Dear Gary:

You may recall we talked at Phil Walker's about your presentation of a program devoted to the farm of the future. I am happy to say not only has the project been funded but the date for our forum has been tentatively set for 25 July 1979. Presuming that the budget we submitted remains unchanged, we can provide you with an honoraria of \$50.

We are talking about a forty minute presentation that might include, in part, film materials or if you can provide us with appropriate photographs, we could reproduce them in a 35 mm. slide format. In any event, we would like to give those present a chance to see as well as hear something of the future.

Perhaps when you are next in Edinboro you can give me a call (734-3039) and we can talk through some possibilities. At this point, it would help me if you would send along something by way of a vita or resume that includes your education and professional experience. As well, would you indicate the names of newspapers, newsletters, or trade publications that would like to learn of your involvement in the program in question.

I look forward to talking with you again.

Sincerely,

A handwritten signature in cursive script, appearing to read "John L. Marsh".

John L. Marsh
