## VAN DOREN MAKES AN IMPRESSION

### Interesting Lecture

Last Friday night Dr. Carl Van Doren, Literary Editor of the Century Magazine, spoke to us in the Auditorium. His subject was a combination of two talks of his. One of these talks is called "Cycles of Conduct and the other is the "Vogue of Dullness."

Following are a few of the outstanding points in his speech:

In this age of practicability and specialization our life is becoming more and more standardized. Each one of us is getting to live so much like everyone else. In our system of education it is necessary to give each pupil in the primary and elementary grades the same training. We have not the facilities to do otherwise and in our society each one of us must know certain things to get along. But past a certain spot special aptitudes and likes should be taken into consideration.

In our standardized life we become dull because no hard thinking is necessary to make a living. So many of our expert physicians, our prominent men are dullards as livers in the social sense.

"Main Street" the story of a foolish girl who had some intellect and many ideas is an epoch in American literature in that it makes the divergence from a certain type of literature which always turns out in a certain way. "Main Street" took a new course and made a demand for a wider range of interest among ordinary people. The trouble with what we call "ordinary" people is that they are too ordinary.

The world moves from one course of living and thinking to another form. All of us usually act alike. What is happening to our individuality, to our personality. America is a free country, let's branch out.

An interesting part of the lecture was the after discussion. Our meetings are becoming more and more on the Open Forum type. Let us take an active part.

Dr. Van Doren made a great impression. He was well liked by both students and visitors.

## GROWTH OF SOCIAL STUDIES DEPARTMENT

Professor Brill did all the work of the social-studies department until June 1925. Two teachers are now required in the department. Next year there will likely be three of them.

A year ago there was no course in community civics offered, nor was there one offered in economics. And more time is now being devoted to U. S. history. At present there are at least three such courses.

In accordance with the plans of the School, new courses will be added next year. There will be a course in political science and comparative government, at least one in European history and one in world history. With such an array of courses our School will be in a position to prepare prospective teachers in the field of social studies very well.

Additions to our books on history are being made to the Library almost weekly. Without proper facilities it is impossible to teach the social studies effectively.

## NORMAL LOSES TWICE AGAINST ODDS

### A Bunged-up Team Comes Home

Friday afternoon there was a rumor around the school that Normal had beaten Westchester. Everybody was all smiles. The next morning the school looked like blue Monday. The team had lost, score 42-26. The team was lost on a floor that was nearly twice as big as ours and they were way off form.

Sack was better than the rest. He was high scorer for us. The Westchester center ran wild. He shot from every position but standing on his head. All members of his team were lucky. I guess a horse shoe was blown into the game from the Westchester goat.

On the way to Shippensburg the team was marooned in Paoli. Oh what a God forsaken country it seems at night. The fellows spent the time in an exciting wait for the train. Every time a cricket chirped they would jump to the track to look for the train. Finally they got to Shippensburg. No reception was accorded them. But they got ready for the game and set their teeth for victory.

It's hard tho to beat six men—especially when one of them carries the whistle. The score at the end was 22-19. Austin, playing his best game of the season had a field goal and a foul that were not counted and Garrity had a foul. That was enough to tie the score. Once in a while a foul was called on Shippensburg but it was a treat so rare.

Garrity is going down the floor. He is fouled by Shippensburg and for once is given a shot. Shippensburg man says "What is the matter." Austin says, "Huh, didn't you see him pull a gun on him?" "Gun! what is the gun?" Ach Himmel. Such ignorance. We hope they are blissful.

The fellows came back, Sack had a black eye and Garrity had a bad lip—where he was shot. All we can do is to treat them good when they come here and hope for the best.

## FACULTY OF TEACHERS COLLEGES

When Bloomsburg is changed to a Teachers College, it will want its teachers to be distributed as follows:

40 per cent of them shall have completed four years of college work

35 per cent of them shall have completed one year of graduate study.

15 per cent of them shall have completed two years of graduate study.

10 per cent of them shall have completed three years of graduate study.

As soon as our School is organized as a teachers college and achieves such a standard, it will be placed in Class A. Nothing below this class is our goal. A study of our Faculty is now being made with such an end in view.

## GIRL SCOUTS

Miss Ann Roos has been sent here by the National Headquarters to give a course in the Girl Scout Movement. Several girls from the School and from the town have enrolled. It looks as though this were to be as successful and promising as the course in the Boy Scout Movement of last summer.

## DRAMATIC CLUB HOLDS ELECTION

Last Thursday evening the Dramatic Club held election of officers for the coming semester. The officers elected are: President, Jack Rowlands; Vice President, Daisy Alleman; Secretary, Joe Kane; Treasurer, Bob Sutliff.

## SENIORS TAKE CHAPEL SERVICES

### Plan Program

The Seniors have caught the forward movement that is sweeping thru this school, in fact the whole country. Chapel had been run by the Administration for a long time. When Louis the Fourteenth was the principal of the French Leaders' College he read the devotions, sang the songs and led the cheers. Occasionally the Cardinal made an announcement concerning a Musical Artists' Course or a box social. The kick in that has been lost. The Seniors wish to make things better so have taken charge of things themselves. Now watch out.

Arthur Jenkins, president of the graduating class of the Bloomsburg State Normal School, appointed a committee last week to look into the possibilities of a Senior Chapel run by Seniors. James Coursen, the well-known manager of basketball is the chairman of said committee. Under him labor four people urged on by his ironic and stinging tongue. These four are LaVerne Rees, Elgie Prutzman, Kathryn Monroe and Hugo Riemer. The committee got to work immediately and on the first day of the new semester had a student leading chapel, one leading singing and another at the piano. It went off alright.

The period opened when Thelma Fuller, chorister, announced the hymn and asked Jessie Zimmerman, pianist for the chord. Miss Moore's absence was hardly noticed. But I suppose that is because she was down in the front row.

Hugo Riemer, chapel leader, read a Scripture passage, called for a prayer and spoke on the plans of the committee. Volunteers were called for to appear on the platform.

More complete programs have been arranged as far as the end of March. Some days have been given to departments and others to organizations. Monday, Jenkins and Coursen will discuss informally, school spirit. Soon the class will be full of orators. A debate is already in embryo.

An honor system of checking attendance has been introduced. Now each person checks his or herself. No one will want to miss chapel. Too much will be going on. At a meeting Wednesday night the Program Committee put the finishing touches to their plans.

## "SKIPPERS" BECOME THE "CHAMPS"

### Beat The Five "B's"

On Tuesday evening at 7 o'clock, the game between the Skippers and the B. B. B. B.'s was an exciting one. This game was to decide the championship of the Junior class.

The B. B. B. B.'s were ahead nearly all the game but in the last quarter the Skippers organized to win and "win" they did. The final score was 29-25, making the Skippers the Champions of the Junior Class.

If you will all recollect, it was this same team who were the champions of the Soccer Tournament.

**EDITORIAL**

**STUDENT RESPONSIBILITY**

The students have assumed responsibility for the success of the auditorium exercises. The Seniors have drawn up programs for Mondays and Wednesdays; the Juniors have prepared programs for Tuesday and Thursdays. On each day the entire exercise will be in the hands of the students. They will lead the devotional exercises, conduct the singing, make announcements, report activities of the School, class, teams or organizations, and offer contributions of interest to assembled teachers and students. In addition, the students will check their own attendance.

This is all a new departure at our School. That is, however, no reason why it should not prove a success. It is bound to succeed. The students want it. Our Teachers have considered it from all angles and are anxious to have us try it. It contains many possibilities of good.

We are to acquire habits of self-control, self-direction, uprightness, responsibility and consideration of our duties and obligations to ourselves and the other fellow. How can we do this except by beginning now? We shall doubtless make many mistakes. The program and the exercises may not run off as smoothly as they would under some member of the Faculty who has had years of experience. However, whatever we do, will be done by us and with determination and good will we shall improve in what we do. We shall grow, and in time there will be fewer slips. The teachers will always be ready to help us.

This Saturday night Newport township High School goes to Nanticoke to play Nanticoke High School. The game promises to be a thriller. Nanticoke is first and Newport is second in this league.

**REACTION UPON DR. VAN DOREN'S LECTURE**

What has made us Americans so hide-bound? Why are we so conservative?

What can public school teachers do to stem the tide toward over-standardization?

Why did Dr. Van Doren say that too many go to college? Should a college education not safe-guard one against over-standardization? If so, should Dr. Van Doren not want as many as possible to go to college? Or does he have his doubts about the outcomes of a college course? Or don't the students have the ability to profit from such an education?

Is the younger generation less subservient to standardization although breaking with traditional customs? Is the break not merely a change of standard? The hair of all is short. The goloshes all flap. The ties are tied in the same way. The trousers are all wide. Painted slickers are the rage.

Did Dr. Van Doren mean to offer any solution? Or was his aim merely to describe conditions?

**THE NEW SPIRIT**

When Dr. Riemer asks questions or makes contributions to discussions in the Auditorium, the students are all on their metal. It is evidently his desire to lead us to be thinking, challenging individuals. In fact, the entire Faculty is now working with such an end in view. We are to use our heads with an inquiring spirit. What has been and is, is not necessarily what should be. In the field of education there is always room for improvement. No changes for the better have ever come without struggle. Are we willing to have an open mind, and ready to do what is essential to such a mind.

**BASKETBALL ON FRIDAY**

On Friday afternoon at 4:10, the Macs, champions of the 1 C b class and the T. T.'s of the Intermediate class clashed for the winner of the two class teams.

The game was exciting from start to finish and the referee, Miss Drummond was kept on the go all the time.

During the first quarter the T. T.'s were ahead by four points. Then with the second quarter, all effort and might and main were put forth by the Mac's and by the end of the first half they were ahead by one point.

With the third quarter, McHugh played forward in place of guard and with the end of the quarter the Macs were ahead 6 points.

Millie Hausch, the Captain of the T. T.'s scored some long shots which were spectacular. A funny incident happened in this quarter. Kellam was forced to leave the floor because of unnecessary "tearing" by one of Hausch's team.

About the last two minutes of the game, the Mac's were still in the lead and with the blow of the whistle to indicate the end of the game, the final score was 21-16 in favor of the Mac's.

The high scorers were Hausch, Coolbaugh, Roche and McHugh.

The snow of Monday was a wonder. Such is the weather of Columbia County. The snow continued on Wednesday and Thursday.

66 years of service  
**WATCHES, DIAMONDS AND JEWELRY**  
First National Bank Bldg.

**EDDIE HARRIS GOES TO EASTON**

Eddie Harris left us last Thursday. He received an offer from Superintendent Bay of Easton, Pa., to teach in the new high school erected in that city. Eddie is to teach Commercial work in the Junior High School.

We are sorry to lose him. He has been a factor in the life of the School during his stay here. His singing has added greatly to the joy of our activities. Last fall he managed the football team. He was Editor-in-Chief of the Obiter. For these reasons and because he is a good fellow we are sorry to lose him.

The fact that Edison Harris is to have an opportunity to teach in a Junior High School speaks well for our School. We want to train teachers for Junior High School positions. For that reason Eddie can be of great value to the School. He has an opportunity to prove that the training here is equal to any in the country for the training of Junior High School teachers. In fact, on account of our equipment it has been said a School like ours is more likely to turn out efficient teachers for these grades than can colleges.

Edison Harris will complete his course during the summer and by extension.

**EXTENSION COURSES**

The following Extension Courses will be offered at Wilkes-Barre this semester: Psychology and Child Study or Advanced Psychology; Children's Literature and Story Telling; Oral Expression; Principles of Education; Educational Sociology; Elementary Public School Music or Advanced Public School Music; Teaching of Arithmetic, Geography, Health Education, Handwriting, Nature Study, General Science. These courses have been advertised in the Wilkes-Barre papers. Enrollment will soon be undertaken.

Muhlenberg Weekly—Muhlenberg College, Allentown, Pa.—A real good newspaper. The 'Editors Scrap Book' corner is a good idea.

The Keystone News—Keyston Academy, Factoryville Pa.—A good paper but why not have more news?

We are very glad to receive a French publication—Le Petit Journal from Garden City, N. Y. Anyone who would be interested in reading this French paper may find it in the library.

According to the Indiana Penn, Fraser Gange delighted his audience when he appeared before the student body of Indiana Normal. His program was very much the same as he gave at B. S. N. S. We wonder if he was as well received at Indiana as he was at Bloomsburg.

The music department of Indiana, assisted by several artists presented Handel's great composition "The Messiah" at that place some time ago.

West Chester defeated Keystone Normal by the score 38-23.

Dickinson Seminary students were most fortunate in having two visits by members of the Billy Sunday party. In the first visit "Billy" himself appeared and gave a splendid address. The second visit was made by Mr. Rodeheaver, the noted artist and Miss Kinney. "Rody" delighted the audience with trombone and vocal selections. Miss Kinney talked to the student body regarding the social problems of a youth of today. These people are known the world over and have done much to help better the lives of men and women.

**LOCAL HAPPENINGS**

**Brief Mention Of People You Know**

Mr. Keller moved into his new quarters on Saturday.

Dr. Riemer went to Harrisburg yesterday for a conference concerning the appropriation.

Letha Baer, who spent some time at the Kutztown State Normal school has returned here.

Gus Townsen, from Harrisburg, has transferred his credits to the Millersville Normal School.

Supt. Geesey, of Sunbury, called on Dr. Riemer on Saturday. Dr. Geesey taught School Management at our Summer Session last year.

The weather of last week was invigorating. It made one feel overjoyed at the red blood in one's veins. One needed it to keep warm.

Mrs. Etta Keller will entertain the ladies of the Faculty this evening. The party will be held in the rooms of the Household Arts Department.

On February 22, there will be a big school party and dance in the gym. Alexanders' orchestra will furnish the music.

James Jones went home Wednesday on account of illness in the family. We extend hopes for a speedy recovery of his mother.

Miss Beatrice Eyerly has been added to Mr. Hausknecht's office. She will take the place of Miss Esther Kester.

Miss Winifred Myers is teaching social studies in the Junior High School this semester. Her pupils speak very highly of her work.

It seems good to have "Jerry" back. He had become such a large part of our School that the place was not quite the same without him.

The girls were allowed out Tuesday evening until 9:30 o'clock to celebrate the end of the first semester. They had a good time while doing so.

The following students left at the end of last semester: Doretta Beaver, Edison Harris, Amelia Martin, Augustus Townsen, Kenneth Vanbuskirk.

Judging from the Exchange column of the Millersville Snapper we can say that the Maroon and Gold is read at Millersville. They speak well of us, but want more editorials.

One shipment of the new study tables has arrived. The fourth floor received them. The third floor will be next. The second floor will come last.

Hugo Riemer had charge of the chapel exercises on Wednesday. Miss Zimmerman played the piano and Miss Fuller led the singing. The three set the ball a rolling.

The official bulletin board has been removed from its old place to a wall near the Business Office. This will make the board of greater service to the School.

Professor Sutliff's office is at the present time a busy place. Among 700 students there are always many adjustments to be made as graduation days approach.

Today Dr. Riemer is to speak twice at Benton before citizens of that district on the "Parent and the School" and on "Are We Playing Fair With the Rural Child?"

Ruth Gill and Mabel Davies have been confined to the infirmary for a few days. They have tonsillitis and grippe. We are looking for you to be out soon. Good luck.

"Mike" Kushma, '25, is teaching a rural school near Drifton. He is laying plans to attend the Summer Session of Susquehanna University to work for his degree.

Professor Bakeless is teaching the Latin of Grade 9 this semester. The class consists of fourteen excellent pupils, who chose Latin in preference to general science last September.

Dr. Pike spoke to the Seniors at 4:10 P. M. on Wednesday. He will give six successive lectures in accordance with his practice. These lectures have always been very helpful and full of interest.

Grier Riemer and James Mabie, of Bucknell University, spent the week end in town. They enjoyed dinner at the Normal School on Sunday night as the guests of Miss Murray and Miss Edmunds.

It is a joy to see the way in which the dining department is being managed this year. The meals are excellent. The dining room and kitchen are nice and clean. The service is efficient.

The 9 B group of the Junior High School passed a resolution that their appreciation of the decoration of Room 41 be expressed to Dr. Riemer. During the vacation this room was newly painted and decorated.

Mr. John Davis, of Williamsport, dropped in on Saturday. We have learned to know him and like to call him "Jack." He seems to be interested in a member of our Faculty. The two make a fine couple.

John Timko is doing good work as supervisor of the boys from among the day pupils during the noon hour. The same is being done for the girls by Myrtle Trembly. It is gratifying that this noon-day problem has been solved.

Miss Harriet Moore and Miss Patterson have been assigned an office in Science Hall. This was used by Miss Johnston until the end of last semester. All of Miss Johnston's classes are now given in the auditorium. For that reason it is more convenient for her to use the teacher's Rest Room for an office.

Miss Esther Kester has decided to sever her connections with the School as soon as the rush of the beginning of the semester is over. Miss Kester has been a very efficient clerk for the last four years. During this time she has had charge of the Supply Room. We shall miss her kindly treatment and friendliness. We wish her well in her new work.

The following new students registered this semester: Leht Baer, Harry Deiterich, Anna Dudinski, Irene Feeney, Hilda Feissner, Gerald Fitzpatrick, Jane Gleason, Pearl Hollander, Curtis Hoover, Helen Howells, Paul A. Lanshe, Mollie Maskowitz, Selina Miller, Jennie Myers, Hanna Nagelberg, Mary Price, Effie Rarig, Ethel Scholl, Catherine Skvarla, Ruth Smith, Grace Tozer, Clayton Uleckie, Alice Walker, Gertrude Warner, Della Whitt, Ruth Young.

**SUMMER SESSION BULLETIN**

The Summer Session bulletin has appeared. It announces the courses to be given. On the whole, these are about the same as those offered in 1925. There is a course on the Training of Scout Masters, and one on Present-Day Tendencies in Public Education. The former was given last summer tho not announced. In addition, certain regulations relative to the selection of courses are outlined. The Session begins June 21 and ends August 21.

**HALLS SHOW INTEREST**

Prof. Hall, wife and daughter are real basket-ball fans. In fact, they love and attend all athletic functions. Their presence shows an interest in the activities of the students and makes these functions better. Students like to see teachers take an interest in their activities.

**SENIOR GIRLS' GLEE CLUB**

Due to the announcement made last Monday in Chapel by Miss Patterson, the names of the Girl's Glee Club were posted and forty-two members were ready to start work on Tuesday afternoon.

All the work of organization will be finished the coming week when a president is to be elected. This president is to select a committee of five or six to work with Miss Patterson on music and the financial end of the Club.

Miss Ruth Young, a graduate of our Normal in 1921, is going to act as accompanist and we know that the Club is going to be a great success.

The Glee Club meets every Tuesday and Thursday at 3:20. If any of the members have two absences they are not allowed membership afterward.

This then allows one of the waiting list to fill in.

It is the desire of having the Glee Club accompanying the School Orchestra; put their effort forth in chapel; and put on some concerts for the students of the Normal to enjoy.

Kenneth Vanbuskirk left at the end of last semester because he had completed all the work for a Junior High School Certificate. We are sorry to lose Ken, but such is the lot of schoolmates. Generation succeeds generation, the one is always crowding the other out. We wish him well.

**NORMAL FIVE AGAIN  
LEAVES HOME**

**Plays Dickinson Seminary**

Not yet this year has the Normal Quintet won a game played off the home floor. When they are home they play like world beaters. They beat Westchester at home but lost away. The same happened with Shippensburg. This week promises to be successful and the Jinx will be broken.

Friday night the team goes to Dickinson Seminary. Recall the last years game. We walloped them two times. It was sort of easy. We are starting out today to repeat the performance. Come on men—the whole school is back of you.

Tomorrow we hit Mansfield. Mansfield beat Lock Haven pretty badly but we knocked them over. We hit Mansfield on their own floor, but what's the difference? Our boys are in such condition that they could beat the U. S. champs. Sack could knock out Dempsey this week with one of those overhand shots. Garrity and Jenkins could make Paddock look like a snail. Well—all's said and all looks good. Chase 'em to the wall.

The same crowd will take in these two games that went away last week. Captain Jenkins, a leader of leaders, a star among stars, will go first. With him the incomparable Walsh and Garrity, the mighty Austin, the wily crafty Sack and our galloping

subs Cooper, Swinehart and Nickie Vanbuskirk.

The inevitable companions of the team are always Coursen and Coach Jackson. Inevitable—can't lose them invaluable—can't do without them.

The school is looking for a victory this week. Boys bring home the bacon—the larder is getting low.

**FRIDAY CHAPEL**

A committee under the direction of Professor Albert took charge of Chapel last Friday in a very creditable manner.

After a short introductory speech, Benjamin Lewis, the chairman, announced the other speakers. Miss Margaret Richards spoke on California trees. Miss Mary Penman talked of Brazil, the giant of South America while Miss Mildred Kelly gave a very interesting account of village customs in Palestine. The speeches were received with enthusiasm and showed that the speakers knew their subjects.

**FACULTY NOTES**

The members of the faculty are already laying plans for the summer. Professor Hartline will again go to the State Normal School at Bellingham, Washington, to teach science during the summer session. Mr. C. H. Fisher, who was principal of our School from 1920 to 1923, is now principal of that normal school.

Mr. Hall has a chance to go to State College.

Miss Maupin will attend the University of Iowa to finish her work for the doctor's degree.

Miss Ward is teaching nutrition to the girls of Junior 3. This is a new course here.

Miss Conway's father preached in the Baptist Church last Sunday. His daughter drove him from there to Lewisburg where the two renewed their acquaintance with an old friend.

Mr. Hansmecht gave an excellent report on the State Teachers Retirement regulations at the Faculty Meeting last Tuesday.

Miss Hayden will study at Teachers College, Columbia University.

Mrs. Duncan will teach primary subjects at the University of Kentucky.

Miss Carpenter will continue her studies at Teachers College. She will take her degree in June and start for her second degree right after commencement.

**COMMENCEMENT**

On Monday in chapel, Dr. Riemer made the suggestion to Arthur Jenkins, President of the Senior class, to select a committee to talk about commencement with him.

Instead of selecting a committee, Mr. Jenkins called a class meeting after chapel on Wednesday and asked for volunteers.

As per usual, the class was "dead" when the suggestion was put forth. The President then said he did not know many of the people of the Senior class because they never volunteered neither were they willing to cooperate. He wished the ones not already on a committee or doing some other work would volunteer.

Finally, the class woke up, and the following people said they would volunteer for the work which he wanted them to do: Laura Mann, Margaret Isaacs, Laura Zeilinski, Grace Roberts and Lucille Kaufman.
