

# THE MAROON & GOLD

VOL. LII — NO. 48

BLOOMSBURG STATE COLLEGE

FRIDAY, APRIL 26, 1974

Warren Farrell, noted human liberationist, spoke on Monday during activities commemorating Human Lib Week. Farrell discussed the effects of Women's lib on men.

(Photo by D. Maresh)

## Carnival in Kehr

A full-time carnival atmosphere in the Kehr Union will greet returning alumni and the brothers, sisters and parents of students participating in Siblings Weekend on campus. The carnival will feature some 27 fun games and food specialties, sponsored by various campus organizations. The carnival will be in operation two days, today and tomorrow, from 1 p.m. to 1 a.m. both days. The public is cordially invited to participate in the activities.

Food concessions will include such popular items as soft pretzels, potato pancakes, funnel cakes, perogies, french fries, cake, rock candies,

popcorn and root beer.

Games and contests will include peanut throw, water tank dunk, cake walk, darts, balloon shaving, fortune telling, bowling pin and silver dollar game, nickel pitch, golf game, popcorn and ball throw. In addition, there will be cartoons shown in the Coffee House, periodic performances of the play "Indians" by the Bloomsburg Players, a western jail, white elephant sale, a book table containing free literature and a car wreck outside the union building.

All of the above activities are sponsored by the various college organizations as either service projects or fund raisers.

## Alumni Day Saturday

Alumni Day at Bloomsburg State College will be held this Saturday, April 27, 1974, according to Millard Ludwig, President of the BSC Alumni Association.

Approximately a dozen class reunions are scheduled and festivities will get underway Friday, April 26, 1974 when the Class of 1924 will be honored guests of the Alumni Association at a dinner in Scranton Commons, while the Class of 1919 will meet in the Alumni Room of Waller Hall.

An informal get-together for all alumni and faculty will take place Saturday morning from 9:30 a.m. to 11:30 a.m. in the formal lounge of the Kehr

College Union. From 10 a.m. campus tours will be conducted, with guides and transportation

available at the Kehr Union information desk.

At 12:30 p.m., a luncheon for all alumni will be held in the Scranton Commons. During the annual business meeting immediately following the luncheon, at 1:30 p.m. in the Scranton Commons, the Alumni Association will present a Distinguished Service Award to two BSC alumni. The recipients of this award will be announced at that time.

Class meetings will begin at 3:00 p.m. which will be followed by social hours and dinners as scheduled by reunion classes. Alumni members may also enjoy the "Spring Carnival" which will be in progress in the Kehr Union Building from 1:00 p.m. to 1:00 a.m. Friday and Saturday.

## Another Ho-hum CGA Meeting

By PEGGY MORAN

Allocations to the Student Speech and Hearing Association, the Alice Lloyd program and the approval of student members on the Campus Judicial Board were among the topics discussed at the Monday, April 22 meeting of the CGA held in the Multipurpose Room in the Union.

Funds amounting to \$400.00 were given to the Student Speech and Hearing Association to help send BSC students to the state convention. The convention will be held May 4-5 in the Poconos.

A total of \$500.00 was allocated to the Alice Lloyd program. This is a program by which BSC students may study rural education in the Appalachians during the summer break. The course is offered at Alice Lloyd College in Kentucky. The program runs from late May through June and the money will mainly cover travel expenses.

The following students were approved by the CGA for the

## Greek Week

Spring is here and once again the Greeks at BSC are anxiously anticipating the arrival of Greek Week festivities. Greek Week will begin on Sunday, April 28 starting with the Road-Rally at 2:00. In the evening, all Greeks will meet at 7:00 in Carver Hall along with the rest of the campus to participate in the popular Greek Sing. The theme for this year's Greek Sing is Music of the 60's. At this time, Greek man and Greek woman for 1974 will be presented to the Campus Community, along with the Inter-Sorority Council scholarship award winners, a surprise added attraction is also planned.

On Monday, April 29 at 5:30, spectators will witness the great display of strength as the Greeks struggle to become Tug of War Champions.

In the Union, on Tuesday, April 30 at 1:00, the Pie Eating Contest will be held between the fraternities. Game Night will commence at 7:30 p.m. in Centennial Gymnasium on Wednesday May 1. Don't miss the Greeks in action, pushing wheelbarrows, eggs and peanuts and even exchanging clothes!

Chariot races will be held on Thursday, May 2, starting at 6:30 near the tennis courts, with a course that will prove to be a challenge for all! Friday, May 3 is designated as an open day for all.

Saturday, May 4, beginning at 10:00 a.m. Olympic Day will be held. At the conclusion of the events for the day, Greek Week Champs will be announced by the co-chairmen of the Greek Week Committee, Margie Mashett from Tri-Sigma and Jay Bertsch from Delta Pi.

Campus Judicial Board: Harry Lumadue, John Roehrig, Sue Werner, Robert Shelly, Nico Antoniadis, Phillip Romello, Richard Neuschwander, Sharon Young, Patti Parsons, Cynthia Hertzog, Nancy Schaeffer and Claudia Whittaker.

From these people two alternates will be chosen. The board hears cases involving students from more than one residence hall or off campus.

A sum of \$200.00 was also allocated to the physical education department to purchase awards for the Swim team State Champions.

The awards include a watch

for Rich Kozicki, and blazers for Stu Marvin, Dave Slade and Paul Richards.

The revised CGA constitution was brought up for discussion and final approval was postponed until the May 6 meeting due to some minor revisions, some of which were the addition of recreation, judicial and ticket committees.

J. Douglas Dowes, Executive Secretary of the Commonwealth Association of Students will speak at the next CGA meeting on May 6. At that meeting next year's officers will officially be sworn in for their term.

## PCGA Spring Conference

The 21st annual spring conference of the Pennsylvania Council for Geography Education will be held at the Sheraton Motor Inn, Danville, Pennsylvania, this Friday and Saturday, April 26 and 27. Bloomsburg State College is serving as the host institution and the theme of the conference is "All Possible Worlds."

During the Friday evening banquet, Dr. Lee C. Hopple, Bloomsburg State College, who is President of the Council, will preside. Greetings will be extended by Dr. James H. McCormick, BSC President, and the main address entitled, "The Interplay of Percepts and Concepts in the Teaching of Geography", will be given by Dr. Preston E. James, Maxwell Emeritus Professor of Geography, Syracuse University.

Session one on Friday evening will cover a seminar and discussion on geographical thought. The two sessions

Saturday will cover general topics and geography education. During the luncheon at 12:00 noon on Saturday, election of officers and directors for the 1974-75 college year will be held. In addition, the PCGE Distinguished Service Award will be presented to Dr. Bruce E. Adams, Bloomsburg State College. The activities will conclude Saturday afternoon with two field trips: a physical geography field trip covering the areas north of Bloomsburg State College, south near Frackville, the Conyngham Valley and Nescopeck Creek Water Gap; and an industrial field trip through the Danville plant of Kennedy Van Saun.

The main goal of the Pennsylvania Council for Geography Education is the advancement of geographical education in public schools and colleges in Pennsylvania. Public School geography teachers and college professors will be in attendance this weekend.

## Fast to Save People

Students at colleges and high schools across America are organizing the FAST TO SAVE A PEOPLE on Wednesday, May 1. Co-sponsored by Oxfam-America and Project Relief, the FAST is aimed at helping the six to ten million people who face death from starvation as a result of the ongoing African drought, which has been called "the worst ecological disaster of the century."

The FAST unites a massive fund-raising effort with an attempt to develop awareness of both the crisis situation in sub-Saharan Africa and impending food shortages in other parts of the world.

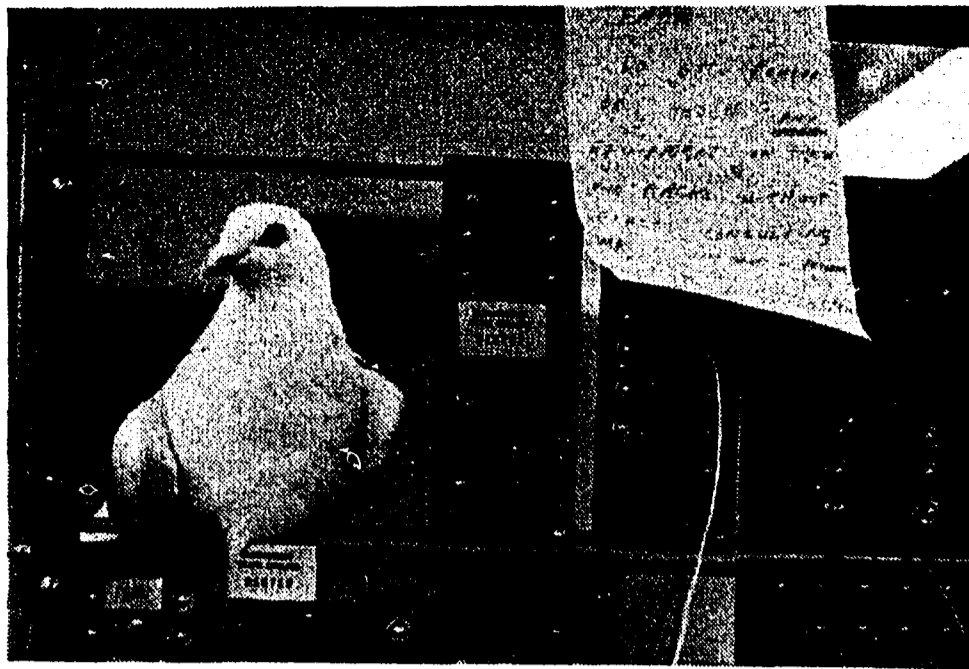

On May 1, students are urged to skip one or all of the day's meals and to donate the money thus saved to help the people of the drought-stricken area. Students will also solicit financial sponsors to underwrite their fast. Funds raised in this way will be used immediately for food, family

planning and medical assistance.

Funds will also be carefully channeled into such long-range projects as agricultural training programs, well drilling and water resource management, credit cooperatives to aid small farmers in the purchase of seeds, fertilizers and insecticides; in short, to help build the kind of sound and sustainable agriculture so urgently needed in these developing nations.

For information, write to Bruce W. Roberts, Director;

Project Relief, Inc; PO Box 1455; 335 Westminster Street; Providence, R.I. 02901; or phone (401) 751-9300.

One of the experimental animals of the Psychology Department and some of the sophisticated electronic gadgetry used to monitor its responses. (Photo by D. Maresh)

## Going To The Bar

By MARY DE FELIPPIS  
Wally sits alone, woe-begotten, as Gertrude coos little nothings in his ear. No, this is not the beginning of yet another soap opera — it is the Animal Psychology Lab in Old Science.

Wally is an albino rat; Gertrude, a pigeon. They are owned by Experimental Psychology students who try them out separately in various experiments.

Wally, for example, learns how to go to the bar to get a drink (of water). According to his owner Nancy Hall, Wally is water-deprived all day until she comes to get him for an experiment. He is taken from his cage in the animal lab across the hall to the experimental lab. Here Wally is placed in a specially controlled booth (Skinner box) where electronic equipment is rigged for whatever experiment the student and Wally are working on.

Wally learns by the process of "shaping behavior"; that is, a system of rewards and punishments for tasks well done. The purpose is to see how the process of learning takes place.

### The Faculty

## They Not Only Have It They Use It

Interplay with the outside and with other institutions is an imperative aspect of the continuation and growth of the high level of intellectual activity of Bloomsburg State College. The resurgence of new ideas and stimulation of participation are a necessary force in the dynamics of a good school. That this spirit of involvement permeates this campus is in a large part due to the leadership of a fine and concerned faculty. Some examples of how the spirit is manifested at Bloom follow.

Dr. James D. Bryden, Jr., Chairman of the Department of Communication Disorders, and Mr. G. Donald Miller, instructor of audiology, returned to Bloomsburg April 6 after a two week stay in Bahia, Brazil helping to upgrade the training of teachers of exceptional children. While in Brazil, they conducted a speech and hearing seminar for more than fifty teachers of children with communication disorders. In

Under CRF (Continuous Reinforcement) Wally learns that every time he presses the bar he will get some water. Being water-deprived all day, Wally is highly motivated to relieve his thirst and so learns quickly.

The next experiment however might be a fixed interval test that gives Wally a drink every thirty seconds no matter how many times he bar-presses. Or, maybe it's a discrimination test in which he only gets a drink if he presses the bar when the booth light is on.

"Wally is doing very well and learning much", stated Nancy. According to the electronic counters of the booth Wally has gone from 80 to 1600 bar presses per hour, quite an accomplishment for a rat.

"However," Nancy noted, "Sometimes when we begin a new experiment, he shows signs of frustration when he can't get a drink." As you watch his behavior, you can almost here him mutter, "What the hell's the matter with this thing? Why me?"

Sound familiar? A student is not alone in his frustration of learning. Just ask Wally.

addition, an exchange program, was established between Bloomsburg State College and Bahia's Federal University and Catholic University in the special education of exceptional children.

Dr. Margaret M. Sponseller, Director of the Reading Clinic at Bloomsburg, is serving in the 17 member state advisory council for the Right to Read program. Right to Read is a federally funded, nationwide effort to give all citizens - children and adults - the basic reading skills they need. It is operated by school districts in school buildings, Right to Read centers and homes.

Dr. Percival R. Roberts, III, Chairman of the Department of Art has been notified of his inclusion in the 1974 edition of "Contemporary Authors", an international Bio-Bibliographical Guide to current authors and their works. Dr. Roberts, who has written five books of poetry, is

# Waste Not, Want Not Ecology Program Begins

By VALERY O'CONNELL  
Waste not, want not. For thine meal ticket might just stay at the same price.

ARA services will initiate a Food Ecology Program, beginning on Monday, April 29. The whole idea is to make all eaters aware of the amount of food thrown away each day at the Commons.

"The program was designed as an attempt to prevent the need for a rise in board costs and also to maintain good quality food service," state coordinators Mrs. Barbara Schaeffer and Mr. Frank O'Brien, manager of the Commons. Introduced Monday evening, April 22, at the Dining Room Committee meeting, the agenda was given unanimous approval by the student representatives.

### BSC Pilot School

Selected as the pilot school for the entire ARA company, Bloomsburg State will be the first to implement this program. If successful, similar campaigns will be incorporated next year into the dining services of other institutions.

Earlier this school year the novel program was designed and launched at several Mid West colleges, under the sponsorship of Coca-Cola, USA. Food wastage at Michigan State University was discovered to exceed four tons per day. After the Food Ecology Program was introduced to the campus, wastage was cut down considerably.

### Wasted Food Costs

The average BSC student is not aware that a wasted piece of

bread costs 1.6 cents. He does not realize that a glass of milk, thrown away, is 8.2 cents down the drain.

Next week's campaign is intended to make the average student aware of these wastage problems and hopes to cut down in these same areas.

The rising costs and recent shortages of certain food items have produced many problems at eating establishments throughout the country. Thus the plan of the Food Ecology Program, according to Mrs. Schaeffer, is to "awaken the student body to the real problem here an on all college campuses today."

### Take and Eat

Eye-catching posters will be placed at strategic locations in the Commons, reminding students to "Take all you want, eat all you take." Small cardboard reminders, fixed at various spots, will urge people to eat their plates clean. Line servers will be adorned with buttons stressing "If you want less, tell me."

### Behavior Mod Techniques

The program plan includes four impact campaigns. The posters will be displayed for two weeks and then removed. Following scientific principles of behavior modification, several weeks later another emphasis on food wastage will be put into effect.

"Thus the program is designed with periods of conscious effort and periods of unconscious practice, concerning the principles taught by the campaign," commented Mrs. Schaeffer.

All eaters (and thus the whole college community) are en- (please turn to page three)

### ATTENTION FACULTY!

You are encouraged to bring your children to campus this week to participate in the Siblings' Weekend program. Activities include a carnival in the Union on Friday and Saturday from 1 p.m. to 1 a.m., a picnic on Saturday at 5 p.m. and a learning experience workshop on arts and crafts in the Union on Sunday at 1 p.m.

## Temporary Help At Peak Season

By VALERY O'CONNELL  
Summer session students, attending school to pick up a few necessary credits, often miss the opportunity that the season offers for them to earn money at a full time job.

But a new agency in Bloomsburg, the Temporary Emergency Labor Company (TELFCO), corner of Seventh and Market Streets, just may provide such opportunity for these students.

TELFCO is similar to the many temporary employment agencies found in large

metropolitan areas. Yet it is a novel idea for Bloomsburg and is not an employment agency, per se, as the applicant never has to pay a fee.

"The idea of the program," commented manager Dan Beyer, "is to provide temporary help for area businesses during their peak seasons."

Summertime seems to be that peak season and TELFCO has jobs available in many labor areas, especially the industrial, factory and clerical fields.

# BSC 9 drops Twin Bill record now even

Bloomsburg State College's baseball squad dropped a pair of games to the Warriors of East Stroudsburg Monday. The loss evened Bloomsburg State's record at seven wins and seven losses, after Sunday's pair of losses to Indiana University.

### WELLES AND MUMMEY

BSC's Linc Welles, along with Laverne Mummey, provided the bulk of the Huskies' offense in the first game, as the pair contributed three hits and three RBI to the locals effort.

Both came up with doubles, and Welles provided a single as well as one stolen base. Mummey accounted for two RBI and Welles for one.

The only Husky to hit safely in the first game was junior Bill Russell, as BSC could only manage a total of four hits through the seven innings, and the Warriors recorded the same.

BSC led 2-0 after the first inning, but East Stroudsburg came back to tie it up in the top of the second. The Huskies took

the lead again in the bottom of the third. For two innings BSC starter Lanny Sheehan held the ESSC charges scoreless, but then the visitors came up with two runs in their half of the sixth

to move out to the final 4-3 margin.

### 1ST GAME ACTION

In the first inning, with one out, Welles singled for the Huskies, and stole second base, then moved to third on a past ball on ESSC's catcher, John Varacallo. Bob DeCarolis worked his way onto first with a walk, then Mummey slammed his double to score both his teammates.

The locals' only other run came in the third inning, when Russell singled and Welles doubled to push him across.

Duane Leeper claimed the win for ESSC. He pitched five and two-thirds innings, allowing four hits and three runs, all earned while issuing five walks and fanning two Husky batters. Wesco came on in relief for the save.

Sheehan gained for the loss, as he went for the full seven innings, allowing four hits, four runs, three earned, four walks and striking out seven.

East Stroudsburg left five men on base, while BSC stranded three.

### SECOND GAME

In the second game, BSC could only manage a total of

three hits, and East Stroudsburg came up with four, scoring one earned run — and two unearned — to claim the victory, in a game called after five innings.

The only Huskies to reach base in the second encounter were catcher DeCarolis, designated hitter Len Peterman and shortstop Greg Oswald. DeCarolis and Peterman singled and Oswald, a sophomore from Allentown, ripped a double.

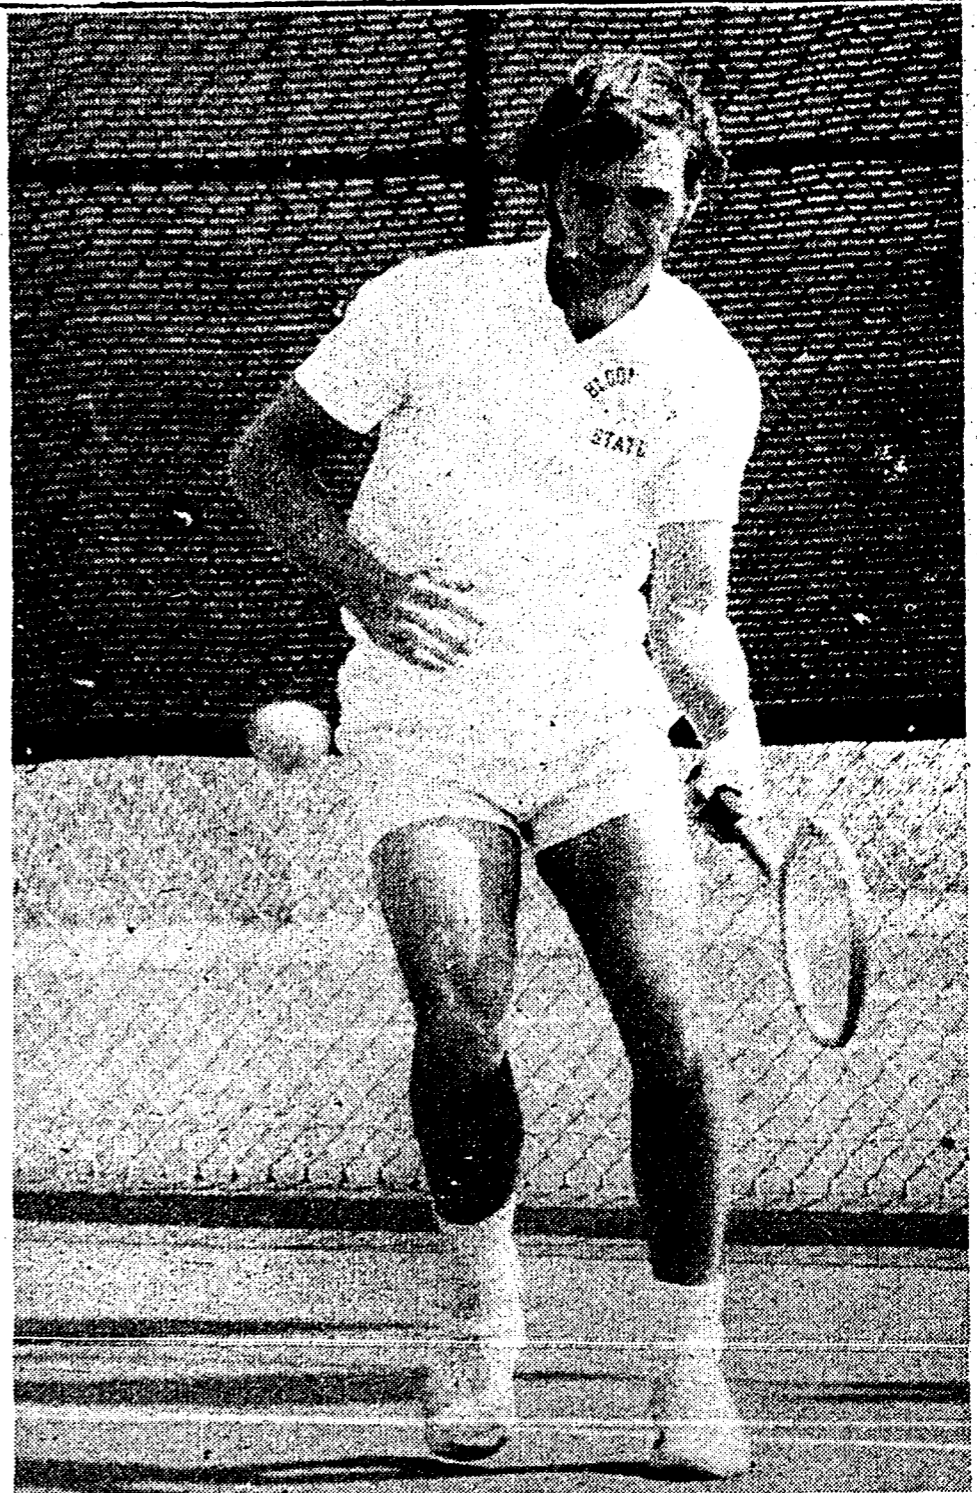

East Stroudsburg jumped out to a 2-0 lead in the top of the first, then added another run in their half of the fourth frame.

Ryznar was the winning pitcher, going five innings, allowing three hits and striking out three Huskies. Joe Jacobs absorbed the loss for BSC, pitching five innings and giving up three hits and three runs — one earned — while walking five and fanning three.

Both teams left men on base.

### UPCOMING STARTS

The Huskies travel to Wilkes College in Wilkes-Barre today for a doubleheader and will be at Shippensburg State College Thursday afternoon for two games.

A member of the BSC Men's Tennis squad plays a serve during recent action. The Huskies are on the road for the next few days as they hope to keep up their winning ways.

(Photo by B. Jones)

# Numidia: Bunny Burkett Wins

It was a grand happening at Numidia as two of the country's best female drag racers went at it head to head in Pro Stockers. Add the spice of Ford vs. Chevrolet and you have one fine day at the drags. Jean Brown of Clinton, Md. just could not catch her lovely companion as Carol Burkett's Pinto won three in a row from the Brown Vega. Oh, it was no run away, try a 9.79-139 in the final round by Burkett as Jean Brown rumped home with a 10.13-134. This was the first appearance in the '74 fort he match race madness at Numidia but by no means the last. Keep your eye on your favorite to follow the hot action at Numidia Dragway.

Bob Reed of Tamaqua ended a long dry spell in competition elim by putting his D-A Dodge home first in front of a C Dragster then came on to win out over Lenny Slodysko's Beautiful new D-A Vega. Len hails from Shamokin and to be sure you'll hear plenty more from this car throughout the season.

Nick Nash of Catawissa made his first '74 appearance a success as he wheeled his B-SR to a fine Modified Eliminator win. Nick's machine is brand new for '74 and seems to be

going straight for a change. Nash beat Matt Reklaitis of Pittston in the final heat with a 10.43 at 130.62 MPH as Matt's F-MP went 12.41-111.11.

The Kress Automotive Chevrolet is running better every week and make it to the finals against May Naylor of New Buffalo, Pa. At the far end it was Sonny Kress with a super fine 11.25-122.78 to Naylor's D-SA 11.54-121.13.

Lovable Lou once again made his presence known in Stock Eliminator. Morgantini runs an H-SA Ford and gives the Chevolets all kinds of problems at Numidia. This week Lou of West Pittston nipped Ed Horensky of Sugar Loaf with a 13.40-87.54 to Ed's loosing 13.22-87.63.

About the most contested eliminator at Numidia is the E.T. Brackets. Moody and Weed of Exeter just about run their big Ford into the ground every week, but today was their day that ended at 7 p.m. for them with their first season win. Moody ran 12.93-91.00 to swat Rick Walters of Swoyersville.

A lot of credit has to go to Paul Werner of Reading for trying as hard as he does throughout two seasons in Pro Street. At a time when everyone was running out of Pro Street because Mike Moore of Oley is a real tough contender, Paul kept working. This week Paul had his day and won Pro Street from Mike Moore. Both machines bettered their record at Numidia. Moore went 10.86 and Werner 11.73 which now stand as New Records in their respective classes.

Top Bike, once again, went to Jim Yodock of Catawissa, Yodock had the most bike wins last season and is well on his way this season. Yodock went 12.74-102.73 to Bob Maciejewsky's 14.36-100.11. This is Numidia Raceway, The Place to Race. The money is on the line and if anyone bothers to think percentages, there is no other strip that pays better. So sooner or later, we'll see you at Numidia Raceway.

### Waste Not; Want Not

(from page two)

couraged to participate in the Food Ecology Program. The coordinators are looking forward to a successful program and anticipate good cooperation from the student body.

Remember that an unused margarine patty is a penny wasted. The prices of unfinished apples (7.8 cents) and oranges (3.6 cents) adds up. If we save on wasted food today, we may be able to save on money (never considered a waste) tomorrow.

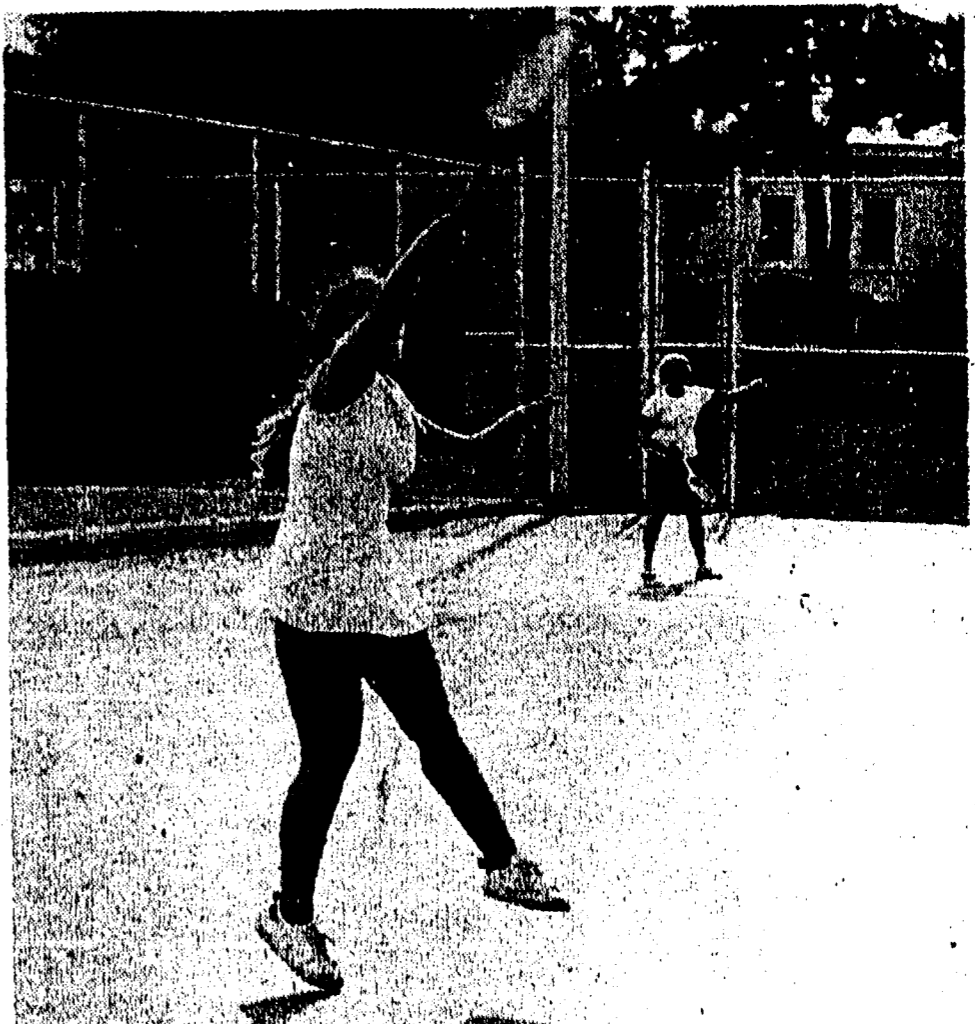

# Women win Tennis Opener

The Women's Tennis Team opened their season, Tuesday, April 23 with a victory over Mansfield despite a slight rain shower mid-way in the match. Playing singles in the number one spot, Anne McMunn defeated her opponent 6-1 6-2. Playing number two, Ann McCoy was defeated 4-6, 2-6 after a hard match. Sheryl Greiner won both sets 6-0 in the third position. Val Cronin, playing the fourth won 6-0, 6-2. Marianne Zane won 6-0, 6-0 playing fifth and Ann Gruber in the sixth position won 6-0, 6-1.

The Doubles matches proved to be a bit more challenging. The number one doubles team

of Judy Scott and Marianne Zane playing well finally defeated in the third set with a match score of 3-6, 6-1, 3-6. Jenny Yost and Val Cronin won their match 6-3, 6-2 and Ann McCoy and Ann McMunn won 6-0, 6-1.

SINGLES			
McMunn	6 6	Gruber	6 6
	1 2		0 1
McCoy	4 2		
	6 6		
DOUBLES			
Greiner	6 6	Scott	3 6 3
	0 0	Zane	6 1 0
Cronin	6 6	Cronin	6 6
	0 2	Yost	3 2
Zane	6 6	McCoy	6 6
	0 0	McMunn	0 1

Ann McMunn plays a shot during action last fall. The Husky Netwomen are off to a strong start as they easily won their opener last week.

### Items of Interest

**COMMUNITY ACTIVITIES**  
The Collection of the Community Activities Fees will take place May 1, 2, and 3 at the Student Bank from 10:00 to 4:00. The amount is \$60.00. Registration is by Social Security Number. The schedule is (only the first three digits of the Social Security Number are listed): May 1 - 001-176; May 2 - 177-197; May 3 - 198-199 and latecomers'.

Please make all checks and money orders payable to Community Activities. You may pay by either cash, check or money order, in the amount of \$60.00. You must pay this fee to register in the fall.

**SUMMER CAMPUS JOBS**  
Students who submitted applications for summer 1974 campus jobs should check their campus mailboxes this week for notification regarding approval. Any student not receiving some notification should come to the Financial Aid Office, Room 19, Benjamin Franklin.

**SOCIAL WORK DAY**  
The Department of Sociology and Anthropology will hold their Annual Social Work Day in Kuster Auditorium from 1 to 2:30 today. Dr. F. Monahan, Dean of the School of Social Work and two other faculty members, Dr. G. Powers and Mr. M. Freund, from Marywood College will speak on "Job Opportunities in the Field of Social Work" and also the Graduate Program at Marywood. All interested students are welcome.

**PRACTICUM-INTERN**  
The Department of Psychology has announced that additional positions are available for practicum-intern community experience. Beginning in the fall, students may receive course credit and, in some cases, additional free housing or nominal pay in exchange for 10 hours work per week. Students may choose from a variety of experiences at Danville State Hospital, White Haven State School, Selinsgrove State School or several other community agencies.

Any student may apply through the Department of Psychology (see Mrs. Long in Room 31 Old Science).

### Temporary Help

(from page two)  
The starting wage for most employees is \$2.25 per hour. The industry is billed by TELFCO and employees receive their paychecks directly from TELFCO.

It is possible that a temporary person could work a full forty hour week but at different locations in the immediate area. The agency's system of application is convenient both for the agency and the applicant, as it provides space for the applicant to state the times he is available to work.

One advantage TELFCO has above national agencies such as Manpower and Kelly Girl is that "if a company wished to hire its temporary help permanently, they would not pay any kind of the usual fee."

TELFCO serves the entire community, be they high school or college students or senior citizens wishing to supplement their social security incomes. "Our program began about a month ago," said Byer. "It shows much promise and we urge all BSC students who might be interested in earning some cash to fill out an application."

Forms may be obtained at the Financial Aid offices, Ben Franklin.
