THE CUMBERLAND VALLEY STATE NORMAL SCHOOL

SHIPPENSBURG, PA.

Shippensburg is a town of five thousand population, 41 miles south of Harrisburg, on the Cumberland Valley Railroad, a branch of the Pennsylvania line. The Reading and The Western Maryland Railroads also run into the town.

Shippensburg is in the center of the beautiful Cumberland Valley, a region famed in the history of the nation. Gettysburg, with its famous battlefield, is only 35 miles distant; Chambersburg, rich in historic interest, is 11 miles distant; while Carlisle in only twice as far away.

The Cumberland Valley is famous not only for its beauty and its historic associations, but it is one of the richest agricultural communities in the nation.

Shippensburg is a splendid school town. Its people are progressive and intelligent. The moral tone of the town is indicated by the fact that for more than thirty years there has not been a licensed saloon in the town or within six miles of it. There are, however, twelve churches within the borough limits.

THE SCHOOL

The school buildings are beautifully situated just outside the borough limits in the midst of a campus of twenty-five acres. The plant consists of the Administration building, the Girls' Dormitory, the Gymnasium, the Training School, the Power Plant, the Principal's House, the Infirmary, the Laundry, Carpenter Shop and the newly erected Disposal Plant.

The Administration Building recently renovated and remodeled, contains the Principal's, Bursar's, Dean's, and Registrar's Offices, Chapel, Recitation Rooms, Biological Laboratory and the Dining Room. The second and third floors are used as Dormitories.

The Women's Dormitory is a beautiful homelike building equipped with all modern conveniences. Its open court is the assembly and lounging place for the boarding women students. The Basement contains the newly built Chemical and Biological Laboratories and a large Music Room. The Men's Dormitory is thoroughly modern in its equipment. A new and thoroughly modern system of heating has been introduced. The Lavatories, newly equipped with shower

baths, are provided with everything needed for the comfort and convenience of the students. The Main Building is being renovated and modernized so as to make it thoroughly up-to-date in every respect.

All other buildings are modern and admirably suited to the purpose for which they are intended.

EXPENSES

The expenses at the Cumberland Valley State Normal School are very reasonable. They are kept as low as it is possible to keep them without crippling the work of the school.

Free Tuition.—The State of Pennsylvania furnishes free tuition (a scholarship) to all students who have fifteen or more high school credits and who sign an agreement binding them to teach in the public schools of the state for at least two years.

Boarding students who remain at the school for at least eighteen weeks (one semester) pay \$8.00 a week for board, furnished room, heat, light, and laundry,—\$288.00 for the school year. This is payable in four installments as indicated below.

The other expenses are the registration fee of \$5.00, payable when a room is assigned or (in the case of day students) at the time of registration. All students will pay a semester fee of \$10.00. This fee covers the following items: Free admission to all games and entertainments, including those listed in the school entertainment course, the Thanksgiving Play, the Philo Reunion, the Normal Society Anniversary the Dramatic Society entertainment, concerts by the Choral Society; subscription to the Campus Reflector; use of Infirmary and services of nurse in case of illness. It also covers medicine and services of physician in cases of illness not exceeding one week's duration.

Since the number of boarding students desiring rooms is in advance of the number of rooms available, we are forced every year to find rooms outside our dormitories for students, or to refuse to enroll those who apply. Because of this condition, boarding students will be held responible for the rental of the rooms assigned them for the full semester of eighteen weeks. Withdrawal from school leaves the school with a vacant room upon its hands. Where the withdrawal of the student is due to personal illness properly certified by a physician, the student will be held responsible for only one-half the rental of the room. Boarding will be charged only for the time the student is in actual attendance. But no deduction will be made for absence during the first two or last two weeks of a semester.

In case of necessary absence from school of more than two weeks, students will be credited with the cost of board.

The charge for board and room includes furniture, bedding, light and heat. Each room accommodates two students. All eight

dollar rooms are provided with single beds for each student. When the dormitories are not crowded students may room alone by paying an extra charge of one dollar a week. (During the past four or five years it has not been possible to grant this privilege. There are a few single rooms available at regular rates).

"Students will not be allowed to board outside the building except with parents or near relatives." By "near relatives" is meant brother or sister, uncle or aunt, or grandparents.

TIME OF PAYMENTS

As previously indicated, registration fee, \$5.00, is payable by boarding students when a room in engaged and by day students at the time of registration. The term fee is made a part of the first payment of each semester

If the student is unable to enter the school the registration fee will be returned, if notice of inability to come is given at least two weeks before the opening of the semester or term for which the student has registered. No registration fees are returned after the date indicated.

September 12, first payment, including semester fee	\$82.00
November 14, remainder of payment for semester,	72.00
January 30, first payment, second semester, including se-	
mester fee	82.00
April 2, remainder of payment for second semester,	72.00
Books can be purchased at the book room of the school.	

EXPENSES FOR DAY STUDENTS

Registration fee payable on entering school	\$5.00
September 12, semester fee	12.50
January 30 semester fee second semester	12,50

The attention of students is called to the time at which payments are due. The school authorities are required to meet bills as they come due and they must therefore insist upon prompt payment. Unless special arrangement is made in advance, no student will be admitted to class until payments are made.

FEES

No special fees are charged in any subject but students in laboratory or hand work courses will be charged for materials used or destroyed.

An extra enrollment fee of \$1.00 is charged students who register after the first two days of a semester or term.

CAMPUS WALK

COURT OF GIRLS' DORMITORY

PAYMENTS FOR SPECIAL SUMMER TERM SESSION (1927)

Registration fee, payable when room is assigned June 14, payments in full for nine weeks	
Total expense for summer term exclusive of books, etc Day students will pay only registration and term fees for	
the summer term	10.00

No deductions will be made on account of absence during the last two weeks of a term or during the first two weeks.

SPECIFIC AIMS OF THE SCHOOL

All State Normal Schools aim to prepare young men and women for the work of teaching. The Cumberland Valley State Normal School emphasizes the features common to all normal schools, but it claims the following distinctive characteristics:

1. Home Life—The authorities believe that the school should reproduce the social life of the home as far as possible. School life should, therefore, be a preparation for living. Young men and women should be taught self-control, for without this ability any scheme of education will be a failure. The great majority of our pupils come to us with a very definite purpose in view and wish to make the best possible use of their opportunities, hence the tone of the school is remarkably earnest.

It is a further aim and object of the school to prepare our pupils for social efficiency. We realize that young men and women must be able to take an active part in the affairs of the various communities into which they are expected to go after leaving the school; hence the school does not neglect the social side of the student's life, and opportunities for social intercourse under proper direction are afforded the students from time to time. The student who goes forth from a school lacking the ability to associate with cultured men and women is bound to be more or less of a failure in life. Our pupils are therefore trained in the conventions expected of them by society so that they may take their place in the affairs of their respective communities. The ideal of any school should be to reproduce as rearly as possible the family life. As young men and women associate in the family, so should they associate in a properly regulated school.

In carrying out this policy this Normal School allows the greatest possible freedom to the young men and women compatible with good taste and sound morality. In short, everything is done by the faculty to co-operate with the students in maintaining a bright and refined home life and to help them to the cultivation of that grace and dignity that marks the real lady or gentleman.

- 2. Size of the School.—The principal and faculty of the school believe that a school should not number more than six hundred pupils. Schools exceeding this number are apt to be unwieldy; it is not possible for the faculty to know the students personally in larger schools, nor for the students to know one another intimately. As a result, many of the conditions that should prevail in a large home school are absent in such schools. A school ranging from five to six hundred in number is large enough to combine the best features to be found in a student body but is not so large as to destroy the individuality of the students. It is our purpose to limit our attendance to 600 during the coming year if possible.
- 3. Small Classes.—We believe in small classes, not exceeding thirty-five or forty students. When the classes are larger than this it is impossible for the teacher to come into that close personal contact with the students so necessary to their progress. Very often the lecture method with its glaring faults is used by teachers in large classes. Experience shows that really good work is impossible in classes numbering more than thirty-five or forty students.

STUDENT GOVERNMENT

The authorities of the school believe that no one can be successful in governing others who has not first learned to govern himself. Accordingly the students are given the opportunity to practice self-government. The boarding women are organized into a Student League, which elects a president, vice-president, and secretary. These officers with representatives elected from the four classes and three members of the faculty appointed by the principal, constitute the Student Council, which has charge of the discipline of the boarding girls. The work of this organization has been most satisfactory.

The boarding men of the school are organized into a men's Association. The Association elects a president, treasurer, and secretary. There are five vice-presidents, elected by the members of the five corridors. The above officers with representatives elected from the four classes, together with the Dean, constitute the Representative Board. The new plan is meeting the approval of everyone. Any young man who is reasonable in his actions will find our dormitory life a real home.

REQUIREMENTS FOR ADMISSION

ADOPTED BY BOARD OF NORMAL SCHOOL PRINCIPALS, MARCH, 1926.

Admission to a State Normal School shall be on a basis of graduation from an approved four-year high school, or equivalent training in an approved private secondary school.

Graduates of senior high schools in a school district maintaining an approved junior high school organization will be admitted

on evidence of twelve units of preparation earned in grades 10, 11 and 12.

A unit represents not less than 120 sixty-minute periods of prepared work, or the equivalent.

Until September 1, 1927, high school work completed prior to July 1, 1924, will be accepted on the basis of 96 clock hours of work requiring preparation.

Graduates of approved two-year high schools are entitled to not more than eight units of credit and graduates of approved threeyear high schools to not more than twelve units of credit toward the standard admission requirement; provided, however, that such students, or other students having irregular entrance qualifications, may take examinations in additional subjects taken in course in county superintendents' offices in all counties having such students at the close of the school year. These examinations will be given under the direction of the Credentials Bureau of the Department of Public Instruction, under a cooperative plan adopted by the Board of Normal School Principals, January 15, 1926. In case of failure in a subject, or subjects, the student, after additional study during the summer, may take a second examination in August at one of the normal schools, or at any one of the centers where State examinations are regularly conducted, namely, Philadelphia, Harrisburg, and Scranton.

Under this arrangement students who complete the work of a four-year high school with a three-year rating may take examinations in fourth-year subjects and thereby receive credit equivalent to that of a four-year high school; graduates of three-year high schools with a two-year rating may take examinations in third-year subjects for credit in three years of approved high school work. All inquiries should be addressed to the Credentials Bureau, Department of Public Instruction, Harrisburg, Pa.

Credentials of all students entering the State Normal Schools on the basis of an approved four-year preparation shall be received and evaluated by the normal school; students not having an approved four-year preparation or students whose preparation is irregular, shall have their credentials evaluated by the Credentials Bureau of the Department of Public Instruction.

Graduates of approved four-year high schools or of equivalent private secondary schools who desire admission to a State Normal School without examination must present a detailed statement of all studies pursued, including the time devoted to such studies, and the grades received. Blanks for such purposes may be secured from the principal of the State Normal School. These blanks should be filled out by the principal of the school which the student attended, or where this is impossible, by the local superintendent of schools.

Until September 1, 1927, the holders of permanent and professional certificates will be given one credit toward admission as regular students in the normal schools for each subject of high school grade written on the certificate.

Advanced credit will be given for equivalent courses in approved institutions of collegiate grade, but no students may obtain a normal school certificate without a minimum residence of one year. (Teachers who have been granted credit for experience may finish a two year curriculum with a minimum residence of one-half year.) (See below.)

The usual health certificate required by law for the certification of teachers shall be presented by all applicants for admission. Applicants disqualified, by reason of physical defects, from the successful performance of the duties of a teacher will not be admitted.

All applicants for admission shall present evidence of good moral character and ideals characteristic of the teaching service.

No candidate for a normal school certificate shall receive more than twenty semester hours of credit toward graduation for work done in extension classes or by correspondence. No credit will be given for correspondence work taken after September 1, 1927.

NORMAL SCHOOL CERTIFICATES FOR TEACHERS IN SERVICE

The following conditions apply only to those persons who have taught in Pennsylvania public schools prior to July 1, 1922. (No Credit will be given toward the completion of the entrance requirements or of the regular normal school course for teaching done after July 1, 1922.)

The fifteen units of high school work required for entrance to the State Normal Schools may be earned in approved high schools, summer schools, extension classes, correspondence study in institutions approved by the Department of Public Instruction, and by tutoring under approved conditions.

Credit for entrance may also be secured by teaching experience in Pennsylvania public schools at the rate of three standard high school units for each year of successful teaching experience.

Whenever a teacher has earned the credits necessary for entrance to a State Normal School in any of the above ways or by any combination of them, four semester hours of credit on a regular State Normal School curriculum may be granted for each year of teaching experience in Pennsylvania with a rating of "middle or better" subsequent to meeting the entrance conditions up to a maximum of thirty-two semester hours, provided, however, that all credits thus given shall be conditional until the teacher shall have proved his ability to do the work of the State Normal School curriculum in a creditable manner.

In all cases in which Normal School credit is given for teaching experience, the work remaining to be done shall be selected by the authorities of the Normal School to secure the best development of the student in teaching power.

A minmum of one-half year of resident study shall be required of all candidates for graduation who are credited for teaching experience as outlined above.

Entrance and normal school credits based on teaching experience as outlined above will not be granted after September 1, 1927.

Credit for student teaching other than that done under the direction of the normal school shall not be approved.

Credit toward entrance or toward graduation with a degree will not be allowed for experience in teaching.

CURRICULA OF THE PENNSYLVANIA STATE NORMAL SCHOOLS

STUDENTS PREPARING FOR ELEMENTARY TEACHING MUST SELECT ONE OF THREE CURRICULA

The three curricula have been organized upon the principle that teaching in the elementary schools can be classified into sufficiently definite types to require specialization. Each curriculum prepares for a specific type of teaching position.

The work of the first semester is the same for all students in the two year courses. A large purpose of the work of the first semester is to acquaint students with the requirements for successful teaching in the different grades so that they may be able to decide intelligently in what grade or grades they prefer to teach. The course entitled "Introduction to Teaching" which includes observation and participation in the training school is especially designed to aid students in a wise selection of a curriculum.

At the end of the first semester students who expect to remain only two years in the Normal School are asked to select one of the first three curricula for the purpose of specializing in a specific field of teaching. The work of each curriculum must be completed in its entirety. Students may be granted the privilege of changing from one curriculum to another only on condition that the prescribed courses of any curriculum so selected must be completed before a certificate of graduation is granted.

THE THREE TWO YEAR CURRICULA FOR ELEMENTARY TEACHING

Group I. Kindergarten-Primary—for teachers of Kindergarten and grades $1,\ 2$ and 3. (Two year course.)

Group II. Intermediate grades—for teachers of grades 4, 5 and 6. (Two year course.)

Group III. Rural—for teachers of rural schools. (Two year course.)

REQUIREMENTS RELATING TO STUDENTS IN ALL CURRICULA

- 1. All entering students are required to take, without credit, ten lessons on "Using the Library."
- 2. All students are required to take part, without credit, in one extra-curricula activity one semester each year.
- 3. All students, before receiving a final grade in the subject, must equal eighth grade standards of achievement in English (including spelling) and arithmetic.

Note: The preceding are supplementary to the entrance requirement of graduation from a four-year high school with at least fifteen Carnegie units of work.

PROGRAM OF STUDIES

New Course adopted by the Board of Normal School Principals

March 18, 1926

REQUIREMENT FOR GRADUATION FROM TWO-YEAR CURRICULA AND CREDENTIAL

The completion of the 68 required semester hours in a two-year curriculum entitles the students who meets all other legal requirements to the Normal School certificate which is a valid state license to teach in the elementary school for two years. On the completion of two years of successful teaching, the Normal School Certificate is made into the Normal School Diploma which a valid life license to teach in the elementary schools of Pennsylvania.

TWO-YEAR CURRICULUM FOR GROUP 1 KINDERGARTEN AND PRIMARY GRADES, 1, 2, 3.

Note: The first figure following a subject indicates the number of 50 minute class periods per week. The second figure indicates the number of semester hours of credit allowed for the successful completion of the course. Figures in parentheses indicate sequential courses in a given subject.

ADVANCED TWO-YEAR CURRICULUM LEADING TO B. S. IN EDUCATION

(Open only to Those who have Completed the Work of Groups I, II, or III, [rural])

Conditions of Entrance to the Third Year of the Four-Year Curriculum in Eelementary Education

- 1. All persons who have completed the work of Groups I, II, or III (rural, formerly IV) are admitted to third year standing provided they have previously completed the work of a four-year high school, and all such persons must complete 68 hours of work beyond graduation from Groups I, II, or III (rural, formerly IV) as these were, prior to September 1, 1926, organized and administered.
- 2. All credits for work less than that required at a State Normal School for graduation between September, 1920 and September, 1926 shall be evaluated by multiplying the number of semester hours already earned by .85.

The following table applies this ratio to enough typical cases to illustrate the principle:

Former Semester Hours	8	New Semester Hours
6	x .85=	5.0
11	x .85=	9.0
22	x .85=	19.0
36	x .85=	21.0
60	x .85=	51.0

Rule: If the decimal is less than .5, disregard it; if it is .5 or more, count it as a unit.

- 3. All persons who graduated from a State Normal School prior to September, 1920, and who have had a four-year high school preparation, cannot be awarded more than 68 semester hours of credit for their normal school work.
- 4. Graduates of the State Normal Schools who have not had four years of high school preparation may apply to the Credentials Bureau, Harrisburg, Pennsylvania, for a high school equivalent certificate, which, when issued by the Credentials Bureau, will be accepted by the State Normal Schools as equivalent to graduation

from a four-year high school and all credits earned at a State Normal School prior to September, 1926 will be evaluated as indicated above.

5. No credit for public or private school teaching experience, previously credited as high school equivalent or as equivalent professional credit toward graduation, shall be granted or counted toward meeting the requirements for entrance to or graduation from the advanced two-year curriculum.

FIFTH SEMESTER

Opportunity is provided so that a student may complete in this semester the work of the first two years in the curricula which he did not pursue, as follows:

FIFTH SEMESTER

1. Gradutes of Group will take:

REQUIREMENT FOR GRADUATION AND CREDENTIAL

Upon the completion of the 136 semester hours of the foregoing curriculum the degree of B. S. in Education is awarded. This entitles the holder to teach in any public school any subject in which he has earned 18 or more semester hours of credit. After two years of successful teaching, a life license in the foregoing field is awarded.

ELECTIVE FIELDS FOR PROSPECTIVE JUNIOR HIGH SCHOOL TEACHERS

The person who is to teach successfully in the junior high school must have, in addition to what has been prescribed, a special preparation in at least two fields. A third field, in which less preparation is possible, is also desirable. There are electives in six fields.

ELECTIVE ARRANGEMENT OF FOUR YEAR HIGH SCHOOL FIELDS

(Six Semester Hours in Each of Two Fields for Three Years)

E	LECTIVES IN ENGLISH	E	LECTIVES IN SCIENCE
3 3	Teaching of English in Junior	6 6	Chemistry
	High School	6 6	Physics
3 3	Philology and Grammar	3 3	Economic Biology

3 3 Pc	olitical Science	3 3	Teaching of Languages
18 +15 Re	equired=33	18—18,	and none required,=18

Electives, however, are particularly liable to misuse unless carefully safeguarded. The selection of electives is deferred until the end of the first year and is subject to the following:

PREREQUISITES FOR THE ELECTION OF FIELDS IN THE JUNIOR HIGH SCHOOL CURRICULUM

- 1. To elect Science, a student must present a unit in Chemistry and a unit in Physics.
- 2. To elect Social Studies, a student must present two high school units in social studies.
- 3. To elect Mathematics, a student must present one high school unit in Algebra and one high school unit in Plane Geometry, or two units in Composite Mathematics, one of which at least must have been taken in the Senior High School.
- 4. To elect French, a student must present two high school units in French.
- 5. To elect Latin, a student must present three high school units in Latin.

When a student has chosen his elective fields, his curriculum becomes a closed series of courses not subject of change without loss of credit.

Note: The same regulations apply regarding admission and advanced credit for work already given, etc., as are applicable to the Advanced Two-Year Elementary Curriculum.

INSTRUMENTAL MUSIC DEPARTMENT

The music department of Cumberland Valley State Normal School offers special instruction in voice, piano and violin. Teachers of proved ability are in charge of each branch of this work. The individual needs of each student will be carefully considered and attention given. All work is carefully graded and opportunities provided for individual development. Student recitals, school assemblies, society and class functions offer an ideal atmosphere for ambitious students to make public appearance. Special orchestral groups furnish an opportunity for ensemble study. The Cumberland Valley State Normal School Philharmonic Orchestra and Concert Band with their complete equipment offer an experience second to none for training in instrumental music for use in either public schools or for individual accomplishment. Class instruction in orchestral and band work as part of regular course. No charge for class instruction.

Students will register in these subjects as in other branches. The charge for this, including the use of piano for practice is \$25.00 per semester.

SUMMER SESSION

June 13, 1927 to August 12, 1927

A nine weeks Summer term will open June 13th. This session will give opportunity to teachers in service to prepare for the State Standard Certificate. The courses offered will be those approved by the Department of Public Instruction for the Partial or the Standard Certificate. Course will be offered also in the advanced two year curriculum and the four year courses.

Advanced courses in English, Social Studies, Mathematics, Science, Foreign Languages, School Measurements and School Administration will be offered for Normal School Graduates and the holders of Standard or State Permanent Certificates.

The Summer session of 1928 will open June 11, and close August 10.

TEXT BOOKS USED

(This list embraces the texts that will be used in the regular normal department, and special teacher training course as far as they have been adopted.)

Algebra, College—Hart.
Arithmetic, Teaching of—Newcomb.

SCHOOL BAND, 1926-1927

Dramatic Club, 1926-1927

Arithmetic, New Method-Thorndike.

Botany, College—Bergen & Davis; Coulter; Transeau; Gavong. Chemistry—Morganie.

Composition, Writing of English-Manley and Rickert.

Drawing-Brown; Whitney.

Education, Introduction to-Frasier and Armentrout.

Educational Practice, Principles of-Klapper.

Educational Tests and Measurements-Monroe, DeVoss & Kelley.

Century Book Selections-Greever and Bachelor.

Century Hand Book-Greever and Jones.

Economic Life-Tugwell, Murro and Stryker,

English Literature, Types of-McClelland and Baugh.

American Literature-Pattee.

English in High School, Teaching of-Stratton.

French, Grammar—Frazer & Squair, (Revised.)

French, First Year, Petits Conte de France-Meras & Roth.

French, Second Year, Ca et La en France—Cramer; Neuf Contes Choisis, Daudet, Columba Merimee.

French, Third Year—Pecheur, D'Islande, Avare, Voltaire, Le Cid, Corneille, etc.

Geography, Teaching of-Branom; Clark.

Geography, Economic-Whitback and Finch.

Geology-Chamberlin and Salisbury.

Geometry, Solid-Smith.

Guidance, Educational and Vocational-Proctor.

History, Development of Am. Nationality-Fish.

History, Ancient, (Rev. ed.)—Webster.

History, Mediaeval and Modern, (Rev. ed.)-Webster.

History of England—(Revised) Cheyney.

History, Industrial of American People-Moore.

History, Since Civil War-Lingley.

History of Education-Graves.

Horace Odes-Moore.

Hygiene, (Jr.) Laws of Health-Winslow and Williamson.

Literature, Children's—Curry and Cleppinger.

Literature in Elementary Schools-McClintock.

Livy-Selections.

Mathematical Analysis, Introduction to-Griffin.

Mathematics, Junior High School-Clark.

Nature Study-Downing.

Physics, A Textbook for Colleges—Stewart.

Psychology, B-Swift.

Psychology of Childhood-Norsworthy and Whitely.

Reading, Silent and Oral-Stone.

Sociology, Rural-

Sociology, Educational-Doro.

Story Telling-Cather.

Trigonometry—(Revised) Wentworth and Smith. Virgil—Greenough & Kittridge.
Public School Music—Dann.
Zoology, Advanced—Hegner; Holmes; Menge.

PRIZES

SCHOLARSHIP PRIZES

The class of 1908 offers a yearly prize of five dollars in gold to the four year student having highest average at graduation. This prize was awarded in June, 1926 to Margaret K. Lehman, Shippensburg, Pa.

PUBLIC SPEAKING PRIZE

The class of 1916 offers a yearly prize of five dollars in gold for excellence in Public Speaking. The prize for 1926 was awarded to Helen W. Keggereis, Shippensburg, Pa., with Honorable Mention of James S. Snoke, Mowersville, Pa., and Dorothea Kirk, Harrisburg, Pa.

PRIZES IN DEBATING

Mrs. Louise L. Lehman offers two yearly prizes in books to the students winning first and second places in the inter-society debate. The first prize for 1926 debate was won by Mazie K. Hamil, McConnellsburg, Pa., and the second prize by Margaret K. Lehman, Shippensburg, Pa.

DISTINGUISHED SERVICE PRIZE

A gold medal presented by Mrs. Eleanor Kyner Boots, class of '89, suitably inscribed will be awarded the student who in the judgment of the student body and the faculty has done most for the school during the year. Character, scholarship, initiative, community service, skill in athletics, debating and other school activities will be given due consideration. This prize was awarded on Commencement Day, 1926 to Margaret K. Lehman, Shippensburg, Pa.

SHORT STORY PRIZE

The Myrtle Mayberry prize of books ranging in value from ten to fifteen dollars will be awarded annually on Commencement Day to the student who submits the best short story written in competition for this prize. Established by Mrs. Mulford Stough. '07. Awarded June, 1926 to Henry S. Gutknecht, Fayetteville, Pa., with Honorable Mention of Frances E. Tay, Carlisle, Pa.

PRIZE FOR EXCELLENCE IN STUDENT TEACHING

Mrs. Mary V. Fairley, class of '89, offers an annual prize of ten dollars in gold to the student in the graduating class who makes the highest record in student teaching. This prize was divided in June, 1926, between Maude Eppley, Etters, Pa., and Myra C. Esh, Milroy, Pa.

The Gold Medal offered by the Girls' Athletic Association to the student who wins the highest number of athletic points while maintaining satisfactory class standing was won in June, 1926 by Dorothy L. Leese, York, Pa.

THE ALUMNI FUND

Boarding students who need financial aid during their senior year may borrow a sum not exceeding \$100 from the Alumni Fund for one year from the time of their graduation without interest. Students in need of such assistance must file their request for aid with the principal not later than August 15 of the year preceding their graduation.

The following Alumni Loan Scholarships have been established: Prof. John F. McCreary—Gift of the Metropolitan Alumni Assoc. Dr. George M. D. Eckels—Gift of the Metropolitan Alumni Assoc. Dr. Joseph F. Barton—Gift of L. M. Shepp, '96, Millersburg, Pa. Prof. J. W. Hughes—Gift of Class of '93. Dr. James Eldon—Gift of Class of '21.

These are awarded annually to students who need financial assistance and whose records are meritorious.

GOVERNMENT AND DISCIPLINE

All school government should have for its end the development of character in the individual student. Any method of government which does not secure this important end is wrong in principle.

In a Normal School where the student is being trained to govern other students, there can be no excuse for loose government. No person is qualified to teach in the public schools until he has attained a complete mastery over himself. The individual who has been trained in schools to habits of self-control and a wise self-direction has received the best training which any school can give him.

We rely greatly upon the honor and self-respect of our students in our efforts to control. A Normal School is not a reformatory. Students who enter this school are supposed to come for the purpose of preparing themselves for their life work, and to be capable of self-control. The disciplinary regulations are, therefore, few and simple. Students who cannot abide by these regulations will be required to leave the institution.

When students are not making satisfactory progress in their studies, their parents are notified and if this course does not remedy the matter, the parents will be asked to withdraw them from the school. Students who are not making good use of their opportunities to receive an education will not be retained in school.

Obedience on the part of the students to the following rules and regulations is necessary to the successful management and control of a Normal School, and is for the best interests of the students themselves. No regulations are made which we do not regard as important.

TIME REGULATIONS

- 1. Recitation hours from 8:15 to 12:15 a.m. and from 1:15 to 4:15 p.m.
- 2. Breakfast at 7:15 a. m. Lunch at 12:30 p. m. and Dinner at 5:30 p. m.
 - 3. Chapel service at 11:15 a.m.
- 4. Prayer meeting on Wednesday, 7:00 p.m. Attendance voluntary.
- 5. "Normal" and "Philomathean" Literary Societies meet on Friday evenings at 7:00 o'clock.
- 6 Y. W. C. A. and Y. M. C. A. meetings on Sunday at 6:00 p. m., Sunday school at 8:45 a. m.
- 7. Study hour from 7:00 to 10:00 p. m. 8:00 to 10:30 Saturday forenoon.

CLASS REGULATIONS

- 1. No student will be allowed to take more studies than he can pursue profitably nor fewer than necessary to keep him sufficiently employed.
- 2. Students must attend classes up to the time of their leaving school.
- 3. All students must be present at the chapel exercises, unless excused.
- 4. A costume suitable for use in gymnasium must be worn in the physical training classes. It is suggested that the gymnasium costume be secured after students have entered the school and have ascertained just what is needed.

- 5. All articles of clothing sent to the laundry must be distinctly marked with the student's full name.
- 6. Both men and women must wear the regular gymnasium shoes for gymnasium exercises.

BUILDING AND ROOM REGULATIONS

- 1. Each student will be held responsible for the condition of his room and its furniture, and he will be charged with any loss or unnecessary damage.
- 2. No change or alterations must be made in the permanent parts or fixtures of the rooms, nor nails driven into the walls without the permission of the preceptress or matron.
- 3. Students are required to provide themselves with soft-soled slippers for the building.
- 4. All articles of clothing sent to the laundry must be distinctly marked with the student's full name.
- 5. Students may be required to change their rooms or to board out of the building if deemed best by the Principal of the school.

SOCIAL REGULATIONS

- 1. Day students will not call at the rooms of boarders, nor stay in their rooms over night, unless by permission of the Dean of Women. Boarding students will be held responsible to the Dean of Women for the observance of this rule.
- 2. Boarding students will not be permitted to visit in town on Sundays, nor remain in town over night, excepting with relatives.
- 3. Visitors to the building will be regarded as under the same regulations as the students.
- 4. Visiting the buildings and grounds on Sundays is not approved of except in the case of parents, and they are asked to keep in mind our regulation for quiet on the Sabbath. Students will not be allowed to make or receive calls during school or study hours.
- 5. Students will receive calls from relatives or friends in the reception room only. No one except parents will be permitted to visit the student's rooms.
- 6. Students are under the regulations of the school going to and coming from their homes.
- 7. Students wishing to visit their homes or other places during the term must present written permits from parents to the Dean of Women or Dean of Men. Parents are urged not to ask their children to be absent from the school except between the hours

of 4 p. m. Friday and 8 a. m. Monday. No student will be allowed to go home oftener than once every three weeks. The students cannot make up the work missed through absence from class. Absence from the school is a positive loss to students. Students return to school after being absent over week-ends with work unprepared. The best work is done by students who are absent from school only in case of absolute necessity. The faculty will not hold themselves responsible for the progress of students who visit their homes or other places frequently during the term. No student who is failing in his work will be allowed to be away from school for the week end.

- 9. The authorities of the school will not, except in case of absolute necessity, call a student to the telephone during school hours or study hours. Such calls should be made before 8:15 a. m., between 12:15 noon and 1:15 o'clock p. m., and 4:15 and 7:00 p. m.
- 10. Students will be permitted to be five day students only in such instances as the Principal deems wise for the reasons presented to him in writing by the parents. Any student registered as a five-day student will be expected to go home each week-end. As very few five-day students do good class work since they have no opportunity to take part in special activities, parents are urged to allow their children to be five-day students only in cases of absolute necessity.
- 11. Parents sometimes complain that the expenses incurred by students are considerably in excess of those listed in the catalogue. There is no reason for such complaint, as every legitimate expense is plainly listed in the catalogue. Students, however, frequently persuade their parents to supply them with more money than should be given them. Bills for books, fees, and other legitimate expenses will always be furnished by the school when requested by parents.

HEALTH REGULATIONS

- 1. Students upon entering the school must present physician's certificate showing that they have been successfully vaccinated.
- 2. Students during vacation, or at any time when they are absent from school, must avoid exposure to contagious or infectious diseases.
- 3. Students will be expected to observe proper hygienic rules during the time they are enrolled as members of the school.
- 4. The school kitchen is in charge of the head of the Department of Cookery, who is a skilled dietitian. A carefully balanced menu will be arranged. Food especially adapted to the needs of the student is provided and parents are requested not to send boxes of cooked eatables to students. Many cases of ill health are directly traceable to over-indulgence in food sent from home.

ATHLETICS

It is the duty of the school to see to the physical well-being of every young man and woman in attendance. The day is gone by when the pale, delicate, bookish student is regarded as the ideal to be sought. Young men and women must be just as strong and robust as possible. For this reason we encourage all our students to take part in some type of athletics.

In addition to out-of-door exercises and the regular training in the gymnasium, the school encourages the following athletic sports:

Girl's Hockey.—Class teams are organized early in the fall and a series of inter-class games is played.

Girl's Basketball.—Not only are class games played but group teams are organized, and a regular schedule of games arranged. Nearly all the boarding women take part in these games.

Girl's Baseball.—In the Spring and Summer terms this game occupies the place held by the hockey in the Fall term.

Tennis is open to both men and women and is under the control of the Students' Tennis Association.

Men's Athletics

Football is open to all the men: A series of inter-school games will be played. Class teams will also be organized.

Basketball.—The same method is followed as in football. Nearly all the men take part in this game.

Baseball.—Teams are organized from each class. From these organizations the school team is organized.

Track and Field Sports.—A meet will be held each spring, at which the class championship will be decided.

ENTERTAINMENTS

Moving Pictures.—The school owns a Powers 6-B Moving Picture Machine, and once every month a moving picture entertainment is given for the entire evening. Plays of Shakespeare, and productions from modern dramatists are presented, and films dealing with the work of various important industries, life in foreign countries, interesting experiments in chemistry and physics, etc., are shown.

Lectures, Concerts, etc.—During the past year a remarkably strong series of concerts and entertainments were presented. These included the following: Devereaux Players, Lorado Taft, Jesse

Pugh, Dr. Carl Wallace Pelly, Schubert Quartette. An equally strong course of lectures and concerts will be provided for the school year 1927-1928.

Vesper Services.—During the summer session vesper services are held out of doors every Sunday evening. Well known ministers and other speakers are procured to address these meetings.

All entertainments, concerts, moving picture entertainments are free to the students.

RELIGIOUS WORK

Our students are furnished excellent opportunities for spiritual growth and development. We have a prayer and lecture service every Wednesday evening, conducted by a member of the faculty, or minister, to which all the students are invited. The service is attended by a large number of students and is full of interest and profit.

We have a Sabbath School organized among the students. This service is held every Sabbath morning, and the exercises are highly appreciated and greatly enjoyed by the school. The school is divided into classes, each class being taught by a member of the faculty. The International Lesson is used.

Students, unless excused by the Principal, are required to attend the church service of their choice every Sabbath morning. The church attendance in connection with the religious services at the school offers them all the spiritual advantages that they would receive at their own homes. In all proper ways religious influences are thrown around the pupil, making his school life to conform as nearly as possible to the home life in a Christian family.

A Young Men's Christian Association and a Young Women's Christian Association have been formed among the students. These societies have been doing a great work for the growth of religious sentiment in the school. These associations are non-denominational in character.

SABBATH REGULATIONS

3:00 to 5:00 p.m. will be observed as a quiet period. During this time no singing, loud talking, or other unnecessary noise will be allowed in the building.

LITERARY SOCIETIES

Among the most valuable auxiliaries to a Normal School or College are its literary societies. The Normal and the Philomathean societies are strong, vigorous associations, and in their growth are

Base Ball Team, 1926

CHORAL CLUB, 1926-1927

keeping equal pace with the growth of the school. They meet in separate halls every Friday evening for the rendering of carefully prepared programs. These programs are highly entertaining and instructive, and those taking part in rendering them bestow ample labor and care in their preparation.

LIBRARY AND READING ROOM

The Library and Reading Room of the Cumberland Valley State Normal School is one of its most important features. All the leading magazines, periodicals and many newspapers, daily and weekly, are found upon its shelves and on the files of the handsome room fitted up for the purpose.

Books on professional subjects, selected by experts, are constantly added to the shelves, and at present a collection of 7000 volumes is at the service of the student body during the entire school day and evening. Encyclopedias, dictionaries, and handbooks of all sorts may be found in abundance, and the library is in charge of two trained librarians whose business it is to cooperate with all departments of the school in research work. More than 1200 new volumns were added last year.

A course of 18 hours in Library Methods is also taught, and students are given opportunity for practice work under expert guidance, in the libraries of both the Normal School and the Training School.

The students are encouraged to make good use of the privileges of the reading room and the results are most gratifying. A librarian is always in charge of the room when it is open, in order that students may get the largest profit possible from their hours spent in the reading room. The student who has been graduated from a Normal School without having acquired a taste for good literature, and a knowledge of how to read with the greatest possible profit, is but poorly equipped for the work of teaching.

ARTICLES THAT STUDENTS SHOULD BRING WITH THEM TO SCHOOL

Students should bring the following articles with them or purchase them on arrival at the school:

A pair of blankets or heavy quilt, washstand cover and bureau cover, pair window curtains, towels, table napkins and toilet articles. They should also bring a knife, fork, spoon and glass tumbler for use in their rooms, as these articles may not be taken from the dining room.

Rooms are supplied with bed, bedding, bureau, study table, chairs, washstand with bowl and pitcher and light fixtures.

GENERAL REGULATIONS

Damage done to furniture and other school property is charged against the students responsible for it. A deposit is required for all keys furnished students. This will be retained by the school until the keys are returned.

It must not be understood that the foregoing regulations embrace all the duties and obligations devolving upon the individual student. No list of rules can be made which would cover every duty of the student under all the possible contingencies of Normal School Life. And on the other hand, there are many habits and forms of conduct so obviously out of harmony with obligations of the person who is preparing to teach that it is not deemed necessary to prohibit them by formal rule.

Our standard of conduct for those who are preparing to teach under the tuition of the Cumberland Valley State Normal School is so high that it would preclude anyone from looking to the profession of teaching for a life calling whose habits and conduct are not worthy the imitation of the children who may be placed under his instruction.

SCHOOL PUBLICATIONS

"The Normal School Herald" is the official school publication. It is furnished free to students while they are in attendance at the school. The price to others is 25 cents a year. Alumni and former students are earnestly urged to subscribe and keep themselves in touch with the affairs at the school.

"The Campus Reflector" is the weekly students publication. It contains all the news of the school including athletics, literary society notes, class room activities, and data concerning the work of the music department. The editorials are usually of a constructive nature and deal largely with problems of the school. The paper also contains an extensive alumni column.

The paper will be furnished free to students and the price to others is one dollar and seventy-five cents for the school year.

STUDENT ORGANIZATIONS

Glee Clubs. Each literary society maintains a glee club under students' direction but supervised by the director of music. Opportunity is given to those of marked ability to join one of these glee clubs. Application must be made to the director of music.

Girls' Choral Society. The girls' choral society meets once a week to study standard choral selections which they give at the various school entertainments throughout the school year. Those desiring to become members will make application to the director of music.

Men's Glee Club. The men's glee club gives the young men opportunity for the development of their musical ability under skilled direction.

Orchestra. The school orchestra meets twice a week for rehearsal. It plays for the daily chapel exercises and also at the various school programs throughout the year. Students who play any orchestral instruments are urged to bring their instruments to school and apply to the director of music for admission to the orchestra.

School Concert Band. The recently organized school band numbers about fifty members. This organization is conducted by Professor Wassel. Students who wish to learn to play on a band instrument will be given free instruction.

Press Club. The members of this organization act as correspondents of various newspapers throughout the state. Items of interest are thus given to the public. The club meets monthly. Professor Stewart is the director of this organization.

Arts and Crafts Club. The Arts and Crafts Club is an organization which has for its object the growth of Art appreciation and the development of talent beyond that which the class room offers. It also gives the members an opportunity to develop talent and technique along such lines of Art as are not included in the regular courses of study as well as craft work not possible otherwise. The work of the club is under the direction of the Art Department.

Young Men's Christian Association. Membership in this organization is entirely voluntary, but a large majority of the men of the faculty and student body are connected with the organization. It holds weekly meetings.

Young Women's Christian Association. A large majority of the young women of the school are attached to this organization and are much interested in its work. Its weekly meetings are well attended.

The Varsity Club. The Varsity Club is an organization of students that have earned their Varsity letter in some one of the major sports of the school which consists of football, baseball, basketball and track. The purpose of the organization is to encourage sportsmanlike conduct, not only among themselves but in the student body. They also encourage organized cheering in athletic contests and help entertain visiting teams.

The organization strives to make life as pleasant as possible for the new students as well as help to guide each new student into some school activity.

CATALOGUE OF STUDENTS
