

HOMECOMING GAME SATURDAY

GRADS GATHER FOR HOMECOMING

Grads and more grads, old grads, young grads and all kinds of grads. They'll all be here on Saturday to celebrate the annual Homecoming activities. They're all welcome, the more the merrier.

Activities will be just booming around here during Homecoming week-end. Plays, football game, banquet and a dance are in store for the occasion.

The faculty is presenting a one-act play which will be a knock-out. The Dramatic Club is going to repeat the one-act play they presented some time ago, and the ScarAbs have a minstrel show booked for Friday evening.

Of course, the big event will be the Homecoming game with Slippery Rock. Won't the grads be tickled pink when Edinboro beats the Rocks. We'll be in second heaven ourselves.

Then after the game the annual banquet and activities will be topped off by the dance on Saturday night in the gym.

Taken as a whole, the Curfew joins hands with the student body and faculty in welcoming back all ye old grads and hope you come back for more reunions. Yea, Alumni!

DATES ANNOUNCED

Official dates have been given out concerning the Thanksgiving recess, Christmas recess, and the closing of the first semester.

The Thanksgiving period of rest will begin at 12:00 o'clock noon on Wednesday, November 25, and will come to a close at noon on Monday, November 30.

After the last class on Wednesday, December 23, the Christmas recess will get under way, with the classes resuming their schedules on January 4.

The first semester will come to a close on January 16.

These dates, as this edition goes to press, stand as official, with all changes coming through the office.

The University of Denver junior prom was a distinct success. It showed profit of sixty-two cents.

EDINBORO TO BE THE UNDERDOGS

The game on Saturday, as far as statistics go, places Slippery Rock in the favored position, with Edinboro in the role of the under dog. Many times the under dog has risen and toppled the favored from their lofty pinnacle. Will history repeat itself and Edinboro come out victorious?

Slippery Rock, in their first five games, have scored 31 points as compared to the opposition's 53. This would seem to show the Rocks as a weak defensive team, but 34 points were scored by Grove City.

Edinboro, in the three contests they played, before this paper went to press, have scored 13 points, with the opposition rolling up 60. These figures tend to give the Green and White an advantage.

However, as I've stated before, Edinboro, in the role of the under dog, is in a much better position than the lofty position held by Slippery Rock.

Notre Dame looms as the potential national champion. For color the South Benders are hard to beat.

Gordon Chung-Hoon, a native Hawaiian, is one of the ball carriers on the Navy squad. He learned all his football in this country.

Rutgers has been playing football at Nelson Field for forty years, and twenty-one of the twenty-nine varsity linesmen at the University of Oregon are six feet in height.

ROCKS OUTWEIGH CRIMSON TIDE

With the arrival of the probable starting line-up of Slippery Rock and chart showing their weights, a comparison of the two teams gives the Thompson men a weight advantage.

The line of the invaders from end to end totals 1192 pounds. This is a good sized forward wall and averages 170 pounds per man. No one man is over 185 pounds, with the lightest weighing 160.

Edinboro's line totals 1141 pounds, which averages 163. This would give the green and white a seven-pound advantage in the line.

The Harrison back field will average 152 pounds, with the backs of the Rocks showing about an 8-pound edge here.

These weights, however, are not authentic and can be taken as facts or as tales.

E CLUB TO HOLD DANCE

The first big student social activity for the year will be held on Saturday, November 21, when the "E" Club is host to the student body and their friends.

The prom will be held in the gym and promises to surpass any former enterprise. A well known dance band will be here for the occasion.

The rates are a dollar and a quarter, with dancing being enjoyed from 8:30 till 11:30.

It would be a good idea to get your date early. Fair warning, the battle is on.

SLIPPERY ROCK OPPOSES LOCALS

Saturday is the day—the day our gridders have looked forward to from the start of the season. The day when they will get an opportunity of being the first Edinboro team to beat Slippery Rock.

Saturday, at college field, the Crimson Tide of Edinboro will strut their stuff. Whether it will be good enough to defeat the Rocks will be seen. But above all it will be a battle, and a real battle, at that.

Slippery Rock has been enjoying a very lean year. They have been beaten by Lock Haven, Grove City, and Westminster. But they have struck their stride and beaten Clarion 25-0 and California 6-0. The latter score may show some comparison between the two clubs.

Edinboro played host to California and was handed a 7-6 defeat. Slippery Rock thus with a 6-0 victory over that team shows a margin of 7 points. However, points are a poor means of comparison and the game remains a toss-up.

Injuries have riddled the ranks of the Harrison men throughout the season. However, it is hoped that the cripples will be in shape for this struggle.

Jack Daly, out since the Allegheny game a month ago, will be in uniform for the first time. This will help considerably. Alec Creyer and Howie Rose, who were both out of the Clarion game, are now in shape and ready to claw their way through the Rocks.

Drawing our own conclusions for this important fray, we think that Edinboro will have to show more scrap than they've displayed so far. They will have to play a more alert brand of ball. And as a final point they will have to play better ball. In fact, the best ball in their systems if Edinboro is to come out on top.

Let's go, Edinboro! The Rocks are coming! And going home defeated!

North Carolina State has a course for janitors, and at the University of California they have a class in "How to See Europe Properly." That course wouldn't go here.

EDITORIAL

But three days remain before the grid classic of the year, as far as Edinboro students are concerned, will be played here. The game will be hard fought and with both schools out en masse a bright spectacle will be displayed.

Sportsmanship will enter into this fray in a large manner. The players are watched by the officials, but what about the spectators. When the officials err, don't boo. When a penalty is imposed, take it as a part of the game. Above all things, let it be said that we are real sports, good winners and good losers.

If your team goes behind it's up to you to help bring them back to the front. A losing team needs more support than the idle cheers given to them when they are ahead. Let's all get out there Saturday and cheer our team to the best of our ability, not letting the score influence us.

And when the game is over, how about waiting a minute extra and singing the Alma Mater. The cheer leaders will guide the singing. It's one of the few chances we get to sing together out doors, so remain a few seconds and show your true Edinboro spirit.

MILFORD AND DAILY EVENTS

Milford also states that Laval's visit to the United States was nothing more than a curiosity trip. Laval, if you don't know, was sent over by France to enter into conference with Herbert "Hardluck" Hoover, our president, in an effort to consider some problems of the day. Milford says that that is all propaganda. He claims that after Texas Guinan was refused entrance to France because her show was reputed to be scorching, Laval became somewhat curious and decided that he would see the show at all cost. He connived some way for the French Republic to send him to America and after talking briefly to Herbie he launched a search for Texas. Up until this writing nothing is known as to whether the French diplomat has been successful.

WHAT PRICE BEAUTY

An Idaho man was fishing in Lake Crescent recently. He caught a big northern pike, the biggest he had ever landed in his long and busy life. He was elated. He was crazed with joy and he telegraphed his wife: "I've got one; weighs seven pounds and its a beauty."

The following was the answer he received from his wife: "So have I; weighs 10 pounds. Not a beauty—looks like you. Come home."

"No girl ever made a fool out of me."

"Who was it then?"

A BIG DIFFERENCE

Another difference between death and taxes is that death doesn't get worse every time the legislature meets.

NETMEN START

Coach "Sox" Harrison will soon issue a call for basketball candidates. The turnout this year will be the largest this school has ever had.

As a nucleus for his quint, Harrison has captain Harold Arrowsmith, Jack Daly and Oscar Palmquist. They are the remaining lettermen. Bruce Smith and Joe Massa, members of last years squad are also back.

A quantity of new material that includes some promising material will greet Harrison.

A CHANGE OF APPEAL

If your advertising copy isn't pulling as you think it should, the fault may not be with the advertising but with the kind of copy you are using. Just make a change in your appeal. CLARION HUMBLIES EDINBORO 6-0

FIRST VICTORY OVER EDINBORO

It's happened! The dreaded has become realized and much to our dissatisfaction. Clarion Teachers College has at last beaten Edinboro in football. The downstaters winning 6-0 last Saturday and were the first eleven from that institution to score over the Red and White.

Edinboro kicked off to Clarion and the ball was run back to the forty yard line. In seven plays the ball was put across the goal line for what was the only touchdown of the game. Stunned by this outburst on the part of Clarion, the Edinboro lads fought tooth and nail to also score but their efforts went for naught. Not once did Edinboro penetrate the twenty yard mark.

Playing a slow game the local boys time after time, messed up their own plays. The interference brushed opposition instead of clipping it. They blocked like a grammar school eleven and tackled in the same fashion.

However, there was one Edinboro man who played real football. In my estimation he was the best man on the field. He blocked, clipped, and tackled like a real college veteran. That man was Captain Art Arrowsmith.

In the second half the Edinboro eleven had an advantage over the downstaters but could not score. Two big scoring chances were thrown away when holding and a man in motion were detected in the local ranks.

SPORT VINGETTES

The intense rivalry between the Phis and the Deltas concerning the local hockey situation has been lessened somewhat after the former contingent slapped the Deltas around the field to annex a 6-3 victory. The two teams played a tie game previously. The Deltas at that time looked as though they would triumph easily but their opponents retaliated in the final half to plunge the contest into a tie. With a week to brush up on the weak points the Phis displayed a much better attack in the second game.

It is pitiful the way the football team has been humiliated in the last four games. It is not because of inefficient coaching nor inexperienced material. Player after player has been injured and when the injured return to the fold a few more join the sick list. Jack Daly's absence on the line has been keenly felt. Lesson and Bernado have ably tried to fill his shoes and if either could have avoided being hurt the outcomes of certain games may have been different.

Without a comparatively healthy line it is impossible for a football to prosper. With such conditions prevailing the backfield may as well turn around and run the other way.

"Please dear Lord" as Skippy, the famous comic strip character would say, "give Sox Harrison a chance to put a team on the field this Saturday that will be able and fit." The dislocations, the sprains, the bruises and the bumps, if they would only put their heads between their legs and disperse. Then Slippery Rock eat plenty of spinach for you will need iron.

Indiana defeated Edinboro 26-0. Slippery Rock triumphed over Indiana 26-0. According to scores that makes Slippery Rock 8 touchdowns better than Edinboro. Clarion beat Edinboro 6-0 and Slippery Rock walloped Clarion 25-0. That makes a difference. Slippery Rock is now only 31 points better than Edinboro. Quite a drop. California trounced Harrison's clan 7-6. Slippery Rock won over California 6-0. Well, well, Slippery Rock is only one touchdown better than the Red and White. When Saturday rolls around Edinboro will be on par with the "Rocks."

The United States Government has lost more than a quarter of a million dollars on students who have flunked out of West Point.

WESTMINSTER TO CLOSE SEASON

In the midst of the most unsuccessful season experienced by an Edinboro eleven, the future teachers are going to attempt to regain some lost prestige by beating Westminster.

The game will be played on November 14 at New Wilmington.

Both Edinboro and Westminster were beaten by Allegheny College this year. The Red and White going down 27-7, while the Titans fell 39-7. This would seem to indicate that Edinboro holds a twelve point advantage.

The Titans, however, have strengthened considerably and will enter the game on the heavy end of the picking.

Last year Edinboro was beaten 19-12 in an exciting contest that was not determined until the final quarter was completed. A repetition of this kind of a game can be looked for.

GIRLS ENGAGE IN REAL BATTLE FOR HONORS

Playing before one of the biggest crowds ever to gather for a hockey game here, the Phi's came from behind to tie the Delt's 3-3. It was a very interesting contest, and to this writer, who by the way, had never seen a hockey game before, was very well played.

The Delt's took a 3-0 advantage in the first half but could not hold the advantage.

As a result the tie a replay of the game was necessitated and the Phi girls led by the Misses Stevick and Rudley, won 6-3. The score does not indicate the keenness and spirited play that was exhibited in the game.

With the gym completed the volley ball exponents are going through their paces regularly. The big intramural contest is slated for the fore part of this month.

The girls hockey game between Lake Erie College and Edinboro was rained out.

MINSTREL SHOW HERE FRIDAY

On Friday afternoon of this week the freshmen art students are going to present a minstrel show entitled "Yah Sah." It is a rollicking comedy from beginning to end and will be worth while seeing.

The frosh are putting on this show as a part of their ScarAb initiation. It is being sponsored by the junior class of the art curricula.

A great deal of the credit for this production goes to Al Krill, who is chairman for the show. He has spent a great deal of time in arranging for the production of the minstrel and told a reporter that the minstrel this year was a real show and worth anybody's thirty-five cents.

It is rather surprising to find that everyone taking part in the production is talented in music. A trek to the college auditorium at 7:45 will fill you full of cheer.

The following are taking part in the show: Isabell Campbell, Margaret Lewis, Dorothy Peterson, Esther McDonald, Gladys Witmer, Mildred Slicker, Grace Holmes, Samuel A. Sullivan, George Nichols, Lovean Gladding-Castle, Frances Rogers, Mildred MacKenzie, Ann Millinger, Sybil O'Dell, Neil Nelson, Albert Alessi, Claire Griffin, Helen Smart, Katherine Eiler, Jane Marrison, Mary Hart, Rhea Matteson, Harriet Train, Elizabeth Dripps, Elizabeth Zahnizer, Harold Schnell, William Kyle, Alberta Woolcott, Dallas Rose.

The musical accompaniment will be provided by Phil Olmes, Charlotte Chaney and Alberta Woolcott.

The chorus is directed by Miss N. M. Ruttie. The business manager is Helen Silverthorn, chairman Al Krill.

Don't forget! Friday at 7:45 p. m. in the college auditorium and bring your thirty-five cents.

Williams College, in New England, boasts of having eighty-five per cent of its students engaged in organized sports—the other fifteen per cent are probably working the gates.

MILFORD AND DAILY EVENTS

This is Milford's view on unemployment. He claims the depressing condition of this country could be partially cured if everybody gave some of the unemployed a little bit to do around their houses. For example Milford said that he could use about three men, possibly four. One fellow could mend the holes in his sox as he thinks his mother is getting too old to thread the needle. Another could keep Cicero, the cow, in good condition and keep his stable clean and wholesome. The third gent could peel potatoes and work around the kitchen, wash the dog and cat, and feed the parrot and canary.

According to Milford the Chinese-Japanese imbroglio is nothing more than a musical comedy without the music. He thinks Japan became somewhat lonesome living on the little island and decided to invade China for a little excitement. When asked by the League of Nations why they became so rough the Japanese, so said Milford, claimed that they were inventing some new holds in the art of Jui Jitsu and that they thought the Chinese would be just fine to practice on. The Chinese, when asked why they retaliated with an explosive attitude claimed that they too were experimenting. Some of the squint eyes had discovered some new fireworks and were trying them out just as the Japs were in the country.

At Franklin College, in Indiana, only one student knew that persons under twenty-one could not vote at presidential elections.
