

Monday 9. M 1962-

The Don,

Well we didn't get any rain yesterday and it's still hot and dry. I don't believe my garden seeds will ever come unless we get a little moisture. Mrs. Hart was up last eve. She told us Fred set out 500 strawberry plants and a lot of them are drying up & dead already. Clarence Chase was over yesterday morning to help me get the Ford going for the summer - He planted field corn Tues. and it was up so you could see the rows Sun. morning. That's pretty fast work.

Don, I wish you could see the azaleas this year - they're just simply gorgeous. The iris is in but I hope you'll be out of the hospital so we can show the new ones to you when they blossom. If it's too hard to walk we can get Mami's chair down & give you a riding tour of the gardens. Swifts expect to plant corn in the field in front of Anderson's today. Both old cats have babies. The black one has changed places with her family 3 times. First they were in different horse mangers and now in a cow manger where I had some baled hay stored. I think the other cat has hers upstairs in the hay mow.

The old robin that had her nest in the

Cooled off this morning.

I won't say we have all the wood checks but there are less in the world.

A letter from Angelina said she expects to be down in May and Guy expects to come in June, if able. Some friend from there is driving thru to attend their Alumnae meeting at Tenn State.

I'm watering my nut trees - they're starting, but not very fast.

As much as I've mowed, I can't keep my dandelion crop down.

The sky is overcast with clouds and it looks as if it might rain.

Stayed home from the sale Sat. for an opportunity to do some of the things I want to get done and then only touched the surface. We went up the afternoon before and saw what they had to sell so I didn't particularly care to go after that.

We have our new iris catalog and there are some beauties. I wouldn't mind having all the pink

rail fence corner has hatched 4 babies. The old pheasant we found in the pasture is setting now. I think she has about 20 eggs. You could almost step on her and she never moves. A wren has by-passed the wren house and built in an evergreen by the new cabin. You can look right into it.

In spite of the drought the grass grows like fury & we're mowing all the time.

I went to the sale (a lot of junk mostly) and never made a bid. Larry bought a few things to furnish their cellar. They expect to keep college boys there next year. You'd have loved to see in that old house tho and it's just beautiful up around there with huge old maples, lots of little stuff around the yard to make it feel homey and so cool and serene.

Well, I'll let Peg take over from here - Hi Son.

That want tree that I stayed out - thought that Carrie would like to put in her two cents worth, too. It must have rained somewhere for it has

Summer is here for sure - Audrey is out here in the lily-pool.

ones in the book. Fairly drooled over "Wild Ginger" until finding the price is \$25.00. I'll have it if the price gets down in my class while I can still get down to plant it and up again.

Carrie goes around with her pail and dipper each morning for the roses she thought were dead. She thinks that most of them are going to make it.

My bouquet tulips all blossomed. One had 2 stems and 5 blossoms on one of the stems. It was a nice assortment, dark red, pink, rose, yellow & white.

There is one <sup>the first ever</sup> blossom on the pink dogwood - the white one is full.

A baby grackle fell out of the nest in a tall evergreen. Aunt Kettle Simpson is over at Florence Thomas's and said she had seen little birds hop on their mother's back and she <sup>would</sup> fly up in the nest with them. Don, we sincerely hope that all is going well with you. If I can possibly make it into Erie this week, I'll be in to see you. Best wishes @ Tom

If there are postage charges, please advise and I will forward the amount. I do not want them sent C.O.D.

Sincerely yours,

---

Carrie Goodell

Enc.

P.S. I am very pleased with my Maxi-Vac.

FACT SHEET  
1972

CLEON H. LIVINGSTON  
RD#1, HARTSTOWN, PA.  
412-927-2251

FOR STATE REPRESENTATIVE  
5TH DISTRICT

Cleon Livingston was born and raised in Western Crawford County, was graduated from Jamestown Area High School in 1948. He since has completed classroom and correspondence courses in Insurance and Real Estate, and is a licensed Insurance Broker.

Mr. Livingston is married to the former Patricia Beckstine, They have six children, ages 7 to 17, Jay, Jill, Jeanne, Jamie, Joseph and Jane, all at home.

The Livingston family live on a farm in South Shenango Township, and maintain a family farm operation.

He has served in various elected local offices, and has vigorously worked for and promoted "grass roots" involvement in Community affairs.

**Activities:**

Jamestown Area School Board  
Pymatuning Community Fair, currently President  
Hartstown U. P. Church, serving as Elder  
Boy Scouts of American, Past Committeeman and  
Scoutmaster  
(Received 1970 American Legion Award for  
Scouters, Crawford County)  
Korean War Veteran, 1952-54

Mr. Livingston has worked for wages, salary and commission, and is acutely aware of the factors involved in having to work hard for a living. He knows the problem of the working man, of raising a family, of meeting financial obligations, real day to day issues.

Mr. Livingston has stated, "that his candidacy will represent the working man, the farmer, and the small business man." Also, "I believe an Assemblyman should represent the will of the majority, and should do so with a sense of humility and maturity." "He must exercise, above all, good common sense."

You can put your confidence in this candidate.

May 28 - 94

Dear Thelma,

We are finally getting some sunny days but cold and frosts in the mornings and always breezy.

Margaret is in a chair or a hospital bed ~~all~~ all the time and over three weeks ago I decided to make some garden but somehow I got tangled up planting onion sets and managed to crawl out, called the fellow that was mowing lawn and he loaded me into a cart and got me into the house. I haven't been able to walk or take a step since. I feel sit in a chair by the window. My leg just looks & feels like a huge chunk of rotten wood and feels even worse.

Joe & Alice Becker came down in the morning to look

after us - and fix up a bite  
of breakfast - lunch and come  
in the eve to fix us some  
supper, see that we get on  
a bed pan and put Margaret  
to bed. She sees that the  
dog is fed & watered as well  
as are 2 cats. It looks  
as if our old cat has babies  
somewhere.

Falbes tell us my garden  
& bushes are beautiful but  
neither of us can see any of  
it. We can see why that  
Doctor Kavariakionis is in demand  
if we ever get out of this  
mess I'll write a letter and  
tell you the news. Margaret  
will never be able to write  
to you again.

Keep writing and I'll try  
to answer. If I can just get so  
I can walk again things will get  
better. Hope all is well with you  
Sincerely, Carrie & Mary Ann,
