Dear Carrie Goodell - The enclosed came to me by mistake in this envelope, together with a similar report for me and I am taking the liberty, dear Cousin, of sending it direct to you - because you are my cousin! I am told all of the Edinboro Goodells are my cousins. Although I understand you pronounce the name Good'ell - we have always pronounced it Goodell' . . . When my father and other members of the family were in Erie for a couple of winters years ago (forty or more) they visited relatives in Edinboro and around. My father was Elmer Ellsworth and his father, same as me, James Adolphus. They lived in Mattoon, Ill., but I was born and reared in Kansas City and since the early 20s lived in California. Now you know all about me - nearly all, except how many shares of Affiliated I have! Do you wish you could say the same about me ???, 161-2247193?

Dear Friend Carrie - just a short note to tell you how glad we were to find your "Edinboro Wise" back in the paper, we were about to cancel the paper, as your column was all that amounted to anything. Hope you keep it going - Nell gets her hair in the a.m. and she called us right up and said you were back - that you don't go snowed in, as it's coming right down now - Time for mail man so will close & get this out - Thanks again - Bertha & Roy S.

Dear Carrie,

I'm so glad we came by the day we got to Edinboro - The time seemed to fly & here we were - home again. I did have lunch with Betty Kiehl Hutchison on Monday.

Sunday we picked up Pak & all went to the Presbyterian Church. Saw a few people I knew. Had lunch with Bealdens & a couple friends of his. Went to Days Hills to see our Cousin Mae Setley. That would be my mother's half sister Nellie's daughter. It was a great day. I love and admire my brother so much. Had written a mother day tribute in '93 which I really enjoyed. Our mother was quite special.

I'm leaving for San Diego in 3 days but wanted you to get this soon. Love Betty

Dear Maria,

It is to say "Gulley's"  
for a little while and also  
to suggest that we have  
and ride with Paul as soon  
as I get back. I was so  
sorry I couldn't come, but  
Belle, who was coming  
and did come home with  
me didn't ride and by the  
time I had packed it was  
quite late.

I have say "Gulley's"  
all the folks from the  
This letter is of course for  
you. So if you have

wishing at all to do some  
of these few things she  
can write. I shall be more  
prompt at returning this  
summer when I can  
be home. It is not  
come up to the summer  
school at Chikara. I would  
like to have a few summer  
at Carnegie Tech. I  
may be able to get a  
job and take night school  
courses. I am not going  
to do anything until I  
hear about summer school  
up there.  
She went home by  
way of Erie. Stopped at

North East for. Best to get  
her things and to meet her  
father when we next come to  
Chautauque. She saw  
Earl Zimmerman at "Houghton".  
I was quite anxious for  
the girls to meet the boy.  
I went with all open to  
know their company  
was. The school here  
was much.

She stopped at Light-  
house Point by sea. She  
was very much pleased to  
see the school. She was all  
summer. She was all

and had only one tent  
but she had a lovely place  
and surely knows how to  
raise flowers, and also  
to wish for. She tried  
giving the other day and  
getting 55 bush. Great work.

It was a very nice time  
here and I wish  
you could see the garden  
it's lovely. We got me home  
and been possible to stay  
on the beach. Sun too.

The ladies were so glad  
to get up to see you and  
I gave Dad that the time  
all his life. Glad to see you, you  
and to see you.

happy & well?

Had a nice letter from  
Aunt Maude not long

heard from George in  
a long time. Suppose  
Helen is still probably

more Goddell, I would  
say, than Carolyn Carole.

was rather fair & certainly  
- pretty the last time I saw

ago. You know of course that she  
is <sup>married</sup> ~~single~~.  
We have received our

this afternoon I'll make a

always so pleasant to

Dear Carrie,

Your letter was grand, and it is possible I may have thanked you already. Your writing about things and things makes for easy, restful reading - just what I need.

Was sorry to learn of John Reynolds' death, but then of course one's sentiments in the matter are varied. He lived a long life, and I am sure his continued illness left room for little happiness. I know how kindly have been Clemmie's ministrations to him, and I hope she may have good health.

Good health is so important to us when we no longer possess it. I might say that I am improved in some ways, but my eyesight is awful. It seems that no average can be established as regards my daily insulin, which may be the reason.

Clemmie called me but I was unable to go to the funeral. Some good friends from Connecticut, Mr. and Mrs. Barnes, were here the day before, and promised to stop in to see her, en route home, in my behalf.

his wife the same week,

I wish I might spend a few days in Edinboro, just to call on some of the few relatives - Mary, who lives north of Edinboro but I do not remember her married name, Cordelia in Erie, Lenae Zindel, Myrtle Meabon of Erie, and some others. Then I would like to call on your father and you.

Maybe it will be realized some happy day.

Thank you again for your letters.

The Internal Revenue Code provides that payers of interest, dividends, wages, etc., must file with the Internal Revenue Service annual information returns showing the amounts of such payments and the name and address of each recipient.

These returns are compared with the recipients' tax returns to determine whether the payments were reported as taxable income. This does not constitute an audit of the returns.

In your case, the comparisons indicate that you may have overlooked reporting some taxable income on your 1964 Federal income tax return. Please check your records against your copy of the income tax return. If you reported all of your taxable income on your return, check the first box below and return this letter, signed and dated, to the address shown above within 10 days from the date of this letter.

If you overlooked reporting certain items of income, please file an amended return on the enclosed Form 1040, check the second box below, sign, and mail both this letter and the amended return to the address shown above within 20 days. You should pay with the return, any taxes due plus interest at 6% a year from April 15, 1965 to the date of payment. An envelope is enclosed for your convenience.

Dear Miss Goodel:

Wednesday evening, March 19 at 8:30 p.m. Channel 54-WQLN, Erie will broadcast another program in our continuing series, Dialogue-Today. These programs are public forum discussions of issues facing citizens of Northwest Pennsylvania.

The subject of this program will be "Annexation: Edinboro-Washington Township". Some of the questions we hope to explore are:

Why is annexation desired?

Can townships provide adequate services to their residents?

Are taxes a key element of annexation?

Who should determine whether annexation should occur?

We would like you to participate on this program to express your views on this and related subjects. Please return the enclosed card today. Please plan to be here by 8:00 p.m.

~~Channel 54 is located one mile south of the routes 19 and 90 inter-~~

DEAR MS. GOODELL:

The information you gave us when you applied for a social security number shows you will soon be 65 years of age. It may be to your advantage to file for social security Medicare and cash benefits now, even if you are still working.

You do not need to retire completely to get cash benefits. And you may get Medicare protection under social security even if you work full-time. To get these benefits, you need to apply for them and give us some proof of your age. (The enclosed list shows the types of records which may be used to prove your age.) If any other evidence is needed later, we will let you know.

The Medicare program has two parts--hospital insurance and medical insurance--which are explained in the enclosed booklet. The booklet also explains that the filing period for medical insurance is limited. For your coverage to begin at 65, you will need to sign up before the month you reach 65.

For more information, or if you wish to apply for retirement benefits or Medicare, please get in touch with us by telephone. When you telephone ~~please have this letter nearby so you may refer to it. Please take this~~ letter with you if you visit our office. The office is open Monday through Friday, except national holidays.

Sincerely yours,

Dear Carrie,

I was glad I had the opportunity to meet you and your sister this past week. I enjoyed our chat concerning property that might be available for me to build a semi-retirement home upon, and I'm sure I'll eventually be able to find something suitable.

Should you change your mind about the 3 acre plot on Dundon I would be interested in purchase. It seems like an ideal location for my needs.

Thank you for consenting to chat with me - incidentally, the name neither of us could remember was probably Bert Witthuhn.

My unlisted phone number is 734-1365.

Respectfully,

Dear Carmel & Margaret

Most of my things are in storage boxes altho I've been in my new (over 30 years old but very well maintained) house since last April. I keep ~~so~~<sup>very</sup> busy. Am writing two books on my computer. I do volunteer work - taking elderly folks to their doctor appointments and doing grocery shopping for six or seven elders who can't get the store alone. Also perfecting my talents on the organ!! My organizational activities are still among my "time killers" but it's good to visit with many friends of the same interests. Then too my church activities take most of the day each Sunday and

also on Wed & Friday evenings.

My son was here twice this summer - once his wife & my lovely granddaughter came too. We made a trip to two national parks nearby - Zion and Bryce Canyon - but I told you about that - I do recall! >>!

The last time I visited you - over two years ago - you told me no one would know if you're still "here" or not!

Our precious mother died in Dec 1986 - ten years ago - at age 88 - almost 89.

I can only hope both you girls are still "with us" & if so, to be happy as possible.

I'm very well & haven't been this thoroughly happy in over 30 years! (without the "fat one"!)

Love & best wishes

Dear Carrie,

This letter was a long time in coming. Margie and I visited you in August.

Margie moved and could not find your address and finally we figured it out.

We really appreciated you showing us your home and the fine antiques. It would be nice if they could make your home in to a museum, but you know the state never does what you want it to do.

Since we visited you, I have a new granddaughter.

2.

I now have 3 grandsons and 1 granddaughter.

I babysat them 2 days this week as the mother and 2 children all have the flu.

Hope this letter finds you well. We have just had too much ice this winter and I'm ready for spring.

Margie is fine, but she works too much 80 to 85 hours a week. Taking care of sick people, you don't make much money and you have to pay the bills.

She sold her house in Emporium and bought a house in St. Marys. Houses

are a little bit more expensive in St. Marys, so she has to make up the difference somehow.

Will make you no promises, but if we get a chance in August again, when we go to Cambridge Springs, we will try to stop and see you.

God bless you,

Joyce Lindenmuth
