## Interview: Watson and Gaydosh

On Tuesday, October 1, Ed Austin interviewed Frank Gaydosh, candidate for U.S. Senator, on the Constitutional Party ticket, and Andrew Watson, State Chairman of the Pa. Constitutional Party. The interview follows.

**M & G:** What do you think is the most important issue facing Columbia County today?

**Gaydosh:** That would be high taxes. Throughout the county there is a tax rebellion building up... 40% of the income is taken in taxes and that is too much... and, the War in Vietnam... our sons are being sent away to die in a foreign war.

**M & G:** What would you do to combat inflation?

**Gaydosh:** 1) ... cut off a lot of foreign aid because countries are coming into their own... foreign aid should be phased out. 2) ... balance the budget... re-appraisal and re-examination of the ways in which the money is spent. Every unnecessary expenditure should be cut to the bone and cut out completely.

**M & G:** Do you agree with those people advocating tighter gun controls?

**Gaydosh:** I am absolutely opposed to the registration of guns and licensing of people... I do believe there are some sensible ways of controlling guns... before anyone should be allowed to buy a gun he should pass a test given by the local police department... I am absolutely opposed to the registration of guns and licensing of people because I honestly believe that the ultimate objective of the people who are behind this gun registration and licensing of owners is the ultimate confiscation of guns and to this I am absolutely opposed because ultimately a man has to protect his own family and his own home and especially with the many things that are going on all over the country today. I believe the people should have safe means of protecting themselves other than just the police and what the government provides.

## Pops Concert

The Bloomsburg State College Madrigal Singers, under the direction of Mr. William Decker, will present a Pops Concert in Haas Auditorium Sunday evening, October 20, at 8:15. Students and public are cordially invited to attend; there is no charge for admission.

In the past two years the Bloomsburg State College Concert Choir has opened the college concert season by presenting a Pops Concert the Sunday following homecoming. This year, the Madrigal Singers will not only assume this role, but give a series of concerts the following week in Philadelphia. As has become customary, this concert will feature light, informal music of a highly varied nature.

Part I of the program will include madrigals from the renaissance, featuring such composers as Des Prez, Pilkington, Wilbye, and Lasus. This section of the program will conclude with a dance to Morley's famous ballet "Sing and Chant It".

Part II is made up of contemporary madrigals and folk songs. Such well known pieces as "Black is the Color of My True Love's

**M & G:** If faced with a riot, what would you do to resolve the conflict?

**Gaydosh:** I believe that in the case of a riot and any other public disorder there is only one way to resolve it and that is to use all the force that is necessary to maintain law and order. You know there is a price to be paid. What most people don't realize is there is a price to be paid to maintain law and order. That price is that sometimes when there is rioting, looting and burning, innocent people are hurt. Innocent people are killed. Policemen are hurt. Policemen are killed. But let's face it. There's a price that has to be paid for law and order. We want to maintain law and order and a lot of people want to maintain law and order in this country without paying the price and this can't be done. [Sic]

**M & G:** What are your views, political and military on Vietnam?

**Gaydosh:** 1) It was a terrible mistake for us to be in Vietnam in the first place and who in his wildest dreams ever dreamt that President Johnson was going to escalate this thing as he did in these past four years, but we've got to face the fact that we are there and the fact that we put our prestige on the line, the fact that the honor of this country is at stake and I believe honestly that what should be done is that this conflict should be turned over to the Chiefs-of-Staffs with two instructions. 1) can it be won conventionally and if it can let us go ahead and win it and bring the boys home and, 2) if it can't be won with conventional weapons then let's get our boys on the boats and bring them back home. Ultimately the freedom of the people of Asia is going to rest upon the Asians themselves. If they love freedom they are going to fight for it, they are going to die for it. I believe that we should help them but I don't believe our boys should be dying on foreign soil today.

**M & G:** How would you achieve anything as an independent, opposed by Republicans and Democrats?

**Gaydosh:** I don't think any great harm can be done for the next year or two if we didn't pass any legislation. We have passed so much legislation in the last 10 or 15 years we're like a fellow who is

Hair," "Deep River", and the spiritual "Hallelujah" will be presented here.

Part III concludes the program with a tribute to the Broadway musical "Annie Get Your Gun." All the favorite melodies will be there as each member of the group is featured in a solo or special ensemble from the play.

This year's Madrigal Singers are: Gall Bower Landers, Jody Hertweck, Velma Avery, sopranos; Linda Starr, Sherri Ebler, Nancy Strauss, altos; Nelson Learn, Don Corbin, Greg Mensch, tenors; Dave Smither, Jim Reese, and John Srogonck, basses.

### ATTENTION

Mums will be sold outside of Husky Lounge on Saturday, October 19, from 8 a.m. to 10 a.m. by the B Club. Mums will be \$1.25 apiece.

running a mile race and had been running at top speed the first half-mile and he has to ease up somewhere. He has to regain strength or this man is going to drop dead from exhaustion... but the main thing that would happen, in my opinion, if George Wallace were elected and I were elected, was that the attitude of the country would change, the attitude of the leadership would change. There would be a greater reliance on the individual freedom, on individual initiative, upon individual reward, rather than this idea that the government is going to do everything for everybody.

**WATSON INTERVIEW** [State Chairman, Constitutional Ticket].

**M & G:** What do you think are George Wallace's chances of carrying Pennsylvania?

**Watson:** George Wallace will carry Pennsylvania. I've talked to people all over this state. The mere fact that politicians and the other two parties are practically levelling all of their attacks on George Wallace is an indication of what this man is doing. George Wallace will get at least 50% of working mans vote. For example, my dentist told me the other day he talked to one of his patients. What are people going to do in your county? He says, well the farmers in Cumberland County are all going to vote for George Wallace. I believe we're going to get a new president.

## STCP

On October 11, 1968, the first meeting of the Student Party Freshmen Platform Committee was held. The purpose of the meeting was for the preliminary construction of a platform for the upcoming Freshmen elections. The committee is co-chaired by Jame Elmes and Larry Horne. Other members of the Platform Committee are Bob Medford, Carol Yoder, Bob Casey, and Steve Hippenstiel.

Guest speakers at the meeting were Kathy Cahil, President of the Association of Resident Women; Kathy Wintersteen, President of the Day Women's Association; Stan Rakowski, President of the Men's Resident Association; and Chuck Blankenship, President of the Day Men's Association. The four presidents gave their views on current student problems and gave suggestions for prospective planks in the Student Party platform.

Although the final platform won't be ready for two weeks, the committee did decide on three planks that will be included in the party platform; the Student Party Automatic Recall Procedure, Budgetary Management, and Constitutional reform.

The Student Party Automatic Recall Procedure insures that Student Party members serve only at the pleasure of their constituents. In January the Student Party will initiate a recall petition against Student Party Freshmen office holders. If the Freshmen class desires, the Student Party office holders will stand a recall election. This procedure is for Student Party members only and does not affect office holders who are not members of the Student Party.

Effective Budgetary Management is an important function of all class officers. If the budget is not handled properly, and the class is not kept out of debt, the whole class suffers

## Chick - a - thon

by Hock

For the first time in its history the brothers of Beta Sigma Delta Fraternity have a female in their pledge class. Sounds promiscuous doesn't it?

The female referred to is a beautiful brown chicken the pledges were required to obtain and guard as part of their pledging activities.

The pledges guarded "Cartridge," named for Beta Sigma Delta's nickname, "The Bullets," for twenty-four hours between twelve o'clock Tuesday Night and twelve o'clock Wednesday. Many on campus thought that this guard was futile, since Cartridge had such a sweet face. It was found that there are forces on campus so evil that even a chicken as nice as Cartridge is not safe from harm. The pledges of Chi

Sigma Rho Sorority made an organized attempt to abduct the chicken from her faithful protectors. Fortunately, this vicious offensive was unsuccessful.

The highlight of the chicken's stay at BSC came at 6:22 Wednesday evening. While perched on her perch outside Husky Lounge, Cartridge laid a four ounce brown egg in the presence of nearly thirty students. Perhaps a bit more discretion could have been used by the chicken, but it is understood that the students, many of whom were biology majors, were greatly enlightened to facets of sexual reproduction their parents never explained to them.

The M & G congratulates Cartridge and the brothers of Beta Sigma Rho on a job well done.

## Stay On Campus This Weekend

This weekend marks the forty-first annual Homecoming Celebration at BSC. The Homecoming Committee, comprised of students and faculty, has selected "World Peace Through Cultural Exchange" as this year's theme.

### Pep Rally

Activities for the weekend will actively get underway with a pep rally Thursday evening, at 9:00 p.m. At this time students will be able to show support of the Husky Football team through their pep.

### Sam And Dave

The following evening, Friday, the CGA Big Name entertainment Committee will present Sam and Dave and two other musical groups on the stage of Haas Auditorium, beginning at 8:30 p.m.

During the intermission of the Sam and Dave concert, one of the candidates sponsored by various campus organizations will be crowned as this year's Homecoming Queen. A large crowd, as indicated by ticket sales, is expected to be on hand for these events.

### Climactic Day

The Weekend will be climaxed with a full day of activities on Saturday. Beginning at 10:30 a.m. the Homecoming parade will move from

in their senior year when they have to pay dues to make up the deficit. The best way to maintain good budgetary management is to elect qualified people for class offices. Too many times officers are elected on popularity and too many times the students suffer because of it. The Student Party will help correct that situation by nominating the best qualified students for office.

The Student Party has, at the first regular meeting of the College Council, initiated Constitutional Reform. The proposal by Chuck Blankenship, and the subsequent passing by the College Council, to establish a constitutional research committee was the first step towards an effective C.G.A. constitution based on equality of representation for ALL students.

In the near future a table will be set up outside the Husky Lounge to allow more Freshmen to join the Student Party and to answer any questions they may have. Next week Student Party candidates will be nominated for Freshmen class offices. The Student Party plans to nominate a qualified candidate for each Freshman office.

Centennial Gym down Second and Main streets to Market, south on Market to Fifth Street, east on Fifth Street to East Street, and up East Street to the Town Hall. Mr. Mulka, Director of Student Activities, has announced that prizes will be awarded for the seven best floats and also for the best of three off-campus decorated houses.

### Alumni Luncheon

Preceding the football game, a luncheon for alumni and visitors will be held in the College Commons at 12:00 noon. At 2:00 p.m. the Huskies meet the Marauders of Millersville State College in an eastern division Pennsylvania State College Conference game at Athletic Park. A record attendance is expected for this game. Following the game a get-together will be held in the Husky Lounge Annex and Waller Hall Lobby at which time all residence halls will be opened to visitors.

### Dinner

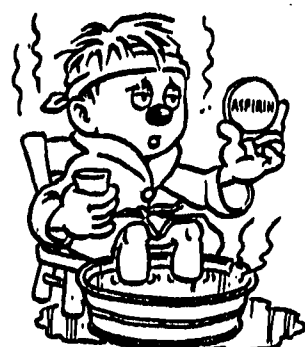

A cafeteria dinner for alumni and visitors will follow in the College Commons starting at 5:30 p.m.

For the first time two dances will be held on the Saturday of homecoming. These semi-formal dances will be held at the same time in two separate locations. Beginning at 8:30 p.m. Father's Angels, of MGM records, will be playing the latest music for students and recent graduates in Centennial Gymnasium. Lee Vincent's Modernaires will be furnishing the music for faculty and less recent graduates in Husky Lounge at the same time.

### Picnic

The CGA is sponsoring a picnic on the Waller Hall terraces for Alumni remaining on campus Sunday. The picnic begins at 4:00 Sunday afternoon.

This year's Homecoming Committee has planned a full weekend of activities for the students and alumni of BSC. Hide your books for three days and participate.

# Editorials . . .

## Student Interest Through I.F.C.

One of the most unheralded organizations on the BSC campus is Inter-Fraternity Council, the governing body of the fraternities of the college.

One can think of no other group that has taken on a task of such vast and complex proportions during such a relatively short period of its existence. The intrinsic competitive qualities of the fraternities obviously make the job of whipping them into a single, efficient unit increasingly difficult.

Many may recall the success of some of last year's IFC events such as the hamburger-eating contest and "Greek Week," and it certainly seems that this year will have more of these activities as shown by the recent "Boat Race."

The M&G plans to begin a weekly column, of IFC news, and hopes that this will promote student interest, not only in fraternity events, but also in other activities of the college. An optimist might even look forward to the days when BSC students will stay on campus over the weekends and take part in college activities. Who knows? This may even cause the "brown bag" factories to declare bankruptcy.

## Pot And All That

Reprinted From  
Eagle Eye, Student Publication of Lock Haven State College

"For the sake of decorum and tradition, Eagle Eye, should probably say something like 'You naughty, naughty students: smoking marijuana is against the law and a good conforming college student should never break the law.'"

"Maybe we should say something like that, but we cannot, unless we merely said it with a total lack of conviction. These students who were arrested are only the ones who got caught; but how many others could you name who have used pot and who are not under arrest?"

"These people were arrested for breaking the law. Some pleaded guilty; others said they were innocent. It remains for the courts to decide. What the rest of us should do is to show a bit of human kindness and consideration for our fellow students. Few people know the set of circumstances through which these people smoked marijuana, if they used pot at all. What student can say that he would not do the same things as these students, if confronted with the same circumstances?"

"We are not saying that what

these students are accused of doing was right. What we are saying is that the rest of us now need to be above the kind of narrow-minded attitude sometimes associated with situations such as this.

"We could be like Bloomsburg State College. Some marijuana was recently found in the dormitory room of a junior there. He was investigated, but not arrested on any charge. Yet somehow, a judiciary board of students and faculty suspended this student from college. Civil law could not even charge that he had done anything wrong, let alone prove it. Yet the college kicked him out.

"Here at LHS the college, like the civil law it upholds, is giving these students the benefit of the doubt. It is an example of the so-called 'democratic process' in action.

"These students perhaps chose to defy what they may have identified as an unjust law; others have called it worse. While we may see that their method was wrong, we still cannot condemn them.

Marianne Waters  
Editorial Board LHSC"

## Questionable Smell

The Eagle Eye editorial asks a valid question. Why was George Scheideberg dismissed? Their editorial also states that marijuana was found in Scheideberg's room. It wasn't, it was residue, ashes that is, ashes. The M&G is appalled by any attitude that smells of "guilty until proven innocent." We are ashamed to admit that there is a strong whiff of it at BSC.

## Adam's Apple

by allan maurer

A certain faculty member has labeled me a "congenital Republican," and a "Conservative." These labels may be appropriate, and if they are, Senator Joseph S. Clark is going to get a conservative, congenital Republican vote.

The reasons for this are many. A high regard for Clark's intelligence isn't hard to come by; he graduated "Magna Cum Laude" from Harvard, and his ability to discuss any topic (Shakespeare, for one) with a high degree of articulation is renowned. His record in the Senate is one of superb accomplishment. He has been awarded 57 Presidential pens for Bills that he helped to mold.

Yet these are far from being the chief reasons Senator Clark has my support. This man is in touch with today. He made a statement which articulates feelings vaguely present in the minds of the greater part of my generation. "If young people are disillusioned, it is mostly our fault, for politics as usual will not solve the problems of today."

I don't always support the Senator's positions, but I support his attitude. The main problem Senator Clark faces is that good guys seldom get elected (sometimes they can't get nominated).

When you support a rigid ethical code for the Senate and Congress, even though you know the majority of your colleagues won't approve, that's principle, but it doesn't win friends. When you support gun control in a state full of hunters, that's principle, but it doesn't win elections. When you are a dove while the nation's in a hawkish mood, that's principle, but you don't always win back someone who has formed a hostile attitude towards you, even if their mood has changed.

What you may win are the minds of a few idealists, and once in a while a "conservative, congenital, Republican", who likes principle, respects guts, and who hopes like Hades HHH doesn't drag you down.

## Social Activities For October

Wed., Oct. 16 . . .  
Movie in Carver starting at 8:30  
—The Pumpkin Eater."

Fri., Oct. 18 . . .  
Sam and Dave — in concert in Haas Auditorium at 8:30 p.m.

Sat., Oct. 19 . . .  
HOMECOMING DAY — Football game against Millersville at Bloomsburg's field starting at 2:00.

Band dance in the gym for students and younger alumni featuring Father's Angels. Running concurrently will be a dance in Husky Lounge for faculty and alumni with The Modernaires. Both dances will be from 8:30 till 11:30.

Sunday, Oct. 20 . . .  
All college picnic meal under trees rear of Husky Lounge from 4:00-6:00.

Wed., Oct. 23 . . .  
Band dance with The Cartunes in Centennial Gym from 8:00-11:00.

Thurs., Oct. 24 . . .  
The Bloomsburg Players present "A Streetcar Named Desiro" in Haas Auditorium.

Fri., Oct. 25 . . .  
The Bloomsburg Players present "A Streetcar Named Desiro" in Haas Auditorium.

Sat., Oct. 26 . . .  
Football game with Cheyney at their field beginning at 2 p.m. The Bloomsburg Players present "A Streetcar Named Desiro" in Haas Auditorium.  
Band dance with Something' Soul in Centennial Gym from 8:30-11:30 p.m.

## Off The Record

by Clark

Is America too record conscious? Do you sit at home on a major holiday weekend and hope that a new traffic death record is set? The United States is snowed under with records. You can't go a day without hearing a television or radio announcer mention something about a record that can or will be set. People spend many hours of their leisure time in the hallowed halls of the library compiling thousands of nonsense records, which really couldn't concern anybody but the bespectacled egghead compiling them.

Two members of this rag invaded Andross Library in search of the Guinness Book of World Records. After being frustrated in our attempts to find the volume on the shelves, we were informed by the Reference Desk Librarian that the copy was kept behind his desk because two copies had been filched by some dastardly individual. After turning in our drivers' licenses, draft cards and ID cards as collateral for the book, we retired to a quiet corner to contemplate the anthology and what we found is fantastic.

Would you believe that in 1967 at the National Spitting Championship, a certain George Craft hurled his saliva 21 feet, 3 inches. However in a nontitle contest, he let go with a discharge of 24 feet, 10.5 inches into a spittoon.

For our beer drinking readers, the largest brewery is the Anheuser-Busch Brewing Co. in St. Louis. The brewery covers 66 acres and has an annual capacity of 8,300,000 barrels. In common language, that is 7,237,600,000 glasses (about a week or two's supply for the average drinker).

## adam's constitutional rib

Monday, October 14, the CGA held its third meeting. Adam attended, representing the M&G, and returned to the damp, cold, and ill lit corner of the M&G office reserved for him, highly disillusioned with college government. The Constitutional research motion passed by the CGA was previously mentioned as "needed" in an Adam's Apple column. That was understatement at its zenith. The present CGA constitution is barely short of being a satirical masterpiece. Its relevance to the current governing body of BSC is highly questionable, and a perfect example of a credibility gap.

One cheerful note, Ron Shulz hasn't sold out. He's a pleasure to watch during a meeting, at least after his ulcers calm down and his shakyness dissolves. He's smooth and subtle, and he runs a good show. His humor is wry and cold; it permeates and sometimes dominates the atmosphere. Besides all that, he's actually trying to accomplish something. Whether he will change the scene, or achieve anything constructive remains an unknown variable, but he is trying.

— Adam

## Gadfly Exclusive

In an attempt to further elucidate BSC students concerning the Slack-Phillips dilemma (. . . resolved?), that bulwark of bulwarks against encroachment of the free press, The Gadfly, will in next week's issue print an exclusive interview with Larry Phillips. Students who've got an extra nickel can pick it up. If you don't have any money fake the donation—you won't be alone.

Conscience-Pricker

## Letters . . .

My Dear Alchy,

Thank you for clearing up the matter of equality between males and females in the United States. I will sleep better knowing that my equal, with long hair (brown), a beautiful body and mind to match, who lives in West Hall, does not exist! My only worry now is if this girl is superior or inferior to me.

Therefore, the question is not of equality as was pointed out by Mr. Alchy, but of superiority or inferiority. To what degree is the female superior or inferior to the male?

Of course any comments on this question would be appreciated by me as well as the M & G, I'm sure.

Thank you,  
Jersey McKean  
Box 2274, Elwell

## The Men of BSC

The elevators in Elwell Hall may be the quickest way from nowhere to nowhere, but using them is better than walking. Near the end of last week the residents of Elwell had the pleasure of hoofing it up and down the stairs because some idiots put the elevators out of order. Obviously the frequent admonishments from the Dean of Men have not had their intended effect.

On Friday of last week the men of BSC contributed their talents to make another dance a great success. There were numerous female couples on the floor being observed by an equally numerous number of male wallflowers. We may not all be Fred Astaires but hopefully someone in this school has the nerve to ask for a dance.

Actually at the rate things are going we're lucky to have a dance at all. Perhaps someone ought to erect a billboard indicating the days left until the weekend. If we're going to have a good social life on the campus, which at this point seems unlikely, we must make one, and I don't mean Fraternities. Frats are bad in that they're just glorified cliques and what BSC needs is unity, not division. This school needs to show the CGA it cares, which could result in an improved social life.

All these things are up to the man. The men make dates, go to dances, and generally mingle with the fair sex, and they must only push one elevator button at a time.

"Sledge"

## What . . . ?

If snowflakes were to come in June, And Christmas in July, Or daffodils would bloom in March, With corn grown in the sky; I'd ponder on those oddities and think —

What if birds had fourteen wings, And sheep had orlon hair, If butterflies had rubber boots; I'd sit and think and stare and wonder—

What if people had no guns, And everyone was purple, They'd never fight, and never hate, and— Maybe? The world would sit and imagine—

What———?

have two husbands.

# Harriers, Gridiron Team Lose

Last Thursday the Husky harriers took to the road for a dual meet with the Crusaders of Susquehanna. The Crusaders marched away with a 17-38 win over the BSC squad, as the Huskies dropped their third meet of the season.

Susquehanna had four runners across the finish line before the Huskies placed a representative, namely Chuck Bowman, across the line for fifth place. Mike Engle was one second behind Chuck as he grabbed sixth spot. The Crusaders then placed a man in seventh spot and the Huskies took eighth, ninth and tenth positions. The winning time on Susquehanna's 4.2 mile course was 24:07 and it was accomplished by two Crusaders as they crossed the finish line arm-in-arm. The top ten placers are listed in order of their finishes: Karver (S) 24:07, Scales (S) 24:07, Dye (S) 24:37, Banne (S) 24:48, Bowman (B) 25:04, Engle (B) 25:05, Rosborough (S) 12:13, Henry (B) 25:16, Horbal (B) 25:46, Moyer (B) 25:48.

### Beaten By Millersville

Last Saturday the BSC harriers took on a powerful Millersville team on the Husky course. The Marauders displayed much strength and good depth as they swept the first three positions. Mike Horbal, (Muff Diver from New Jersey) who is continually improving, grabbed fourth spot as he finished first for the Huskies. Millersville took fifth and seventh places and the Huskies filled in the sixth, ninth, eleventh, and twelfth spots. The final tally had the Marauders on top of an 18-42 score. This loss put the Husky record at 0-4 while Millersville is currently 8-1 with their only loss to a superb West Chester team.

The Husky Pups also had a meet with the Millersville Freshmen and the Pups whipped the little Marauders by a score of 20-35. Paul Pellittier once again led the pack to the finish line as he exhibited some very fine running. The Freshmen record now stands at 2-0 and it marked the twelfth consecutive win for the Freshmen cross-country teams dating back two years ago. Keep up the good work Freshmen!

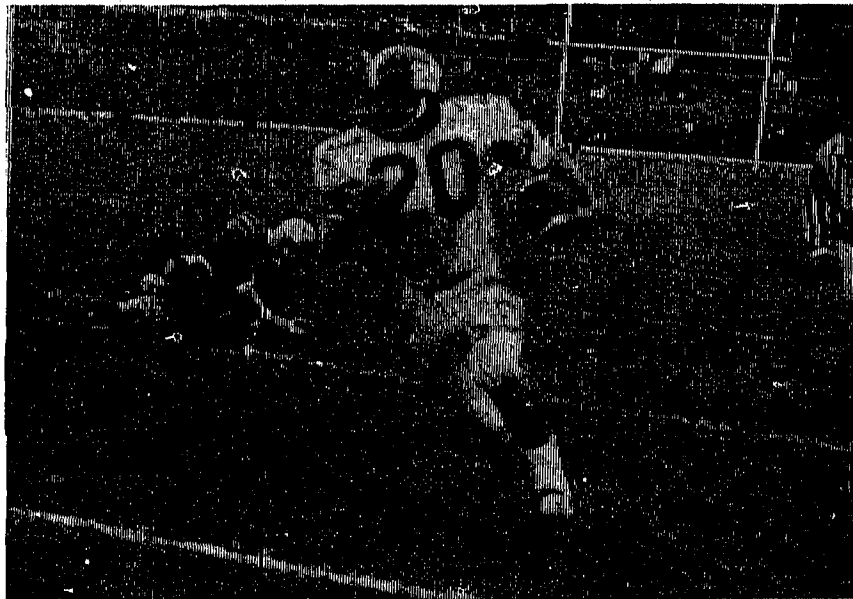

West Chester State College gained 541 yards rushing and passing in defeating BSC Saturday at West Chester. The Rams were held scoreless in the first quarter by a tough Husky defense and the fine punting of Art Sell. However, West Chester broke loose in the second quarter to put the game on ice. Art Sell kept the Rams holed up deep in their own territory for most of the first half. Sell quick-kicked three times for a 51 yard average.

Early in the second stanza, Paul Dunkelberger took a bouncing Sell punt on his own 17 and rambled past four would-be-tacklers for the first score of the game. Bert Nye plunged into the middle of the Rams line for a two point conversion but was stopped dead by the Husky defensive line.

Following an exchange of punts West Chester drove 68 yards in 7 plays for their second T.D. The big play of the drive was a third down draw play to Nye for 29 yards to the BSC 3 yard line. The conversion was good giving WCSC a 13-0 lead.

Before the half ended the Rams picked up two more touchdowns, giving them a 26-0 halftime lead.

In the second half the BSC defense again rose to the challenge and contained the powerful West Chester offense. The Rams were

Art Sell sweeps for 18 yds. in loss to West Chester.

only able to rack up two more T.D.'s. They scored late in the third quarter on a 53 yard drive climaxed by Bert Nye's 1 yard T.D. plunge. Earlier, BSC's John Davis intercepted a Dilt's pass in the end zone and accidentally stepped out before downing the ball. The result was 2 points for WC and the Huskies gave the Rams good field position as they were forced to kick from their own 20.

BSC finally got on the scoreboard early in the fourth period. The Huskies were on their own 36 yard line when Tom Schneider fired a pass to Mike Kolojechick. Mike

shook off a tackler and outran the Ram's defense for a 64 yard touchdown.

With less than three minutes left in the game, halfback Rocky Rees carried the ball in from 7 yards out, for the last score of the game. Stevenson, a soccer style kicker, added the PAT for a 41-7 final score.

# Field Hockey 1st

On Tuesday, Oct. 8, BSC's field hockey team played Misericordia College on their home field at Dallas, Pa. BSC won the game by the score of 6-0. This is the first field hockey win since the inception of an intramural team last year. Alexis Gamble, Karen Meara, Chris Ohl, and Sue Cassel are credited with a goal a piece, and Nancy Ruhf made two scores.

# Women's Meeting

The Women's Recreation Association held its first meeting on October 7, 1968. The Association was formed to organize women's sports and initiate a greater spirit for intramurals.

The first activity scheduled is Field Hockey starting October 21. Any interested girl should get in touch with Miss Auten, the advisor, or one of the officers. The officers are: President-Marg Boyer, V. President-Linda Trainer, Secretary-Carol Rees, and Coordinator-Cindy Everitt.

**Do you see \$25,000 a year in your future?**

We'd like to talk to you about a genuine career opportunity, where an annual income of \$25,000 to \$50,000 and more is a perfectly reasonable objective. We'd like to tell you about the outstanding progress you can make in our rapidly expanding company. GRANTS sales volume of one billion dollars per year will double within a few years. We'd like to talk to men who will throw their hat in the ring in one of the most rewarding, exciting and challenging contests in business! Would you like the facts right down the middle? Straight from the shoulder. No double talk? Our interviewer will answer your questions about our management program in just that way. Ask your Placement Director for our brochure and sign up for the interview on October 24 at 10:00 a.m.

# Flying lessons. Apply here:

That's right. You, too, can be a pilot.

Join the United States Air Force and qualify for pilot training. Become a leader with executive responsibility.

Well, what else? A pilot is the officer in charge of a million dollars worth of high flying, sophisticated supersonic equipment, isn't he?

Yes, and you'll wear a snappy blue officer's uniform, enjoy officer's pay and privileges. You'll probably travel to exotic foreign lands, and have a secure future in the biggest scientific and research organization. World's biggest.

You'll be where all the exciting Space Age breakthroughs are, Where it's happening. Now. Today. Right now. This minute. The Air Force is the "now" place to be.

If you yearn to fly and don't try the Aerospace Team, you'll miss your big chance.

Let that be a lesson!
