## FIRESIDE TRAVEL

Lying back in an old-fashioned sleepy-hollow chair before a cozy fire, or curled up in a morris chair with a plate of apples conveniently near, I become the captain of circumstances. I defy the inclement elements, I am impervious to the assaults of worry and discontent, and I conquer the conditions fate has erected as a barricade around me. For I have my books, which release me from the toils of the day to joyous romance and stirring adventure, or, best of all, to journeys by sea and land to the far corners of the earth.

I have never been across the ocean, yet I know England well,—life in a cathedral town from Trollope's "Barchester Towers," the manufacturing centers from Bennett's "Five Towns," the political arena where society takes itself seriously, from Mrs. Humphrey Ward's novels. Kipling has introduced me to the caste system and the problems of British rule in the Indian Empire. I have wandered the South Seas with Stevenson, a far more charming companion than the present popular traveler, Frederick O'Brien. Most of all, however, have I visited my kith and kin in Uncle Sam's big family. I can change my climate at will, from "Alaska Days with John Muir" to the sunny South of Thomas Nelson Page and Uncle Remus. "A New England Nun" and "Hillsboro People" show me phases of New England life, and I can go "Way Down East" to "The Country of the Pointed Firs" without straying from my fireside. I learn from "A Son of the Middle Border" and "Letters of a Woman Home-steadler" what our middle-western and prairie states are like, or I fall a victim to "The Spell of the Rockies."

Let transportation be interrupted by storm and strike, let railroad rates ascend beyond my reach, let my lot be circumscribed by one small village—yet will my horizon ever grow wider, for I am a veteran traveler through the world of books.

### THE TRUNDLE BED

KATHARINE WILSON (English Fundamentals)

Being old has its compensations. Perhaps that which affords me the most quiet happiness is the old black-walnut trundle bed which now occupies an honorable place in my sacred store-house, my great black-beamed attic. As I sit here touching it with reverent and caressing fingers I forget the present, and I am again a child on that great plantation in Old Virginia. I see again my dear Old Mammy, who from my earliest recollections tucked me away in my trundle bed.

Ah! How I loved my trundle bed; it shared so many of my good times, especially when company came. Having company on a big plantation was far different from having company in the city. When, on Christmas Eve, Mother asked Uncle Spottiswood and his family to come for dinner, it was clearly understood that they would stay at our house until morning, for no one relished the idea of driving miles over an uneven road through the biting cold. Christmas Eve came, and Uncle Spottiswood with his family arrived amid a great deal of cracking of whips from the little darky driving the carry-all. We all rushed down to meet them, and immediately little Salina and I planned to sleep together in my trundle bed.

We early tired of the merriment and stole up to bed. Mammy had moved my bed across the hall to big sister Sue's room, but this did not disturb us, for nothing is more interesting to little sisters than to overhear the conversations of their big sisters, especially if those sisters have been a little "upperty" in their treatment of the younger members of the family. Salina and I (after Mammy left us snugly packed away, for "packed" we were in my narrow bed), scrambled out and pushed the trundle under sister's big bed.

With a great deal of effort we managed to keep awake until Sue and Rowina (that was Salina's big sister) were abed. We heard a great deal of beaux and more beaux, and after a sincere and heroic struggle to keep silent we both broke into that meaning "snicker" so aggravating to big sisters. Even now, when I am old, I hate to think of what happened when Sue and Rowina pulled out my trundle. Yes, it was a dear wise little old bed and shared with me all my joys, and alas all my pains. Sometimes as I sit here dreaming in the dim light of my dear old attic, my heart yearns for those happy childhood days when I slept in my trundle bed.

KATHARINE WILSON.

### WHY WE SHOULD HAVE A CLASS PAPER

WILLIAM ANGLE (Rhetoric)

We have all been very much interested in the discussion which has been going on in our class as to whether we should have a class paper. I think we should have a class paper for the following reasons:

First, We should have a class paper because it would be fine practice

for us. It would give us experience in writing stories and articles for magazines and newspapers. Irving S. Cobb got his start by writing for his class paper, and who knows but that we might have a future writer in our class who might start by writing for this paper.

Second, If we do not have a class paper and the other rhetoric class has one, they will be ahead of us, and we want our class to be the best one in the school.

Third, The chief opposition to the class paper is that it will be too much work. This is not true, as the work which we would do would be assigned as a regular lesson.

## A SUGGESTED READING LIST.

[The following reading list is intended to interest people in live books of American life, and therefore consists largely of contemporary fiction. Lists from the Buffalo Public Library, the Hotel Pennsylvania, and Bulletin XXI of the New York City Association of Teachers of English were consulted in preparation of the list—Carrie Belle Parks.]

### THE SECOND SEMESTER

The second semester will open Monday, February 6, and will continue for 18 weeks. New students may enter at this time in either the high school or the regular normal department. Graduates of high schools who have 15 credits, who were unable to enter last September or who have just completed their high school work, will be given opportunity to take the work of the junior year. This work will be so arranged that the student will be able to complete the course in two years from the date of his admission. Students will thus gain a half-year by entering at the beginning of the second semester, rather than by waiting until the opening of the new school year in September. So great is the demand for teachers that students who will be graduated in the middle of the year will have no difficulty in finding positions as teachers as soon as they are graduated.

Students who have been graduated from second or third grade high schools will find it greatly to their advantage to enter at the second semester, as by so doing it will be possible for them to secure three credits. In many cases this will enable them to enter the regular normal course in September. Students who are not teaching this year are urged to spend the entire semester at normal, so as to receive credit in the high school department or to complete one semester's work in the regular normal department.

All students who have 15 or more high school credits will receive free tuition if they take the regular normal course or the special teachers'

course which will be offered. The tuition in the high school department is \$2.00 a week. The registration-term fee of ten dollars must be paid by boarding students when a room is assigned them. It must be paid by day students at the time of their enrollment. Books may be rented or purchased new or second hand at the school book room. The cost for boarding including furnished room, heat, light, laundry and nurse's services when necessary, will be \$6.00 a week. Boarding students who expect to enroll at the beginning of the second semester are urged to enroll at once as the number of rooms available is very limited.

### **COURSES AVAILABLE AT THE SHIPPENSBURG NORMAL SCHOOL DURING THE SPRING TERM**

All students who expect to teach next year will be required to take twenty-four recitation hours' work per week from the following courses. These courses are approved by the State and on evidence that they have been satisfactorily completed a Partial (temporary) certificate will be issued, good for one year. All students will be required to elect a course in school efficiency. This course will cover the ground indicated in the school catalogue, and will involve observation of teaching in the training school followed by class discussion of the recitations witnessed. All students will be required to elect either public school music, art (drawing) or health education. No student may elect more than two of these during any nine weeks' session but all students must elect one unless one of them has been previously completed.

Students will be required to choose in addition two of the following subjects: Introduction to teaching; child psychology; teaching of reading; teaching of geography; teaching of social studies (history); teaching of mathematics; teaching of English. (Each of the above named subjects will necessarily involve a study of the content as well as the methods of teaching the subject.)

The courses for teachers who are qualified, either by reason of having fifteen or more high school credits or by reason of experience in teaching, to enter the regular Normal course (Junior class) will be so arranged as to meet the State requirements while at the same time enabling the teacher to complete the first half of the Junior year if he attends both spring and summer sessions.

Teachers who are not qualified to enter the regular Norman course but who desire to teach next year will be given a course covering the minimum requirements necessary for the renewal of their certificates and will, in addition, be able to carry several high school subjects, thus enabling them to qualify for a Partial certificate and at the same time enabling them to secure the needed high school credits for admission to the regular Normal course.

Normal school graduates who desire additional subjects necessary to qualify for high school work will be able to secure these branches during the summer session. Where special work of this kind is desired, the student should communicate with the principal at once so that suitable arrangements may be made.

### EXPENSES FOR THE SPRING TERM AT NORMAL

The attention of all students is called to the fact that the rates for the spring term at our school will be very reasonable. The registration-term fee is ten dollars. In the case of boarding students this must be paid in advance in order to have a room held. This fee includes the cost of registration and includes free admission to games, concerts, entertainments, etc., at normal during the term. The cost for boarding including furnished room, heat, light, laundry and nurse's services when necessary, will be \$6.00 a week. Those who remain for a shorter time than the nine weeks will be charged \$6.50 per week. Tuition is free to all students except those who are in the high school department. Such students will pay \$2.00 a week tuition or \$18.00 for the term. Books can be rented at the normal school supply room at a rate ranging from \$1.50 to \$2.00 for the entire term. Thus the entire expense to those receiving free tuition for the nine weeks of the spring term including registration-term fee, rental of books, etc., boarding, furnished room, laundry, will be about fifty-six dollars.

Students are urged to register as early as possible for a room. Present appearance indicate that we shall not be able to accommodate those who delay registering for too long a time. Pleasant rooms with all modern conveniences will be secured for students at the regular rates indicated.

### THE CERTIFICATION OF TEACHERS

Many inquiries are coming to us in regard to the type of certificate that will be issued to teachers in the elementary and junior High Schools. The Department of Public Instruction, after conferences with Normal School principals, city, district and county superintendents, has recommended a form of certification that has been approved by the State Council of Education. Under this system certificates will be of five kinds, known, respectively, as Emergency; Partial, Elementary or Secondary; Standard, Temporary or Permanent; Norman Certificates and Diplomas; College, Provisional and Permanent. Emergency certificates are issued by the local superintendent for a period not to exceed three months and may be extended for the remainder of the current term on approval of the State Superintendent. This certificate guarantees a salary of \$75.00 and is issued by the superintendent only when no applicants possessing a higher type of certificate are available.

The Partial certificate is issued by the state, initiated by the local superintendent. It is good for one year in the county or district for which it is issued and may be renewed for another year on a rating of low or better if the teacher has taken six semester hours of additional approved training. It may be renewed again on a rating of middle or better with six semester hours of additional approved training. In the case of those who have not taught prior to 1922 four years of high school training or its equivalent will be required for this certificate. The minimum salary paid the holder of a Partial certificate is \$85.00. In the case of a student

who has not taught prior to September, 1922, the qualifications are graduation from a four-year high school or its equivalent plus eight semester hours of professional study.

The Standard certificate may be issued to teachers who have taught at least two years and who have had seventy semester hours of approved training. It is issued by the State for two years and will be renewed once on a rating of low and subsequently on a rating of middle or better. Teachers in service will be permitted to count teaching experience up to and including the fifteenth year in qualifying for this certificate. If a superintendent rates the teacher's work as "middle" or better, four semester hours' credit will be allowed for each year taught. If the rating is below "middle," three semester hours will be allowed for each year taught. The minimum salary paid to the holder of a standard certificate will be \$100.00.

The Normal certificate will be issued to students who have completed the regular Normal School course as specified by the State. This certificate is good for two years and may be exchanged for a Normal Diploma at the end of two years' teaching on a rating of "medium" or better. If a graduate is rated "low" at the end of two years' teaching the cer-

### WHAT NEW STUDENTS OUGHT TO KNOW

Students entering normal for the first time naturally desire information on a number of questions. Experience has taught us that these questions center about certain matters. Last year we answered a number of these questions in advance and found the method so satisfactory that we have decided to anticipate the same questions and a few others and to answer them. Perhaps you will find the answer to the question in which you are interested.

Question. Is it necessary to pay in advance when I come to school?

Answer. The only advance payment that need be made is the ten-dollar registration-term fee, which must be paid when boarding students tificate may be renewed once. The salary paid is the minimum established engage a room. The remainder of the payment for the spring term, \$54.00, should be paid when the student enters school.

Question. In case my school does not close in time to enable me to come at the beginning of the term, will I be charged for the full nine weeks?

Answer. If you come promptly at the close of your school, you will not be charged boarding for the time you are absent. However, we do not divide a week. If you come during the week beginning April 17 you will be charged for the entire week. If you come on or after April 22 you will not be charged for the first week. Students, however, who are assigned rooms in the school building will be required to pay for these rooms from April 17. Where a room is assigned outside the building by law for Normal School graduates.

the student will pay only from the actual date at which the room is occupied.

Question. Is it necessary for me to come in advance of Monday, February 5, (or Monday, April 17)?

Answer. No. The first day of either term is devoted to assigning students to their classes. You will be in plenty of time if you leave home on Monday of the week on which the term opens.

Question. Will my baggage be delivered at the school free of charge?

Answer. Yes, if you come on either the first or second day of the opening of the term and bring your trunk check to the office or give it to one of the school employees at the station. Your baggage will then be delivered free of cost. It is highly important that every piece of baggage be plainly marked with the owner's name and with the room number or private house in which the student will room. Do not give your trunk check to any taxi driver unless you wish to pay for having it delivered. Bring your check to the office and your baggage will be delivered free of cost to you. This regulation applies, however, only to the first two days of the school term. Students coming later should engage one of the cab men at the station to bring baggage to the school.

Question. What equipment will the school provide for my room?

Answer. Your room will be furnished with all necessary furniture such as bed, bedding, bureau, study table, wash stand, bowl and pitcher, chairs and light fixtures.

Question. What shall I bring with me?

Answer. Students should bring all toilet articles, table napkins, bureau covers, cushions (if desired), laundry bag and a pair of blankets or heavy quilt (if additional bed cover is desired). Students should also bring knife, fork, spoon and glass tumbler for use in their room, as these articles may not be taken from the dining room.

Question. Can I buy or rent the needed text books at the school?

Answer. Yes, you can buy or rent the books you need at the school book room. You need not look after these in advance.

### PRINCIPAL'S LETTER TO THE ALUMNI

Dear Friends:

I am writing this letter in the midst of the holiday season and though both Christmas and New Year will be memories of the past when you receive the Herald, I want to take this opportunity of wishing you all a very Happy New Year. Opportunities in the teaching profession were never so good as they now are. The demand for trained teachers is in excess of the supply. This condition will continue to exist for a number of years to come, in spite of the depression in business and the number of applicants for positions in other lines of endeavor. Several years must pass before enough teachers can be trained to meet the ordinary everyday needs of the country. Because of this situation, teachers have greater opportunity for advancement than ever before. I trust that the New Year will find you helping to solve the big educational problems that every community has before it.

I have been very much gratified to note the fine spirit that characterizes our Alumni. I have been able to attend eight of the county and city meetings and in every case it has been most pleasing to note the enthusiasm and interest of our Alumni and former students.

Members of the faculty who have been able to attend these meetings have all been impressed with the loyalty that characterizes our Alumni. The continued and rapid growth of the school attests the interest that you feel in your Alma Mater.

There was never a time when our Alumni can speak so effectively as they can now upon a number of important social and educational questions. I am particularly anxious that all of you shall speak in no uncertain tones in support of the educational program that the Department of Public Instruction, under the leadership of Dr. Finegan, has instituted. A great beginning has been made. The school year has been lengthened, salaries have been materially raised, better qualified teachers assured and many other far reaching improvements planned. If our state is to advance educationally we must have closer supervision of our public school work. It must be standardized in all the counties of the state. To accomplish this it is necessary to call into the service of the state the best men and women that can be secured anywhere, for the best is none too good for Pennsylvania. It is greatly to be regretted that organizations and persons who misunderstand the nature of the work being done, should not hesitate to misrepresent the far reaching educational campaign. Members of our Alumni should inform themselves thoroughly on all these matters and should be most active in championing the cause of education in their respective communities. Every graduate of our school should be a leader in the campaign that must still be waged for better schools and greater educational opportunities for the children of Pennsylvania.

Elsewhere in the Herald attention is called to the opportunities that will be open to students in the normal school during the spring and summer sessions. For the last time we shall be able to give a spring session of nine weeks. Next year when the minimum term is made eight months it will not be possible to have a spring session. The summer session will then be the only special session that can be given. The work of the spring term is fully explained elsewhere and we need only call attention to the desirability of having all students who are not qualified under the new requirements, enroll for this session. All students who can possibly do so are urged to remain during the nine weeks of the spring and the nine weeks of the summer term. In this way it will be possible to give one-half year's credit for work done in any subject or subjects. Those who remain during but one term will receive one-fourth year's credit.

Our enrollment for both the spring and summer terms will be very much the largest we have ever had. We have room for only 20 more students in our dormitories and from present appearances nearly all of these rooms will be taken at the beginning of the next semester, February 5. We hope to be able to provide for 300 more boarding students by furnishing them rooms in town and having them board at the school, but we know that we shall have more than 300 applicants and we reluctantly

state that we shall not be able to accommodate those who delay too long in registering. Though all registrations are filed under date of January 1, a large number of students have already registered for the Spring term.

We appeal to all of our Alumni to keep us in touch with boys and girls in the high schools who may be interested in preparing to teach. Remember that students who will be graduated from first grade high schools this year will be permitted to teach next fall if they take eight semester hours' work at a normal school or college approved by the state authorities. These students can come to us during the summer session and qualify for teaching next year. We are specially anxious to come in touch with the young men and women who are prepared to enter the regular normal course (junior year) next fall. Our courses are so arranged as to make it possible for all who have fifteen or more high school credits, no matter in what course they may have been taken, to enter our junior class and finish the work in two years.

And now don't forget that Tuesday, June 13, is Alumni Day. It may seem a far cry to that date, but several classes have already begun to make arrangements for their ten-year reunions. We trust that the ten surviving members of the class of '82 may arrange to have a pleasant get-together meeting after the lapse of forty years.

We have a particular reason for wanting the class of 1892 to celebrate its thirtieth year, and the class of 1902, one of the very large classes, should be here in large numbers for its twentieth reunion. Of course, the class of 1912 will not forget that 1922 marks its tenth anniversary. We shall be surprised if the class of '97 fails to remember that it is twenty-five years old next June.

Of course, we want the members of the other classes to come back, also. We cannot expect to have 6,000 people present this year, for fifty-year anniversaries do not come every Commencement, but we trust that all of you who can, get back for a good, big, happy time. Remember that the latch string is out and that we want to see all of you here. Don't forget the day, Tuesday, June 13. Make it a lucky day.

Sincerely yours,

EZRA LEHMAN, '89.

## ALUMNI PERSONALS

'77. We are glad to note the success of one of our graduates in Pittsburgh, Mr. McCaskey. The following is taken from a recent Pittsburgh paper:

## WHO'S WHO IN PITTSBURGH—JOHN L. MCCASKEY.

John L. McCaskey, inventor and qualified mechanical expert, was born at Sherman's Dale, Pa., August 14, 1860. He was educated in public schools of Pittsburgh and Philadelphia, the high schools of Philadelphia, Shippensburg Normal school, Shippensburg, Pa., where he obtained a degree of master, and at Dickinson college, Carlisle, Pa. For several years he was superintendent of schools, Waynesboro, Pa., afterward entering the employ of the Government as an expert accountant in the United States Department of Commerce. Later he qualified in several courts as an expert mechanical engineer.

In 1882 he married Clara Hill, of Pottstown. He has toured as a lecturer on mechanics and among his inventions are several ventilating appliances and a signaling electric clock. He is chairman of the beautifying commission of the Homewood-Brushston section of the city. He lives at 6811 Kelly street.

'80. Mrs. Annie McDannel Sweney writes us from Black Gap, Pa. "I am proud to tell you that I have been elected to the office of School Director in Green Twp., Franklin County, by a majority of 393 in a solid Republican district. I feel that I have achieved something worth while for the Women's Movement for a better condition in politics.

'89. Mr. E. F. Charles has moved from Atlantic City, N. J., to Somers Point, N. J.

'10. We are glad to print the following letter from Mrs. Higgins, which speaks for itself, and we know it will be interesting to Herald readers:

Box 27, Oracle, Ariz., Nov. 13, 1921.

Normal School Herald,  
Shippensburg, Pa.

To the Editor:

Always since graduation I have tried to get "the Herald," but because of distance and frequent change of address sometimes fail to receive my copy. Has my subscription expired? If so I wish to renew. I feel lost without the Herald, it seems years since I heard from old Normal but am sure all Heralds but the last were received. Please send

a copy of it, if you still have one. I like the change in the paper and find it of as much help as other educational papers.

Oracle is Tucson's summer resort as well as a health resort too. Elevation 4500 ft., though only thirty-five miles from Tucson. We have real oak trees here and snow too, seems like dear old Pa. It is the most desirable place I have found in Ariz. People are not Mormons, most are from the East. There are but twenty-five pupils, none above fifth grade, yet we gave a Hallowe'en entertainment that is talked about all over the country as the best ever here. Old Normal must be given credit for that, for it was there I got my ideas. Though because of lack of practice when small it has been impossible for me to speak in public, I like to drill my pupils that they may not be thus hindered.

Hoping to receive a "Herald" soon at my address, Oracle, and wishing success to all whom I knew and old Normal too, I am,

Yours sincerely,

LAURA DAUGHERTY HIGGINS, '10.

'10. Miss Romaine Thrush is teaching in New Brunswick, N. J. Her address is 136 Livingston Ave.

'10. Mr. James W. White writes us from Germantown, Md., and renews his subscription for eight years to the Herald. We have not learned in what he is engaged but presume he is teaching.

'10. Mr. J. M. Coyle, who was not teaching early in the fall, will teach for the remainder of the school year near his home, Shady Grove.

'12. Miss C. Leone Thrush is teaching in Cleveland, Ohio. Her address is 9523 Carnegie Ave.

'12. Miss Margaret Lessig is teaching in Bedford, Pa.

'12 Miss Nora Glessner is teaching at Mussers School, East Pennsboro Township, Cumberland County.

James St. He writes, "We, the eight true and loyal Alumni send our best regards to the faculty and student body, but especially to old Normal Society, since we are all Normalites. We are earnestly endeavoring to put old Shippensburg on the map here at F. & M., both scholastically and athletically. Levi Gilbert has been elected to the captaincy of the 'Varsity football team. We are glad to learn of the success of our boys at F. & M.

'16. Here is another of our boys who is receiving honors, as the following note from the Shippensburg paper will show:

---

#### HARRY STAMEY RECEIVES MILITARY HONORS AT STATE COLLEGE

The student cadet regiment at the Pennsylvania State College is noted for turning out men well trained in military science and tactics, and of the group of R. O. T. C. officers in the upper classes the most proficient are honored each year by election to "Scabbard and Blade," the national honorary military fraternity. The election this year includes Harry C. Stamey, of Shippensburg, a member of the Junior Class.

## OBITUARY

Eleanor McKim (Burk), '99, died November 13, 1921. We clip the following account from a Franklin County paper:

Mrs. Eleanor Burk, aged 45 years, died at her home, near Dry Run, last evening. She had been in failing health for several years and only a few days ago her case became serious.

She was the oldest daughter of Mervin E., and Elizabeth McKim and was born at Concord on February 29, 1876. She was educated in the Concord public schools and taught school for several years. She graduated with honors from the Shippensburg Normal School in the class of 1899. After graduation she taught school ten years in Path Valley. In May, 1909, she married John A. Burk, of Dry Run.

Surviving are her husband and these brothers and sisters: Mrs. May Houghton and Miss Mary McKim, both of Philadelphia; Maurice M. McKim, of Akron, Ohio; Mrs. Edna Wagner, of Middlespring; James M. McKim, of Harrisburg, and Miss Lorenda McKim, of Concord.

Cordella Woods (Eyster), '92, died July 6, 1921. The following is taken from the Deer Creek (Illinois) Progress:

Mrs. H. E. Eyster passes away after operation in Toledo hospital.

Our people were greatly shocked the afternoon of July 6, when word was received here of the death of Mrs. Harvey E. Eyster, a former highly respected citizen of this place. We learn that she became very ill the evening before her death. Two physicians were called and decided that an immediate operation was her only chance for life. She was taken to a hospital in Toledo and the operation was performed, but she died shortly afterwards, gangrene having set in, which caused her death.

A year ago Mrs. Eyster and family moved from here (Deer Creek) to Bryan, Ohio. She was a woman of great social qualities and was held in high esteem by all who knew her.

She leaves her husband, one daughter, Maree, and one son, Claire, both at home, besides a large number of friends to mourn her loss. The family have the sympathy of this community in their bereavement. She was buried at Bryan, Ohio.

Floy Baker (Wonders) died December 19, 1921. Mrs. Wonders was a former student at normal and her son William is at present a Senior with us. We take the following account from the Shippensburg News:

Floy Elizabeth, wife of Harry C. Wonders and a daughter of J. Calvin and the late Mrs. Ema Stouffer Baker, died at her home on the Ridge Road, four miles north of Shippensburg, Monday morning, December 19, at 11 o'clock, after an illness of several months, death being attributed to bronchial troubles. Deceased was born in Southampton Township, Cumberland County, October 7, 1879, and was married March 20, 1902, to which union three sons, William, Harold and Calvin, all at home, were born and who survive, besides the husband, the father and one brother, Calvin Balser. She was a member of the Middle Spring Presbyterian Church, as well as of the Foreign and Home Missionary Societies, and a most estimable woman who had a host of friends. The funeral will be held Friday afternoon at 1 o'clock, Rev. J. B. Crawford and Rev. S. S. Wylie officiating. Interment will be made in Spring Hill cemetery, Shippensburg.

### HONOR FOR A FORMER STUDENT

We take the following note from the "Port of Spain (Trinidad) Gazette":

We have much pleasure in announcing that Senor Benjamin Quintero, Venezuelan Consul-General in Trinidad, has been decorated with the "Order of the Liberator of Venezuela in the Third Class." We feel sure that his many friends in this colony will join in congratulating him on the merited honor conferred on him by the Government of the Republic.

Mr. Quintero was a student with us several years ago and the Herald joins with his other friends in congratulations and best wishes.

### BANQUET OF ADAMS COUNTY ALUMNI

The Shippensburg Normal Alumni of Adams County met on Tuesday evening, November 15th, the week of the county institute in Gettysburg, at the New Hotel Hoffman for their annual banquet. There were about seventy people present, including Dr. and Mrs. Lehman, Miss Harris and Miss Kieffer, from the Normal School, and Arthur Greist, trustee of the Normal School, and Mrs. Greist.

The Gettysburg College orchestra furnished music for the dancing, which occupied a greater part of the evening.

Luncheon was served, after which Dr. Lehman, Prof. Roy D. Knouse, of Littlestown; Misses Harris and Kieffer, Prof. H. M. Roth, of Gettysburg, and Prof. Jeremiah Thoman, of Hanover, gave short talks.

During the business session the officers were elected for the next year. President, Prof. Guile W. Lefever, of Gettysburg; Vice President, Prof. Roy D. Knouse, of Littlestown, and Secretary, Helen Jane Scott, of Gettysburg.

### BANQUET OF YORK COUNTY ALUMNI

The York County Alumni of the C. V. S. N. S. held a banquet in the banquet hall of the Y. M. C. A. building, Wednesday evening, November 23rd, at 6 o'clock. So well did the graduates and former students respond to the call of the committee that nearly fifty Alumni were present. Among those present were Prof. J. P. Hays, a member of the class of 1876, two representatives from the Alma Mater, Prof. Heiges and Miss Myrtle Mayberry, both former York Countians, and Prof. Robert Arnold, a member of the faculty of the Reading High School.

During the bountiful repast a selected orchestra entertained with instrumental and vocal music. After the singing of the school song, "The Alma Mater," Prof. H. M. Arnold introduced Prof. Charles Albright, assistant superintendent of the public schools of York County, as toastmaster. Soon Prof. Albright had all feeling in a splendid humor and in

a very pleasing manner introduced the following: Prof. James Ebert, Dr. Elmer Trostle, Prof. Wm. Fishel, Mr. Chas. Spangler, Prof. J. P. Hays, Prof. Chas. Rahausser, Prof. Heiges, Miss Myrtle Mayberry, Prof. Gilbert Quickle, Prof. H. M. Arnold, Prof. Robert Arnold and Miss Belle Irene Anthony. The trend of the remarks was that of love for the Alma Mater and the pledging of loyalty to her. The whole affair was voted a success and as an alumnus remarked later, "We all felt at home even if we were among so many strangers."

The officers of the organization are: President, Prof. Charles Albright; Secretary, Belle Irene Anthony. The committee consisting of Winifred Kauffman, Belle Irene Anthony, H. M. Arnold, Gilbert Quickle and Harvey Becker, are already planning for the banquet to be held next year, at which time they want to make the members attending it as near a hundred as possible.

BELLE IRENE ANTHONY, Secretary.

### MEETING OF JUNIATA COUNTY ALUMNI

The Alumni Association of Juniata County desires herewith to send greetings to our Alma Mater.

We had an organization formed in 1920 but we did not have a sufficient number to have a social reunion. This year Mrs. Emily Guss invited us to her home, so quite a number of us went there and had a very enjoyable time. We reorganized our Association and the following officers were elected:

President, Miss Mary Brackbill; Vice President, Mr. W. M. Duncan; Secretary, Miss Margarette Stimmel; Treasurer, Mrs. Emily McNeal (Guss).

A committee on arrangements to make plans for an Alumni meeting to be held next year was also appointed.

We surely did regret that we could not have held the meeting this year when Dr. Lehman was with us, but it was impossible to arrange for it earlier in the week.

We were very glad to have Dr. Lehman at our institute and enjoyed his inspiring talks very much.

The Juniata County people are very much interested in C. V. S. N. S. and we are always glad to hear the news and to note the progress which the school is making.

ANNA HALDEMAN, Secretary.

### CUMBERLAND COUNTY ALUMNI MEETING

A business meeting of the Cumberland County Alumni and former students was held in the Opera House in Carlisle on Thursday evening of institute week. Superintendent J. C. Wagner was elected president; Miss Ruth Duke, of Shippensburg, secretary and Assistant Superintendent, W. J. Rice, of Carlisle, treasurer. It was voted to arrange for a banquet on Friday evening, February 11th, at Carlisle. An effort will be made to

make this banquet one of the biggest ever held by the Cumberland County Association.

### NORMAL LITERARY SOCIETY

The vivacity and enthusiasm in Normal Society is commendable this year. This is portrayed by the splendid attendance and ardent co-operation of every member. We are always true to the Normal standard of pep and interest and we stand for prompt and loyal work. We aim to carry this spirit through all our school activities, and Normal Society thus enables us to build a strong foundation for our future work in the world, which after all is only another big society embodying the ideals that we strive so hard to obtain in our short preparation here at school.

Our Society is not developed along one particular channel, but very successful efforts are made to supply our members with that broadening and deepening training so necessary in life to the success of any individual. Our programs are devoted to educational work as well as good clean humor, and contain both musical and literary numbers. Essays written by our members, book reviews, plays, current events, all contribute to our programs, to say nothing of the Society's weekly paper, "The Gazette," which discloses the occurrences of the school in general and of each one in particular. Such material as editorials and poems also occupy a prominent place. Music is a very large feature on our programs. Normal Society has always been noted for her fine grade of music, and we seem to have even excelled the Normal standard this year, in vocal as well as instrumental music. It shows that talent for this particular feature is available in our Society from the new members as well as from the old. The dances add much to the aesthetic part of the program and afford joy and pleasure to the Society. They are both interesting and humorous. Other numbers, which we as members and others as visitors enjoy, are the special features which always keep us in suspended surprise that is usually gratified to the fullest degree.

Not by any means is forgotten that necessary and much needed training in speaking on one's feet. Our debates are usually interesting and supply a desirable source of information. It is fortunate indeed that the members of our Society recognize this and manifest such a vital interest along this line of work. Our last debate, "Resolved, That student government should be established for the entire student body in this school," was vital and very interesting. The debators deserve special credit, for their discussions were a product of purely original thinking. The members who participated in the general debate are to be commended; this is a phase of debate which should not be overlooked.

The officers as well as the members aim to uphold these good records of the Society so that in the future these facts may still stand true.

Normal Society invites and urges all former members of the Society and those interested in our work to be present at our meetings, to see the work we are doing, how our ranks have increased, and to offer suggestions. We assure you all a hearty welcome.

FRANCES M. BRENNEMAN, '22 Secretary.

### PHILOMATHEAN LITERARY SOCIETY

Philo is growing better day by day. Some of the numbers on the programs have been full of originality and this shows what talent we have in Philo. Philo Review especially has been presented in several unique ways, thus making our own paper even more interesting than before.

Another late feature which was something new for Philo was the interclass debate between the Juniors and Seniors. The proposition was, "Resolved, That the United States shall, within a period of five years, grant the Philippines their independence." The decision was rendered in favor of the negative or Senior team. This debate was conducted in the same manner in which the intersociety and interscholastic debates are conducted and was really held in order to discover talent for these annual debates.

Another way in which Philo has progressed is in the omission of the long and laborious roll-call. Instead of this, each member, upon entering the chapel, places a slip of paper containing his name in a box provided for that purpose. Philo is ever advancing and striving to reach a higher goal.

The spirit which Philomathean members are showing indicate that each one is working hard to live up to the motto of Philo—"Be a booster, not a kicker."

MARY FUNK, '22 Secretary.

### NORMAL SOCIETY GLEE CLUB

Our Glee Club is a prominent feature on the society program, and it aims to keep in touch with the good spirit throughout the evening.

The programs of the society have so far been exceptionally fine, and we feel that our Glee Club has more than done its share to make them so. Normal has always been praised for her good music. The selections are of the very highest type that the director is able to secure. They have been delightful and have never failed to please. Our visiting teachers and critics have always given special commendation to the Glee Club number. We are sure that this excellent work and fine spirit will continue throughout the year.

KATHRYN DANIELS, '23 Secretary.

---

### PHILO GLEE CLUB

This is one phase of our society work which demands individual support. In order to make the society appreciate our numbers we must render them at our best, for, when the same group of people appears before the same audience week after week something worth while must be given in order that it may appeal to the audience. The well-rendered selection will always carry the greatest appeal and in order to produce well-prepared selections the individual support of each member of the

club must be obtained. With a few exceptions the members of Philo Glee Club have been giving splendid support to its director and it is hoped that this may continue throughout the year. True, after a day of school work it is difficult to tie one's self down to a solid practice when others are outside enjoying the fresh air, but it is for Philo, so why should any of us murmur? Very, very few do. We are always glad to do something for Philo. One can truly enjoy life, only by serving others and thus strengthening himself.

The Club has tried, so far as was possible, to suit its selections to the occasion or the season. At the Thanksgiving program, the Pilgrim's Chorus from "Tannhauser" was given and at the Armistice Day program a patriotic selection was rendered. In the Christmas program there were two selections. The first was "Hark! the Herald Angels Sing," produced in a novel way. The second was "Silent Night, Holy Night," with a short pantomime representing the Nativity.

CHARLES D. HOERNER, '22 Director.

#### Y. M. C. A.

The work of this Association is upon a firm basis and everything is going smoothly. The Association as a whole is very much interested and the co-operation of each member is fine. Partly upon this we are basing our success as an organization.

Mr. Miller, our State Student Secretary, visited us early in the school year and helped us to plan and organize our work. We have also secured a number of able speakers for our Sunday evening meetings, among whom are Dr. Grove, of Harrisburg; Dr. Linebach, editor of the Reformed Church Messenger; Mr. Colbert Kurokawa, of Dickson College, and Mr. Hallingshead, a representative of the National Y. M. C. A. These men presented questions concerning, not only our lives, but concerning this nation as well as others.

True to its principles of helping others, our organization has recognized the needs of our brothers in Europe and is planning a campaign for the Student Friendship Fund and the Near East Relief.

We hope that each member will see the importance of the Y. M. C. A. work and continue to put forth his best efforts in behalf of the Association.

A. STERLING KING, '22,  
Recording Secretary.

---

#### Y. W. C. A.

The Y. W. C. A. is still following up the aim of making the new members feel at home. On October 14th the organization served tea in the "Y" room to all the lady members of the faculty and boarding girls. The tea was given in honor of Miss Ruth Roch. She gave several talks to the girls during her stay with us.

Miss Sara Kraber, president of our Y. W. C. A., represented us at

a conference held in Philadelphia in October. She heard many instructive lectures which were presented to us. We are hoping that we will profit very much by them.

The Y. W. C. A. is now holding evening prayer services in the court from ten until ten-ten. Girls who are willing lead each night. We are sure that this is of much benefit to the girls, as is shown by the attendance. Much interest is manifested now especially, as it is near the Christmas season.

Another social time is promised to the members by the Y. W. in the form of the Christmas bazaar on Saturday, Dec. 17th. All articles are contributed by the present members and the alumni. We expect this year to have the largest and most successful bazaar that has ever been held. The proceeds will go to the Near East Relief.

We wish to take this opportunity to thank all members and alumnae who heartily contributed to the worthy cause.

DOLLIE KING, '22 Secretary.

---

### PRESS CLUB

The members of the Press Club are trying to make the Club a real live wire organization by giving their interest and their best work to the Club. This attitude of the members has been shown in several ways, especially in the attendance and the type of programs given. The following is an example of one of our programs:

Recitation .....	Miss Kraber
Vocal Solo.....	Miss Wineka
Humorous Discussion.....	Mr. Dibert
Address .....	Prof. Harley

The Club is fortunate to have Prof. Sheradin and Prof. Harley, of the faculty, so much interested in newspaper work. Both have given interesting and helpful addresses to the Club. We are especially glad to have Prof. Sheradin elected as an honorary member of our Club.

With the present interest and enthusiasm continued we can hold high our motto, which is, "For the good of the school."

RENA HAWK, '22.

### THE GIRLS' ATHLETIC ASSOCIATION

The G. A. A. continues with its usual initiative. The hockey season closed to the regret of our efficient hockey stars and many hockey friends. The hike to Chambersburg ended the hiking season of 1921. A large number of the girls obeyed the rules and received the maximum number of points, and at our next meeting a large majority of the new girls will have acquired enough points to join the Association. The cycle squad reports having had glorious times with Miss Robb on their trips, also. They advise us to use a bicycle whenever we get the opportunity.

All the classes are anxiously looking forward to the basket ball sea-

son. We expect a lot of good times and peppy games.

Everybody is busy now getting ready for Christmas, but when we come back from our vacation we are planning on having a vaudeville show. This is going to mean a good time for all of us. We would be glad to see our ex-members and friends come back to it. The date is not definitely decided yet; but write us about it and we shall let you know.

The Association hopes you all had a pleasant holiday vacation and that good luck will follow you throughout the year of 1922.

DOROTHY L. HOSFIELD, '22,  
Secretary.

### GIRLS' DAY STUDENT ASSOCIATION

Left-right, left-right, left-right, left! You ought to see the day student girls keep step! The other day a girl stooped 'way over and reached 'way back in the corner for a piece of old banana skin and carried it over to the garbage can. This is just an example of the things the girls are doing to clean up. Even the mirror (however spotted) is cleared of all the signs of paste—it used to be the bulletin board. We feel sure that if everyone continues to pull hard and with just a little more enthusiasm we shall not need to be ashamed of our little room longer.

"Come on, girls, let's go!"

EDYTHE L. BURTSFIELD, '22,  
Secretary.

### THE GIRLS' CHORAL SOCIETY

The members of the Girls' Choral Society have shown a fine spirit thus far. They have been very enthusiastic and interested in their work. The meetings have been well attended and the programs which they have rendered are worthy of commendation.

The society took part in the Thanksgiving service by singing the selection, "I Waited for the Lord."

One of the most delightful and entertaining concerts given by the society in the past few months was the Christmas Carol Concert. In this the society was assisted by the Male Glee Club of the school. This added a new feature to our concert, which heretofore was not possible, as the Male Glee Club did not exist before this year.

The Christmas program was as follows:

Joy to the World.....	Handel
Adeste Fideles .....	J. Reading
The First Nowell.....	Traditional
Audience and Chorus	
Christmas Comes Again.....	J. H. Hopkins
Carol for Christmas Day.....	Arthur Sullivan
The Birthday of a King.....	Niedlinger

	Miss Claire Demaree	
Cantique de Noel.....		Adolph Adam
	Catharine Heefner and Chorus	
The Angel and the Shepherds, from "Ben Hur".....		Lew Wallace
	Miss Myrtle Mayberry	
Christmas Eve.....		Myles B. Foster
Once in Royal David's City.....		Gauntlett
The Manger Throne.....		Steggall
Sleep Sweetly, Babe of Bethlehem, from "The Nativity"....		Adam Geibel
	Miss Blanche Wright	
O Bienheureuse Night.....		Normandie Carol
	Effie Markle and Chorus	
Under the Stars.....		M. C. Brown
We Three Kings of Orient Are.....		J. H. Hopkins
	Edwin Craig, Charles Hoerner, Harry Swartz and Chorus	
O Little Town of Bethlehem.....		Redner
It Came Upon the Midnight Clear.....		Willis
Silent Night .....		Haydn
Good-night and Christmas Prayer.....		Foster

The success of these programs has depended largely upon the increased number of members over last year's enrollment. We have some excellent talent among our new members and we are planning to put this into play in the future, thus insuring the rise of the standard which we have begun to set up.

HILDA G. FAHS, '22, Secretary.

**SOCK AND BUSKIN CLUB**

Sock and Buskin Club has spoken for itself to the public of Shippensburg in the presentation of the Thanksgiving play, "Green Stockings." Under the excellent direction of Miss Parks, the faculty advisor, each member of the play did his or her part to perfection.

### ARTS AND CRAFTS CLUB

Although our club is a new organization in the school, the progress has certainly been remarkable. The work which we are doing at our meetings is so beneficial to us that we are sorry a club of this kind was not formed before.

The first work which we undertook was the weaving of baskets from corn husk and raffia. Several of the finished projects were quite skilfully woven.

At present, the majority of the members are doing enamelling work. We have made oil cloth luncheon sets, book-ends, shoe-trees, and many other useful articles. Besides this work, some members are making beads from permodello. These are very pretty after they are enamelled and shellacked.

Another feature of our meetings is the discussion of famous Pennsylvania artists, such as Violet Oakley and Henry Austin Abbey. These discussions make us familiar with those people who are great along the line of art.

All the work of the club has been very successful, and we feel that, under the able direction of the art teacher, we shall be able to accomplish more and more throughout the year.

MARY A. FUNK, '22, President.

**STATE DEPT. OF HEALTH, HARRISBURG, PENNA.**

The profession of the midwife is at last being recognized as a legitimate field of woman's work. This is the oldest profession of women and in Pennsylvania alone, about one-fifth of the population—its foreign born fraction—seek the services of a midwife. In many of the home lands the male physician is unknown, and the emigrant husband, as well as the wife herself, flatly refuses to have the "man doctor" deliver the child.

The Board of Directors of the Maternity Hospital, 734 S. 10th street, Philadelphia, has opened a school for midwives; the period of instruction to be twelve months and the entrance fee \$50.00. They state that since only six pupils will be admitted in any one year, it will be clearly seen that this course is not intended to materially increase the number of midwives in the state, but since the life of the mother and child frequently depends upon her skill, it is felt that she should be properly trained so as to recognize such symptoms or complications requiring the services of a physician.

The Maternity Hospital of Philadelphia was established in 1872, has a capacity of 35 beds, and is one of the leading institutions of its kind in Philadelphia. Judge William H. Staake is president of the Board of Directors, and the superintendent in charge is Helen L. Kelly, R. N.

## TYPHOID EPIDEMICS

A plate of ice cream may not conceal a stick of dynamite and a glass of milk may be quite free from a lysol "kick" but this does not insure the safety of either as food and drink. At any rate with typhoid epidemics appearing in various parts of the State, it behooves each housewife to learn the crepe-hanging possibilities of her bill-of-fares.

Milk (including milk products) that have become polluted is a common source of typhoid infection. There are a variety of ways by which this happens.

Carelessness in reporting illness in a farmer's family, the farmer's wife tending both the patient and the dairy, was the simple forerunner of one recent epidemic. Milk cooled in a spring of polluted water, some of the water splashing into the cans, started a string of cases in another section. A growing dairy business needing more help and a boy who had had typhoid fever (and who was still a carrier), pressed into service, was enough to start the undertaker's 'phone ringing in a third part of the state.

The State Department of Health steps in, cuts off the course of infection and eventually gets the epidemic under control. But a local milk ordinance adequately enforced would have prevented these disasters in the first place.

It is one thing to read typewritten sheets of typhoid statistics. It is another matter to visit in an epidemic district—to discover an eight-year-old child trying to care for the four stricken grown-ups in her family; to find a family of nine all in bed and utterly dependent for their recovery upon the initiative of outsiders; to hear the anxious catch in the cheerful voice of another patient who knows that she is the only support of her white-haired blind mother.

State and private nurses are summoned and great is their skillful service; but it is not only nursing that they do, for their extras range from chaperoning a burly plumber into a placarded house, "I'll go if you go with me," he timidly says,—to procuring a minister to baptize a dying child. The greatest tragedy, though, is to realize that with a supervised milk supply typhoid epidemics could be avoided.

The other great source of typhoid infection is polluted drinking water. This rarely occurs any more with municipal supplies, but the country well, the brook, and the mountain spring may be contaminated, and farmers, picnickers, autoists and hikers, all are victims. Just because water has no bad color, looks good and is cold does not mean that it is free from danger.

Not long ago there was a religious convention in the southeastern section of the state. Most of the delegates arrived in automobiles and they parked their cars in a quarry near the convention grove. There was a spring in the quarry that the state engineers had condemned except for consumption by the quarry engine. But the convention delegates were hot and thirsty and they decided to "take a chance." When they left the convention they took home more than religious inspiration. Here and there throughout that section of the state, houses are being placarded and the Angel of Death does not always "pass over."

Dr. Campbell, chief of the Division of Medical Inspection of the State Department of Health, has suggested a few simple precautions that will go a long way towards wiping out typhoid fever.

1—Promiscuous drinking from springs and wells throughout the country should be avoided. All water from untested sources should be boiled.

2—Local milk ordinances to secure pasteurized milk should be passed and enforced.

3—Dairy farm inspection should be practiced before milk permits are issued (including medical examination of all dairy workers).

4—Most important—suspicious illness of all persons on dairy farms and those handling dairy products should be promptly reported.

**ALMA MATER**

In the dear old Cumberland Valley,  
'Neath the glowing sky,  
Proudly stands our Alma Mater  
On the hill top high.

*Chorus*

Swell the chorus ever louder,  
We'll be true to you,  
Hail to thee, our Alma Mater,  
Dear old "red and blue."

Near the waving golden corn-fields,  
Just beyond the town,  
Tower the ivy covered buildings  
As the sun goes down.

When we leave our our Alma Mater  
We will praise her name,  
Ever live to raise the standard  
Of her glorious fame.
