Foreword

Once again we are proud to present the California State Teachers College Monocal. The staff has worked hard and diligently to give our college a word and picture record of the 1956-1957 year. We have endeavored to make this annual an accurate representation of every phase of college life. We hope that those who read this book will regard it as a reminder of friends and of enjoyable and enriching experiences encountered during college years—those years of widening knowledge and increasing growth.

North Hall

North Hall, built in 1874, was completely remodeled in 1951 and serves as a Women's Dormitory. The first floor is occupied by the Colonial Room—a gracious living room, an apartment for the assistant Dean of Women, and the infirmary. The second and third floors have spacious living accommodations for 96 women students and an apartment for the Dean of Women. The ground floor houses the rooms for the commuting women.

Dixon Hall

Dixon Hall, built in 1907, serves as a dormitory for men, primarily freshmen. The beautiful Georgian Dining Room is situated on the first floor. The ground floor provides facilities for the commuting men. It also provides an apartment for the Assistant Dean of Men.

Main Hall

Main Hall, the oldest building on the campus, was first used in 1870. The various administrative offices including the business, general, president's and dean of men and women's offices are contained in this building. The library, assembly hall, and a number of classrooms are also located in this building. Adjacent to Main Hall is South Hall which was built in 1876. It has been completely remodeled and houses the Visual Aids Department and dormitory rooms for women. The president's residence occupies the front portion of this building.

Science Annex

Science Annex, a temporary structure located on the north side of the campus, has been constructed recently to accommodate classes in biological science, mathematics, history, and speech. The speech correction clinics are located in this building.

Science Hall

Science Hall, which stands near the center of the northern boundary of the campus, was built in 1892 and remodeled in 1938. The laboratories, equipped to accommodate 30 students at a time, are modern in every respect. The chemistry, physics, and biology laboratories with lecture rooms adjacent are located in Science Hall. Approval has been given to erect a new classroom building for the sciences. An allocation of \$8,665,000 has been made for this purpose.

The Library

The library, housed in Main Hall, contains more than 30,000 volumes. Approximately 1,000 volumes are added each year. The library subscribes for over 200 current magazines and newspapers and has catalogued nearly 2,000 bound volumes of periodicals. Spacious, well lighted reading rooms accommodate 150 students. The periodical reference room provides limited study space for students upon request.

Vulcan Hall

Vulcan Hall, immediately behind the main building, was built in 1892 as a gymnasium. The upper floor of Vulcan Hall now houses the Student Lounge. The decorations and equipment of modern design were planned and executed largely by the Industrial Arts Department. The room is unique for its use of bright color in the furnishings and decorations. A large mural depicting student life on the campus was designed and painted by a former student. The student-owned Snack Bar has been relocated and occupies a part of the ground floor. The College Book Store, also a Student Co-operative enterprise, occupies another portion of the ground floor.

Herron Hall

Herron Hall was built in 1930 and completed in 1939. The various facilities include a play room, classrooms, and locker rooms. On the second floor are two gymnasiums for men and women. The main gymnasium is also used for basketball competition and dances. Herron Hall also contains one of the best swimming pools in Western Pennsylvania.

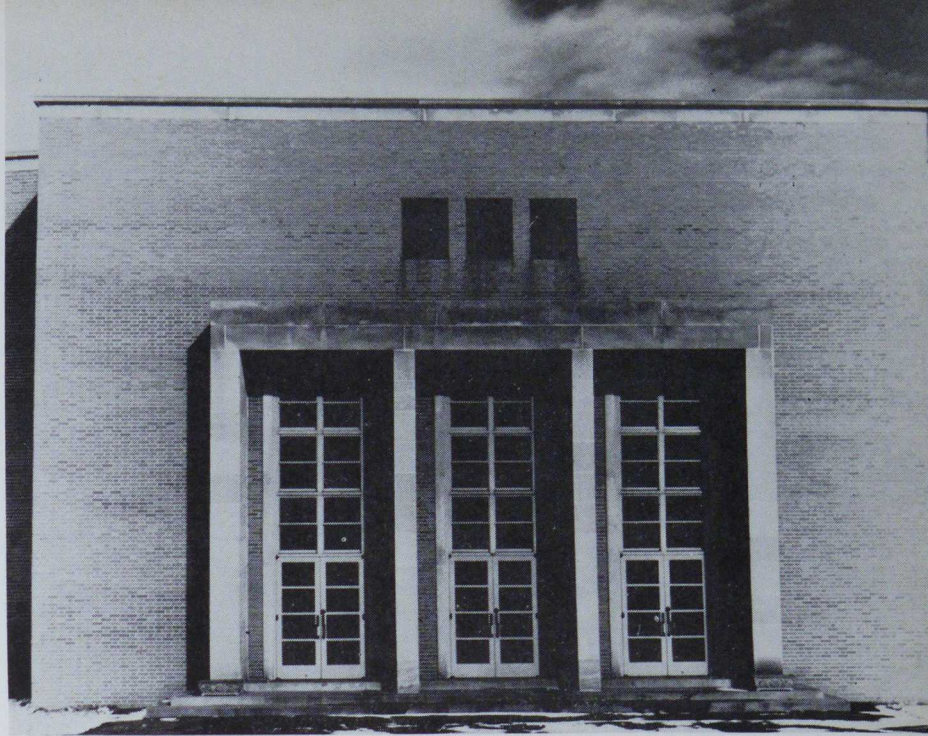

Johnson Hall

Johnson Hall is located near the athletic field and the gymnasium. It includes an apartment for the Dean of Men, beautiful lounges, recreation and service rooms. It serves as a dormitory for men, primarily upperclassmen. The building is modern in every respect; the furnishings throughout are entirely new. It was first occupied in September of 1952.

Steele Auditorium

The Robert McCurdy Steele Auditorium, a building named in honor of a former president, is located along the eastern edge of the campus and has auditorium facilities for 900 persons. The building was dedicated in October of 1953. Various assembly programs and glee club concerts are held in the auditorium.

The Theodore B. Noss Laboratory School, built in 1930, is a center for elementary student teaching, including observation and demonstration work. The office of the Director of Student Teaching is located in this building along with various offices for the members of the faculty. The psychology laboratories are located in the Noss School. The laboratory school also includes provisions for special education classes.

Our President

Dr. Michael Duda

President's Message

I am extremely happy to have accepted the cordial invitation of the Board of Trustees of the California State Teachers College to serve as your president. The Department of Public Instruction and the Governor of the Commonwealth have charged me specifically with a sacred trust.

I am keenly sensible of the quality of that trust, and distinctly understand that the highest confidence is implied when a great Commonwealth places upon the president the mantle of responsibility for the intellectual, physical, social and cultural development of hundreds of its young men and women.

I have been encouraged by the promise that this trust is shared generously with an intellectually eminent faculty, who are completely devoted to the enhancement of education, and by an alert student body who are earnest in purpose and above all highly appreciative of the privileged opportunities accorded them by the citizens of the Commonwealth.

Confident that the trustees, faculty, students, alumni, and the citizens of the Commonwealth will support every sound purpose and program of this institution, I am proud to serve you with a spirit of generous consideration, and dedication to the cause of teacher education. I am certain that we will fulfill our missions as good teachers and bring credit to the profession, and honor and dignity to the California State Teachers College.

The MONOCAL is the yearbook of the College. It is published annually by the students. Membership entails the use of originality and a coordination capacity for visualizing, directing, managing, writing, and editing. The coordination of the many steps in publishing the annual makes the production an enterprise which is a challenge to every member of the staff. Throughout the school year, the members have relinquished much of their free time in order to devote their energies toward a better yearbook.

Tower Times

TOWER TIMES, the weekly newspaper of the College is published for the purpose of reporting all campus activities and news events. Supported by students' activity fees, it serves as an organ for the expression of student opinion.

Experience in writing and editing a school paper in preparation for sponsoring public school newspapers is offered. Weekly publication is made under the management of the Council of School Newspaper Advisors, the undergraduates' training school for newspaper sponsorship. With the aid of its sponsors, Miss Dorothy Harpster and Mr. C. M. Hughey, the TOWER TIMES has provided enlightenment and enjoyment for the students and faculty.

Back Row: Thomas Stewart, John Snyder, Robert Whiten, Joseph Wise, James Douglos, Gene Bellinotti, Dorothy Valla, Mr. Anthony Stavaski.

Industrial Arts Leader

The Industrial Arts Leader is a newspaper published twice a year by the students of the industrial arts department. Staff members perform all the functions of newspaper work in the composition of the material and also the actual "press work", under the competent supervision of Mr. Anthony Stavaski and Dr. S. L. Coover. The publication is circulated to students, faculty, alumni, and heads in the field of industrial education, in an attempt to keep them informed concerning the activities of the department and latest developments in industrial education.

Vulcan

Known as the "Freshman Bible," the Vulcan is the handbook of the college, and is published once a year for distribution at registration time in September to all matriculating students. This book provides, for both faculty and students, practical information concerning customs and regulations of the college, campus activities and organizations, and student government. It offers a concrete source of information concerning life on the California campus. The faculty sponsor is Mr. George Harding.

VULCAN

Back Row: Lewis Jacobstein, Robert Noble, Thomas Turachak, Gerald Leighty, John Celani, Robert Perry, Dale Osborne, Clyde Hartman.

Student Congress

Student Congress is the legislative branch of the Student Activities Association. To encourage and regulate school activities, to stimulate a spirit of unity within the student body, and to vitalize the principles of democratic government are the objectives of this group. The principal function of Congress is to allocate funds from the Student Activities Fund to the various recognized organizations of campus. The Student Congress is composed of representatives from each class, representatives from each recognized extra-curricular organization on the campus, and the president of the Student Activities Association. The sponsors are Clyde Hartman and Frank Lenox.

Student Cabinet

Student Cabinet was affected to act as a clearing board for Congress, because much of the work of Student Congress is of detailed nature. Twelve members of Congress who have served one year are elected to Cabinet. It has no real powers of its own, but submits its recommendations concerning policy and actions to Student Congress for final authorization. Guided by the philosophy of student participation, the group works with the administration and enjoys complete freedom in requesting information and making suggestions on matters that are beneficial to the college in general. The sponsor is Frank Lenox.

STUDENT CABINET

Social Activities

The Committee for Social Activities is a volunteer organization of students who instigate and sponsor student social activities not directly sponsored by other organizations. Week-end dances were held in the Vulcan Lounge and were a great addition to the social side of our college life.

This Committee has remedied the previously dull weekends at California State Teachers College. The entire student body should extend a hearty vote of thanks to this organization, to these hard working students who have immensely brightened the social life of our campus. The sponsors are Frank Lenox, Lela Hamilton, and Hubert Snyder.

Student Activities

The purpose of the Student Activities Association is to regulate student activities and maintain democratic student government. All regularly enrolled students who carry ten credits are members of the Student Activities Association. Its officers are elected by all students on campus. It is the president's duty to arrange for collection of tickets at all college functions. He may call assemblies at his discretion should a problem of general concern to the student body arise. The sponsor is Frank Lenox.

Members of I.C.G. are selected from students who have manifested and sustained an interest in social, economic, and political problems. C.S.T.C. is a charter member of I.C.G., founded in 1934 by Genevieve Blatts. The local group meets every week to prepare material for

a conference which is held at Harrisburg in April. The conference is organized on a unicameral basis. At the conference this year a model state legislature will be held. The sponsors are George Hart and George Roadman.

Student Fellowship

The Student Fellowship which is open to all students on campus helps promote friendliness and fellowship through programs of cultural, recreational, religious, and social nature. It is affiliated with the four religious clubs on campus. Among the annual events that occur are the Campfire, Student Variety Show, Sports Night, Halloween Dance and Christmas Caroling. The sponsors are Hubert Snyder and John Lewis.

Left to right: John Celani, Representative to Congress; Miriam Lewis, Secretary; Nancy Lomagno, Anna Jean Soliani, President; John Lewis.

General Safety Committee

The membership of the Committee on General Safety is appointed by the president and consists of several administrative officers, faculty members, employees, and students. The purpose of the committee is to recommend and enforce improvements relating to fire prevention, drills, and equipment; civil defense regulations; traffic safety, pedestrian safety; health; and building construction.

Seated, left to right: Michael Rocca, Toni Blozik, Kenneth Maurer. **Standing:** Richard Medve, Jerry Leighty.

Landscape Committee

The Landscape Committee is an organization for the improvement of the appearance of California's Campus. This committee has no actual authority in this respect; however, it gives the students responsibility in that they provide and discuss with the president suggestions for beautifying the campus. A large map has been made of the campus on which the improvements are recorded. The members are appointed by the president.

Women's Traveling Council

The Women's Traveling Council is composed of a President, Vice President, Secretary-Treasurer, and a representative from each class. This Council supervises the activities of the women commuting students and acts on numerous situations which arise during the school year.

The purpose and aim of this council is to better conditions in the Traveling Room, to promote a friendly atmosphere, and to encourage better relationship with the dormitory students.

Front Row, left to right: Nancy Sethman, Edith Kilroy, President; Charlotte Miller. **Back Row:** Donna Shultz, Helen Grados.

Women's Dormitory Council

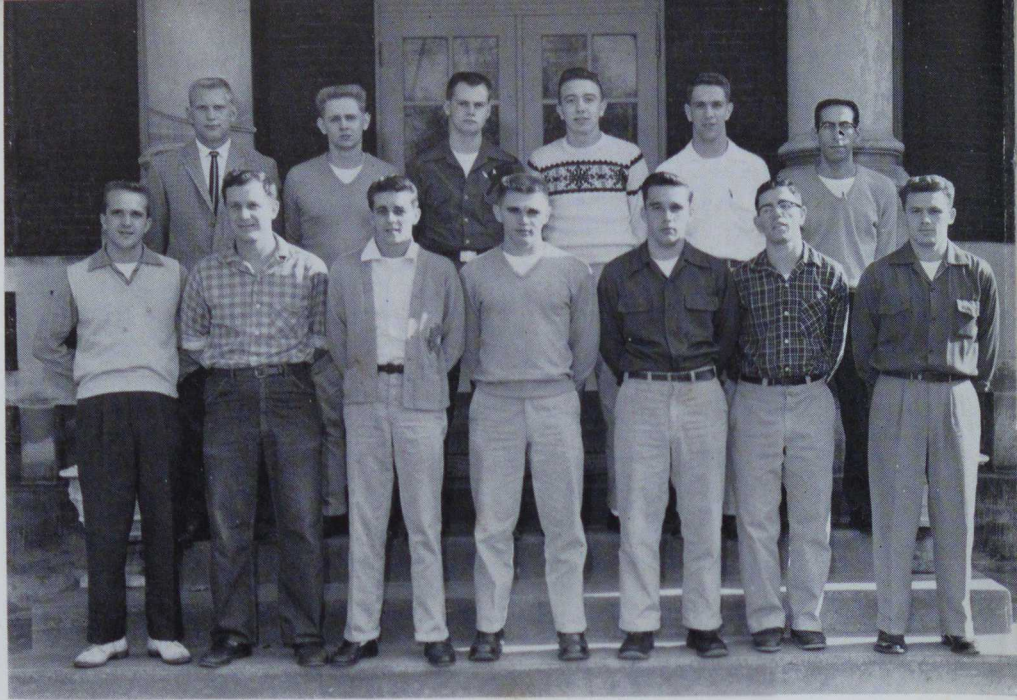

The Women's Dormitory Council is an organization which promotes the welfare of the dormitory women. Officers and representatives are elected by the women to comprise this governing body which meets weekly. The purpose of the organization is to create a spirit of friendly cooperation and fellowship. The Council concerns itself not only with rules and regulations, but also with plans for informal parties such as the Big and Little Sister Tea and Christmas Spiriting.

Alpha Phi Omega

Alpha Phi Omega is the Boy Scout Fraternity whose purpose is to assemble college men in the fellowship of the Boy Scout oath and law and to develop friendship and promote service to humanity. This organization is open to all former or present boy scouts with a desire to help others. The "Ugly Man Contest", which is a drive to provide funds for the Easter Seal Cam-

paign, is another step in fulfilling the members goal of pursuing worthy projects. Providing guides for various campus tours and ushers for many of the performances given by different organizations on campus are some of the ways in which they benefit the college. The sponsors are Richard W. Shackelford and John F. Lewis.

Gamma Pi Chi

Gamma Pi Chi was organized at California in 1925 for the purpose of developing social leaders. Members are chosen on the basis of scholarship, loyalty, and cooperation and no girl is eligible for membership unless she has at least a "C" average in classwork. Various events of the year included a tea for the new members, Christmas and Easter "good will" acts, and a cookie and candy sale. The year is always climaxed by a banquet for the seniors. The sponsor is Henrietta Carroll.

Epsilon Pi Tau

Epsilon Pi Tau is an international fraternity for persons in Industrial Arts and Vocational Education. The members of the fraternity have as their purposes: to recognize the place of skill; to promote social and professional efficiency; to foster and reward research; and to publish and use its result. Members of the local Psi Chapter must have a "B" average in Industrial Arts and a "C" average or above outside their major field. The co-trustees are Merrill G. Campbell and Ralph F. Charney.

Phi Sigma Pi

Phi Sigma Pi is a national honorary scholastic fraternity for men in the teacher education institutes. The purpose of the organization is to promote high ideals and interests in the work of education. Students must attain high scholarship and worthy interest and ideals in order to qualify for membership. The meetings are frequently highlighted by distinguished lecturers who discuss responsibilities and opportunities in the educational field. The sponsor is Harold E. Kemper.

Kappa Delta Pi

Kappa Delta Pi, the honorary educational fraternity, was organized at California in 1941. The purpose of this fraternity is to encourage high profession, intellectual, and personal standards for preparation of teaching. Members are selected on the basis of high scholarship, professional attitude, and personal attitudes toward life and teaching. Last year a representative from C.S.T.C. was sent to the national fraternity conference held at Oklahoma A & M University. The new sponsor is Cora Coover.

Sigma Alpha Eta

The national fraternity of Sigma Alpha Eta is an honorary organization for students enrolled in the curriculum of speech correction. One speech correction course, in addition to sufficient interest, qualifies one to become an associate member. From this status, he may advance to key membership, which requires that the students must have completed a specific number of credits and have a required scholastic achievement. The sponsor is J. Herschel Bowlen.

Monvalea

Monvalea, the college bridge club, meets in the Colonial Room each Friday. Monvalea encourages interest in the game by providing instructions to beginners and stimulates the spirit of friendliness and unity among the women who are brought together at these meetings. The social contacts and relationships which this club affords are very satisfying. Cumulative scores are kept and prizes are given at each semester party. With the exception of payment of dues, Monvalea has no requirement for membership.

MONVALEA

Science Clubs

Math Club

The Math Club was organized to further student interest in mathematics and to gain a general understanding of the construction and use of mathematical instruments. Puzzles and unusual problems which are not encountered in the regular class sessions are solved by this group. Meetings concern any subject which is pertaining to the field of mathematics education including literature, practical applications and the teaching of mathematics. Opportunity is provided for field mathematics. The sponsor is Frederick Atkins.

MATH CLUB

Third Row: Clyde Hartman, Thomas Balsone, John Stout, Paul Boston, Donald Province. Back Row: Thomas Patterson, Treasurer; Walter Widmer, Andrew Suchko, Joseph Zunic.

Chemistry Club

The Chemistry club has done much to further the interests of science on our campus. The objectives of the members are to increase knowledge and appreciation for science in general and chemistry in particular and to prepare for teaching by building a resource of experiments and other visual aids. The meetings provide an opportunity for the members to discuss informally current science developments. Films selected for their informational content or teaching potentiality are presented. The annual program includes a field trip and an evening for a social-professional meeting. The sponsor is Clyde Hartman.

Science Clubs

Astronomy Club

The Astronomy Club was organized in September of 1955 to promote interest in the field of astronomy. The club is open to any interested student or faculty member. Several field trips are planned each year which include visits to the College Farm to observe the skies, to J. W. Facker & Co. in Pittsburgh where telescopes and other optical instruments are made, and to the Allegheny Observatory in Pittsburgh. One of the activities was constructing a dome for a model planetarium. The sponsor is J. Calvin Fleming.

ASTRONOMY CLUB

Biology Club

The Audio-Visual Service Club is a new organization on campus. The purpose of this club is to bring together those students who are mutually interested in serving the needs of their college through a sound audio-visual service program. The organization provides numerous services that are of highly beneficial nature to both the student body and the faculty. These services include such functions as an educational film program, campus activities films, entertainment films, projection of musical programs, and other numerous functions. The sponsor is Jack F. Hoyes.

Audio-Visual Club

The Biology Club was organized during the first semester of the 1956-1957 term to stimulate interest in the original investigations concerning the problems of biology. Membership is voluntary. Two general seminars are planned each year at which selected research topics are discussed by the investigators. It is hoped that membership in this organization will offer the opportunity to work on problems of individual interest and to increase the ability of those so engaged to devise and carry out original investigations, to analyze experimental results accurately, and to report the findings concisely and without bias. The sponsor is A. H. Anderson.

Art Club

The Art Club is a relatively new organization on campus. The purpose of the club is to give interested and talented students in art an opportunity to work with different art media. Anyone can join this organization if he has an aesthetic interest. One of the major events of the year was the planning of the Spring Exhibition. Angus Double is the sponsor.

Photography Club

The aim of the Photography Club is to cultivate an interest in and a practical understanding of the art and science of photography. The members of the club study the construction and use of the simple camera and various phases of the practice and processes of photography. One of the activities of this club is to take pictures at such college functions as class dances and other activities throughout the school year. The sponsor is Jack F. Hoyes.

The Veterans' Club is an organization which has been formed for those persons who have been honorably discharged from the Armed Forces on or after September 16, 1940. The aims of the club are to aid the re-adjustment of the veteran and to help him become an active member of the student body. This organization provides excellent opportunity for these ex-service men to discuss and clarify the problems and situations concerning veterans' laws and benefits made available to them. A Service Officer is elected to contact the men and aid in this respect. One of the activities of the club is to sponsor the annual Armistice Day program during the assembly period. At the close of the school year, its activities are culminated with a banquet. Dr. O. Ray Bontrager is the sponsor of the Veterans' Club.

Rifle Club

Any male student of C.S.T.C. who is interested in small bore target shooting and in gaining experience in organizing clubs in schools where they may be teaching can belong to the Rifle Club. This organization has sixty members who meet the first Monday of every month.

Each member must fire at least once a week to practice for the rifle matches which are arranged each semester. A very impressive float titled "Annie Get Your Gun" was submitted by this organization in the Homecoming Parade. The sponsors are Richard W. Shackelford and Harry L. Monroe.

Back Row: Thomas Turachak, representative to Congress; Phyllis Bodnar, treasurer; Louise Davis, Shirley Walther, president; Marlene McKay, secretary; Robert Mulvin, vice president.

College Players

The College Players is one of the most active organizations on campus. The members are responsible for the dramatic activities of the college and produce two major plays each year. The two major productions of 1956-57 were "Bell, Book, and Candle" under the student supervision of Karl Wendelin and "Our Town" with Jacqueline Staney as student director. This organization gives interested students experience in stagecraft, stage lighting, make-up and acting. The merit awards are the Distinguished Service Recognition and College Players Hall of Fame. The sponsor is Louise Davis.

Alpha Psi Omega

Alpha Psi Omega is a member of the Beta Omicron Chapter, the national honorary dramatic fraternity. Its exacting qualifications necessarily limit the membership. It is through this organization that the college students who are talented and extremely interested in dramatics gain added advantages and wider interests in this field. The first step in becoming a member is to gain membership in College Players, which is open to all students. This honor society is sponsored by Marian Weaver.

Discussion Club

The Discussion Club was organized to promote greater awareness of a better understanding of the significant problems which confront the American citizen today. The ultimate aim of this organization is to promote greater interest in and better understanding of these problems. It satisfies the demands for better understanding of uncertainties which confront our youth who will be the leaders of tomorrow. The sponsors are George Hart and Malverne Wolfe.

Debate Club

The Debate Club provides experiences in public speaking, improves facility of expression, and cultivates power of clear thinking. Through its contacts with other universities and colleges of the state, the debaters have had excellent opportunities to further relations with fellow students. The club attended several debate and forensics tournaments this year among which was the Debate Association of Pennsylvania Colleges held at King's College in Wilkes-Barre this April. The sponsor is George Roadman.

Radio Club

The Vulcan Amateur Radio Club was organized to promote interest and study in a subject which pertains to our world of today. This organization attempts to develop skills in the technical operations of broadcasting. The members meet regularly to discuss pertinent topics and to perform laboratory experiments. This activity broadens individual growth and affords opportunity for experimentation in operational practices. The sponsors are Merrill Campbell and Alexander Smoyer.

Poetry Club

The Poetry Club, organized in 1955, is composed of members who have an interest in creative writing. These members all compose original works and some of them have had their work published. Connie Maxon, the president, sold a volume manuscript of poetry to the Vantage Publishers. Their social calendar included a September Opener and a Welcoming Party for the new members. It is the desire of the members in this organization to utilize their talents in the direction of salable writing. The sponsor is Lawrence Maddock.

Band

California's band made its appearance at various campus functions throughout the year. The band is not so large nor so much in the public eye; nevertheless, this diligent group of some 20 members is an important asset to our school. Showing the same enthusiasm that vitalized other campus activities, this organization worked tirelessly to give our students the necessary musical incentive at pep rallies and football games. William Dovenspike is the director.

Majorettes

The majorettes lead the band at the football games and put on excellent performances for the spectators at half time. They always look neat and trim in their red and white uniforms. The work that they must do in order to entertain the people is more complex than it appears to be. It means long hours of practice to perfect their timing and learning new steps for the various shows. Cynthia Sinosky, our pert majorette, led the group this year. The director was Shirley Staley.

Glee Clubs

The Glee Clubs provide students with an opportunity to gain musical experience through study and performance. Their purpose is to practice in the art of choral singing and song interpretation. In order to qualify for membership, students must be able to read music of moderate difficulty and possess average singing ability. These groups present the annual Spring and Fall Festivals each year. As a special feature this year, plans were made to go to several high schools in the local area to present programs and also to help create better public relations for the college. William Dovenspike is the director of the Mixed Chorus and Women's Glee Club. Edwin Halstead directs the Men's Glee Club.

Directors: William Dovenspike, and Edwin E. Halstead.

The Musical Comedy Players is one of the newest additions to the extracurricular activities of C.S.T.C. It was organized at the beginning of the 1955-56 school year, and was very successful during its first year on campus. The aim of this organization is to provide practical experience for those students having both dramatic and music ability. These ambitious people have much in store for college entertainment. They are planning big things for the coming years. The sponsor is William Dovenspike.

Organized since October 1955, the Varsity Five has progressed from an amateur college group to professional entertainers. The main purpose is to provide a small active group which is ready at all times to provide entertainment for school functions and outside civic and social organizations. Their performances included singing for the Freshman Assembly, Dad's Day, Fall Festival, Charleroi P.T.A., and Westview Park Ballroom on New Year's Eve, along with several other club engagements in and around the Pittsburgh area.

Scramble For the Ball

When the Vulcan's donned their gridiron togs for the 1956 season, the coaches and players had high hopes of a successful year. Several players were lost via graduation, ineligibility, and withdrawal, but there were replacements available. Then the unthought of stepped in, a plague of injuries. Player after player was getting seriously hurt. Morale became low and the team of eleven couldn't jell as one unit.

They suffered their first loss to a strong Denison ball club by an 18 to 6 score. Indiana then edged out a 6 to 0 victory over the low-feeling Vulcans. The Fire Gods received their third defeat at the hands of Lock Haven by a 14 to 0 ledger. Shippensburg was then visited by our gridiron representatives; still no luck. Shippensburg 34, California 12. In the next ball game hopes ran a little higher as the Red and White fought a hard battle with West Chester's Rams. The

Novak Picks Up Yardage

closing minutes proved disastrous. West Chester 26, CSTC 7. Clarion then threw a stumbling block in the way of California's up-hill climb; a 21 to 0 defeat. The Vulcans, on annual Dad's Day, were inspired by their fathers in a 31 to 6 trouncing of a highly favored Bloomsburg eleven. Capability was proven again as the Red and White handed a loss to the West Virginia STC champs. California 20, West Liberty 13. In the final game of the season a fighting Edinboro ball club rallied to overcome the Vulcans to gain a 19 to 6 victory.

Recipients of laurels for the year were George

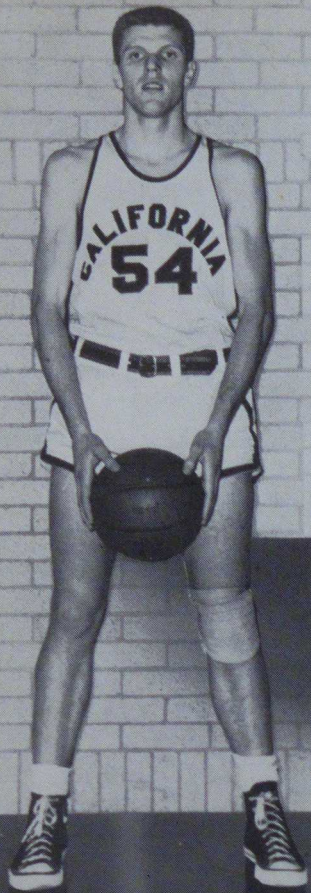

Scott and John Masneri, who were elected honorary co-captains at the close of the season. Ron Novak received the most recognition as the outstanding back on the squad, which was all due to his never ending hard fighting and clean play. George Scott, who was selected as the best lineman on the CSTS team, received the honor of being the only player from this college to be named to the All-State Teachers Conference All-Star Team.

We hope that Lady Luck won't play havoc with the Vulcans next season so they can improve on their record of 2 wins and 7 losses.

Hotz Tries For Another
Two-Pointer

Despite a poor won-lost record, the California Vulcans, coached by Gene Hester, provided many thrills for their followers. Due mainly to inexperience and lack of depth, the Hestermen managed only three victories for the season. However, there is more behind these bare facts than meets the eye. In the home opener against Indiana, the Vulcans put up a terrific battle before bowing on a last-second shot, 84-82. In coping their first win, California soared over the century mark by defeating Edinboro handily, 110-73. This game was also notable in that Sibby LoNigro, senior captain from Ellsworth, came within one point of tying Jim Kennedy's record for most points scored in a game.

Farrell to Hotz

Shaw Scores Two

Sibby's record-breaking 19 field goals, combined with three free throws totaled up to 41 points. A few weeks later in a game against Slippery Rock, another record fell by the wayside. It was in this game that Roger Hotz, upon making 17 of 21 foul shots, broke the record for most free throws in a game, also held by Kennedy. Hotz and LoNigro were the big guns in the scoring department. Another notable feature of the '56-'57 season was the fine playmaking of Denny Kuremsky, sophomore, who suffered a leg injury in one of the final games of the year. Ken Rager, freshman from Johnstown, edged into the limelight during the final phase of the season and became one of the Vulcan's most reliable scorers. Kenny was one of the big surprises of the year, showing great driving ability and a fine jump shot. All in all, the season cannot be judged as only a losing one; for with the experience gained by the five returning lettermen—Hotz, Rager, Kuremsky, Bob Bortner, and Jim Farrell—next year's outlook should be a brighter one.

Coached by Gene Hester and led by upperclassmen Bob Walters, Ed Kallok, and Ed Szymczyk, California's netters enjoyed a very successful 1956 season. By virtue of winning 2 out of 3 section matches, the Vulcans surged ahead of their competition and claimed the State Teachers Conference Tennis Toga for 1956. Two members of the team, Joan Kray, senior from Monessen, and Denny Kuremsky, freshman from McKeesport, turned in superb efforts for the netters. Joan won five out of seven matches edging out some strong male competition and Denny clicked with seven consecutive victories, leaving his record unblemished for the season. Coach Hester's starting six was rounded out by dependable Mike Rocco. In losing only Miss Kray and Bob Walters from the team due to graduation, the prospects for the coming season can be considered excellent.

The Varsity Club

The Varsity Club is an organization of men and women who have earned a varsity letter in football, basketball, baseball, or tennis. It aims to stimulate interest and to promote a high standard in intercollegiate athletics. A Sports Night is sponsored each year by this organization as well as concession stands at all basketball games. This year the club has undertaken a project to raise \$500 for the Dick Kadis Fund. The sponsor is Andrew Sepsi.

The Athletic Council

The Athletic Council is an advisory board coordinating the athletic activities of the student body. The Council consists of three faculty members and six students chosen by Student Congress from their number. The faculty sponsors are Clyde Hartman, Eugene Hester, and William Hormell. The president of the council is Dr. Harold Traister.

Kind Lady

The "Kind Lady", adapted from Edward Chadorov from a story by Hugh Walpole, tells of an old lady whose kindness to a criminal nearly ends in her destruction. Mary Harries, a rich old woman opened her home to what she believed to be a poor man, Henry Abbot. Abbot and his fleet of accomplices cause Miss Harries to have a severe heart attack after which they overrun her home, sell her valuable art collections, pose as her relations and try to convince people she is insane. Many of Miss Harries' attempts to convince infrequent visitors were thwarted. However, justice triumphs when the little man from the bank believes her story and summons the police.

Bell, Book, and Candle

John Van Druten's "Bell, Book, and Candle" is a sophisticated comedy concerning the love of Gilliam Holroyd, a modern Manhattan witch. How she and her Aunt Queenie catch Shepherd Henderson, the most eligible bachelor, proves both delightful and amusing. The entire play is spiced with the frequent appearances of Micky Holroyd, who is also a witch, and Mr. Redlitch, a famous witch hunter who sees bats only under the influence of scotch.

Hallowe'en
Dance
Nov. 1, 1956

The Student Fellowship held its annual Hallowe'en Dance on November 1. Music was furnished by Angie Bates and his 14-piece orchestra. Prizes were given for the most original costume, the prettiest, the best group, the best couple, the funniest, and the most weird. Dr. Duda awarded a grand prize for the best one among the winners.

Homecoming Dance

Homecoming Queen

Nancy Sethman, and her escort,
Robert Brazzon.

The first big highlight of the activities was the annual Homecoming Dance co-sponsored by the Alumni Association and the Sophomore Class. Sammy Bill's orchestra along with the Anastasia orchestra provided music for this semi-formal dance which was carried out in a pink and white "Carousel" theme.

The main attraction on the agenda that evening was the presentation of our lovely Homecoming Queen, Miss Nancy Sethman and the lovely ladies of her court—Misses Janice Ballinger, Carolyn Ghrist, Martha Kridle, and Patricia Lubits.

Thanks . . .

It is not a customary policy of the MONOCAL staff to confer any special honors upon particular individuals, but in this edition the staff unanimously agreed that we must give special mention to our photographer, AL TROTH. Not only did he take most of the organization and college life photos, but he is wholly responsible for the composite pictures, the campus photos, and the division pages. Unless a person is familiar with photography, he cannot begin to realize the effort which must be exerted in order to produce good results. We appreciate the work which Al has done for this book and we most heartily commend the efficiency with which he met all stated deadlines. This to us was vital. Because this book would have been impossible without his excellent contributions, we wish to thank him for a job more than well done.

ALFRED TROTH

We would also like to honor a new addition to our staff, Ned De Forrest. Ned is entirely responsible for the 1957 cover design of the Monocal. The staff was very pleased with his design and we hope that the students and faculty members will share our pleasure. The special honors would not be complete unless we give recognition to Dennis Kuremsky and George Kupets for providing last minute assistance in the athletic write-ups. Finally, we would like to thank the students and faculty members who have made this '57 publication possible.

NED DE FORREST
