Education: Lebanon Valley College; Graduate Shippensburg S. N. S., 1926; Summer Session George Washington University, 1926; B.S., Shippensburg S. T. C., 1928; First Lieutenant U. S. Army Air Service, 1917-1919; Summer Session, Columbia University, 1929.

Experience: U. S. Army, American Expeditionary Force, 1917-1919; Principal Junior High School, Frederick County, Md., 1920-1922; Shippensburg Junior H. S., 1926-1928; Training Teacher Social Studies, S. T. C., Shippensburg, 1928—

Member: Pennsylvania Academy of Science, Maryland Chapter Sons of the American Revolution.

HENRY L. SELLERS, B.S., Training Teacher, Science and Algebra, Junior High School

Education: B.S., Grove City College, 1923; Summer Session, California, S. N. S., 1924; Grove City College, 1925; Graduate Work University of Pittsburgh, 1928; Summer Session, Columbia University, 1929 and 1930.

Experience: U. S. Army, 1917-1919; Teacher Science and Mathematics, Coach Somerset High School, 1923-1926; Training Teacher, S. T. C., Shippensburg, February, 1928—

LAURA ESTELLA HIGH, A.M., Training Teacher
English, Junior High School

Education: A.B., Dickinson College, 1922; A.M. University of Pennsylvania, 1923; Summer Session, Teachers College, Columbia, 1929.

Experience: Teacher, English, High School, Ashland, Pa., 1923-24; Teacher, English, Senior High School, Shippensburg, Pa., 1924-29; Training Teacher, English, S. T. C., Shippensburg, Pa., 1929—

Member: National Council of Teachers of English; Scholarship in English, University of Pennsylvania 1923; Member of Phi Beta Kappa.

MARGARET F. SCHAEFFER GLACE, A.B. Training
Teacher, Art, Health Education, Writing.

Education: A. B., Elmira College, 1930; Summer Session, Peabody College, Nashville, Tenn., 1930.

Experience: Supervisor of Art, French, Painted Post, N. Y., 1920-25; Director of Art, Spanish, Junior High Schools, Orlando, Florida, 1925-29; French, Summer Session High School, Buffalo, N. Y., 1928; Supervisor of Art, French, New Holland, Pa., 1929-30; Training Teacher, Art, Health Education, Writing, S. T. C., Shippensburg, 1930—

THELMA E. SMALL, B.S. ----- Assistant to Rural
Director and Training Teacher, Rural School.

Education: Graduate, Shippensburg S. N. S., 1924; B. S., Shippensburg S. T. C., 1930; Summer Session, Teachers College, Columbia University, 1930.

Experience: Teacher in Rural School, Franklin County, 1924-28; Assistant to Rural Director, S. T. C., Shippensburg, 1930—

JOHN W. LACKHOVE ----- Bursar

Education: Graduate Mercersburg Academy, 1908; Eastman Gaines Commercial School, 1912.

In the Shadows of "Old Main"

Experience: Business Office, Mercersburg Academy, 1912-1916; Santa Fe R. R. Passenger Department, 1916-1917; U. S. Army, 1917-1919; Western Maryland R. R. President's Office, 1919-1920; Hotel Management 1920-1921; Bursar, S. T. C., Shippensburg, 1921—

CLARA W. BRAGG ----- Librarian

Education: Cazenovia Seminary, Graduate and Post-Graduate; Cornell University; Pratt Institute Graduate in Library Science, 1904.

Experience: Cataloguer Wyoming Historical Society, Wilkes-Barre, 1904-1906; Head Cataloguer Worcester Public Library, 1906-1909; Reference Librarian, Columbia University, 1909-1912; Librarian, Bath, New York, 1912-1915; Alexandria Bay, New York, 1920-1921; Rome, New York, 1921-1923; Instructor, N. J. Summer School for Librarians, 1928; Librarian, S. T. C., Shippensburg, 1923—

Member American Library Association; Pennsylvania State Library Association; Contributor to various professional periodicals.

LAURINE E. LENKER, A.B. ---- Assistant Librarian

Education: A.B., Bucknell University, 1928; B.S. in Library Science, Drexel Institute, 1929.

Experience: Circulation Assistant, Library Extension Division, Pennsylvania State Library, 1929-30; Assistant Librarian, S. T. C. Shippensburg, 1930—

Member of American Library Association, Pennsylvania Library Association.

GRACE KYLE, R.N. ----- School Nurse

Education: College of Notre Dame, Baltimore, Maryland, 1896; Graduate Training School for Nurses, Hospital of University of Pennsylvania, Philadelphia, 1906.

Experience: Private Nursing, Philadelphia, 1906-1910; Public Health Nursing, Newville, 1910-1914; Ambridge, 1914-1915; York, 1915-1916; Private Nursing and Directress of Nurses, West Philadelphia Hospital for Women, 1916-1917; Organized Public Health Nursing, Shippensburg, 1917-1921; School Nurse, S. T. C. Shippensburg, 1921—

Member Graduate Nurses Association of Pennsylvania; National Organization for Public Health Nursing.

GLADYS KIRMAN CLEVER, Secretary to the President
 GLADYS MORRIS WYNKOOP ----- Secretary to Dean
 BEULAH A. BOWEN ----- Assistant to Bursar
 ALICE M. NOLL ----- Clerk to Bursar
 HAROLD E. KILLIAN ----- Clerk to Bursar
 DONALD RINE, Secretary to Director of Training Schools

STATE TEACHERS COLLEGE SHIPPENSBURG, PA.

(Member American Association Teachers Colleges: Class A)

Shippensburg is a town of five thousand population, 41 miles south of Harrisburg, on the Cumberland Valley Railroad, a branch of the Pennsylvania line. The Reading and The Western Maryland Railroads also run into the town.

It is in the center of the beautiful Cumberland Valley, a region famed in the history of the nation. Gettysburg with its famous battlefield, is only 35 miles distant; Chambersburg, rich in historic interest, is 11 miles distant; while Carlisle is only twice as far away.

The Cumberland Valley is famous not only for its beauty and its historic associations, but it is one of the richest agricultural communities in the nation.

Shippensburg is a splendid school town. Its people are progressive and intelligent. The moral tone of the town is indicated by the fact that for more than thirty years there has not been a licensed saloon in the town or within six miles of it. There are, however, twelve churches within the borough limits.

THE COLLEGE

The Cumberland Valley State Normal School opened its doors to the public April 15, 1873. The first class was graduated in 1874. For more than fifty years it continued its work as a State Normal School, graduating students in both the two and three year courses. In 1926 it was authorized by the State Council of Education to offer four year courses in preparation for teaching in Junior High School and for supervisory positions in addition to the regular two year courses fitting for teaching in the elementary grades. In August, 1927, the official name of the institution was changed to State Teachers College.

The plant consists of the Administration Building, the Women's Dormitory, the Gymnasium, the Training School, the Power Plant, the President's House, the Infirmary, the Laundry, Carpenter Shop, Disposal Plant, and the newly erected Library..

The Administration Building recently renovated and remodeled, contains the President's, Bursar's, Dean's, and Registrar's Offices, Chapel, Recitation Rooms, Biological Laboratory and the Dining Room. The second and third floors are used as Dormitories.

The Women's Dormitory is a beautiful homelike building equipped with all modern conveniences. Its open court is the assembly and lounging place for the boarding women students. The Basement contains the newly built Chemical and Biological Laboratories and a large Music Room. A recently erected addition provides more rooms, modern lavatories, rest rooms, fire towers, etc. The Men's Dormitory has been thoroughly renovated and is modern in its equipment. A new and thoroughly modern system of heating has been introduced. The Lavatories, newly equipped with shower baths, are provided with everything needed for the comfort and convenience of the students. The Main Building has been renovated and modernized so as to make it thoroughly up-to-date in every respect. The new Library Building will be available for use in September.

EXPENSES

The expenses at the State Teachers College are very reasonable. They are kept as low as it is possible to keep them without crippling the work of the school.

Free Tuition—The State of Pennsylvania furnishes free tuition (a scholarship) to all students residents of Pennsylvania, seventeen or more years of age, who sign an agreement binding themselves to teach in the public schools of the state for at least two years.

The charge to boarding students is \$144.00 for a semester of eighteen weeks. This covers board, furnished room, heat, light and laundry. This amount payable at the beginning of each semester as indicated below.

The other expenses are the enrollment and service fee of \$20.00, payable at the beginning of each semester. This fee covers the items listed on page 22.

Since the number of boarding students desiring rooms is in advance of the number of rooms available, we are forced every year to find room outside our dormitories for students, or to refuse to enroll those who apply. Because of this condition, boarding students will be held responsible for the rental of the rooms assigned them for the full semester of eighteen weeks. Withdrawal from college leaves the institution with a vacant room upon its hands. Where the withdrawal of the student is due to personal illness properly certified by a physician, repayment will be made as indicated on page 24.

The charge for board and room includes furniture, bedding, light and heat. Each room accommodates two students. All rooms are provided with single beds for each student. When the dormitories are not crowded students may room alone by paying an extra charge of two dollars a week. (During the past four or five years it has not been possible to grant this privilege. There are a few single rooms available at regular rates.)

"Students will not be allowed to board outside the building except with parents or near relatives." By "near relatives" is meant brother or sister, uncle or aunt, or grandparents. Students may, with the approval of the President, be assigned to rooms in private families for the purpose of earning all or part of their boarding by rendering household service. Such persons will be enrolled as Day Students.

TIME OF PAYMENTS

As indicated, page 23, an advance room reservation deposit of \$10.00 is payable by boarding students when a room is engaged. This will be credited to the student's enrollment and service fee when the student enters college. Day students will pay \$20.00 at the time of registration unless advance enrollment fee of \$10.00 shall have been paid.

If the student is unable to enter the college the advance room reservation deposit will be returned, if notice of inability to come is given at least three weeks before the opening of the semester or term for which the student has registered. No room deposits are returned after the date indicated.

September 8, payment for first semester	\$164.00
(\$154.00 if room reservation deposit has been made)	
January 18, payment for second semester	\$164.00
Books can be purchased at the book room of the college.	

EXPENSES FOR DAY STUDENTS

September 8, Enrollment and service fee	\$20.00
January 18, Enrollment and service fee	\$20.00

The attention of students is called to the time at which payments are due. The college authorities are required to meet bills as they come due and they must therefore insist upon prompt payment. Unless special arrangement is made in advance, no student will be admitted to class until payments are made.

PAYMENTS FOR SUMMER TERM SESSION (1931)

Enrollment and service	\$15.00
June 22, payments in full for six weeks	48.00
Total expense for summer term exclusive of books, etc.	\$63.00
Day students will pay only enrollment and service fee for summer term	\$15.00

No deductions will be made on account of absence during the last weeks of a term or during the first two weeks.

UNIFORM FEES, DEPOSITS, AND REPAYMENTS IN THE STATE TEACHERS COLLEGES

Effective June 1, 1930

A. FEES

I. Enrollment and Service Fee

- (a) Regular term, \$20 each semester.
- (b) Summer session, \$15.
- (c) A registration fee of \$5 per semester hour for off-campus instruction.

Except for (c) above, this fee covers registration and keeping record of students, library, athletics, lectures, entertainments, student welfare, health service, (other than extra nurse and quarantine), non-instructional personal service (as in gymnasium), laboratory, and the college paper.

II. Damage Fee

Students shall be responsible for damages, or breakage or loss of college property.

III. Infirmary Fee

After three days in the college infirmary, the college shall charge an additional \$1.00 for each day.

Day students who may be admitted to the infirmary shall pay board at the rate of \$2.00 a day. This charge includes the regular nurse and regular medical service, but does not include special nurse or special medical service.

IV. Housing Fee

1. Housing rate for students:

The housing rate for students shall be \$144 per semester and \$48 for the Summer Session. This includes room, meals and limited laundry.

- (a) For rooms with running water an additional charge of \$9.00 per student per semester or \$3.00 for the Summer Session may be made.
- (b) No reduction in the rate is to be made for laundry done at home nor for students who go home for a few days at a time.
- (c) A student may, at the discretion of the President of the college, occupy a double room alone by paying an additional \$36 a semester or \$12.00 for the Summer Session.

2. Housing rate for employes other than those included in the State Classification schedule (Faculty, clerks, etc.) shall be \$10.00 per week.

3. The rate for transient meals shall be:
Breakfast \$.40; Lunch \$.40; Dinner \$.50.

V. Tuition Fee

Students whose residence is out of the state, or who are not seventeen years of age, shall be charged a fee of \$105 per semester; \$35 per summer session. (It is understood that this fee has been operative since June 1, 1930 for entering students only).

VI. Special Instruction Fee

The charge for private lessons in music in the State Teachers Colleges not maintaining the special music curriculum shall be fixed as follows:

The Board of Trustees of a State Teachers College not offering the special curriculum in music may, subject to the approval of the State Superintendent of Public Instruction, enter into contract with individuals to give private lessons in music in order to afford an opportunity for students to continue their musical education. Such agreement shall provide reasonable reimbursement to the institution for any services or overhead supplied by the institution.

VII. Degree Fee

A fee of \$5.00 shall be paid by each candidate for a degree.

VIII. Record Transcript Fee

One dollar (\$1.00) shall be charged for the second and each subsequent transcript of records.

IX. Delinquent Accounts

No student shall be enrolled, graduated, or receive a transcript of his record until all previous charges have been paid.

B. DEPOSITS**I. Advance Room Reservation Deposit (Dormitory Students)**

A deposit of \$10 shall be made by prospective dormitory students when they request advance room reservations. This is a guarantee of the intention of the student to enter college for the term or semester designated. It will be held by the college authorities until three weeks before the opening date when it will be paid into the State Treasury to the credit of the student's housing fee, unless prior to that time the student has notified the college authorities of his inability to enter, in which case it will be repaid to him. If notice is not thus given, the deposit cannot be returned.

Check for this amount must be drawn to Ezra Lehman, President.

II. Advance Enrollment Deposit (Day Students)

Day students desiring to reserve advance enrollment shall deposit \$10. This is a guarantee of the intention of the student to enter college for the term or semester designated. It will be held by the college authorities until three weeks before the opening date when it will be paid into the

State Treasury to the credit of the student's Enrollment and Service Fee, unless prior to that time the student has notified the college authorities of his inability to enter, in which case it will be repaid to him. If notice is not thus given, the deposit cannot be returned.

Check for this account must be drawn to Ezra Lehman, President.

C. NO OTHER FEES OR DEPOSITS PERMITTED

No fees or deposits, other than as specified above, may be charged by a State Teachers College.

D. REPAYMENTS

1. Repayment will not be granted:

1. To students who are temporarily suspended, indefinitely suspended, dismissed, or who voluntarily withdraw from school, except for personal illness, the same being certified to by an attending physician, or for a family emergency of which the school authorities are fully informed and which the President of the institution approves as an emergency.
2. For any part of the enrollment and service fee for any cause whatsoever.

II. A repayment allowed for personal illness or for a family emergency will be made for half of the amount of the semester fees chargeable for the part of the semester which the student does not spend in school.

III. The Advance Room Reservation Deposit or the Advance Enrollment Deposit will be returned to students provided they notify the college not less than three weeks before the opening of the semester or term of their intention not to attend.

SPECIFIC AIMS OF THE COLLEGE

All Teachers Colleges aim to prepare young men and women for the work of teaching. The Shippensburg State Teachers College emphasizes the features common to all teachers colleges, but it claims the following distinctive characteristics:

1. **Home Life**—The authorities believe that the College should reproduce the social life of the home as far as possible. College life should, therefore, be a preparation for living. Young men and women should be taught self-control, for without this ability any

scheme of education will be a failure. The great majority of our pupils come to us with a very definite purpose in view and wish to make the best possible use of their opportunities, hence the tone of the college is remarkably earnest.

It is a further aim and object of the college to prepare our pupils for social efficiency. We realize that young men and women must be able to take an active part in the affairs of the various communities into which they are expected to go after leaving the institution; hence the college does not neglect the social side of the student's life, and opportunities for social intercourse under proper direction are afforded the students from time to time. The student who goes forth from a college lacking the ability to associate with cultured men and women is bound to be more or less a failure in life. Our pupils are therefore trained in the conventions expected of them by society so that they may take their place in the affairs of their respective communities. The ideal of any school should be to reproduce as nearly as possibly the family life. As young men and women associate in the family, so should they associate in a properly regulated school.

In carrying out this policy this Teachers College allows the greatest possible freedom to the young men and women compatible with good taste and sound morality. In short, everything is done by the faculty to co-operate with the students in maintaining a bright and refined home life and to help them to the cultivation of that grace and dignity that marks the real lady or gentleman.

2. **Number of Students**—The President and faculty believe that a college should be small enough to make it possible for the faculty to know the students personally and for the students to know one another intimately. A college ranging from six to seven hundred in number is large enough to combine the best features to be found in a student body but is not so large as to destroy the individuality of the students.

3. **Small Classes**—We believe in small classes, not exceeding thirty-five or forty students. When the classes are larger than this it is impossible for the teacher to come into that close personal contact with the students so necessary to their progress. Very often the lecture method with its glaring faults is used by teachers in large classes. Experience shows that really good work is impossible in classes numbering more than thirty-five or forty students.

STUDENT GOVERNMENT

The authorities of the college believe that no one can be successful in governing others who has not first learned to govern himself. Accordingly the students are given the opportunity to practice self-

government. The boarding women are organized into a Student Association, which elects a president, vice-president, treasurer and secretary. These officers with representatives elected from the four classes and the Dean of Women, constitute the Student Council, which has charge of the discipline of the boarding girls. The work of this organization has been most satisfactory.

The boarding men of the college are organized into a men's Association. The Association elects a president, treasurer and secretary. There are five vice-presidents, elected by the members of the five corridors. The above officers with representatives elected from the four classes, together with the Dean, constitute the Representative Board. The new plan is meeting the approval of everyone. Any young man who is reasonable in his actions will find our dormitory life a real home.

REQUIREMENTS FOR ADMISSION

ADOPTED BY BOARD OF COLLEGE PRESIDENTS MARCH 1926

Admission to a State Teachers College shall be on a basis of graduation from an approved four-year high school, or equivalent training in an approved private secondary school.

Graduates of senior high schools in a school district maintaining an approved junior high school organization will be admitted on evidence of twelve units of preparation earned in grades 10, 11 and 12.

A unit represents not less than 120 sixty-minute periods of prepared work, or the equivalent.

Graduates of approved two-year high schools are entitled to not more than eight units of credit and graduates of approved three-year high schools to not more than twelve units of credit toward the standard admission requirement; provided, however, that such students, or other students having irregular entrance qualifications, may take examinations in additional subjects taken in course in county superintendents' offices in all counties having such students at the close of the school year. These examinations will be given under the direction of the Credentials Bureau of the Department of Public Instruction, under a cooperative plan adopted by the Board of State Teachers College Presidents, January 15, 1926. In case of failure in a subject, or subjects, the student, after additional study during the summer, may take a second examination in August at one of the normal schools or teachers colleges, or at any one of the centers where State examinations are regularly conducted, namely Philadelphia, Harrisburg and Scranton.

Under this arrangement students who complete the work of a four-year high school with a three-year rating may take examinations in fourth-year subjects and thereby receive credit equivalent to that of a four-year high school; graduates of three-year high schools with a two-year rating may take examinations in third-year subjects for credit in three years of approved high school work. All inquiries should be addressed to the Credentials Bureau, Department of Public Instruction, Harrisburg, Pa.

Credentials of all students entering the State Teachers Colleges on the basis of an approved four-year preparation shall be received and evaluated by the college; students not having an approved four-year preparation or students whose preparation is irregular, shall have their credentials evaluated by the Credentials Bureau of the Department of Public Instruction.

Graduates of approved four-year high schools or of equivalent private secondary schools who desire admission to a State Teachers College without examination must present a detailed statement of all studies pursued, including the time devoted to such studies, and the grades received. Blanks for such purposes may be secured from the president of the State Teachers College. These blanks should be filled out by the principal of the school which the student attended, or where this is impossible, by the local superintendent of schools.

Advanced credit will be given for equivalent courses in approved institutions of collegiate grade, but no student may obtain a teacher college or normal school certificate without a minimum residence of one year. (Teachers who have been granted credit for experience may finish a two year curriculum with a minimum residence of one-half year.) (See below.)

The usual health certificate required by law for the certification of teachers shall be presented by all applicants for admission. Applicants disqualified, by reason of physical defects, from the successful performance of the duties of a teacher will not be admitted.

All applicants for admission shall present evidence of good character and ideals characteristic of the teaching service.

No candidate for a teachers college or normal school certificate shall receive more than twenty semester hours of credit toward graduation for work done in extension classes or by correspondence. No credit will be given for correspondence work taken after September 1, 1927.

TEACHERS COLLEGE AND NORMAL SCHOOL CERTIFICATES FOR TEACHERS IN SERVICE

The following conditions apply only to those persons who have taught in Pennsylvania public schools prior to July 1, 1922. (No Credit will be given toward the completion of the entrance requirements or of the regular normal school course for teaching done after July 1, 1922).

The sixteen units of high school work required for entrance to the State Teacher Colleges may be earned in approved high schools, summer schools, extension classes, correspondence study in institutions approved by the Department of Public Instruction, and by tutoring under approved conditions.

Whenever a teacher has earned the credits necessary for entrance to a State Teachers College in any of the above ways or by any combination of them, four semester hours of credit on a regular State Teachers College curriculum may be granted for each year of teaching experience in Pennsylvania with a rating of "middle or better" subsequent to meeting the entrance conditions up to a maximum of thirty-two semester hours, provided, however, that all credits thus given shall be conditional until the teacher shall have proved his ability to do the work of the State Teachers College curriculum in a creditable manner.

In all cases in which College credit is given for teaching experience, the work remaining to be done shall be selected by the authorities of the College to secure the best development of the student in teaching power.

A minimum of one-half year of resident study shall be required of all candidates for graduation who are credited for teaching experience as outlined above.

Entrance and normal school credits based on teaching experience as outlined above will not be granted after September 1, 1927.

Credit for student teaching other than that done under the direction of the college shall not be approved.

Credit toward entrance or toward graduation with a degree will not be allowed for experience in teaching.

Credit for correspondence courses will be given in the two year courses provided such courses were completed prior to September 1, 1927.

A maximum of twenty semester hours credit for extension and correspondence courses completed prior to September 1, 1927 may be allowed in the two year courses.

Not more than eighteen semester hours of extension work will be credited toward the requirements of the third and fourth years in a degree curriculum. Such credits will be given in the following courses only:

American Literature	2	semester	hours
History of Education	3	"	"
American Government	3	"	"
Teaching and Supervision of Arithmetic in Elementary Schools	3	"	"
Civic Education in Elementary Schools	3	"	"
History and Organization of Education in Pennsylvania	2	"	"
Educational Psychology	3	"	"
Supervision and Administration of Elementary Schools	3	"	"
Visual Education	1	"	"

Extension courses given in the above or equivalent subjects in other institutions will be accepted when the courses have been given by full time members of the faculty of such institutions.

CURRICULA OF THE PENNSYLVANIA STATE TEACHERS COLLEGES

STUDENTS PREPARING FOR ELEMENTARY TEACHING MUST SELECT ONE OF THREE CURRICULA

The three curricula have been organized upon the principle that teaching in the elementary schools can be classified into sufficiently definite types to require specialization. Each curriculum prepares for a specific type of teaching position.

The work of the first semester is the same for all students in the two year courses. A large purpose of the work of the first semester is to acquaint students with the requirements for successful teaching in the different grades so that they may be able to decide intelligently in what grade or grades they prefer to teach. The course entitled "Introduction to Teaching" which includes observation and participation in the training school is especially designed to aid students in a wise selection of a curriculum.

At the end of the first semester students who expect to remain only two years in the Teachers College are asked to select one of the first three curricula for the purpose of specializing in a specific field of teaching. The work of each curriculum must be completed in its entirety. Students may be granted the privilege of changing from one curriculum to another only on condition that the prescribed courses of any curriculum so selected must be completed before a certificate of graduation is granted.

THE THREE TWO YEAR CURRICULA FOR ELEMENTARY TEACHING

Group I. Kindergarten-Primary—for teachers of Kindergarten and grades 1, 2 and 3. (Two year course.)

Group II. Intermediate grades—for teachers of grades 4, 5 and 6. (Two year course.)

Group III. Rural—for teachers of rural schools. (Two year course.)

REQUIREMENTS RELATING TO STUDENTS IN ALL CURRICULA

1. All entering students are required to take, without credit, ten lessons on "Using the Library."

2. All students are required to take part, without credit, in one extra-curricula activity one semester each year.

3. All students, before receiving a final grade in the subject, must equal eighth grade standards of achievement in English (including spelling) and arithmetic.

Note: The preceding are supplementary to the entrance requirement of graduation from a four-year high school with at least fifteen Carnegie units of work.

PROGRAM OF STUDIES

New Course adopted by the Board of Teachers Colleges and Normal School Principals, March 18, 1926

REQUIREMENT FOR GRADUATION FROM TWO-YEAR CURRICULA AND CREDENTIAL

The completion of the 68 required semester hours in a two-year curriculum entitles the students who meet all other legal requirements to the Teachers College certificate which is a valid state license to teach in the elementary school for two years. On the completion of two years of successful teaching, the Teachers College Certificate is made into the Teachers College Diploma which is a valid life license to teach in the elementary schools of Pennsylvania.

TWO-YEAR CURRICULUM FOR GROUP 1
KINDERGARTEN AND PRIMARY GRADES, 1, 2, 3.

Note: The first figure following a subject indicates the number of 50 minute class periods per week. The second figure indicates the number of semester hours of credit allowed for the successful completion of the course. Figures in parentheses indicates sequential courses in a given subject.

ADVANCED TWO-YEAR CURRICULUM LEADING TO B. S. IN EDUCATION

(Open only to Those who have Completed the Work of Groups I, II,
or III, [rural])

Conditions of Entrance to the Third Year of the Four-Year Curriculum in Elementary Education

1. All persons who have completed the work of Groups 1, 11, or III (rural, formerly Group IV) are admitted to third year standing provided they have previously completed the work of a four-year high school, and all such persons must complete 68 hours of work beyond graduation from Groups I, II, or III (rural, formerly Group IV) as these were, prior to September 1, 1926, organized and administered.

2. All credits for work less than that required at a State Teachers College or Normal School for graduation between September, 1920 and September, 1926 shall be evaluated by multiplying the number of semester hours already earned by .85.

The following table applies this ratio to enough typical cases to illustrate the principle:

Former Semester Hours		New Semester Hours
6	x .85=	5.0
11	x .85=	9.0
22	x .85=	19.0
36	x .85=	21.0
60	x .85=	51.0

Rule: If the decimal is less than .5, disregard it; if it is .5 or more, count it as a unit.

3. Persons who graduated from a State Normal School prior to September, 1920, and who have had a four-year high school preparation, cannot be awarded more than 68 semester hours of credit for their normal school work.

4. Graduates of the State Normal Schools who have not had four years of high school preparation may apply to the Credentials Bureau, Harrisburg, Pennsylvania, for a high school equivalent certificate, which, when issued by the Credentials Bureau, will be accepted by the State Teachers Colleges and Normal Schools as equivalent to graduation from a four-year high school and all credits earned at a State Normal School prior to September, 1926, will be evaluated as indicated above.

5. No credit for public or private school teaching experience, previously credited as high school equivalent or as equivalent professional credit toward graduation, shall be granted or counted toward meeting the requirements for entrance to or graduation from the advanced two-year curriculum.

FIFTH SEMESTER

Opportunity is provided so that a student may complete in this semester the work of the first two years in the curricula which he did not pursue, as follows:

FIFTH SEMESTER

1. Graduates of Group I will take:

Teaching of Arithmetic	3	3
Teaching of Geography	3	3
Teaching of English	3	3
Teaching of Social Studies	3	3

12	12
----	----

2. Graduates of Group II will take:

REQUIREMENT FOR GRADUATION AND CREDENTIALS

Upon the completion of the 136 semester hours of the foregoing curriculum the degree of B. S. in Education is awarded. This entitles the holder to teach in any public school any subject in which he has earned 18 or more semester hours of credit. After two years of successful teaching, a life license in the foregoing field is awarded.

ELECTIVE FIELDS FOR PROSPECTIVE JUNIOR AND SENIOR HIGH SCHOOL TEACHERS

The person who is to teach successfully in the junior high school must have, in addition to what has been prescribed, a special preparation in at least two fields. A third field, in which less preparation is possible, is also desirable. There are electives in six fields.

ELECTIVE ARRANGEMENT OF FOUR YEAR HIGH SCHOOL FIELDS

ELECTIVES IN ENGLISH

- 3— 3 Teaching of English in Junior High School
- 3— 3 Philology and Grammar
- 3— 3 Contemporary Poetry
- 3— 3 Short Story
- 3— 3 Modern Novel
- 3— 3 Elizabethan Drama

18+18 Required=36

ELECTIVES IN SCIENCE

- 6— 6 Chemistry
- 6— 6 Physics
- 3— 3 Economic Biology
- 4— 3 Advanced Biology
- 3— 3 Descriptive Astronomy
- 3— 3 Teaching of Science in Junior High School
- 3— 3 Physiography

27+6 Required=33

ELECTIVES IN GEOGRAPHY

- 3— 3 Economic Geography
- 3— 3 Physiography
- 3— 3 Geography of European Countries
- 3— 3 Geographic Influences in American History
- 3— 3 Geography of North America
- 3— 3 Geography of Latin America

18+6 Required=24

ELECTIVES IN MATHEMATICS

- 12—12 Mathematical Analysis
(A practical two-year course in Algebra, Trigonometry, Analytical Geometry, the Differential, and Integral Calculus)
- 3— 3 Teaching of Junior High School Mathematics
- 3— 3 Teaching of Algebra and Plane Geometry

18 and none required =18

ELECTIVES IN SOCIAL STUDIES

- 3— 3 Teaching of Social Studies
- 3—3 Early European History
- 3— 3 Modern European History
- 3— 3 American History to 1865
- 3— 3 American History since 1865
- 3— 3 Political Science

18+15 Required=33

FOREIGN LANGUAGES

- 15—15 in French, German or Latin
After two years High School
French or German or three
years High School Latin.
- 3— 3 Teaching of Languages

18 and none required=18

Electives, however, are particularly liable to misuse unless carefully safeguarded. The selection of electives is deferred until the end of the first year and is subject to the following:

PREREQUISITES FOR THE ELECTION OF FIELDS IN THE JUNIOR HIGH SCHOOL CURRICULUM

1. To elect Science, a student must present a unit in Chemistry and a unit in Physics.
2. To elect Social Studies, a student must present two high school units in social studies.
3. To elect Mathematics, a student must present one high school unit in Algebra and one high school unit in Plane Geometry, or two units in Composite Mathematics, one of which at least must have been taken in the Senior High School.
4. To elect French or German a student must present two high school units in French or German.
5. To elect Latin, a student must present three high school units in Latin.

When a student has chosen his elective fields, his curriculum becomes a closed series of courses not subject to change without loss of credit.

A graduate in this course will be entitled to teach in any high school any subject in which he has 18 or more semester hours credit.

SUMMER SESSION

June 22, 1931 to August 1, 1931

A six weeks Summer term will open June 23. This session will give opportunity to teachers in service to prepare for the State Standard Certificate. The courses offered will be those approved by the Department of Public Instruction for the renewal of the Partial or for the Standard Certificate. Course will be offered also in the advanced two year curriculum and the four year courses.

Advanced courses in English, Social Studies, Mathematics, Science, Foreign Languages, School Measurements and School Administration will be offered to Graduates of the two and the three year courses and the holders of Standard or State Permanent Certificates.

TEXT BOOKS USED

These Texts Are Subject To Change

PRIZES**SCHOLARSHIP PRIZES**

The class of 1908 offers a yearly prize of ten dollars in gold to the four year student having highest average at graduation. This prize was awarded on Commencement Day, 1930 to Edna J. Etter, Chambersburg, Pa.

PUBLIC SPEAKING PRIZE

The class of 1916 offers a yearly prize of five dollars in gold for excellence in Public Speaking. The prize for 1930 was awarded to Virginia M. Burley, Harrisburg, Pa., with Honorable Mention of William Hudson, Lemasters, Pa.

PRIZES IN DEBATING

Mrs. Louise L. Lehman offers two yearly prizes in books to the students winning first and second places in the inter-society debate. The first prize for 1930 debate was won by Elmer V. Eberle, Harrisburg, Pa., and the second prize by J. Wilbur Wetzel, Waynesboro, Pa.

DISTINGUISHED SERVICE PRIZE

A gold medal presented by Mrs. Eleanor Kyner Boots, class of '89, suitably inscribed will be awarded the student who in the judgment of the student body and the faculty has done most for the school during the year. Character, scholarship, initiative, community service, skill in athletics, debating and other school activities will be given due consideration. This prize was awarded on Commencement Day, 1930 to Catherine C. Packer, Harrisburg, Pa.

SHORT STORY PRIZE

The Myrtle Mayberry prizes of books ranging in value from ten to fifteen dollars will be awarded annually on Commencement Day to the students who submit the best short stories written in competition for this prize. Established by Mrs. Mulford Stough, '07. Awarded in 1930: First prize to H. Lucile Walters, Shippensburg, Pa., and second prize to Franklin P. Swigert, Chambersburg, Pa., with Honorable Mention of Joseph M. Joseph, Glenolden, Pa.

PRIZE FOR EXCELLENCE IN STUDENT TEACHING

Mrs. Mary V. Fairley, class of '89, offers an annual prize of ten dollars in gold to the student in the graduating class who makes the highest record in student teaching. This prize was awarded to James S. Snoke, Mowersville, Pa., with Honorable Mention of Marion P. Poorbaugh, York, Pa.

PRIZE FOR EXCELLENCE IN AMERICAN HISTORY

Rev. S. S. Wylie, D.D., offers an annual prize of twenty-five dollars in gold to the student whose work in American History was most outstanding during the year. This prize was awarded in 1930 to A. Carl Huber, Enola, Pa.

THE ALUMNI FUND

Boarding students who need financial aid during their senior year may borrow a sum not exceeding \$100 from the Alumni Fund for one year from the time of their graduation without interest. Students in need of such assistance must file their request for aid with the principal not later than August 15 of the year preceding their graduation.

The following Alumni Loan Scholarships have been established:
Prof. John F. McCreary—Gift of the Metropolitan Alumni Association.

Dr. George M. D. Eckels—Gift of the Metropolitan Alumni Association.

Dr. Joseph F. Barton—Gift of L. M. Shepp, '96, Millersburg, Pa.

Prof. J. W. Hughes—Gift of Class of '93.

Dr. James Eldon—Gift of Class of '21.

Prof. C. L. Penny—Gift of Class of '86.

Scholarship, Class of 1907—Gift of Class of '07.

Dr. G. M. D. Eckels—Gift of Class of '98.

Dr. James Eldon—Two Scholarships, Gift of Class of '24.

Adams County: Gift of Alumni of Adams County.

H. Milton Roth—Gift of the Class of '99.

Dr. Joseph F. Barton—Gift of General Alumni Association.

Class of 1890—Gift of John M. Fogelsanger, '90, and H. K. Strickler, '90.

Y. W. C. A.—Two Scholarships.

These are awarded annually to students who need financial assistance and whose records are meritorious.

GOVERNMENT AND DISCIPLINE

All school government should have for its end the development of character in the individual student. Any method of government which does not secure this important end is wrong in principle.

In a Teachers College where the student is being trained to govern other students, there can be no excuse for loose government. No person is qualified to teach in the public schools until he has attained a complete mastery over himself. The individual who has been trained in schools to habits of self-control and a wise self-direction has received the best training which any school can give him.

We rely greatly upon the honor and self-respect of our students in our efforts to control. Students who enter this school are supposed to come for the purpose of preparing themselves for their life work, and to be capable of self-control. The disciplinary regulations are, therefore, few and simple. Students who cannot abide by these regulations will be required to leave the institution.

When students are not making satisfactory progress in their studies, their parents are notified and if this course does not remedy the matter, the parents will be asked to withdraw them from the college. Students who are not making good use of their opportunities to receive an education will not be retained.

Obedience on the part of the students to the following rules and regulations is necessary to the successful management and control of a Teachers College, and is for the best interests of the students themselves. No regulations are made which we do not regard as important.

TIME REGULATIONS

1. Recitation hours from 8:15 to 12:15 a. m. and from 1:15 to 4:15 p. m.
2. Breakfast at 7:15 a. m. Lunch at 12:30 p. m. and Dinner at 6:00 p. m.
3. Chapel service at 11:15 a. m., Tuesdays and Thursdays.
4. Prayer meeting on Wednesday, 7:00 p. m. Attendance voluntary.
5. "Normal" and "Philomathean" Literary Societies meet on Friday evenings at 7:00 o'clock.
6. Y. W. C. A. and Y. M. C. A. meetings on Sunday at 6:00 p. m., Sunday School at 8:45 a. m.
7. Study hour from 7:30 to 10:00 p. m.

CLASS REGULATIONS

1. No student will be allowed to take more studies than he can pursue profitably nor fewer than necessary to keep him sufficiently employed.
2. Students must attend classes up to the time of their leaving college.
3. All students must be present at the chapel exercises, unless excused.
4. A suitable one-piece washable costume must be worn in the Physical Education classes for women. This regulation suit with socks and shoes should be purchased at the college. Do not purchase any costume before entering.
5. All articles of clothing sent to the laundry must be distinctly marked with the student's full name.
6. Both men and women must wear the regular gymnasium shoes for gymnasium exercises. Women should purchase shoes at college.

BUILDING AND ROOM REGULATIONS

1. Each student will be held responsible for the condition of his room and its furniture, and he will be charged with any loss or unnecessary damage.
2. No change or alterations must be made in the permanent parts or fixtures of the rooms, nor nails driven into the walls.
3. Students are required to provide themselves with soft-soled slippers for the building.
4. All articles of clothing sent to the laundry must be distinctly marked with the student's full name.
5. Students may be required to change their rooms or to board out of the building if deemed best by the President.

SOCIAL REGULATIONS

1. Day students will not call at the rooms of boarders, nor stay in their rooms over night, unless by permission of the Dean of Women or Dean of Men. Boarding students will be held responsible to the Dean of Women or Dean of Men for the observance of this rule.
2. Boarding students will not be permitted to visit in town on Sundays, nor remain in town over night, excepting with near relatives with special permission from the Dean of Women or the Dean of Men.
3. Visitors to the building will be regarded as under the same regulations as the students.

4. Visiting the buildings and grounds on Sundays is not approved of except in the case of parents, and they are asked to keep in mind our regulation for quiet on the Sabbath. Students will not be allowed to make or receive calls during school or study hours.

5. Students will receive calls from relatives or friends in the reception room only. No one except parents will be permitted to visit the students' rooms.

6. Students are under the regulations of the college going to and coming from their homes.

7. Women students wishing to visit their homes or other places during the term must present written permits from parents to the Dean of Women. Freshmen men students must present a similar request to the Dean of Men. Parents are urged not to ask their children to be absent from the school except between the hours of noon Saturday and 8 a. m. Monday. The students cannot make up the work missed through absence from class. Absence from the college is a positive loss to students. Students return to school after being absent over week-ends with work unprepared. The best work is done by students who are absent from college only in case of absolute necessity. The faculty will not hold themselves responsible for the progress of students who visit their homes or other places frequently during the term. Students who are failing in their work will not be allowed to be away from school for the week-end.

9. The authorities of the college will not, except in case of absolute necessity, call a student to the telephone during school hours or study hours. Such calls should be made before 8:15 a. m., between 12:15 noon and 1:15 o'clock p. m., and 4:15 and 7:00 p. m.

10. Students will be permitted to be five day students only in such instances as the President deems wise for the reasons presented to him in writing by the parents. Any student registered as a five-day student will be expected to go home each week-end. As very few five-day students do good class work since they have no opportunity to take part in special activities, parents are urged to allow their children to be five-days students only in cases of absolute necessity.

11. Parents sometimes complain that the expenses incurred by students are considerably in excess of those listed in the catalogue. There is no reason for such complaint, as every legitimate expense is plainly listed in the catalogue. Students, however, frequently persuade their parents to supply them with more money than should be given them.

HEALTH REGULATIONS

1. Students upon entering the college must present physician's certificate showing that they have been successfully vaccinated.

2. Students during vacation, or at any time when they are absent from college must avoid exposure to contagious or infectious diseases.

3. Students will be expected to observe proper hygienic rules during the time they are enrolled as members of the college.

4. The college kitchen is in charge of a skilled dietitian. A carefully balanced menu will be arranged. Food especially adapted to the needs of the student is provided and parents are requested not to send boxes of cooked eatables to students. Many cases of ill health are directly traceable to over-indulgence in food sent from home.

ATHLETICS

It is the duty of the college to see to the physical well-being of every young man and woman in attendance. The day is gone by when the pale, delicate, bookish student is regarded as the ideal to be sought. Young men and women must be just as strong and robust as possible. For this reason we encourage all our students to take part in some type of athletics.

In addition to out-of-door exercises and the regular training in the gymnasium, the school encourages the following athletic sports:

Hiking—Open to women students all year.

Girls' Hockey—Class teams are organized early in the fall and a series of inter-class games is played.

Girl's Soccer—Played during the fall season.

Girls' Basketball—Not only are class games played but group teams are organized, and a regular schedule of games arranged. Nearly all the boarding women take part in these games.

Girls' Volley Ball—Played in the Spring.

Girls' Baseball—In the Spring and Summer Terms this game occupies the place held by the hockey in the Fall term.

Tennis is open to both men and women and is under the control of the Students' Tennis Association.

Track and Field Sports for Girls—Class meet held in Spring.

Play Day—Sponsored by the college girls.

MEN'S ATHLETICS

Football is open to all the men: A series of inter-college games will be played. Class teams will also be organized.

Basketball—The same method is followed as in football. Nearly all the men take part in this game.

Baseball—Teams are organized from each class. From these organizations the college team is organized.

Track and Field Sports—A meet will be held each spring, at which the class championship will be decided.

ENTERTAINMENTS

Moving Pictures—The college owns a Powers 6-B Moving Picture Machine, and moving picture entertainments are given from time to time. Plays of Shakespeare, and productions from modern dramatists are presented, and films dealing with the work of various important industries, life in foreign countries, interesting experiments in chemistry and physics, etc., are shown.

Lectures, Concerts, etc. During the past year a remarkably strong series of concerts and entertainments was presented. These included the following: The Boston Male Quartet, Ernest Gamble Concert Company, Shakespearean Play (Julius Caesar,) Kremlin Art Quintet, Col. Philip A. Moore "Teepee Fires and the Northern Lights", Lester Concert Ensemble Company, Opera, "Trial by Jury" (Boston Male Choir).

An equally interesting and instructive course will be given during 1931-1932.

RELIGIOUS WORK

Our students are furnished excellent opportunities for spiritual growth and development. We have a prayer and lecture service every Wednesday evening, conducted by a member of the faculty, or minister, to which all the students are invited. The service is attended by a large number of students and is full of interest and profit.

We have a Sabbath School organized among the students. This service is held every Sabbath morning. The school is divided into classes, each class being taught by a member of the faculty. The International Lesson is used.

Students, unless excused by the President, are expected to attend the church service of their choice every Sabbath morning. The church attendance in connection with the religious services at the school offers them all the spiritual advantages that they would re-

ceive at their own homes. In all proper ways religious influences are thrown around the pupil, making his school life to conform as nearly as possible to home life.

The Young Men's Christian Association and the Young Women's Christian Association have a large membership among the students. These societies have been doing a great work for the growth of religious sentiment in the college. These associations are non-denominational in character.

Sabbath Regulation—3:00 to 5:00 P. M., will be observed as a quiet period. During this time no singing, loud talking, or other unnecessary noise will be allowed in the building.

LITERARY SOCIETIES

Among the most valuable auxiliaries to a Normal School or College are its literary societies. The Normal and the Philomathean societies are strong, vigorous associations, and in their growth are keeping equal pace with the growth of the college. They meet in separate halls every Friday evening for the rendering of carefully prepared programs. These programs are highly entertaining and instructive, and those taking part in rendering them bestow ample labor and care in their preparation.

LIBRARY AND READING ROOM

The new Library with its large reading room will be ready for use in September. All the leading magazines, periodicals and many newspapers, daily and weekly, will be found upon its shelves and on the files of the handsome room fitted up for the purpose.

Books on professional subjects, selected by experts, are constantly added to the shelves, and at present a collection of 15,000 volumes is at the service of the student body during the entire school day and evening. Encyclopedias, dictionaries, and handbooks of all sorts may be found in abundance and the library is in charge of two trained librarians whose business it is to cooperate with all departments of the school in research work. More than 1500 new volumes were added last year.

A course of 10 hours in Library Methods is also taught, and students are given opportunity for practice work under expert guidance, in the libraries of both the College and the Training School. This work is now listed as an extra-curricular activity.

The students are encouraged to make good use of the privileges of the reading room and the results are most gratifying. A librarian is always in charge of the room when it is open, in order that students may get the largest profit possible from their hours spent in the reading room. The student who has been graduated from a College without having acquired a taste for good literature, and a knowledge of how to read with the greatest possible profit, is but poorly equipped for the work of teaching.

ARTICLES THAT STUDENTS SHOULD BRING WITH THEM TO COLLEGE

Students should bring the following articles with them or purchase them on arrival at the college:

A pair of blankets or heavy quilt, washstand cover and bureau cover, pair window curtains, towels, table napkins and toilet articles. They should also bring a knife, fork, spoon and glass tumbler for use in their rooms, as these articles may not be taken from the dining-room.

Rooms are supplied with bed, bedding, bureau, study table, chairs, washstand with bowl and pitcher and light fixtures.

GENERAL REGULATIONS

Damage done to furniture and other school property is charged against the students responsible for it. A deposit is required for all keys furnished students. This will be retained by the College until the keys are returned.

It must not be understood that the foregoing regulations embrace all the duties and obligations devolving upon the individual student. No list of rules can be made which would cover every duty of the student under all the possible contingencies of Teachers College Life. And on the other hand, there are many habits and forms of conduct so obviously out of harmony with obligations of the person who is preparing to teach that it is not deemed necessary to prohibit them by formal rule.

Our standard of conduct for those who are preparing to teach under the tuition of the College is so high that it would preclude anyone from looking to the profession of teaching for a life calling whose habits and conduct are not worthy the imitation of the children who may be placed under his instruction.

COLLEGE PUBLICATIONS

"The Teachers College Herald" is the official college publication. It is furnished free to students and Alumni.

"The Campus Reflector" is the weekly students' publication. It contains all the news of the college including athletics, literary society notes, class room activities, and data concerning the work of the music department. The editorials are usually of a constructive nature and deal largely with problems of the school. The paper also contains an extensive Alumni column.

The paper is furnished free to students and the price to others is one dollar and seventy-five cents for the college year.

STUDENT ORGANIZATIONS

Glee Clubs. Each literary society maintains a glee club under students' direction but supervised by the director of music. Opportunity is given to those of marked ability to join one of these glee clubs. Application must be made to the director of music.

Girls' Choral Society. The girls' choral society meets once a week to study standard choral selections which they give at the various school entertainments throughout the college year. Those desiring to become members will make application to the director of music.

Men's Glee Club. The men's glee club gives the young men opportunity for the development of their musical ability under skilled direction.

Orchestra. The college orchestra meets once a week for rehearsal. It plays for the various college functions throughout the year. Students who play any orchestral instruments are urged to bring their instruments to college and apply to the director of music for admission to the orchestra.

College Concert Band. The organized college band numbers about fifty members. This organization is conducted by Mr. Avery. Students who wish to learn to play on a band instrument will be given assistance.

Arts and Crafts Club. The Arts and Crafts Club is an organization which has for its object the growth of Art appreciation and the development of talent beyond that which the class room offers. It also gives the members an opportunity to develop talent and technique along such lines of Art as are not included in the regular courses of study as well as craft work not possible otherwise. The work of the club is under the direction of the Art Department.

College Choir. The college choir is a junior choral organization of mixed voices. It meets once a week.

Young Men's Christian Association. Membership in this organization is entirely voluntary, but a large majority of the men of the faculty and student body are connected with the organization. It holds weekly meetings.

Young Women's Christian Association. A large majority of the young women of the college are associated with this organization and are much interested in its work. Its weekly meetings are well attended.

The Varsity Club. The Varsity Club is an organization of students that have earned their Varsity letter in some one of the major sports of the college which consists of football, baseball, basketball and track. The purpose of the organization is to encourage sportsmanlike conduct, not only among themselves but in the student body. They also encourage organized cheering in athletic contests and help entertain visiting teams.

The organization strives to make life pleasant as possible for the new students as well as help to guide each new student into some college activity.

Women's Athletic Association. Membership in this organization is earned by point system in major sports. Over half of the girls in school belong to this organization, the purpose being to encourage cooperation and sportsmanship among ourselves.

Debating. Gamma Delta Gamma the debating club meets once every two weeks for practice in debating. The Club usually has a membership of about thirty, all students being eligible. The work is so arranged as to give as many as possible an opportunity to debate with teams from other colleges. The schedule for 1930-31 includes Millersville, West Chester, East Stroudsburg, Slippery Rock, Clarion, Bloomsburg, and Shepherdstown.

Readers' Club. This organization came into being in 1924. Membership is voluntary and has steadily increased every year. It is designed to furnish recreational reading to those who desire it, the books being purchased from the small yearly fee paid by each member. Popular fiction and non-fiction are both included in the collection, which at present numbers over 150 volumes. The club is sponsored by the library department, the librarian acting as faculty adviser.

Mathematics Club. The Mathematics Club aims to create and promote a greater interest in mathematics among its members and in the college. The work of the club includes special studies of practical and historical topics, dramatization of mathematical subjects, mathematical recreations, and other activities of a mathematical nature.

Country Life Club. All students majoring in rural education through this club find an opportunity to study rural life problems; to conduct surveys; to assist with community programs; to meet and hear rural leaders from the field.

The Geography Club is an organization open to all students who are interested in the field of geography. It is made up of active and an associate membership. The work of the club includes illustrated travel talk, helpful geographical contests, and slides of various places of the world. The main object of the club is to probe deeper into the subject of geography than can be done in the ordinary class.

The Dramatic Club is an organization which has for its object the growth of an appreciation of the drama, and the development of the histrionic talent of its members. It also gives its members an opportunity to study the directing of simple plays and to gain some knowledge of stage make up and costuming.

The Junior Thespians is a dramatic organization which aims to provide for underclassmen some of the opportunities for development that the Dramatic Club offers upperclassmen.

"The Crafty Freshmen" or Freshmen Arts and Crafts Club is an organization for the purpose of training those freshmen who later wish to join the senior organization. Simple objects are attempted preliminary to the senior work.

The Nature Camera Club was organized in 1929 and is open to all students of the college. Its purpose is to arouse an interest in nature study by the use of the camera. Practice in handling the camera, developing and printing of the pictures taken are a part of the work of the club. Each member must earn the right to wear the pin of the organization.

GENERAL ALUMNI ASSOCIATION

President ----- M. A. Hoff, '01, New Cumberland, Pa.
 Vice-President ----- Raymond Myers '11, Lemoyne, Pa.
 Secretary ----- Ada V. Horton, '88, Shippensburg, Pa.
 Alumni will confer a favor by informing the college authorities of any changes that should be made.

ALUMNI ASSOCIATION OF BEDFORD COUNTY

President ----- J. F. Slaybaugh, '16, Gettysburg, Pa.
 Vice-President ----- C. I. Raffensperger, '17, Biglerville, Pa.
 Secretary ----- Helen Draais Taylor, '21, Arendtsville, Pa.

ALUMNI ASSOCIATION OF BEDFORD COUNTY

Chairman Executive Committee, Frank A. Arnold, '04, New Paris, Pa.
 Secretary ----- Mrs. Bertha Herring Henry, '91, Everett, Pa.

ALUMNI ASSOCIATION OF CUMBERLAND COUNTY

President ----- W. M. Rife, '91, Carlisle, Pa.
 Secretary ----- Mary Yeager, '16, Carlisle, Pa.

ALUMNI ASSOCIATION OF DAUPHIN COUNTY

President ----- Augustus Dewalt, '30, Route 2, Harrisburg, Pa.
 Vice-President—

Mrs. Ernest Wolf, '99, 2000, N. Second St., Harrisburg, Pa.
 Secretary ----- Jessie Wright, '04, 362 Locust St., Steelton, Pa.

ALUMNI ASSOCIATION OF FRANKLIN COUNTY

President ----- H. G. Etter, '16, Waynesboro R. 4, Pa.
 Vice-President ----- Jacob L. Brake, '21, Dry Run, Pa.
 Secretary ----- Gail Walker, '24, Fannettsburg, Pa.

ALUMNI ASSOCIATION OF HUNTINGDON COUNTY

President ----- H. H. Kell, '97, Petersburg, Pa.
 Vice-President ----- E. Oliver Winters, '21, Three Springs, Pa.
 Secretary ----- Zada Workman, '28, Orbisonia, Pa.

ALUMNI ASSOCIATION OF MIFFLIN AND JUNIATA COUNTY

President ----- Calder Geedy, '30, Lewistown, Pa.
 Vice-President ----- Paul Shull, '23, Lewistown, Pa.
 Secretary ----- Mildred Bashore, '28, Mifflintown, Pa.

ALUMNI ASSOCIATION OF PERRY COUNTY

President ----- C. Robert Coyle, '16, Marysville, Pa.
 Vice-President ----- Herman Heston, '27, New Bloomfield, Pa.
 Secretary ----- Irene Ritter, '26, Loysville, Pa.

ALUMNI ASSOCIATION OF YORK COUNTY

President ----- Helen Miller, '25, 115 S. Queen St., York, Pa.
 Vice-President ----- Edward Maxell, '30, York, Pa.
 Secretary ----- Dorothy Rawhouser, '30, 652 Madison Ave., York, Pa.

METROPOLITAN ALUMNI ASSOCIATION

President -- Warren Cocklin, '17, 18 West Athens Ave., Ardmore, Pa.
Vice-President ----- Levi Gilbert, '17, Lansdowne, Pa.
Secretary ----- Blanche M. Stoops, '21, Lincoln Apts., Ardmore, Pa.

ALUMNI ASSOCIATION OF PITTSBURGH

President—Mrs. J. L. Lachman, '95, 4100 Brownsville Road,
Brentwood, Mt. Oliver Station, Pittsburgh, Pa.
Secretary ---- Claire E. Frysinger, 319 E. 11th Ave., Homestead, Pa.
Meetings of County Associations are held when possible during the
week of Institute

CONCLUSION

This publication will be sent to many high school graduates. Not all will be interested in its contents but among those who receive it there will be a large number who are anxious to choose a profession that gives opportunity for service with a fair emolument.

It is to these that this catalogue should make a special appeal. Pennsylvania needs a large number of new teachers every year. There are about eight thousand one room schools in rural communities that need young men and women with a vision who have prepared themselves for the needs of our farm and mining folk. The demand for teachers who are qualified for these places is still far in advance of the supply.

The primary kindergarten course offers a splendid opportunity to young women who are fond of little children. The intermediate course will appeal to those who like to work with older children who must be trained in the subject matter of the elementary branches and taught how to make their knowledge effective.

These courses are still two years in length but the day is not far distant when the public will demand that all teachers have at least four years of post high training for teaching. But the two year certificate will continue to entitle its holder to teach in the elementary grades. The ambitious wide awake teacher will however take advantage of the advanced two year course after she has completed the two year elementary course and will push on to the completion of the four year course with its baccalaureate degree.

The four year courses will appeal to the young men and women who wish to prepare for teaching positions in the junior and senior high schools. The growth and development of the junior high schools have been one of the outstanding educational marvels of the present time.

One community after another has fallen in line adopting the 3-3 high school plan. The qualifications for teaching in both schools are practically the same, graduation from a four year college course with equal salaries.

Graduates of the so called "Junior High School Course" in Pennsylvania State Teachers Colleges are qualified to teach in both senior and junior high schools as each graduate is legally qualified to teach at least two branches in a junior or senior high school. Besides this qualification they have the advantage of being specially prepared by a thorough course in student teaching for positions of this kind.

The four year course in Elementary Supervision carries with it the collegiate degree and fits for principalship in elementary schools and for supervising positions.

There is no competition between the Teachers College and the Liberal Arts College. The former is a technical school training for teaching. It makes no appeal to students who desire a general course that will fit eventually for banking, law, medicine, dentistry, etc. Those who wish to take courses of that kind are advised to enter a liberal arts college and secure the preliminary training required for the professions indicated.

The State recognizes the need of trained teachers. For this reason it offers free tuition (a state scholarship) to students who enter a State Teachers College.

CATALOGUE OF STUDENTS

1930-1931

STATE TEACHERS COLLEGE

SUMMARY

Class of 1931 B. S. Four Year Course	70
Class of 1931 Two Year Course	200
