

The Modern Dance Group of Gallaudet College will perform Sunday night at 8:00 in Haas.

Deaf students to perform dance review

A group of deaf college students, members of the Modern Dance Group of Gallaudet College, Washington, D.C. will perform in Haas Auditorium this Sunday at 8:00 p.m.

The group is under the direction of Mr. Peter R. Wisher, a native of Bloomsburg, who taught at both Bloomsburg High School and BSC.

Gallaudet College, the only college in the world devoted exclusively to the education of the deaf, is a private, non-profit liberal arts institution serving approximately 1,000 students. The regular four-year curriculum at Gallaudet is equivalent to that of other liberal arts colleges of similar size. It is designed to prepare students for employment in various fields or

for entrance into graduate study. Major fields of study include accounting, business administration, economics, English, French, German, library science, mathematics, physical education, and computer technology. Extra curricular activities at Gallaudet include an active student government association, drama department, graphic arts program, fraternities, sororities and modern dance.

The public is invited to attend this performance and all proceeds will benefit the deaf program in the Communication Disorders Department at BSC. Admission is \$1.50 for adults, \$.75 for students. Tickets are on sale at the Haas box office and the Studio Shop, Main St.

AWS to show flick on natural childbirth

Wednesday, February 2 at 8:00 p.m. in the student union of BSC, the Association of Women Students will sponsor a program on the Lamage Method of natural childbirth. All are cordially invited to attend this free and informative event which will include the film, "Not Me Alone," and a panel discussion. Mr. and Mrs. Al Salzman, Mrs. Paul Thomas and Mrs. Dorothy Tribus. (Supervisor of O.B. at Nesbitt Hospital), all who are practitioners of the Lamage Method, will speak at the program.

The Lamage Method stresses the importance of body control, conditioning and teamwork between husband and wife. The ultimate aim of Lamage is to attain complete control of the body and of pain during childbirth. Lamage develops the expectant parents' understanding of the body's changes during pregnancy and labor and prepares the woman physically and emotionally to deliver with minimal discomfort.

Lamage entails a six-week training period for the husband and wife beginning with limbering exercises for the woman. Relaxation is stressed along with

control of breathing. The husband is an internal part of the training because of his coaching his wife during her exercising and providing cues for various stages of breathing. Through training, the wife's conditioned breathing becomes, on cue from her husband, a reflex. This change from conditioning to an automatic process will take place during labor and delivery, and thus breathing becomes a natural anesthetic, replacing drugs.

"Not Me Alone" depicts the joyful birth of a baby. "This film is the record of a young couple having their first baby—at Lamage training classes, doing breathing exercises together, sharing labor, delivery, and caring for the baby," according to Polymorph Films, Inc. "It is an intimate and moving experience for the viewer, the sharing of a basic emotion we are ordinarily deprived of by our society. It is an ideal film for showing supportive relationship between husband and wife, and it is specific enough for adult childbirth education purposes."

AWS looks forward to welcoming you to an outstanding event which will highlight the Sexuality Program at BSC.

Nossen releases NAIA letter

by Frank Pizzoli

News Ed. Note: (The letter below, received by Dr. Robert J. Nossen from the National Association of Intercollegiate Athletics on Sept. 27, 1971 in reply

ATTENTION 72 SENIORS:

The photographer from Merin Studios will be on campus for the last time this year on February 14 and 15. If you have not had a picture for the yearbook taken, please sign up outside the Obiter office (Rm. 231, Second Floor, Waller.) Faculty pics will be taken on February 14.

Dr. Lincoln heads colloquium

Dr. C. Eric Lincoln, noted speaker to appear at the Black Experience, on Monday Feb. 7 at 2 p.m. in Haas Center has just returned from an engagement in South Africa. Lincoln is one of the few American Blacks to receive visa privileges from the government of South Africa.

In a brief telephone conversation with Dr. Simon, Lincoln stated that he felt his trip to the continent was both "depressing and disheartening" in light of the difficulties he experienced there. Dr. Lincoln will address the college community on his South African trip among other things.

Dr. Lincoln, who was born in Athens, Alabama in 1924, has been professionally associated with many major universities in the United States, France, Ireland, England, Ghana, Norway, Spain, and Italy. He has lectured extensively throughout the United States, Europe, and Africa having been invited as guest lecturer on over eighty campuses.

He is a prolific writer for magazines and professional journals as well as having been the author of seven books.

Dr. Lincoln has appeared frequently on radio and television in New York, Boston, London, Oslo, Louisville, and Memphis. He was a guest on the "NBC — Today Show", the "Mike Douglas Show" and the "Kup Show". He is listed in Who's Who in America and is a member of the Board of Directors of Boston University, the American Forum for International Study, the Martin Luther King Memorial, and the Black Academy of Arts and Letters.

In addition to faculty members and students, the public is cordially invited and urged to attend the colloquium to hear this stimulating and vital representative of black Americans.

Shirley Chisolm

The Honorable Shirley Chisolm, 1972 presidential candidate from New York, will speak for the February 14 Black Student Society colloquium. She has been persuaded to come with the help of the National Democratic committee headed by Larry O'Brian.

to a report submitted by Dr. Nossen concerning the operation of the "3-C" Club, was released for publication by him. The report submitted to the NAIA by Dr. Nossen is not available.

In reply to the comments in the NAIA letter to Dr. Nossen, Russ Houk stated that he has received a communication from them within the last two weeks but does not wish to elaborate on the matter. Mr. Houk stated that he is remaining silent concerning the whole controversy so that if he chooses to take action at a later date, his information will have remained intact.)

The National Association of Intercollegiate Athletics informed Dr. Nossen some time ago that, according to a report submitted by the President, the practices followed by the "3-C" Club in securing funds and administering them for the athletic program are in direct violation of NAIA policies.

The "3-C" Club is an organization of area businessmen designed to raise money to aid athletes at BSC, and to improve public relations between the town and the college, according to Russ Houk.

Letter

Dr. Robert Nossen, President
Bloomsburg State College
Bloomsburg, Pennsylvania 17815

Dear Dr. Nossen:

I appreciated the privilege of talking to you by telephone today and your willingness to give me information effecting matters which we have discussed both by telephone and letter involving administration of your program. I am always deeply concerned when these problems arise and deeply appreciate your laying the facts before me so that the problems can be solved.

After careful study of your report on the "3-C" Club, I feel that there is no doubt but that the policies and practices that have been followed in this program of securing funds and administering same for your athletic program are in direct violation of NAIA policies. To be specific the NAIA Constitution, Article III, Section 2, subsection 3b states as follows:

All financial aid to any student in money or in kind, except that which comes from members of his immediate family or from those upon whom he is legally dependent, should be administered by the college under policies and procedures established by the college for administration of scholarships and grants-in-aid to students having special abilities.

Also, the NAIA Bylaws, Article I, Section III states as follows: Assignment of scholarships, Grants-in-Aid, or Student Loans shall be controlled by the faculty through the regularly constituted committee on student loans and scholarships.

Scholarships, Grants-in-Aid and Student Loans shall be awarded on such basis as will not discriminate for or against presumed or recognized athletes.

All donations to the scholarship fund by outside organizations shall be deposited in a Scholarship Fund and be administered by the above committee. Athletes and non-athletes shall be

required to maintain the same minimum academic standing in order to qualify for such scholarships.

No member institution of NAIA shall give more financial aid to an athlete than is stated in the official institutional catalog as the expense of attending that institution.

I am, therefore requesting that your program be administered according to these policies and that you so inform me at such time as positive actions have been taken. Let me say that I have no doubts that you have already taken the necessary actions to correct these violations.

Dr. Nossen, today I had a letter from a member of our Executive Committee informing me that you were in search of an athletic director to fill this position in September, 1972. I was so informed that one of our outstanding leaders, James Jones of Appalachian State University, Boone, North Carolina had made application for this opening. I consider Mr. Jones to be an outstanding and prominent leader who has proven his abilities by many years of leadership in our organization. I would recommend him without reservations.

If there is any way I can be of assistance to you in filling this position, feel free to call upon me and I shall try to give an objective evaluation of any of our people.

My very best wishes for a successful school year and thanks for your cooperation.

Sincerely,
A. O. Duer,
Executive Secretary NAIA

Houk's Remarks

The organization was set up about ten years ago according to Mr. Houk to improve town and college relations and it held get togethers yearly with its 50 to 60 local members and athletes.

Concerning the money collected Houk said he did not have access to the organizations financial records and was not fully aware of the types of help given by the club to athletes. He did state that he knew of contact lenses and clothing that were purchased for two different students and that this is the extent of his knowledge.

Houk believed that the total number of dollars collected never exceeded the cost of one students fees for one year at any given time, although he said he had never seen the books.

Houk on Nossen

Houk stated that for him the controversy is not one of "athletics vs. the president" but that in the heat of the problem Dr. Nossen has attempted to damage his character.

Athletics should never win out over the president, said Houk, but he felt that in the process of the department reorganization the president tried to discredit him.

LETTERS

Letters to the editor are an expression of the individual writer's opinion and do not necessarily reflect the views of the newspaper. All letters must be signed, name will be withheld upon request. The M & G reserve the right to abridge, in consultation with the writer, all letters over 400 words in length.

Dear Editor,

As a recent alumnus of both BSC and the M&G I'm still close to the college and its happenings. Because of this, I'd like to tell ya I'm proud of you and the paper, Jim. Your article on the Houk-Hunsinger-Nossen-Trustees mess was excellent.

You put the barbs in where they belong, and I have a feeling you may have twisted them enough so that they will have some effect. I don't think there's any real question, your article was the best, solid, muckraking journalism I've ever seen in the paper.

Don't quit now babv

Sincerely,
Allan Maurer

Dear Editor:

Last year Debbie McGurk had a kidney transplant because her brother sacrificed one of his kidneys so that she might live. This sacrifice was of the greatest kind. It required pain, blood and a loss of a body part. However, many other people gave and sacrificed for Debbie by giving their time and their money.

One purpose of this letter is to thank those clubs, sororities, fraternities and individuals who gave what they could. Because Debbie's father had died of a kidney disease, the family had no abundant income to raise the money. When my father, the chairman of the Debbie McGurk Kidney Fund, told me that over \$50,000 would be needed, I felt almost helpless. But thanks to countless number of people, the money was raised and the

operation was totally successful.

There are many things to be learned from this operation. One is that people can work together for a good cause. Another is the lesson of giving. One thing I've learned from Christ is that living is giving and giving is living.

As a result of love-like giving, Debbie McGurk is indeed living. Debbie had complete faith that she would live and I have faith that people can help others when they love. There are many other charitable organizations to which you can give. I hope that this letter is a testimony or a witness that a small gift goes a long way. Give that others might live. Meanwhile these three remain: faith, hope and love; and the greatest of these is love.

Thank-you,
Jerry Stonge

Rumor has it....

Many people on this campus are aware of the fact that there have been, are, and will be numerous rumors pertaining to all facets of campus life. This column will be an attempt to dispel those rumors by presenting what facts are available. This, in no way, is an attempt of convincing or manipulating future readers nor is what is to be presented to be considered the final word. The purpose of this column will only be to throw more light on the controversy; also to assist those interested parties in obtaining more information through this media, that otherwise would be impossible or improbable. This is meant to be a service to the college community in obtaining facts.

Rumor has it—Mr. Houk had reapplied for the job of wrestling coach and was deliberately denied by President Nossen the opportunity to continue the wrestling season.

Students should be aware of the fact that this campus, like almost all other educational institutions, has a "chain of command."

In any type of institution there are rank and file members, as in the army, where a private makes his report to a Corporal. If not satisfied, he may "request mast," that is, go up the chain of command as far as he wishes, providing he does not break the chain of command.

As the situation here at Bloomsburg stands, the office of the president, not the board of trustees, has the final say. The board can only recommend, not direct. The president may either accept or reject any proposal given him. Responsible and intelligent people can see the necessity of having a final authority (president) where the passing of the buck stops.

It should be noted then that Mr. Houk's request for reapplication to the position of wrestling coach (dated 15, December 1971) was addressed to the final link in the chain rather than to the first. The first, in this case the department head, is Dr. Bresset. Unfortunately (for all concerned parties) upon the result of the secret balloting held by the wrestlers themselves the wrestling program for the 1971-72 season was formally dropped on Dec. 1, 1971, 14 days prior to Mr. Houk's reapplication.

This means (1) that Coach Houk was 14 days too late to reapply. (2) mistakenly the reapplication was directed to the wrong individual. That is, it should have gone to Dr. Bresset for consideration. Consequently, according to existing rule upon the premise of chain of command and final authority, if anyone had applied for wrestling coach after Dec. 1 Dr. Nossen would have been obligated to reject any application.

To clarify a point; Mr. Houk and any other coach is not paid to coach. He is paid to teach. Mr. Houk is now a teacher on this campaign. It is not the president's job to select coaches. His job is to hire and fire teachers. It is Dr. Bresset's duty to recommend, select or request the coaches for his dept. This is not to say that Dr. Nossen does not have the final word. As president his decision is final, but he cannot make a decision without a recommendation by a Department Head.

This rumor is obviously based on a misunderstanding of college organization. This rumor is false.

A Statement

The undersigned members of the Department of Health, Physical Education, and Athletics are obviously and strongly concerned relative to their recent action taken by the majority members of the Bloomsburg State College Board of Trustees.

While there has been, and still remains, individual personality conflicts, statements made to the effect of a state of chaos existing are greatly exaggerated and out of order. To the contrary, we the undersigned feel the department is functioning smoothly and efficiently while providing the students of BSC a well rounded program of physical education, intramurals and intercollegiate athletics. There have been very few disruptive influences, if any, coming from working members of the department.

We question the Board of Trustees can dictate departmental structure, if so, it would seem reasonable that this type of

action could extend to other departments and-or areas on campus. We consider this action to be a threat to the entire college and its functions of higher education.

It is our belief that the type of departmental organization — under which we are now functioning is the most desirable and recommended type of structure for an institution with the educational and athletic goals commensurate with the philosophy of BSC.

They call this entertainment?

by

Joe Miklos

I haven't been to a BSC dance for a long time. Since at least before Christmas. Chances of my ever going again are about zilch, or until the next 85¢ comes along for a bottle of Ripple.

It's not that I don't want to have something to do. More like I can't take the bands unless pure turpentine is coursing through my veins. And alright, I know, the Student Union Board don't have much to work with. My criticism of that terse little argument is: make due with what you got.

To exemplify the kind of crap that's been hired lately, one band called Shenandoah. They're what's left of a third rate top 40 band called The Glass Prism, who produced a third rate album of music based on the poetry of Poe. Their current goal is to noise us to death. Playing a slick combination of Grand Funk, Cactus, old BS&T, and Neil Young (?) as LOUD as possible and as equally incompetently as their only achievement.

Likewise with a band called Ralph, although their bag is heavy-fisted Chicago, moldy-oldies, and top forty schlock. They do a few things well, but the good is greatly outweighed by the bad. One distinction: They got a moog. ("Is that the moog?" "I Dunno. What's a moog?") Too bad they don't know how to use it. Everything the keyboard man

did on it could have been reproduced on a guitar. Mostly came sounding something like "zoot-blat-wee-oooooo."

At any rate, these clods get much applause. But then so do the high school, townie bands. Who generally stink, but who also get hired.

Not that it can't be done. Recently a band from the Wilkes-Barre area played a knock-out gig here. Button Guinette, a progressive blues and rock group, succeeded in tearing down the walls, but went unappreciated. Funny, that sexy hunk of female from Tulsa really sang her lungs out distinctively. She sure wasn't a pseudo-Joplin. Especially on the Allman Brothers numbers, which came off smooth and modified enough to sound original. The music itself, instrumentally, was tight and easy, proving that a flash guitarist does not necessarily make a band. Better a musical and melodious one who knows what he can and can't do, how to do it, and that imitation does not a band make.

Which only goes to prove that good groups ARE available. And is also a reflection on the Student Union Board and the people who insist on clapping whether the group is good or bad. It seems it doesn't really matter, as long as the musicians sound vaguely like the records they ape.

SPORTS

Tankmen win 4th

Victory again resides with the Husky Tankmen. The Kutztown Bears bit the dust to the tune of 69-44. This brings the Husky record to 4 wins, 2 losses for the year.

Topping was added to the Husky victory in the form of two new pool records set by All-American speedster Dave Gibas. Dave shortened the 50 yard freestyle time to 22.0 seconds down from 22.4 seconds. He also cut the 100 yard freestyle 49.4 seconds to 49.0 seconds. Dave held the old record.

In the most exciting event Jack Feyrer went 18 pool lengths stroke for stroke before beating out Rick Heimbach in the 500 yard freestyle. His time was 5:41.2. This was Jack's best time in this event for the year. Jack was regaining a measure of revenge as Heimbach had bested him in the 1,000 yard freestyle.

Kutztown took first and second in the 200 yard breast stroke event. This was due to the fact that Jim Koehler, who holds BSC team record in the 200 yard breast, yielded his opportunity so Coach McLaughlin could get a look at the two other BSC men perform the breast stroke in competition. "I realize Jim was somewhat discouraged. But we look forward to his performing exceptionally well Wednesday against East Stroudsburg. He is our best performer in this event without a doubt."

The East Stroudsburg meet should be something of a grudge match. Last year they upset BSC to the tune of 60 to 53.

The 400 yard medley relay was won by Bob Jones, Jim Koehler, Doug Yocum, and Bob Herb. Jack Feyrer finished second in the 1000 yard freestyle. Jon Stoner took second and Ken Narcewicz took third in the 200 yard freestyle. Dave Gibas was first and Pete Jones took second in the 50 yard freestyle. Dale Alexander took first with Joe Hilgas third in the 200 yard individual medley. Bob Meyers took first and Steve Coleman was second in the one meter required diving. Dale Alexander seized second in the 200 yard butterfly. Dave Gibas took first place with Jim Stoner third in the 100 yard freestyle. In the 200 yard backstroke Pete Jones came in second. The 500 yard freestyle was won by Jack Feyrer. Bob

(continued on page four)

THE START OF SOCCER!!!

There will be an unofficial meeting of all men interested in playing soccer this year in the lobby of the student union at 7 p.m., on Thursday, February third. If you can't make this meeting, or if you have any questions, contact Vince Palumbo at 784-2071. Your support is needed.

FOUL GAME FOR HUSKIES

by bob oliver

You can't win them all, and although the scoreboard said 83-80, it seemed the Huskies lost to the Kutztown Bears Saturday night in Pennsylvania conference action. The Huskies, now 9-3 (5-1 league), displayed a pathetic defense that went along with lethargic offense, and didn't look at all like the number two team in the conference. Coach Chronister summed up the defensive effort in saying "We didn't react defensively, and were always a step behind."

Paul Kuhn, the only Husky who seemed to be playing up to his capabilities throughout the game, led the team in scoring with 27 points, 9 from the field and 9 from the free throw line. He also shared the team leadership in assists with Art Luptowski with five apiece.

Howard Johnson had a poor shooting night, but still ended up with 17 points and a team high of 15 rebounds.

Both teams started slowly, with Bloom jumping to an 8-2 lead on a John Willis hook shot. Cold

shooting prevailed through the first 3 minutes when Bloom caught fire and spurred to a 21-4 lead. At this point it looked as if the Bears were living up to their record. They went scoreless for 5 1/2 minutes, and Coach Chronister went to the bench with 9:50 left in the first half.

It seemed Kutztown could not score baskets, and were also missing free throws. They didn't reach the 10 point mark in scoring until 6:56 left, and the Huskies ahead by 20 points.

The Bears began to hit, 10 of the next 12 points in fact, to close to 35-20 with 4:42 on the clock.

Bloom began fouling a lot, and the Bears narrowed to 49-39 at the half.

The second half started slowly, and the Bears were behind by 8 with 16:30 left.

Art Luptowski, in a sub-par performance, twice threw the ball away, and got his 4th personal, within the space of a

minute, ending at 15:14, and had to be taken out.

Asberry for the Bears got hot, and then the whole team followed him, narrowing the score to 60-57 at the 12:20 mark. Bloom only managed 10 points in one 6 1/2 minutes stretch.

John Willis, playing well despite 4 personals, canned a tough one, but a few seconds later fouled out with 9:38 left, 64-58 the score.

This gave an opening to the Bears 6' 5" Gary Grimes, who had been hurt most of the season. He started getting all types of rebounds, finishing with 18.

Both teams were trading baskets, until Kuhn hit 2 baskets with 6:45 left to give Bloom a 68-61 lead.

Kutztown closed to 71-69, but Tony DaRe canned a 20 footer to give Bloom some breathing room.

Luptowski returned at 3:38, and hit Sweetwater Mealy who scored a quick one. A minute later Art fouled out.

The last two minutes were fast and furious, with both teams desperate. The Bears closed to 1, 81-80 with 25 seconds left, but Johnson hit with 10 seconds remaining to ice the game.

It's good to have a bad game now and then, but the Huskies can't afford any more, not with both Mansfield and Cheyney coming up this week.

	G	F	Pts.
Kuhn	9	9	27
Luptowski	2	5	9

Women's Intramural

The Women's Recreation Association's sponsored programs for this semester have been assigned dates for their beginnings. The volleyball program is to begin Feb. 24 in Centennial Gym. Table tennis and shuffleboard are offered and will be played in your respective dorms. Contact your WRA representatives for any further

information if you are interested in participating.

The self-defense program, whose beginning was planned by your representatives last semester, has been set to get under way Thursday, March 2 from 7:30 to 9:00 in the wrestling gym. All interested women for this activity are asked to sign up with Miss Auten as soon as possible.

Riflery, a co-educational program will have an organizational meeting Wednesday, April 12 at 6:00 p.m. in the women's gym. Both experienced and inexperienced students are invited to participate. All students interested in the riflery program are urged to get in contact with Miss Auten.

Our fencing program begins Tuesday, April 18 in the Day Men's Lounge of Elwell Hall. Mrs. Rost will head this activity and all interested women are to contact her for further information.

A gymnastics program will also be offered this semester because of the interest and accomplishments of this activity last semester. April 17 has been set as the meeting date for any students interested in working on parallel bars, balance beam, horse, trampoline, or in free exercise. Mrs. Rost should be contacted if you are interested in this gymnastics program.

The next WRA meeting is scheduled for February 8 and further plans will be made for their wide variety of programs for this semester.

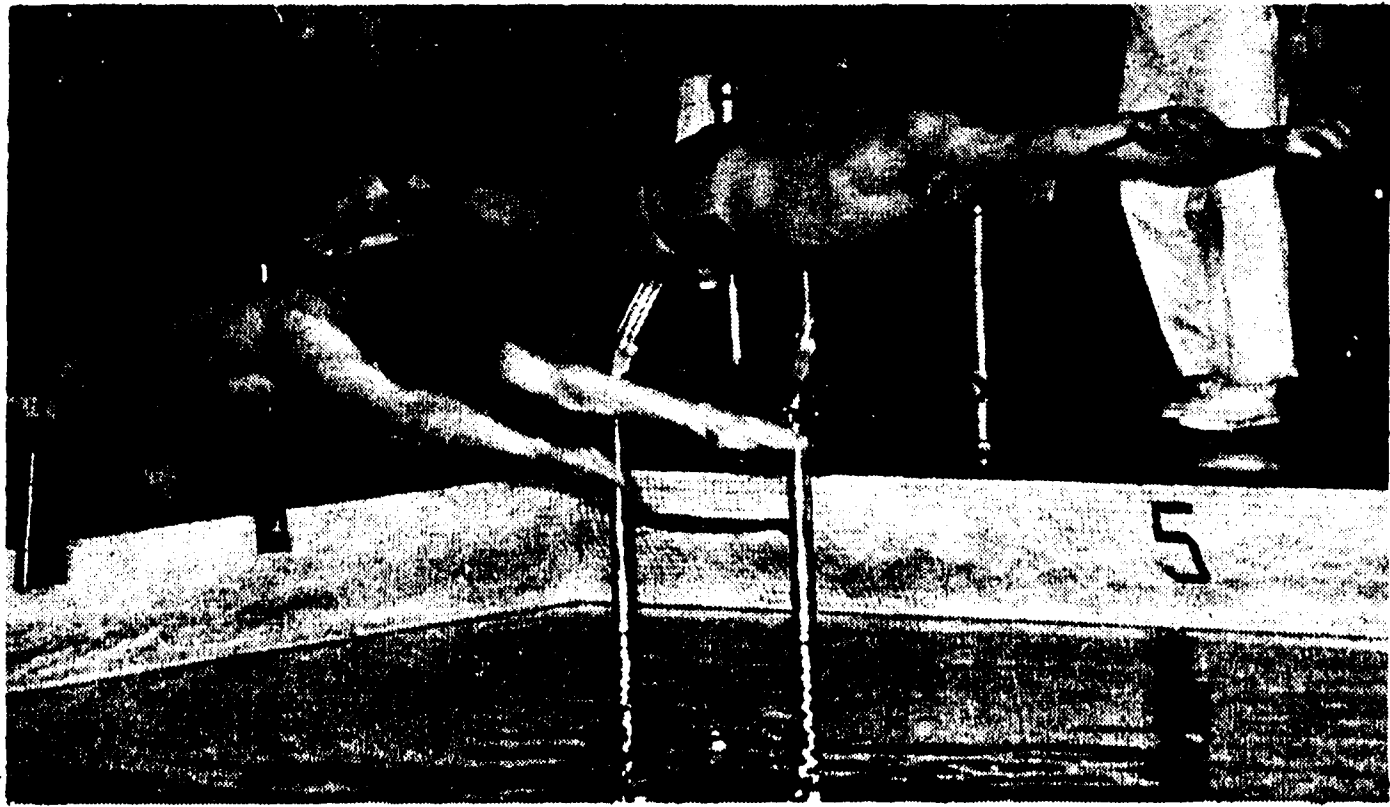

Trackmen place 2nd

Dan Maresh

The BSC Track team took six first places in the first Quadrangular meet held at East Stroudsburg but could only place second as they lost to East Stroudsburg State. After the dust had settled East Stroudsburg had 53 1/2 points, BSC was second with 51, Towson had seized third place with 27 1/2 points, and Shippensburg fourth with 6 points.

BSC had narrowed the gap to within two points as the last event, the one mile relay, came up. Unfortunately Jim Davis was taken out of the lineup because of leg trouble. Possibly if Jim had been in the team could have won; but the coach did not want to risk serious leg trouble this early in the season.

The BSC highlight occurred when John Ficek obtained a new BSC record with the shot put. His throw was for 51'3".

BSC swimmer gets off to a good start. (Maresh photo)

Attention: Any women interested in trying out for the woman's varsity basketball team should get in touch with Miss McComb, office #10 of Centennial Gymnasium, as soon as possible. Practice is held daily in the Gym and all interested are urged to attend.

Shine Tonight!

Hal Shine, singer-guitarist, generates music wherever he is. Whether it is a Broadway production, an intimate supperclub or an outdoor amphitheater, the rhythm of Mr. Shine's soul is ever present, accompanied by his guitar and lyric baritone voice. Shine will appear in the second concert of the Civic Music Assn series tonight at 8:15 PM in Haas Center.

For serious musicians with classical backgrounds, the impromptu delivery on stage is somewhat of a rarity. Generally,

the program is pre-planned, which requires the learning of repertoire sometimes in advance of a performance.

Hal Shine's concert will offer a wide range of songs from Early English, ballads and folk songs, and Broadway plus solo guitar from Bach to Broadway.

Tickets for Hal Shine will be available in the Student Union, K114 Haas (Manager's Office), and for the faculty at the student bank. They will also be available at the door on the evening of performance. Student I.D. card or faculty activity card exchange.

A membership drive for the foreign language clubs, is now in progress and will continue through tomorrow in the student union lobby. Three times have been designated for the convenience of anyone wishing to sign up for the clubs: 9:00 to 11:00 a.m., 2:00 to 4:00 p.m. and 7:00 to 8:00 p.m.

Le Cercle Francais holds activities aimed toward enlarging the students' appreciation of all aspects of French Culture. Activities planned for this semester

are a trip to New York, a picnic, a play, a verb contest for high school students of French, German, and Spanish with an advanced knowledge of the languages and other exciting events. Ariane Fourman, Chairman of the Language Department, is club advisor.

El Club Espanol has as its purpose to promote interest in the cultures of Spain, Mexico, South American countries and Central American countries. Dr. Alfred Tonolo advises El Club.

Die Deutsche Ecke aims at providing materials and activities for greater appreciation of all aspects of German culture. Prof. Whitney Carpenter, club

advisor, encourages all students with an interest in German to join.

The Balalaika is a newly-formed language club which would be of great interest to many students. The club promotes an interest in Russian Culture. Prof. Blaise Delnis is club advisor.

Tankmen

(continued from page three)

Jensen took the third spot in the 200 yard breaststroke. Eric Cureton was first and Steve Coleman was second in the one meter optional diving. The 400 yard free relay was won by Bob Herb, Dave Gibas, Ken Nar-sewicz, and Doug Yocum.

Give A Damn

by Mike Spellman

Many students on our campus often complain about a lack of things to do at BSC — it's just dead. The problem might be that the students themselves are dead. I find more and more individuals limiting their world to themselves and caring very little about anything else.

One result of this type of lifestyle has been a great deterioration of our environment. Over the centuries man has basically exploited nature for his own self-interest. The problem is that we haven't demonstrated a proper use of nature. Man has dominion over nature but he misuses it grossly. We seem to have little respect for the environment in which we live; we have destroyed much of nature and it will continue at a rapid rate. We should treat nature as having value in itself, exercising dominion without being destructive.

I don't think we consider what kind of planet future generations are going to merit because of the way we are exhausting our resources and polluting our rivers, lakes, and air. I foresee in the future that the U.S. will be one large garbage dump.

The responsibility for this falls onto each and everyone's shoulders. It is a burden that we must deal with. The next generation will not have to worry about it because the environment will be beyond repair. For those individuals who still give a damn about their environment, you can start right here in Bloomsburg this coming Saturday, Feb. 5, at 9 a.m. by coming to the depot on Market St. across from the elementary school, for a recycling project.

BSC is supposed to provide many opportunities for a well-rounded education. This includes an education outside the classroom. I hope you do find time to show your concern about something besides yourself.

News Briefs

PSYCHASSOCIATION

The Psychology Association will meet Wednesday, February 2 at 7:00 P.M. in Bakeless 204 to hear Mr. Glee Duff, guest speaker, discuss "The Basic Appeals that Motivate the Consumer".

GRADE CHANGES

All grade changes for Fall Semester must be in the hands of the College Registrar no later than Thursday, February 3. Pass-Fail options are also to be returned to the Registrar by this date. Students are also reminded that it is their responsibility to notify the Registrar if a course is being repeated.

KLM TRIO TO APPEAR

The KLM Trio, a faculty chamber ensemble from Mansfield State College will appear in a recital program at Carver Hall on Tuesday evening, February 8 at 8:00 P.M. The trio takes its name from the first letters of their respective last names: Richard Kemper, bassoon; Dr. John Little, piano; and John Monaghan, flute.

The appearance of the Trio at

Bloomsburg State College is under the joint auspices of the Maroon and Gold Band and the Artist and Lecture Series. The public is cordially invited to attend. There will be no charge for admission.

PENNSYLVANIA BALLET COMPANY

The Pennsylvania Ballet Company will perform in the Haas Center for the Arts, Wednesday, February 9, at 8:15 P.M. Reservations for the performance should be made as early as possible. Students can receive one free ticket upon presentation of their ID card at the box office in Haas, which will be open from 11:00 A.M. to 4:00 P.M. every weekday. Faculty members will receive tickets for their immediate family upon presentation of their activities card. All other tickets will cost \$3.00.

Reservations can be made at the box office, by writing Box 78, or by calling 784-4660, Ext. 317.

There will be both reserved seats and general admission tickets. Please remember to indicate your preference. All non-cash reservations will be held at the door the night of the performance.
