form, or any intoxicating drink as a beverage."

Since 1927 the minimum requirement for securing a license to teach in Pennsylvania is the completion of two years of professional study beyond high school graduation.

On completion of any of the two year curricula at a State Normal School or State Teachers College a certificate is granted which is valid for two years in the elementary schools. On evidence of two years' successful teaching this certificate becomes a permanent license to teach in the elementary schools. Completion of four-year courses leads to college certificates which after three years' successful experience become permanent licenses to teach.

CLASSIFICATION

All students who have less than thirty-four credits are considered first-year students or Freshmen; those who have thirty-four but less than sixty-eight, are second-year students or Sophomores; those who have sixty-eight but less than one hundred and two are third-year students or Juniors; those who have one hundred and two or more credits are fourth-year students or Seniors.

DEGREES

The Bachelor of Science degree in Elementary Education is for those persons who wish to improve themselves in the elementary field either as teachers or supervisors. The Bachelor of Science degree in Secondary Education is for those who desire to teach in junior or senior high schools. In the latter curriculum, it is necessary to choose two major fields. California offers superior work in the following fields: Social Studies and History, English, Geography, Natural and Physical Science, Mathematics, and Foreign Languages.

Evaluations toward a degree can be made in the college office for graduates of approved four-year high schools. Evaluations for others must be made by the Department of Public Instruction through this office. It is necessary to submit official transcripts of all post high school work done elsewhere than at California.

REQUIREMENTS FOR ADMISSION

Graduates of approved four-year high schools will be admitted to State Teachers Colleges on certificate. The regular form of application for admission to the college may be secured on request. This application must be filled out to show the following:

1. Full name, residence, and date of birth of the applicant.
2. Applicant's signature.
3. A health certificate signed by a physician of Pennsylvania.
4. The high school principal's or the superintendent's signature certifying to graduation from the high school and recommending the graduate for admission to a State Teachers College.
5. A complete record of the work taken in high school.

No student may be admitted without this regular admission application. It should be sent in before school opens.

Persons who are not graduates of approved four-year high schools may be admitted to teachers colleges by satisfying the Credentials Bureau, Department of Public Instruction, Harrisburg, that they have taken the equivalent of four years' high school

training. Information and the necessary application blank may be secured from the President's office or from the Credentials Bureau.

ADVANCED STANDING

Advanced credit will be given for equivalent courses in approved institutions of collegiate grade, but no student may obtain a certificate without a minimum residence of one year. California will not admit students from other colleges unless transcripts are furnished showing an honorable dismissal and standard of scholarship high enough to warrant their acceptance.

No official evaluation will be made until transcripts from other colleges and high schools are presented. No evaluations can be made during Registration or during the three days before or after Registration.

SPECIAL REQUIREMENTS FOR GRADUATION IN ALL CURRICULA

1. All entering students are required to take, without credit, ten lessons on "Using the Library."
2. All students are required to take part in extra-curricular activities. Participation is under the direction of the Director of Student Activities.
3. All students, before receiving a final grade in English or Arithmetic, must equal eighth grade standards of achievement in these subjects.

CURRICULA OFFERED

Two-Year Curriculum for Group I Kindergarten and Primary Grades 1, 2, 3

First Semester		Second Semester

ADVANCED TWO-YEAR CURRICULUM LEADING TO B. S. IN EDUCATION

Open Only to Those Who Have Completed the Work of Groups I, II or III (Rural).

Conditions of Entrance to the Third Year of the Four-Year Curriculum in Elementary Education.

1. All persons who have completed the work of Groups I, II, or III, (rural, formerly IV) are admitted to third year standing provided they have previously completed the work of a four-year high school and all such persons must complete 68 hours of work beyond graduation from Groups I, II, or III (rural, formerly IV) as these were prior to September 1, 1926, organized and administered.

2. All credits for work less than that required at a State Normal School for graduation between September, 1920, and September, 1926, shall be evaluated by multiplying the number of semester hours already earned by .85.

The following table applies this ration to enough typical cases to illustrate the principle:

Former Semester Hours		New Semester Hours
6	x.85=	5.0
11	x.85=	9.0
22	x.85=	19.0
36	x.85=	31.0
60	x.85=	51.0

Rule: If the decimal is less than .5, disregard it; if it is .5 or more, count it as a unit.

3. All persons who graduated from a State Normal School prior to September, 1920, and who have had a four-year high school preparation, cannot be awarded more than 68 semester hours of credit for their Normal School work.

4. Graduates of the State Normal Schools who have had four years of high school preparation may apply to the Credentials Bureau, Harrisburg, Pennsylvania, for a high school equivalent certificate, which when issued by the Credentials Bureau, will be accepted by the State Normal Schools as equivalent to graduation from a four-year high school and all credits earned at a State Normal School prior to September, 1926, will be evaluated as indicated above.

5. No credit for public or private school teaching experience previously credited as high school equivalent or as equivalent professional credit toward graduation, shall be granted or counted toward meeting the requirements for entrance to or graduation from the advanced two-year curriculum.

FIFTH SEMESTER

Opportunity is provided so that a student may complete in this semester the work of the first two years in the curricula which he did not pursue, as follows:

1. Graduates of Group I will take:

Teaching of Arithmetic.....	3	3
Teaching of Geography.....	3	3
Teaching of English.....	3	3
Teaching of Social Studies.....	3	3
	12	12

2. Graduates of Group II will take:

Teaching of Primary Reading.....	3	3
Teaching of Numbers.....	2	2
Teaching of Primary Subjects.....	4	4
Kindergarten-Primary Theory.....	2	2
	11	11

3. Graduates of Group III will take:

Teaching of English.....	3	3
Teaching of Numbers.....	2	2
Teaching of Primary Subjects.....	4	4
Kindergarten-Primary Theory.....	2	2
	11	11

Total taken by a Student as above.....	11	11 or 12	12
Educational Psychology.....	3	3	3
Economic Biology.....	4	3	4
	18	17 or 19	18

SIXTH SEMESTER

History of Education.....	3	3
English Literature.....	2	2
Descriptive Astronomy.....	3	3
Economics.....	3	3
Physiography.....	4	3
Teaching and Supervision of Arithmetic in Elementary School.....	3	3
	18	17

SEVENTH SEMESTER

Principles of Education.....	3	3
American Literature.....	2	2
American Government.....	3	3
Principles of Human Geography.....	3	3
Nutrition.....	4	3
Civic Education in the Elementary School.....	3	3
	18	17

EIGHTH SEMESTER

Advanced Composition.....	3	3
History and Appreciation of Art.....	4	2
History and Appreciation of Music.....	4	2
History and Organization of Education in Pa.....	2	2
Practical School Contacts.....	4	4
Supervision and Administration of Elementary School.....	3	3
	20	16

ELECTIVE FIELDS FOR PROSPECTIVE JUNIOR HIGH SCHOOL TEACHERS

The person who is to teach in the junior high school must have, in addition to what has been prescribed, a special preparation in at least two fields. A minimum of eighteen semester hours is required for certification in a special field.

ELECTIVE ARRANGEMENT

ELECTIVES IN ENGLISH

1. Teaching of English in Junior High School
2. Philology and Grammar
3. Contemporary Poetry
4. Short Story
5. Modern Novel
6. Elizabethan Drama

ELECTIVES IN SCIENCE

1. Chemistry I, II, III (General, Organic, Qualitative)
2. Physics I and II
3. Economic Biology
4. Advanced Biology (An. and Plant)
5. Descriptive Astronomy
6. Teaching of Science in Junior High School
7. Physiography

ELECTIVES IN GEOGRAPHY

1. North American Geography
2. Latin American Geography
3. Geography of European Countries
4. Geography of Asia
5. Economic Geography

PREREQUISITES FOR THE ELECTION OF FIELDS IN JUNIOR HIGH SCHOOL CURRICULUM

1. To elect Science, a student must present a unit in high school Chemistry and a unit in high school Physics.
2. To elect Social Studies, a student must present two units in high school Social Studies.
3. To elect Mathematics, a student must present one unit in high school Algebra, and one unit in high school Plane Geometry,

6. Teaching Geography in the Junior High School
7. Physiography

ELECTIVES IN SOCIAL STUDIES

1. Teaching Junior High School Social Studies
2. Early European History
3. Modern European History
4. American History to 1865
5. American History Since 1865
6. Political Science

ELECTIVES IN MATHEMATICS

- 1-4. Mathematic Analysis (1) (2) (3) (4)
(A practical two-year course in Algebra, Trigonometry, Analytical Geometry, The Differential, and Integral Calculus.)
5. Teaching of Junior High School Mathematics
6. Teaching of Algebra and Plane Geometry.

FOREIGN LANGUAGES

- 1-4. French (3) (4) (5) (6)
- 5-8. Latin (4) (5) (6) (7)
9. Teaching of Languages

or two units in Composite Mathematics, at least one of which must have been taken in the senior high school.

4. To elect French, a student must present two units in high school French.

5. To elect Latin, a student must present three units in high school Latin.

When a student has chosen his elective fields, his curriculum becomes a closed series of courses not subject to change without loss of credit.

A graduate in this curriculum is entitled to teach in any high school the subjects in which eighteen semester hours of credit have been attained as electives.

CALIFORNIA IS WELL EQUIPPED

Quarters for Commuting Students—Students who commute either by train or automobile have comfortable and convenient quarters. Lockers protected by combination locks are provided for the safety of students' clothing and personal property. The quarters for women have been completely remodeled and redecorated throughout in green and gold and present a most attractive appearance. A new room has been added to the travelling students' quarters. This room was completed at an expense of \$11,000 and provides showers with marble partitions, lavatories, and full length mirrors. For beauty, comfort, and convenience the quarters for travelling students are not surpassed in the State.

Library—Three very large and attractive rooms are conveniently connected to give fine library service. There are approximately 12,000 books in the library with a circulation of more than 80,000 for the past year. There are over 3,000 books in the Rural Travelling Library Sets which are continually being used by the boys and girls in the Elementary Schools. The library rooms will accommodate 150 students at one time. New book shelves are continually being added for the new books which are added each semester. This is the real center of much school work.

Laboratories—Science Hall has been completely redecorated and remodeled, and the departments rearranged. The first floor accommodates the biological, chemical, and physical laboratories, all of which have been vastly improved. The second floor has been assigned to the Geography and Art Departments.

Each laboratory is well equipped to do advanced work in the specialized fields of science. In the chemical laboratory are gas and electric furnaces as well as other equipment used in thorough courses in General Chemistry and Qualitative Analysis. This

laboratory will accommodate a class of thirty in General Chemistry and one of twenty-five in Qualitative Analysis.

In the Physical Laboratory are apparatus and supplies for first and second year courses in college Physics.

The Biological Laboratory is well furnished with models, charts, microscopes, incubators, pressure sterilizer, and other equipment, making possible the highest grade of work to be done in the various fields of this subject.

The lecture room is provided with a convertible balopticon and screen, making possible the various types of projection.

Stage—The chapel has been completely redecorated and the stage completely equipped. Many new curtains and draperies are available and changeable by the use of pulleys. Spot lights, new foot lights, flood lights and so on have been installed. The size of the stage has been increased. The planning and equipping was done by the Clifford Devereaux Players of New York City.

General—The geography and social science rooms are well equipped with the latest and best maps for teacher training work. All the classrooms have the materials and necessary paraphernalia to make the class work effective. All the classrooms in the main building have been rewired and redecorated, thus making them an attractive place in which to work.

SPECIAL FEATURES

Chapel—The chapel is used twice a week for devotional exercises. At these the whole student body assembles and through this activity becomes more united. After the devotional exercises are concluded, the remainder of the assembly period is given over to some special feature. These features include student organizations presenting various programs, talks by noted people, athletic pep meetings, singing, and special entertainments. The students have charge of these programs both in arrangement and in the conducting of them.

Visual Education—In many of the classes the latest improvements in visual aids are used. The work is carried on by the use of stereopticons using glass slides and film slides; by stereographs; motion pictures; catalogued pictures; and journeys.

Monocal—The senior class publishes a yearbook which is called the *Monocal*. The class selects its own editors and managers. The school has equipped a pressroom for this activity.

Orchestra—The college has maintained an orchestra during the past few years. Students who play orchestral instruments are urged to bring their instruments with them.

Physical Examination—Entering students will be given a complete physical and medical examination at the expense of the college. Teaching demands sound health and students found lacking in physical fitness should not prepare to be teachers.

GENERAL INFORMATION

California Teachers College is growing rapidly. During the past year it has had the largest enrollment in the history of the institution, and an enthusiastic school spirit has pervaded the student body. An experienced, sympathetic faculty working with a congenial student body has created a feeling of friendly helpfulness and good fellowship that is most stimulating and encouraging. The physical condition of the school plant is being constantly improved. Classrooms, corridors, and students' rooms have been redecorated, and tiled bath and shower rooms with modern equipment have been installed. The chapel, dining hall, and library have been completely redecorated. All the buildings have been rewired for efficient and up-to-date lighting. Fire hazards have been reduced to a minimum by the installation of many new fire escapes, new fire bolt doors and an efficient fire alarm system.

HANDBOOK

All rules and regulations pertaining to the students of the college will be found in the Students' Handbook. This will be given to each student upon registration.

GOVERNMENT

This institution assumes that young men and young women of college grade know what constitutes conduct becoming to a student body. Students who fail to maintain a high standard of conduct will not be permitted to remain at California. Men and women select their own councils and, coöperating with their respective Deans, share in the government of the school. An efficient student government, and a pleasant, congenial spirit has resulted.

RELIGIOUS ADVANTAGES

Everything of a sectarian nature is avoided by the authorities of the school, but every endeavor is made to interest students in Christian work and to develop a clean, wholesome, moral atmosphere. Devotional exercises are conducted in the assembly hall and on Sunday evening vesper services are conducted by the Y. M. C. A. and the Y. W. C. A. combined. On Wednesday even-

ings these Associations hold interesting meetings separately. Students are expected to attend the church of their choice on Sunday mornings. Each Association has attractive rooms set aside for its special use.

SOCIAL LIFE

Receptions, parties, teas, dances and other social events are held frequently during the school year and every possible effort is made to bring about a wholesome and home-like atmosphere among students.

STUDENT ACTIVITIES

Y. W. C. A. and Y. M. C. A.	Student Councils
Clio and Philo Literary Societies	Tennis Association
Girls' Athletic Association	Art Club
Girls' Hockey	<i>Monocal</i>
College Players	Eurythmics Club
Glee Clubs	Debating Association
G. P. C.	Press Club
Orchestra	Football Club
Varsity Club	Basketball Club
Track Club	Photography Club
Baseball Club	Geography Club
Monvalea Club	Nature Study Club

A well organized point system for student activities has been in effect for several years. This enables the activities to be regulated in such a way that the regular academic work does not become neglected and yet gives the activities a rightful place in the general scheme of school life. Each student must earn an average of five activity points for each semester in school. All earned points in any student activity are turned over by the organization to a faculty member in charge of all student activities. California recognizes that student activities are important and worth while but that they must not crowd out scholastic work.

LITERARY SOCIETIES

Opportunity to participate in literary work is given through the two literary societies, Clonian and Philomathean. Great rivalry exists between Clio and Philo, and this culminates each year in a big literary contest. Fine programs are rendered weekly by these societies and they assist very materially in promoting sociability as well as affording an opportunity to develop literary ability. The rooms which home these two societies have been redecorated and made very attractive.

ATHLETICS

California offers participation in all branches of athletics. The men and women in school may engage in the sport for which they are best qualified. Football, basketball, baseball, hockey, tennis, track, volley ball, and hiking are some of the most popular sports. Intra-mural athletics give the beginner and the less experienced a chance to develop most rapidly by being a member of a team. The reward of honest effort and acquired skill is the honor of representing the College on the "Varsity". Athletic contests of the past year and scheduled games for the coming year are with other Pennsylvania colleges.

This college offers no scholarships or financial inducements to athletes.

QUALITY POINT SYSTEM

A quality point system is in effect which requires an average grade of not less than C. For each semester hour of credit so marked an A grade will give 3 quality points; a B grade, 2 quality points; a C grade, 1 quality point; a D grade, no quality points; and an E grade, a minus 1 quality point. Courses dropped without the approval of the Dean of Instruction will constitute an E.

To graduate, a student must have a number of quality points not less than the number of semester hours of credit earned.

The system of marking is as follows: A—High Honor; B—Honor; C—Average; D—Below Standard; E—Failure.

Students failing to meet the required quality of work may be dropped during or at the close of the semester.

HIGH STANDARD

The State Teachers College at California maintains a high standard of excellence in social conduct, scholarship, skill in teaching, and in all other matters that distinguish the high grade student. This high standard is possible only by outstanding work and by wholesome participation in the College activities by the students.

RULES AND REGULATIONS GOVERNING ATHLETIC COMPETITION IN PENNSYLVANIA STATE TEACHERS COLLEGES

1. The President of each college shall be responsible for its athletics. He or his authorized representative shall accompany any team which represents the college in any athletic contest.

2. No student who has completed the number of credits required for graduation in his curriculum, or who has been in attendance more than there are years in his curriculum, or who is not maintaining a passing grade in at least thirteen semester hours of work, shall be eligible to compete in any contest.

3. A student to be eligible must have secured a passing grade in at least thirteen semester (credit) hours of work during the quarter preceding each respective sport. It is permissible for the school to have a system involving more frequent reports. In all cases exclusion from teams shall be for a period equal to the period covered by the report, such period to be not less than three weeks in length.

4. No student who has competed under a false name, or who is receiving money or other valuable consideration, either directly or indirectly for competing in athletic contests, is eligible to take part in any contest.

5. No student shall be permitted to compete who did not enter his or her respective school on or before October first in the first semester, or on or before February twentieth in the second semester.

6. No member of a college team shall be permitted to engage in athletic contests other than those participated in by the college of which he or she is a member during the school year.

7. At least four days before every official game, eligibility lists, certified by the Presidents of the competing schools, shall be exchanged.

8. The following is effective immediately: No student transferring from any institution of collegiate rank to a State Teachers College shall be eligible for any intercollegiate competition until after a year in residence.

CORRESPONDENCE AND EXTENSION WORK

No correspondence work shall be given by any of the Pennsylvania State Teachers Colleges after September 1, 1927, and no credit toward graduation shall be given by any Pennsylvania State Teachers College for correspondence work secured after September 1, 1927, in any institution, except that correspondence courses commenced prior to July 1, 1927, shall be credited when completed within the time limits set by the institution giving the same.

All work completed by extension or correspondence previous to September 1, 1928, shall be credited according to the regulations previously in effect. These regulations are:

- a. A maximum of twenty semester hours credit allowed for extension and correspondence work in the two-year course toward graduation from the State Teachers Colleges.
- b. Extension and correspondence courses are offered by regularly appointed full-time teachers of the State Teachers Colleges.

Not more than eighteen semester hours of extension work shall be credited toward the requirements of the third and fourth years in a degree curriculum and this shall be limited entirely to the courses specified below:

- a. This means that extension courses will be accepted from other institutions only when such courses are offered by regularly employed full-time members of a College or University faculty.

American Literature	2 semester hours
History of Education	3 semester hours
American Government	3 semester hours
Teaching and Supervision of Arithmetic in Elementary Schools.....	3 semester hours
Civic Education in Elementary Schools.....	3 semester hours
History and Organization of Education in Pennsylvania	2 semester hours
Educational Psychology	3 semester hours
Supervision and Administration of Ele- mentary Schools	3 semester hours

No person who matriculated on or subsequent to September 1, 1926, shall be allowed to offer more than eighteen semester hours of approved extension work in discharge of the requirement for the degree.

Teachers Colleges may accept courses completed by extension in other institutions of collegiate grade, provided these courses are equivalent to the courses listed above, and subject to the limitations provided above for extension work.

Not more than nine semester hours of extension credit shall be earned or credited within the limits of a school year.

CONSERVATORY OF MUSIC

The Music Department offers special instruction in piano, voice and violin. Dr. Charles Veon is the director of this department and several well-trained teachers are in charge of the work. Be-

gainers and those not far advanced are especially welcome as they possess few or none of the bad habits of performance which are so easily formed by wrong teaching or careless practice and which prove in many cases almost insurmountable obstacles to high cultivation. They, therefore, absorb more rapidly the correct fundamental principles and can, as a rule, make steady and rapid progress uninterrupted by the tedious process of overcoming bad habits.

A diploma from the Conservatory of Music is offered to those passing the Director's examination. Candidates must have the ability to play or sing (from memory) music of the most advanced grade. The general requirements are a thorough knowledge of Harmony, Counterpoint, Melody, Writing, Music Form, Fugue and History.

CALIFORNIA SUMMER SESSION

Courses in both the two-year and four-year curricula will be offered. Many courses are offered particularly for the benefit of graduates in the two-year curricula who wish to work toward degrees. The regular load permitted during the summer session is six semester hours. Seven credits may be carried by special permission.

ROOMS

Rooms are furnished with beds, chairs, tables, dressers, and wardrobes. The beds are supplied with sheets, pillow cases, blankets, and bedspreads. Students should bring their own towels, table napkins, and such personal effects as they may desire. Laundry should not be marked until rooms have been reserved. This will avoid the necessity of changing laundry marks and thus will avoid confusion.

A room may be reserved in advance by sending the registration deposit of \$10.00 with your request. The deposit will not be returned unless application for return is received at least three weeks preceding the opening of the college. A room will not be reserved without a deposit.

ROOM ASSIGNMENTS

Preference for room assignments of entering students is given in the order in which the reservation deposit is received. Students regularly enrolled in the school will have the preference for the fall semester, if their deposits are received prior to the first of April. Thereafter, the entering students, along with enrolled students, are taken in order. Regularly enrolled students have the preference for the summer session until April 1. No room

will be reserved without the regular deposit. The reservation will be held until 3 o'clock on the regular Registration Day. At that time, the reservation will be withdrawn unless students notify the college by wire or phone of their intention to arrive at the college later. The exchanging of rooms must be made through the office of the Dean of Women.

GUESTS

Students and teachers are responsible for the meals and lodging of their guests at the regular rate. All visitors staying in the school buildings over night must be registered with the Dean of Women by the person entertaining them. Meal tickets may be secured in advance at the Business Office, or settlement made with the head waiter.

LIVING OUTSIDE DORMITORIES

Women will not be permitted to room or board outside of the dormitories except in the home of parents, grandparents, brother or sister, uncle or aunt, unless special permission has been granted by the President. Arrangements must be made with the President before the rooms are engaged. No student will be permitted to room in houses not approved by the Housing Committee. Any change of address must be approved by the Dean of Women prior to the change.

TRANSCRIPT OF CREDITS

One copy of credits earned at the State Teachers College at California will be issued free of charge. A charge of \$1.00 is made for a second and each subsequent transcript. Official copies of credits will be sent only to the State Department for use in securing certificates, or to the institution to which credits are to be transferred. Transcripts of credits are not sent to Harrisburg unless a written request has been made by the student for this service. All transcript requests should be sent to the Registrar.

COMMENCEMENT

Commencements are held regularly in August, January and May of each year. In order to conform with the fiscal year which extends from June 1 to May 31, the groups in August constitute the first group of the year's class. Students completing any curriculum are required to be present at Commencement to receive certificates or degrees.

UNIFORM FEES, DEPOSITS, AND REPAYMENTS IN THE STATE TEACHERS COLLEGES

Effective June 1, 1930

A. FEES

I. Enrollment and Service Fee.

- a. Regular term, \$20.00 each semester.
- b. Summer session, \$15.00.
- c. A registration fee of \$5.00 per semester hour for off-campus instruction.

Except for (c) above, this fee covers registration and keeping record of students, library, athletics, lectures, entertainments, student welfare, health service, (other than extra nurse and quarantine), non-instructional personal service (as in gymnasium), laboratory, and the college paper.

II. Damage Fee.

Students shall be responsible for damages, or breakage or loss of college property.

III. Infirmary Fee.

After three days in the college infirmary, the college shall charge an additional \$1.00 for each day.

Day students who may be admitted to the infirmary shall pay board at the rate of \$2.00 a day. This charge includes the regular nurse and regular medical service, but does not include special nurse or special medical service.

IV. Isolation Hospital Fee.

If the college maintains an Isolation Quarantine Hospital for contagious diseases, the college shall charge \$10.00 per week additional, but this charge does not include trained nurse or special medical service.

Day students, who may be admitted to the Quarantine Hospital, shall pay the board rate of \$2.00 a day (see III above), and in addition shall pay \$10.00 a week, but this additional charge does not include trained nurse or special medical service.

V. Housing Fee.

1. Housing rate for students:

The housing rate for students shall be \$144.00 per semester and \$48.00 for the Summer Session. This includes room, meals, and limited laundry.

- a. For rooms with running water an additional charge of \$9.00 per student per semester or \$3.00 for the Summer Session may be made.
- b. No reduction in the rate is to be made for laundry done at home nor for students who go home for a few days at a time.
- c. A student may, at the discretion of the President of the college, occupy a double room alone by paying an additional \$36.00 a semester or \$12.00 for the Summer Session.

2. Housing rate for employees other than those included in the State Classification schedule (faculty, clerks, etc.) shall be \$10.00 per week.

3. The rate for transient meals shall be:

Breakfast, \$.40; Lunch, \$.40; Dinner, \$.50

VI. Tuition Fee.

Students whose residence is out of the state, or who are not seventeen years of age, shall be charged a fee of \$105.00 per semester; \$35.00 per summer session. (It is understood that this fee has been operative since June 1, 1929, for entering students only).

VII. Degree Fee.

A fee of \$5.00 shall be paid by each candidate for a degree.

VIII. Record Transcript Fee.

One dollar (\$1.00) shall be charged for the second and each subsequent transcript of records.

IX. Delinquent Accounts.

No student shall be enrolled, graduated, or receive a transcript of his record until all previous charges have been paid.

I. *Key Deposit.*

A charge of \$1.00 shall be made as a deposit for each key. This deposit will be returned upon return of key.

II. *Advance Room Reservation Deposit (Dormitory Students).*

A deposit of \$10.00 shall be made by prospective dormitory students when they request advance room reservations. This is a guarantee of the intention of the student to enter college for the term or semester designated. It will be held by the college authorities until three weeks before the opening date, when it will be paid into the State Treasury to the credit of the student's housing fee, unless prior to that time the student has notified the college authorities of his inability to enter, in which case it will be repaid to him. If notice is not thus given, the deposit cannot be returned.

A check for this amount must be drawn to Robert M. Steele, President.

III. *Advance Enrollment Deposit (Day Students).*

Day students desiring to reserve advance enrollment shall deposit \$10.00. This is a guarantee of the intention of the student to enter college for the term or semester designated. It will be held by the college authorities until three weeks before the opening date when it will be paid into the State Treasury to the credit of the student's Enrollment and Service Fee, unless prior to that time the student has notified the college authorities of his inability to enter, in which case it will be repaid to him. If notice is not thus given, the deposit cannot be returned.

A check for this amount must be drawn to Robert M. Steele, President.

C. NO OTHER FEES OR DEPOSITS PERMITTED

No fees or deposits, other than as specified above, may be charged by a State Teachers College.

D. REPAYMENTS

I. *Repayment will not be granted:*

1. To students who are temporarily suspended, indefinitely suspended, dismissed, or who voluntarily withdraw from school, except for personal illness, the same being certified to by an attending physician, or for a family

B. DEPOSITS

emergency of which the school authorities are fully informed and which the President of the institution approves as an emergency.

2. For any part of the enrollment and service fee for any cause whatsoever.

II. *A repayment allowed for personal illness or for a family emergency will be made for half of the amount of the semester fees chargeable for the part of the semester which the student does not spend in school.*

III. *The Advance Room Reservation Deposit or the Advance Enrollment Deposit will be returned to students provided they notify the college not less than three weeks before the opening of the semester or term of their intention not to attend.*

EXPENSES

	Sch. Year 36 wks.	Semester 18 wks.	Summer 6 wks.
Board, Room and Laundry:.....	\$288.00	\$144.00	\$48.00
Registration Fee:	40.00	20.00	15.00
Out of State Students.....	210.00	105.00	35.00
Students less than 17 years:.....	210.00	105.00	35.00
Books (estimated)	40.00	20.00	20.00

MATRICULATION CARD

Upon having completed registration each student is given a matriculation card which is the passport to all athletic games, lyceum numbers, and school activities.

STUDENT AID FUND

A fund which has been started by the Senior Class of 1927, has been enlarged by other school organizations, and is now available to aid worthy students. As yet the fund is not large, but it is the hope of the school authorities that it will be increased by more organizations and by the alumni. At present, the Friday Afternoon Club of California is raising money to add to this fund.

A definite organization has been effected whereby students who have been in school and have proven their worth may be aided financially. The fund is held in trust by a Board of Directors made up of Alumni and Faculty members. Students who desire this aid may consult with the President.

BUS AND TAXI SERVICE

Arrangements have been made for taxis at any hour of the day from California to Brownsville, and California to Roscoe. The rate to Brownsville, from 1 to 4 passengers—\$2.00. The rate to Roscoe, from 1 to 4 passengers—\$1.00.

Buses for ten or more can be arranged for points down the river at any time of the day.

THE ALUMNI

California's Alumni—approximately five thousand of them—are the students of previous years. Their love for and devotion to California is the best proof that student life at California is fine and enjoyable. Prospective students are urged to ask any graduate of California about conditions at this college. It is the excellence of the work of California's Alumni that gives reputation to the institution.

The Alumni are organized. Many of the members of the different classes return for the bi-annual meetings which are held during Commencement week of the even years. The President of the Alumni Association is Charles Wilkins, California, Pa. The Secretary is Evelyn Keller, California, Pa.

SUMMARY OF ENROLLMENT

Graduates from June 1, 1929—May 31, 1930:

1. Kindergarten-Primary Curriculum	108
2. Intermediate Curriculum	222
3. Three Year Junior High School.....	34
4. B. S. Degree.....	23
Total	387

Total number of different students for the 1st and 2nd semesters 1929-30.....	1045
Number of students 1929 Summer Session.....	799
Pupils in the Training School.....	1296
