As the result of the many editorials and stories in The Spectator concerning a new sports name, mascot, and fight song, a committee was appointed by Student Council to find a good fight song for the College. From the ones submitted, the song printed here is offered by the members of the committee to the student body as a possible choice. Mrs. Esther Campbell of the Music Department did the arrangement. The authors of the melody and words prefer to remain anonymous. Members of the committee are Dr. William Alexander, Chairman of the Music Department; Dr. John L. Marsh of the English Department, and Joe Geiser and Walter Tozier.
