THE COLLEGE

SHIPPENSBURG is a town of approximately five thousand people, located in the center of the beautiful Cumberland Valley, thirty-nine miles southwest of Harrisburg by United States-Pennsylvania Highway No. 11, and forty-one miles from Harrisburg by the Pennsylvania Railroad. Carlisle, the county seat of Cumberland County, lies twenty-two miles from Shippensburg toward Harrisburg, and Chambersburg, the county seat of Franklin County, ten miles in the opposite direction. Gettysburg, the county seat of Adams County, with its famous battlefield now a national shrine, is but thirty-five miles distant. Rich farm lands, broad meadows, and delightful woodlands bounded by mountains to the north and south, characterize this valley which is one of the richest agricultural sections of the country.

Originally known as the Cumberland Valley State Normal School this institution first opened its doors to students on April 15, 1873. The first class was graduated in 1874. For more than fifty years it continued to serve as a State Normal School, graduating students prepared and legally qualified to teach in the public schools of the Commonwealth. In 1922 high school graduation was required for admission to the institution. In 1926 the State Council of Education authorized four-year courses based upon high school graduation. In August, 1927, by authority of the General Assembly, this institution became a College with the right to grant degrees and its name was changed to the State Teachers College at Shippensburg.

The site consists of approximately sixty-four acres with two fully equipped athletic fields. The buildings on the campus are arranged in a curving line on the crest of a hill, sloping gently to the southeast. The plant consists of a general utility building known as "Old Main", containing the administrative offices, the dining room and kitchen, many of the recitation rooms, the auditorium and the dormitories for men; a Women's Building housing the women students and containing the chemical, biological and psychological laboratories, and the music room; the Ezra Lehman Memorial Library; the Gymnasium; the Campus Training School; the President's Residence; the Infirmary; utility buildings and garages; a sewage disposal plant; and a power plant.

The dormitory facilities are entirely modern, the lavatories being equipped with shower baths, tubs and modern plumbing throughout. Stairways of fireproof construction are provided for all dormitories. The Auditorium is equipped with a stage with modern lighting devices. The Library, the most recently completed building on the campus, was dedicated in November, 1932, and represents the best in library arrangement and equipment.

Shippensburg is a co-educational college, 44.3 per cent of the student body being men and 55.7 being women. This relative equality between the

number of men and the number of women is regarded as a highly desirable situation. Professional, social and religious activities of many kinds are carried on throughout the year—debating, dramatics, athletics, Y. M. and Y. W. C. A. meetings, field days, intra-mural contests of various kinds, dances, lectures and entertainments, conferences and trips to places of historic and professional interest frequently occur under proper supervision.

The College feels that a standard of conduct becoming a prospective teacher is so high as to preclude membership in the college enrollment of all persons whose habits and conduct are not worthy of the imitation of children who may be placed under their instruction. As it has been necessary to dismiss from the College persons who cannot attain this high standard of conduct, it is suggested that those who are not so qualified do not apply for admission. As teachers must first be able to discipline themselves, it is the aim of the College consistently to cultivate right habits of self-discipline on the part of the students. Opportunities are provided for the development of these habits and advice is constantly given. Teachers must be persons of intelligence and a high standard of scholarship is required for all who would earn the coveted baccalaureate degree. Teachers must be persons of character and every opportunity is provided for the development of a high standard of character on the part of each student. Those who do not achieve this standard are invited to leave.

This College is a professional school for the preparation of teachers and all of its courses lead to certificates to teach in the public schools of Pennsylvania. The College believes, however, that such professional preparation is the best preparation for general citizenship and for parenthood that has yet been provided in any institution of higher learning.

The College further believes that the teaching profession provides the most significant social service that it is possible for anyone to render as upon the efficiency of the public schools and the intelligence and devotion of the teachers therein depends in large measure the hope and destiny of the nation.

The courses offered at this College include preparation for teaching in kindergarten and in primary grades; preparation for teaching in the intermediate grades; preparation for teaching in the one-teacher rural schools; and preparation for teaching the various academic subjects of the junior and senior high school curricula. All courses are four years in length and lead to the degree of Bachelor of Science in Education and to a College Provisional Certificate to teach in the public schools of the Commonwealth. By special action of the State Council of Education and the Board of Teachers College Presidents a certificate will be issued to persons completing two years of either of the two four-year elementary curricula or the rural curriculum where substitution is made in the second year of six semester hours of practice teaching for six prescribed semester hours of other work.

FEES, DEPOSITS, REPAYMENTS

A. FEES

I. ACTIVITY FEE:

Regular Term—\$5.00 per half semester

Summer Session—\$2.00 in full

These fees, determined by vote of the student body, are administered through a cooperative organization under regulations approved by the Board of Trustees. These fees will cover the cost of student activities in athletics, lectures, entertainments, student publications, etc.

II. CONTINGENT FEE:

Regular Term—\$18.00 per half semester

Summer Session—\$5.00 per semester hour—minimum fee, \$15.00

III. HOUSING FEE:

1. The housing rate for students shall be \$63.00 per one-half semester and \$42.00 for the Summer Session. This includes room, meals and limited laundry.

(a) No reduction in the rate is to be made for laundry done at home or for students who go home for a few days at a time.

(b) A student may, at the discretion of the President of the College, occupy a double room alone by paying an additional \$36.00 or \$12.00 for the Summer Session.

2. Housing rate for employes other than those included in the State Classification schedule (faculty, clerks, etc.) shall be \$9.00 per week.

3. The rate for transient meals shall be:

Breakfast, \$.40; Lunch, \$.40; Dinner, \$.50. (The charge for room and board includes furniture, bedding, light and heat. Each room accommodates two students. All rooms are provided with single beds for each student.)

IV. DAMAGE FEE:

Students shall be responsible for damages or breakage or loss, or delayed return of college property.

V. INFIRMARY FEE:

After three days in the College Infirmary, the College shall charge an additional \$1.00 for each day.

Day students who may be admitted to the infirmary shall pay board at the rate of \$2.00 a day. This charge includes the regular nurse and regular medical service, but does not include special nurse or special medical service.

VI. TUITION FEE:

Students whose residence is out of the State shall be charged a fee of \$105.00 per semester; \$35.00 per Summer Session. (It is understood that this fee has been operative since June 1, 1929, for entering students only.)

Out-of-state students shall pay the contingent fee in addition to the tuition fee.

VII. DEGREE FEE:

A fee of \$5.00 shall be paid by each candidate for a degree to cover the cost of degree diploma.

VIII. RECORD TRANSCRIPT FEE:

One dollar (\$1.00) shall be charged for the second and each subsequent transcript of records.

IX. DELINQUENT ACCOUNTS:

No student shall be enrolled, graduated, or receive a transcript of his record until all previous charges have been paid.

B. DEPOSITS

I. ADVANCE REGISTRATION DEPOSITS

A deposit of \$10.00 shall be made by all students when they request registration. This is a guarantee of the intention of the student to enter college for the term or semester designated. It is deposited with the State Revenue Department to the credit of the student's contingent fee. If, however, the student notifies the college at least three weeks before the opening of college that he is unable to enter, or if the student is rejected by the college, repayment of this deposit will be made through the Revenue Department on application from the student through the College authorities.

Check or money order for this amount must be drawn to the Commonwealth of Pennsylvania.

C. NO OTHER FEES OR DEPOSITS PERMITTED

No fees or deposits, other than as specified above may be charged by a State Teachers College.

D. REPAYMENTS

I. REPAYMENT WILL NOT BE MADE:

1. To students who are temporarily suspended, indefinitely suspended, dismissed, or who voluntarily withdraw from college.
2. For any part of the advance registration deposit for any cause whatsoever except where students give notice of intention to

- withdraw at least three weeks before the College opens or when the student is rejected by the College.
- II. A repayment will be made for personal illness, the same being certified by to an attending physician, or for such other reasons as may be approved by the Board of Trustees for the amount of the housing and contingent fees paid by the student for the part of the semester which the student does not spend in college.
- III. The advance registration deposit will be returned to students provided they notify the College not less than three weeks before the opening of the semester or term of their intention not to attend, or provided the student is rejected by the College.

ANNUAL COST

For Boarding Students living on the campus the cost of a year at Shippensburg (exclusive of the Summer Session) is as follows:

<i>Contingent Fee</i>			
\$18.00 per half semester	.	.	\$72.00
<i>Activity Fee</i>			
\$5.00 per half semester	.	.	20.00
<i>Board, Room and Laundry</i>			
\$7.00 per week—36 weeks	.	.	252.00
Total			\$344.00

In addition to this sum the average student will require for books, gymnasium costume, student organization dues, etc., not less than \$50 a year.

Day Students—those living at home—do not pay the Housing Fee and the annual cost for such students is \$92.00. No student will be allowed to register as a Day Student who does not live at home.

TIME OF PAYMENT

September 11, payment for first half of first semester
 November 13, payment for second half of first semester
 January 22, payment for first half of second semester
 March 26, payment for second half of second semester
 June 19, payment in full of all summer session fees.

REQUIREMENTS FOR ADMISSION

Admission to a State Teachers College will be made on the basis of the following controlling principles:

1. General Scholarship
2. Character and personality
3. Health and physical vigor
4. A personal interview.

Candidates for admission must satisfy these four general requirements in detail as outlined below:

1. General scholarship as evidenced by graduation from an approved four-year high school or institution of equivalent grade or equivalent preparation as determined by the Credentials Division of the Department of Public Instruction and ranking in the upper half of the class at graduation. Candidates for admission who lack this rank at graduation will be required to present further evidence of fitness.

a. Applicants ranking in the upper half of their graduating class in high school will be admitted on certificate without further evidence of general scholarship.

b. Applicants who do not rank in the upper half of the graduating class may be admitted on probation, provided:

1. They are recommended by their high school principal as being able to do creditable work and

2. Appraisal of the detailed high school record indicates to admission authorities of the college that the candidate can do satisfactory college work, and

3. A rating satisfactory to the institution is made on a scholastic aptitude test administered at the college.

Applicants satisfactorily meeting requirements 1, 2, and 3 above will be admitted for one semester on probation. At the end of the probationary period such students will be required to withdraw from the college unless they meet the required standard of scholarship in at least nine (9) semester hours of work.

2. Integrity and appropriate personality as shown by an estimate by secondary school officials of the candidate's trustworthiness, initiative, industry, social adaptability, personal appearance and sympathy.

3. Health, physical vigor, emotional stability, absence of physical defects that would interfere with the successful performance of the duties of a teacher and absence of predisposition toward ill health as determined by a medical examination at the college.

a. All applicants for admission shall present a certificate of examination signed by a physician legally qualified to practice medicine in the Commonwealth of Pennsylvania. Forms for this examination will be furnished by the college. This medical examination will be checked by the examining physician at the college and students may be required to undergo a complete re-examination.

b. Applicants may be rejected for the following reasons:

1. Incurable defects or diseases as of the heart, lungs, kidneys, digestive system, nervous system including hysteria, epilepsy, nervous instability, skin, organs of the special senses, thyroid.

2. Defective vision of marked degree.

3. Permanently impaired hearing.
4. Marked speech defects.
5. Unsightly deformities.
6. Marked obesity.

Students with remedial defects will be accepted on condition that immediate treatment be undertaken for the removal of these defects.

4. A personal interview with particular attention to personality, speech habits, social presence, expressed interests of the applicant and promise of professional development.

a. The personal interview is to serve two purposes:

1. It is to give the examining committee of the college an opportunity to select from the applicants for admission those persons who give promise of becoming desirable teachers.
2. It is to take an inventory of the personal characteristics of the applicants who are admitted, making this inventory available to instructors and officers concerned with personnel work in the college.

b. The interview will be conducted at the college or at other places and at times designated by the President of the College.

All applications should be made to the Dean of Instruction, State Teachers College, Shippensburg, Pennsylvania.

THE CURRICULA

REQUIREMENTS RELATING TO STUDENTS IN ALL CURRICULA

1. All students are required to take part, without credit, in one extra-curricular activity for one semester each year.

2. No candidate for a Teachers College diploma shall receive more than twenty semester hours of credit toward graduation for work done in extension classes. No credit will be given for correspondence work or extension work taken after September 1, 1927, for a normal school certificate.

3. A certificate to teach in the public schools of Pennsylvania will be granted after the satisfactory completion of two years of either of the two elementary curricula or the rural curriculum where substitution is made in the second year of six semester hours of practice teaching for a prescribed six semester hours of other work.

4. Graduates of approved two-year high schools are entitled to not more than eight units of credit and graduates of approved three-year high schools to not more than twelve units of credit toward the standard admission requirement; provided, however, that such students, or other students having irregular entrance qualifications, may take examinations in additional subjects taken in course in county superintendents' offices in all counties having such students, at the close of the school year. These examinations will be given under the direction of the Credentials Division of the Department of Public Instruction, under a co-operative plan adopted by the Board of Normal School Principals, January 15, 1926. In case of failure in a subject, or subjects, the student, after additional study during the summer, may take a second examination in August at one of the State Teachers Colleges or at any one of the centers where state examinations are regularly conducted, namely Philadelphia, Harrisburg, Pittsburgh and Scranton.

Under this arrangement students who complete the work of a four-year high school with a three-year rating may take examinations in fourth-year subjects and thereby receive credit equivalent to that of a four-year high school; graduates of three-year high schools with a two-year rating may take examinations in third-year subjects for a credit in three years of approved high school work. All inquiries should be addressed to the Credentials Division, Department of Public Instruction, Harrisburg, Pennsylvania.

5. Credentials of all students entering the State Teachers College on the basis of an approved four-year preparation shall be received and evaluated by the college; students not having an approved four-year preparation or students whose preparation is irregular, shall have their credentials evaluated by the Credentials Division of the Department of Public Instruction.

6. Graduates of approved four-year high schools or of equivalent private secondary schools who desire admission to a State Teachers College without examination must present a detailed statement of all studies pursued, including the time devoted to such studies, and the grades received. Blanks for such purposes may be secured from the State Teachers College. These blanks should be filled out by the principal of the school which the student attended, or where this is impossible by the local superintendent of schools.

ADVANCED STANDING

1. Advanced credit will be given for equivalent courses completed in approved institutions of collegiate grade, but no student may obtain a certificate or degree without a minimum residence of one year in this College. A student transferring from another college will be required to present a statement of honorable dismissal from that college and to meet the same entrance requirements as any other applicant.

2. No candidate for a college certificate shall receive more than twenty semester hours credit toward graduation for work done in extension classes.

3. All persons who have completed the work of the two-year Kindergarten-Primary, Intermediate, or Rural curricula, are admitted to Junior standing for a degree, provided they are graduates of an approved, four-year high school. The exact number of hours credit granted will depend upon the curriculum which the student has completed and the one in which he wishes to secure his degree. Those who become candidates for the degree in the elementary field will secure two full years' credit, but those who transfer to the secondary field will lose some credit, usually from ten to twelve hours.

4. All persons who were graduated from a State Normal School prior to September, 1920, and who have had a four-year high school preparation, cannot be awarded more than 64 semester hours of credit for their normal school work necessary for such graduation.

5. Students who were graduated from the State Normal Schools before four years of high school preparation were required, and who still lack this requirement, may apply to the Credentials Division, Department of Public Instruction, Harrisburg, Pennsylvania, for a high school equivalent certificate, which, when issued by the Credentials Division, will be accepted by the State Teachers Colleges as equivalent to graduation from a four-year high school and all credits earned at a State Normal School prior to September 1926, will be evaluated in terms of the course selected.

6. Former graduates of a two or three-year curriculum at the State Teachers College, Shippensburg, and who become candidates for a degree from this school, must do at least one-half the work required beyond prev-

ious graduation, at Shippensburg. An amount up to one-half the required work may be transferred from other accredited schools provided the courses pursued are the same or equivalent to the required courses here.

7. No credit for public or private teaching experience, previously credited as high school equivalent or as equivalent professional credit toward graduation, shall be granted or counted toward meeting the requirements for entrance to or graduation from the four-year curricula.

REQUIREMENTS FOR GRADUATION AND CERTIFICATION

1. Every student in the State Teachers College, Shippensburg, Pennsylvania, selects at the end of the first semester, one of the four degree curricula offered. All curricula are definitely four years in length and all lead to the degree of Bachelor of Science in Education and entitle the graduate to the Provisional College Certificate in the appropriate curriculum.

2. Students entering the Kindergarten-Primary, Intermediate, or Rural curriculum who feel unable to remain more than two years may ask to be allowed to do student teaching during the second year of attendance. A certificate to teach in the elementary schools of Pennsylvania for three years will be granted after the satisfactory completion of two years of any one of the three elementary curricula where substitution is made in the second year of six semester hours of practice teaching for certain prescribed six semester hours of other work. During these three years the holder of the certificate must secure at least twelve additional hours of approved credit toward the degree in this field. The certificate will then be renewed for three years and within this period he will be expected to secure his degree.

3. The completion of a four-year curriculum for the preparation of elementary teachers entitles the student to the degree of Bachelor of Science in Education and a Provisional College Certificate, which after three years of successful teaching and the earning of six additional semester hours of prescribed credit, becomes a Permanent College Certificate

4. Upon the completion of the four-year curriculum for the preparation of secondary teachers the student is entitled to the degree of Bachelor of Science in Education, and a Provisional College Certificate, which authorizes the holder to teach in any public Junior or Senior High School any subject in which he has earned 18 or more semester hours of credit and the subjects of the Elementary Curriculum in the seventh and eighth grades. After three years of successful teaching and the earning of six additional semester hours of prescribed credit a Permanent College Certificate in the foregoing fields is awarded.

SCHOLARSHIP REQUIREMENTS

1. For the purpose of reporting the progress of and giving assistance to each student, each semester is divided into four periods: the first of six weeks and three other periods of four weeks each. At the end of the first six weeks of each semester, each teacher hands to the Dean's office a record of the students who are not doing satisfactory work. A report is made to each student by his advisor and, when deemed necessary, to the parent by the Dean. At the end of the two succeeding four week periods similar reports are made. At the end of the semester a permanent grade is recorded for each student and a copy is sent to the parents of the students under twenty-one years of age.

2. A Quality Point System is in operation and demands that a student, before he can be graduated must have a number of quality points equal to the number of semester hours required in the curriculum. That is, a student in the four year course must have 128 semester hours of credit to be graduated and under the Quality Point System he must also have 128 quality points.

The Quality Point schedule is as follows:

An "A" grade shall give 3 quality points for each semester hour of credit so marked, a "B" grade, 2 quality points; a "C" grade, 1 quality point; a "D" grade, no quality points; an "F" grade, a minus quality point, for each semester hour of credit so marked.

Example: A student receiving for his first semester's work the following grades would have to his credit 17 quality points.

	<i>Semester Hours</i>	<i>Grade</i>	
1st subject	3	D	$3 \times 0 = 0$
2nd subject	3	A	$3 \times 3 = 9$
3rd subject	2	C	$2 \times 1 = 2$
4th subject	3	C	$3 \times 1 = 3$
5th subject	3	D	$3 \times 0 = 0$
6th subject	2	B	$2 \times 2 = 4$
7th subject	1	F	$1 \times -1 = -1$

MISS MARSTON

BIOLOGY

SCIENCE I—BIOLOGY. Intended to equip the student with certain biological concepts. The study of the cells, both plant and animal, and their combinations as represented in tissues, organs and systems, together with their reproduction, physiology and irritability, makes up a considerable part

of the course. The fundamental, elemental ideas of evolution, genetics, etc., are briefly considered. 3 hours.

MR. SHEARER, MR. DIBERT

BOTANY I—THE FLOWERING PLANT. Mainly emphasizes the structure and physiology of angiosperms. The economic value of plants, weeds, and certain aspects of forestry, taxonomy and local ecology are briefly considered. 3 semester hours.

MR. SHEARER

BOTANY II—THALLOPHYTES, BRYOPHYTES, PTERIDOPHYTES AND SPERMATOPHYTES. Presents a survey of the plant kingdom by studying typical representatives of all the subdivisions of all groups of plants. The course stresses largely the development and reproduction of plants. 3 hours.

MR. SHEARER

ZOOLOGY I—GENERAL ZOOLOGY. Typical representatives of the most varied phyla are studied. A number of the invertebrate forms are considered and work is terminated by making a comprehensive study of the frog. The anatomical and physiological sides are emphasized. 3 hours.

MR. SHEARER

ZOOLOGY II—VERTEBRATE ZOOLOGY. The invertebrate phyla omitted in the first course are considered and emphasis is especially placed upon the Arthropods. Considerable import is given to the insect group of this phylum. Anatomy, physiology and ecology are taken into the plan of the work. 3 hours.

MR. SHEARER

NATURE STUDY—A study is made of the common trees, flowers insects, birds, and animals. The course aims to give not only subject matter but appreciations, habits of observation, and an understanding of how the work may be presented to the children. 3 semester hours.

MR. KREBS

CHEMISTRY

GENERAL COLLEGE CHEMISTRY. Intended to give the student a thorough knowledge of the fundamental principles, laws, and theories of chemical action. A detailed study will be made of the chief non-metals, metals, and their most important compounds. Special attention will be given to equations, calculations, and the theory of precipitation. 6 semester hours.

MR. WRIGHT

QUALITATIVE ANALYSIS. Designed to acquaint the student with the theory and principles by which the common metals and acids are identified. A detailed study will be made of ionization, mass action, and other fundamental theories. Sufficient mixtures will be analyzed to make the student familiar with the characteristics of the ions. 3 semester hours.

MR. WRIGHT

ORGANIC CHEMISTRY. An introduction of the study of carbon compounds. Covers briefly the aliphatic and aromatic series with a discussion of the more important derivatives. 3 semester hours.

MR. WRIGHT

ECONOMICS

ELEMENTS OF ECONOMICS. Designed to give the Social Science teacher some understanding of the economic forces in modern American life. It is a descriptive course, approached from the institutional side as far as possible. 3 semester hours.

DR. VALENTINE

EDUCATION

KINDERGARTEN-PRIMARY THEORY. The fundamental purpose of this course is to increase the understanding of child development during the pre-school age through directed observation of Kindergarten age children. Special attention is given to the educational principles and aims of the earlier Kindergarten educators in comparison with the present day theories and practices. Observation and participation in the Kindergarten is required. 2 semester hours.

MISS OYER

TEACHING OF PRIMARY SUBJECTS. A composite course designed to give a knowledge of sound educational principles and a study of practical procedures in the teaching of primary subjects with emphasis on spelling, language and the social studies. Observations represent an important part of this course. 3 semester hours.

MISS HANNAH KIEFFER, MISS NORA KIEFFER

TECHNIQUE OF TEACHING. This course accompanies student teaching and must reinforce it at every point. It includes lesson planning; types of teaching with their respective techniques; the trend toward individual instruction; socialized school activities; marking systems, records and reports. 2 semester hours.

MISS A. HUBER, MISS H. KIEFFER, MISS CUNNINGHAM, MISS WILLOUGHBY

PROBLEMS OF JUNIOR AND SENIOR HIGH SCHOOL. A study of the aims, purposes and development of secondary education; the program of studies and the methods best suited to the needs of these pupils; the qualification of teachers; the high school buildings; and the cost of maintaining secondary schools. 3 semester hours.

MISS A. HUBER

HISTORY AND PHILOSOPHY OF EDUCATION. The historical development of our generally accepted educational concepts and practices is traced, with the major emphasis upon the more recent movements. Assigned reading, class discussions, and special reports are intended to help the student integrate his different training experiences, and to form his own philosophy of education. 4 semester hours.

MR. BURKHOLDER

INTRODUCTION TO TEACHING. This is essentially an orientation course in education. Attention is given to (1) how to study, with diagnosis of special problem cases, (2) the general field of education with special study of various fields open to teachers and the requirements of the same. 3 semester hours.

MISS N. KIEFFER, MR. BURKHOLDER

PSYCHOLOGY I. A basic course in general psychology a clear idea of the developmental periods from birth to maturity with emphasis upon child psychology or adolescent psychology depending upon the field in which the student is to teach. 3 semester hours. MR. BURKHOLDER, MISS N. KIEFFER

PSYCHOLOGY II. An advanced course for all four year students. Its purpose is to familiarize the student with the knowledges, methods, and techniques of applying the laws and principles of psychology to educational situations. 3 semester hours. MISS LEUTSKER

EDUCATIONAL TESTS AND MEASUREMENTS. A practical course in which the student gains knowledge, attitudes, habits, and skill for the purpose of carrying on all of the steps in a balanced testing program in the field in which he intends to teach. 2 semester hours. MISS LEUTSKER

VISUAL EDUCATION. The background for, and the use of, Visual and other Sensory aids in the school room. These aids include the School Journey, Objects-Specimens-Models, Pictorial Materials, Projection Machinery of still and motion type, Blackboard and Bulletin Board, and Radio. 1 semester hour. MR. KREBS

ENGLISH

ENGLISH I. A course in English fundamentals emphasising the structure and use of correct English. The work is based upon the needs of the students as discovered in their written composition and in their speech. 3 semester hours.

MISS BLOOD, MRS. LIPSCOMB, MR. MARK, MR. HARLAN

ENGLISH II. A composition course designed to further the student's knowledge of English fundamentals and to improve his written and spoken English. Prerequisite, English I. 3 semester hours.

MISS BLOOD, MRS. LIPSCOMB, MR. MARK, MR. HARLAN

ENGLISH III. Involves the journalistic approach to composition. The class studies the more common types of newspaper and magazine writing. Abundant practice is given in the composition of articles of considerable length. The content of the courses related to procedures in school journalism. 3 semester hours.

MR. HARLAN

ENGLISH ACTIVITIES. GENERAL REGULATIONS

1. All clothing is required to be marked with woven numbers which are purchased by each student upon entering College.

2. (a) A uniform one-piece washable costume for Physical Education is prescribed for all women students.

(b) A uniform costume for Physical Education is prescribed for all men students.

These costumes should be obtained after enrollment at the College.

Both men and women must wear the regular gymnasium shoes for gymnasium exercises.

3. Students should bring the following articles with them or purchase them on arrival at the college: A pair of blankets or heavy quilt, washstand cover and bureau cover, pair window curtains, towels, table napkins and toilet articles. They should also bring a knife, fork, spoon and glass tumbler for use in their rooms, as these articles may not be taken from the dining-room. Rooms are supplied with bed, bedding, bureau, study table, chairs and light fixtures.

4. No change or alterations must be made in the permanent parts or fixtures of the rooms, nor nails driven into the walls.

5. Damage done to furniture and other school property is charged against the students responsible for it.

6. Sabbath Regulation—3:00 to 5:00 p. m., will be observed as a quiet period. During this time no singing, loud talking, or other unnecessary noise will be allowed in the building.

7. Day students will not call at the rooms of boarders, nor stay in their rooms over night, unless by permission of the Dean of Women or Dean of Men. Boarding students will be held responsible to the Dean of Women or Dean of Men for the observance of this rule.

8. Boarding students will not be permitted to visit in town on Sundays, nor remain in town over night, excepting with near relatives and with special permission from the Dean of Women or the Dean of Men.

9. Students will receive calls from relatives or friends in the reception rooms only. No one except parents will be permitted to visit the students' rooms.

10. Women students wishing to visit their homes or other places during the term must present written permits from parents to the Dean of Women. Freshmen men students must present similar request to the Dean of Men. Parents are urged not to ask their children to be absent from college except between the hours of noon Saturday and 8 a. m. Monday.

11. The authorities of the College will not, except in case of absolute necessity, call a student to the telephone during school hours or study hours. Such calls should be made before 8:15 a. m., between 12:15 noon and 1:15 o'clock p. m., and 4:15 and 7:30 p.m.

12. Students are expected to attend the church service of their choice every Sabbath morning. The church attendance in connection with the religious services at the College offers them all the spiritual advantages that they would receive at their own homes. In all proper ways religious influences are thrown around the student.

13. The Young Men's Christian and the Young Women's Christian Association have a large membership among the students. These societies have been doing a great work for the growth of religious sentiment in the College. These associations are non-denominational in character.

ATHLETICS

It is the duty of the College to see to the physical well-being of every young man and woman in attendance. The day is gone by when the pale, delicate, bookish student is regarded as the ideal to be sought. Young men and women must be just as strong and robust as possible. For this reason we encourage all our students to take part in some type of athletics.

In addition to out-of-door exercises and the regular training in the gymnasium, the College encourages the following Athletic Sports:

GIRLS' ATHLETICS

HIKING—Open to women students all year.

HOCKEY—Class teams are organized early in the fall and a series of inter-class games is played.

SOCCER—Played during the fall season.

BASKETBALL—Not only are class games played but group teams are organized, and a regular schedule of games arranged. Nearly all the boarding women take part in these games.

VOLLEY BALL—Played in the Spring.

BASEBALL—In the Spring and Summer Terms this game occupies the place held by the hockey in the fall term.

TRACK AND FIELD SPORTS—Class meet held in Spring.

PLAY DAY—Sponsored by the College girls.

TENNIS—Under the control of the Students' Tennis Association.

MEN'S ATHLETICS

FOOTBALL—Is open to all the men. A series of inter-college games will be played. Class teams will also be organized.

BASKETBALL—The same method is followed as in football. Nearly all the men take part in this game.

BASEBALL—Teams are organized from each class. From these organizations the College team is organized.

TRACK AND FIELD SPORTS—A meet will be held each spring, at which the class championship will be decided.

TENNIS—Under the control of the Students' Tennis Association.

COLLEGE PUBLICATIONS

The Teachers College Herald is the official College publication. It is furnished free to students and alumni.

The Campus Reflector is the weekly publication issued by a student staff with a Faculty advisor.

The Cumberland is the annual year book of the Senior Class and is edited and published by the students with faculty advice.

STUDENT ORGANIZATIONS

WOMEN'S CHORAL CLUB. The Women's Choral Club is an organization of women selected by examination because of ability to read at sight, true pitch, and musical taste. The members of the club are chosen at the beginning of the school year. Any student is eligible if she meets the requirements but the total number must not exceed fifty members. This club appears in concert during the year and aids in other musical performances of the school.

TERPSICHORAL CLUB. This club was organized at the beginning of the semester of 1932-33 by a group of twenty women students for the purpose of enjoyment through music and folk dancing, from which activities the club derived its name.

MEN'S GLEE CLUB. The Men's Glee Club gives the young men opportunity for the development of their musical ability under skilled direction.

ORCHESTRA. The College Orchestra meets once a week for rehearsal. It plays for the various college functions throughout the year. Students who play any orchestral instruments are urged to bring their instruments to College and apply to the director of music for admission to the orchestra.

BAND. The College Band is fully uniformed and plays at football games and at many other occasions throughout the year. A concert is given before the faculty and student body. All students who play upon any band instrument are urged to join this organization. Assistance will also be given to students who wish to learn to play on a band instrument.

CHOIR. The College Choir, formed during the second semester of 1932-33, is an organization of twelve men and twelve women chosen for the excellence of their voices. It leads the singing during Chapel periods and provides musical programs for special occasions. Emphasis is given to sing a cappella.

ARTS AND CRAFTS CLUB. The Arts and Crafts Club is an organization which has for its object the growth of Art appreciation and the development of talent beyond that which the class room offers. It also gives the members an opportunity to develop talent and technique along such lines of Art as are not included in the regular course of study as well as craft work not possible otherwise. The work of the club is under the direction of the Art Department.

CRAFTY FRESHMEN. This is a freshmen Arts and Crafts Club organized for the purpose of training those freshmen who later wish to join the senior organization. Simple objects are attempted preliminary to the senior work.

YOUNG MEN'S CHRISTIAN ASSOCIATION. Membership in this organization is voluntary. It maintains a room in the dormitory which has recent-

ly been equipped with a fine radio instrument. Services are held every Sunday evening at 6:00 o'clock.

YOUNG WOMEN'S CHRISTIAN ASSOCIATION. Membership in this organization is voluntary. A room is maintained in the women's dormitory. The purpose of the national Y. W. C. A. of "Faith, Fellowship, and Service" is followed. The activities sponsored by the organization provide social and religious motive in the life of the school. Services are held every Sunday during the term at 6:00 o'clock.

VARSITY CLUB. The Varsity Club is an organization of students that have earned their Varsity letter in some one of the major sports of the College. The purpose of the organization is to encourage sportsmanlike conduct, not only among themselves but in the student body. They also encourage organized cheering in athletic contests and help entertain visiting teams.

WOMEN'S ATHLETIC ASSOCIATION. Membership in this organization is earned by a point system in major sports, the purpose being to encourage participation, cooperation and sportsmanship among women. Each year the W. A. A. sponsors Play Day to which high school girls from the entire service area are invited. The May Day program is also in charge of the W. A. A.

DEBATING. Gamma Delta Gamma, the debating club, is organized by students interested in debating. It usually has a membership of about thirty, all students interested in debating being eligible. During the first semester one hour each Monday afternoon is devoted to the study of the strategy of debating and its application in actual debates. In the second semester inter-collegiate debates are held with other colleges.

ENGLISH CLUB. This is an organization of upper classmen, formed in the fall of 1932, interested in the field of English, who show high scholarship in this field. Membership is limited to twenty persons. Last year the group attended theatrical performances of note and opportunities are offered for personal contact with literary personages.

JUNIOR ENGLISH CLUB. The purpose of this club which was formed in November of 1932 is to stimulate interest in the reading of better literature. Freshmen are eligible to membership in this club although membership is not confined to the freshman class.

FRENCH CLUB. "Le Cercle Francais" was formed during 1932-33 by French students who felt the need of some opportunity to use their French conversationally. At the weekly meetings of "Le Cercle Francais" only French is spoken. Business is conducted in French and programs are presented.

MATHEMATICS CLUB. The Mathematics Club aims to create and promote a greater interest in mathematics among its members and in the College. The work of the club includes special studies of practical and historical topics, dramatization of mathematical subjects, mathematical recreations, and other activities of a mathematical nature.

EUCLEDIAN CLUB. This organization, named after the early Greek mathematician Euclid, and organized during the second semester of 1932-33, is an extra-curricular activity for students who are preparing to teach mathematics.

COUNTRY LIFE CLUB. All students majoring in rural education through this club find an opportunity to study rural life problems; to conduct surveys; to assist with community programs; to meet and hear rural leaders from the field.

GEOGRAPHY CLUB. This is an organization open to all students who are interested in the field of geography. It is made up of active and an associate membership. The work of the club includes illustrated travel talk, helpful geographical contests, and slides of various places of the world. The main object of the club is to probe deeper into the subject of geography than can be done in the ordinary class.

DRAMATIC CLUB. The Dramatic Club is an organization which has for its object the growth of an appreciation of the drama, and the development of the histrionic talent of its members. It also gives its members an opportunity to study the directing of simple plays and to gain some knowledge of stage makeup and costuming.

JUNIOR THESPIANS. This is a dramatic organization which aims to provide for underclassmen some of the opportunities for development that the Dramatic Club offers upperclassmen.

NEWMAN CLUB. The Newman Club was organized in 1932 at the request of a number of women interested in artistic dancing to develop more fully those persons who are talented in this direction. The club offers its contributions to the College by appearing as a special attraction in dramatic, musical, and gymnastic programs and by participating directly in the May Day Festivities.

NATURE CAMERA CLUB. This club was organized in 1929 and is open to all students of the College. Its purpose is to arouse an interest in nature study by use of the camera. Practice in handling the camera, developing and printing of the pictures taken are a part of the work of the club. Each member must earn the right to wear the pin of the organization.

LAUREL CLUB. The Laurel Club is a recently organized honorary society, the members of which are chosen on the basis of scholarship, leadership, and character. Its membership consists of third- and fourth-year women who meet the above requirements. Each new member must be elected unanimously.

PHI SIGMA PI. A national honorary fraternity installed at Shippensburg in 1931. Membership is conferred on sophomores, juniors and seniors who foster interest in scholastic attainment and campus activities and who maintain a high standard of school citizenship.

PHILOSOPHY CLUB. This club, formed the second semester of 1932-33, is an organization of those interested in a wider background of philosophy. The club considers the history of philosophy and the development of philosophic thought and engages in discussions of philosophic problems of contemporary life.

CAMPUS REFLECTOR. The College news publication appears weekly during the College year and reports the doings of the student body and faculty. Its purpose is multifold; it aims to keep the College before the public and to provide activity for students whose interest lies in the direction of amateur journalism; it also serves as a forum where controversial subjects may be discussed. For the past two years the Reflector has won a first place rating in the Columbia Scholastic Press Association contest.

THE CUMBERLAND. The senior class of the College annually publishes a yearbook. This publication aims to crystalize the worthwhile memories of four years of college life. In form it is no different from any yearbook. It is devoted principally to displaying the pictures of the classes and clubs.

DAY STUDENT CAFETERIA ASSOCIATION. This association, organized in the school year 1932-33, was formed for the purpose of accommodating all the students at morning and noon lunches. The cafeteria is open from nine o'clock until one-thirty p. m. every day except Saturday. During this time the cafeteria is under the direction of students of the school.

STUDENT TEXTBOOK ASSOCIATION. This is a student cooperative organization which was formed in the fall of 1932, the purpose of which is to purchase all the textbooks for the students of the College.

ROUND TABLE. The Round Table is a club consisting of students who have worked or are working in either the College or Training School libraries. Meetings are held bi-weekly, Wednesday evenings. Literary works are discussed and news of other libraries is brought before the club. A member in good standing may wear the Round Table Emblem when he has completed his second semester's work.

STUDENT GOVERNMENT ORGANIZATIONS. Four student government organizations exist at this College, one for day student women, one for boarding student women, one for day student men and one for boarding student men. Each organization has its officers and is responsible to the President's Council for the social life of the College, including such behaviour problems as arise from time to time.

THE PRESIDENT'S COUNCIL. This body controls and directs the student activities of the College. It is composed of eleven student members and five faculty members, all of whom hold membership in the Council, ex officio, by reason of their leadership of specific activities of the College. The President of the College is the chairman of the Council. It administers the activities fund through a budget system by which each of the activities of the College is allocated its share of the money available for this purpose.
