ALMA MATER

California, alma mater
Now we sing to thee.
California, dear forever
In our memory.
With our voices loudly ringing,
Of thy fame we're ever singing.
California, alma mater;
Hail! All hail to thee.

For the friends and joys you gave us,
We give thanks to thee.
All thy knowledge we'll make worthy
For Posterity.
May thy reign be ever prosperous
And thy name forever glorious.
California, alma mater;
Hail! All hail to thee.

*But if you ask what is the good of education in
general, the answer is easy; that education
makes good men, and that good men act nobly.*

Julia B. Ansill
Doctor of Public Service, *honoris causa*

Mrs. Julia B. Ansill has served as a member of the Council of Trustees at California University of Pennsylvania for thirty-two years, seventeen of which as chairperson of the Council. During that time Mrs. Ansill has worked diligently and tirelessly to provide opportunities for the students of California University.

In her role as Trustees' Chair, Mrs. Ansill guided and presided over many of the important events and milestones in recent California University history; perhaps none so important as the transition from a college to a university and from a specialized teachers' college to a regional resource. Her guidance and leadership through the past thirty-two years has not only made the good times better, but has helped faculty, staff, students and administrators through often trying times.

In addition to her service to California University, Mrs. Ansill has also served on the Board of Governors of the Pennsylvania State System of Higher Education, where she held the position of Vice Chairman for a number of years. In this capacity, she was able to provide leadership not only for California University, but as well for our thirteen sister institutions across the Commonwealth.

Throughout her adult life, Mrs. Ansill has been a pillar of the California community in which she resides. A prominent businesswoman, her name can be found on the list of directors of numerous business, charitable, civic, and educational organizations throughout the Mon Valley.

When Mrs. Ansill was reappointed to a third term on the Council of Trustees in 1983, she was quoted in a local newspaper as saying: "I believe in the university and in education. Education helps to develop your God-given talents, and it is up to the individual to use it in life and to the best of his or her ability." Twenty years later, her comments still ring true. Mrs. Ansill's words are not only inspirational to the many graduates we have here today, but the work she has performed on behalf of our University is certainly a testimonial to her belief in California University and in education.

Sanford N. McDonnell
Doctor of Humane Letters, *honoris causa*

One of the outstanding business leaders of our time, Mr. Sanford N. McDonnell served for seven years as chairman and chief executive officer of McDonnell Douglas Corporation, one of America's foremost aerospace and defense contractors. In 1988, Mr. McDonnell retired from the company after forty years of service, and the title of "Chairman Emeritus" was bestowed upon him by the company he helped to grow.

Beyond his involvement in business, Mr. McDonnell has had a second career track: work in character education and responsibility. His record here, as his record in the world of business, is exemplary and well documented. During his tenure as chairman of McDonnell Douglas, he helped to focus national attention on the importance of ethics in all aspects of life. More importantly, he put it into practice, when over a five-year span of time, each of the more than 80,000 McDonnell Douglas employees underwent ethics training.

After retiring from active business life, Mr. McDonnell's work in the area of character education became even more focused: emphasizing the importance of character education in the public schools. As an example, Mr. McDonnell is chairman of CHARACTERplus, a character education program in the public schools of Greater St. Louis which he helped organize in 1988. In addition, he is Chairman of the Board of The Character Education Partnership, Inc., an organization he helped found in 1993, in Washington, D.C. This national organization is dedicated to developing moral character and civic virtue in our young people.

Mr. McDonnell has also had a local connection. He organized and hosted a luncheon of educators and corporate leaders from southwestern Pennsylvania in order to explore ways of building school-business partnerships of the type he developed in St. Louis. In 1997, as part of California University of Pennsylvania's year long exploration of core values, Mr. McDonnell presented a lecture on campus on the role of the university in nurturing moral development.

GRADUATE DEGREES

Appearance of a name in this program is presumptive evidence of graduation, but it must not be regarded as conclusive. The diploma, issued through the University by the Commonwealth of Pennsylvania, sealed and signed by the proper authorities, is conclusive testimony to the possession of a degree.

The facing and crossbars of velvet may be of the color distinctive of the field to which the degree pertains.

For all academic purpose, including trimmings of doctors' gowns, edgings of hoods, and tassels of caps, the colors associated with the different subjects are as follows:

The binding or edging of the hood is two inches, three inches, and five inches for the bachelor's, master's, and doctoral degrees respectively. The color is distinctive of the degree held by the wearer.
