

A GOAL

To awaken each morning with a smile brightening my face, to greet the day with reverence for the opportunities it contains; to approach my work with a clean mind; to hold, ever before me, even in the doing of little things, the Ultimate Purpose toward which I am working; to meet men and women with laughter on my lips and love in my heart; to be gentle, kind, and courteous through all the hours; to approach the night with the weariness that ever woos sleep and the joy that comes from work well done—this is how I desire to waste wisely my days.

—Thomas Drier.

FOREWORD

Edinboro is not just another college. In getting acquainted, you will find that Edinboro is a place of worthy, long-lived friendships, invaluable training, and lasting memories. In Edinboro you will find a real center for your school home, your hours of study, and your recreational ideals.

This handbook is published by the Student-Faculty Cooperative Council in order to more easily and more thoroughly acquaint you with your college. The council expresses its sincerest desire that you may have at Edinboro the most profitable and the happiest years of your life.

JOSEPH ZAHNISER, '39
Editor

GREETINGS

From the President

Greetings to new students and to those already in College may become formal and mechanical unless something is said that not only makes you feel welcome and at home, but may be useful and helpful as well. The proverbial friendliness of Edinboro always greets you and bids you welcome to town and campus.

Perhaps the one concern to all new students, as it certainly should be that of those called "upper classmen," is how to be successful in College so that the record one makes will speak for itself. Were success to be acquired by rule of thumb we may say that the five most important factors that predict success in college are (1) intelligence, (2) method of work, (3) general attitude, (4) industry, and (5) reliability in the discharge of duties. A study made of one of our larger colleges over a period of several years showed very clearly that students who were rated high in these five criteria in high school usually were successful in college.

But another important quality of college graduates has come much to the front the past few years and especially this year when college graduates are again being employed in large numbers. Recently a director of a large bureau of employment made the significant statement that employers of college graduates are placing greater importance on personal qualifications than upon training and experience. We hear much of personality, but young college students forget that personality can be developed and improved while in college. Perhaps in no

profession is personality so important and so large an asset as in teaching. But a personality cannot be grown over night, as it were. Growth in personality means that students must make a habit of constantly bringing to the surface the best that is in them—personal appearance, cleanliness, neatness, physical pride and correct posture, courtesy, and respect for self.

In welcoming you to Edinboro this fall, my earnest to you is that you may develop those qualities that make for success, and put at a premium all your efforts in the development of an all-around personality. What better text can I give you to begin the year than these words found in Holy Writ—

"Give diligence to present thyself unto God, a workman that needeth not to be ashamed, handling aright the word of truth."

CARMON ROSS.

From the Dean of Instruction

Welcome to Edinboro, not only to prepare for teaching, but also to enter upon a larger, more effective living. May you find college the most stimulating opportunity thus far in your life.

Very often college renders its unique contributions after we have become sufficiently mature and have the background to profit most from its classroom and other experiences. College also makes its contributions early enough to add much to our social contacts, to the mastery of significant problems, to a development of appreciations, and to the rounding out of personality before we need to use these

outcomes of education in our home-making, in our vocation, and in our enlarged social service.

While college enters our experience at the most appropriate time in our lives, its opportunities come to us only once. Let us all be fully appreciative of these opportunities and cooperate with each other to the end that we shall make every day of our college life happy and profitable.

WILLIAM A. WHEATLEY.

From the Dean of Women

Even though I am a comparative stranger in your midst, I know something about the Edinboro spirit and tradition of good will and friendliness. If I can make the new students and the upperclassmen feel as much at home as I have been made to feel at home by town and campus, I know you will be happy.

The office of Dean of Women carries with it opportunities and responsibilities. It is not always the easiest thing in the world to handle the peculiar work of my position without, at times, failing to please everybody. In my greetings to you, I want you to feel that I am your friend and counsellor. I am here to help, not to criticize; to counsel, not to dictate. Mutual interest, trust and confidence, with your welfare at heart, and the advancement of Edinboro, are my goals.

May we have a prosperous and happy college year!

EVELYN J. STROHECKER.

From the Women's Athletic Director

The Women's Athletic Association at Edinboro is an educational force in the college. Its influence depends largely upon the character and ideals of the Council; therefore, it is with great interest and expectation that the Association greets every entering Freshman girl.

"Intelligent Control in Sports" is our national motto. We constantly keep that motto as our goal. Every type of sport is offered here, and with such a varied program we hope every girl in college will find some type of recreation which will build rational and wholesome sentiments, habits and traditions among the students.

NETTIE MAI RUTTLE.

From the Men's Athletic Director

At Edinboro we hope to conduct a program of intramural competitive sports which will include touch football, soccer, tennis, volley ball, mush ball, basketball, and archery. This should offer every student in school an opportunity to participate in some form of physical recreation or games.

Edinboro realizes the importance of inter-collegiate athletics in the college, but it also realizes the vital need of properly supervised physical education for all rather than a high degree of training for a few.

The more proficient an individual becomes in a sport, the greater the enjoyment he derives from it. This interest will become permanent and will continue long after college days are past.

I would urge each student to join intramural athletics and group games with spirit and enthusiasm!

B. REGIS HARRISON.

MEET

Miss Hazel Ober, the new College Nurse, succeeds Miss Gillis, deceased. The new nurse hails from Johnstown, Pennsylvania. She is a registered nurse whose training was at Johns Hopkins University Medical Hospital. Miss Ober is also a graduate of Juniata College where she was nurse last year. She has also been superintendent of nurses at Memorial Hospital, Johnstown, and at Bethany Hospital, Chicago.

Miss Sarah Pettit, our new Dietitian who succeeds Mrs. Wertman, resigned two years ago and whose duties have until now been performed by Miss Kunkel, Dean of Women. Miss Pettit was until her appointment, Director of Foods and House Manager of Dr. Fosdick's Riverside Church, New York. Miss Pettit is a graduate of Fredonia Normal School and Columbia University from which institution she holds a Master's degree. She has been an instructor at the University of Arizona and for years was head of the Home Economics Department of Sweet Briar College. For four years she was in the Extension Service of the United States Department of Agriculture. Following this experience, Miss Pettit owned a large restaurant in Kansas City and was Dietitian of the Milburn Golf Club, Kansas City.

Dr. C. J. Christensen will be instructor in Education and director of all activities connected with rural school education. Dr. Christensen is from Michigan where he has had a rich experience as a teacher

and as an administrator of rural schools. He is a graduate of the Central States Teachers College in Michigan; holds an A. M. degree from Michigan State College, and a Ph. D. from Cornell University where he has specialized in rural education. Dr. Christensen has taught in the department of rural education, Cornell University, the past year and summer. Dr. Christensen is married and has four girls.

Mr. Perley Kline of Edinboro is the new Night Policeman. Until recently Mr. Kline was a supervisor with the State Highway Department. Mr. Kline is a deputized officer in charge of the property of the College at night and authorized by law to maintain law and order and to provide for the safety of our students.

The new Dean of Women is Miss Evelyn J. Strohecker, a graduate of Susquehanna University and Columbia University, from which institution she holds an M. A. degree. Miss Strohecker has had a varied experience that has peculiarly fitted her for her new position. She has taught at the State Teachers Colleges at Clarion, East Stroudsburg, and West Chester. She has also been on the faculty of the Pennsylvania State College and Ohio University, Athens, Ohio. At West Chester Miss Strohecker was a Supervisor of Teacher Training from 1929 to 1934; from 1934 to 1936 Miss Strohecker was Dean of Women. During the past summer Miss Strohecker was an instructor at Edinboro. The College is fortunate, indeed, to be able to secure the services of such an outstanding woman in the field of teacher education and personnel work.

• EDINBORO TOWN

Edinboro lies four miles south of the crest of the water shed dividing the waters flowing north into Lake Erie from the waters flowing south into the Gulf of Mexico. The first settlement was made in this vicinity in 1796 by William Culbertson, who built a big house on what is now Plum Street, Edinboro. A few miles south you find the fertile valley so important because of the French occupation in early history. During the time of the Civil War one of the direct routes to Canada by the underground railroad went through the town.

EDINBORO COLLEGE

Edinboro was founded as a private academy by public subscription in 1857.

It was chartered as a State Normal School January 23, 1861.

It was one of the first Normal Schools purchased from private ownership by the State in 1914.

It was organized as a Teachers College with full four-year course leading to the degree of Bachelor of Science in Education in 1914. In April 1936 the College observed its 75th anniversary when a group of prominent educators and the Governor of the State were present.

Edinboro is a member of the American Association of Teachers Colleges with a class "A" rating.

Edinboro has a plant of eight buildings on a thirty-five acre plot which represents an investment of \$700,000 of public money. Its maintenance is furnished by the State of Pennsylvania. During the past few years many improvements have been made.

Edinboro has been designated specifically to serve the five counties of Erie, Crawford, Mercer, Venango and Warren in Western Pennsylvania, but students have from time to time come from every section of the State.

Within the next fifteen months there will be erected at Edinboro four new buildings—a Gymnasium, an Auditorium, a Training School, and a Central Heating Plant.

CAMPUS BUILDINGS

A brief description of the buildings from the diagram on Page 16 should equip us with an idea of what each is for.

Academy Hall

This is the original school building of the campus group having been built in 1857. It has been known by various names. For years it housed the Commercial Department, and because today it is given over to the Music Department; it is generally known as Music Hall to the present student generation. It merits preservation as a historic landmark. Its site is held sacred in the building program which has been laid out by the Commonwealth since its purchase in 1916. In 1934-35 many improvements were made to modernize it.

Normal Hall

Normal Hall was built in 1875. In 1891 it was greatly enlarged. It contains the auditorium, the library, the administrative offices and the demonstration school, used as a Campus Practice School for first six grades.

Recitation Hall

It was built during Mr. Cooper's regime and embodies a number of his original ideas in school construction. One of these was a floor plan that did not allow students to pass from one room to another without going out of doors. It has been kept in excellent repair and has served many generations of Edinboro students. Numerous improvements were made in 1935.

Haven Hall

Principal John F. Bigler built Haven Hall in 1903. It has served as a women's dormitory. Principal Frank E. Baker added to it a dining room which is rated as one of the most attractive school refectories of the state. This handsome room is the center of many of the school's social activities.

The Gymnasium

The gymnasium was built in 1906. In its day it represented the standard set for housing the athletic interests of the college. The new State plan for construction calls for its replacement by a building more adequate for the scope of present-day physical education. In the meantime all possible improvements are being made.

Reeder Hall

Erected in 1907, Reeder Hall is used as a men's dormitory. It was named in honor of one of the early donors of the school. In the winter of 1936 part of the vast basement was converted into a beautiful "Y" hut, where the boys have a recreation center.

Loveland Hall

Loveland Hall bears the name of Mr. Frank A. Loveland of Corry, who for many years has been a trustee of the college and for long interested and active in public education in the state. It was built in 1930 to house the Art and Science Departments.

GENERAL INFORMATION

Guidance Program for Freshman Week 1937-38

To our Edinboro Freshmen.

Kindly study the following schedule of activities carefully. You will find it planned so that your initiation into college life may be as pleasant as possible and free from difficulty and misunderstanding. Please attend all the events punctually.

All freshmen will want to be present at each session.

Tuesday, September 7

- 8:30 a. m. Normal Hall—Registration, to 12 noon interviews, and medical examinations.
- 1:15 p. m. Normal Hall—Registration, to 4:00 p. m. interviews, and medical examinations.
- 8:30 a. m. Normal Hall—Registration, directed by College Social Committee. All freshmen are invited.

Wednesday, September 8

- 8:30 a. m. College Auditorium, Normal Songs Hall—
Songs led by Miss Wilson
Address of Welcome. Dr. Carmon Ross, President
Edinboro, Center of Art Education, Waldo F. Bates, Jr., Director of Art School
The New Speech Curriculum, Miss Ludgate
- 1:15 p. m. College Auditorium—
Songs led by Miss Wilson
Personal Relationships, Dean of Women
The College Library, Miss Forness, Librarian

3:00 p. m. Haven Hall—Faculty Reception for Freshmen

8:00 p. m. Haven Hall—Social Program, Progressive Party, directed by College Social Committee

Thursday, September 9

9:30 a. m. College Auditorium—Songs led by Miss Wilson

Student Health, Miss Ober, School Nurse

Athletics at Edinboro, Dr. C. C. Crawford

College Yells, College Yell Leader

Men and College Life, Mr. W. A. Wheatley, Acting Dean of Instruction

Budgeting Your Time, Mr. Royce R. Mallory

1:15 p. m. College Auditorium—Student Activities at Edinboro, presented by students, under the direction of Miss Hudson

8:00 p. m. Haven Hall—Social Program directed by College Social Committee

Friday, September 10

8:30 p. m. College Auditorium — Placement examinations

1:15 p. m. College Auditorium — Placement examinations

8:00 p. m. Haven Hall—Social Program, directed by Dean of Women

Saturday, September 11

8:30 a. m. College Auditorium — Placement examinations

This program is subject to change. If changes are made, they will be announced. Please be prompt in assembling.

THE LIBRARY

The Library of Edinboro State Teachers College is located on the second floor of the administration building in Normal Hall. It has approximately nineteen thousand volumes exclusive of bound periodicals and government documents. We are now subscribing to one hundred and fifty-two periodicals which represent the best of the general and professional magazines.

The Library observes the following hours:

8:00 a. m. to 5:00 p. m., Mon. to Fri., inclusive

7:30 p. m. to 9:00 p. m., Mon. to Thurs., inclusive

8:00 a. m. to 1:00 p. m. Saturday.

1:00 p. m. to 4:00 p. m. Saturday.

Our library is one of the few in the state which employs open shelves for all books and thus allows students easy access to all the material. This privilege carries with it the responsibility of using the library for the good of the greatest number. Toward this end we have a small number of regulations which we enforce:

1. Students will register on entering the library and again on leaving, at which time they will show books charged for use outside the library.

2. All books which have been definitely assigned to classes are placed on shelves directly behind the desk or in a section in the library office, and this is known as the Reserve Collection. These books may be withdrawn at 5 P. M. and returned at 7:30 P. M. or taken at 9 P. M. and returned the following day. Failure to observe these regulations will result in a fine of ten cents per day.

3. All books except those on reserve may be withdrawn for two weeks. A fine of two cents a day is charged for books kept overtime.

4. Magazines may be withdrawn from the library subject to the same rules as reserve books.

5. No student will be issued grades or credits until all obligations in the library have been settled.

6. No books are to be removed from the library except by proper charging at the desk by the librarian in charge. Anyone found to have taken books from the library improperly or to have improperly charged books in his or her possession will be subject to a fine of \$5.00 per book and suspension from all college activities until such fine is paid. Clipping from any book is always prohibited. Clipping from pamphlets, magazines or newspapers without permission by the librarian will be subject to a similar fine.

We welcome you to the library and urge that you use it not only as a place in which to prepare assignments, but also as an opportunity to meet and enjoy the companionship of the world's greatest minds as they are revealed through their writings. You may never again have the time and privilege which is yours at Edinboro.

CHURCH SERVICES

Advent Christian Church—Undenominational services at 2:30 p. m. each Sunday.

Baptist Church—Bible School at 10:00 A. M. Divine Worship at 11:00 A. M.

Catholic Services—Mass is held in the Loveland Hall Auditorium every Sun-

day at 9:00 A. M. Other services will be published and announced.
Methodist Church—Church School at 11:00 A. M. Morning worship at 9:45 A. M.

Presbyterian Church—Morning worship at 10:00 A. M. Church School at 11:15 A. M.

Vesper Service—the first Sunday of every month is reserved for a Vesper Service at 4:00 P. M. On this afternoon a distinguished pastor from a neighboring community is invited to lead the service.

TELEPHONE SERVICE

Edinboro has a modern system of telephone service. Telephones are located in various places on the campus.

A few simple directions are all that are necessary:

If you are on campus and wish to call another station on the campus, simply dial the number of that station.

If you are on campus and wish to call a number off the campus, dial 78 or 70 and give the operator the number you want.

Long distance calls by students may be made over the pay 'phones found in each dormitory.

If you are off campus and wish to call the college, dial 301 for any college station.

MOVIES

Every Friday night at seven o'clock during the school year motion pictures are exhibited in the auditorium. The program consists of popular current releases and short subjects. The selection of feat-

ure pictures available is considered unusually good in spite of the fact that selections are somewhat limited, due to the comparatively small number of pictures used during the year. The movies are operated on a self-supporting basis. A nominal admission fee of fifteen cents is charged each student. This pays for film rental and transportation, student help, and for maintenance of the projection and sound equipment.

BUS SCHEDULE

The bus service through Edinboro is direct from Erie to Pittsburgh. The bus station is on the town square at the gasoline station, diagonally across from the Post Office. Buses can be hailed at the college. The buses follow the route of Erie, Edinboro, Cambridge Springs, Meadville, Greenville, Farrell, New Castle, Ellwood City, Zellenople, Pittsburgh.

The time schedule from Edinboro is as follows.

South-bound: 8:55; 1:15; 3:40; 5:45; and 8:17 (replaced by 9:42 on Sun.)
North-bound: 8:30. 13:00; 1:52; 4:00; 6:23; and 10:28.

POSTAL SERVICE

Edinboro's mail is transported on a truck which makes three trips daily from Erie to Cambridge Springs. The mail is transported from the Post Office, which is located on the southwest corner of the town square, to the college for people living in the dormitories. Those living off-campus can either get the mail in the same box as the people with whom they live or can hire a box. A call box costs twenty-five cents per quarter; a lock box forty-five cents per quarter.

Dormitory mail will be delivered to the

people to whom it is addressed. To mail a letter either give it to someone going to the Post Office or place it in the box in the vestibule of the Deans office.

The truck follows this schedule
South (to Erie Railroad station) 7:20 A. M., 12:50 P. M. and 5:40 P. M.
North (to Erie City) 9:00 A. M., 2:45 P. M. and 6:20 P. M. There is little use of making trips to and from the Post Office if there is no truck which will bring your mail.

Express packages and freight will, as a rule, be sent to Cambridge Springs.

BELL SCHEDULE

There are two types of bells heard on the Edinboro campus. We shall call the first which announces regular class schedules the class bell. The other type which announces meal time, we shall call the kitchen bell.

6:30..Kitchen Bell..Warning Bell
7:00..Kitchen Bell..Breakfast
7:50..Class Bell..Warning, first period
8:00..Class Bell..First period starts
8:50..Class Bell..First period ends
9:00..Class Bell..Second period starts
9:50..Class Bell..Second period ends
10:00..Class Bell..Third period starts
10:50..Class Bell..Third period ends
11:00..Class Bell..Fourth period starts
11:50..Class Bell..Fourth period ends
12..Town Fire Siren
12:00..Kitchen Bell..Warning Bell
12:15..Kitchen Bell..Lunch
1:05..Class Bell..Warning, fifth period
1:15..Class Bell..Beginning fifth period
2:05..Class Bell..End of fifth period
2:15..Class Bell..Beginning sixth period
3:05..Class Bell..End of sixth period
3:15..Class Bell..Beginning of seventh

- period
 4:05..Class Bell..End of classes for the day
 5:45..Kitchen Bell..Warning Bell
 6:00..Kitchen Bell..Dinner
 7:30..Class Bell..Every girl should be accounted for
 10:00..Class Bell..Girls residences locked. (11 p. m. Saturday night)

BULLETIN BOARD

There is one and only one way to keep one's self informed as to the life of the college. That is to watch the bulletin board. Do not watch it only for your own name, but for the names of your friends, for the organization meetings, and for the social schedule. We feel that there is no way to keep up with the college activities except by watching the official bulletin. Every student should examine the bulletin in front of the President's office in Normal Hall at least once a day. In Loveland Hall, art students should read the bulletin just inside the second set of double doors in the main entrance. A bulletin board is found in each dormitory.

COLLEGE PHYSICIAN

Doctor Ghering's office on campus is on the third floor of Haven Hall. Freshmen should learn the location of the infirmary. Doctor Ghering is there daily between 11:00 A. M. and 12:00 M. Miss Ober the school nurse, lives in the dormitory and can be found there at practically any time. **IN CASE OF EMERGENCY DIAL "2132"**. This is the clinic and Doctor Ghering can be found there.

OFFICIAL FIRE REGULATIONS

The loss of life and property by fire and accident is appalling in spite of all the organized efforts of Nation, State, Insurance Companies, Automobile Associations, and the schools. Upon the schools, however, and especially upon the **TEACHERS**, must fall a grave duty and responsibility to so instruct children in "Safety First" habits that the loss of life and property by **FIRE** and **CARELESSNESS** may be reduced accordingly. The attention of students is called in this pamphlet to the following regulations concerning

FIRE DRILLS

DRILLS are required by the laws of Pennsylvania.

FIRE ALARM in Haven, Loveland and Normal Halls is given on a regular fire alarm system; in Reeder by means of an electric gong; in Recitation and Music Halls an electric bell system will be used.

General First Essentials:

1. Children first.
2. First floors and basements first.
3. Students first, followed by faculty.
4. Avoid running and rushing; keep to the right.
5. Always keep smoke-break doors closed when not in use.
6. When alarm is given, close all windows to prevent draft.

RESPONSIBILITY for the observance of fire drills and their regulations fall to all persons—students, faculty, all employees.

GOOD CITIZENS WILL COOPERATE. **SIGNAL FOR FIRE DRILLS** will not be announced and will be given by one person only, delegated for this duty.

The first fire alarm is a call and notice to ALL PERSONS to participate. Specific rules and directions are posted on each floor of each building.

SCHOLARSHIP STANDARDS

At the end of each quarter a preliminary grade report is prepared for each student showing his standing in each course pursued. The quarter reports are given directly to students, but at the request of students or of parents, copies of the quarterly reports will be sent home. However, when a student's report at the end of a quarter is unsatisfactory, the report will be sent to the parents. At the end of each semester the final report is mailed to the parents.

Standings are indicated by letters which represent different qualities of work done by students:

An "A" grade is given to students whose quality of work is clearly of an exceptional nature.

A "B" grade is given to students who do distinctly superior work.

A "C" grade represents the type of work done by the average student. This grade represents work of good quality in daily recitations, assignments, and examinations.

A "D" grade indicates work below average.

An "F" grade indicates failure. Any course in which an "F" grade has been earned must be repeated.

"X" is not a grade, but indicates that the student, because of illness or some other justifiable cause, has not been able to complete the required work within the time limit. The condition must be removed during the

first semester that the student is in residence after he received the condition.

In general, a standing indicated by the letters "A," "B," or "C" means satisfactory work, while the others denote unsatisfactory work. After a grade has been earned and recorded, it cannot be changed or raised except by repeating the course. This does not apply to an "X."

The grades above indicate one thing only, i. e., ACCOMPLISHMENT OR ACHIEVEMENT in scholarship.

Graduation is based not only on the completion of a certain quantity of work, but also on the maintenance of a certain quality of scholarship in the courses pursued. To accomplish this, beginning with September, 1937, a quality point system will be used according to which quality points are assigned to grades as follows: An "A" grade shall be given 3 quality points for each semester hour of credit so marked; a "B" grade, 2 quality points; a "C" grade, 1 quality point; a "D" grade, no quality points, or zero; an "F" grade, -1 quality point.

Example: A student receiving for this first semester's work the following grades would have to his credit 19 quality points.

	Sem. Hrs.	Grade	Quality Points
1st Subject3	D	3x0=0
2nd Subject3	A	3x3=9
3rd Subject2	C	2x1=2
4th Subject3	C	3x1=3
5th Subject3	D	3x0=0
6th Subject2	B	2x2=4
7th Subject1	C	1x1=1
			19

To be graduated, a student must have

a number of quality points equal to the number of semester hours of credit required in the curriculum being pursued.

A total of quality points equal to the semester hours in the curriculum up to the semester in which student teaching is scheduled must be earned before students are permitted to do student teaching. A grade of "C" or better must be earned in student teaching.

If a student's average is below 1 for the year, that is, if he does work below "C" average, he will be required to raise his average to 1 or "C" in the subjects already taken before he may proceed further with his work. This may be done by attending summer session or by repeating courses in which the grades are low.

Students who fail in subjects in one semester are not permitted to take extra semester hours the following semester, i. e., more than the regular load.

Only students who have an average of "B" or 2 are permitted to take more than the normal load, and then only after permission has been given.

Students who do not maintain the standard grade of work with a regular semester load will have their schedule reduced, thus lengthening their period of residence. Students who do not do a standard grade of work with a reduced schedule will be asked to withdraw from the college.

Students who show low achievement scores in the freshman tests in English fundamentals, spelling, arithmetic, reading, or writing, may be required to take "make-up" or remedial courses in these subjects, without credit, and with a corresponding reduction in the regular schedule. A definite standard set up at

Edinboro is that of English fitness as fundamental.

Class attendance and attendance at student assemblies is required. Students are excused from class meetings and assemblies **only for illness or other justifiable cause**. Excessive absence may result in loss of credit or lowered grade.

Where unusual conditions seem to warrant a deviation from the foregoing standards, such cases are handled by the President or persons appointed by him.

Class Attendance

The authorities at Edinboro are strongly of the opinion that those who go to College, in many cases under financial difficulties, should have a serious purpose, and that they ought to get all they can out of college, not only the social life, but the classroom as well. The College still thinks that students should attend classes and that such habits of regularity ought to be developed which all teachers will need when they actually assume positions. For this reason class attendance and attendance at the weekly College Assembly are required. No formal system of the so-called permitted absences or "cuts" is in effect. Absences may be necessary under certain conditions of emergencies. These will be handled as individual cases by the instructors and the Dean of Instruction and Deans of Men and Women. The College believes that the really serious and conscientious student can ask and solve the question of absences from class and worthwhile activities by asking himself the all important question, "Why am I here?" No elaborate system of bookkeeping on "cuts" and permitted absences can answer this question.

Day Students' Facilities

The day students may use the Library for study purposes. A room in the basement of Normal Hall is reserved for the use of the commuting boys. A room directly over the library office on the third floor of Normal Hall is reserved for the use of the girls who commute. Chairs and tables are provided for study and rest.

FEEES

The quarterly fees to be paid to the college are as follows:

Contingent Fee	\$18.00
Activity Fee	3.75
Room, Board, and Laundry ..	63.00
Special Fee for Art Students ..	9.00

The dates of payment of these fees are as follows:

- September 7-9, payment for first half of first semester
- November 9, payment for second half of first semester.
- January 18, payment for first half of second semester.
- March 15, payment for second half of second semester.

These fees are paid at the Bursar's Office on the above dates. More about fees and paying them will be found on the 1937-38 issue of the *Edinboro Record*.

GOVERNMENT AND STUDENT ORGANIZATIONS

Student-Faculty Cooperative Government

The purpose of this plan of government organized in Edinboro in 1935 is to take over increasingly the responsibility for organizing and directing purely student affairs, to co-operate with the proper college authorities in the matter of student welfare, and to seek constantly to make the college a better agency for developing effective citizens and teachers.

The legislative function of the new system is vested in a council consisting of eight students and three faculty members. Each class sends two representatives, one boy and one girl, each serving for a year. The girls being elected in the fall and the boys in the spring. Two members are elected by the faculty members from their group, and one is appointed by the College President to represent him.

The representatives as elected last year are as follows:

- Seniors—Henrietta Boss, James Hale
- Juniors—Virginia Jones, Martin Schweller
- Sophomores—Ruth Gilbert, Joe Zahniser
- Freshmen—Autumn Blackman, Thorald Chartley
- Faculty—Miss Hudson, Mr. Mallory, Dr. Mudge

The girl representatives will be renewed in October, and the boys in the second semester. The Freshmen elect both of their representatives in October.

CLASS ORGANIZATIONS

The Senior Class—'38

Its membership includes all students who lack but one year of graduation with a degree.

The Junior Class—'39

Its members are all students who have two years of credit toward graduation.

The Sophomore Class—'40

Students have one year of credit. Second year students who are candidates for State Limited Certificates belong to the Sophomore class.

The Freshman Class—'41

Entering students and others who have less than one year of credit beyond high school, also first year students who are candidates for State Limited Certificates belong to this class.

EXTRA-CURRICULAR PROGRAM

Beginning with the second semester, 1936-'37, a revised program of extra-curricular activities went into effect. This program was developed by the committee on student activities as a result of much thought and consideration. Students should study carefully the description of the plan before they make their choices of club membership and activities. Students must remember that attendance in the organizations joined will be as much a requirement as class attendance, and a similar record will be kept by the officers.

Groups of activities—non-athletic Group A: Includes a group of activities from which every student is required to select ONE, but may select an additional one if his program and character of work done warrants an extra activity in this group. These organizations are:

Comstock Club, Press Club, Horace Mann Club, ScaRAB Club, Debating Club, Rural Problems Club.

Group B: Students may join one of this

group in addition to the one in group A, but not all. Students who are elected to membership of two group B organizations need not select any in Group A. These organizations are:

Edinboro Players, A Capella Choir, Orchestra.

Group C: Membership is voluntary and is in addition to the membership provided under groups A and B. These organizations are:

Y. M. C. A., Y. W. C. A., Newman Club.

Group D: Major offices such as President (exclusive of any group organization) Secretary-Treasurer, Editor of the Spectator, Editor of the Yearbook, Appointed Manager of a major sport, and of others approved by the student council and college president. Major officers may be exempted from membership and participation in a group A organization during their terms of office.

Exclusion: Students may be refused membership in any organization if regular work is unsatisfactory. This refusal, however, does not exempt the student from the requirement for membership and participation in some organization for six semesters.

Schedule of Activities

Monday, Group A Clubs, 7:30-9:00

1st and 3rd Mondays: Comstock Club, Press Club, ScaRAB Club, Delta Phi Delta (not a Group A club, but scheduled for convenience)

2nd and 4th Mondays: Horace Mann Club, Debating Club, Rural Problems Club

9:00-10:30—Fraetnrlies

Tuesday evening: Dramatic Club

Wednesday evening: 1st and 3rd Wednesdays: Y. M. C. A.
2nd and 4th Wednesdays: Newman Club

Thursday evenings: 1st and 3rd Thursdays: Y. W. C. A.

Thursday evening: 1st and 3rd Thursdays: Y. W. C. A.

Friday morning: 2nd and 4th Fridays: student forum

Friday evening: 3:15 choir (also same hour Mondays)

4:00. orchestra

Evening: games, movies, etc.

PHYSICAL EDUCATION ACTIVITIES

Beginning with September, 1937, all students are required to take part, without credit, in at least one physical education activity each semester in which no physical education courses or student teaching are required. (This is a state-wide requirement.)

THE ORGANIZATIONS

The Comstock Club

The Comstock Club is a nature club with fascinating field and indoor work. It is expected to appeal to those students who are particularly interested in biological science. It is not restricted to secondary students majoring in biology, however, but is designed for any students whose interest lies in that field.

Debating Club

The Debating club is designed to encourage the practise of debating and discussion of such social and political questions as are commonly considered in a debate. The organization is expected to

flourish this year under a new and vitalized membership.

Horace Mann Club

This club was formerly known as the Professional club. It is designed for consideration of a wide variety of professional problems. It is of great interest and value to the student.

Press Club

This club is designed to furnish an agency for bringing the college into contact with the public through home papers of students. It also serves the interest of those students who are concerned with practical journalism. It is hoped that the club will develop into an active press bureau as well as a medium for discussing problems of journalism and other forms of writing.

Rural Problems Club

This club was organized to meet the needs of those students who expect to teach in rural areas or in small village school systems, as do the majority of Edinboro graduates during their first years in the profession. It is an eminently practical organization which should be of interest particularly to those enrolled in the elementary curriculum.

ScaRab Club

The ScaRab Club is made up of the entire art school personnel. It was organized for the purpose of conducting the business of this student-faculty group whenever the need arises. The club has developed its own traditions and ideals and is of primary interest to the life of the art department. Being an art organization, it plays an important role in the college activity program.

Edinboro Players

The dramatic club is an organization familiar not only to the college students but also to townspeople and residents of nearby cities. It is an outlet for those who wish to express their dramatic talent. The club presents a great variety of productions throughout the year ranging from farcical one-act comedies to elaborate productions of the works of famous playwrights. The Players always welcome new talent which will aid them in strengthening and expanding their organization.

A Capella Choir

This is an organization composed of men and women who are interested in music of the higher type. It gives each year a great number of performances. Among them are a Christmas concert, at least one chapel program each semester, and an operetta. It also takes part in programs of interest to the entire school such as commencement and baccalaureate services and the monthly vespers.

The Orchestra

The orchestra is open to all students who are interested in instrumental ensemble programs.

Rehearsals include such numbers as "Hungarian Dance, No. 6" by Brahms, "Country Garden", by Granger, "Peer Gynt Suite" by Greig, and other orchestral favorites.

Y. M. C. A.

This is an organization to which all men students are eligible to membership. Its purpose is the building of moral and spiritual nature and at the same time providing interesting social activities.

Besides sending delegates to many in-

teresting conferences held in this section of the state, the "Y" plays an active part in the school's intra-mural sports program.

Y. W. C. A.

The Y. W. C. A. is a woman's organization "united in the desire to realize full and creative life through the growing knowledge of God". The meetings are interesting, varying, and satisfying to all types of individuals. Outstanding meetings and services are held throughout the year. Joint services with the Y. M. C. A. are often held. The social aim is expressed by teas, parties, and outings. The club is made up of a large and enthusiastic membership.

Newman Club

The Newman club is a religious organization administering to the interests of the Catholic students in the college. The club, which was organized last year, already has a large, active membership. It meets the second and fourth Wednesdays of each month.

HONORARY FRATERNITIES

Alpha Psi Omega

The Alpha Psi Omega is a branch of the National Honorary Dramatics Fraternity. It is open to all students who maintain a high standard of work in dramatics. Its purpose is to provide such students recognition and a wider fellowship with others interested in the College Theatre.

Delta Phi Delta

Delta Phi Delta, National Professional Honor Art Fraternity, was instituted at Edinboro in 1927. Membership is open

to Junior and Senior students who have maintained an average of "Superior" in art subjects and "Good" or better in their academic subjects. The purpose of this fraternity is "to promote Art in America, to recognize scholarship, to foster true friendship".

Mu Kappa Gamma

This is an honorary elective organization composed of students who have contributed in an outstanding way to the musical life of the campus. Membership is based on the following points: leadership, scholarship, musical ability, outstanding contribution, cooperation, length of service, and participation in more than one musical organization.

SOCIAL FRATERNITIES

Chi Delta Sigma and Beta Xi Fraternities

New members in each of these fraternities are limited to boys selected by current membership. The purpose of these fraternities is to promote among their members brotherhood, scholarship courtesy, refinement, and perseverance, and to advance our college through further development and leadership of their members.

Alpha Delta Sorority

New members in this sorority are limited to girls selected by the current membership. The purpose of this sorority is to secure the same results for its members as those set up by the fraternities for the members and the college.

PHYSICAL EDUCATION ORGANIZATIONS

W. A. A.

The Women's Athletic Association is one of the most active organizations on the campus. Every girl in the college is a member. For competition in sports, such as hockey, basketball, volley ball, speed ball, tennis, archery, field, track, golf, and various other activities, the organization is divided into two societies, the Phis and the Deltas. Not only do we feel that the W. A. A. plays a very important part in our lives physically, but also mentally and socially.

The "E" Club

The "E" Club is an organization composed of lettermen of varsity intercollegiate competition. It functions through its recognition and awarding of varsity certificates and letters. The primary purpose is to maintain the standards of athletic ability in the college athletic program. The promotion of genuine sportsmanship and the participation of its members in student organizations on the campus are its underlying responsibilities.

STUDENT PUBLICATIONS

There are a number of publications on the campus for which students are entirely responsible. The publications are financed from the Student Activity Fund and advertising. One free copy of each publication is presented to every student in the college. Anyone interested in journalism can, if he proves to have sufficient talent, find positions on one or more of these publication staffs

The Spectator.

The Spectator is the college paper. Twelve copies a year are issued to the students and sent to the high schools of Northwestern Pennsylvania. All college activities are reported to the students through this publication. It has been the policy of the Council to appoint the editor and business manager and to allow them to choose their own staff. All persons interested in this work should get in touch with the editor.

The Conneautteean

The Conneautteean is Edinboro's year-book, published for the benefit of the school and its patrons. The editor and business manager are elected by the members of the Junior Class. The staff, with a few exceptions, is composed of Juniors. Real experience is necessary to gain a position on the staff, but don't let yourself be accused of not trying.

Student's Handbook

This source of information is produced by the Council. Its purpose is to give all necessary information to the incoming Freshmen, to make them as comfortable as possible in Edinboro school and community. In the spring the Council chooses one of its members to assemble the material for this directory. This member is allowed to choose any staff he may need.

Other Publications

There are three other publications, other than the three mentioned, which are very important to the college. One of these is the College Record. This handbook is really a condensed form of the

Record which eliminates much unnecessary material. For any information not in this book, see the Record. There is a Record for the Summer Session and a special art pamphlet published each year. These can be obtained free by each student.

DORMITORY AND RESIDENCE REGULATIONS

In Order to Permit Maximum Freedom to All Students and to Protect the Rights of Individuals, Certain Standards of Action Have Been Adopted by the Student-Faculty Committee

FOREWORD

The following suggestive rules and regulations are a slight modification and revision of the basic report presented by the Student-Faculty Committee in 1934 and subsequent additions and revisions. These supercede all previous rules and regulations and suggestions previously issued.

A careful reading of these few and brief regulations show that the College Dormitories are a convenience and not a playhouse. The hope is that the student life—professional, moral, cultural—will be built up by means of the proper use of the dormitories, and the organization of activities in them. The initiative of students and the cooperative efforts of the faculty will be relied upon for this purpose.

These regulations are YOUR regulations. I hope they will be observed in the proper spirit. Students can be depended upon to be fair and reasonable. Thus, alone can the dormitories serve their rightful purpose.

These regulations are approved and will continue in force until such time as the Student Cooperative Council may suggest changes that meet with the approval of the College.

The following suggestions for the proper government of Haven and Reeder Halls are offered to the students, not as

"rules", but as suggestions. I am convinced that college students, and especially young men and women who are entering upon the preparation for a most honorable and important profession like teaching, can be appealed to with out too many "do's" and "don't's". The administration has tried to impress upon students that this should be an institution of few "rules", but that those we do have should be followed. Therefore, without laying down the following as "rules" and "regulations," I am suggesting a line of behavior which I am sure is fair, reasonable, and proper. Compared with other residence colleges, especially the State Teachers Colleges, these regulations are very lenient and liberal.

CARMON ROSS

President of the College

Principles Underlying All Regulations

- I Respect the rights of others. This should be the golden rule of democracy.
- II Property, whether your own or that of the State, should be protected and cared for. The law provides for the payment of damages on the part of those committing the damages.
- III Be at all times ladies and gentlemen. Edinboro has no place for boors and those who cannot be decent whether in the dormitory, the campus, the playing field, the classroom, or the town.
- IV Habits which will make for success or for failure will be formed in college. Each student is writing for himself or for herself an indelible record. This record will

will speak for you later. The College is frequently asked to recommend students. What kind of a record are you making for yourself? You, alone, can and should answer this. What are your behavior patterns?

V Students are in the college primarily for purposes of learning to work and think. A certain amount of time is necessary to study in the evening. Because of the very nature of a co-educational institution, definite understandings are necessary for the conduct of young men and young women living on the same campus.

VI The best possible manners should be shown at all times in the dining room. This concerns the manner of dressing, habits of eating, and boisterous behavior. Try to appear in the dining hall properly dressed. The boys will make a finer impression if they wear coats and neckties. Boys wearing sweat shirts will be refused admission to the dining room at any time. The evening meal and special occasions require proper attire, i. e., coat and tie.

A. Hours

I Quiet Hours Are Kept (Boisterous and unnecessary noises, rough house, are at all times undesirable.)

A. Before 7 a. m. Daily, except Sunday at 8 a m.

B. During class hours:
8:00 a. m. to 11:50 a. m., daily except Sunday

1:15 p. m. to 4:15 a. m., daily except Saturday and Sunday

C. From 8:00 p. m. to 10:30 p. m. daily, except Saturday and Sunday

D After 11:00 p. m., daily—wash-rooms are not used after 11:00 p. m. except in case of emergency

E. Radios
Probably nothing is more annoying than the abuse of the radio. The abuse of the radio becomes a serious distraction to correct study habits. The radio in the lobby of Haven Hall should not be operated after 8 p. m., and during class hours, except in case of really important broadcasting when the Dean of Women may give permission for its use outside of these hours. On Sunday radios may not be operated before 9:00 a. m. Room radios are not forbidden, but they may not operate between 8 p. m. and 10 p. m. Between 10 p. m. and 11 p. m. the radios may be operated at a subdued tone. After 11 p. m. radios may not be operated at all. Radios used after this hour will be removed from the rooms. The radio in Haven Hall will be controlled by a key switch and cannot be operated during the hours indicated.

II Lights Are Out

A. In residences for boys—not later than 11 p. m. daily

B. In residences for girls—not later than 11 p. m. daily.

III Houses Are Locked

A. In residences for boys at 11 p. m.

- B. In residences for girls at 10 p. m., daily, except Saturday when they are locked at 11 p. m.

IV Registration

- A. Girls may not leave the dormitory or places of residence after 7:30 p. m. without permission, except Saturday and Sunday nights. When leaving for a club or other meeting, girls will "sign up" in the House Registration book, indicating without fail the destination or meeting. Girls will be in the dormitory or places of residence on Saturday and Sunday nights not later than 10 p. m.

V Motion Pictures

There will be one motion picture performance—Friday evening, at 7:30 p. m. This hour fits in with the hours for closing Haven and Reeder Halls.

VII Haven Hall Visiting Hours for Campus Students

Since the College Dining Hall is located in Haven Hall, Reeder Hall boys may come to Haven Hall not earlier than 15 minutes before meals and leave immediately after breakfast, not later than 1:00 p. m. daily, except Sunday at 2 p. m., and 7:30 daily.

VII Haven Hall Visiting Hours For Off-Campus Students

Girls off campus may visit the residents of Haven Hall between 7 p. m. and 9 p. m., but will register upon coming and leaving. Off-campus boys must not make a habit of visiting Haven at hours other

than those permitted the boys living on the campus.

Other permissible visiting hours:

Saturday nights—8 p. m. to 10:30 p. m.

Sunday nights—8 p. m. to 10:30 p. m. Saturday and Sunday nights open after 2 p. m. and until dinner, unless other permission has been given by the Dean of Women.

VIII Reeder Hall Visiting Hours

Off-campus boys may visit the residents of Reeder Hall between 7 p. m. and 9 p. m., but will register upon coming and leaving. The dormitories are intended for those who live there. Off-campus students are requested not to make a habit of loafing in students' rooms during class hours.

B. Plant

- I Students living in dormitory are asked to cooperate with the maids and housekeepers in keeping the rooms clean and tidy.
- II Fire regulations prohibit the attachment of extra wires or light cords from the electric light sockets; also the use of electric equipment of any type in the bed rooms. Haven Hall has special receptacles for the attachment of electric equipment in the bath rooms.
- III The driving of nails and the use of pasters for the hanging of pictures, or pennants, and the like, damage the walls and paint. The college has recently completed the renovating of the paint in nearly all the rooms. Help the college maintain these rooms in their present condition.

- IV The bathing facilities provided in the dormitories are the best found in any institution. Use these, but please do not abuse them. Report promptly all leaks and other defective plumbing.
- V Students' rooms may not be used for fraternity purposes, nor for initiating students into fraternities. The dormitories are meant for all students and are not to be used for the advantage of any particular group.
- VI The fire escapes are intended for use in case of fire, **only**. Students are requested to use the proper entrances and stairways in entering and leaving the dormitories.
- VII Lights—Students and faculty members and college employees are asked to cooperate in cutting down the cost of operating the electric lights, which show an increased cost of 30 per cent the past year. Please turn out lights in rooms and bathrooms when not being used. All hall lights will be turned out at 11 p. m. Exit lights will always be turned on at night.
- VIII Students are liable to damages for breakages, defacements, and wilful destruction of property. drinking, **on or off-campus**. Such
- IX The rooms on the first floor, Reeder, occupied by members of the faculty and personnel are strictly private. Boys are requested to regard them as such and refrain from intrusion. Loafing in these rooms is absolutely prohibited at all times. Visiting by boys on this floor will be carried on in the social rooms, only.

C. Miscellaneous

- I It is needless to say that the College cannot and will not tolerate drinking on or off-campus. The President of the College will dismiss without any reservations whatever, any students who are guilty of drinking, **on or off-campus**. Such dismissal will mean that no other State Teachers College, probably no other college in the State, would admit such a student. Anyone who brings bottles of beer or intoxicating beverages into the dormitory will likewise be dismissed.
- II **Checking and Signing Up**
There will be a student monitor on the first floor of the dormitories to register all guests and visitors (not dormitory residents) who come to the dormitories between the hours of 6 and 9 p. m. Off-campus students are welcome, but they will leave by 9 p. m., except on Saturday nights when they may remain until 11 p. m. Between 9 p. m. and 11 p. m. there will be a student on the first floor to register all dormitory residents in Reeder Hall as they leave or return. Students who have good reasons for leaving between these hours should not object to "signing up." Doors will be locked at 10 p. m. in Haven Hall and 11 p. m. in Reeder Hall. Fire escapes are not to be used for entering nor for leaving. These student monitors have authority to report all violations of this regulation. The night watchman may also check students after 11 p. m.
- III **Guests**
Students may have over-night

guests in the dormitory provided they pay at the rate of 50c per guest per night. This is a state regulation. Students who have over-night guests in Haven Hall will first secure a "guest permit" card from the Dean of Women. If guest is to be in Reeder Hall, this permit card will be secured from Miss Pettit, who will assign the room or place. Off-campus students may not be over-night guests nor use the dormitory over night without first securing this permit. Dormitory students are requested to cooperate with the college authorities in carrying out this regulation. Please report all over-night guests in the dormitory to the Dean of Women or to Miss Pettit as soon as you know your guest is coming. The rates as fixed by the State for transients shall be: 50c per night per person for room; breakfast, 40c; lunch, 40c; dinner, 50c. These rates apply to regular meals only. Students are not permitted to house anyone in their rooms over night without permission.

On special occasions like Parents' Day and High School Guest Day, the College will give dormitory students permission to house guests gratis, provided request for this permission is secured from the Dean of Women or Miss Pettit in advance.

- IV Laundry for Dormitory Students**
Free use of tubs, ironing boards, electric irons, etc., in Haven Hall basement, south end. Laundry reserved for use of boys on Thursdays. Personal laundry of dormi-

tory students is done free of charge. All laundry, not including colored clothes, must be packed in bags especially made for steam laundry, and which may be purchased at the College Book Shop for a small sum. All bags must be marked clearly with the name of the owner.

V Fire Drills

Specific rules are posted in each room of each building.

VI Registering

For boys and girls should be done in all residences on standard registration forms before leaving town.

VII Use of Lake

Students register in their respective residences before going on Lake. Students leave the lake by 8:30p. m. Students should be able to swim before going on lake in any boat.

VIII PERMISSION FOR GIRLS

- A. Permission to leave town at any time is given at the office of the Dean of Women or by the House President.
- B. Permission from parents or guardians should be filed in the office of the Dean of Women for
1. Use of Lake for boating or swimming
 2. Autoing—the family must assume responsibility in case of accident
 3. Visiting away from home over night
- C. The College does not favor granting permission to students to leave town or the dormitories after formal social dances which close at midnight. Unless in cases of real emerg-

encies or need upon written request from parents, permission to leave town or dormitories after dances will not be granted.

IX The Night Policeman

The night watchman is a regular State employee, sworn in as a police officer with campus duties similar to such an officer's. He is not only a custodian of state and college property, but an officer of the law to preserve reasonable order in the dormitories at night, to protect students from such disturbances and nuisances which interfere with their general welfare, to see to it that all buildings are locked at regulation hours, and to assist students in case of an emergency or other needs in which he may be able to assist. The night watchman is the students' friend.

X Loudness

Undue familiarity by language and by action between the sexes on the campus is cheap and gives to the passerby a harmful impression of the college. Decency is always more profitable than cheap display of vulgarity. Girls are asked to be properly robed at all times including going to and from the gymnasium.

XI The college has no desire to prohibit smoking. Young men and young women are asked to take into account their own individual interests in the matter of smoking in college. Nevertheless, the fire regulations and protection of life and property require that students may not smoke in their rooms and in

the college buildings except where permitted. Smoking will be permitted in the boys' lobby in the basement of Reeder Hall. Smoking anywhere in Haven Hall, on its porches, and on its approaches cannot be permitted. There is no prohibition against smoking on the campus, but the throwing of cigarette stumps, burnt matches, etc., around the entrances to our buildings is a very unsightly thing and gives the visitor a poor impression of the College. Please try to minimize this practice. Help advertise the college in the proper way. The students are the best advertisement the College has.

XII Congregating by students in public places during class hours makes for a waste of good time and creates a poor impression.

XIII Permission to hold important college functions off campus or out of town may be granted by the President of the College, only. Such requests must be made in writing and in ample time.

XIV Please assist in making it possible for each student to do his or her best work. Thank you!

Management of the Dormitories

Beginning with September 1, 1937, the management of the dormitories will be as follows:

Haven Hall—The Dean of Women, assisted by the College Nurse

Reeder Hall—The Dietitian, assisted by the House Matron.

Assignment of Rooms—During the sessions of the College when the Dean of Women is on the campus, all room

assignments in both dormitories will be made by the Dean of Women; when the Dean of Women is on vacation, all room assignments may be made by the Secretary to the President or by the Business Office.

Payment for Rooms and Meals for Guests—Guests in Haven Hall will pay the Dean of Women; guests in Reeder Hall will pay the Dietitian.

College Linen—All College Linen is under the direct control of the College Nurse. The Maid in Haven Hall, the House Matron in Reeder Hall, and the Dietitian will clear all linen through the College Nurse, who, in turn will have supervision of the operation of the Laundry.

The Dietitian as Manager of Reeder Hall—Has general supervision of entire building; control and inspection of rooms as to general up-keep, direction of work of the janitor or janitors in the care of the plant; general direction, organization, and execution of a social program of activities for the boys. All complaints will clear through the Dietitian.

House Matron in Reeder Hall—Responsible for the cleanliness of the entire building, orderly arrangement of furniture in lobbies, social rooms, distribution of linen, co-operation with the Dietitian in the general management of the dormitory and in devising ways and means to make the residents comfortable and happy.

Offices—Haven Hall, Dean's office, first floor, right. Reeder Hall, Room No. 8 first floor will be used by the Dietitian, House Matron, and at times by the Dean of Men. Men residents are requested to use the office on any business pertaining to their residence.

SCHEDULED EVENTS

- Jan 23*
Lecture and Entertainment Course
~~September 22, Wednesday—Mary McCormic of the Chicago Opera Company~~
September 29, Wednesday—An Hour with Tony Sarg
October 9, Saturday—Concert—The Canadian Singers
October 20, Wednesday—Walter Hampden—Dramatic Sketches from his famous plays

Alumni Day, Saturday, May 21

SCHOOL SONGS

Dear Home of College Days (Old Refrain)

Dear home of college days, so great and
free,
Thy sons and daughters will be true to
thee.
Thy love we'll cherish and thy fame de-
clare,
Loyal to thee, and to thy name so fair.

Chorus

So raise your voices all, and honor give,
Her fame and glory may they ever live.
Through joy and sorrow as the years go
by,
And with a constancy that cannot die.

Alma Matter (Aloha)

Hail to thee, our Alma Mater glorious,
Fresh wreaths we bring to bind thy brow;
Trials past thou hast withstood victorious,
Never fairer, never staltier than now.
O Edinboro, Edinboro,
We revere thee, love thee, serve thee ever.
While class speeds class
As swift years pass,
To thee our hearts are true.

Winds That Sweep the Campus

Winds that sweep the campus,
Winds that stir the trees,
Sweep around her towers.
Standing calm and still
Through the winter's darkness,
Through the summer shine,
Bear her our blessings
Through glad good will.

Red Song

Edinboro College, we will sing to you
 We'll defend your standards
 In whatever we do.
 "Hail, hail, the gang's all here."
 Round thy colors bright,
 We'll stick together for the
 Crimson and white.

Hand Me Down My Bonnet

Hand me down my bonnet,
 Hand me down my shawl,
 Hand me down my calico dress,
 I'm going to a Calico Ball.
 First she gave me honey,
 And then she gave me cake,
 And then she gave me ginger bread
 For kissing her at the gate.
 O—as we go marching,
 And the band begins to p-l-a-y
 You can hear the people shouting
 "Edinboro College wins today!"

FIRST SEMESTER

1937-38

Registration and Classification of Freshmen	Tuesday and Wednesday, September 7-8	7-8
Registration and Classification of Upper Classmen	Thursday, September 9	9
Classes Begin	8 A. M. Friday, September 10	10
Thanksgiving Recess Begins	12 M. Wednesday, November 24	24
Thanksgiving Recess Ends	12 M. Monday, November 29	29
Christmas Recess Begins	12 M. Wednesday, December 22	22
Christmas Recess Ends	12 M. Tuesday, January 4	4
First Semester Ends	Noon Friday, January 14	14

SECOND SEMESTER

1937-38

Alumni Day	Saturday, May 21	21
Baccalaureate Sermon	Sunday, May 22	22
Senior Day or Class Night	Monday, May 23	23
Second Semester Begins	12 M. Thursday, April 14	14
Easter Recess Begins	12 M. Tuesday, January 18	18
Easter Recess Ends	12 M. Tuesday, April 25	25
Class Work Ends	12 M. Friday, May 20	20
Commencement	10 A. M. Tuesday, May 24	24
