No. 3.

SUMMER SCHOOL AT SHIPPENSBURG NORMAL JUNE 28-AUG 6

The six weeks summer session of the Shippensburg normal last year was very much the largest summer session ever held here. Graduates of high schools who wished to teach in the fall, teachers who desired a better grade certificate and graduates from second and third class high schools who wished to work off a number of branches in which they would otherwise have been conditioned, were here in large numbers. One of the hardest working groups was made up of those who desired to secure a professional or a state permanent certificate. Besides these, many students who had been with us during the spring remained over to take courses that would be helpful to them in their further work.

The summer session this year will, we believe, be even more largely attended than was the session of last year as the appeal will be even wider this year than it was last.

The summer session has now become a regular part of the normal school year. It is a step toward the all-year session of the normal school whereby it will be possible for an ambitious student with good health to finish a course in the shortest possible time. This year the opportunities open to students will be greater than ever before as instruction will be given in practically every subject included in the normal school course, and in a number of other advanced subjects. The summer school faculty will be made up of a number of the heads of departments from the normal school and superintendents and teachers from public school work who

have won high honors in their profession. In short, the faculty will be one of the strongest that has ever had charge of the work at the normal school.

The Shippensburg Normal School is ideally situated for summer work. From its elevated position it looks down on the beautiful Cumberland Valley. The North and South Mountains are in plain view. The campus is one of the most beautiful spots to be found anywhere and is especially beautiful in the summer. Because of their elevation the buildings are always delightfully cool in the summer. The long halls, the court of the girls' dormitory and the tower of the main building with its view of the valley add much to the attractiveness of the place to summer students.

Evening entertainments such as illustrated lectures and moving pictures will be provided free of cost to the students. The courses offered will appeal to the following classes of students.

1. Those preparing for a provisional certificate.
2. Those preparing for a professional certificate.
3. Those preparing for a state permanent certificate.
4. Graduates of first grade high schools, who expect to teach next year.
5. Graduates of second or third grade high schools who wish to work off certain conditions so as to shorten their time at normal.
6. Students attending normal school who wish to work off conditions.
7. Prospective college students who need additional credits for entrance to college.

The courses will be divided into two general classes: *Intensive* and *Continuation* Courses. The intensive courses are for those who have not been in attendance at normal during the spring term. These courses will cover the ground as thoroughly as possible in the six weeks session. The continuation courses are for those who wish to continue the work done during the spring session.

FREE TUITION to all students, 17 or more years of age, who are preparing for teaching, or who wish to secure advanced standing in the normal school. To those preparing for college, or for business, and to those who are not yet 17, the tuition will be \$6 for the first branch, \$10 for two branches, and \$12 for three or more branches. A registration fee of \$3.00 will be charged those who attend the summer term only. If the registration fee is paid on or before June 10, the charge will be \$2.50 only. Rooms will be reserved on receipt of the registration fee. For those who have been in attendance during the spring term or a part of it the registration fee will be \$1.00.

In spite of the enormous increase in the cost of living, we shall continue our charge of \$4.75 a week for boarding, furnished room and light.

Laundry will be 30 cents a week for those who wish to have their laundry work done at the school laundry. In these days of high charges for everything it is worth while noting that a student who is 17 or more years of age, and who is preparing for teaching or for advanced standing in normal school, will be able to take the summer course of six weeks at our school at an expenditure of from \$32 to \$35. What better investment can be made anywhere?

OUTLINE OF COURSES OFFERED DURING SUMMER SESSION

INTENSIVE COURSES

Course 1. *For graduates of first grade high schools and others wishing to prepare for county superintendent's examination for provisional certificates.* This course will include an intensive review of the common school branches and the methods of teaching them. Special instruction will be given by able teachers in the work of organizing a school, especially a rural school. Pupils from the training school will be used for demonstration work and opportunity will be given those who wish to have some practice in teaching, to teach a class of training school children. This is the course that county superintendents recommend to those who expect to teach for the first time this year.

Course 2. *For those who wish to prepare for the examination for a professional certificate.* This course covers the branches required by the state for this certificate. Students should select two or more of the following subjects: vocal music, drawing, English literature, plane geometry, general history, physical geography, elementary botany or elementary zoology. It is highly important that students expecting to take this course should register as early as possible and indicate what branches they wish to take so that definite arrangements may be made.

Course 3. *For those who expect to take the examination for the state permanent certificate.* This course will give intensive work to each of the groups required. First group: vocal music, drawing, physical geography, elementary botany, plane geometry and one approved book on pedagogy. Second group: (final branches) elementary zoology, general history, elementary physics, English literature and two approved books on pedagogy. The books on pedagogy from which selections should be made are Hall-Quest's "Supervised Study," James's "Talks to Teachers on Psychology," Bagley's "School Discipline" and Strayer and Norsworthy's "How to Teach." A student may offer any book from the approved list. Students desiring to take this course should register as early as possible, and indicate what group they wish to take.

Course 4. *For graduates of second and third grade high schools who wish to pass off conditions in first and second years in the normal school*

course. Students who are graduates of second and third grade high schools can often save valuable time by taking the summer course and working off branches in the normal course that they did not have or which were not completed in the high school course.

Course 5. *For high school students who need certain branches for promotion to advanced standing in high school or for admission to college.* Students who desire to take work of this kind should write to the principal indicating their desires so that arrangements may be made for them.

Course 6. *Special course for those who desire to specialize on certain branches.* Opportunity will be given for intensive study of any branches in the normal school course. Graduates of the two and three year normal course and even those of the four year course frequently wish to take special work at normal. This course is specially designed for such students. It will include instruction in school measurements and tests, with the approved methods of standardizing school work and scoring tests. They should communicate with the principal in advance of their coming and make arrangements for the work desired.

CONTINUATION COURSES

Course 4 A. A continuation of course 4 given during the spring term. It will be of special value to those who wish to complete the first year work.

Course 5 A. A continuation of course 5 given during the spring term. Students who desire to complete the academic work required for admission to the junior class will find this course specially valuable.

Course 6 A. A continuation of course 6 given during the spring term. Students in this course will complete all the work needed for admission to the junior class in the fall.

Course 7 A. A continuation of course 7 given during the spring term for the professional certificate.

Course 8 A. A continuation of course 8 given during the spring term. The course is of special value to those who wish to take the examination for the state permanent certificate.

Course 9 A. A continuation of course 9 given during the spring term. This course is for high school graduates who desire to complete some of the academic branches required for a normal course.

GRADUATES OF HIGH SCHOOLS

The attention of high school graduates is called to the summer school courses open to them from June 28 to August 6. Those who expect to teach next year will be specially interested in the courses that cover the common school branches. The work given is exactly that which is required by county superintendents for the provisional certifi-

cate. The course in methods of teaching the common school subjects will be of especial value to the young teacher. The inexperienced teacher more frequently fails because of defective methods, than because of defective scholarship. These courses cover both methods and academic work.

The Department of Public Instruction at Harrisburg has endorsed very strongly the summer school courses at the normal schools and urges all young people who expect to teach to take a course at the normal schools. Salaries will continue to increase, but with the increase in salary will come a requirement for more advanced scholarship and professional training on the part of the teacher. It will be well for young people to prepare themselves for the big opportunities that will be open to them in the near future.

Graduates of second and third grade high schools who expect to come to normal in the fall are urged to take advantage of the summer school courses. The course in the normal school has been radically changed and in the very near future fifteen units of high school work will be required for admission to the regular normal course. The summer school will give those who need additional units a splendid opportunity to secure the needed work.

PRINCIPAL'S LETTER TO THE ALUMNI

Dear Friends:

I am gratified to be able to inform you that the present school year has been the most prosperous in our entire history. Not only have we the largest enrollment we have ever had, but the work done has been very successful. Our entering junior class has proved its mettle and has shown that it will compare very favorably indeed with any class in the previous history of the school. It is the largest in point of numbers and it is an aggressive and hard working body of students. Our first and second year classes are also larger than usual.

We are specially gratified to note the enrollment for the spring term. Last year at this time, (February 14), we had 80 boarding students enrolled. This year we have 128, who have already paid their registration fees for the spring term. We know that this number will be increased by from 40 to 50 more. Our resources will be taxed to the utmost to provide for the largest body of spring term students that ever assembled at normal. At this writing every room in both dormitories has been engaged and we have been compelled to seek rooms for our students in buildings adjoining the school. The large Schoch house has been rented and already 25 girls have been assigned to it for the spring term. Our faculty will be increased by at least four new teachers. We have already secured Dr. J.H. Reber, formerly superintendent of the schools of Waynes-

boro, and Miss Elizabeth Clever of Hagerstown who taught successfully at normal several years ago. We expect to be able to secure other teachers who will still further strengthen our faculty.

Our summer session of six weeks will open June 28, and close August 6. We have every reason to believe that this session will be just as successful as was that of last year. Already students are registering for the summer term.

During the past two months we have received applications from our own state and New Jersey, for at least 300 teachers. Though the salaries offered were very attractive, we were unable to furnish one teacher as all our graduates who were available had long ago been located in good positions. From present appearances, teachers will be still more scarce during the coming year and wages will be correspondingly higher. Boards of directors are already writing to us asking us to help them secure good teachers. We are anxious to help our graduates to the very best positions possible and we urge any of you who desire a change of position to write us at once so that we may be in a position to help you. Please be as definite as possible in indicating the kind of work that you would be willing to accept and the lowest salary. State, too, what your experience has been and give the names of persons to whom a superintendent or board of directors may write for information about your work. We make absolutely no charge for this work, but as there is more or less expense in the matter of correspondence, we shall appreciate it if all of you will enclose the postage required.

We desire to call the attention of all of you to the new course of study for the normal schools that will soon go into effect. This course differs radically from the present course in that it emphasizes the professional work. Though the course has not been formally adopted at this writing there is little doubt that it will receive the approval of the Board of Education at Harrisburg and the normal school principals. The new course will be based on two years training in advance of a four year high school course or its equivalent. Fifteen units of high school work will probably be required for admission. All the work, both professional and academic in the course, will be of college grade. A large number of electives covering advanced work in mathematics, biological science, college English history and education will be offered. Graduates of the course will have no difficulty in entering the junior year in college. Those who are not graduates of four year high schools will be required to show to the satisfaction of the Department of Education that they have completed the required fifteen units of high school work.

We shall continue to offer the opportunity to take the academic work required for admission to this course. Students from the country districts and graduates of high schools, who have not had sufficient high school work, will be given the opportunity at our school to secure this

work. Our academic department will give mature students the chance to do the required work in the shortest time possible.

As soon as possible the normal school course will be made three instead of two years in advance of a four year high school course. and at an early date a fourth year will be added, thus making the normal school course of collegiate rank. Undoubtedly all the normal schools of the state will be listed as Teachers' Colleges and a regular collegiate degree granted. This move is along the line of that taken in other progressive states, and is the first of a series of concerted efforts to place Pennsylvania where it belongs educationally among the states of the nation. Higher salaries must be paid to teachers and the best way to secure these is to increase the qualifications required for teaching. Before we can expect to secure the salaries paid to professional men and women we must insist on advanced requirements for all teachers.

Not only does teaching offer greater opportunities in the matter of salaries than ever before, but the need for teachers is also greater. We appeal to all of you to help us interest the strong young men and women of your community, in teaching. We believe that we can give them the very best opportunities for a good education. Our students are now taking courses that will fit them for teaching in high school and for advanced standing in college. The new course will offer still greater opportunities. We must all unite in appealing to the boys and girls to go to normal. Remember that it is the word spoken by you that counts. Our present enrollment is due to the activity of our graduates and their loyalty to the old school. We shall greatly appreciate your efforts if you will speak to the young men and women of your community and urge them to come to us. If you will send us their names and addresses we shall be glad to write to them personally and do all that we can to have them enroll with us.

Students are already enrolling for the fall term and those who desire rooms in the girls' dormitory must enroll before the end of June, if they wish to secure them in that building.

Finally we urge all of you to get ready for the 1920 Alumni Reunions. The classes of '80, '90, '00, '10 and '18, are specially interested in their reunions, but we hope that other classes will be out in force. We have learned that the class of '95, is planning to celebrate its 25th graduation. These reunions have frequently been very successful, not only in point of numbers, but in the pleasure experienced in meeting classmates who had been widely separated. If they are to be really successful, however, considerable work must be done in advance of the meetings. The presidents of the different classes should get to work at once and appoint their reunion committees. The class of '80 is not so widely scattered as some other classes. It should be possible for the 13 members who survive to prove that 13 can be made a very lucky number by having the best re-

union that any forty year class has yet held. George E. Gray, Esq., president of the class of '90, is a successful lawyer and his class mates are men and women who have won high place for themselves. This class ought to have a record breaking reunion among thirty year classes. We know that the class of 1900 is already at work and with Edgar McCullough in charge of the reunion something is bound to happen. 1910 is a big class from every point of view and its president, W. G. Fluke, should have no difficulty in getting a large number of his classmates together at normal. President Kenneth L. Preisler should be able to rally a large delegation from the class of 1918. Of course we expect all of you who can possibly do so, to be here no matter whether you are a member of one of the reunion classes or not. Don't forget the big day, Tuesday, June 22. Mark it in your calendars and arrange to spend that day with us.

With best wishes, I am,

Fraternally yours,

EZRA LEHMAN, '89

SPECIAL BRANCHES AT THE SUMMER SCHOOL

We have already received many inquiries as to special branches such as vocal music, French, drawing, etc. We are glad to be able to announce that courses will be given in vocal music, French, drawing and other subjects for which there may be a demand. Many of our graduates will be interested in taking one or more of these special courses. It will be to the advantage of all concerned of those who wish other branches than those included in the regular summer term courses, will write to the principal indicating the type of work desired. Arrangements will then be made so that all may secure the desired branches.

COURSE IN SCHOOL MEASUREMENTS TO BE GIVEN DURING THE SUMMER TERM

The attention of our graduates and others who may be interested is called to the fact that a course in School Measurements will be given at normal during the summer session. Use will be made of the standard scales in reading, writing, arithmetic, geography, history, composition and other subjects. These tests will be scored by students and results compared with those obtained in other institutions. So much attention is now being paid to matters of this kind that no teacher can afford to be ignorant of the use of tests, scales and measurements.

REGISTRATION FOR THE NEW SCHOOL YEAR, BEGINNING SEPT. 6, 1920

It may seem a far cry to those who have not completed their regular high school work, when we speak of the school work of next year. It will be interesting to such persons to know that students who will be gradu-

ated from high school in May and June are already registering for the fall term. This is a very wise course, since it enables the early registrants to secure pleasantly located rooms that will not be available in July and August.

We have very much the largest enrollment in our history and comparatively few of those who are now with us will leave at the end of the school year. We shall have fewer rooms than usual in both the girls' dormitory and the main building for assignment to new students. Those who register early will secure the best rooms. From present appearances all the rooms in the girls' dormitory will be engaged before the close of the school year. We shall still have very good rooms in the main building, but those who wish for any reason to secure quarters in the girls' dormitory are urged to send their registration fees of five dollars so that a room may be held for them. At a later time the high school application blanks may be sent to us.

A LETTER TO CLASS OF 1900

Dear Classmates:

Twenty years ago this coming June ninety-two members of the Class of 1900 received from C. V. S. N. S. a certain paper, called a diploma, which indicated, not that we had absorbed all the knowledge our teachers could impart, but that we had sufficiently mastered the prescribed course to enable us to teach the youth, and fight our way to success in the world's battle.

On that memorable day, twenty years seemed a long distance away. Alas, those twenty years have sped all too quickly, and we are told by elderly folks that the next twenty will go even more swiftly.

During these years we have lost by death seven members: Amy M. Smith, Mabel Morrow, Lloyd A. Gray, May McClellan (Badorf), W. P. Davis, H. M. Fogelsanger and R. J. Watson, otherwise known as "Bobby." It has been my privilege, in the years since we left school, to know intimately of these six departed, Mabel Morrow, Lloyd Gray and "Bobby" Watson; and I wish to testify in their behalf that all three of them were loyal alumni, a credit to our class and our Alma Mater.

We have no address for the following classmates: Elsie M. First, Lula Morris (Arters), Harry W. Brown and Percy A. Hollar. If any classmate will furnish any or all of these addresses we shall appreciate it.

To the best of our recollection, there were few geniuses in the class but a mighty fine crowd of earnest, conscientious, hard-working young men and women, starting out with a determination to carve out for themselves success, and to see to it that this old world should be made somewhat better for their having lived in it. Perhaps your idea of success has changed somewhat in twenty years; perhaps the years have

brought you wealth, or perhaps they have brought you no great amount of money, but you are able to see some other life rounded out and brought to full fruition through some work or words of yours.

Since that separation day in 1900, when we said "Good-bye," some of us have met but very few of our classmates, a few of us have been privileged to meet at one time or another many of the class, but very likely no single member of the class has met and talked with every other member at some time during these twenty years.

Tuesday, June 22, 1920, is Re-union Day at C. V. S. N. S. We should like to see every member of our class on that day. Don't you have an insurmountable longing to go back and again walk through the halls and peer into those classrooms, and stroll on the campus, and last but not least, greet your classmates and the faculty, particularly those members who were there in our day?

Mark the date NOW and don't let ANYTHING keep you away. We shall do all those things aforementioned, we shall renew our youth, join in the alumni parade, get together somewhere and have something to eat, have a little class history, some short speeches, and all in all, we shall make it a Red Letter Day for C. V. S. N. S. and ourselves. Come.

Very truly yours,

J. E. McCULLOUGH,
Wilksburg Bank Bldg.,
Wilksburg, Pa.

SCHOOL NEWS

December 8—Miss Margaret Stroh of the Department of Public Speaking gave a number of readings before the Newville Civic Club at its meeting December 8. The members of the club were enthusiastic in their praise of Miss Stroh's work.

December 8—The Faculty Club held its meeting on Tuesday evening. George Meredith's novel, "The Egoist," was discussed.

December 9—The monthly meeting of the Press Club was well attended. There are more correspondents for newspapers than at any time in the history of the school.

December 11—Prof. S. S. Shearer of the Department of Biological Science was in Harrisburg as a representative of the two Literary Societies in arranging for the inter-school debate. As a result of the meeting a triangular debating team league made up of Millersville, Shippensburg, and West Chester State Normal Schools, was formed. The debates will all be held on Saturday evening, April 24, 1920. The question will be, "Resolved: that the Senate of the United States should ratify the treaty concerning Panama, which the present administration negotiated with Colombia." The Moore Society of West Chester Normal School will debate with the Philo Society of this school at Shippensburg, and the

Normal Literary of this school will debate with the Normal Society of the Millersville School at that place. It is probable that the teams from the two literary societies of this school will be selected late in January or early in February.

December 11—Prof. Williams entertained the football team at a course dinner in the school dining room last evening from 7:00 to 9:30. Turkey formed the central point of attack, but there were plenty of other good things to eat. Besides the members of the team, the following members of the faculty were present: Dr. and Mrs. Lehman, Prof. Shearer, Prof. and Mrs. Krebs, Miss Reed, and Miss Havens. Harvey Bolan, captain of the 1919 team, Harrison Tompkins, captain of the reserve team, John Shope, captain of the 1920 team, and Dr. Lehman, responded to toasts. The boys showed their appreciation of the services of Prof. Williams, by presenting him with a fine shaving set. The team had a remarkably successful season, since it was beaten only once and on that occasion by a fluke.

December 12—The girls held an enjoyable Christmas party in the gymnasium after Society. They had a Christmas tree and presented everyone with a gift and a set of verses supposedly suited to her special need.

December 13—The Y. W. C. A. held its annual bazaar Saturday afternoon and evening, December 13. The articles on sale were specially suited to Christmas remembrances, and the outcome was very successful.

December 14—The last joint meeting of the Y. M. and Y. W. C. A., was held on Sunday evening. The program was given by members of the Association, and Rev. Amos Funk, a member of the Junior class, addressed the meeting.

December 15-16—Dr. Lehman addressed the Adams County Institute at Gettysburg and attended a meeting of the Adams County Alumnae and former students.

January 6—The winter term opened on schedule time at 8:15. Never in the history of the school was the attendance so good as on the opening day. Less than a half dozen students were detained at their homes because of personal illness or the illness of their families. The following new students entered: Howard Wishard, Hagerstown, Md.; Marshall Benner, Hopewell; Harvey White, Fairfield; Claude Mellotte, Hancock, Md.; D. Paul Kurtz, Carlisle; Ethel M. Barr, Greencastle; Lanah M. Kellar, Mercersburg; Loretta M. Smick, Gardners; Alice M. Daley, Shippensburg; Esther Reese, Mowersville; Margaret D. Rolar, Shippensburg; Lester Fogelsanger, George H. Meredith, Eugene Ocker, Shippensburg; Lloyd A. Martin, Oakville.

The advanced enrollment for the Spring term is very much the largest in the history of the school. Additional buildings are being rented to accommodate those who are applying for rooms.

January 7—The Junior class has recently elected the following officers: President, George Epley, Gettysburg; Vice-President, Frank Snoke, Shippensburg; Secretary, Mabel Longanecker, Loysville; Treasurer, Blanche Stoops, Gettysburg.

Dr. Lehman and Miss Harris attended and addressed the local institutes at Greencastle and Waynesboro. Miss Harris conducted a Round table in Arithmetic at Waynesboro, and Dr. Lehman, a similar discussion in Geography at Greencastle. Miss Snively accompanied them.

January 10—Dr. Lehman and Miss Harris addressed the local institutes in Chambersburg and Lancaster. Miss Harris spoke on "Vitalized Arithmetic." Dr. Lehman addressed the Chambersburg institute on "School Measurements," and the one at Lancaster on "Your Boy and My Boy."

The social held in the evening was largely attended by the student body. An orchestra from Chambersburg furnished the music. Games were provided in the parlor for students who did not care to dance.

January 12—The Press Club held an interesting meeting at which Mr. W. A. Nickles of Shippensburg delivered an address. At the conclusion of his address he offered a cash prize to the member of the club who should write the best account of some phase of Normal School life. The Club accepted the offer of Mr. Nickles and made arrangements for the contest at once.

January 16—Mrs. Lehman entertained the ladies of the faculty and a number of guests from Shippensburg at an afternoon party.

January 16-18—Miss Elizabeth Clever of Hagerstown, a former member of the faculty, spent the week-end at Normal as the guest of Miss Stroh.

January 19-23—The Y. M. C. A. observed the week of prayer by having a series of half hour meetings on Sunday, Monday, Tuesday and Thursday evenings. Those who addressed the boys, were Dr. Lehman and Rev. Lindsay, Lobb, and Bowers. Much interest was manifested and all meetings were well attended.

January 23-25.—Prof. Williams spent the week-end at his home in York. Mrs. Stewart attended the local institute at Plainfield, Cumberland County, and delivered an address, giving her impression of a Southern trip that she took during vacation. The same evening Prof. J. K. Stewart addressed the local institute at Oakville on "The School of Tomorrow."

Miss Mary Harris addressed the local institute at Hopewell, Bedford County.

Dr. Lehman spent Friday in Harrisburg, attending the conference of the Normal School, called by Dr. Finnegan. Important questions concerning the work of the Normal Schools were discussed at this meeting.

January 24.—Prof. Heiges went to Fannettsburg to take charge of the local institute there in the absence of Supt. Smith who was unable to be present on account of illness.

Prof. Shearer gave an 8-reel moving picture exhibition of "Quo Vadis," one of the best pictures ever presented in the chapel.

January 26.—The soldiers of the U. S. A. General Hospital No. 31 of Carlisle, Pa., gave a minstrel entertainment in the chapel which proved very entertaining to a large audience. The Civic Club of Shippensburg had charge of the performance.

January 27.—A half dozen members of the faculty and several of the students attended the concert of the Russian Symphony Orchestra in Chambersburg.

The Seniors and Sophomores has class sleigh rides, going to Chambersburg, where they had supper and attended moving picture entertainment.

The gymnasium has been equipped with electric lights. This is a great improvement in the lighting system and one that is appreciated not only by those who take part in the games, but by the audience as well.

February 2.—Misses Alice and Irene Huber spent the week-end at their home in Harrisburg.

February 11.—Prof. Heiges led the prayer meeting in the Memorial Lutheran Church.

February 10.—The Juniors and Freshmen had their sleigh-ride parties. Unfortunately not all the sleds that had been engaged were on hand and a number of the students had to go to Chambersburg on the train. All had a good time, however, and attended the moving picture performance given at the Orpheum, after which they had refreshments at Vanderau's restaurant.

February 12.—Miss Persis Breed, Y. W. C. A. secretary in South America, visited the school and addressed the girls in the court of the dormitory.

February 14.—The Student Council and the Y. W. C. A. gave a reception to the boarding students and faculty in the gymnasium, in the form of a Valentine party.

February 19.—Dr. Lehman left for Cleveland, Ohio, to attend the meeting of the Normal School Principals of America. He will also attend the sessions of the National Educational Association to be held in the same place. On his way home, he will attend the banquet given by the Westmoreland County Alumni Association at Greensburg. He will also address the local institute to be held at Kylertown, Pa.

February 21.—The Mid Winter reception was held in the gymnasium and given by the trustees to the school, with the Junior class as the guests of honor.

ALUMNI PERSONALS

'90. Mr. W. G. Weigle who was for many years Supervisor of the Forest Service at Ketchikan, Alaska, has removed to Seattle, Washington, to fill a similar position with the government. The HERALD would be glad to hear from and learn how he is liking his new work.

'96. Mr. Charles McCord Means, President of the Pittsburgh Alumni Association, is already arranging for the banquet to be held the latter part of March. It is likely the banquet will be held on the 27th.

'07. Mr. P. J. Wiebe is located at Upland, California, where he is doing private teaching. Next year he expects to engage actively in school work. The HERALD extends sympathy to Mr. Wiebe in the loss of his wife, who died in Shippensburg, on October 29, 1919. Mrs. Wiebe was of a kind and loving disposition, an earnest Christian and a great help and inspiration to her husband in his school work.

'11. Mr. P. E. Parmer is principal at Kylertown, Pennsylvania, where he is meeting with marked success.

'16. Mr. Walter E. Shank is living at 2015 Penn St., Harrisburg, and is teaching in Dauphin County.

'16. Mr. C. Robert Coyle has resigned his position as assistant principal in the Everett High School, to take up business interests.

'18. Mr. William Nenninger is employed by the trolley company in Harrisburg. Mr. Nenninger was ill for a long time in the fall and could not take a school, but he expects to teach next year as he has recovered his health.

 CUPID'S COLUMN

STARRY-BUSHEY. At York, Pennsylvania, December 25, by Rev. Paul Gladfelter, Mr. Norman D. Starry to Miss Luella Bushey of York Springs. Both Mr. and Mrs. Starry were former students at normal. They reside in York Springs.

MATTHIAS-NERON. At Lees X Roads, January 23, 1920, Mr. George L. Matthias to Miss Ruth Neron. They reside at Lees X Roads. Mrs. Matthias was a former student at normal.

ETTER-HOOVER. At Shippensburg, January 15, by Rev. A. M. Funk, Mr. Andrew Etter to Miss Ruth Hoover of Scotland. Mrs. Etter was with us two years ago as a student.

WALKER-LONG. At Shippensburg, December 30, by Rev. A. A. Long, D. D., Chambersburg, uncle of the bride, Rev. Raymond Chester Walker of Pottsville, Pennsylvania, to Miss Esther May Long, '09. They reside at Pottsville.

SNYDER-MORELOCK. At Tawneytown, Md., December 23, Mr. Amos Snyder, Jr., to Miss Rheta Morelock. Mr Snyder was a student with us several years ago.

ANGLIN-ASKIN. At Carlisle, December 28, Mr. S. C. Anglin, of Fort Wayne, Ind., to Miss Kathryn Askin, '18. Mrs. Anglin is teaching at Wormleysburg and when her term is finished at that place she will reside in Fort Wayne, Ind.

CRAIG-WOODS. At Birmingham, Ala., January 15, Lieut. Hugh Boyd Craig, '06, to Miss Ethel Jone Woods. They reside in Birmingham.

CHILCOTT-BAIR. At LaPorte, Pa., October 11, 1919, Mr. Chalmers Chilcott to Miss Bess Bair, '12. They reside in Mt. Union, Pa.

SWEITZER-ZULLINGER. At Mt. Holly Springs, December 31, Mr. Channing E. Sweitzer to Miss Bertha Zullinger. Mr. Sweitzer was a former teacher at normal. He is assistant chief of the governor's staff of the Reconstruction Commission in New York City. They reside in Berkeley Place, Brooklyn, N. Y.

KEEFER-DETRICK. In Harrisburg, February 21, by Rev. Henry Hanson, Mr. Warren H. Keefer to Miss Fern Detrick. Mrs. Keefer was a student at Normal last spring term. We understand they will reside in St. Thomas.

SMITH-HILL. At Mercersburg, December 31, by Rev. R. E. Repass, Mr. Chas. J. Smith to Miss Eunice Hill, of Williamson. Mrs. Smith was a student with us two years ago.

KOHR-RIFE. At Chambersburg, Pa., January 16, Mr. Roswell Kohr to Miss Edna Rife. Mrs. Kohr was a student with us last year. They will make their home at Mowersville, Pa.

McVITTY-PIPER. At the Presbyterian parsonage, Path Valley, January 14, by Rev. D. I. Camp, Mr. Norman McVitty to Miss Nellie Piper, '18. Their home will be at Doylesburg, Pa.

BECKER-SMYSER. At York, Pa., December 25, by Rev. Adam Stump, Mr. Harvey J. Becker, '16, to Miss Eve E. Smyser. They will reside at San Antonio Apartments, 42 Hancock Ave., Detroit, Mich.

STORK COLUMN

HARE. At Springdale, Pa., January 6, to Prof. and Mrs. H. Frank Hare, a daughter, Mary Josephine.

SHANK. At 2015 Penn St., Harrisburg, Pa. March 8 to Mr. and Mrs. Walter E. Shank, a daughter, Geraldine Cleo. Mr. Shank was graduated in '16.

BIG SIX REUNION

On Friday, December 26, 1919, the trains were known to be running on schedule time. This remarkable state of affairs was noticed by many people, and quite a few guesses were hazarded. Some thought it was due to the cessation of the Xmas rush, and others—well, no matter what they thought.

The real secret was that those trains were bearing from different parts of the state, the members of the "Big Six" who inhabited the upper story of the Gym during the Spring of 1918. At six o'clock in the evening of that day, a crowd assembled in the P. R. R. Station at Harrisburg, who might have been mistaken for a Greek Letter Society of Yale or Harvard, to judge by the "pep" they exhibited.

The first move of the "Big Six" was to adjourn to the Plaza Hotel, where they enjoyed a turkey dinner with all the "fixins." They were unanimous in the declaration that the meal was "A-1," but also that chicken could not be surpassed,—under certain conditions.

After the supper, we all went to the Orpheum Theatre, where we pitted our eyes against the hands of Thurston, the great magician. We were established in the front row and loaned our assistance to Thurston, both on and off the stage. He repaid us by telling our futures, the results of which were remarkable, considering the fact that he told one of the "Big Six" who is already married that he would secure a beautiful sweetheart, and another one, who has no matrimonial tendencies, that his wife would have seven children.

From the show we went to our room in the Hotel where we had a very pleasant, enjoyable and profitable time. We were visited by several present and past students during the night. The session was broken up at last by the fact that one of the number was compelled to go to work.

The "bunch" stayed in the city during Saturday, showing the city a good time, and incidentally having one in their own interests. The "Reunion" formally broke up at 2:45 o'clock on Saturday afternoon. One of the faithful, however, spent the night in the town of "O. K. bread" just across the river.

This was the first of the Reunions. There will be more from time to time. It is given to only six persons to be in the inside of the "big doins," but for twenty-five cents you can read all the proceedings except a few minor details in the "Herald."

OBITUARY

MEANS. Mr. J. McCord Means, who was for man years a member of the Board of Trustees and for years Treasurer of the normal school, died on February 15, at his home on Prince Street.

THE TENNIS COURTS

NEAR THE NORMAL SCHOOL

We take the following account of his life from a Shippensburg paper.

Death claimed another of Shippensburg's well known, aged and highly respected citizens last Thursday night, January 15th, at 10:30 o'clock, when Mr. Joseph McCord Means, a son of the late Mr. and Mrs. Jos. McCord and Jane Woods Means, and the last of thirteen children, departed this life at his home, 214 North Prince street, aged 85 years, having been born in Newburg, May 22, 1834. Mr. Means was a familiar figure in this community where he resided for many years, having been a retired farmer. He was a constant and active member of the Presbyterian church and his demise was due to the infirmities of old age. His first wife, who was Miss Catherine E. McClelland before her marriage, preceded him in death in 1901. He is survived by his second wife, who was Miss Danna McCullough of Newville; three sons, John M., of Chicago; Joseph C., of Shippensburg and Charles M., of Pittsburg, also by two daughters, Mrs. J. Clark McCulloch of Big Spring, this county, and Mrs. S. W. Haverstick of Carlisle. The funeral was held from his late home, Monday afternoon at 2 o'clock, his pastor, Rev. J. D. Lindsay, officiating, assisted by Rev. J. B. Crawford of Middle Spring. Interment was made in Spring Hill cemetery. The sons and grand-sons of the deceased were the pall bearers.

FOGELSANGER. Mr. Harvey M. Fogelsanger, 1900, died, February 1, 1920. We print the following from a Shippensburg paper:

Word reached local relatives Monday morning, that Harvey M. Fogelsanger, a son of Mrs. Katie E. Fogelsanger of town, died at his home, New Paris, Ind., Sunday, February 1. Mr. Fogelsanger was born on the Ridge Road, Cumberland County, about 37 years ago and was well and favorably known in this community as well as in his home town, where he lived for a number of years, being a specialist in the growing of small fruit, also conducting a large maple orchard. He was a graduate of the Cumberland Valley State Normal School of town, of Mt. Morris College and of Ann Arbor University. His death was due to pneumonia, from which malady he was ill for about two weeks. He was a member of the Church of the Brethren. He is survived by his mother of Shippensburg; his wife, two children, Ruth and Naomi at home; one brother, Wm. H. Fogelsanger of Shippensburg, and the following sisters: Mrs. Jos. Burkhart of the Ridge; Mrs. John Smith, Detroit, Mich.; Mrs. Raymond Hale, Waynesboro; Mrs. John Coffey, Shippensburg; Miss Luella V., Juniata College; Miss Effie of town and Mrs. Harvey Miller, Elgin, Ill. The funeral was held this afternoon at 2 o'clock, with interment at New Paris, Ind.

BURNETT. Eugene A. Burnett, '75, died February 2, 1920. THE HERALD copies the following from a Harrisburg paper:

Mr. Burnett was born near Lititz, February 26, 1856, and received his early education in the public schools of that town. He attended the

State Normal Schools at Millersville and Shippensburg, graduating from the latter. He taught school and held various clerical positions. He was a resident of this place for many years and was a local school director for fifteen years. He was a charter member of the Business Men's League, being president of this organization for several years. At the time of his death he was vice-president of the Rescue Hook and Ladder Company, and a director and vice-president of the Second National Bank.

In politics Mr. Burnett was a Democrat. He was deputy postmaster here during the administration of President Cleveland, and was an alternate delegate to the Democratic National Convention in 1908. He also served as delegate to a number of Democratic county and State conventions. He was elected to the House of Representatives in 1912, and 1916 from Cumberland County by big Democratic majorities.

Mr. Burnett was a consistent member of the local Presbyterian Church and was president of the Board of Trustees. He was a member of Harrisburg Lodge of Elks, Mechanicsburg Order of United Americans, and Washington Camp, No. 164, Patrotic Sons of America, of this place. He is survived by his wife and one son, Eugene Burnett, and two sisters.

ALLEN. Harry Stamy Allen, '91, died, January 23, 1920. A Shippensburg paper gives the following account of his death:

Harry Stamy Allen, a well known and highly respected citizen of Southampton township, Cumberland county, died at his home at Lees Cross Roads, Friday, January 23, at 11:30 P. M., after an illness of several months, death being due to complications. He was born in Southampton township, July 31, 1874, and thus was in the 46th year of his life, a farmer by occupation and an adherent to the Evangelical church of Leesburg. He is survived by five children, Abram F., Leesburg; Harry M., Chalmers and Miss Elizabeth, at home. Also by three sisters, Mrs. Minerva Bigler and Mrs. Calvin Goodhart of Lees Cross Roads, and Mrs. Daniel Souders of near Shippensburg. The funeral was held from his late home, Tuesday afternoon at 2 o'clock, Rev. Newcomer and Rev. Sanders officiating. Interment was made in Spring Hill cemetery, Shippensburg.

SHIPE. Mollie Bessor Shipe, '76, died February 11, 1920. We have the following account from a Chambersburg paper:

Mrs. Mollie Bessor Shipe died Wednesday morning at the home of her niece, Mrs. W. A. Swank, at Christian Heights, near Philadelphia, after an illness of only one hour. Mrs. Shipe was a native of Fort Loudon and has a number of nieces and nephews living here. Her husband, the late Rev. J. Riley Shipe was for many years a minister in the Methodist Church and served pastorates in this and adjoining counties. She was a sister of the late George Bessor of South Second street. She frequently visited in the home of Mrs. Frank Gelwicks of East Washington street, who is a niece.

McCUNE. Alexander C. McCune, '92, died February 21, 1920. Mr. McCune was superintendent of the Davis Coal and Coke Company, at Boswell, Somerset county, and died at his home at that place on the above date. He was born in Shippensburg, in 1872, and was the son of the late J. A. C. and Elizabeth McCune. He is survived by his wife and two sisters, Mrs. Bratton, of Carlisle, and Mrs. McClelland, of Philadelphia. The "Herald" does not have any further particulars other than the above in regard to the death of Mr. McCune.

BASKET BALL

Immediately following the close of the football season on November 22nd, the call for basketball men was issued. More than fifty men came out. Everyone was anxious to work hard and demonstrate his ability. The first game was scheduled for December 5th. This gave the squad but ten days time to work into shape. Consequently a hurried reduction of the squad was necessary.

The two games scheduled before Xmas resulted in defeats for C. V. S. N. S., but they served as an impetus for harder work and better organization on the part of the team.

After returning from Xmas vacation, the team put in hard and strenuous work and determined to benefit from the first games of the season. Thus far the team has won five and lost two games since January 6.

Circumstances surrounding the basketball squad resulted in a total reorganization of the team about February 10. Since then the team has won two very well-played games: one from Tarsus Club on their own floor, and another from the quintet from Beckley's Business College of Harrisburg.

The team now is in the height of its season and C. V. S. N. S. bids strongly to take into camp the balance of the opponents on its basketball schedule.

The prolonged sickness of Charleton, who plays center, has handicapped the team to a considerable extent. However, Captain Fickel, who was shifted from a guard position is showing up splendidly and continues to play his usual brilliant and consistent game in the new lineup. The determination and plucky spirit of Captain Fickel has always been an inspiration to his team.

Grove, who has played guard is now in the forward position, and his flashy playing has baffled all his opponents. "Red" is quick and sure and can always be relied upon to keep the team full of pep and ginger.

Our other forward, Charlie Taylor, is dependable and steady. He came out late in the season, but his playing soon earned him a varsity jersey. The fact that "Charlie" is playing with a handicap warrants more commendation of his spirit to do his best for his Alma Mater at all times.

"Sam" Shearer, the star on many gridirons, also shines on the basketball floor. He is always present to break up the opponents' plays. As a guard he is consistent and dependable. Nothing ever gets by "Sam." By sheer grit and hard work he earned his place as guard and now continues this type of playing, much to the annoyance of all his opponents.

Eurich, the other guard, developed rapidly. He passed quickly from the second to the first team. He is in every play on his end of the floor and is always ready to go.

The results of the games played thus far are as follows:

	C. V. S. N. S.	Opp.
Dec. 5. Methodist Club.....	20	35
Dec. 12. Mt. Alto Forestry Academy.....	28	43
Jan. 10. Dickinson College Reserves.....	35	20
Jan. 17. Textile Club.....	34	14
Jan. 24. Mt. Alto Forestry Academy.....	15	28
Jan. 31. Kutztown Normal School.....	24	22
Feb. 7. Tarsus Gymnasium Club.....	26	28
Feb. 14. Tarsus Gymnasium Club.....	31	25
Feb. 20. Beckley's Business College.....	33	31
	246	246

Games to be played

- Feb. 28. Kutztown Normal
- Mar. 5. Millersville Normal
- Mar. 12. Millersville Normal
- Mar. 13. Beckley's Business College.

THE RESERVE BASKETBALL TEAM

C. V. S. N. S. is represented in basketball with a hard working and snappy second team. The schedule for the reserves includes but six games. Four of these six games have been played. The reserves have won three and lost one. The spirit and fight of the scrubs is of the very best type. The scrubs have won the following games from the following schools: Mt. Alto Reserves (2 games), Chambersburg High School. The quintet from Carlisle H. S. won from the scrubs in a fast game at Carlisle.

We congratulate the scrubs for their splendid showing.

The Reserve line-up:

Bolan F.
 Shope F.
 Kelley C.
 Neeley G.
 Beam G.

GIRLS' ATHLETICS

At a recent meeting of the association the following were accepted as members: Esther Fox, Esther Kerlin, Martha Lewis, and Sara Gingrich. This increases the number of members to forty-eight.

The class numerals were awarded to Marie Obermiller, Eysia Shelley, Elizabeth Craig and Catherine Tompkins. Helen Coover is the first one this year to apply for the school letter.

The girls are very enthusiastic over basket ball and the majority come out to practice. Teams chosen by Miss Havens from the different corridors of the dormitory have played some interesting games between halves of the boys' games. The class games will be played this month, and a hard fight for the championship is expected.

Those chosen for the class teams are as follows:

Senior Team
 Pearl Hoffeditz
 Mildred Robinson
 Helen Coover
 Lois Atticks
 Ruth Shaeffer
 Kathryn Funk
 Marian Lutz
 Hazel Burk
 Margaret Skinner

Junior Team
 Gladys Wolfe
 Lily Fogelsanger
 Reida Longanecker
 Martha Lewis
 Alice McClean
 Mabel Longanecker
 Anna Kauffman
 Alta Williamson
 Rena Krall
 Esther Fox

Sophomore Team
 Grace Henry
 Estella Michaels
 Hazel Craig
 Dorothy Sleichter
 Frances Brenneman
 Eleanor Addams
 Dollie King
 Edna Beistle
 Leona Miller

Freshman Team
 Chloe Braeme
 Evelyn Charleton
 Julia Hosfeld
 Mildred Breth
 Elizabeth Minehart
 Zelda Etter
 Thelma Heckman
 Helen Arnold
 Louise Farrow

ANNA KAUFFMAN, '21, *Secretary*

THE SCHOOL ORCHESTRA

During this term the orchestra received new stands and new music books.

The selections were found to be difficult, but we hope, by practice, to be able to play them all well, soon. They are what is known as "peppy" pieces and the school seems to appreciate the efforts put forth by the members of the orchestra in trying to master them.

We hope to meet their expectations and to show outsiders that the C. V. S. N. S. orchestra is just what it's "cracked up" to be.

WINIFRED MILLER, *Secretary*.

GIRLS' CHORAL SOCIETY

The "Choral Club" is gaining in ability every week. The Christmas Carols were a great success and were enjoyed by all. Quite a number of people were out to hear us sing. We surely do enjoy singing under the direction of our efficient leader, Miss Adams, and we are looking forward eagerly to the time when we shall be able to exhibit our talent at the Inter-Society and Inter-Scholastic debates.

Much interest is taken in the club by its members and even by the entire school.

MARY SCHUE, *Secretary*.

NORMAL LITERARY SOCIETY

The alumni and friends of the Normal Literary Society will be pleased to know that our society is just as full of "pep" as ever. The winter term brought a number of new members who will be given an opportunity to show their ability in different lines.

At this time the society is especially interested in the inter-society and inter-school debates. The question to be debated is: Resolved, That the Senate of the U. S. should ratify the treaty concerning the present administration negotiated with Colombia. Normal has the affirmative side of the question and is to debate with the Millersville Normal School at that place, April 24. Following the usual custom the members of the debating team were determined by a "try-out" in which nine members took part. The following were chosen to uphold Normal: Miss Anna Heeter, McNeal; Mr. Charles Taylor, Arendtsville; Mr. Guy Shumaker, Newport; with Miss Blanche Stoops, Gettysburg, as alternate. The date selected for the inter-society debate is March 19. We take this opportunity to invite all the former members of Normal to attend and give us their hearty support.

BLANCHE STOOPS, '21, *Secretary*.

PHILO LITERARY SOCIETY

"Philo" seems to be a synonym for "pep." We now have an enrollment of one hundred forty-eight members.

The Glee Club continues to grow and to do fine work under its student director.

The plays presented under the direction of the "Sock and Buskin Club" are very much appreciated and show Philo's talent along dramatic lines.

We have had some very interesting debates and there is always a good response when a general debate is called.

The question for the inter-society debate is: Resolved, That the Senate of the United States should ratify the treaty concerning Panama which the present administration negotiated with Colombia. The following persons will represent Philo in the debate; Miss Hallie Urey, Waynesboro; Miss Isabel McCurdy, Willow Hull; Mr. Harrison Tompkins, Greenwich, Conn.; with Mr. Charles Raffensperger of Newport as alternate.

Come and visit Philo and see what she can do.

MILDRED L. ROBINSON, *Secretary*

NORMAL GLEE CLUB

Normal Glee Club has been up to the standard this term. Our aim now is to raise the standard.

We are very well pleased with our new books as they furnish attractive and appropriate song material. We have sung some familiar songs, such as, "Come Back to Erin," "Long, Long Ago," and "Blue Bells of Scotland." These are always appreciated by the society. The selection, "Music of the South," by Antonin Dvorak, was made very effective by Miss Atticks who gave a sketch of the author's life.

ANNA KAUFFMAN, *Secretary*.

PHILO GLEE CLUB

Philo Glee Club still sings for Philo Society. The Glee Club furnishes the first number of the program. It adds just the right amount of "pep" to the society meetings. Among the selections rendered since the last publication of THE HERALD, were Southern Song melodies. The society seemed to enjoy these even though they were not new to them. Also we rendered pieces that required the skill of both leader and members to give the right interpretation.

When the Glee Club sings, you know that the selection will be worth listening to, for never has Philo Glee Club failed to give the best. Even though the numbers may be few, yet by the dynamic power of our leader those in the Philo Glee Club put forth their best and Philo Glee Club remains in its exalted place.

REIDA LONGANECKER, *Secretary*,

PRESS CLUB

The members of the Press Club have shown the same diligence and enthusiasm in their work this term as was shown during the fall term.

The last meeting of the Club was held January 12. At this time Mr. Nickles of Shippensburg gave us an interesting talk on advertising. He discussed the most important points to be considered in successful advertising and gave many helpful suggestions. At the conclusion of his address, Mr. Nickles offered four prizes of five dollars, two- and one-half, one and one-half, and one dollar, respectively, for the best essay, advertising the Normal School. There are to be at least ten contestants and the essays to be handed in February 27. The essays are to be judged on these three points: best introduction, most convincing argument, and best English. Twelve members have signified their intention of entering the contest and much interest is being shown.

BLANCHE M. STOOPS, '21.

SOCK AND BUSKIN CLUB

The Sock and Buskin Club is keeping right in line with the other organizations of the school and is doing its bit in raising the standard of old Normal. Its benefits are many and the training received from it is almost invaluable.

The programs this term have been quite interesting. Two of them were object lessons in "stage make-up." These lessons were indeed, very instructive, especially to those who may want to take up work in dramatics.

The real worth of the organization will be exhibited in the near future in three one-act plays, which are to be given the first week in March.

MARY SCHUE, *Secretary*.

Y. W. C. A.

This organization continues to do good work. The beginning of winter term brought us several new members.

Among the interesting features of our Sunday evening meetings, have been a talk by Miss Mayberry on "The Poetry of the Bible," and a description of the Eaglesmere Conference by Pearl Hoffeditz. In order to vary our services, we have been having a song service about once in every six weeks.

Although on account of the extreme cold weather our delegates were not permitted to go to the Des Moines Convention, we have been given the opportunity to send delegates to the Student Volunteer Convention at Juniata College. The following girls, representing the four classes were elected by the association, to go to Juniata: Hazel Irvin, Effie Markle, Helen Drace, and Lois Atticks.

We are trying to have our Y. W. C. A. and Student League work together as much as possible. On Saturday evening, February 14, the joint organizations held an informal party in the gymnasium, to which the boys and faculty of the school were invited.

We are glad to see the great interest of the alumnae in our work, which has been shown by their letters; and we appreciate the New Year's greetings with which they supplied us. This shows that the influence of the Y. W. C. A. is still felt after the girls leave their Alma Mater.

ISABEL McCURDY, *Secretary.*

Y. M. C. A.

The opening of the year of 1920 marked an increase of activity in the work of the Y. M. C. A. During the month of January there was introduced a new feature of work. It was a week of prayer. The purpose of this was to impress upon the members, the power of prayer and we were addressed by Revs. Lindsay, Lobb and Bowers of Shippensburg and by Dr. Lehman. These meetings were well represented and the interest shown by the boys was encouraging. These meetings also promoted a better and more helpful atmosphere among the fellows.

The Association sent Messrs. Gobrecht and C. Raffensberger to the convention held at Juniata College, February 27-29. These were the first delegates sent to any convention this year, and they brought back many suggestions and ideas that we shall be able to use to a great advantage here.

Due to the fact that we give each member a chance to express his opinions upon any subject at our meetings, the boys have all taken more interest in them and this has put more life and spirit into our meetings. The following is an example of the Sunday evening program:

Opening—Songs by the Association.

Bible Reading—By leader.

Prayer—By a member.

Discussion—By leader, on the subject.

Remarks—By members, on the subject.

Closing Prayer—By leader.

Mizpah Benediction.

M. A. MARKLEY, '21, *Recording Secretary.*

LEAP YEAR PARTY

On the evening of February fourteenth, the Y. W. C. A. and Student League gave a Valentine and Leap Year party in the gymnasium. They invited as guests, the faculty and boys of the school.

The gym was beautifully decorated with hearts and other suggestive decorations. The girls met at the gym at seven o'clock and formed a double receiving line for the boys and faculty. As favors the boys were given red crepe paper caps.

We had several leap year dances, but we also had relay races, games and the Virginia-reel, so that not only those who could dance could have a good time, but that all could take part. For refreshments, ice cream and cakes were served.

EXCHANGES

We are pleased to welcome two new exchanges this month and to greet our old friends once again; also we extend our welcome to all who are not on our list. We are sure that our association will work for the betterment of our respective papers.

Amulet—Normal School, West Chester, Pa.

Slippery Rocket—Normal School, Slippery Rock, Pa.

Dickinsonian—Dickinson College, Carlisle, Pa.

Ursinus Weekly—Ursinus College, Collegeville, Pa.

Maroon and White—High School, Altoona, Pa.

Impressions—High School, Scranton, Pa.

The Mt. Unite—High School, Mt. Union, Pa.

The Lore—High School, Lewistown, Pa.

Orange and Black—High School, Hanover, Pa.

“As Others See Us.”

“A very interesting magazine—your school activities are so well covered. Would not jokes improve?”

“A very neat magazine—cuts would improve however. Athletic notes show you have lots of pep among both boys and girls.”

“You have a very good paper—school notes especially well taken care of.

“Through Our Glasses.”

Maroon and White—We welcome your paper, especially each month. Your cuts and snapshots add much attractiveness. Your editorial on “Personality” is very good.

Mt. Unite—Your paper is of very high standard. Your editorial department is a credit to your paper—also the department “From the Office” deserves special mention. We do not like your cover design this month.

TEACHERS FOR THE SPRING TERM

An unusually strong corps of teachers has been secured for the spring term. Dr. J. H. Reber, formerly superintendent of the Waynesboro schools, is one of the new teachers. Dr. Reber is widely known as a very successful teacher and superintendent. He brought the schools of

Waynesboro to a high state of efficiency. He retired from service two years ago to devote his attention to his farms near Shippensburg. Fortunately for us Dr. Reber was willing to return to teaching for a time at least and we consider ourselves fortunate in being able to secure him for the spring term.

Miss Elizabeth Clever of Hagerstown, Maryland, who taught successfully during the spring term several years ago, will return to normal this year. Miss Clever has proved herself a very successful teacher in the high schools of Maryland and agreed to come to us only because of her desire to return to Pennsylvania and take up work in the normal.

Mrs. Glenn D. Brown of Lewisburg, Pennsylvania, will teach here during the spring term and will also have charge of the Schoch house with its 25 girl students. Mrs. Brown is the wife of Dr. Brown of Bucknell University and has had considerable experience as a teacher. She has also specialized at the University of Pennsylvania in mathematics and science since her graduation from Dickinson College.

Prof. Alvin Weaver, a graduate of normal and Lebanon Valley College, has resigned his position in Washington with the Federal government to come to us for the spring term. Prof. Weaver was principal of the Lilly schools when he resigned to enter the army service. He was very successful as a supervising principal and will undoubtedly make a fine record at normal.

Mr. A. Harland Greene, Westminster, Maryland, is the fifth of the teachers to come to normal. Prior to his graduation from Dickinson College he taught successfully in the schools of Maryland. He comes highly recommended by all who have known of his work.

URSINUS COLLEGE, Collegeville, Penna.

Devoted exclusively to the college grade of work. Six groups of courses leading to A.B. and B.S. degrees. Faculty of university trained professors of recognized scholarship and teaching ability. Strict administration of standards of admission and graduation. All courses open to both men and women, including Physical Training.

SUMMER SESSION. The oldest college summer school in Pennsylvania. Has survived the competition of universities. Preparatory studies and college courses fully correlated. Continuation work in Saturday courses providing exceptional opportunity for teachers in service. A beautiful and comfortable place for summer study under regular college professors. Ample library privileges. No distractions.

DEPARTMENT OF EDUCATION. A full professorship offering liberal and professional courses. Sixty per cent. of all graduates within the past fifteen years in the educational profession—university and college professors, normal school principals and instructors, superintendents, high school principals and department teachers.

THE COLLEGE FOR TEACHERS. Address, George Leslie Omwake, Pres.

Globe-Wernicke Sectional Bookcases

AN ORNAMENT TO THE HOME

THE UNIT IDEA

Originated and brought to the highest state of mechanical and artistic perfection by

The Globe-Wernicke Co.

The FELT STRIP on the upper edge of the door prevents dust entering the unit, making it DUST-PROOF.

The FELT STRIP prevents air from escaping and the door closes NOISELESSLY because in dropping it compresses the air under it, automatically forming an air cushion.

The door is NON-BINDING because of a perfect equalizer which is an extraordinarily strong although simple device that cannot possibly get out of order and cause trouble.

Cost No More than the Ordinary Kind
