Paul H. O'Neill

Doctor of Public Service, *honoris causa*

Paul H. O'Neill, director, chairman of the board and chief executive officer of Alcoa, was born December 4, 1935 in St. Louis, Missouri.

Mr. O'Neill received a B.A. degree in economics from Fresno State College and a master's degree in public administration from Indiana University. Additionally, he participated in graduate study programs in economics at Claremont Graduate School and George Washington University.

Mr. O'Neill was elected chairman and chief executive officer of Alcoa on April 20, 1987. Before being elected to his present position, he served as an Alcoa director.

Prior to joining Alcoa, Mr. O'Neill was president of International Paper Company. He joined IP in 1977 as vice president of planning. Four years later he was named senior vice president-planning and finance, and in 1983 senior vice president of the company's paperboard and packaging segment. Mr. O'Neill was named president in 1985.

Mr. O'Neill began his career as an engineer for Morrison-Knudsen, Inc. in Anchorage, Alaska. He worked as a computer systems analyst with the U.S. Veterans Administration from 1961 to 1966 and served on the staff of the U.S. Office of Management and Budget from 1967 to 1977. He was deputy director of OMB from 1974 to 1977.

Mr. O'Neill serves on numerous boards and advisory groups for business, civic and educational organizations. He is a trustee of the American Enterprise Institute; a director of the Institute for International Economics; and chairman of the Board of Trustees of the RAND Corporation.

In addition, he is president of the Allegheny Conference on Community Development; a Director of the Gerald R.

Ford Foundation; a Trustee of the H. John Heinz Center for Science, Economics and the Environment; and a member of the American Academy of Arts and Sciences.

Most significantly, Mr. O'Neill has been instrumental in the recent donation of the Alcoa Building in downtown Pittsburgh to the region for purposes of economic development. This donation is expected to bring great cohesion to the region's efforts to attract and retain companies and jobs in the greater Pittsburgh region.

The decision to enhance the economic development prospects of this region through the donation of this building is an outstanding example of community loyalty and public service. And for all of his outstanding work over the years in support of civic and educational organizations, but especially his key role in the decision to donate the Alcoa Building to this region, he will have the degree of Doctor of Public Service, *honoris causa* conferred upon him today.

MASTER'S DEGREE

Appearance of a name in this program is presumptive evidence of graduation, but it must not be regarded as conclusive. The diploma, issued through the University by the Commonwealth of Pennsylvania, sealed and signed by the proper authorities, is the only official testimony to the possession of a degree.
