SWIMMING 2001-02

Edinboro University of Pennsylvania

HISTORY

Edinboro University of Pennsylvania was founded in 1857 as a private teachers training school. Previously named Edinboro Academy, Edinboro State Normal School, Edinboro State Teachers College, and Edinboro State College, the University was the second normal school established in Pennsylvania and the 12th in the United States. On July 1, 1983, it became Edinboro University of Pennsylvania with the formation of the Pennsylvania State System of Higher Education.

LOCATION

Edinboro University is located in the resort community of Edinboro -- just 15 miles south of Erie, Pennsylvania's fourth-largest city. Edinboro is conveniently located approximately 100 miles from Pittsburgh, Cleveland and Buffalo and is easily accessible from all directions because of its proximity to Interstates 79 and 90.

There are two lakes nearby. Edinboro Lake is a 250-acre recreational area with three guarded beaches for swimming, boating and other water sports. The Edinboro lakeside community features a large selection of cottages for rent. Lake Erie, one of the Great Lakes, is just 15 miles north. Edinboro also is close to several ski resorts for both downhill and cross country enthusiasts. The area is a popular hunting and fishing spot for outdoors enthusiasts.

The University is the largest employer in the area, with approximately 2,000 full and part-time employees, many of them current and former Edinboro University students.

ACADEMICS

Edinboro University offers a diversified and comprehensive selection of more than 100 degree programs, with 52 minors tailored to meet the needs of each student. With a student-faculty ratio of 18:1, Edinboro offers associate's, bachelor's and master's degrees in many specialized fields of study.

Edinboro has an undergraduate and graduate enrollment of more than 7,200 students.

SPECIAL PROGRAMS

Edinboro University is proud to feature the

nation's third largest educational program for students with disabilities including services for the hearing impaired, the visually impaired, and the learning disabled. The campus is nearly 100-percent wheelchair accessible.

The University has an outstanding honors program for academically-gifted students and an international education program for the exchange of faculty and students.

Internships and field experiences integrate academic pursuits with on-site "real world" work situations and personal relationships, while numerous cultural, social and recreational activities are available.

CAMPUS FACILITIES

◆ Edinboro features 45 buildings on a spacious 585-acre campus which includes a five-acre lake, open fields and wooded area. Day, evening and weekend classes are available at Edinboro University in Erie -- the Porreco Center.

◆ There are seven on-campus residence halls housing 2,500 students.

◆ A state-of-the-art, seven-story library in the center of campus features more than 440,000 bound volumes and 1,200,000 microform units, an on-line public access catalog, on-line and CD-ROM searching systems, public access catalog for the visually impaired, and inter-library loan services.

◆ Edinboro University houses a planetarium, modern science labs, solar observatory, robotics laboratory, TV studio, radio station, and a center for the performing arts.

◆ Edinboro also features a reading clinic, speech and hearing clinic, math clinic, parent-child development center, and computer lab for children.

◆ Five powerful mini-computer systems, more than 725 personal computers, 300 terminals, and 11 computer labs with current hardware and software are available for student use throughout the year.

◆ The University Center boasts an indoor running track, saunas and whirlpools, weight room, racquetball and handball courts, full-service bookstore and dining areas, and an aerobics room.

Head Coach

Chris Rhodes

Edinboro University President Dr. Frank G. Pogue announced the appointment of former Fighting Scot All-American Chris Rhodes as head swim-

ming coach this past October. Rhodes replaced Melanie Wirtner, who resigned earlier in the year.

"I'd like to thank the search committee for its efforts," commented Dr. Pogue at the time of the announcement. "I think they did a fine job in the recommendation of Chris Rhodes as the University's new swimming coach. We consider swimming an integral part of the Athletic Department and the mission of the University. As a member of the Edinboro Family, we're pleased to welcome him back to campus."

Rhodes competed for Edinboro from 1991-95, earning All-American honors in 1993-94 and 1994-95 as a member of freestyle relay teams. He also earned All-PSAC honors and set a school record as a member of the 200 freestyle relay team. He was graduated from Edinboro in December 1995 with a Bachelor's Degree in Elementary

Education.

"I'm extremely excited and honored to be coming back to Edinboro," related Rhodes. "Edinboro has given me a lot. I'm pleased to be able to give back to the school."

Rhodes began his coaching career as an assistant swimming coach at Titusville High School in 1996-97, then moved on to Ashland University, one of the top programs on the Division II level, as an assistant swimming coach while completing work on his Master's Degree in Reading, which he received in August 1999. He returned to western Pennsylvania as the assistant swimming coach at Oil City Area High School for the 1999-2000 season. For the past year he served as the head coach of the Stroke Development Camp at Westminster College. In addition, he has been a Reading Specialist in the Oil City Area School District.

"We are very pleased that Chris is going to take over our swimming program," added Director of Athletics Bruce Baumgartner. "He came highly-recommended and we feel is an up-and-coming young coach. We think he'll be a nice addition to our coaching staff, and as an Edinboro graduate, fully appreciates our goals. I think he'll be very well-received by the team members, and will bring out the best in our swim team members."

EDINBORO NATATORIUM

- ✓ This outstanding facility holds six 7-foot lanes in a 75' x 42' area with a 40' x 40' diving well. Water depth ranges from four feet to 13 feet.
- ✓ Four underwater windows for filming and stroke correction.
- ✓ The lanes have Kiefer "non-turbulence" lane lines and the pool wall is guttered for fast times.
- ✓ Mercury vapor lighting, which completely eliminates pool and deck glare with an underwater lighting system in operation.
- ✓ McComb Fieldhouse is an easily accessible on-campus facility that also houses three basketball courts, a newly built weightroom and sports medicine center.
