## Radio Club To Initiate Free Message Service

A free message-handling service available to BSC students is being initiated by the Bloomsburg State College Amateur Radio Club.

One of the ways by which radio amateurs throughout the world make their hobby worthwhile is through the relaying of messages for "non-hams." This service, for which the ham receives no compensation, is carried out through a highly organized system of communication networks operating in all of the states of the Union and in most foreign countries. A few countries prohibit such message handling. Because the system is based on volunteer operators there can be no guarantee that the message will be delivered. However, every effort is made to get the messages through as soon as possible.

The college Amateur Radio Club is now prepared to relay messages to and from this area. This service should be especially valuable to BSC students away from home. Messages to be sent should be as short and to the point as possible, as in a telegram, and should include the complete name and address, and if possible, the phone number of the addressee. Such messages as birthday greetings, marriage congratulations and happy anniversary messages are commonly sent.

The members send these messages on their own equipment. Last year members brought their equipment to the college and set up a station here on campus.

This message-handling service is much used by service men and college students. The club asks students not to send a message for the sake of sending it.

Requirements for admission are an interest in "Ham Radio Communication," a desire to be a "Ham" operator, and a satisfactory standing in the college. Those interested in using this service should contact Mr. Shortess, club advisor, in room 25, Science Hall or box 83, or any member of the Amateur Radio Club.

## 1500 New Books Added To Library During Summer; Various Number Of Improvements Also Evident

Do you read for pleasure as well as for your class assignments? In either case the supply of materials available in the BSC library has increased. During the summer months approximately 1500 new books and 90 bound periodicals have been added to the holdings of the library.

Those who have started working on assignments have noticed the plastic covers marked "reserve" on some of the cards in the card catalog. These jackets have been placed on the author and title card of each reserve book so that the student doesn't waste his time looking for material in the wrong place. The book lists at the reserve desk are now arranged by course numbers instead of faculty member's name. This conforms to school policy of using course numbers instead of titles.

Students have probably noticed a new face this year in the library. Miss Mary Quigley, the new circulation librarian, is replacing Mrs. Rachel Laubach, who had worked in the library for over three years.

Miss Elinor R. Keefer has been chosen by the West Branch of the

## Submit 1962-63 Budget to CGA

The proposed budget for the 1962-63 college year was submitted and approved at the first College Council meeting of the fall semester. It is now subject to the approval of President Andruss, who before approving the budget, is authorized to make such modifications as he may deem advisable.

Students will note a rise in the estimated income from \$77,000 in 1961-62 to \$99,000 this year. This increase is mainly due to the rise in the Community Activities fee rather than a larger enrollment. An average of over 1950 students paying \$50.00, 125 faculty members paying \$12.50, and 25 non-instructional personnel paying \$5.00 per college year produces a sum of \$99,000.

### Community Activities Get \$32,300

The proposed expenditures of the Community Activities for athletics is \$32,300, an increase of \$5,400. Reasons presented for the increase were increased cost of equipment, transportation, and the salary of the assistant basketball coach.

A proposed increase of \$500 was made in the Cultural programs budget, making the new allotment \$8,000. Here it was noted that a greater number of contracted events for Tuesday and Thursday programs had been provided for.

Kovach, Rabovsky

## Nominees To Be Selected For Wilson Grants

Faculty members at BSC are now making selections for nominees for the Woodrow Wilson Fellowship Foundation grants. The purpose of these grants is to encourage individuals to enter into college teaching by giving them financial aid. Dr. John J. Serf, chairman of the social studies department at BSC, is the local campus representative.

These grants are for present seniors only and are chosen on the basis of a high scholastic standing. The grants consist of 1000 awards; each award includes \$1500 for living expenses and the tuition for a year at the college of the nominees choice. This award is good only for the year in which it is awarded.

Nominees must be interested in college teaching in the fields of social sciences, the humanities, and some physical sciences. The faculty take the initiative in making the nominations. After a person has thus been nominated and presented to the Foundation, he must submit his entire academic record plus a 1000 word statement of purpose.

(Continued on page 3)

## Kovach, Rabovsky To Give First Music Program

The Civic Music Association's program for the 1962-63 season opens with Nora Kovach and Istvan Rabovsky, two of the world's outstanding ballet dancers. This performance, the first in a series of four, can be seen October 8, at 8:15 p.m., in the Bloomsburg High School auditorium.

Nora Kovach and Istvan Rabovsky, Mr. and Mrs. Rabovsky in reality, bring to the dancing stage a technique learned behind the Iron Curtain in the schools of Leningrad, Moscow, and Budapest. They will present excerpts from the classics and Pas de quatre with their small company.

### Fled Communism in 1953

Both Kovach and Rabovsky were born in Budapest, Hungary. They met while in the Budapest State Opera Ballet and became celebrated stars. But the couple valued freedom more than fame and took a voluntary subway ride in 1953 from East Berlin to West Berlin. They soon equaled their former fame in the non-communist lands.

America's dean of critics, Brooks Atkinson of the *New York Times*, wrote in 1960 of Nora Kovach, "From A to Z, Nora Kovach, the girl with the Greek profile dances beautifully." The *New York Herald Tribune* wrote of Istvan Rabovsky in the ballet *Scheherazade*, "... and in Istvan Rabovsky we witnessed the most electrifying 'Favorite Slave' since the days of Yurek Shabelevsky."

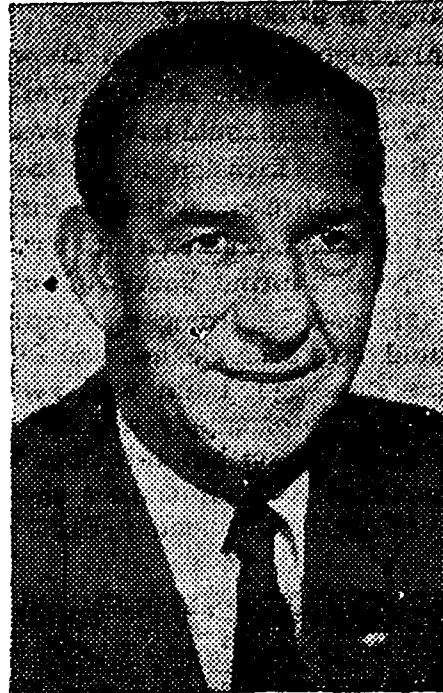

### Three Other Programs Planned

In addition to Nora Kovach and Istvan Rabovsky, the Civic Music Association will present three other performances. Herbert Tichman, clarinetist, will display his artistry on November 19; Bernard Izzo, baritone, will perform on January 29; and Jeffrey and Ronald Marlow, duo-pianists, will end the season on February 28.

Two of this season's programs will be held at the Bloomsburg High School auditorium; the other two will be in Carver Auditorium. Tickets for all four programs are available for students and faculty in the office of Dean of Students.

## BSC To Host Conference Of Teachers, Administrators

### Thompson Speaks

Dr. Thompson

BSC will host the Sixteenth Annual Conference of 1,000 teachers and administrators from Pennsylvania schools Saturday, October 6. Dr. J. Leroy Thompson, Director of the Educational Service Bureau, of Dow-Jones and Company, Inc., will be the featured speaker at the General Session.

Dr. Thompson, who earned his Doctorate in Education at Columbia University, has a wide administrative background and has served as visiting lecturer in the Graduate Schools of New York, Alfred, and Lehigh Universities. The topic of his forthcoming speech at BSC is "Where Do We Go From Here?"

### Departments Prepare Lessons

Registration for the conference will begin at 9:00 a.m. Saturday. The educators will then attend demonstration lessons prepared by Bloomsburg's four departments: Secondary, Elementary, Business, and Special Education, under the supervision of their respective directors: Dean Edwards, and the Doctors Johnson, Toumey, and Maietta. Discussions will follow each lesson. The General Session will convene in Carver Auditorium at 11:15 a.m., at which time Dr. Thompson will speak.

The purpose of this conference is to present the newest developments and ideas in education. In this ever-changing profession such a conference is of definite significance.

## BSC To Welcome And Orient Frosh Parents

October 7th of this year will be an important day for the members of the Class of 1966 and their parents. On this day, the first Sunday in October, Bloomsburg State College will welcome the parents of the Freshman Class.

It is the opinion of the planning committee, directed by Dean McCauslin, that visitors can become better acquainted with the personality of Bloomsburg State College by visiting the College when it is in session.

### Expect More Relaxed Atmosphere

This year, Freshman Parents' Day is unique in one respect. Previously, on this day, parents met with the administration and were given information about college life and what was expected of the student. This year that aspect of parental orientation was covered during the summer months when prospective Freshmen were required to visit the College for their physical examinations. Consequently, the atmosphere is expected to be more relaxed and informal than it had previously been.

The day will begin officially at 2:00 p.m. with a Convocation in Carver Auditorium. At this time, the President of the College, Dr. Harvey A. Andruss, will address the guests and the Freshmen.

Following the Convocation, the faculty will host the parents at a tea to be held in the College Commons. This will give the parents the opportunity to meet the members of the faculty who will be instructing their children. The tea will be from 3:00 to 5:00 p.m. and during this time Waller Hall and New North Hall will be open to all visitors.

## President To Meet Frosh and New Students

The President's Reception for new students will be held on October 3. This annual reception provides an opportunity for freshman and transfer students to meet Dr. and Mrs. Andruss, the entire faculty, and the president of CGA. The semi-formal affair will be held at Centennial Gymnasium from 8:30 to 11:30. Refreshments will be served.

Maynard McKissick and his orchestra from Harrisburg, Pa., will provide dance music. This twelve-piece orchestra has played at many colleges and ballrooms throughout the country and completed an extensive tour with the Four Freshmen three years ago.

The President's Reception has been a regular event at BSC for many years. It has been held for the explicit purpose of helping the new members of the BSC Community become better acquainted with the college administration, faculty, and student organizations, and in general to let them feel more a "part" of college.

## Homecoming To Include Concert, Game and Dance

Woody Herman and his orchestra will start the Homecoming activities on Friday evening October 19 with a concert in Centennial Gymnasium. Mr. Herman has played with various big name bands and was recently guest conductor of the "Tonight" program.

Homecoming weekend will officially open Saturday morning, October 20, with registration of alumni. After registration, there will be open house of all buildings on campus including New North Hall and Waller Hall. At 11:30, a luncheon will be held in the Commons.

The Homecoming Parade will begin at 12:15 p.m. It is expected that a larger number of floats will be entered in the parade this year. The floats will be judged and bigger and better prizes will be awarded to the organizations entering the best floats. Dr. McCauslin, Dean of Student Affairs, will serve as parade marshal.

After the parade, the football game with Millersville State College will get underway at 2:00 p.m. The climax of the afternoon will be a "get-together" in Centennial Gym. Coffee and doughnuts will be

(Continued on page 2)

# Sure It Was Fun, but . . .

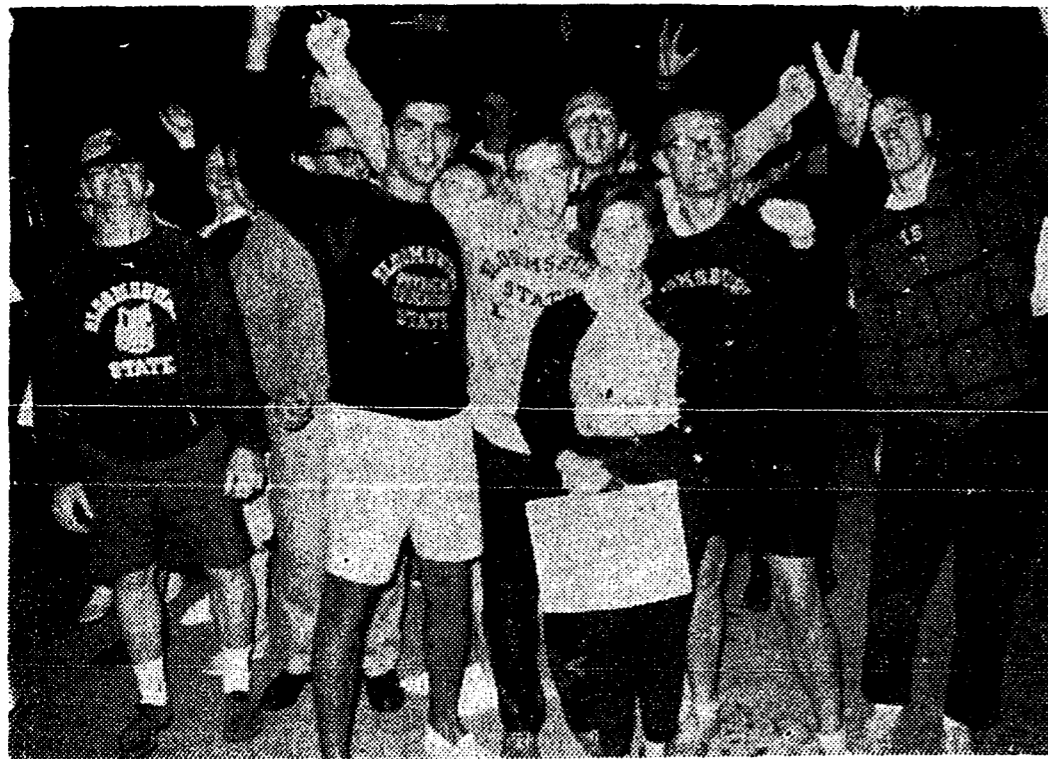

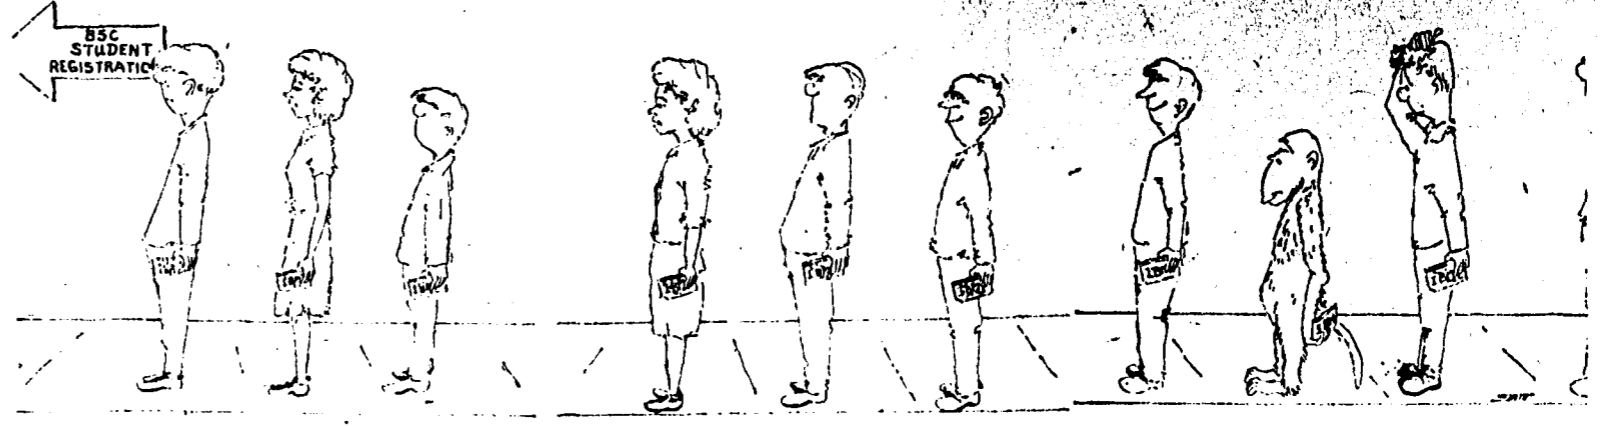

The inevitable attitude prevailing over any incoming freshman class is "With us it will be different," and, in some manner, each class is somewhat different from those preceding or following it. The Class of 1966 has indeed already made its mark in the history of BSC, a mark whose desirability is somewhat questionable.

For the evening celebrating the conclusion of Customs, the committee had prepared a program of tribunal, singing the Alma Mater to the Maroon and Gold Band, burning of dinks and a dance in Centennial Gym. The frosh changed the program however by bursting at the seams after the tribunal, totally ignoring the band playing the Alma Mater and not bothering to burn their dinks at all.

In the words of one student, "The freshman will have to learn to respect the College Alma Mater." Although this is an affront of consid-

erable magnitude, the portion of the evening that caused the most concern was the carrying of the Customs Committee downtown and throwing them in the fountain. However, the ramifications of this prank may be viewed as cause for worry. The "Town and Gown" relationship has been one of complete rapport for many years, lets hope that this is no indication of a change in atmosphere.

Although the freshmen showed no respect for the Alma Mater, a bit of foresight could have prevented the mass invasion of the town. It has long been a custom to throw the Customs Committee into water. The pond, a former source of beauty and now becoming an eyesore, should have been cleaned and filled some time ago. I am well aware that the water supply was cut off for construction but this does not mean that its maintenance should have been discontinued. —EDC

Customs Committee

## Miss Rice Spent Summer Vacation Studying at London University

Summer vacations may come and go, but studying 20th century British culture and earning a Bachelor of Excellence Certificate from the University of London made last summer quite far from the average for Miss Alva Rice.

Miss Rice, one of BSC's professors of English spent her summer studying at the University of London under the sponsorship of the Institute for International Education. She, with 120 other students attended six weeks of general lectures on British literature, painting, music, sculpture, and drama. Miss Rice also did research of T. S. Eliot, the noted British author. At the end of her course, Miss Rice was awarded a Bachelor of Excellence Certificate, one of the very few to be presented.

Commenting on the teaching methods at the university, Miss Rice remarked that in England the

student must accept the professor's opinion. There was no attempt made at original thinking. Miss Rice also found that the University of London is more concerned with enriching the minds of students than with giving them direct training for jobs.

The city of London itself was very impressive to Miss Rice. She observed that it was not possible to walk ten steps without being confronted with London's social significance. Although London is usually known for its characteristic drabness, Miss Rice found that many beautiful park lands throughout the city helped to alleviate this atmosphere.

In her free moments, which were very few, Miss Rice toured various parts of England and Scotland. She left England on August 29th and arrived in the States on September 7th in time to resume classes at BSC.

## BSC Professor Publishes Paper On His Ancestor

## The New Maroon & Gold

by Kathleen Roselli

In the August 21, 1962 edition of the Herald-Chronicle in Halifax, Nova Scotia, Dr. J. Almus Russell, Professor of English, published the illustrated article—"The Reverend Charles Tupper—Grandfather of the Canadian Confederation."

The article featured Dr. Tupper, who was renowned as an advocate of higher education in Canada, as the founder of the temperance movement in the Maritime Provinces, as the greatest Canadian linguist of his time, and as the father of Sir Charles Tupper, Bart. Sir Charles, son of Dr. Tupper and step grand-uncle of Dr. Russell, played a major part in uniting the Canadian Provinces into the present Dominion of Canada in 1867. Hence, he earned the sobriquet, "The Father of the Confederation."

Because of the lack of schools, Sir Charles' father educated himself. Like Abraham Lincoln, he studied by the light of a pine knot, thus saving the expense of candles. He was ordained as a Baptist minister on July 17, 1817. Later, he received the Doctor of Divinity degree from Acadia College.

Dr. Tupper, as greatest Canadian linguist of his time, obtained a reading and critical knowledge of thirteen languages. He was forced into a teaching career by the low salaries given to clergymen in his time.

This famous clergyman chose Dr. Russell's great grandmother as his third wife.

The feature article is illustrated with five hitherto unpublished pictures.

## "A Book! A Book! My Kingdom For a Book!"

by Kathleen Roselli

With fervent apologies to the Bard, the above quotation succinctly expresses the emotions of many frantic BSC students. In the vicinity of Husky Lounge and the College Book Store, such cries of lament as, "Two weeks for a history book!" or "Oh no, no book! There goes all my hopes for a 2.0 this semester!" can be heard.

Bookless colleagues, don't despair! Mr. W. Horace Williams, manager of Husky Lounge and the College Book Store, has been re-ordering those desperately-needed editions. In the meantime, borrow your roommate's text when he's not looking — better yet, try taking notes in class; you might not need that text at all!

## Breakdown of BSC Enrollment

First semester enrollment figures of the college show that the total enrollment is now 2,043. A breakdown of this figure shows that there are 1,976 full time students and 67 part-time students.

The registration figures also showed that there are 662 students staying in dorms; 367 students living in town; and 683 students commute to and from college each day. Forty-seven people are enrolled in graduate work and there are 20 special part-time students.

## Forensic Society Includes Oratory With Debating

The BSC Forensic Society, formerly the BSC debating club, held its organizational meeting recently. The Society has changed its name to include the addition of oratorical and extemporaneous speaking to its debating functions. Anyone missing the first meeting and wishing to join the club may still do so.

The debate proposition for 1962-63 for colleges is: Resolved, that the non-communist nations of the world should establish an economic community. In an effort to help debaters determine issues in this year's proposition, the Forensic Society will sponsor a symposium to be held on October 4 at 3:00 pm. in Science Hall (rm. 8). The symposium members are Dr. Lawrence Starlight, Dr. Charles Halstead, and Mr. Donald D'Elia. Each member will speak ten minutes on the debate proposition after which they will be asked questions by debaters. Everyone is invited to attend the symposium.

Mr. John Ouimet, a recent addition to the speech department will assist Dr. Hopkins in the Forensic program this year. The officers of the Society are Bill Mattern, president; Edward A'Zary, vice president; Charles Scaratino, treasurer; and Lucy Zablocky, recording secretary.

Plans are now being drawn up for participation in debate tournaments and there is a possibility that the BSC debaters will engage in practice debates with Marywood College and Bucknell University during the next month.

## Homecoming continued

served to an estimated group of 1000 people. Saturday evening there will be a dance in Centennial gym.

It will be appreciated if all dorm students plan to stay on campus during Homecoming weekend to act as hosts and hostesses to the many alumni and friends who will be visiting our campus. There will be a lot of decorating, etc., that students can help with if they stay.

Tickets for the entire weekend will be \$2.00 per person. Dr. Ralph Herre is the chairman of Homecoming Activities Committee.

## PHI SIGMA PI

Iota Chapter of Phi Sigma Pi, professional education fraternity for men at Bloomsburg State College, held its first regular meeting recently with president John Rockwell presiding.

Various items of business were discussed, including nomination of new members for the fall semester and the forthcoming national convention to be held at the Dodge Hotel, Washington, D.C. The two-day convention is "Education, A Program of Action." One of the highlights of the convention will be the main address to be delivered by Mr. Lawrence E. Dennis, Executive Associate, American Council on Education, Washington, D.C. Mr. Dennis, whose topic will be "Service Abroad — A New Dimension for Teacher Education," has been with the Peace Corps for the last eighteen months.

Senior members Stan Rose and Bob Derkitis, will attend the convention as official delegates.

Following the business meeting Mr. David A. Superdock, recently elected faculty advisor of Iota Chapter, spoke to the fraternity concerning programs for the forthcoming school year. He stressed the role of Phi Sigma Pi in the college community and outlined positive steps that the fraternity should take to enrich the professional growth of its own members and through them to serve the whole student body.

## PI OMEGA PI

The first meeting of Alpha Delta Chapter of Pi Omega Pi will be held on Thursday evening, October

11, 1962, at 7:15 p.m. in the Day Women's Lounge. As president, Bob Derkitis, would like to welcome all fraternity members back and urge them to attend this meeting.

Dr. Toumey, the new director of Business Education, is also the new advisor to Pi Omega Pi.

## SIGMA ALPHA ETA

Sigma Alpha Eta held its organization meeting recently. At this meeting the organization planned a Fair Project Rally for the purpose of raising funds for a Christmas Party for handicapped children and to raise funds for the scholarship award to a student in the special education curriculum.

Meetings of Sigma Alpha Eta are held the second Thursday of each month at 7:15 in the social rooms of Science Hall.

## GAMMA THETA UPSILON

The Delta Chapter of Gamma Theta Upsilon has scheduled a number of programs for the year 1962-63. These programs include a lecture on physiography by Mr. John Enman, associate professor of geography at BSC; a lecture on Turkey by Fred Minnick, BSC; a sound film in color, "Honduras"; a talk by Dr. Bruce E. Adams, chairman, department of geography at BSC; the annual spring banquet and a field trip studying the physiography of the Bloomsburg area.

The officers of the fraternity are Mark Hornberger, president; Ronald Miller, vice-president; Stanley Rummel, treasurer; Donna Featherstone, corresponding secretary; Ruthann Shellhamer, recording secretary.

## STUDENT CHRISTIAN ASSOCIATION

On September 12, the Student Christian Association of Bloomsburg State College began its activities for the 1962-63 school year with a welcome party for all freshmen and old members.

## Budget

continued

\$15,575 Added

College and Community services received an increase of \$15,575. Under this heading the significant changes in organizational budgets being homecoming fund, \$850 in 1961 to a proposed \$950 in 1962; Maroon and Gold, \$3,000 to a proposed \$4,000; Olympian, \$350 to a proposed \$475; football programs, \$850 to \$1,250; and the addition of \$1,325 to the Spring Arts Festival.

The funds for musical activities are proposed to raise from \$4,600 to \$5,000. Publicity has remained the same, \$2,100. College organizations have a proposed increase from \$12,225 to \$12,840. An extra \$500 has been added to the furniture and equipment budget bringing it to a total of \$2,500. The reserve for refunds and new projects has been decreased from \$7,275 to \$3,635.

At the second meeting, Mr. Clayton Hinkel, club advisor, welcomed all members, and the officers and cabinet were introduced. The officers for the year are: Mark Hornberger, president; Dean Long, vice-president; Gail Meyer, secretary; and Dave Yergey, treasurer.

## BUSINESS EDUCATION CLUB

The first meeting of the Business Education Club will be held on October 4th at 3:00 p.m. in the basement of Navy Hall. An invitation is extended to all freshmen enrolled in the Division of Business Education and to all upperclassmen in this curriculum to attend the meeting.

Some of the aims of Business Education Club are: to develop qualities of leadership, to promote interest in the organization of commercial clubs in high schools, to encourage scholarship through contests, to become conversant with modern business methods and systems, and to encourage social contact. Throughout the semester the club will attempt to present varied and appropriate meetings which will be of interest to all business majors.

The officers who have been elected for the 1962-63 college year are: Michael Santo, president; Carl Millard, vice president; Gloria Zubris, secretary; and Hilda Farley, treasurer.

## Miss Lucy Valero Speaks To SPSEA

Last Wednesday Miss Lucy Valero, state consultant to SPSEA, spoke to the SPSEA of BSC as a "kick-off speaker" and stimulus for the new membership drive. The organization has planned a number of activities to secure more student interest in the club. The plans include programs with the Boy and Girl Scout Clubs of America and sending SPSEA members with BSC faculty members to the high schools as they interest new students in BSC.

The organization is also sending a delegation to the Allenbury Conference in Morning Springs where they will secure ideas for planning the yearly program. Mr. Richard Mease, faculty advisor, stated that the club hopes to have 450 members as a result of the membership drive.

## WOMEN'S CHORUS

There were 76 women in attendance at the recent meeting of the Women's Chorus in Carver Auditorium. Subsequent meetings will be held each Thursday at 3:00 p.m. in the auditorium. Girls of all classes are invited to join. Several concerts are planned this year.

Officers of the chorus are: Carole Sanville, president; Nancy Gittler, vice president; Carol Davis, secretary; Carol Necci, treasurer; Roberta Cecci and May Dymond, librarians.

The advisor is Mrs. Dorothy J. Evans. Any girl who would like further information about the chorus or who would like to join can contact any of the officers through their post office boxes.

## CIRCLE K

Bloomsburg Circle K Club is going to sponsor Levi A. Kishbaugh as a candidate for Governor of Pennsylvania District Circle K International. The election will take place at a district convention in Allentown on Saturday, September 29. Two delegates, two alternates, and several members will attend this meeting.

Circle K is selling tickets as a service project for their sponsor, Berwick Kiwanis Club. These tickets are for a Shrine Showboat Minstrel being put on October 27 in the Berwick High School Auditorium.

As another service project Circle K is assisting the Bloomsburg Kiwanis Club at their stand during the Fair.

## Dr. Shockley And Class Travel To State Capitol

Dr. Barbara J. L. Shockley, a member of the Committee for State Constitutional Revision and a member of the BSC faculty, recently took her American Government class to the membership meeting at Harrisburg in the House Caucus Room of the Pennsylvania Capitol. Mr. Milton Shapp, who is Chairman of the CSCR, told the 30 BSC students and other persons present the history of the committee. Vice Chairman David O. Maxwell spoke of the plan to revise the Pennsylvania Constitution by convention and not by the alternative method of amendment. Governor Lawrence addressed the group and the BSC students were given an official welcome. The Governor said that he heartily endorsed the revision of the Pennsylvania Constitution of 1874 by convention.

## Better Constitution Needed

The Committee for State Constitutional Revision is a non-profit and non-partisan state-wide volunteer organization. The purpose of this committee is to acquaint the people of Pennsylvania with the need for a more adequate state constitution for the Commonwealth of Pennsylvania. The Woodside Commission of 1959 found 123 amendments were needed to revise the 1874 Constitution. The CSCR thinks an omnibus revision by Convention would be more effective and eliminate the dangers of half-way measures in an amendment procedure. At the present time, the Central Susquehanna Valley Chapter of the State Committee has been organized and this chapter includes Columbia, Northumberland, Union, Snyder, and Montour Counties.

## All Issues Considered

The CSCR plans to encourage the public to elect an uninstructed Constitutional Convention in 1963 or 1964 in which all the issues and the proposals for revision will be considered and resolved in a democratic fashion. A number of plans have been proposed with respect to a time table. In general, the plan calls for the General Assembly to pass a bill to authorize the calling of a State-Wide Constitutional Convention for about the year 1963. Next, an election will be held for the purpose of electing delegates to this State-Wide Constitutional Convention. The Convention will then spend several months studying the many proposals that some 55 organizations and persons of great eminence have made with respect to the changes to be effected in the present Constitution of 1874. Their findings will then be incorporated into the revised constitution and this instrument will be presented to the voters of Pennsylvania in a Referendum in 1964 or 1965.

# Football Team Opens Season on Sour Note; Huskies Fight Hard, but Bow to LH, 34-14

The Husky gridders opened the 1962 football campaign on a sour note as they were defeated by the Bald Eagles of Lock Haven 34-14. This was the first game of the season for both teams. Bloomsburg drew first blood scoring early in the first quarter. The fine quarterbacking of Dick Rohrer and the running of Gary Sprout and Buzz Boerner led to the pass play from Rohrer to Moses Scott for the touchdown. Scott then kicked the extra point to make the score 7-0. Lock Haven came right back and tied the score with a few minutes left in the first quarter. They scored again midway through the second quarter to lead, 14-7. The Huskies roared from behind to tie the score at 14-14 going into the half-time intermission. On this short drive, Sprout and Boerner were the workhorses, and Sprout finally scored on a 2-yard plunge over right tackle. The extra point was scored by Scott on a run around left end.

### Team Effort

The Husky linemen, led by Bob Christina, "Duke" Denick, John Sills, Trevor Carpenter, Art Tinner, Gary Stackhouse, Lou Ciocca, Neil Mercado, Gary Barnaba, and Jack Currie, did a good job in containing Lock Haven's running attack. Hats off to Gary Barnaba and Bob Christina who played an outstanding game at defense.

Boerner (who averaged 5 yards per carry) along with Sprout (4 yards per carry) led the Husky rushing attack. Between the two of them, they carried the ball 27 of the 31 rushing plays. Bucko Davala played a fine game at his end posi-

tion as he hauled down five passes from Rohrer for good yardage.

All in all it was a good team effort, and the breaks were just not in the Huskies' favor. Lock Haven has a good team, but on paper they were not that much better than the Huskies.

### Injuries

The Huskies not only lost the game, but they also lost the services of Bob Letcavage for the rest of the season; Bob suffered a dislocated shoulder injury. Larry Tironi sprained his ankle on the second play of the game, but he stayed in and turned in a fine performance at defensive halfback. Larry was on crutches at the time of this writing, so it looks like he may be out of action for a few weeks. Tomorrow, the Huskies take on Mansfield here at home. This should be another good game, so let's get out and support our team.

### Bucknell Scrimmage

On September 15, the squad met the Bucknell Bisons in what was to be a scrimmage but was played under game conditions with the exception of kick-offs. In general, the Huskies played well, but they lost to the highly-rated Bucknell team, 21-14.

During this first workout, the Huskies lost the services of Lee Fredericks and Roy Peffer. Fredericks will probably remain inactive during the rest of the season because of his broken ankle, and Peffer's knee injury will keep him from playing indefinitely.

A pass from Rohrer to Peffer gave the Huskies a 6-0 lead at half-time. Bucknell came back with two scoring passes that put them in the lead, 15-6; the Huskies then scored 6 points on a 60-yard TD drive plus two extra points. Less than one minute remained when the Bison scored on a pass into the end zone to take the game.

All students are encouraged to join the M&G staff.

## Scholarships continued

Last year there were 10,000 applicants for these scholarships. Of this large number of entries, one thousand individuals will be given grants outright while others will win honorable mention which in turn might open the door to other scholarships for these people. The final selection of nominees to receive these awards will be announced by the Foundation in March, 1963.

## "B" Club Holds First Meeting; Officers Elected

The "B" Club, the women's athletic association, held its first meeting September 20. The officers for the new year are as follows: President, Mary Spong; Vice President, Margaret Berhalter; Secretary, Nancy McFerran; Treasurer, Marjorie Snook.

The fall activities of the "B" Club include archery, tennis, and field hockey. The club also has an extramural field hockey game scheduled with Lock Haven for October 4th at 4:30 p.m. at Lock Haven. On October 22, at 4:30 p.m., Lock Haven will come to BSC for a second game.

### Participants Wanted

The club meets on the first and third Thursday of each month at 7:00 p.m. in room 14 of Waller Hall. Any woman student wishing to participate in any of the scheduled fall activities may do so by reporting at the designated time. Instruction will be given to a person who has had no experience in the activity.

The girls have planned a party intended especially for our freshmen women who are interested in sports. It will be held October 18, at 7:00 p.m. All interested freshmen women should sign up on the appropriate sheets which can be found in the smokers of Waller Hall.

Miss Wray is again the club's advisor. With her guidance and the cooperation of all the members, "B" Club hopes to have a very successful year.

On October 1st, the intramural archery tournament will start with the shooting of two ends (12 arrows) from the distance of 20 yards. On each succeeding day of the week two ends will be shot from the distances of 30, 40, 50, and 60 yards respectively on Tuesday, Wednesday, Thursday, and Friday.

During the week of the tournament shooting may begin at 5:30 p.m. and practice will be allowed until 6:15 p.m., at which time all practice must stop and the twelve arrows will be shot for score. Scores must be recorded immediately after shooting with the I-M coordinator. The greater composite score will be declared the winner upon completion of shooting all distances.

All equipment needed may be checked out from office #5, Centennial Gymnasium, during the hours of shooting listed above.

## INTRAMURALS

In just a few short days, BSC's 1962-63 intramural schedule will move into full swing under the direction of Mr. Robert Zeigler, who manages the school's coaching staff during baseball season and takes an assistant's roll during the football season.

"This year," in the words of Mr. Zeigler, "the events will be better than ever if we can get more boys to come out and play. Last year, we did have some trouble with participation. I like to think of our programs as being very successful, but when I see the same boys participating in everything, I feel some are holding back. This is the reason I have included more sports, of varied natures, to the calendar. I would like to see these boys out this year so that they may get the feeling of clean competition and good physical activity. If I get this, the games this year, in my opinion, will be a great success."

### Table Tennis to Touch Football

Mr. Zeigler could not have made a more appropriate statement when he said that boys are in great need of clean competition and good physical activity. The nation, as a whole, is in need of vigorous physical training. This year the training is yours for the asking. A total of twenty-one games, ranging from table tennis to touch football, are listed. These include seven new sports, some of which are hardball, cross country, chess, and contests in weight training. All of these games are played with the newest and finest equipment available today, and all precautionary measures are taken in order to protect the players.

### Awards Offered

Monogrammed shirts are given as awards to all men who participate on a championship team. When a man has taken part in three first-place teams or has won three individual events, he becomes eligible for a gold cup.

This month touch football, soccer, tennis (singles), and archery will start the ball rolling. So get your entry blank and roster cards, use the new entry box which will soon be found outside office 5 in Centennial Gymnasium, to submit your team, and watch the bulletin boards for additional information.

### Three New Girls

The students of BSC and Miss McComb, squad advisor, officially welcomed three new cheerleaders and two returning girls on Mt. Olympus during the Lock Haven football game.

Returning captain Nancy Rodgers was assisted by Mary Ellen Horner, Fern McCollough, Karen Fausey and Judy Andrews. The girls were attired in new uniforms as they led the college cheers and songs.

These girls, drawn together because of a common desire to lead BSC's victory cheers, hail from diversified backgrounds.

The petite captain, a junior in elementary education with a biology field of concentration, comes to Bloomsburg from Pottsville. While in high school, Nancy served as captain of her cheerleading squad. Here on campus, she serves as treasurer of the Choraleers, hall counselor, and as a member of the Hospitality Committee.

### Mary Ellen Horner Also Returns

Returning with Nancy is peppy Mary Ellen Horner. This elementary education junior from Harrisburg enjoys singing and dancing. Last year she participated in the college musical "Plain and Fancy." In addition to being on the squad, Mary Ellen has joined the Choraleers.

Hailing from Fort Washington, Fern McCollough is an elementary education major and the lone active sophomore on the squad. Fern enjoys playing the piano and serving BSC as a member of the Customs Committee and as a Waller Hall counselor.

### New Freshmen

Practicing in the gym each afternoon is a freshman named Judy Andrews. This blond elementary education student was the mascot at Abington High School. She was fortunate enough to be an exchange student to Germany this past summer.

Karen Fausey, a frosh in secondary education, represents the town of Bloomsburg. Although new on the BSC squad, Karen has been a high school cheerleader for the past four years. She uses her spare time in reading and sewing.

Inactive, but nevertheless on the 1962-63 squad, is Marilyn Rink, a sophomore from Abington.

Glad to see the lounge mob has diminished to its usual proportions.

Make plans for homecoming now, October 19, 20, 21.
