GIRLS ORGANIZE

NEW SORORITY

Phi Gamma Tau Has Excellent Membership.

With masked visages and beckoning fingers the PhiGamma Taus prepare to greet and welcome new members. Watch for the purple mask, girls.

The Phi Gamma Tau is a new sorority which had its inception in the minds of a group of the peppiest girls in school some time ago. The idea, just a glimmer at first, has grown. On Tuesday night, the Sorority with nine charter members was formally organized. These are, of course, all Junior girls. New members were immediately proposed and voted upon.

The purpose of the Sorority is to bring kindred spirits together and to promote good fellowship. It is its intention to be absolutely democratic in regard to any social event or function which may be planned later.

As the Phi Gamma Taus grow they hope to become a chapter of some national organization.

The charter members are as follows: Molly Brace, Victoria Smith Gertrude Baucher, Elizabeth Delaney, Elsie Bassert, Dorothy Bennetti, Dorothy Reel, Norine Amesbury and Mildred Benson.

Miss Edmunds has kindly consented to act as faculty advisor. The Sorority may consider itself very fortunate in having our Assistant Dean to advise us.

The officers elected at the first meeting were:

President Molly Brace
Rec. Secretary Elizabeth Delaney
Treasurer Dorothy Bennetti
Publicity Manager Mildred Benson

Keep on the look out. You'll hear and see a great deal more of Phi Gamma Tau in the next few weeks.

MISS MASON GRATEFUL

Senior Class Can Be Proud Of Choice

Miss Mason wrote the following letter to the Senior Class of 1926:

"I wish to express to the class of 1926 my profound appreciation for the generous tribute shown me in the dedication of your Obiter.

"The friendships and associations with the members of your class have always been very precious and dear to me, and it has been a great joy to have known you and worked with you.

"The years which we have spent at Normal together will ever be the happiest of memories—for you and for me.

"I wish for each of you every possible success.

Very cordially yours,
Pearl L. Mason."

May 10, 1926.

Such a response leaves a warmth in the region of the heart of every senior and every student in this school. The next years class hopes to have a like friendship from Miss Mason.

NORMAL WINS ONE-SIDED GAME

Susquehanna Reserves Too Weak For Rejuvenated Nine

Last Saturday the baseball team turned in a victory. They defeated the Susquehanna Reserves to the tune of 10-1. It was a one sided affair and Normal put in on ice early in the game. It served to restore confidence to the players and to give a brighter outlook on the rest of the schedule.

It is to be hoped that this game will arouse a little interest among the students in the team. Often it is said that victory belongs to the rooters. Not here! But a handful were present to watch the team come out of a slump that lasted for two weeks. The crowds on the field are a little disheartening. The team can just imagine the crowd they might have cheering for them if they were at home.

Stoker pitched this game and he pitched well. He allowed only four hits and one run. He should show up well in some of our coming games. He struck out only two but used his support cleverly like good pitchers do.

This was McGrath's first game at third and he looked good in what he did. He hadn't much chance at fielding because none came his way, but he scored two hits and one run.

Yarashefski looks better at second than he did at first and he played a pretty good game. He too made a hit.

The feature incident of the game came when Keen caught a long fly on a dead run, robbing Susquehanna of a hit.

The Normal school had a big time in the fifth inning, scoring six runs. The team batted around and knocked the pitcher out of the box. Oh, it was a great time.

It is worth mentioning that a few of the scrubs played one inning and did well—probably because they had nothing to do. They are good on the talking end of the game.

The score:

TRACK TEAM WINS

OPENING MEET

Kanyuck Is Big Factor In Normal Victory.

Last Saturday seems to have been a big day for Bloomsgburg Normal. They came thru big in baseball and also trounced the Bucknell Frosh on the track and in the field events.

A very big part of the Normal team was John Kanyuck, captain. He alone made 19 of the total 58 points. His record shows all around ability. He won first place in the 220 yard low hurdles, second place in the 120 yard high hurdles, first place in broad jump, first place in the high jump and third place in the pole vault. What would we do without him?

One of the best marks made in the meet was the broad jump. Kanyuck jumped 20 feet five inches. Yahl! What a beauty! He went thru the air as tho he flew.

We are proud to say that we have a man to run the distance runs, who can run and is full of fight. His name is Robison and his hangout is the locker room. He placed third in the half mile and second in the mile race. He was up against experienced runners and showed some good stuff.

Sorber and Davies showed some speed in the sprints. Their speed lessens the loss of Walsh. In the hundred yard dash Sorber placed second and Davies third; in the two-twenty yard dash, Sorber placed second. In the four-forty yard dash, Davies placed second.

In the field events our men were dominant. Austin and Johns in the discus, Johns and Riemer in the javelin; Rushin and Sorber in the shot put; Austin in the pole vault; Kanyuck in the high and broad jumps. Some crowd!

Those outstanding on the visitors team were: Farrell in the distance runs; Crago in the sprints, Lopper on the field. Walls showed up well in the hurdles, copping first place in the high hurdles and second in the low hurdles.

The spectators that were present enjoyed the proceedings immensely and cheered their favorites loudly.

The summary:

Field Events
Discus throw—Austin, Bloomsgburg first 99 feet, 6 inches; Walls, Bucknell, second, 97 feet, 3 inches; Johns Bloomsgburg, third, 82 feet, 9 inches.

12 lb. shot put—Rushin Bloomsgburg, first, 42 feet, 9 inches; Sorber, Bloomsgburg, second, 36 feet 10 inches; Crago, Bucknell third, 36 feet, 8 inches.

Running high jump—Kanyuck, Bloomsgburg, first 5 feet, 3 inches; Crago, Bucknell, second, 5 feet, 2 inches; Culp, Bucknell, third, 5 feet, 1 inch.

Pole Vault—Weymouth, Bucknell, first, 8 feet, 9 inches; second Austin, Bloomsgburg 8 feet, 6 inches; third, Kanyuck, Bloomsgburg, 8 feet.

Running broad jump—Kanyuck, Bloomsgburg, first, 20 feet, 5 inches; Lopper Bucknell, second, 19 feet, 7 -12 inches; Culp, Bucknell, third 17 feet, 11 inches.

Track Events
120 yards high hurdles—Walls, Bucknell, first; Kanyuck, Bloomsgburg, second. Time 16.5 seconds.

JUNIOR PROM A BIG SUCCESS

Ideal Surroundings Favor Good Time.

As a perfect ending of a perfect day the Juniors tendered their annual Prom to the rest of the school. And perfect it was. It was a clear, cool, moonless, starlit night; the music was bewitching; the dance hall was like fairy land; what more could any human desire.

As you entered the hall the beautiful strains of a waltz lifted you from the world of dull care and ugly reality into a misty world of beautiful visions and pleasures. You floated around completely enchanted by men and maids, beautiful dresses and soft lights.

There was a crash and a bang, a whoop and the assembled throng stepped more lively to the tune of a rip-roaring fox trot. The faculty became uneasy in their chairs and one at a time, came swaying, stepping out on the floor where faculty and students were on a level together; a spirit of good fellowship predominated.

Much credit must be given the Juniors for the success of their supreme effort. Their decorations in their class colors, blue and gold, were lovely to behold. Everybody who saw admired and wished that the old gym could always look like that.

When choosing an orchestra, they chose well. Jerry McHale's orchestra from up the river furnished music that is excellent for dancing and comes up to the highest standards. All were satisfied.

The committee that arranged this masterpiece was lead by George Matthews. With him worked: Bob Sutliff, Bob Barton, Dee Delaney, Sterl Strausser, Anna Wendel, Harry Dietrick. The looks of satisfaction and the sighs of contentment that flew around after the last waltz must have fully repaid their efforts.

MISS EMMITT PRESIDENT OF YOUNG PEOPLE

Margaret Emmitt was elected president of the Young People's Division of the Columbia County Sabbath School Association following the banquet in the Presbyterian church gymnasium on Tuesday evening.

PICNIC LUNCH MAY 25

Miss V. and has announced that the picnic lunch will come at noon May 25th.

88 yards run—Bauchman Bucknell, first; Farrell, Bucknell, second; Robinson, Bloomsgburg, third. Time 2:7.3

100 yards dash—Crago, Bucknell first; Sorber, Bloomsgburg, second; Davis, Bloomsgburg, third. Time: 10.6 seconds.

440 yards dash—Miller Bucknell, first; Davis, Bloomsgburg, second; Jones, Bloomsgburg, third. Time—57.6

220 yards low hurdles—Kanyuck, Bloomsgburg, first; Walls, Bucknell, second. Time—30.2 seconds.

1 mile run—Farrell, Bucknell, 1st; Robinson, Bloomsgburg, second; G. Riemer, Bucknell, third. Time—5 minutes.

220 yards dash—Crago, Bucknell, first; Sorber, Bloomsgburg, second; Lopper, Bucknell, third. Time—23.5 seconds.

HARRY DIETRICK AND LON CHANEY

If Lon Chaney had been in Dramatic Club last week he would have been forced to seek a new profession because he would have seen his peer.

The play production class, taught by Miss Johnston, presented to the Bloomsburg Players a play called, "The Bishop's Candlesticks". Harry Dietrick took the part of the convict and had shivers running up and down his audience's back.

Supporting him were Wm. Rushin as the Bishop and Mildred Rehm as the Bishop's sister. The play was a great success.

PROSPECTIVE TEACHERS STOP AND LISTEN

The following reasons are given for the failure of teachers:

1. Lack of knowledge of subject matter.
2. Inability to manage children.
3. Attention to card playing, dancing, and other society interests to the neglect of school work.
4. Falling in love with high school pupils.
5. Keeping company with sorry men.
6. Car riding without a chaperone.
7. Attendance on poor vaudeville and moving picture shows.
8. Entertaining company until late hours at night making good school work next day impossible.
9. Not taking any vital interest in Church and Sunday School work, or other community activities.

EXHIBIT AT SUNBURY

An exhibition of work in Industrial Arts is being held at Sunbury this week. It began on Tuesday and will close tomorrow. This is an annual affair. Students who find it convenient, should visit it because the display has always been worth while.

TRACK STARS TO COMPETE HERE

Triangular Meet Causes Stir Among Fans

The second annual triangular track meet between Bloomsburg Normal, Wyoming Seminary and Dickinson Seminary will be held here tomorrow. The events will start on Mt. Olympus promptly at two o'clock. Each school will be allowed two entries in each event and, thus, only the best from Central Pennsylvania will compete. It will be a meeting of stars. Which ones will shine the brightest.

The three competing schools have long been rivals and last year marked the beginning of a new medium for competition. The meet was held on Nesbitt Field before a large crowd. Bloomsburg Normal took eight of a possible twelve first places but lost the meet on account of Wyoming's numerous second and thirds. Dickinson Seminary also ran.

The Bloomsburg men showed their mettle last week when they defeated the Bucknell Freshman and we have some excellent men ready for tomorrow's meet—men worthy of the Olympics. The team has been training hard in the last month and every man is feeling fine and just about at the climax of his ability for this year.

The mainstay of the team is Captain Kanyuck who is a star in both track and field events. Last week he alone garnered nineteen points for the whole school. He injured a leg during the week while practicing and his events may be limited. In good condition he is good for points in the hurdles, broad jump, high jump and is a member of our crack relay team.

Walsh may be back in the line-up, but it is doubtful. He would assure us victory in the sprints. Sorber and Davies are doing great work in that department and Walsh's absence may not be seriously felt.

Robison has shown himself to be a valuable man in distance runs. He placed second in both the mile and the half mile last Saturday. He may run only one of these races besides the relay but he does well whatever he does.

Austin looks good as a discus thrower and a javelin thrower and he has done tall jumping in the pole vault. He can be counted on for some points and Johns and Riemer will help him out. Soon Rushin will be breaking records with the shot put.

Wyoming has been showing some speed in track this spring and our men will have to exert themselves all the way to win but they have the stuff and the student body is ready to cheer them on.

MISS KULP MAKES CARD BOARD TALK

Monday in chapel the Seniors were entertained by a puppet show put on by Miss Kulp's juvenile literature department. The show given was the "Street Musician in Bremen."

A donkey, a dog, a cat, a rooster, all figured in the story. A band of robbers was put to rout. The audience gripped their seats in excitement. The different noises given by the animals were most realistic. One started to look for the barn yard when the animals started to give vent to their various feelings.

COOPERATION OF FACULTY AND STUDENTS

Many of the teachers attended the Junior Prom. That was as it should be. In the life of a student the influence of his teachers can be very marked. Teachers exercise such influence upon the student not only in class but also outside of class. In fact, the teachers' contacts with the students in the corridors and on the campus often afford the teachers a better opportunity to show the stuff they are made of than do their formal class exercises. In the judgment of the students, those teachers contribute most to the intellectual, moral and social development of the students who associate with them in their social athletic, and other school functions.

The gain is not confined to the students. There is a great deal of profit to the teacher in his association with the students. There are certain phases of student life that he learns to know and to appreciate in this way. This is worth while. It is easy for a teacher to grow away from his students as far as the latter's activities outside of class are concerned. The gain, in a word, is mutual. Such association and cooperation should be encouraged and developed. Each party however, should always be mindful of the fact that there is a difference in years, in position, in outlook on life, in attitudes, and in habits.

In support of what is said above, the following words of William Feather might be added:

"The man who uses a shovel knows more about that shovel than the man who made it or the man who sells it."

And yet when we get ready to build a new shovel we very seldom ask the shovel user for an idea.

In fact in most businesses the chaps who are doing the work are totally ignored.

What this failure to appreciate the value of suggestions from employee costs the average business can only be estimated from a knowledge of what a suggestion system means to firms that employ it.

The writer knows of one company that estimates its suggestion system is worth \$100,000 a year. This company does a total volume of business of \$15,000,000 annually. One book-keeper suggested a slight change in the construction of a machine which eliminated fifteen parts, adding \$5 per machine to the company's profits.

Out of 7000 employees this concern received 5000 suggestions one year. They paid \$3000 in cash prizes.

J. E. ROYS

When you think of
SHOES
Think of
BUCKALEW'S

es. Most employees have to be trained to make suggestions, and for this reason it has been found that the number of suggestions per employee increases each year."

HIGH GRADE FACULTY

Next year all the teachers of the Normal School will have at least the bachelor's degree. In fact, among the teachers there will be many with the master's degree. In accordance with the present salary schedule the teachers of the normal schools of Pennsylvania are encouraged to continue their scholastic and professional training.

The minimum requirement for an appointment here consists of two years of experience and the bachelor's degree. Teachers having such training are placed in Class III. Before they may be placed in Class II they must have at least twelve additional semester hours of graduate study and five years of experience, that is, three years beyond the original two years. In order to secure the additional twelve semester hours it is necessary for a teacher to secure at least four credits per year for a period of three years. Teachers may be placed in Class I only after they have had at least a master's degree and nine years of experience, that is, seven years beyond the minimum requirement of two years. In order to qualify for Class I the teachers must evidently secure from four to six credits per year. Such a plan encourages growth on the part of the teachers. This is highly commendable. It leads to proficiency and high standards in the teaching profession.

LOCAL HAPPENINGS

Brief Mention Of People You Know

Dean Sutliff is rounding up the seniors in fine shape.

The baseball tournament of the girls is over. The Blacks won out.

The film of "Cinderella" is to be exhibited at the Sesquicentennial.

Two weeks from today the seniors will be taking their final examinations.

Mr. Fisher went to Hazleton on Tuesday for an interview with Superintendent Thomas.

Troop Three of the local Boy Scouts will give "The Elopement of Ellen" in the auditorium tonight.

Miss Edmunds' panel is finished. We hope that it may soon be placed in position in the auditorium.

The Boys' Band of the town gave a concert in our auditorium last Friday.

Miss Nelle Moore and Miss Hayden visited the schools of Danville and Berwick last week.

Kathryn Strine has received an appointment in the schools of Lewisburg.

Jeannette Savidge went to McAlisterville recently. She has been offered a position to teach in this town.

Dr. Riemer and Mr. Hausknecht have prepared the budget for 1926-1927.

Miss Conway and Dr. and Mrs. Riemer were invited to Mr. Nelson's for tea on May 9th.

Mr. Paul Eyerly, editor of the Morning Press, called on Dr. Riemer last Monday.

There was a faculty meeting on Tuesday. The revised curricula were discussed.

Our School is a busy group. Everyone has an assignment or something to do. The assignments seem to receive prompt and proper attention.

The field and track meet of Dickinson Seminary, Wyoming Seminary and the Normal School tomorrow should prove very interesting.

Mr. Wakefield, the newly appointed assistant superintendent for the schools of Luzerne County, called on Dr. Riemer on Tuesday.

Mr. Nelson went to Newark, N. J. on Wednesday to attend the national conference of teachers of health and physical education.

The college students who attended the Junior Prom spoke enthusiastically about our campus and the surrounding scenery.

John Kanyuck did a remarkable piece of work on the field last Saturday, winning nineteen of the 58 points by himself. Congratulations.

Mr. John Davis, Principal of the Nanticoke High School, invited Miss Conway to dinner at Hotel Magee last Friday.

Grier Riemer, Jack Hubbard and John Farrow, students at Bucknell, spent Saturday and Sunday at the home of Grier's parents.

Mr. F. H. Jenkins was in Dr. Riemer's office last week. He is making preparations for the reunion of the alumni at commencement.

The auditorium exercises have been reduced in number. Juniors now meet on Tuesdays, the Seniors meet on Wednesdays and we all meet on Fridays.

The picnic lunch has not yet come off. The weather has been too cold. With improved weather conditions Miss Ward will surely give us the picnic.

The Young People's Division of the Columbia County Sabbath School Association opened their Convention

at the First Presbyterian Church on Monday evening. This convention continued during Tuesday and closed with a banquet on the evening of that day.

The Junior Chapel of Tuesday was very interesting. Miss Mary Bomboy sang two beautiful songs. The leader read a good selection from Proverbs.

On all sides one hears favorable comments on the Junior Prom. It was a most delightful party. In the words of Dr. Riemer, the Juniors are to be congratulated on the success of their first big social function.

Sixteen girls have changed rooms during the last week, eight on fourth floor and eight on third. They have found shelter in the newly prepared rooms, in the infirmary and in the home of Professor Robbins.

A normal school conference is being held today at New York University. Dr. Suhrie, a specialist in Normal School education is in charge of it. Dr. Riemer expects to attend some of the meetings.

It pleased our readers greatly to discover that the pupils of Wyoming Seminary considered our paper "invaluable" to its subscribers. That is our aim, namely, the satisfaction of our customers.

A letter reached the office of the Principal during the week announcing a high school conference and the dedication of a new high school at Johnstown on October 22 and 23. Johnstown has been among the leading cities in secondary education for several years.

The Third Annual Convention of the Susquehanna Synod of Central Pennsylvania convened on Monday evening in the St. Matthew Lutheran Church. There was a large attendance present. This convention lasted until Wednesday evening. Many of the students and teachers attended the meetings.

According to reports State College will not give work at Wilkes-Barre this summer to satisfy residence requirements. That is a very commendable bit of news. It was difficult to see how non-residence work could be taken to satisfy the requirement of residence work set by the College for a degree.

Next Tuesday will be Primary Election. The greatest interest is being taken in the election of senator. Who will be our next senator? Governor Pinchot? George Wharton Pepper? William Vare? That is the question. The governorship does not seem to arouse as much interest as the senatorship. It looks as though Mr. Fisher were leading the other candidates on the Republican ticket.

Letters have been received from Gilbert Cooper to the effect that he likes his work at Coatesville very much. He has been offered a contract for next year with an increase in salary. In addition he received the offer of a position in Art at Easton. It looks as though he preferred to remain in Coatesville to cooperate with Louis Lerda, who is active in the field of Industrial Arts.

Carmon Ross, supervising principal of Doylestown, called on Mr. Rhodes recently. Dr. Ross is one of the leading schoolmen of the State. Through his studies of teachers' institutes he has been of great influence on the training of teachers in service. While here, he interviewed several of our students. To Grace Robbins and Arthur Jenkins he offered contracts. They are to be congratulated on having received appointments in this school system.

ALUMNI NOTES

Dean Driscoll, '25, Marion Cox, '25, Mike Beschel '25 and many other alumni were here during the week end.

MEN INDULGE IN TENNIS

Some pretty good tennis players have come forward from time to time at the Bloomsburg Normal and finally a team has been organized with Bob Sutliff as captain. The team consists of Sutliff first man; Lewis, second man; Jameison, third man; Morgan, fourth man.

They have already arranged a match with Wyoming to be played there on May 22nd. Wyoming desires a return match to be played here on May 29th.

Already a rival team has arisen in the school and has challenged the varsity. A match will take place soon.

JUNIOR CHAPEL

On Thursday Daisy Alleman again showed great talent in getting up in front of an audience and reciting one of Mark Twains humorous sketches. The one reading was not sufficient, a second one was called for and as usual Daisy was able to collect her thoughts rapidly and give another clever selection.

Kathleen Somers had charge of Chapel on Tuesday. Miss Mary Bomboy delighted the assembly with her pleasing voice in the rendition of several classical pieces.

NORMAL WINS ONE-

SIDED GAME

Susquehanna Reserves Too Weak for Rejuvenated Nine

GLEE CLUB ENJOY DINNER

One of the biggest social affairs given by the Senior Girls Glee Club under the direction of Miss Skinner, was a hike and chicken and waffle dinner at Light Street last Friday evening.

At 5 P. M. the members of the glee club dolled up in their hiking outfits, left Science Hall for a real dinner (not fish) and a grand time. They hiked to Light Street, in the meantime getting up a ravenous appetite as was demonstrated later. They hurried most of the way because they seemed to sense the odor of chickens and waffles in the air.

On arriving at Hotel Remley they eagerly awaited the dinner bell. (We really think it was a cowbell that was rung). The people of that big village were so impressed at the nice appearance of the club that most of them came to the windows, the doors or even into the street to see the B. S. N. S. girls.

After waiting for what seemed a long time the bell was rung. Everyone scrambled to her place. The formal ringing of the bell as at school, was observed. Then everyone started in. They sure did get away with all that chicken, waffles, mashed potatoes, gravy, celery, beans, jelly, salad and lots of other good things. It was astonishing to see it all go so quickly.

When all had had their fill it was quite a different crowd that left the hotel. Although they were dizzy with fun, crazy with laughter and stuffed with eats, they set out toward B. S. N. S. again with their pockets filled with fruit.

On the way home they sang songs, gave cheers, and ended up the wonderful night by singing the Alma Mater in front of Dr. Riemer's home. Did they have a good time? I'll say they did.

TEST OF PATIENCE

The demolition of the walls for purposes of repairing has made dust and dirt aplenty. This is trying for those responsible for the kitchen and dining room as well as for the corridors and rooms. But all have shown the best of spirit and patience. This is gratifying.

Mr. Englehart and Mr. F. H. Jenkins attended a funeral at Orangeville last week.

EVENTUALLY!

—and because you must do it eventually—and because the longer you wait the older you grow—therefore do it

NOW—Today if possible!

Sit for your Portrait!

Phillips

Over the Post Office

NORMAL TEAM MEETS OLD RIVALS TODAY

Mansfield To Be Scene Of Close Game

Mansfield provides a fine diamond to play on and usually puts up some pretty stiff opposition. In the years gone by we have won just about as often as Mansfield has in baseball and other sports. No matter what the sport, we always have Mansfield on the schedule. This year we beat them in football but they beat us in basketball. They won last so it's time for us to come thru with a few runs and bring home the bacon.

The Mansfield Normal School Base Ball Team is rather an unknown quantity this year. The most devoted research and inquiry could elicit any more specific information than that Mansfield has a team and plays on the diamond at the Mansfield fair grounds. Such an embarrassment of material is hard to treat properly.

Last weeks victory put a little spirit into our team and they seem better prepared today than ever before to enter into competition with any other team. As you know we had lost two games straight and such an experience is depressing. It is important to win once in a while to keep interest in the game for both players and spectators.

Now at last it seems that our worthy captain, Joe Kane, has hit his old time stride and he is prepared today to give a big league exhibition of baseball. It seems that his good or bad day is good or bad day for the team. He has the stuff and he knows his books so now the team should come through.

Our long, lanky first baseman, Arch Austin is a fit team mate for Kane. When he goes for the high ones he can reach the sky, when he scoops the low ones he unbends from his extreme height as from a cloud. He gets all kinds of bad and good balls and catches them all.

Bradshaw makes a good catcher. He has not yet had an error in any game, so far. Also, he is our leading hitter. His room mate, Red Garrity, plays a beautiful outfield game and has a line that would upset any opposing pitcher.

Dud Keen and Bill Rushin also run after flies in tip top form. The present outfield is one of the best this school has seen for many years. The infield in its present condition is playing better ball. McGrath plays a good third base game and Yarashelski is good at second.

Our pitching staff is improving. Roan has pitched two games and Stoker one. Roan did well in both games holding his opponents to a few hits. Stoker has shown some good stuff recently and has become an excellent running mate for Roan. It is a toss-up as to who will start the game today.

The line up will probably be as follows:

Kane, ss
Bradshaw, c.
Austin, 1b
Yarashelski, 2b
McGrath, 3b
Garrity, lf
Rushin, rf
Keen, cf
Stoker, p
Roan, p

Janell as relief catcher Vanbuskirk as outfield and Yozviak and Rowlands as infielders will be on hand to help out in the pinches.

MUSIC WEEK ENDED IN CHAPEL

Mrs. Miller Leads... Exercises

Music Week was observed in various ways in our school and it was brought to a close in a delightful manner last Friday by a program put on by Mrs. Miller and Miss Perner.

Mrs. Miller was the leader of the exercises and told of the purpose of the program. She introduced William Jones who gave a short history of Music Week. It is not such a new idea we see, and it spread over the nation like a popular song.

Several types of music were presented consisting of piano solos, piano duets, violin solos and quartettes, vocal solos and a chorus.

Outstanding among the soloists was Theodore Keen who gave a beautiful bass solo. He delighted everyone and seems pointed for opera.

gotten."

The chorus, led by Miss Perner, was excellent and their contribution to the program was delightful. If Music Weeks always ends that way let's have it every week.

FACULTY WILL WEAR GOWNS

At the last faculty meeting it was decided that the teachers should wear gowns during commencement. They will appear in this garb for the graduating sermon as well as for the graduating exercises. This will add to the impressiveness of the procession on graduation day.

an Hour and a half's entertainment.
A Drama of the Danger of Love.

COMING !

Colleen Moore in "Irene"...

We've a letter from a friend advising us that he has in constant use a rug, woven from strips of Hemingway suits that he'd worn out after years of service. And the rug is giving as much wear as the suits did.

The temptation to say something jocular about our "rugged clothing" is almost too great to resist, but as a matter of fact, there's no joke about the long-wear qualities of our suits and topcoats.

There are no better fabrics than those we use; no higher standards of workmanship than ours.

And if you're finicky about good style, you'll find plenty of that in 'em, too!
