WINTER DREAMS, SPRING BREAK VISIONS
Logic compels us to ask how one can have a real spring break if one has had no winter properly speaking, but what do we know? As a way of reminding you that Spring Break does in any event begin with the end of classes next Friday and ends with the beginning of classes on Monday, March 16—and that therefore the Times will not return until Friday, March 20—we present this panoramic picture of a real winter scene, just to show we did have something resembling that season this year. #### THE APATHY OR THE BEATINGS?

Ask any professor or university administrator, off the record of course, about student participation in campus activities, and he will tell you apathy reigns; therefore attendance is low.

Why don't students attend the Reeds Arts Center recitals or the talent shows?

Why don't students vote for Student Government candidates or whether to build a new union?

I am not the first editor to write about apathy on campus. All my predecessors have taken this same space to belittle those lackadaisical students. I will not attempt to motivate these members of academia because it never

It is a fact of college life.

Some people will join organizations like a fraternity or a sorority or SEAL or Student Government (and other groups I don't have the room to list) in an effort to resolve problems they see on or around campus. Some people just want to go to their classes and watch their TV's and not be bothered with the issues.

That is fine. To each his own.

However, if a student witnesses a crime, say, some guy getting the bejesus beaten out of him, he should report it.

Such is not the time to be apathetic. Without witnesses, police have a harder time finding the suspects. And the beatings will continue.

It's one thing not to care who the president of Student Government is. It's another thing not to give a damn about another human being.

The beatings will continue. You or I, with eyes blackened and lips puffy and bleeding, could be the next one standing at the desk of the borough building giving our side of the story.

Turn off the television. Think of someone other than yourself.

Trot down to the California Borough building and tell your side of the

# California Presents Jazz Experience X

California University's Jazz Experience X begins tomorrow and continues through next Friday, featuring lectures, clinics and performances by national, regional and local talent.

Jazz Experience kicks off at 3 p.m. with an open rehearsal of the Roger Humphries Trio with Frank Morgan in the Gold Rush.

The rehearsal is followed the debut of the Pittsburgh Jazz Society Big Band, co-directed by Randy Purcell and Dr. John Wilson at 5:30 p.m. in the Gold Rush.

Purcell, a Pittsburgh native who resides in West Mifflin, is an artist-lecturer in jazz studies and has performed with The Glen Miller Orchestra and Fred Waring and the Pennsylvanians, and has served as lead trombonist in the legendary Maynard Ferguson Band.

Purcell, whose playing the Pittsburgh Post-Gazette said "Sounds like a velvet-fire," is a regular on the Pittsburgh jazz scene.

At 6 p.m. in the Gold Rush, the Roger Humphries Trio will again take the stage to entertain guests at a banquet held for the presentation of the fourth annual Excellence in Jazz Promotion Award to William E. Strickland Jr.

Strickland, executive director of the Bidwell Training Center Inc of Pittsburgh, will be honored for his commitment to the American art form of jazz.

Strickland also serves as executive director of the Manchester Craftsmen's Guild, an arts education program for inner city public school students which provides technical training in photography and ceramic arts and assists students in preparing for college.

Tony Mowod, host of Niteside on WDUQ-FM and president of the Pittsburgh Jazz Society, will present the award.

Mowod will also host a concert

of The Roger Humphries Trio at 8 p.m. in the Gold Rush.

Humphries has been referred to as an "exciting and innovative percussionist," who has played with the likes of Ray Charles, Dizzy Gillespie and George Benson.

The trio will be joined by saxophonist Frank Morgan, of whom Esquire magazine said "He plays an alto sax better than any man alive"

Morgan's first album, Mood Indigo, climbed into Billboard's top five selling albums where it remained for 30 weeks.

The awards banquet and the Frank Morgan/Roger Humphries Trio concert are the only Jazz Experience events that are not free.

Afternoons next week will also be filled with performances and clinics. Several artists will provide entertainment for the lunch crowd from 11:30 a.m. to 1 p.m. in the Gold Rush.

Pianist Rick Purcell, brother of Randy Purcell, will hold solo piano performances Monday, Tuesday and Friday.

Purcell, a graduate of Carnegie Mellon University, has toured the United States and the Caribbean and is a regular in the Pittsburgh jazz scene.

Wednesday will be filled with the sounds of The Mike Marracino Quintet.

Randy Purcell will return with his quartet to perform Thursday.

The rhythm and blues band SNAP! will perform Friday in the Food Court. SNAP!, led by CU English professor Fred Adams, has been performing at local clubs, festivals and special events throughout western Pennsylvania since 1987. SNAP! will make its fourth appearance at the CU Jazz Experience this year.

Other afternoon events include clinics with high school jazz ensembles held by lead trumpeter/ pianist and featured composer/ arranger Jeff Holmes and the United States Air Force Ambassadors Big Band (pictured above) in the LRC auditorium.

High school ensembles from California, Brownsville, Elizabeth-Forward, Laurel Highlands, Canon-McMillian, Gateway, South-moreland, Washington, Richland, Connellsville, Kiski, Ringgold, West Allegheny, Thomas Jefferson, Baldwin, Pleasant Hills, Upper St. Clair, Mars and Bethel Park will participate.

Holmes, associate professor of music at the University of Massachusetts at Amherst, has toured all over the world with The Jeff Holmes Big Band, as well as with the Tommy Dorsey Orchestra.

Holmes will also present a lecture, "The Evolution of the Big Band," each day at 1 p.m. in the

#### AND AGAIN

On Sunday March 8 the Pittsburgh Press printed an article by Mary Niederberger and Jim Wilhelm on professor Edward Brown and his teaching practices.

The article stated that "students accused Brown of making disparaging remarks during his classes to a student with a disability, a Jewish student, and women."

Niederberger interviewed me because I am that self-same Jewish student to which the article refers. I confessed to Niederberger that there were indeed many Jewish jokes directed toward me.

I continued to tell her that I took them as nothing more than that. Jokes. Niederberger told me that she was not going to use me in the article because I was "not out-

DISTINGUISHED VISITOR

Brig. Gen. Julius F. Johnson, commanding general of the United States Army ROTC Cadet Command's First Region, spoke with Dr. John Pierce Watkins, president of California University, during his visit with the university's cadets. A graduate of Lincoln University, Johnson was commissioned a second lieutenant in the infantry and integrated into the Regular Army in 1964. He has served in numerous command and staff positions since that time. California's ROTC program has been designated an "extension center," similar to a host campus, and works directly with Duquesne University.

## **Uniontown Man Charged in CU Shooting**

yesterday at District Justice Daryl Zeaman's office in California.

Samuel Fani Jr., 21, of Unionassault, simple assault, reckless endangerment, terroristic threats and carrying an unlicensed firearm, according to California Borough Police Chief Nelson Horner.

These charges stem from an incident at the fraternity house on Friday, Feb. 21, when Fani allegedly pulled a 9mm automatic pistol from his jacket after he was asked to leave the premises.

According to Horner, Fani pulled the gun on Mark Verrico, a Theta Xi brother, after Verrico interrupted an argument between Fani and another Theta Xi brother, Todd Goldberg, a senior industrial technology major.

When Fani allegedly produced the gun, he put it to Verrico's head. Verrico then pushed Fani's arm up, and a number of other people discharged, ricocheted off a cinder- er block wall, and struck Goldberg in

The preliminary hearing for the People at the house later identiman involved in the shooting at the fied Fani, and the gun was left at Theta Xi fraternity house was held the house. Horner said the gun is still being traced.

After a warrant was issued for Fani's arrest, Fani turned himself in town, faced charges of aggravated to the police with his lawyer present. Horner said.

Fani was arraigned before District Justice Zeaman.Information about the preliminary hearing was not available at press time.

In unrelated violent incidents involving California University students, California Borough Police are still looking for information leading to the arrests of two groups of black males involved in the beatings of CU students.

Matt Seibel, a freshman elemen tary education major, was attacked Saturday, Feb. 15, and Monday, Feb. 17, by a group of black males who told Seibel he would be charged a toll every time he came to and from CU.

Ryan J. Wiley, a senior athletic training major, was also attacked by a different group of black males rushed in to grab the gun. The gun on February 15, according to Horn-

The movie Raiders of the Lost Ark gave Sprowls inspiration to direct movies. "Stephen Spielberg is my idol. The way he catches things on film has influenced me."

After seeing Raiders of the Lost Ark, Sprowls started to review all of Spielberg's past works.

By viewing these movies, Sprowls gained valuable insight into the art of directing.

Sprowls likes many directors because they all have a specific area in which they are experts. For example, John Huges does comedy well, and Spielberg does fantasy well. Not having a favorite movie, Sprowls enjoys many because of the different styles of directing.

"I love blockbuster movies," he said with an envious grin. Sprowls feels that he has the

The University of Maryland (Terp the Turtle territory) hosted this year's Association of College Unions International (ACU-I) Region 4 Recreation Tournament on ebruary 7,8, and 9.

Officially, 242 students from 30 area colleges participated in the three-day tourney, which featured table tennis, billiards, chess, backgammon, bridge, air hockey, table soccer (foosball) and bowling. California University participated in three events: table tennis, billiards, and chess.

The table tennis team (pictured) consisted of Tony Chang, Gary Zoppetti, Chie Nakamura, Meakara Chheang, Daniel (Spin) Cook, James Sealy, James Malacane, and Mark Jeffcoat

Jonayed Chowdhury and Dan Ramage made up CU's chess team. Meanwhile, the billiard team consisted of eight players: Jill Swanson, Heather George, Joanne Eash, Sue Salerno, Matt Yablonsky, John Evans, Craig Carr, and Jim Rippel.

Managers were Harry Metz and Diane Santillo.

Greetings brothers and loyal readers. It's Spring Break so let's go out, relax, and maybe even catch a tan. First of all I would like to thank all of my brothers that made my 21st birthday one to be remembered always. Also, thanks to all of you that wished me happy birthday and thanks to those of you ladiess that gaave me the birthday smooch. Pledges, 3 weeks down and how many more to go? At least you get a week off. Anyone wishing to get a wallyball sandwich can contact me betwen 5-7 pm mon.-thur. at Herron. Big brother night was this week. I hope upi all had a blast and I know it's a night youu'll never forget. Also I would like to contratulate all of those lovely ladies lucky enough to receive a Delt big brothers. Delta Sigma Phi's new historian is Scott Bowman. Not only is he deadly with marker, he's even decadlier witha videocameera. Less than a month til the formal you guys need a date soon (me too!) I'm sorry if you didn't make last week's article, but half of it wass edited (censored?) last week withoutt my bieng informed of it. I should hope that doesn't happen again because I think somewhere in our constitution there's something aobut free speech (see first ammenment) But I'm sure it was just amistake becausee greeks have never had a problem with the Times before. Delt formal awaards have been voted on and counnteds waitt til you see who swwon some of them! Now to the dirt. The Delt golf team went oon their first road trip last week. We'd likee to thank our graacious hossis Christie(for the bagels), Coleen and friends for the ID's and Tracie for starting it all off (and the jellybeans) Ed, Tod and Dominic made it Deltas til almost ddawn. If we only would have had a lighter. Todd beat Ryan for the Tecmo Bowb baatle of the Kojaks. Anyone withisng to rub Ryans' head for lluck myst pay the 25 cent fee. THETA XI

The brothers of Theta Xi would like to welcome everyone back from a much needed Spring Break. At this time I would like to address a few issues of importance.

As you are obviously aware California is making the headlines for more than basketball. I believe inappropriate action is being taken against the wrong individuals. Take for example this article which is free from greek gossip and limited to one page. The purpose of the greek articles to communicate amongst brothers and fellow greeks and that privilegeis being taken away by a violation of freedom of the press by someone.

The Zeta Eta Chapter was founded March 13, 1971 at CU. This week we will be celebrating our 21st annual founder's week. The week's activities include a clothes and food drive, splash party, and our first annual Ms. Black Cal U pageant.

All of the brothers strive to achieve through different avenues. Perry Kemp is a starting wide receiver for the Green Bay Packers. Gerald Comedy (Boomer) is a senior majoring in industrial management and computer science. Kevin Sellers is a senior majoring in business administration. Darnell Barnes majoring in advertising is also in his senior year. Lastly, William Allen (Pooh) has achieved his B.S. in math and computer science and is pursuing his master's degree. DELTA CHI

I hope everyone had a good spring break. It's time to get serious and catch up one all the work we didn't do in the first 8 weeks. First we would like to thank AST's for the pledge swap. We hope you didn't mind your pledges looking like breakfast. Congradulations to our Associate Members on getting their Big Brothers and Big Sisters: Goorge Seiverd- Drew, Brenda (AST) Doug Cook- Denny, Leslie (AST) Ted Dailey- Walnut, Sheila (Tri-Sig) Ethan Clark-Boner, Cheryl (Theta Phi Alpha) Dave Andrews- Trucker, Alena (AST) Rob Tepsich (OX)- Stan, Cindy (AST). We hope you guys had a good time. It'sgood to see you practicing your religion. Worshiping the porcelain God. We finally made it to a convention. I hear a great time was had by all that went. Skipper, I heard you were working hard on taking "NOTES" at the convention, or should I say passing them. We were also well represented by Bob and Heath "We just got out of jail for beating women." Smitty, leave the pool table alone, it can't fight back. Now for the local gossip; Skip, "Yo, yo Rob man, come on man, we gonna fight!" Primetime Tuck, GET SOME: BABY, GET SOME! Hey Boner, I see that Rogaine really works, you should try putting it on your head not your palms. Boner I hope you and Walnut have a good time at Daytona. The Vulcans are 30-1 and will make their first trip to the Elite Eight Tournament.

California owns an NCAA-best 28-game win streak. California won the 1992 NCAA II East Rcgional last weekend by defeating Pace (69-66 ot) and Philadelphia Textile (90-79) at home.

California is the first PSAC-West school to ever win a NCAA. II regional basketball title and the first PSAC team to win a NCAA regional hoop title since Millersville won the east back in 1989.

The Vulcans' two other NCAA tournament appearances resulted in a fourth-place regional finish in 1985 and a regional runner-up showing in 1988.

Two weeks ago, Cal won its fourth PSAC title in history and third state crown in eight years by defeating West Chester (76-49) and Edinboro (92-76) at Hamer Hall-where the Vulcans were 19-0 this season.

Coached by sixth-year veteran Jim Boone (129-46), the 1992 PSAC and PSAC-West Coach of the Year, California is outscoring and outrebounding its opponents by 85.7-69.6 and 40.8-31.5 margins respectively.

The Vulcans' leading scorer and rebounder is 6-7 post player Kenney Toomer. Recently named the 1992 PSAC-West Player of the Year and a first-team Basketball Gazette All-American, Toomer is averaging 25.4 points and 10.1 rebounds a game while shooting 59.1% from the floor.

Toomer, who has scored an incredible 1,435 career points in just two years, was named the East Regional Tournament Most Valuable

A two-time PSAC first-team allconference selection, Toomer has been Cal's leading scorer 24 times this season.

He has scored 20 or more points 27 times, 25 or more points 19 times and 30 or more points five different times in 1991-92.
