Number 19

## Dr. Maurice Goddard Addresses Faculty Association on 'Project 70'

"Project 70" was the topic of Dr. Maurice K. Goddard's address to the BSC Faculty Association meeting held on Monday, March 9 in the lobby of the College Commons.

Dr. Goddard, Pennsylvania Secretary of Forests and Water, is trying to obtain support for the enabling legislation (Senate Bill 4) which has to pass the special session where it is being considered before it can be implemented.

The major text of his speech consisted of the reasons for Project 70, what Project 70, is and how it stands at the present time.

### Reasons for "Project 70"

The main reasons for Project 70 are: (1) People pressure — people are demanding outdoor recreation opportunities and, therefore, it must be supplied to them. Ninety per cent of the American people now participate in outdoor recreation and, since the population will double in 40 years, reports indicate that the demand for recreation will triple. Reasons for this include automation and increased leisure time, a higher per capita income, better transportation facilities, and higher education. (2) Recreation is a big business. Over \$20 billion annual business recreation is the fourth largest industry in Pennsylvania. (3) It improves industrial opportunities in a community. Dr. Goddard considers it as important as a college to a community. It is one of the emenities of life. (4) It provides broad social and individual benefits. There were 700,000 cases in juvenile court last

Dr. Goddard

year, and a main reason for this was "nothing to do."

### Second Phase

The second phase of the address was What is Project 70? Seventy million dollars to be spent by 1970 on land for parks and recreation areas is the answer. Why 1970? Because that was the year that the Interstate Highway System is to be completed. How is it going to be spent? Forty million dollars will be provided for regional parks in metropolitan areas in the critical urban counties. Five million will be given to the Pennsylvania Game Commission. The Fish Commission will receive another \$5 million—a note on this is the fact that the proposed reservoirs on Briar Creek

(Continued on page 3)

## Four Preps Open Fourth Spring Weekend; Concert Tonight In Centennial Gymnasium

### National Defense Funds Increased

Bloomsburg State College is receiving an additional allocation of \$15,000 for a total of \$65,633 under the National Defense Education Act.

These funds are used by the respective institutions as student loans under the terms of the National Defense Education Act. The loans are repayable at low interest rates, and the funds are administered exclusively by the participating institutions.

### Other Increments

In addition to BSC, Mansfield State will receive an additional \$10,528, bringing its total for fiscal 1964 to \$43,000; Pennsylvania State University \$225,000, bringing its fiscal 1964 total to \$475,000 and Lock Haven State, a total of \$57,937 through the additional allocation of \$14,186.

### Maietta Presents Research Paper

Dr. Donald F. Maietta, Director of Special Education, will present to the membership of the Pennsylvania Speech and Hearing Association, a research paper entitled "Speech Intelligibility of Brain Injured and Non-Brain Injured Mentally Retarded Children." The fifth annual convention will be held in Harrisburg on March 21.

### Alumna Heads School

Miss Iona Burrows, a graduate of BSC, and presently supervisor of speech and hearing services at Selinsgrove State School and Hospital, is a co-investigator in the research project and will assist Dr. Maietta at the Convention.

The Pennsylvania Speech and Hearing Association is a professional society for scientists, clinicians, teachers, and others concerned with human communication and communication disorders. It encourages scientific research, disseminates knowledge, and promotes high standards for professional training.

### Secondary Student Teachers' Meeting

All secondary students who intend to do their student teaching the second semester of next year (Spring Semester of 1964) will meet in Carver Auditorium at 4:00 pm, Monday, March 16, to fill in applications. It is extremely important that all students who intend to student teach at this time be present.

Also, any secondary students who intend to student teach the Fall Semester of 1964, who did not fill in an application at the meeting that was held on February 27, should attend the meeting in Carver Auditorium.

Because of the large number of students who intend to student teach next year, it is imperative that application be made now. Those who fail to do so, may find themselves in an embarrassing position as far as student teaching assignments go.

### Needed Information

Students should know the following information for the meeting:

1. Your overall Q.P.A.
2. Your Q.P.A. in your teaching field.

Four Preps

### State Legislators Visit BSC Campus; Activities Planned

A group of 22 State legislators will visit the BSC campus on Mar. 19. The visit will provide an opportunity for the five senators and 17 representatives to tour the campus, observe the college plant in operation, meet administrators, faculty, and members of the student body.

### Plans for the Day

The legislators, representing a 10 county area, will be joined by the Board of Trustees and a committee headed by Mr. Kenneth Roberts, Assistant Principal, Benjamin Franklin Laboratory School. The members include Dean Hunsinger, Dean Jackson, Dr. Rabb, Dr. Sturgeon, Mr. Creasey, Mr. Sunderland, and Mr. Dieterick. The legislators will attend the assembly to hear the candidates present their speeches for CGA offices; visit the Husky Lounge, and attend a discussion with faculty and administration in the Alumni room. They will then attend the evening meal in the college Commons.

(Continued on page 4)

DEAN HOCH has announced that reports of nine weeks grades will be delayed due to the necessity of placing the order of the forms up for bid. The grades will be sent out as soon as the now supply of forms is received.

3. The number of credits you have to date.
4. The courses you intend to take this summer, if any.

However, do not bother the Dean of Instruction's Office for this information. This is information every student should be able to figure out for himself.

Please note that Teaching of Reading is required of all secondary students before they graduate, but it need not be taken before student teaching.

### Sophomore Dance Saturday Evening

Spring Weekend at BSC will get underway tonight with a concert by the Four Preps in Centennial Gym at 8:30 pm. On Saturday evening the Sophomore Class will conduct a dance, "Koffee House Kapers," in the gym featuring rock and roll music by the Stereos. Both events are sponsored by the Com.

In 1957, when the Preps began recording for Capitol, they were the youngest vocal group on a major record label. Contrary to what seems to be the musical law of Nature for teen vocal groups, their careers didn't end with one big hit. Some great record hits by the Preps are: "Down by the Station," "Big Surprise," "Lazy Summer Night," "Got a Girl," and "Cinderella" (which they sang in the motion picture "Gidget").

### Smash Album

By mid-summer of 1961, when their smash album, *The Four Preps on Campus*, became a national best-seller, it was apparent that the Preps had smoothly matriculated to college and adult audiences. Equally as entertaining and successful was their follow-up "in person" album *Campus Encore*. From their campus caravan of breaking attendance records, they successfully glided into television appearances, state fairs and the top night clubs in the country.

A smooth vocal blend, a quick wit, and an uncanny sense of timing are part of the talents which hold the group together. Glen Larson and Ed Cobb attended Los Angeles City College. Bruce Belland and Marvin Ingram attended UCLA. All had other ambitions picked out: Glen, a TV writer; Bruce, a public relations man; Marvin, an attorney; and Ed, a research chemist; but their current success in the music world has caused them to divert from their original goals.

If there were any doubts about the Preps' versatility, one of their hit records, "More Money for You and Me," should have cleared them up. In it, the Preps spin off amazingly accurate imitations of other vocal groups ranging from The Fleetwoods to The Four Freshman.

The sophomore dance will be presented from 9:30 to 11:00 Saturday evening. The setting will be a Koffee House with coffee and donuts being served continuously in the lobby.

A contest has been held to provide original abstracts to be used as decorations. Winners will be announced and prizes awarded during the dance. The winning abstracts will be on display in Husky Lounge next week.

To coincide with the mood of the

(Continued on page 2)

### Attention Juniors

Portraits for 1965 Obliter will be taken for 10 days beginning April 1 in the former Day Men's Lounge, second floor of Noetling Hall. All students who expect to graduate during the college year 1965 must have their photographs taken at this time.

Members of the Obliter staff will schedule sittings during the week of March 16-21 from 9:00 am to 4:00 pm, during the week, and 9:00 am to noon on Saturday. All juniors will be expected to schedule an appointment.

### Civic Music Sponsors Piano Duet

Dallas Weekley and Nancy Arganbright, piano-duettists, will present a concert on March 30 in Carver Auditorium. The program, sponsored by the Civic Music Association, will include music by the master composers. Tickets will be available free of charge in the office of the Dean of Students.

### One Piano, Four Hands

Mr. Weekley and Miss Arganbright, graduates of Indiana University, pursued solo concert careers prior to their marriage in 1957. Soon after, they began giving recitals of one-piano, four hand music for the sheer joy of making music together. These recitals met with such overwhelming success

that they decided to sacrifice individual careers to form one of the few professional piano duet teams in the world today.

### Typical Review

A typical review for Weekley and Arganbright, following a recent recital, was headlined "Piano Duo Hailed for Varied Program, Sensitive Artistry..." Weekley and his lovely wife had ample technique to meet any and all demands made upon them by the music they played. They played sympathetically, and with a sensitivity that is all too rare. In addition, they played with a oneness that made one forget that two people were involved in this.

## Responsibilities of Electors for CGA

Now that the primary elections have passed and we are again faced with the selection of CGA officers for the coming year, it might be well to review again the responsibilities of every voter. These responsibilities pertain not only to those of us who have reached the voting age and must, therefore, think seriously about an upcoming national election, but also to every other student on campus.

### High Caliber Government

The CGA supplies us with student government of high caliber; it forms the base of all student activities through the annual allocations. It is our responsibility, therefore, to see to it that the high caliber of government is continued, and the only way to do this is to be aware of the candidates' qualifications, experience and personalities.

### Needs Stamina

It takes a student of varied abilities and character traits to lead the CGA. Not only must he have the usual trite characteristics such as leadership, honesty, and friendliness, but also a tremendous amount of stamina and stick-to-itiveness to get things done.

It is imperative that the election is not turned into a mere contest based on who knows the most people. True, a good personality is an immeasurable asset to a person in a position of leadership, but it should not become the sole basis of judgment.

### Voters' Responsibilities

It is every voter's responsibility to become familiar with the workings of his community government, and then, after weighing each candidate individually, decide which one will best fulfill the job, in his estimation. If everyone does this, there is no doubt that the CGA will continue to sustain high standards. Also, we might add that your primary responsibility is to vote and to vote intelligently.

## Exams: Consideration and Calmness

It doesn't seem possible, but the nine weeks grading period is coming very close. This is very evident; all the teachers begin to schedule test after test for that last week. Teachers schedule tests; students pull their hair out; and all is utter chaos for that week.

### Consideration

It is realized that there is not much that can be done except to show some consideration (teachers and students) in this very hectic period. We must also understand that in our educational system at present there is no other effective method of evaluating students. Testing, therefore, becomes a necessary factor in our system.

Considering this fact, we urge all to put their best behavior forward and give fellow students due consideration in this trying time of nine weeks testing.

## Four Preps Will Give Concert

### Fellow Students:

The purpose in my writing this letter is to dispel any rumors that you might have heard concerning the Four Preps concert. Many of you are of the opinion that the Four Preps will put on a poor concert at BSC. This rumor is completely false and has no basis in fact.

The Four Preps have one of the best reputations in the field of college concerts. This is a reputation that they must keep, and they work hard at putting on a good show. We are also protected legally by a contract which says that they must put on a show equal to their reputation. If they do not, they are, once again, subject to legal action. Lastly, I believe that the College Council has been quite fair and honest with the student body. We would no sooner think of sponsoring a poor show than of sabotaging the I.B.M. office.

I, therefore, ask for your cooperation with the concert. Please remember that the success of this, and any future Big Name Entertainments depends on your backing and support.

Sincerely yours,  
Jerry Howard

### Reserve books may be charged

#### out over Easter vacation:

3-day Reserve—anytime Wednesday, March 25 until 4:00 pm.  
Regular Reserve—2:30 Wednesday, March 25.

Reserves will be limited one per course to a student until 4:00 pm when additional reserves may be charged.

All Regular Reserves will be due 8:00 am Wednesday, April 1.

Note: Library card or I.D. card must be presented.

## FOUR PREPS CONCERT

(Continued from page 1)

dance, dress should be casual and comfortable. Admission will be the ticket stub from the Four Preps Concert.

Gill Gockley, Sophomore Class President, is general chairman of the dance. The following are serving as committee chairmen: Lynn McCafferty, Nancy Smith, and Arlene Loyack, decorations; DeDe Loch and Barb Shore, publicity; Irv Zablocky and Dave Trout, materials; and Sue Wilson and Judy Andrews, refreshments.

## BSC Folk Group At Tray of Hearts; Special Field Is Popular Folk Music

The Parlor City Singers of BSC are appearing at the **Tray of Hearts** in Sunbury, Pa. On Saturday, Mar. 14, Ric Skinner, George Cunningham, John Kerlish, and Barbara Szymanek will provide an evening of lively folk music at this local coffee house. This talented group will probably be entertaining every third week at the Tray.

This student foursome originated and grew at BSC; it developed

## Olympian Accepts Variety of Work

Some of the best that has been thought and written at BSC will be found in the 1964 **Olympian**. Approximately twenty-five BSC students will exhibit their creative talents in the form of poetry, fiction, and criticism. Student ability in the graphic arts also will be seen in the various illustrations and the cover design for this student publication.

### Five Poets

As an additional feature, the **Olympian** will print some of the unpublished work of five modern British poets. Among these poets will be Patrick Bowles, an editor of the **Paris Review**; Charles Tomlinson, a frequent contributor to **Poetry**; and Thom Gunn, a British poet who is presently teaching at the University of California. Michael Hamberger and Sean Lucy, two additional figures in the field of modern poetry, have also sent selections of their work.

According to Mr. Gerald Strauss, advisor to this literary magazine, the inclusion of some of the work of these poets will introduce and acquaint BSC students with a few of the new trends and names in modern poetry. The work of some of these poets is not readily accessible to American college students.

### Student Magazine

It should be remembered, however, that the **Olympian** is a student literary magazine which provides a voice for student writers. **Martin Bane**, editor-in-chief, feels that this year's edition will not be an exception to the rule. When the **Olympian** goes on sale in the middle of April, students will find ample evidence of the wide variety of creative talent which exists at this college.

## Superdock Receives NSF Fellowship Grant

Mr. David Superdock, one of BSC's physics professors, has been granted a Science Faculty Fellowship for studies toward his Doctorate Degree in Physics. He will study for three summers at Pennsylvania State University with The National Science Foundation paying tuition and expenses. The Fellowship is awarded on a competitive basis with approximately 2,000 applicants and 400 grants.

Mr. Superdock has been a member of BSC's faculty for four years. He was graduated from here and has done graduate work at Pennsylvania State University and Bucknell University.

## Student Poetry

### GOLGOTHA

"Let us go now, go and leave this place  
And controversial looks about His face.  
Let us leave, for soon the light will dawn  
Upon the mob that struggles to be gone  
Away from what these ages have decreed  
And men who need to perish to be freed.

It would be so much less, our going down,  
If still the slippery Rock were underground  
Where we might walk above it unawares  
About our going down and all its cares.

The time grows dim around the spansive town:  
Come, and we'll soon have done our going down."

Ken Musselman

## Downbeat Accepts Student's Theme

Do you have any extra freshman themes? If you do, perhaps you could use them as John Jagodzinski did. John, a freshman from Nanticoke, Pa., sold one of his fine themes to **Downbeat**, the well-known jazz publication.

John's article, entitled "The Beautiful Persons," is a humorous, but cynical, satire on pseudo-jazz aficionados. The freshman said he received his impetus to write the satire when he attended a jazz session in Washington, D.C. Many jazz enthusiasts, John claims, exhibit outward manifestations of complete enjoyment of the music, such as body-swaying, trance-like looks, etc. In reality these so-called jazz lovers have no real understanding of what jazz really is.

### Utilizes Satire

Jazz, however, is not the only thing which John enjoys satirizing. Satire, he feels, is the one literary form of expression which adequately captures his ideas and opinions about life. John has written satires on everything from textbooks to the Cuban situation. Although he realizes that an overuse of satire could lead to an extremely cynical attitude, John feels that a skillful use of both language and tone can keep the writer from approaching the supersaturated level of bitterness.

### Writing & Sports

John's interest in writing complements another important avocation—sports. Presently, this veteran is under contract to write a history of softball for the **Wilson Sporting Goods Company**. John's knowledge of softball stems not only from his wide reading, but also from his active participation in the sport. During the summers, he plays for the California Cutties, a novelty men's softball team. As a part of their performance, the Cutties don women's clothes and play various amateur ball clubs throughout the country. This freshman also has played for the **Kansas City Monarchs**, a professional ball club.

"Matrimony—an institute of learning in which a man loses his bachelor's degree and his wife acquires a masters."

"Middle age is that time of life when your narrow waist and broad mind change places."

Last year beer drinkers throughout the world downed a record of 9.3 billion gallons; Americans were ninth with 12.6 gallons per person.

### Leprechauns Aid College Students?

by Luton Houtz

Tomorrow marks the day for the annual appearances of shamrocks, brogues, whiskey, and a tearful rendition of "Mother Machree." Once again it's that proud day o' the Irish, St. Patrick's Day. Everyone who has a speck of Irish blood on them will deck themselves out in a suit of green and dance to the tune of "MacNamarras Band." The streets of New York will overflow with the St. Patrick's Day parade and the "O's," the "Mc's" and the "Mac's" will chalk up another "green" year.

#### Leprechaun Magic

The Irish, however, did not do this all by themselves. Oh no! They had one very important thing working for them which no other nationality has, and that is the famous Irish leprechaun. Who has not heard of these wee, but mighty, beings? They not only help the Irish, but also pitch in and help others in need. At Bloomsburg, we poor students are often desperately in need. Right now, these little critters could not be more welcome—especially with mid-semester exams in evidence everywhere. Who wouldn't give their right arm (providing it is not their writing arm) to have one sitting on their left arm during a test? Wouldn't it be most convenient to just whisper, "Herklimer, (Irish?) what is the solution to this calc problem?" And they are just excellent for doing a term paper in English (especially if it's on Irish folklore). All you have to do is have Ivan call his little friends and march them over the keyboard of your typewriter. The results are amazing! *Tbegvo, bsbubego, smcn d bb NL*. Well, at least the period is in the right place.

They are also fine companions for that long trek up to Dillon House. They enjoy perching on your earlobe and carrying on a conversation. Just be careful not to scratch your ear. Then, too, they are very useful for getting even with someone you do not like. Each leprechaun has his own special brand of curses and hexes. They are, of course, always careful not to do any physical harm to the victim. They will only choose an inanimate object such as a term paper. Can you imagine the surprise of an English prof who gets a term paper on the new methods in math? The student is usually surprised also because the paper was written originally on the works of Ralph Waldo Emerson.

#### Pot of Gold

Of course, the most famous item of the leprechaun magic is the famed pot of gold at the end of the rainbow. Now, just about every college student could use this little tidbit, but the leprechauns guard the secret very jealously. And may the great gods help any poor mortal who tries to wrest the secret away. But perhaps if you obtain the assistance of your own little Chauncey, you may be able to unlock the secret. So have a good St. Patrick's Day and may the luck of the Irish be w/ ye!

Say "HAPPY EASTER" with **Ralph Dillon's FLOWERS** Corner East & 3rd Street Bonded FTD Service

### Exchange Student Heard By La Liga Estimada Espanol

Jarvier Fernandez Calderon, a foreign exchange student from La Paz, Bolivia; was the guest speaker at a recent meeting of La Liga Estimada Espanola. Gary, as he is called by the members of Bloomsburg High School which he is now attending, has studied the English language only one year and already speaks it quite fluently.

#### Educational System

Addressing the club in his native tongue (even though he prefers to use English), Gary expounded upon the educational system of Bolivia. As in the United States there are four major divisions—kindergarten, elementary, secondary, and college. The colleges, which are both publicly supported by the government and privately financed, begin the school year in early February and terminate the school year in late November. Daily classes start at 8:30 until noon, at which time there is a two hour lunch break. Then they resume for three more hours. Between each class is a ten minute recess. Just as the scholastic aspect is similar to the United States, so is the athletic program. Baseball, soccer, volleyball, and tennis are just a few of the sports that our neighbors to the south enjoy.

Gary, who is one of seven children, will return to Bolivia to complete his high school education and then enroll in one of the universities. Before leaving BSC, he admitted that Spanish was more difficult to learn than English.

### 'Project 70'

(Continued from page 1)

are in the plan of the Fish Commission to enlarge for recreational purposes. The final \$20 million will be for matching grants to local governmental bodies for parklands. They want more energetic effort by the federal government, also the state and local agencies.

#### Stand Taken

The third item was the stand that was taken on Project 70. It passed two legislative sessions in 1962 under a Democratic administration and under a Republican administration in 1963. Last November it was placed on the ballot as a referendum issue and received a majority vote of 113,000. The next step is the enabling legislation which is before a special session at the present time since the regular session is considering only fiscal matters.

### First Time Donors Aid Blood Supply

The Red Cross Bloodmobile received 181 pints of blood during its visit here on March 5. Of the 181 donors, 80 gave blood for the first time.

The BSC committee was headed by Priscilla Bangor and Frank Plucinsky. Mr. George Stradtman was faculty coordinator with several students serving on the committee.

The staff was headed by George Chamberlain, blood program chairman; Dr. Kimber C. Kuster, chapter chairman; Mrs. Etta P. Adams, RN, executive director; Mrs. R. Engle, chairman for the day; Dr. Fred Reese and Dr. D. W. Beckley, physicians.

### Marine Recruiter Recruits Recruits

The Marine Corps Officer Selection Officer will be on campus April 14-15 to interview men and women students for Marine Officer training programs. The Officer Selection Team will be stationed in Husky Lounge to provide information and interview applicants.

#### Officer Training

All Marine officer training is conducted at Quantico, Virginia. Qualified seniors who accept the challenge of Marine leadership training will be draft deferred upon enrollment until they have met the requirements for their degree and graduate. Upon graduation, they will attend a ten week training course and then be commissioned. Women applicants, with extensive background experience, may be guaranteed initial assignment to the field of their choice.

America's role in today's world places upon each college graduate the need for individual leadership, confidence, and self-reliance. These attributes are required in business and the profession as well as in the military.

### Aumiller Addresses Hospital Nursing Staff

Dr. Lee Aumiller of the Department of Education and Psychology of BSC addressed the instructional staff of the School of Nursing at Geisinger Memorial Hospital on February 27. Dr. Aumiller discussed changes in secondary school curriculums that have been adopted by secondary schools in Pennsylvania.

Dr. Aumiller also discussed a comparison of the abilities of stu-

### LITTLE MAN ON CAMPUS

"CLASS, IT HAS BEEN BROUGHT TO MY ATTENTION THAT WE SHOULD REVIEW SCHOOL POLICY ON CLASS 'CLITS'."

### Announcements

#### THURSDAY

Circle K will hold its meeting on March 19 at 3:00 pm in Noetling Hall 12 (J). Dr. Alfred J. Macauslin, will speak on the subject "New Developments in Standardized Testing for Non-Academic Character Traits."

The Intra-Mural Chess Tourney will be held at 3:00 pm in the Day Men's Lounge, Science Hall. The tourney is open to both men and women.

A combined assembly will be held in Centennial Gym. CGA Campaign Speeches will be heard at this time.

"B" Club will hold its meeting at 7:15 pm in Room L.

#### GENERAL ANNOUNCEMENT

Juniors, don't forget to sign up for 1965 Obiter pictures, March 16-21.

The dictionary is the only place where success comes before work.

dents entering college today with their counterparts of five to ten years ago. The hospital is interested in the possibility of using programmed materials to teach certain subjects in the field of nursing.

### Chess Team Loses

The BSC Chess Team was defeated on March 5 by the team from Lehigh University by a score of 3-2.

One of the most interesting games of the match was played on the third board. BSC's Kurt Koehler came from behind three times to finally force the resignation of Cave Ettinger of Lehigh. Gordon Clapp won by forfeit.

Larry Martz and Garry Deets were both defeated after playing a strong game. Joseph Kressler was matched against Lehigh's near expert, Harvey Goldrich. Kressler started a winning combination, but through an oversight, failed to complete it and consequently was defeated.

Following their policy of providing big-name entertainment for the college students, East Stroudsburg State's Weekend Council will sponsor the Brothers Four "in concert" on March 21 in the college gym.

Area college students are invited as the guest of the East Stroudsburg State College collegians at \$3.00 per person.

### There's a time and place for everything

Right now Shakespeare has you engrossed. But when you've finished "Romeo and Juliet," take a "telephone break" and call home. Your parents would love to hear from you. It means so much—costs so little.

# Six BSC Matmen to Graduate

Graduating Husky wrestlers: Top, left to right: Dave Stuempfle, Dick Scorese, and Jerry Fortney. Bottom: Joel Melitski, John Owen and Dave Weaver.

There are six varsity wrestlers that will be graduating. These six wrestlers are Jerry Fortney, Joel Melitski, Dick Scorese, Dave Stuempfle, John Owen, and Dave Weaver.

Jerry Fortney's varsity record stands at 9-0-2 in the 115 weight class. In 1962 Jerry placed second in the PSCAC wrestling tournament and in the '63 Tournament he took first place honors. In 1964, Jerry took third places in the Wilkes Tournament and the State Tournament.

### Melitski

Joel Melitski's outstanding record is 20-2-1, and Joel has various titles to his credit. In 1961, while wrestling in the 115 weight class, he placed third at the Wilkes Tournament and second at the State Tournament. In 1964, he took first places in the 123 weight class at the Wilkes Tournament and the State Tournament.

NAIA champ Dick Scorese has a most impressive record for his four years of service with 33-7-5. Along with the record in 1961 and 1962, Dick placed second in the State tournament, in the 137 weight class. In 1963, he took first place at 157 lbs. at the States and became NAIA champion at 137 lbs. and in 1964 took second place at States.

Bring Your Date or Meet At the Grill

Dave Stuempfle has a 25-6-4 record for his four years of varsity wrestling. In 1963, Dave won honors by taking third place at States and fourth place at Wilkes.

John Owens is usually known as "Jack, the Giant Killer." He got his nick-name from his handling of bigger men when he was wrestling in the unlimited division. John also wrestled in the 191 weight class. It was in the 191 class that he took fourth place in the State Tournament. John's overall record was a hard earned 10-4 record.

### Weaver

Dave Weaver saw very little varsity experience because he was wrestling behind Joel Melitski and Bill Robb.

## Tankmen In State Swimming Meet

Today the BSC tankmen are traveling to Slippery Rock State College to participate in the fifth annual State College Swimming Meet. Starting time will be at 8:00 this evening.

In the years passed, West Chester has come out on top. Last year they won the championship at Bloom's own pool; however, in last year's meet BSC tied for fourth place with Millersville State College.

Floyd Grimm, the team captain, makes his last appearance after four years of varsity participation. Don Hopkins, the team manager and one time swimmer, performs his last duties.

# Matmen Defeated; Robb, Taylor Pin

The Husky matmen returned from Lehigh University this weekend on the short end of a 17-13 score. Lehigh, ranked fifth in the nation, came from behind to hand the Huskies their third dual match loss of the season.

### Melitski Loses First Match

Joel Melitski, hampered by an injury received in the State Tournament, saw his winning skein come to an end as he lost by decision to Lehigh's Rich Warnke, 12-8.

### Robb, Taylor Pin

In the 130 pound division, Bill Robb met one of Lehigh's top men in Bill Stuart. Stuart entered the match with a 9-1 record. Going into the third period Robb was ahead 7-5. It took Bill just 28 seconds of the final period to put his man on his back and give the Huskies their first five points of the match.

While the 3,300 fans were still catching their breaths, Eddie Taylor was working on Larry White for a pin. Leading 5-1 at the time, Taylor pinned in 2:22 of the second period to give the Houkmen a 10-3 team lead.

In the 147 pound class, Dick Scorese met Lehigh's undefeated captain, Doug Koch. Koch gave Lehigh three points as he decisioned Scorese, 6-2. The Engineers continued to close the gap as Harley Ferguson won a 9-3 decision over the Huskies Bill Paule.

The Huskies got their last three points of the evening in the 167 pound match. John Owen, who usually wrestles 191 or unlimited, decisioned Bill Lachenmayr 3-1 in a well-wrestled match.

The Engineers added eight points to their team score in the last two matches of the evening as Bushner decisioned Stuempfle and Illengworth pinned Vargo. In that last match, Tom Vargo was facing a man with a 60 pound weight advantage. Illengworth placed in the NCAA wrestling tournament last year.

The Huskies will be idle until they travel to Spearfish, South Dakota for the NAIA Tournament.

## Huskiettes of BSC Close Season, 5-2

The Huskiettes of Bloomsburg State College recently finished their season by defeating the girls of Wilkes College. The final score was 38-25.

Bloomsburg took an early lead in the game with the half time score at 28-10. High scorer for the contest was Marilyn Sheerer with 15. Assisting in the scoring was Lori Miller with 9, Ann Smalser, 8; and Dee Mushrush, Louise Teyruso and Nancy Moyer with 2 each.

The girls record for this season was 5 and 2. Bloomsburg's only two defeats came at the hands of Lock

# Baseball Prospectus Is Good; Mentzer Is New Head Coach

Since the weather is starting to change for the better and the indoor sports of winter are terminating their seasons, the sports scene now changes to the out-of-doors arena. For this reason we would like to present a picture of the Husky baseball team.

### Returning Lettermen

In the pitching department the Huskies have four men returning. They are By Hopkins, Jerry Doemling, Terry Wood, and Roland Boyle. Coach Mentzer, who is in his first year at the helm, feels that these boys plus several freshman candidates show lots of promise.

The catching chores will probably fall into the hands of Art Tinner. Art is also a letterman and can be counted on for doing the job.

Last year's infield, which consisted of Joe Holden at third base, Scott Gross at shortstop, Larry Tironi at second base, and Ray Emma at first base, will be back. They are the ones to beat for a starting berth.

In the outfield, there will probably be a bitter battle fought for

## from the SIDELINES

by John Murtin

Last Saturday night, our Husky wrestling squad traveled to Bethlehem, the home of Lehigh University. Although they did not score a victory numerically, three main factors seemed to overshadow their defeat.

To the students and fans at Lehigh the word Bloomsburg meant very little—that has been changed. Our Husky wrestlers have proven themselves once again. Not only the winners, Bill Robb, Ed Taylor, and John Owens, but the entire team has established itself as one of the major wrestling powers in the nation.

\* \* \*

Next, the large turnout of Bloom fans that plowed through a thoroughly unorganized ticket line and waited patiently while a Prep School Tournament lasted 45 minutes longer than announced, came across loud and clear giving our team the backing and respect they undoubtedly deserved.

Last is the image our coach, Mr. Houk, has created for the squad and for Bloomsburg. While Lehigh's coach was seen several times standing on the mat "disagreeing with the referee," our coach maintained his usual composure and diplomacy.

Haven with the scores being 53-26 and 42-41, respectively. The Huskiettes defeated Susquehanna twice, 38-29, and 42-31. Also, Misericordia, 31-26, and Muhlenburg, 60-55.

High scorer for the entire season was Lori Miller with 86 points. Following her was Marilyn Sheerer, 72, Dee Mushrush, 43, and Ann Smalser 40.

starting berths. There are four lettermen returning. They are Gene Kapes, Ev Viera, Cron, and Sam Bashore. They will have to hustle to keep ahead of freshman prospects.

### Good Attitude

Coach Mentzer is very pleased with the showing in early practices and commented that the spirit and enthusiasm shown thus far is very favorable. Coach Mentzer also has mentioned that the lettermen show the effects of good coaching from ex-coach Robert Zeigler. The coach enjoys the show of enthusiasm and predicts highly contested battles for starting positions.

The Huskies first ball game will be at Kutztown on Saturday, April 4. We would like to wish Coach Mentzer success in his initial season and especially in his first game.

## INTRAMURALS

### Basketball

The final game of the intramural basketball tournament was played on Friday, March 6, at Centennial Gymnasium. At this time the 59'ERS defeated the IMPALAS by a score of 41-38 to become the 1964 Intramural Basketball Champions. This was the second game of a three game round-robin tournament in which the 59'ERS had defeated the CHINESE BANDITS in a contest on March 5.

### Volleyball

There are eleven teams competing in the 1964 Intramural Volleyball Tournament which is now being played.

### Shuffleboard

There are six doubles teams participating in this tournament; it started this week. All participants are urged to check the bulletin boards every day.

### Recreational Swimming

The Tuesday and Saturday recreational swims will continue as usual, the times being from 7:00 to 9:00 pm on Tuesdays and from 1:30 to 4:00 pm on Saturdays.

## STATE LEGISLATORS

(Continued from page 1)

The visit is a follow up to the successful get together held for the first time last year at BSC. It is hoped that the student body will cooperate with faculty and administration in making the visit successful. Students should feel free to speak to the legislators, particularly those from their respective areas.
