## The College

THE rapid development of colleges in the United States during the last fifty years has led to various efforts to standardize these institutions through the setting up of regional and in some instances national accrediting agencies. This movement has been animated by a desire to protect worthy institutions and at the same time to guard parents of prospective college students from exploitation at the hands of colleges unworthy of the name. The acknowledged accrediting agency for this region of the country is the Middle States Association of Colleges and Secondary Schools of which Dr. George W. McClelland, Provost of the University of Pennsylvania, is the present president. The State Teachers College at Shippensburg is a member of this Association and is fully accredited by it. The national accrediting agency for teachers colleges throughout the country is the American Association of Teachers Colleges which has a membership of 187 teacher education institutions. 157 of these institutions meet its standards and are on its accredited list of which the State Teachers College at Shippensburg is one. President Rowland is a member of the Standards and Surveys Committee of this Association and at the present time its secretary.

Shippensburg is a town of approximately five thousand people, located in the center of the beautiful Cumberland Valley, forty-one miles from Harrisburg by the Pennsylvania Railroad, and thirty-nine miles southwest of Harrisburg by United States-Pennsylvania highway No. 11. A new highway, No. 33, from Carlisle to Shippensburg reduces this distance by one mile. Carlisle, the county seat of Cumberland County, lies twenty miles from Shippensburg toward Harrisburg, and Chambersburg, the county seat of Franklin County, ten miles in the opposite direction. Gettysburg, the county seat of Adams County, with its famous battlefield now a national shrine, is but thirty-five miles distant. Rich farm lands, broad meadows, and delightful woodlands bounded by mountains to the north and south, characterize this valley which is one of the richest agricultural sections of the country.

Originally known as the Cumberland Valley State Normal School, this institution first opened its doors to students on April 15, 1873. The first class was graduated in 1874. For more than fifty years it continued to serve as a State Normal School, graduating students prepared and legally qualified to teach in the public schools of the Commonwealth. In 1922 high school graduation was required for admission to the institution. In 1926 the State Council of Education authorized four-year curricula based upon high school graduation. In August, 1927, by authority of the General Assembly, this institution became a college with the right to grant degrees and its name was changed to the State Teachers College at Shippensburg.

The site consists of approximately sixty-four acres with two fully equipped athletic fields, Eckels Field and Heiges Field, ten tennis courts, a quarter mile track with a two-twenty straightaway and an archery range. The buildings on the campus are arranged in a curving line on the crest of a hill, sloping gently to the southeast. The plant consists of "Old Main," containing the administrative offices, the dining room and kitchen, many of the recitation rooms, the auditorium and the dormitories for men; Horton Hall housing the women students; the Alumni Gymnasium containing the swimming pool, special physical education rooms, the game room and the main gymnasium floor with locker rooms and showers; Shearer Hall containing the science laboratories; the Ezra Lehman Memorial Library; the old Gymnasium; the Adult and Business Edu-

cation building; the Campus Laboratory School; the President's Residence; the Infirmary; the utility buildings and garages; the power plant; and the sewage disposal plant.

The library is housed in an independent, modern building designed exclusively for this purpose. Its reading rooms and stacks are available from 8 A. M. until 5:30 P. M. and from 7 until 10 P. M. The collection of 20,000 books and 150 magazines is carefully selected and constantly available. Indexes to periodicals supply convenient reference to back numbers, both bound and unbound, and there are many encyclopedias, both general and special, for research. A collection of over 5000 pictures, a clipping file, a large pamphlet collection, and an interesting group of textbooks and courses of study serve to meet the needs of the students of the college. The student will also find recreational reading in the fields of biography, drama, fiction and current events. Trained librarians are on duty at all times to assist students in finding material.

Adequate student teaching laboratories are provided.

The Campus Laboratory School contains a Nursery School equipped with dining room, kitchen, play room, sleeping room and a separate playground with special play apparatus; a kindergarten and provision for the first six elementary grades. The building contains offices, a library, an auditorium, an art room and service rooms. There is a playground equipped with playground apparatus.

A typical one-teacher rural school and a two-teacher school are available as student teaching laboratories for students pursuing the rural curriculum.

The schools of the Borough of Shippensburg are available as student teaching laboratories. These schools include the grades from the first to the sixth, a junior high school housed in a separate building with a distinct organization, and a senior high school, also housed distinctly and having a distinct organization. These schools are connected by a central unit housing a gymnasium, an auditorium, a library, offices, service rooms and class rooms, giving the Shippensburg Borough Schools one of the most modern and attractive school plants in the State.

The offices of Supervising Principal of the Borough Schools, of Principal of the Township Schools, and of Director of the College Laboratory Schools are held by the same person who is an employe of all three organizations and who integrates the work of the college and of the adjacent school districts to the mutual advantage of these units.

The dormitory facilities are entirely modern, the lavatories being equipped with shower baths, tubs and modern plumbing throughout. Stairways of fire-proof construction are provided for all dormitories. The auditorium is equipped with a stage with modern lighting devices.

Shippensburg is a co-educational college, 46 per cent of the student body being men and 54 per cent being women. This relative equality between the number of men and the number of women provides a highly desirable situation. Professional, social and religious activities of many kinds are carried on throughout the year—debating, dramatics, athletics, religious meetings, field days, intramural contests of various kinds, dances, lectures and entertainments. Conferences and trips to places of historic, scientific and educational interest occur frequently under proper supervision.

The college feels that a standard of conduct becoming a prospective teacher is so high as to preclude membership in the college enrollment of all persons whose habits and conduct are not worthy of the imitation of children who may be placed under their instruction. As it has been necessary to dismiss from the college persons who cannot attain this high standard of conduct, it is suggested that those who are not so qualified do not apply for admission. As teachers must first be able to discipline themselves, it is the aim of the college consistently to cultivate right habits of self-discipline on the part of the students. Oppor-

tunities are provided for the development of these habits and advice is constantly given. Teachers must be persons of intelligence and a high standard of scholarship is required for all who would earn the coveted baccalaureate degree. Teachers must be persons of character and every opportunity is provided for the development of a high standard of character on the part of each student. Those who do not achieve this standard are invited to leave.

This college is a professional school for the preparation of teachers and all of its curricula lead to certificates to teach in the public schools of Pennsylvania. The college believes, however, that such professional preparation is the best preparation for general citizenship and for parenthood that has yet been provided in any institution of higher learning.

The college further believes that the teaching profession provides the most significant social service that it is possible for anyone to render, as upon the efficiency of the public schools and the character, intelligence and devotion of the teachers therein depends in large measure the national destiny.

## FEES, DEPOSITS, REPAYMENTS

### A. FEES

#### I. ACTIVITY FEE:

First Semester—\$11.00.

Second Semester—\$12.00.

(Each payable in two equal parts).

Summer Session—\$2.00 in full.

These fees, determined by vote of the student body, are administered through a cooperative organization under regulations approved by the Board of Trustees. These fees will cover the cost of student activities in athletics, lectures, entertainments, student publications, etc.

#### II. CONTINGENT FEE:

Per Half Semester

Regular Term—Elementary Curriculum . . . . . \$18.00

Secondary Curriculum . . . . . \$18.00

Business Education Curriculum . . . . . \$21.00

Adult Education Curriculum . . . . . To be determined

Summer Session—\$5.00 per semester hour. Minimum fee, \$15.00.

(A special charge is made Cooperative Education students to defray the expense of trips taken during the junior and senior years to visit progressive schools.)

#### III. HOUSING FEE:

1. The housing rate for students shall be \$63.00 per one-half semester and \$42.00 for the summer session. This includes room, meals and limited laundry.

(a) No reduction in the rate is to be made for laundry done at home or for students who go home for a few days at a time.

(b) A student may, at the discretion of the President of the College, occupy a double room alone by paying an additional \$36.00 or \$12.00 for the summer session.

2. Housing rates for employes other than those included in the State Classification schedule (faculty, clerks, etc.) shall be \$9.00 per week.

3. The rates for transients shall be:

Room, \$.50 per night; Breakfast, \$.40; Lunch, \$.40; Dinner, \$.50.

The charge for room and board includes furniture, bedding, light and heat. Each room accommodates two students. All rooms are provided with single beds for each student.

IV. DAMAGE FEES:

Students shall be responsible for damages or breakage or loss, or delayed return of college property.

V. INFIRMARY FEES:

After three days in the college infirmary, the college shall charge an additional \$1.00 for each day.

Day students who may be admitted to the infirmary shall pay board at the rate of \$2.00 a day. This charge includes the regular nurse and regular medical service, but does not include special nurse or special medical service.

VI. TUITION FEE:

Students whose residence is out of the State shall be charged a fee of \$105.00 per semester; \$35.00 per summer session. (It is understood that this fee has been operative since June 1, 1929, for entering students only.)

Out-of-state students shall pay the contingent fee in addition to the tuition fee.

VII. DEGREE FEE:

A fee of \$5.00 shall be paid by each candidate for a degree to cover the cost of degree diploma.

VIII. RECORD TRANSCRIPT FEE:

One dollar (\$1.00) shall be charged for the second and each subsequent transcript of records.

IX. LATE REGISTRATION FEE:

A fee of \$1.00 per day, but not to exceed a total of \$5.00, will be charged for late registration. This fee will apply against all quarterly payment dates.

X. DELINQUENT ACCOUNTS:

No student shall be enrolled, graduated, or receive a transcript of his record until all previous charges have been paid.

## B. DEPOSITS

I. ADVANCED REGISTRATION DEPOSIT:

A deposit of \$10.00 shall be made by all students when they request registration. This is a guarantee of the intention of the student to enter college for the term or semester designated. It is deposited with the State Revenue Department to the credit of the student's contingent fee. If, however, the student notifies the college at least three weeks before the opening of the college that he is unable to enter, or if the student is rejected by the college, repayment of his deposit will be made through the Revenue Department on application from the student through the College authorities.

Check or money order for this amount must be drawn to the Commonwealth of Pennsylvania.

## C. NO OTHER FEES OR DEPOSITS PERMITTED

No fees or deposits, other than as specified above, may be charged by a State Teachers College.

## D. REPAYMENTS

## I. REPAYMENTS WILL NOT BE MADE:

1. To students who are temporarily suspended, indefinitely suspended, dismissed, or who voluntarily withdraw from college.
  2. For any part of the advance registration deposit for any cause whatsoever, except where students give notice of intention to withdraw at least three weeks before the college opens, or when the student is rejected by the college.
- II. A repayment will be made for personal illness, the same being certified to by an attending physician, or for such other reasons as may be approved by the Board of Trustees for the amount of the housing and contingent fees paid by the student for the part of the semester which the student does not spend in college.
- III. The advance registration deposit will be returned to students provided they notify the college not less than three weeks before the opening of the semester or term of their intention not to attend, or provided the student is rejected by the college.

## ANNUAL COST

For boarding students living on the campus the cost of a year at Shippensburg (exclusive of the summer session) is as follows:

<i>*Contingent Fee</i>	
\$18.00 per half semester .....	\$ 72.00
<i>Activity Fee</i>	
\$5.50 per half semester, first semester .....	11.00
\$6.00 per half semester, second semester .....	12.00
<i>Board, Room and Laundry</i>	
\$7.00 per week—36 weeks .....	252.00
<b>Total .....</b>	<b>\$347.00</b>

\*Business Education students will add \$12.00 per year to the contingent fee in calculating this cost.

In addition to this sum the average student will require for books, gymnasium costume, student organization dues, etc., not less than \$50 a year.

Day students—those living at home—do not pay the Housing Fee and the annual cost for such students is \$95.00. No student will be allowed to register as a day student who does not live at home.

## TIME OF PAYMENT

- June 17—Payment in full of all summer session fees.  
 September 11—Payment for first half of first semester.  
 November 11—Payment for second half of first semester.  
 January 22—Payment for first half of second semester.  
 March 24—Payment for second half of second semester.

## REQUIREMENTS FOR ADMISSION

Admission to a State Teachers College will be made on the basis of the following controlling principles:

1. General scholarship.
2. Character and personality.
3. Health and physical vigor.
4. English fundamentals and psychological tests.
5. A personal interview.

Candidates for admission must satisfy these five general requirements in detail as outlined below:

1. General scholarship as evidenced by the completion of the work of the 10th, 11th and 12th grades of an approved secondary school or institution of equivalent grade, or equivalent education as determined by the Credentials Division of the Department of Public Instruction, and ranking in the upper half of the class at graduation. Candidates for admission who lack this rank at graduation will be required to present further evidence of fitness.
  - a. Applicants ranking in the upper half of their graduating class in secondary school will be admitted on certificate without further evidence of general scholarship.
  - b. Applicants who do not rank in the upper half of the graduating class may be admitted on probation, provided:
    - (1) They are recommended by their secondary school principal as being able to do creditable college work, and
    - (2) Appraisal of the detailed secondary school record indicates to admission authorities of the college that the candidate can do satisfactory college work. Whenever available, candidates are urged to present to the admission authorities cumulative records of secondary school work such as were used by the Carnegie Foundation in the Pennsylvania Study, and
    - (3) A rating satisfactory to the institution is made on a scholastic aptitude test administered at the college.

Applicants satisfactorily meeting the requirements (1), (2), and (3) above will be admitted for one semester on probation. At the end of the probationary period such students will be required to withdraw from the college unless they meet the required standard of scholarship in at least nine (9) semester hours of work.

2. Integrity and appropriate personality as shown by an estimate by secondary school officials of the candidate's trustworthiness, initiative, industry, social adaptability, personal appearance and sympathy.

- a. The estimate of the secondary school official will be recorded by a check margin in the appropriate column of a three point rating scale as follows:

	<i>Low</i>	<i>Middle</i>	<i>High</i>
Trustworthiness .....	.....	.....	.....
Initiative .....	.....	.....	.....
Industry .....	.....	.....	.....
Social Adaptability .....	.....	.....	.....
Personal Appearance .....	.....	.....	.....
Sympathy .....	.....	.....	.....

- b. This will be included as part of the secondary school record blank.

3. Health, physical vigor, emotional stability, absence of physical defects that would interfere with the successful performance of the duties of a teacher and absence of predisposition toward ill health as determined by a medical examination.
  - a. All applicants for admission shall present a certificate of examination signed by a physician legally qualified to practice medicine in the Commonwealth of Pennsylvania. Forms for the examination will be furnished by the college. This medical examination will be checked by the examining physician at the college and students may be required to undergo a complete re-examination.
  - b. Applicants may be rejected for the following reasons:
    - (1) Incurable defects or diseases as of the heart, lungs, kidneys, digestive system, nervous system including hysteria, epilepsy, nervous instability, skin, organs of the special senses, thyroid.
    - (2) Defective vision of marked degree.
    - (3) Permanently impaired hearing.
    - (4) Marked speech defects.
    - (5) Unsightly deformities.

Students with remedial defects may be accepted on condition that immediate treatment be undertaken for the removal of these defects.

4. Normal intelligence and satisfactory command of English as shown by ratings in standard tests. The tests to be used will be prescribed each year by the Board of Presidents and will be uniform for all State Teachers Colleges.
5. A personal interview with particular attention to personality, speech habits, social presence, expressed interests of the applicant and a promise of professional development.
  - a. The personal interview is to serve two purposes.
    - (1) It is to give the examining committee of the college an opportunity to select from the applicants for admission those persons who give promise of becoming desirable teachers.
    - (2) It is to take an inventory of the personal characteristics of the applicants who are admitted, making this inventory available to instructors and officers concerned with personnel work in the college.
  - b. The interview will be conducted at the college or other places and at times designated by the President of the college.

All applications should be made to the President, State Teachers College, Shippensburg, Pennsylvania.

### ADVANCED STANDING

1. Advanced credit will be given for equivalent courses completed in approved institutions of collegiate grade where the course grade received is above the minimum passing grade prescribed by the transferring institution. No student may obtain a certificate or degree without a minimum residence of one year in this college. A student transferring from another college will be required to present a statement of honorable dismissal from that college and to meet the same entrance requirements as any other applicant.
2. No candidate for a college certificate shall receive more than thirty-two semester hours credit toward graduation for work done in extension classes.

3. No credit will be given for correspondence work or extension work taken after September 1, 1927, for a normal school certificate.
4. Persons who have completed the work of the two year Kindergarten-Primary, Intermediate, or Rural curricula are admitted to Junior standing for a degree, provided they are graduates of an approved four-year high school. The exact number of hours credit granted will depend upon the curriculum which the student has completed and the one in which he wishes to secure his degree. Those who become candidates for the degree in the elementary field will secure two full years credit, but those who transfer to the secondary field will lose some credit, usually from ten to twelve hours.
5. Graduates of State Normal Schools prior to September, 1920, who have had a four-year high school preparation, can be awarded not more than sixty-four semester hours of credit toward the baccalaureate degree.
6. Graduates of State Normal Schools who lack four years of high school preparation may apply to the Pre-Professional Credentials Division, Department of Public Instruction, Harrisburg, Pennsylvania, for a high school equivalent certificate, which, when issued by this Division, will be accepted by the State Teachers Colleges as equivalent to graduation from a four-year high school.
7. No credit for public or private teaching experience, previously credited as high school equivalent or as equivalent professional credit toward graduation, shall be granted or counted toward meeting the requirements for entrance to or graduation from the four-year curricula.

### SCHOLASTIC REQUIREMENTS

1. For the purpose of reporting the progress of and giving assistance to each student, each semester is divided into four periods; the first of six weeks and three other periods of four weeks each. At the end of the first six weeks of each semester, each teacher hands to the administration office a record of the students who are not doing satisfactory work. A report is made to each student and, when deemed necessary, to the parent. At the end of the two succeeding four-week periods similar reports are made. At the end of the semester a permanent grade is recorded for each student and a copy is sent to the parents.
2. A Quality Point System is in operation and demands that a student, before he can be graduated, must have a number of quality points equal to the number of semester hours required in the curriculum. That is, a student in the four-year curriculum must have 128 semester hours of credit to be graduated and under the Quality Point System he must also have 128 quality points.
3. Quality point requirement before a student may be admitted to student teaching:
  - a. A student shall not be permitted to enter student teaching unless his quality points shall equal the number of semester hours required by the curriculum.
  - b. A student in the secondary curriculum shall be permitted to enter student teaching if he shall have achieved an average of C or better in each subject field to be taught in the laboratory school.

The Quality Point schedule is as follows:

An "A" grade shall give 3 quality points for each semester hour of credit

so marked; a "B" grade, 2 quality points; a "C" grade, 1 quality point; a "D" grade, no quality points; an "F" grade, a minus quality point, for each semester hour of credit so marked.

Students in the Cooperative curriculum receive grades of only "passing" or "failing."

4. Students whose competency as demonstrated through placement tests and educational records indicates ability to profit more through the selection of advanced courses may with the approval of the institution substitute such approved advanced courses in a particular field for courses listed in the curriculum. This regulation applies to all curricula.

### REQUIREMENTS FOR GRADUATION AND CERTIFICATION

1. Every student in the State Teachers College, Shippensburg, Pennsylvania, selects during the first two years, one of the seven degree curricula offered. All curricula are definitely four years in length and require the satisfactory completion of one hundred and twenty-eight semester hours for the degree of Bachelor of Science in Education. Every graduate is entitled to the Provisional College Certificate in the appropriate curriculum which, after three years of successful teaching and the earning of six additional semester hours of prescribed credit, becomes a Permanent College Certificate.
2. The Normal School Certificate and the State Standard Limited Certificate are no longer issued except to those who have already begun preparation for one of these forms of certificate.
3. All students are required to take part, without credit, in one physical education activity each semester in which no physical education courses or student teaching are required; and a minimum of one other extra-curricular activity one semester each year.

### PRIZES

*Scholarship Prize.* The class of 1908 offers a yearly prize of ten dollars to the four-year student having the highest average at graduation. This prize was awarded on Commencement day, 1939, to M. Marie Lenherr, Mercersburg.

*Distinguished Service Medal.* A gold medal presented by Mrs. Eleanor Kyner Boots, class of '89, suitably inscribed, will be awarded the student who, in the judgment of the student body and the faculty, has done most for the college during the year. Character, scholarship, initiative, community service, skill in athletics, debating and other school activities will be given due consideration. This prize was awarded on Commencement day, 1939, to Willard E. Kerr, Penbrook.

*Public Speaking Prize.* The Class of 1916 offers a yearly prize of five dollars for excellence in public speaking. The prize for 1939 was awarded to V. Elaine Fletcher, Johnstown.

### THE ALUMNI LOAN FUND

## GENERAL REGULATIONS

1. All clothing is required to be marked with woven numbers which are purchased by each student upon entering college.
2. (a) A uniform one-piece washable costume for physical education is prescribed for all women students.
- (b) A uniform costume for physical education is prescribed for all men students.

These costumes should be obtained after enrollment at the college.

Both men and women must wear the regular gymnasium shoes for gymnasium exercises.

3. Students should bring the following articles with them or purchase them on arrival at the college: A pair of blankets or heavy quilt, couch cover and dresser cover, pair of window curtains, towels, table napkins and toilet articles. Rooms are supplied with bed, bedding, bedspread, bureau, study tables, chairs and light fixtures.
4. Students may have radios in their rooms but must conform to the regulations in their use.
5. No change or alterations may be made in the permanent parts or fixtures of the rooms, nor nails driven into the walls.
6. Damage done to furniture and other school property is charged against the student responsible for it.
7. Students having guests over night who must be provided with dormitory accommodations must introduce such guests to the proper dean, Dean of

Women in the case of women, Dean of Men in the case of men, and arrange for the payment of the regular room charge of 50c per night.

8. In all proper ways religious influences are thrown around the student. The Campus Christian Association, which is undenominational in character, assumes the development of religious activity in the college and has a large membership among the student body. This Association provides a religious service every Sunday evening at six o'clock which closes in time for students to attend evening church worship. All students are urged to affiliate themselves with the church of their choice and attend its services on Sunday.

### COLLEGE PUBLICATIONS

*The Teachers College Herald* is the official college publication.

*The Campus Reflector* is the weekly publication issued by a student staff with a faculty adviser.

*The Cumberland* is the annual year book edited and published by the senior class.

### ATHLETICS

Ample provision is made for participation on the part of every student, men and women, in one or more forms of athletic exercise and such participation is required of each student each semester.

In addition to out-of-door exercises and the regular training in the gymnasium, the college encourages the following athletic sports:

#### WOMEN'S ATHLETICS

## ADULT EDUCATION CURRICULUM

(Sequence of courses subject to change for administrative reasons)

In the broadest sense adult education is concerned with all media of adult learning. Today in Pennsylvania thousands of adults are enrolled in classes to seek help in solving felt needs involving almost every interest of life. There are those who wish to secure credit toward high school or college graduation; others need help in solving problems of family relationship; some, in understanding the economic situation; some, in interpreting social conditions; others, in learning the responsibilities and duties of citizenship; still others, in adjusting personality to new conditions; etc.

The demand for teachers to help groups meet these vital needs is strongly felt at the present time. The State has recognized its obligation for adult education by providing funds for school districts which employ teachers for adults. This college believes that it can serve the citizens of Pennsylvania by educating teachers for this adult field.

A special four-year curriculum, authorized by the State Council of Education and available at this college only, is designed to familiarize students with the theory and practice of adult education. Graduates from this curriculum will be prepared to serve in school districts that will wish to meet their obligations to the adults of the community. In addition, by judicious selection of electives these graduates will be prepared to teach in the public schools of the Commonwealth.

Students may become majors in either the Bookkeeping (B), the Secretarial (S), or the Retail Selling (R) field. All three of these fields may be elected, or a combination of any two fields is possible.

These fields are indicated by the appropriate letters B, S and R on the outline of the curriculum.

Those who omit one or more of these fields may elect courses in the fields of English, Social Studies, Mathematics, Science, Art, Music, Geography, Education, or any other department of the college.

A total of 128 semester hours will be required for graduation and the degree.

A semester program of sixteen (16) semester hours is considered standard. "A" and high "B" students may carry a heavier program, not to exceed the college maximum.

\*Elective courses.

## COOPERATIVE EDUCATION CURRICULUM

A special four-year curriculum in elementary education authorized by the Board of Teachers College Presidents and available at this college only is designed to familiarize students with the theory and practice of progressive education. Graduates from this curriculum are prepared to assume positions in schools already employing or desiring to employ progressive techniques, and are also certified to teach in any elementary school of the Commonwealth. The first two years of this curriculum conform to the basic two years set forth on page 23.

## COURSES OF INSTRUCTION

Courses are designated according to the following scheme: Initial letters show subject field; numbers show curricula—1-10, all curricula; 11-20, required elementary; 21-26, required cooperative; 27-29, required secondary; 30-35, elementary elective; 36-39, cooperative elective; 40-60, secondary elective; 61-89, business education (61-81, required on all business education sequences; 82-89, required on special sequences: S—Secretarial, B—Accounting, R—Retail Selling, or elective as indicated); 90 and above, adult education.

### ADULT EDUCATION

Ad 90—*Psychology of Adult Learning*. Conditions favorable to adult learning; hindrances to it; the relation between emotion and adult learning; problems involved in reeducation; parenthood and its significance for adult learning will be studied in this course.

This course is designed for workers or prospective workers in the adult field and for public school teachers or prospective teachers who are aware of parent-pupil-teacher relationships and who recognize the importance of working with parents in the development of an adequate school program.

Ad 91—*Community Relationships*. The course will involve an analysis of community problems and their implications for education and community planning; a study of techniques for a community survey; a consideration of the need for community organization and fundamental principles underlying such organization and their relation to contemporary trends in community life.

This course will be approached from the viewpoint of the public school teachers since the school is an important factor in community life as well as from the viewpoint of the adult educator.

Ad 92—*Techniques of Leadership in Adult Education*. The nature of group leadership; the role of the leader; aspects of the leader group relationship; a consideration of method in adult education with a comparative study of group work methods and their implications for adult education; the use of teaching devices in the adult field will be studied. Special attention will be given to the meaning and use of discussion. Practice will be provided for those interested in learning the use of the discussion methods.

Ad 93—*The Philosophy of Adult Education*. A study will be made of the history of adult education in relation to social and economic trends. The present scope of adult education will be reviewed in the light of the increasing amount of leisure time in society today. A consideration of the principles and methods of adult education and their implications for preserving democracy in a world of increasing regimentation will be an important portion of the course.

The work will be conducted with the thought that it will be possible for each participant to develop a philosophy of adult education.

### Subject Field Requirements for Adult Education Curriculum

*Personal Finance*. Students completing work in this activity field will be prepared to help individuals solve problems of finance. Such courses as budgeting, personal accounts, buying, banking and investment, insurance, business law, advertising, marketing, retail selling, typewriting, stenography and accounting will be offered.

*Adjustment Service and Guidance*. Students who complete work in this field will be well enough informed to help adults find their proper places in work and social life. L-45—*Roman Civilization.* This course embraces a thorough study of the civilization of ancient Rome. Reports are given on the various phases of Roman civilization from the founding of Rome through the Roman Empire, and the private and national life of the Romans are fully discussed. 3 semester hours. MR. STEWART

## GEOGRAPHY

G-1—*Principles of Geography.* The emphasis of this course is on the inter-relationship between the physical and the cultural environment. Some of the important geographic factors, such as climate, natural vegetation, soil, minerals, water bodies and topography, are discussed. This course includes the fundamental principles of mathematical geography. 3 semester hours.

MR. ALLAN, MR. KREBS

G-2—*Economic Geography.* This course deals with the agricultural, industrial and commercial relations of the world. Special emphasis is placed upon the agricultural geography of the United States and its ability to feed, clothe and shelter itself. Minerals, their distribution and world interdependence is stressed. Urban geography and the geographic problems of site, location and growth of the larger cities of the world are studied. 3 semester hours.

MR. ALLAN, MR. KREBS

G-21—*Environmental Appreciation.* Consists of a study of the factors that influence man, and the use he makes of the natural environment, the forces of nature, the developments of science and social organizations to further his needs, progress and cultural development. Field trips are used to observe and evaluate these problems of study. (Cooperative Education). 3 semester hours.

MISS WILLOUGHBY

G-30—*Geography of the Western Hemisphere.* Includes analyses of areas in North and South America which are basic to a development of units of geographic understanding in elementary grades. Source materials, the geographic tools and techniques necessary for effective teaching are considered, though emphasis is placed on the study of adjustments of man to his environment. 3 semester hours.

MR. KREBS

G-31—*Geography of the Eastern Hemisphere.* A co-course with the Geography of the Western Hemisphere. Greater complexity of the natural, economic, and political regions, suggests the desirability of having this course follow G-30. Study is made of the underlying conditions of Europe, Asia, and Africa as a basis for present and recurring problems of their peoples.

3 semester hours. MR. KREBS

G-40—*Geography of the United States and Canada.* National welfare and progress demand a knowledge of how adjustments are to be made to natural

regions, whether physical, climatic, or economic in character. This course aims to show how such adjustments in the United States and Canada may be made through planning based on factual knowledge rather than accidental and transitory expedients. 3 semester hours. MR. KREBS

G-41—*Geography of Latin America*. A general survey of South America is made followed by an intensive study of each major geographic region. This regional study is made to give the student a more complete understanding of the inter-relationship between physical and cultural development of South America as well as the interdependence of North and South America.

3 semester hours. MR. ALLAN

G-42—*Geography of Europe*. A general picture of the physical landscape of Europe is given in the first part of the course. The second part deals with an intense regional study of Europe. The economic and political problems are stressed in light of the physical background. 3 semester hours. MR. ALLAN

G-43—*Geography of the Pacific Realm*. This course deals with the problems of the peoples of the Pacific Basin. The main emphasis is put upon the geography of China, Japan and Australasia. The economic and political relations of the Orient and Occident are stressed. 3 semester hours. MR. ALLAN

G-44—*Climatology and Meteorology*. This course is divided into elementary meteorology and climatology. Amateur daily weather forecasting and instrument use forms the natural interest in the course. The important classifications of climate are studied and the student is expected to know one classification completely. Plant and animal responses are studied in light of their climatic environment. 3 semester hours. MR. ALLAN

G-45—*Physiography*. The course is designed to give the student an appreciation of topographic features and modifying agents of the earth. The major topics discussed are as follows: weathering, wind, ground and running water, ice, vulcanism, diastrophism and wave and ocean currents.

3 semester hours. MR. ALLAN

G-46—*Conservation of Natural Resources*. The course deals with the study of intelligent utilization of soils, forests, grasslands and minerals as well as the proper utilization of streams, lakes and wild life for recreational purposes. The idea of a national program in conservation will be included in this course.

3 semester hours. STAFF

G-47—*Field Courses*. From time to time the department of geography will offer field courses to various parts of the country including Western United States, New England and Maritime Canada, Southern United States and intensive field work in Pennsylvania. The credit will vary from 3 to 6 semester hours depending upon the area studied and the length of time in the field.

MR. ALLAN

G-48—*Commercial and Industrial Geography*. This is an intensive course studying the factors controlling agricultural, commercial and industrial relationships. Emphasis is put upon production and utilization of commodities. The development of the city and factors controlling city growth are stressed.

3 semester hours. STAFF

G-49—*Trade and Transportation*. The fundamental aspects of trade will be studied in detail and the methods of moving goods from the areas of production to the areas of consumption will be stressed. Trade centers and trade routes will be studied. Commercial and Industrial Geography is a prerequisite for this course. 3 semester hours. STAFF

G-50—*Geography of Pennsylvania*. This is an extensive course dealing with the physical and cultural development of the state. Geology, climate, soil,

and natural vegetation will be emphasized where they influence the cultural pattern. Field trips to local points of interest are to be an integral part of the course. 3 semester hours. MR. ALLAN, MR. KREBS

G-61—*Economic Geography I*. This course is designed for beginning students in the Business Education curriculum. It will stress the geographic factors, such as climate, natural vegetation, soil, minerals, etc., in light of the cultural environment. This is a foundation course for Economic Geography II. 3 semester hours. MR. ALLAN, MR. KREBS

G-62—*Economic Geography II*. See G-2. 3 semester hours. MR. ALLAN, MR. KREBS

### HEALTH EDUCATION

H.Ed.-1—*Health Education I*. This course provides for three hours of activity and one hour of class room procedure throughout the freshman year. In the activity course the student will become familiar with modern conceptions of physical education and develop skills in team and individual sports with special emphasis upon carryover values. Hockey, soccer, archery, basketball, hand ball and tennis will be included in the first semester, also a program of folk and national dances. In the classroom the student will become familiar with the fundamental health habits, attitudes and knowledge supporting his daily living. 2 semester hours. MISS ROBB, MR. GULIAN

H.Ed.-2—*Health Education II*. This course is a continuation of Health Education I with the same division of time. In the activity course volley ball, deck tennis, ping pong, shuffle board, baseball, tennis and archery will be included in the second semester, also a program of social and modern dancing. In the classroom the student will be free to study specific health problems which are of personal interest to him. 2 semester hours. MISS ROBB, MR. GULIAN

H.Ed.-11—*Teaching of Health*. This course will acquaint students with the physical and psychological characteristics of children at various age levels and guide them in wise selection of activities suited to each grade. Teaching methods will be studied and opportunities provided for practical application of these theories. 2 semester hours. MISS ROBB, MR. GULIAN

H.Ed.-21—*Interpretative Rhythm, inc. Teaching of Health*. This course aims to give students opportunity to express ideas, moods, and emotions through body movement. The development of sensitiveness to musical rhythms is stressed. Each individual develops his personal interests and participates in group activity. The course is professionalized so that students become familiar with methods and procedures used in presenting such a course to children. (Cooperative Education). 2 semester hours. MISS HOFFMAN, MISS ROBB

### MATHEMATICS

M-11—*Curriculum in Arithmetic*. The major objectives of this course are to give the student an overview of the curriculum in arithmetic for the elementary grades, and to study present trends in teaching the basic phases of the work in grades one to three from the standpoint of significance and meaning. 2 semester hours. MISS KIEFFER, MR. GROVE

M-21—*Number Projects*. The objectives of this course are centered largely in the techniques involved in organizing, presenting and developing units of study which may be used as vitalizing factors in mastering the fundamental

BS-50—*Comparative Anatomy*. Anatomical study of various types of vertebrate forms as the fish, turtle, bird and rabbit are studied.

3 semester hours. MR. SHEARER

BS-51—*Histology*. This work is intended to give students a knowledge and understanding of the various tissues and their relationships in way of forming organs. 3 semester hours.

MR. SHEARER

BS-52—*Genetics*. The basic principles of heredity and variation involving the mechanisms necessary for their understanding are studied. Considerable time is given to eugenics. 3 semester hours.

MR. SHEARER

BS-53—*Embryology*. The fundamental aspects of embryonic development of vertebrates are considered. The chick and pig are made the basis of instruction. 3 semester hours.

MR. SHEARER

BS-54—*Entomology*. Life history, distribution and classification of insects from the standpoint of economic relationships are studied. Collecting and preserving are made part of the work. 3 semester hours.

MR. SHEARER

BS-55—*Advanced Nature Study*. This course supplements the plans of the elementary course and in addition attempts the development and understanding of the biological and physical principles that are found incorporated in nature study. 3 semester hours.

MR. SHEARER

#### PHYSICAL SCIENCE

PS-1 and 2—*Physical Science I and II*. A survey of the fields of astronomy, geology, physics, and chemistry, presenting the organization of each field and as much subject matter as time permits. The development of vocabulary and an understanding of the methods of science are emphasized. Two hours of class and two of laboratory per week for a year. 6 semester hours.

DR. MULDER

PS-40 and 41—*Inorganic Chemistry*. A systematic study of the history, occurrence, preparation, properties, metallurgy, and the applications to daily life of the important non-metallic and metallic elements and their compounds. Emphasis will be placed upon chemical calculations and upon the fundamental principles, laws, and theories of chemical action. The laboratory work during the second semester will include an introduction to Qualitative Analysis.

8 semester hours. DR. WRIGHT

PS-42—*Physics I—General College Physics*. Mechanics and heat. Exact quantitative relations are stressed, but without the use of calculus. First semester. 4 semester hours.

DR. MULDER

PS-43—*Physics II—General College Physics*. Electricity and magnetism, light, sound, and modern physics. Second semester. 4 semester hours.

DR. MULDER

PS-44—*Qualitative Analysis*. Designed to acquaint the student with the theory and practice by which the important metals and acids are separated and identified in complex mixtures, alloys, ores, and minerals. A study will be made of ionization, mass action, and other fundamental theories.

3 semester hours. DR. WRIGHT

PS-45—*Quantitative Analysis*. An introductory course illustrating the fundamental principles of gravimetric, volumetric, and electrolytic methods of analysis. Practice in stoichiometry, careful manipulation of apparatus, and accurate analysis will be stressed. 3 semester hours.

DR. WRIGHT

PS-46—*Organic Chemistry*. An introduction to the study of carbon compounds. Covers briefly the aliphatic and aromatic series with a discussion of the more important derivatives. Processes involved in the more important industrial operations and life processes in plants and animals are stressed.

3 semester hours. DR. WRIGHT

PS-47—*Physical Chemistry*. Designed to acquaint the student with the laws and theories that relate to the behavior of gases, liquids, and solids, molecular weight determinations, solutions, atomic structure, thermo-chemistry, chemical equilibrium, and colloids. 3 semester hours. DR. WRIGHT

PS-48—*Industrial Chemistry*. The purpose of this course is to show the applications of chemical principles in various industries. Visits to certain key industries, class discussions, and reports will comprise the course.

3 semester hours. DR. WRIGHT

PS-49—*Physiological Chemistry*. This course includes the study of the chemistry of digestion and enzymes, the metabolism of carbohydrates, fats, and proteins, composition of foods, respiration, and nutrition.

3 semester hours. DR. WRIGHT

PS-50—*Food Chemistry*. The major portion of the time allotted to this course will be devoted to laboratory work. The laboratory work may be selected from the quantitative estimation of fats, sugars, starches, milk, vinegar, cereals, etc. Microscopic examination of vegetable foods and testing for food purity will be included. 3 semester hours.

DR. WRIGHT

PS-51—*Colloidal Chemistry*. Designed to acquaint the student with the colloidal systems. Emphasis will be placed upon films, froths, gels, soaps, emulsions, surface tension, and absorption. 3 semester hours.

DR. WRIGHT

PS-52—*Geology*. The historical aspect of the subject is made the foundation of the study. Development of continents and life forms as revealed in rocks in the form of fossils are the main centers of approach.

3 semester hours. MR. SHEARER

PS-53—*Mechanics*. Topics in advanced mechanics, with problems and laboratory work. Calculus required. 3 semester hours.

DR. MULDER

PS-54—*Heat*. Selected experiments and topics, including the fundamentals of thermodynamics. 3 semester hours.

DR. MULDER

PS-55—*Magnetism and Electricity*. The emphasis in this course is on measurement in both fields. Laboratory work. 3 semester hours.

DR. MULDER

PS-56—*Hydrostatics*. Fundamental principles and their applications. The principles of hydrodynamics used in aviation are also introduced.

3 semester hours. DR. MULDER

PS-57—*Optics*. Advanced optics, both geometrical and physical.

3 semester hours. DR. MULDER

PS-58—*Modern Physics*. The developments in physics since 1895, starting with the electron and including such recent topics as positrons and artificial radioactivity. 3 semester hours.

DR. MULDER

PS-59—*Sound*. Selected topics in acoustics, supersonics, musical sounds, etc. 3 semester hours.

DR. MULDER

PS-60—*Physics Laboratory*. Chiefly experiments of intermediate nature in fields in which the class is interested. Some time will also be devoted to study of the types of apparatus suitable for secondary schools, their care and repair.

3 semester hours. DR. MULDER

#### ELEMENTARY SCIENCE

S-11—*Curriculum in Elementary Science*. Elementary courses in science should acquaint students with their environment and their significance to their environment. Beginning with familiar facts and phenomena, scientific growth

and the nature and importance of science in life need to be taught the students. In succeeding grades the background of preceding grades needs to be enlarged and emphasized.

Sources of information are very necessary and some time is spent on this problem in the course. This course offers a plan of procedure for science teaching in the elementary grades and provides a basis for the experience in planning suitable courses for the several grades in the elementary curriculum.

3 semester hours. STAFF

S-30—*Descriptive Astronomy*. A non-mathematical study of the solar system, including the earth and moon, the stars, and nebulae. Familiarity with the planets, the brighter stars, and the more interesting constellations will be developed by field work. 2 semester hours. DR. MULDER

S-31—*Agriculture and Nature*. Supplies fundamentals of fact and concept in the biologic world. The aim is to develop a spirit of observation and investigation and the ability to interpret nature as we find it. The student who acquires an appreciation of the living world will find pleasure in his environment and add to his store of knowledge. 2 semester hours. MR. KREBS

## SOCIAL STUDIES

### HISTORY

SS-1—*History of Civilization*. An orientation course surveying the major historical movements in western culture through ancient and medieval times. This course attempts to give the student an understanding of present day civilization and his relation to it through a study of its origins and developments. 4 semester hours. DR. LOUCKS, DR. VALENTINE

SS-11—*U. S. History to 1865 (Elementary Curriculum)*. A survey course in American History designed for elementary teachers. Social, cultural and biographical materials receive special emphasis. 3 semester hours. DR. LOUCKS, MISS ROLAR

SS-30—*U. S. History Since 1865 (Elementary Curriculum)*. A continuation of SS-11 covering the period from 1865 to the present. The work is professionalized with special reference to the needs of elementary teachers. 3 semester hours. DR. LOUCKS, MISS ROLAR

SS-40—*Social and Industrial History of the U. S.* A course surveying the social and economic factors underlying the formation of the Republic and the conflict between nationalism and sectionalism which led to the Civil War. Major emphasis is placed upon the triumph of industrialism in the post-Civil War period and its widespread consequences. 3 semester hours. DR. LOUCKS

SS-41—*Modern European History*. Beginning with the expansion of Europe and the rise of modern capitalism, this course surveys the interplay of economic, political and cultural factors which have been most influential in creating the contemporary scene in Europe. Prerequisite, History of Civilization. 3 semester hours. DR. LOUCKS, DR. VALENTINE

SS-42—*Early European History*. An advanced course in ancient and medieval history stressing particularly the intellectual and cultural aspects of these periods. 3 semester hours. DR. LOUCKS

SS-43—*Renaissance and Reformation*. An advanced course on this important transitional period emphasizing both the underlying causes and far reaching effects of these movements. 2 semester hours. DR. LOUCKS

SS-44—*History of the U.S. I.* A course for students in the secondary curriculum which deals with the settlement and development of the English colonies and their separation from the empire. The major political, economic and cultural trends of the nation to 1865 are also studied. Prerequisite SS-40. 3 semester hours. DR. LOUCKS

SS-45—*History of the U.S. II.* A continuation of SS-44 dealing with the period from 1865 to the present. The interrelation of economic, political and cultural factors is stressed. Considerable emphasis is placed upon the nation's development since 1918. Prerequisite SS-40. 3 semester hours. DR. LOUCKS

SS-46—*History of England.* A survey of English history stressing the political, economic and cultural developments which enter most largely into the American heritage and bind the two nations together. Emphasis is placed also on the recent economic, social, imperial and foreign policies of Great Britain. 3 semester hours. DR. VALENTINE

SS-47—*History of the Far East.* The important, earlier historical developments and cultural achievements of the Orient are briefly surveyed to provide an understanding of recent events there. The modern relations of eastern Asia with Europe and America are traced, with emphasis on recent developments which vitally involve American interests. 2 semester hours. DR. VALENTINE

SS-48—*History of Latin America.* This course surveys the development of Latin America, tracing its political, economic and cultural relations with the United States and Europe, and indicating its place in world affairs. Emphasis is placed on its position in recent American diplomacy. Prerequisite, U. S. History. 3 semester hours. DR. VALENTINE

SS-49—*History of Pennsylvania.* This course surveys the political, economic and cultural developments of Pennsylvania and adjoining regions, with attention upon the students' use of local history materials. 2 semester hours.

MISS ROLAR

#### SOCIAL SCIENCE

SS-2—*Principles of Sociology.* An introductory course which introduces students to fundamental sociological concepts and applies these in a study of some of our most important social institutions. 3 semester hours.

MR. BRUNNER, DR. LOUCKS

SS-3—*American Government.* Study of the principles of government is followed by more detailed examination of the structure, powers, interrelations and activities of the various units of American government. Emphasis is placed upon vital problems such as democracy and efficiency in government, administrative reorganization, tax reform, and local government areas.

3 semester hours. DR. VALENTINE, MR. BRUNNER

SS-21—*American History and Government.* Political principles and concepts long established in the United States are studied, with stress upon their application to present day conditions. Recent developments in the nature and extent of government activities are traced, and many vital problems studied, such as democracy and efficiency in government, social security, and government regulation of economic life. (Cooperative Education). 3 semester hours.

DR. VALENTINE

SS-22—*Social Activities.* Based upon Civics and U. S. History, this course stresses the development of a series of activities which serve to direct the social learning of pupils. It provides through discussion and reading the necessary backgrounds for interpretation of present day social problems. Opportunity is provided for organizing social studies materials and for observing pupil activities in the laboratory school. (Cooperative Education).

3 semester hours. MISS ROLAR

SS-31—*Civic Education (Elementary Curriculum)*. This course seeks to give the student an understanding of citizenship values through the study of local government, political organization and community agencies. Ways of developing civic attitudes in the pupils through the school curriculum and pupil activities are stressed, and the teacher's responsibility in the community considered. 3 semester hours. MR. BRUNNER

SS-32—*Rural Sociology (Elementary Curriculum)*. A course designed for students of rural education which treats sociological principles and problems as they relate to rural conditions. 3 semester hours. MISS SMALL

SS-50—*Principles of Economics*. An introductory course surveying the economic organization of our society, to help the student discover the principles and patterns of economic behavior which obtain therein. Emphasis is placed on the broad social effects of economic conditions today, and on economic reforms for the general welfare. 3 semester hours. DR. VALENTINE

SS-51—*Industrial Relations*. An advanced course which deals with corporations, production and labor, with the emphasis on the relations of labor and capital, and the relation of government to these two forces. Prerequisite, Principles of Economics. 2 semester hours. DR. VALENTINE

SS-52—*Comparative Government*. A comparative study of the principles, forms and functions of fascist, communist and democratic governments. Such subjects as bureaucracy, dictatorship, constitutional order, federalism, legislative representation, political parties and electoral systems are examined in this functional and comparative fashion. Prerequisite, American Government. 3 semester hours. DR. VALENTINE

SS-53—*Twentieth Century World History*. This course undertakes the study of international relations in a somewhat novel fashion. Attention is directed to the present national policies of the great powers which dominate the contemporary scene. An attempt is made to understand and interpret these in the light of their basic factors, economic, ethnic, geographic, political and historic. An advanced course for majors, prerequisite SS-41. 3 semester hours. DR. LOUCKS

SS-54—*Social Problems*. A sequel to SS-2, this course is concerned with the more persistent problems which grow out of social change and maladjustment. Among the specific problems studied are family conflict, problems of population shift, increase and composition, race and nationality conflict, industrial conflict, poverty, crime and delinquency. 3 semester hours. DR. LOUCKS

SS-55—*Evolution of Social Institutions*. This course undertakes the analysis and evaluation of the major social institutions of modern society in the light of their historical origin and development. The contribution which anthropology makes to this field of study is utilized. 3 semester hours. DR. LOUCKS

SS-56—*Introduction to Philosophy*. This course attempts to introduce students to the historic types of philosophy but more especially to the adventure of philosophizing, the habit and enjoyment of reflection and to show its relevancy to the current tasks of civilization. 3 semester hours. DR. LOUCKS

SS-57—*Ethics*. A civilization is determined and measured chiefly by its moral development. To help the student understand western civilization, its evolving moral standards and practices are traced. This is followed by consideration of the major moral or ethical problems facing the individual and society today. 2 semester hours. DR. VALENTINE

SS-61—*Economics I (Business Curriculum)*. This course is equivalent to Principles of Economics. See SS-50. 3 semester hours. DR. VALENTINE

SS-62—*Economics II (Business Curriculum)*. A continuation of Economics I (Principles of Economics). The relation of the economic organization and its principles to the student as an economic individual, especially as a consumer, is the central theme here. Emphasis is placed on such personal problems as credit buying, market practices, housing, investments and insurance. Prerequisite, Economics I (Principles of Economics). 3 semester hours. DR. VALENTINE

## Student Organizations

### GOVERNING ORGANIZATIONS

*The Student Cooperative Association* determines the amount of the Activity Fee and through its constitution delegates to the President's Council the determination of the activities budget and its administration.

*The President's Council.* This body is composed of eighteen student members and four advisory faculty members, all of whom hold membership in the council ex-officio, by reason of their leadership of specific activities of the college. The president of the college is the president of the council. It administers the activities funds through a budget system by which each of the activities of the college is allocated its share of the money available for this purpose. The council elects a student treasurer and checks against the activities fund must be signed by the president and the treasurer of the council.

This body controls and directs the student activities of the college under the authority of the Student Cooperative Association. The council is responsible for the operation of the cafeteria under the sponsorship of the dietitian and of the retail store under the sponsorship of the business manager. The cafeteria serves primarily the day students of the college although all students and faculty are free to avail themselves of its services. The retail store handles the purchasing of all textbooks, college stationery, jewelry, individual athletic equipment and other items required by the several courses of study and extra-curricular activities of the college.

*Student Government Organizations.* Four student government organizations exist at this college, one for day student women, one for boarding student women, one for day student men and one for boarding student men. Each organization has its officers and is responsible to the dean of men or women respectively and to the President's Council for the social life of the college, including such behavior problems as arise from time to time.

### MUSICAL ORGANIZATIONS

*Women's Choral Club.* The Women's Choral Club is an organization of women selected by examination. Any student is eligible if she meets the requirements, but the total number must not exceed fifty members. This club appears in concert during the year and aids in other musical performances of the college.

*Men's Glee Club.* Admission to this club is by an examination in the ability to sight-sing and to read music written in four parts. The total number of men in this organization is determined by the director, proper balance of the different parts being the deciding factor. The club gives a concert each year, and then a tour is arranged. It is necessary for all the members of this organization to enroll for at least two semesters.

*Chapel Choir.* The Choir sings at the regular Chapel meetings, singing the Doxology and certain responses to the prayers. The group is a mixed group, being composed of twelve men and twelve women. The Choir gives several programs for the college.

*College Band.* This is a uniformed group which plays for all the at home football games, and at least two of the away games. The band also drills,

forming letters of all the visiting colleges. During the first semester this group is primarily a marching band, but during the second semester it is a concert band, giving at least one concert at the college. The band also plays for numerous occasions during the college year. Admission is by examination in the techniques of the instrument, and the ability to read music reasonably well. Bring your instrument to college and apply for admission if interested. The college owns many instruments which may be loaned to deserving students.

*College Orchestra.* This club is open to all students who play an instrument. Admission is by examination in the proper techniques of the instrument and the ability to read music reasonably well. The group plays for all Chapel exercises, many college functions, and usually gives one complete concert. Students are urged to bring their instruments and apply to the director of music for admission to this group. Certain orchestral instruments are owned by the college and are loaned to students on request.

There are other small groups, both instrumental and vocal; these include the string quartette; the male quartette; the women's trio; the brass quartette; the string quintette, and the wood-wind quintette. Other groups may be arranged for as required.

### ATHLETIC ORGANIZATIONS

*Women's Athletic Association.* Membership in this organization is earned by a point system in major and minor sports, the purpose being to encourage participation, cooperation, good sportsmanship and to offer opportunities in leadership training to the women of this college. W.A.A. promotes and participates in Sport Days with neighboring colleges, holds a formal dance, provides special programs in swimming and dancing for May Day, Homecoming, Alumni Day, etc.

*Men's Athletic Association.* All men students interested in athletics are members of this association. The association approves proposed intercollegiate agreements, contracts and schedules, determines the awarding of insignia, advises as to the athletic budget, determines the eligibility of students for athletic competitions, administers the program of intra-mural sport, promotes interest in and attendance at athletic contests by students and the community, and exercises such other powers and duties as may be delegated by the Athletic Council.

*The Athletic Council.* The Athletic Council consists of the athletic adviser, the director of athletics for women, the director of athletics for men, the business manager, and the officers of the two athletic associations. The president of the college is the chairman of the council. The council determines the athletic policy of the college and directs the budgeting of finances for the support of athletics.

### DRAMATIC ORGANIZATION

*The Masquers* is the organization designed to provide for students interested in dramatics. Members are given opportunity not only to take acting parts, but also to direct plays and to experiment with lighting, make-up, and staging. In 1939-40 the Masquers presented five major productions as well as one-act plays at the regular weekly meetings of the organization. Membership is limited and determined by competitive try-outs.

### RELIGIOUS ORGANIZATIONS

*Campus Christian Association.* This is a new organization formed by the merging of the former Young Women's and Young Men's Christian Associations. Membership is voluntary. While the social aspect of the work of the

organization manifests itself at all times and everywhere, it is especially concerned with the religious aspect of the college. The activities sponsored by the organization give opportunity for the practice of the principles for which the organization stands. Regular meetings are held every Sunday evening at 6 o'clock.

*Bible Training Class.* The purpose of this group is to arrive, by Bible study and group discussion, at an intellectually adequate and emotionally satisfying religion which will find expression in Christian living. Weekly meetings are held on Wednesday from 4:15 until 5:15.

### STUDENT PUBLICATIONS

*Campus Reflector.* The college news publication appears weekly during the college year and reports the doings of the student body and faculty. Its purpose is multifold; it aims to keep the college before the public and to provide activity for students whose interest lies in the direction of amateur journalism; it also serves as a forum where controversial subjects may be discussed. It stimulates and maintains student morale. It is especially interested in all activities of creative quality. For the past five years the Reflector has won a high rating in the Columbia Scholastic Press Association contest and the Pennsylvania School Press Association Contest.

*The Cumberland* is the annual yearbook edited and published by the senior class and paid for by the Student Cooperative Association. Every registered full time student receives a copy of this yearbook which represents in word and picture the spirit of the college. Its form varies from year to year.

### CLUBS

*Art Association.* As an extra curricular organization of the college, this club is maintained for the benefit of those students who are interested in some phase of art activity. It has for its objectives the growth of art appreciation, the development of talent beyond that which the classroom offers, and participation in many college-sponsored activities, such as: decorating for college dances and entertainments, painting stage scenery for dramatic productions, designing posters, presenting art fairs and exhibits, and visiting New York and other art centers to view important art collections.

The club meets weekly on Thursday afternoons to discuss the work of the various committees which function within the association. New projects and activities are considered at each meeting, and past work is criticized and judged. The faculty sponsor endeavors to maintain a spirit of cooperation among the various groups within the organization in order to bring the full aid of the club to any current project or activity for the benefit of the club itself or any other department of the college.

*Chess Club.* Students interested in chess and with an elementary knowledge of the game are invited to join the Chess Club which meets weekly and plays both intra-mural and intercollegiate matches. Chess experts are invited from time to time to speak to the club.

*The College Chamber of Commerce.* All business education curriculum students are associate members of the College Chamber of Commerce and may take part in all of its activities. Active membership qualifies as an extra curricular activity and permits office holding and serving on committees. Regular programs are sponsored that are of interest both to the business education students and to the entire student body, with special speakers and demonstrations from the actual business world.

Special divisions of the Chamber are conducted to offer opportunity for the further development of interests along the lines of the various sequences, including special recognition for merit in shorthand, typing and transcription; accounting and general business machines operation; and projects of special interest to majors in retail selling. Special functions in the social life of the college are sponsored by the Chamber during the year for the members and their friends.

*The Cooperative Education Club* is a voluntary organization of students of the Cooperative Curriculum who, at their bi-weekly meetings, discuss current problems and trends in progressive education as revealed in school visits, in current literature, and in radio broadcasts. At some meetings, guest speakers will be invited to meet with the club.

*Country Life Club.* All students interested or majoring in rural education are invited to join this club. Here students are given opportunity to study and present rural problems. Interesting and educational programs are rendered at the weekly meetings. A Rural Education Day is sponsored by the club.

*English Club.* This is an organization formed in the fall of 1932. Its membership which is limited to twenty persons is made up of upper classmen, interested in the field of English, who show high scholarship in this field. Last year the group attended theatrical performances of note and opportunities are offered for personal contact with literary personages.

*Euclidian Club.* This organization, named after the early Greek mathematician, Euclid, is an extra-curricular activity for students who are preparing to teach mathematics.

*French Club.* This extra-curricular organization of students interested in French meets weekly and presents a variety of programs, usually in French.

*Gamma Delta Gamma,* the debating club, consists of students interested in debating, all students being eligible to membership. During the first semester one hour each week is devoted to debate practice, study of the intercollegiate debate question and preparation for the debate tournament in December at New Wilmington, Pennsylvania, in which at least two of our teams have been participating each year. In the second semester the teams engage in about fifty intercollegiate debates, some at home and some on one week trips into neighboring states.

*Gamma Theta Upsilon.* This fraternity is of national character devoted to developing interest in the field and furthering the study of geography. It is symbolic of the challenge which geography offers "of the earth," "from the sky," and "under the sky."

*Geography Club.* This is an organization open to all students who are interested in the field of geography. The work of the club includes illustrated travel talks, helpful geographical contests, and slides of various places of the world. The main object of the club is to probe more deeply into the subject of geography than can be done in the ordinary class.

*The Intercollegiate Conference on Government* consists of the students who participate in the three-day sessions of the Intercollegiate Conference in Harrisburg late in April. Students from about thirty Pennsylvania colleges and universities participate in the work of a model governmental body such as a legislature, governor's conference or a national party convention, thus learning by doing. During the second semester only our student group meets one hour weekly in preparation for active part in the Harrisburg conference.

*International Relations Club.* A group of students organized under the auspices of the Carnegie Endowment for International Peace for the study and discussion of international relations. Club members make addresses and conduct forums on world affairs in neighboring high schools. Delegates are sent to the Eastern States Regional Conference. Regular weekly meetings, Tuesday, 3:15 to 4:15.

*Mathematics Club.* The Mathematics Club aims to promote a greater interest in mathematics among its members and in the college. The work of the club includes a study of important phases of the history of mathematics, the social significance of the subject, mathematical recreations and other activities of a mathematical nature. The club is open to all students interested in mathematics.

*Camera Club.* This club is open to all students of the college. Its purpose is to give to beginners the elements of photography. Camera technique, developing and printing of the pictures taken are a part of the work of the club. During the second semester opportunity for the planning, taking, and editing of motion pictures is offered as well as more advanced work in still photography.

*Philosophy Club.* The membership of this club is composed mainly of upper classmen. The activities consist of discussions, book reviews by members, and several guest speakers each semester. General discussion follows individual presentations. The topics considered are chosen by the club, and include those of social, historical, and philosophical aspects of contemporary life. The meetings are informal, weekly, and one hour in length.

*Phi Sigma Pi.* This is a national honor fraternity which was installed at Shippensburg in 1931. Membership may be gained by students who have been in residence a year or more and who are able to meet the scholastic, social and citizenship requirements.

*The Round Table* membership is open to any student interested in discussing books and libraries, and any outside subject related to either. Meetings are held every Wednesday evening at 7 o'clock in the library.
