BLOOMSBURG HEARD FAR AND NEAR OVER RADIO

Miss A. J. Perner and her company of artists journeyed to Scranton last Friday where they put on the air a program from WQAN. The trip was made in machines graciously furnished by Dr. Riemer, Creveling Strausser and Miss Eleanor Letterman. The latter is to be especially commended, she having played no part in the program.

The work of both Double Mixed and Octet was of the highest. Miss Perner has been receiving letters daily from radio fans expressing their appreciation of her program.

Other features were: violin solos by Creveling Strausser; solo by Miss Perner; Piano selection by James Bittenbender and an address by Dr. Riemer.

The latter paid his respects to Miss Perner for her time and interest in the above voluntary organizations. He spoke of the part music plays in the daily life of Bloomsburg Students and the need for it in communities to which students return. Music, he said, helps to make a community better and happier. It also aids pupils in making worthy use of their leisure. Dr. Riemer assured the graduate listeners in "that the school was still forging ahead and efforts are so directed as to attain the highest ideals possible."

Miss Pearl Mason, librarian, acted in the capacity of announcer, making such excellent work of her task that Mr. Nealon, the official employed in that capacity, made but few remarks the entire evening.

The party had dinner at the Casey.

SIDE-SPLITTING COMEDY HERE NEXT FRIDAY

On next Friday, April 30th, the "Bloomsburg Players" will present a comedy such as has never been seen here before. It is called "The Rivals" written by Richard Brinsley Sheridan and has delighted audiences since 1775.

In it may be found some very strong comedy parts, among which may be found Sir Lucius O'Trigger, an Irish gentleman, Bob Acres, a country gentleman, Mrs. Malaprop whose words, "must ingeniously misapplied without being mispronounced" have amused audiences year after year, from pole to pole; and several servants help in the plot. "Mutt" Auskis, Hugo Riemer, Gertrude Baucher, Phil Kiel and Helen Pursel, respectively, take these parts.

Thru it all is woven a beautiful love story, the romance of which will reach the hearts of old and young. It is truly a work of art. Larry Coolbaugh and Eleanor Evans are the lovers and are very expert.

The costumes are of the 18th century, the age when silks, brocades, satins, were dominant in men's as well as women's clothes. The costumes have been ordered from Philadelphia. They have also been fortunate in securing some furniture of that period.

WYOMING PLAYS HERE SATURDAY

Old Rivals Coming For Blood

Last year Bloomsburg and Wyoming Seminary met only once; one game was cancelled on account of rain. So, Wyoming has not sent a baseball team down here for a year and fans are eager for this game.

Tomorrow they will be here and the two teams will clash at two o'clock on Mt. Olympus. What will happen? Ask the fellows, they know.

Coach Jackson and Captain Kane have been working hard together with the men and on the whole the team is looking pretty good. Kane at shortstop, is impassable and may be counted on to back up the rest of the infield. He is also wielding a mighty stick and should be good for a few hits.

The veteran Austin, at first, is playing a great game. To watch him is enough to instill confidence in any shaky infielder—he hooks them all. Yozviak plays a clever second base game and can stop the hot ones. The only Freshman in the infield, Yarashefski, at third base, is doing well. He has a good throwing arm.

As a catcher Bradshaw would go in the big leagues. It would take a cannon ball to make him step aside.

The outfield—Garrity, Keen, Rushin—is fast and they all are sure catchers. They have their positions on batting ability as well as fielding ability. Between them they should lose a couple balls. Nick Vanbuskirk is pushing the others hard.

Wyoming Seminary looks pretty good this year. Their team is largely composed of veterans of former years. The well known Donchess and Hrisko, together do the twirling and they pitch a good brand of ball. Altho Wyoming was defeated in her two opening games she came through in fine style against the Bucknell Freshmen. They scored thirteen runs to the yearlings none.

Altho we may have to step fast the Bloomsburg strong team should come out on top and score another victory to the only too few we have against Wyoming. The members of the team are learning from Coach Jackson to use their heads and that is half the game.

The probable line up:

| B. S. N. S. | Wyoming |
|------------------|----------------|
| Kane (ss) | Alper (lf) |
| Bradshaw (c) | Hrisko (2b) |
| Austin (1b) | Brominski (3b) |
| Yarashefski (3b) | Donchess (cf) |
| Garrity (lf) | Lochs (rf) |
| Rushin (rf) | Lustig (1b) |
| Keen (cf) | Edwards (ss) |
| Yozviak (2b) | Tellier (c) |
| Roan (p) | Ayre (p) |

MR. LOWE COMING

Mr. Orton Lowe, Director of English in the Department of Public Instruction, will be with us next Tuesday and Wednesday. In accordance with his plans he will visit classes and confer with teachers.

LIGHT STREET ROAD MARRED

The town is dumping its rubbish along Light Street Road. It's a pity, for the landscape is growing to be a mess. In fact, it is already so. The tin cans, the paper, and the other trash look hideous. Must that be paid for progress?

NORMAL WINS OPENING GAME - ROAN HOLDS NEWPORT UNTIL LAST

The array of celebrities presented by Newport Scholastics on Saturday was insufficient to stop the Bloomsburg Normal team in a triumphant march through seven innings to victory. It was a small crowd that watched the game and a stiff wind was blowing the length of the field but the Tigers came through.

The line up for the game was pretty well agreed on by all fans but no one could say who would take the mound. Roan did and he pitched a fine game. Pitching against some of the best batters from Wyoming Valley he held them to six hits, three of which came in the last inning. He struck out seven men. He used his head well in utilizing his support.

Kane and Bradshaw led the Normal men in hitting, each getting two hits. Kane succeeded in clouting one for two bases. Covelski hit a two bagger for Newport and so did Roan for Bloomsburg.

The support given the pitcher by both the infield and the outfield was good. No errors were committed by any one of our players. Red Garrity made a nice catch of a foul ball in left field after he ran over fifty yards to get under it. He caught five flies and made a beautiful peg to first from left field to catch Wadas in a double play.

The men hit consistently and chalked up nine runs to Newport's three. The showing was mighty good for a first game and promises a good season.

Several of the Newport men are alumni of Bloomsburg and have played here before. Turner was the B. S. N. S. catcher and leading for 2 years and captain once. Najaka was one of our star outfielders. Zimolzak and Zeek are also Bloomsburg men.

The line-up and summary:

| B. S. N. S. | r | h | e | a | e |
|----------------|---|---|---|---|---|
| Kane, ss | 2 | 2 | 1 | 0 | 0 |
| Bradshaw, c | 1 | 2 | 7 | 0 | 0 |
| Rowlands, 1b | 1 | 1 | 5 | 0 | 0 |
| Yarashefski 3b | 1 | 1 | 5 | 0 | 0 |
| Garrity lf | 0 | 0 | 5 | 1 | 0 |
| Rushin rf | 1 | 1 | 0 | 0 | 0 |
| Keen, cf | 1 | 1 | 2 | 0 | 0 |
| Yozviak, 2b | 1 | 0 | 1 | 2 | 0 |
| Roan, p | 1 | 1 | 0 | 1 | 0 |

| Newport Scholastics | r | h | e | a | e |
|---------------------|---|---|---|---|---|
| Najaka, lf | 0 | 1 | 1 | 0 | 0 |
| Keen, 2b | 0 | 0 | 1 | 3 | 0 |
| Wilski, cf | 0 | 1 | 1 | 0 | 0 |
| Rogowicz, ss | 0 | 0 | 1 | 4 | 1 |
| Wadas, 3b | 0 | 0 | 0 | 1 | 0 |
| Turner, c | 0 | 1 | 3 | 0 | 1 |
| Walters, 1b | 1 | 0 | 7 | 0 | 1 |
| Zimolzak, 1b | 0 | 0 | 3 | 0 | 1 |
| Richards, rf | 1 | 1 | 0 | 0 | 0 |
| Vanbuskirk, rf | 0 | 0 | 1 | 0 | 0 |
| Covelski, p | 1 | 2 | 0 | 0 | 0 |
| Zeek, p | 0 | 0 | 0 | 0 | 0 |

Strike outs: Roan 7, Covelski 5, Walters 1.

Bases on Balls: Roan 5, Covelski 1, Walters 4.

Hit by pitcher: Rowlands.

Two Base Hits: Covelski, Roan, Kane.

SEMINARY WINS THEIR FIRST GAME

Ayres Mound Star

(From "The Wilkes-Barre Record" Monday, April 19.)

Bucknell Freshmen base ball players fell before the air tight pitching of Tommy Ayres, Wyoming Seminary's stellar twirler and the Seminar-ians romped off with a 13 to 0 victory in a game on Nesbitt Memorial Field on Saturday afternoon. The Lewisburg boys were unable to connect with the mystifying deliveries of the Miners Mills lad and garnered but six scratch hits.

Eddie Halider, Hanover township boy, was on the mound for the collegians and was touched hard by Coach O'Hay's nine, a total of thirteen hits being registered by the Blue and White representatives. Until the seventh inning the game was close, Seminary leading by two runs. Rallies in the eighth and ninth frames gave Seminary eleven more runs and an easy victory.

RELAY TEAM AT U. of P.

For the second time, Bloomsburg Normal entered in the Penn Relays and tomorrow the event takes place. Last year we had one of the fastest teams entered but lost thru a misfortune. Indiana Normal won and Chezeny took second place. The Bloomsburg team consisted of Kanyuck, captain; Walsh, Zevenez, G. Riemer, Jones, substitute.

Of these five men three are left, Kanyuck, Walsh, Jones. They have trained all spring and with them have been Davies, Robinson, Poluka, and Sorber. These men have been training under fixed and strict rules set by Coach Jackson. They have also been trained in starting, sprinting and the strategy of the forty yard dash.

Last Saturday tryouts were held to determine the five men who would make the trip this week.

All the above mentioned men were entered. Walsh finished first, Kanyuck came second, Davies third, Robinson fourth, Jones fifth, Poluka sixth, Sorber seventh. The first five mentioned take the trip.

There was a stiff wind blowing against the runners as they ran down the back stretch and held them back. The time, 57 seconds, was fast nevertheless. With such speedy men we should take first place—the school will be satisfied with nothing less.

THE ART OF BASEBALL

The captain of the baseball team, Joe Kane, gave an interesting explanation of several important points in the national game on Monday in chapel. He is well versed in the art and science of baseball and was capable of giving the best.

He explained the duties of the various players and made it possible that those ignorant of the game can look at a game with greater interest. He showed himself to be a master of the game and on the field he applies his knowledge. As a result he is a star performer.

At these exercises Delmar Smith led the devotions and George Janell, accompanied by James Bittenbender, led the music.

Courage and Convictions

In these days of the printing press, telephone, radio and automobile, people who are far apart, as far as distance is concerned, are in reality so close together that they may converse across the ocean. We can travel ninety miles an hour on land, fifty miles an hour on water, two hundred and thirty miles an hour in the air. These marvelous vehicles, such as the automobile, power boat, and aeroplane are inventions of genius that bring the ends of the earth together.

This elimination of distance in this day of free thinking and free speech allows a peculiar velocity of change of opinions. We have magazines, books, newspapers, lectures, radio programs, moving pictures. Ideas are continually moving back and forth. Much of what is spoken and written is mere bluster and also opinion that is no more authentic than the readers.

It is well for us to listen to what is said and read what is written but don't swallow it all. In many of our classes no argument is offered to text book statements because they are written and those who have opinions do not offer them because they feel in the minority.

Let us away with backwardness, and, armed with courage, question all statements and offer our own convictions beside those of the writers. Let us have the courage of our convictions and stand firm until our foundations are washed away by logic and reason.

If we go out into the world, easily swayed by every speaker and not able to speak a word ourselves, some other being besides the human, will usurp our place as rulers of the world and all its inhabitants.

NEW CHAPEL SYSTEM

The following quotation was taken from an Allegheny College publication:

"Under the new plan chapel will be held three times a week and it will be compulsory as before. The time is changed from 10:10 to 12:05, thus doing away with the break in classes. It also provides for a permanent committee which has for its purpose the preparation of definite programs and services. Under this plan much more interest should be taken in chapel exercises by the students and faculty alike."

Karl, the oldest son of Dr. and Mrs. Riemer, is a student at that college. Is it possible that colleges are influenced by our good practices?

ORGAN RECITAL AT LUTHERAN CHURCH

On Tuesday evening, April 20, there was one of the finest organ recitals given in the Lutheran Church. At the organ sat Henry F. Seibert, of New York City. He showed the excellence of the new organ by playing an excellent program of twelve different numbers. The Lutheran church is to be congratulated on this recital and its excellent organ.

PRIMARY ELECTION IMPORTANT

The interest in the coming Primary is growing more and more intense. Governor Pinchot and Senator Pepper want to uphold the constitution. Congressman Vare is after revising it. He doesn't like the Volstead Act. It is difficult to find the real issue unless it is law enforcement. What citizen is not in favor of that?

ALUMNUS IN LIME-LIGHT

Mr. Warren N. Drum, one of our alumni, is being considered for the Presidency of the State Normal College located at Kent, Ohio. Mr. Drum, as many may know, was at one time Principal of the Lock Haven Normal School. While there he did a remarkable piece of work.

PICNIC LUNCH

Plans are being made for a picnic lunch to the whole school. As soon as Miss Ward recovers from the measles she will be able to decide upon some definite day. The students and teachers will likely all pass by the serving stand which will be erected in the grove. This practice of having a picnic lunch proved very successful during the summer session. There is no reason why we should not enjoy it just as much.

JUNIOR CHAPEL

On Thursday Kitty Hefferan took charge of the chapel program. Dorothy Davies again led the singing. She is becoming quite proficient. Celia Beldowich rendered several piano solos which were greatly enjoyed.

Tuesday's Chapel was led by Alberta Gasevage, Gertrude Pouff directing the singing. Pauline Vastine gave a very interesting reading.

THE ALBERT FAMILY OUT

Professor Albert, Mrs. Albert and son Bruce took dinner at Clewell's on Wednesday evening.

First National Bank Bldg.

COURSE OF LECTURES AND RECITALS

On looking back over the lectures and musical recitals of the School during this year one cannot help being impressed with the excellent opportunities offered the students and teachers thereby.

The musical recitals were grand. There were six of them. Cecil Arden, Fraser Gange and Kathryn Meisle delighted the audience with excellent vocal selections on three different evenings. The Letz Quartet played its program of chamber music in a matchless way. Albert Spalding was a delight to all present. We cannot say enough about what Elly Ney did for us through her skill on the piano and by spending an entire week among us.

In addition to the four lectures to the student body by Dr. Raymond M. West, of Bucknell University, there were five excellent lectures. Dr. Edwin E. Slosson began the course with his lecture on Science Remaking the World. He was followed by Dr. Edward T. Devine, who gave us two addresses, one on the Coal Situation and the other on Social Forces Old and New. The third speaker on the program was Dr. Carl Van Doren. He delighted the audience with his lecture on Cycles of Conduct. There was a woman on the program. It was Ada Ward, who spoke in a very entertaining manner on You Americans. Finally came Whiting Williams. He was perhaps the most satisfactory speaker of the year. He spoke on The Labor Problem.

One could not be accused of exaggeration or of the use of extravagant terms to say that such an array of talent as the students and teachers of this School have enjoyed during the present year is hard to equal anywhere. We should all feel grateful and congratulate ourselves on the opportunities that we have enjoyed.

MISS MOORE ENTERTAINS NORMAL ORCHESTRA

Monday afternoon and evening, Miss Moore entertained the Bloomsburg Normal Symphony Orchestra, at Remley's Hotel, Light Street. The party consisted of twenty-nine frolicking musicians, for once at an orchestra meeting without instruments.

The group hiked to Light Street in the late afternoon, over the hill, past the paper mill and into the metropolis. To add fun they walked into a snow storm at the halfway mark.

On their arrival at Remley's they were all Miss Moore's guests at dinner. Fun ran at high pitch all the

time. The homeward walk was a beautiful stroll through the moonlight, everybody having, to quote Miss Moore "a peck of fun." Bittenbender and Bill Jones were voted the "life of the party."

VISUAL EDUCATION

On Wednesday Mr. Rorem presented the students with blanks to be filled out for the use of the Department of Public Instruction. He also spoke a few minutes on the value of such education and the "school

Larry Coolbaugh lead the exercises while Margaret Smith directed the music accompanied by Dorothy Troy.

CONFERENCE OF HIGH SCHOOL PRINCIPALS

A conference of high school principals will be held here tomorrow. Professor F. W. Johnson, of Teachers College, Columbia University, will lead the discussion. There will be a meeting at 10:00 A. M. and another at 1:30 P. M. Invitations were issued to the principals of our area on Tuesday.

ANOTHER CONCERT IN VIEW

On May 4th the Music Department of the Junior High School will give their annual concert. It will be remembered that last year they entertained a capacity audience. The concert is under the direction of Miss Harriet M. Moore and the program will reflect her usual high standard. Several novelty numbers will be given.

LOCAL HAPPENINGS

Brief Mention Of People You Know

Mr. Hosler, the supervising principal of the schools of Millville, had an interview with Mr. Rhodes this week. He was looking for a teacher.

It is interesting and instructive to watch Mr. McHenry at his work. In spite of his many years he keeps diligently at the task of picking up paper, leaves and rubbish from the campus. Soon he will run the mower.

The most popular man on Tuesday was our baker. He always is on the days of cinnamon rolls. Let's have these days often.

The builders have begun their work in the kitchen. In a few days the masons will lay the brick of the new stack.

The seniors have been measured for their gowns. That makes Commencement seem near.

There are signs of new life and spirit in the work of physical education for women. Miss Loose and Miss McCammon have taken hold in fine shape.

Mr. Paul Schreiber, Superintendent of the schools of Port Washington, L. I., N. Y., called on Dr. Riemer last Monday.

We were sorry to learn that Miss Ward has the measles. We wish her a speedy recovery.

Miss Edmunds is about ready to complete a panel for the auditorium. It already looks very fine.

Mr. Cramer, the building contractor; Mr. Paul, the supervising architect and Mr. Giger, the heating engineer, were here last Saturday. This makes the repair work look like business.

Dr. Riemer and Mr. Keller drove to Lewisburg on Saturday afternoon for a conference with some of the Bucknell professors.

John Davis, of the Williamsport High School, called on Saturday. The excellent roads between here and Williamsport must be a Godsend to him. He seems to make good time.

Professor Rhodes is getting calls every day for teachers. Superintendents are turning here more and more in search of good teachers.

Eleanor Butler's father called on Dr. Riemer on Saturday afternoon. He was reared in Bloomsburg. His home at present is in Northumberland.

North Hall is now like a real home. It is quiet. The boys keep things picked up. There is a happy atmosphere throughout. It is possible for the boys to do some studying.

The Chapel programs prepared by the students are still of a high order. Dr. Riemer feels justified in having turned them over to the students.

At the last meeting of the local Rotary Club, Mr. Paul Eyerly, Editor of the Morning Press, read an interesting paper on community building.

The cold wind has made tennis less inviting than it usually is. However, the weather is bound to change for the better. It usually does change.

It is reported that the course on Library Methods will consist hereafter of only ten lessons. It will be as practical as possible and be confined to the use of the Library. The students will receive no credit for the course.

The campus is beginning to look green. The leaves of the trees are preparing to come out.

Mr. Hausknecht went to Harrisburg on Friday last. He had a conference with Mr. Denison, Deputy Superintendent in charge of Administration.

The masonry of the first fire tower has reached the garret. It's a tall structure. Now will come the steel stairs to be erected inside as well as the metal platform and doors.

Mr. F. H. Jenkins, our ex-Bursar, is preparing the invitations to the alumni for commencement. This School has at present about six thousand alumni.

Next year achievement tests in English and arithmetic equivalent to eighth grade standards will be given to all entering students sometime during the first semester. According to reports students will receive no credit for any of their work at the Normal School until they pass these tests satisfactorily.

Mr. F. S. Noetling, Supervising Principal of Watsonstown, called on Dr. Riemer last Saturday.

Miss Conway was one of the judges at the High School Oratorical Contest held at Sunbury a week ago Monday.

On account of the inclement weather the baseball game between the faculty and North Hall boys was postponed.

Alumni telephoned and wrote that the concert which was broadcast by the quartets at Scranton was a grand success.

In the absence of Harry Barton, the President of the local Rotary Club, Dr. Riemer had charge of the last meeting. He introduced Mr. J. M. Fitzgerald, former President of the Western Maryland Railway Company, who spoke on Public Relations of the Eastern Railroads.

Miss Pepper, member of the Board of Education of the Lutheran church, spent Tuesday here.

Dr. Riemer and Mr. Nelson drove to Hazleton on Wednesday. They left here about 8:30 A. M. with the intention of spending the day in the schools of that town.

HIKE

All hikers report in front of the Normal School promptly at 2:00 o'clock or before. Not after or you may be left. Bring your own hot dogs or bacon to cook in the woods.

MUSIC CLUB

The Music Club enjoyed an excellent program last Wednesday night. Paper "Conductors" Lillian Denn Voice "Heart of My Heart" Giordoni

Louise Dunn Piano "Scarf Dance" Chaminade Kathryn Phillips Voice "The Highwayman's Song" George Janell Piano "The White Moth" Ware Sarah Wert Voice "The Slumber Boat" Gaynor Gertrude Fuller Violin "An Old Love Song" Huerter Eleanor Letterman Appreciation "What is an Opera" Jennie Dixon

This paper was illustrated by selections on the victrola from various operas.

SYMPATHY ORCHESTRA

Last Friday the Sympathy Orchestra, having its headquarters in the Men's Dormitory, played in the gym from seven to eight-thirty. Those dancing had good music and a good time for that hour and a half.

It was a contribution dance and when Tony Lanshe passed the hat the crowd was generous. But the evening was worth everything anyone gave. The orchestra has a sheaf of new pieces and played its latest.

The leaders of the orchestra invited a few fellows from down town to reenforce them and, as a result, presented an eight piece band. Growing as it is now, we expect to see it playing on the road within a year.

SCHOOL PARTY TOMORROW

There will be a school party tomorrow evening. Alexander's Orchestra will furnish the music. Preparations are being made to make this party more successful than the last. That is a big undertaking.

Y. W. MEETING

All those who attended the "Y W." meeting on Wednesday night had a special treat in the form of a one act play, taken from the story of "Rebecca of Sunnybrook Farm." The cast was as follows:

1st scene—School room.

2nd scene—The Sawyer livingroom.

Characters:

Rebecca Rowena Randall—Ruth Fagan.

Emma Jane Perkins—Jule Coggins.

Miss Dearborn—Dorothy Connor.

Dick Carter, and Aunt Jane Sawyer

Margaret Fennerty

Lijah Simpson—Althea Farley.

Huldy Mercer, Aunt Mirandy Sawyer

Anne George

Directed by Lillian England.

KID PARTY GREAT SUCCESS

The annual Junior Kid Party was held on Saturday, April 17th, in the school gymnasium. A large number of students attended and it proved a great success. Even some of the faculty were dressed as youngsters.

Prizes were awarded for the best dressed girl and boy, of which Kitty Hefferan and Hugh Van Arnham were the recipients. Prizes were also given to Lena Van Horn and Theodore Vital for the most comical girl and boy.

Each youngster received a balloon tire lollypop, ice cream, punch and cookies. Some of the shorter girls looked more like children than older girls.

Games and dancing afforded most of the entertainment. Music was furnished by the Orthophonic victrola and volunteer piano playing by Celia Beldowicz and Ruth Anthony.

Francis Garrity and Elizabeth Delaney won first prize for dancing and Mary Williams and Leo McKelsky won second prize. They were given the privilege of demonstrating their wonderful dancing qualities.

Mr. and Mrs. Nelson were presented with an electric percolator, the former being the faculty advisor of the Junior class.

PROF. SHORTESS AND SCIENCE

A week ago Prof. Shortess represented the General Science Department in a talk on some topics under his interest. He mentioned the fact that to a scientific mind a new discovery or phenomenon brings just such a thrill as a masterpiece in music or art brings to the artist. The layman can thrill to music and may derive a great deal of satisfaction from a painting, but we all recognize the fact that it takes a certain amount of knowledge as a foundation to simply understand, much less thrill to scientific happenings and conditions. Therefore Mr. Shortess' few pointers were welcomed by listeners as an introduction into the vast unknown.

The "61 element" has been discovered. To the man in the know it gives a great thrill. But what is meant by "element"? At one time an accomplished scientist devised the plan of classifying the elements of matter by their atomic weights. He arranged them in horizontal and vertical columns according to weight and composition. Some gaps were left in the columns and they were understood as unknown elements. These have been filled in from time to time and the "61 element" fills one of these gaps and makes a step toward making scientific knowledge more complete. These statements come from Mr. Shortess' outstanding points.

He closed his talk by reading a newspaper article by Sir Oliver Lodge on "Cycles of Life". Here Lodge says that the universe moves in cycles—destroying and remaking, never losing anything or stopping. For illustration he said the ring of Saturn would someday come away from its present place and be a planet by itself. But as a loom, going round and round, turns out a continuous fabric of everchanging pattern, so does the universe grind out a pattern of life and spiritual being. Our human existence is a part of the universal pattern. Thus, we see, science is the basis of religion.

It was remarked by Dr. Riemer, as a part of an invited discussion, that this paper by Sir Oliver Lodge, left its field of science and moved into hypothesis, theory and philosophy.

EVENTUALLY!

—and because you must do it eventually—and because the longer you wait the older you grow—therefore do it

NOW—Today if possible!

Sit for your Portrait!

SPRING SCHEDULES

Both the baseball and track squad are working out in the gym, waiting for the ground to harden or dry out. As soon as conditions are favorable practice will begin on the outside and the teams will prepare to go thru the schedule with a bang. Fans are looking for the best season yet.

Coach Jackson is looking to the training of both squads and has already given them some good dope. The men themselves are feeling fit and are anxious for the outside air and real workouts.

There are nine men who have signed up for relay team tryouts. Among them we find last year men: Walsh and Kanyuck still running like blue streaks. With these two as a beginning the team should quickly develop.

Captain Kane of the base-ball squad is going around smiling—seems to feel good about prospects. With such a captain we should enter the big league.

Following is the schedule:

Baseball

May 1—Shippensburg Normay—Away
May 8—Susquehanna University—Here.
May 12—Dickinson Seminary—Away
May 22—Wyoming Seminary—Away
May 26—Open—Here.

Track

May 5—Columbia County Track Meet for High Schools.
May 15—Wyoming Dickinson and Bloomsburg Meet at Bloomsburg.
May 22—Dual Meet.
May 29—Invitation Inter-scholastic Track Meet.

GIRLS' BASEBALL TOURNAMENT

The girls' baseball tournament has been started! Sixteen teams, with Athletic Leaders as their captains, are entered. Already games have been played and 4 teams have emerged victorious. They are the Blue, Orange, Gray, Purple, Lavender and Black. In order that the losing teams may be able to play more than 1 game a Losers' Tournament has been planned and the winners of this and the winners of the first tournament will play for the championship of the school. So far the games have been played indoors because of the cold weather, but just as soon as it gets a little warmer the games will be played on our new diamonds.

All the girls are enthused over the games, and indeed the Blue team goes so far as to say they will win the tournament, but Zimolzak and her team from Newport claim they can't be beat, while the Greens say they will win the losers tournament and then defeat the winners.

With such pep as the girls are displaying the tournament will be a great success.

GRADUATING CLASS

Professor Sutliff has now completed the list of graduates for June. Unless some one falls on the wayside between now and June 1, there will be 249 to receive their certificates in June.

The list for the graduates in August is also about complete. There will be from 90 to 100 graduates at that time. In all, the School will graduate at least 350 this year. This is the best showing that our institution has ever made.

PARENT TEACHER ASSOCIATIONS IN COLLEGES

Miss Conway's conferences with the parents of our students is in line with what colleges are undertaking to instruct fathers and mothers in regard to their aims and purposes. The following paragraph was taken from School Life of April.

"The movement for parents-teacher associations in colleges is growing. A committee for this service has been created by the national congress. The chairman says that college authorities welcome any reliable means of imparting information to the public. The college parent-teacher association aims to bring about fuller co-operation between college authorities and college patrons. A wide field for student welfare work exists, and already suppression of some college vices has been made possible through the influence of parent groups. This type of association particularly will stress the importance of 'educating parents'."

And Many Others Of The Same Standard.

We've a letter from a friend advising us that he has in constant use a rug, woven from strips of Hemingway suits that he'd worn out after years of service. And the rug is giving as much wear as the suits did.

The temptation to say something jocular about our "rugged clothing" is almost too great to resist, but as a matter of fact, there's no joke about the long-wear qualities of our suits and topcoats.

There are no better fabrics than those we use; no higher standards of workmanship than ours.

And if you're finicky about good style, you'll find plenty of that in 'em, too!
