The state will do its duty when it makes it possible for every child within its limits to attend, free of expense, a kindergarten, a common school, and a high school, taught by capable teachers, administered by competent officials, and fostered and sustained by the dignity and influence of the commonwealth.

The State Board completed its work and announced results on Thursday, June 16. All who were recommended by the Faculty were passed by the Board. On Wednesday evening, June 16, Deputy Supt Houck in a brief address gave the students some interesting reminiscences of his recent visit abroad. He is still wedded in heart and mind to America. Houck and Principal Noss the Board was composed of Principal Eckels of Shippensburg and Superintendents Apple of Northumberland, Collins of Cameron, Ehrhart of Mahanoy City, Rupert of Pottstown, Smith of Meadville, and Wilson of Delaware.

The baccalaureate sermon on Sunday evening, June 19, by Rev. C. W. Smith, D. D., was a masterful effort. The speaker based his remarks on 2 Corinthians IV: 18. All the performances this year
were of a high order, and it is safe
to say that taken all in all the old
Normal never had a more credita-
ble commencement.

Miss Buckbee will spend the
earlier part of the summer at the
fair, where she has a place on the
program for June 30, when she will
speak on "Methods of Teaching
Child Study." Later she will
spend some time lecturing on Peda-
gogy at Grove City College, after
which she will take up work at in-
stitutes in Ohio.

Miss Loda Mitchell of Oakmont
visited her friend Miss Nelle Mc-
Kean from the 17th to 20th.

In the Philippines.

The editor of the REVIEW has recently had several interesting letters from Mr. C. W. Dupp tadt, class of '01, who is now a teacher in the Cebu Normal School. Among many things that Mr. D. says is the following extract: I have been assigned the duties of teacher in arithmetic in the Cebu Normal School, in the city and province of Cebu. Cebu is about three hundred miles south of Manila and is usually considered the second city of importance in these islands.

The climate of Cebu is generally considered to be more healthful than that of Manila. Some days are very hot and oppressive, but usually there is a good cool breeze blowing and clouds cutting off the sun's rays, making the day cool and pleasant. There is rain in abundance, but a few hours after the rain the mud is dried and the evidences of the shower have disappeared.

The town is a quaint old town. There are many large structures over a hundred years old, and some over two hundred. They were built by the Spanish Church. Three of them are Cathedrals and one is a college held by the Roman Catholic Fathers. They teach in Spanish, but also have one English teacher to teach the English language.

I am enjoying life, or rather living, in the tropics. I feel that

I am making a success of the work assigned to me here. The more I observe the work of the teachers here the more I am impressed with the importance of the teacher's needing a high moral character. Nearly all the teachers who fail, fail, because they are not able to resist the character-demoralizing conditions which surround them here.

I have already told you of the organization of the work here. At the present we are conducting four weeks of instruction for the benefit of the native teachers from the province, the advanced pupils also are admitted. Our total enrollment is over six hundred. There are thirty-two American teachers, who take part in the work.

Questions for Debate.

Resolved, That the plan of furnishing free text books in our schools should be abolished

Resolved, That savage life has in it more true freedom and happiness than civilized life.

Resolved, That the best interests of all concerned demand the doing away with co-education in our high schools and colleges.

Resolved, That a high license system is in the best interests of the cause of temperance.

Resolved, That after 1905 corporal punishment in our schools should be abolished.

Resolved, That short term men in our prisons should not be sub-

jected to the degradation of having to wear stripes, having head shaved, and being required to practice the lock step.

Resolved, That the honor system in examinations should be established in our upper grade schools.

Resolved, That in the present struggle between Russia and Japan the best political interests of the U. S. demand that she should favor the cause of Russia.

Resolved, That all railroads should be compelled to maintain overhead or undergrade crossings.

Resolved. That a strictly prohibitory law would best subserve the cause of temperance.

Resolved, That the constitution of the U. S. should be so amended as to give both sexes equal political rights.

Resolved, That the establishment of the so-called Carnegie Free Libraries is not, on the whole, beneficial to communities.

Resolved, That the study of the ancient classics in the required curriculum of every school and college should be replaced by that of the modern languages or by English literature

Prof. Walter Hertzog will spend the first part of the summer at home beautifying the spacious grounds about his place and help carry on the work of the Civic Society.

Senior Class Song, 1904.

MARY T. NOSS.

I.

Our Normal days are in the past;
The time is here when we must part;
And with regret we see the last,
And sadness lingers in each heart.

II.

We've climbed a rugged path together,
Been steadfast friends for three long
years;
We've studied X-rays, taken weather,
And oft bedewed Wentworth with
tears.

III.

As Juniors first we started out,
We took our ease and had our fun;
As Middlers next we strode about,
We made good friends and studied
some.

IV.

But when we came to Senior rank—
Ah, there we had no easy sail—
The Modelites we had to spank,
And slip-reviews oft turned us pale.

V.

My classmates dear, do you recall
How Cicero in the Senate spake,
How mighty Cæsar conquered Gaul,
And Dido did bewail her fate,—

VI.

With what great skill we swung our
clubs,
And acted pantomimes galore,
While Juniors, Middlers, Preps, and Subs
Peeped in admiring from the door?

VII.

To all these scenes our minds will turn,
When we are scattered far and wide—
With hopes that Middlers will not spurn
Our brilliant pattern as their guide.

VIII.

Dear teachers, we shall ne'er forget
The lessons you have taught so well;
And now we leave you with regret,
And bid you all a sad farewell.

The principle worth living by is
worth dying for.

Motto: "Vincit qui se vincit."

The farewell meeting of Philo was held Friday, June 17, '04.

The following members of the graduating class received diplomas from the Society. Misses Adams, Barnes, Beeson, Brass, Bricker, Crowthers, Cook, Cooper, A. Hopwood, J. Hopwood, Harris, Hileman, Holland, King, Lemmon, McMinn, Spiegel, Stoup, Stroup, Remington, Cameron, Hough, and Messrs. Easter, Jones, Robinson, Boggs, and Martin.

The valedictory address was given by Mr. R. V. Robinson.

The last year's work in the Society has been pleasing and, with the exception of a few meetings, the Society has been satisfactory to both faculty and members.

During the term that has just passed, Philo has entered upon its roll the names of nearly 75 new members, swelling the number to nearly twice its former size.

The first meeting of the coming

year will be held on Sept. 9, '04. It is to be hoped that with the new year renewed interest and vigor will characterize all of the work in the Society.

Prof. Cornell will spend the first part of the summer in this town, where he will teach vocal music. Later on he will be joined by Mrs. Cornell and then go to St. Louis to attend the Fair.

The Clionian Review

J. L. Roberts, Editor.

The past year was the most successful in the history of the society. During the Spring term not fewer than eighty new members were added to the roll.

The contest was well attended this year and the performances were very creditable. Although Clio won only a small share of the points, she is nevertheless proud of the excellent work done by her contestants.

At the last meeting of the term Miss Cora E. Soles delivered the valedictory.

Miss Tannehill at the same meeting in a brief address delivered the Clio diplomas to the graduates of this year's class. Thirty-two is the number we send out this year. Mr. DeCius responded in behalf of the class.

At the meeting held June 17, the following officers were installed:

President.....J. Leslie Roberts
 Vice President.....Jean Dillon
 Secretary.....Martha Titzell

Use of Books.

Our school was favored on Wednesday evening, May 18, with an instructive lecture on the use of books in schools. The subject as stated was well handled by Librarian Geo. H. Lamb of Braddock. A course of reading in our schools, said the speaker, should aim to cover five general topics: 1, Mythology; 2, Nature Study; 3, History, Biography, and Travel; 4, Poetry; 5, Fiction. Under the head of poetry, Mr. Lamb would insist on the children's becoming acquainted with Hiawatha, Evangeline, Snow Bound, Enoch Arden, The Commemoration Ode, Child Harold, and Bryant's poems. We read to train the emotions as well as to acquire knowledge. In all great souls, tears lie near the surface.

At the close of his lecture Mr. Lamb distributed a number of cards on which were printed the names of books adapted to the different grades. In the September number we shall take the liberty

to tabulate these recommendations somewhat in order to answer the question so frequently asked, "What books shall we use in the different grades?" The Carnegie libraries at Homestead and Braddock have been very helpful to schools in western Pennsylvania by making them loans of books. The system may be much amplified in the future so that it may be even far more helpful than it is now.

Base Ball Notes.

BY EDGAR EASTER.

Our prediction in the beginning was for a successful Base Ball season and we think that the prediction has come true. The Athletics have been successful throughout the year, with a Foot Ball record to be envied by other schools and a Base Ball record almost as good is something we are proud of.

The Base Ball schedule has been much broken up, due to rain, but the record speaks for itself.

The above schedule shows a record of 10 games won, 2 lost and 1

tie or a percentage of .833.

The games with one or two exceptions have been hard fought contests. McCleary and Wilson did the pitching and have done their work well. The work of the fielders both in and out has made the strength of the team unquestioned. Many of our old players will leave this year, but under the training of Coach Harmon the work will be carried on as successfully next year.

Mr. Charles S. Cornell.

Mr. Cornell, recently elected musical director in the Normal, is a teacher of wide experience.

His musical training has been received from the best teachers, including such celebrities as Emelio Agramonte of New York and Antou Seidl of Germany. Mr. Cornell has conducted many large festivals in the West, the most noted of which was the Colorado State Music Festival with a chorus of 350 voices. He has also conducted festivals in Springfield, Chicago, Holyoke, Pueblo, and other large cities. He is a singer of far more than ordinary ability and is a very competent drill master and conductor. We are fortunate in securing the services of such a scholarly and genial gentleman as Mr. Cornell has proved himself to be.

Mrs. Banker left June 16th for her home in Gloversville, N. Y., where she will spend the summer. Dr. Banker will spend the greater part of his vacation at work in the Botanical Gardens, New York City.

Prof. Hockenberry occupied the pulpit of the M. E. Church at Lucyville on the morning of the 18th.

Miss Aura Schlafly a former member of the Normal faculty, will teach in Charleroi next year.

An interesting game of base ball was played on June 13th, between the members of the faculty and the second team of the Normal. The victory of the faculty was due to the superior work of the pitcher and catcher and Prof. Walter Hertzog, who played first base.

The Boys' Glee Club has been doing some excellent work this year. They have taken numerous trips, doing themselves and school great credit.

Prof. and Mrs. Hockenberry and daughter Helen will spend the summer at Ann Arbor, Michigan.

On May 21st a very delightful and unique Musical was given by Dr. and Mrs. Noss. Those taking part in the program were Miss

Taylor, Miss Noss, Mrs. Hockenberry, Prof's Cornell, Morse, and Hammond. Most of the out-of-town guests were from Monongahela City, Charleroi, Brownsville, and Coal Center.

On the evening of June 15th, a grand reception was given by the faculty and school in honor of the Hon. Henry Houck. Mr. Houck is one of the most charming young old men we have ever met and as Dr. Noss said of him, "He is the Grand Old Man of Educational Circles."

Running The Campaign.

Mr. Day Allen Willey has an interesting article in the July Pearson's, describing the work done by National Campaign Committees between the time of nomination of presidential candidates and election day. Of course, "publicity" is

the first object and this must be secured at any cost, and by any means. One of the first steps of the Committee is always to create a bureau to provide literature for distribution, and a bureau to provide speakers. The most energetic work is carried on in the "doubtful" States, each party bending all energies to secure these votes. The average reader will be surprised at the magnitude of the work involved and the many points to be covered, and will cease to wonder at the enormous sums demanded for "campaign funds."

Piano Bargains!

Hamilton's are going to move.

We shall soon move into our new building. Pending the remodeling deep cuts have been made in price. And this means such substantial savings in all lines of musical merchandise that customers from near and far will flock here to secure the bargains offered.

Used Pianos from \$125 up.

This item indicates how unusual this opportunity is. For the pianos from \$125 and up are all of reputable make and in good condition. The fact of their having been used somewhat does not affect their musical qualities.

Astonishing reductions are made in the prices of a number of pianos of styles that the manufacturers are discontinuing. You are no doubt aware that "style" in piano case designs, is susceptible to the whims of designers as are many articles of apparel. And you can thank circumstances that this is particularly true in the present instant. The discontinued styles in this sale are among the most remarkable bargains we have ever offered.

This sale affects not only the piano and organ department, but also every other department. Tremendous cuts have been made in prices of all kinds of musical merchandise. Special attention is called to the bargains in music boxes, talking machines, string instruments, music rolls, sheet music, etc.

Write for Full Information.

Customers living out of town are urged to write immediately for any desired information. We cannot emphasize too strongly the importance of taking advantage of these bargains without delay.
