Dear Milt:

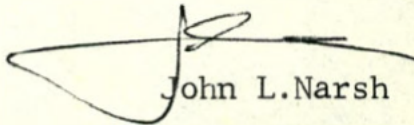

Many thanks for the vita. It will come in handy as we put the program together.

In another connection, we have not talked about remuneration for your presentation. When we planned things originally, I had anticipated that a local individual would be involved and I budgeted only a modest honorarium--\$50. This is obviously not adequate compensation for you to make the trip from Syracuse. Would you indicate what you think appropriate, and I will see if our funding agency will allow us to take monies out of one pocket and put them in another.

In another development we have been asked if we would be interested in being considered in another connection--that is to present our program--or a version of it--at a major meeting of national funding agencies in Philadelphia this fall. I'm sure this would be an all-expenses paid opportunity should we be asked. I meet with the director of The Public Committee this Saturday and I should know more details then.

I'll keep you posted as things develop.

Sincerely,

John L. Narsh
