

Warren, Pennsylvania

# EDINBORO STATE COLLEGE

## WARREN CAMPUS

1. The first two years of a college education while living at home.
2. The first two years of a liberal arts curriculum at nominal cost.
3. Varied curricula in preparation for professional areas or a liberal arts education.
  - a. Elementary Education
  - b. Secondary Education
  - c. Library Science
  - d. Special Education
  - e. Liberal Arts
4. Credits which may be transferred to the main campus at Edinboro or to any other accredited college or university.

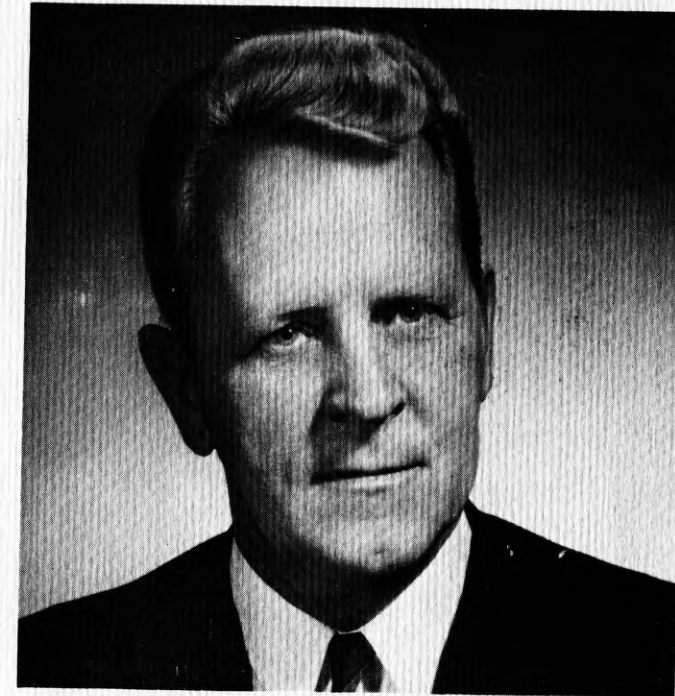

Edinboro is accredited by the:  
Middle States Association of Colleges and Secondary Schools  
National Council for Accreditation of Teacher Education

5. Individual attention derived from a small campus environment conducive to the personal attention of individual needs.
6. Social, cultural and athletic activities related to college life.

### HISTORY:

Edinboro State College was granted authority to establish an Off-Campus Center in Warren in September of 1962. During 1962 and 1963 classes were held in the Warren Area High School. In 1964, activities were moved to the former East Street Elementary School building at the corner of East Street and Third Avenue. A permanent, full-time, resident Director was assigned to administrate the program.

Interested educators and civic-minded citizens of the Warren area formed an organization called "Warren Higher Education, Inc" to work cooperatively with the Administrators and Board of Trustees of Edinboro State College in determining and expediting the needs of higher education in this community.

DR. CHESTER T. McNERNEY, President  
EDINBORO STATE COLLEGE

### PHILOSOPHY:

Edinboro State College, as a state institution, recognizes its responsibility to assume a major role in providing opportunities for higher education to increasing numbers of high school graduates who are qualified for and deserving of such opportunity. Edinboro has a sincere desire to provide higher education within the geographical and financial reach of young people who might otherwise be unable to realize it.

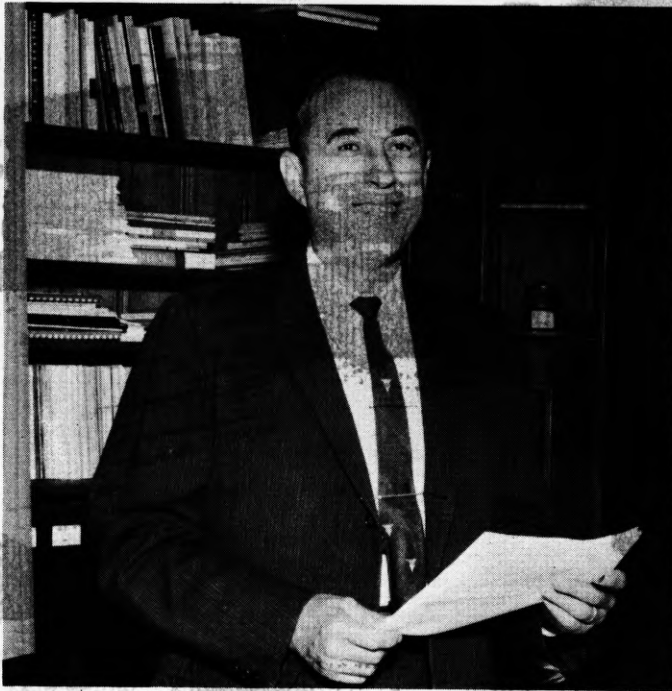

The administration of Edinboro believes that the individual academic needs of young Pennsylvanians can be met best by the establishment and maintenance of Off-Campus Centers and, thereby, the general welfare of the state will profit. Additional services are being considered as the needs arise.

### OBJECTIVES:

The primary objective of the Warren Campus is to make available a general education at the freshmen and sophomore levels to qualified high school graduates of the Warren Area.

Further objectives are:

- (1) to provide opportunity for the students to secure a reasonable understanding and appreciation of contributions of creative minds and of human experiences;

**DR. THOMAS R. MILLER, President of Edinboro College**

## **PHILOSOPHY:**

Edinboro State College, as a state institution, recognizes its responsibility to assume a major role in providing opportunities for higher education to increasing numbers of high school graduates who are qualified for and deserving of such opportunity. Edinboro has a sincere desire to provide higher education within the geographical and financial reach of young people who might otherwise be unable to realize it.

The administration of Edinboro believes that the individual academic needs of young Pennsylvanians can be met best by the establishment and maintenance of Off-Campus Centers and, thereby, the general welfare of the state will profit. Additional services are being considered as the needs arise.

## **OBJECTIVES:**

The primary objective of the Warren Campus is to make available a general education at the freshmen and sophomore levels to qualified high school graduates of the Warren Area.

Further objectives are:

- (1) to provide opportunity for the students to secure a reasonable understanding and appreciation of contributions of creative minds and of human experiences;

(2) to develop an insight into the world in which man lives;

(3) to provide an opportunity to develop a variety of skills and moral values that will assist the student in becoming an active and participating member of a democratic society;

(4) to prepare a foundation upon which the student can build future academic pursuits.

### **FACULTY:**

Members of the teaching staff of Warren Campus are full-time faculty personnel of Edinboro State College. In addition to a resident Director, new resident faculty members are joining the staff of the Warren Campus regularly as student enrollment increases.

### **BUILDING AND EQUIPMENT:**

The Warren Campus Building is located in Warren, Pennsylvania at the corner of Third Avenue and East Street and includes five classrooms, a science laboratory, library, Faculty lounge, Director's office, Student lounge and Activities room. As enrollment increases, full utilization will be made of available space until that time when the enrollment of the Center necessitates new quarters. All rooms of the Warren Campus Building are adequately equipped with more up-to-date facilities being provided constantly to meet growing needs.

### **LIBRARY:**

An attractive library on the second floor of the Warren Campus Building provides an excellent opportunity for students to obtain the latest in reference and source materials for their individual academic requirements. The atmosphere of the library is quiet and conducive to study. One experienced librarian and two student assistants are on duty approximately thirty hours weekly to assist students in utilizing the resources of the library. Edinboro State College makes generous allocations of funds annually for the acquisition of books.

### **ADMISSIONS:**

Admission requirements for enrollment at the Warren Campus are the same as for the main campus at Edinboro. All inquiries should be made to:

Dr. William A. Cornell  
Director of Admissions  
Edinboro State College  
Edinboro, Pennsylvania

or

Mr. Frank R. Johnson  
Director  
Warren Campus  
Edinboro State College  
Warren, Pennsylvania  
Phone: 726-0291

High school guidance counselors also will be happy to answer questions.
