"A Commitment to Excellence"

Bloomsburg University is a multi-purpose institution of higher education serving the citizens of Pennsylvania as one of the 14 Commonwealth-owned Universities. With a commitment to provide a quality, affordable education for all qualified students, Bloomsburg combines the tradition of an institution founded in 1839 with modern learning, living and recreational programs and facilities. Commonwealth funding provides 55 percent of Bloomsburg's annual operating budget.

Undergraduate students may enroll in degree programs in 64 areas of study in the arts and sciences, business, teacher education, nursing and health sciences. A program in engineering is offered in conjunction with the Pennsylvania State University, and preparation for post-baccalaureate study at professional schools is offered. Unique educational opportunities are available through advanced placement, study abroad, professional practicum, internships, independent study and the Center for Academic Development programs.

At the graduate level, the master's degree is offered in 25 areas of study and there are ten supervisory certification programs in the field of teacher education.

Extended program offerings provide continuing, life-long learning opportunities for people of all ages and educational interest through non-degree courses, non-credit mini-courses offered at off-campus locations and by public service television, and credit for work experience.

Enrollment for the Fall semester, 1985, totalled 6,439 students. There were 5,133 full-time and 769 part-time undergraduates, 108 full-time and 429 part-time graduate students. Instruction is provided by a 367-member faculty.

The University's 173-acre campus overlooks the Town of Bloomsburg and the scenic Susquehanna Valley. Carver Hall, built in 1867, provides a contrast with the modern facilities that include seven residence halls, a library, a 2,000-seat auditorium, student union, dining hall, gymnasium, administration building, five classroom buildings, athletic fields and recreational areas on the lower campus.

An athletic complex and recreational area occupy the school's 100-acre upper campus. In addition, the James H. McCormick Center for Human Services is the newest building on the lower campus and was used for the first time last fall.

Located less than two miles from an Interstate 80 interchange and 22 miles from Interstate 81, Bloomsburg is within one hour's driving time from Wilkes-Barre/Scranton, Hazleton and Williamsport, 1½ hours from Harrisburg, 2½ hours from Philadelphia, and three hours from New York City. The community is 45 miles from the Avoca International Airport and is serviced by major bus lines.

Bloomsburg has an enviable placement record. Of the 1,117 who graduated in the 1983-84 academic year, 82.1% had meaningful employment or were in graduate school one year later.

Active files of over 25,000 living alumni are kept by the University. Graduates of BU have distinguished themselves in areas including law, medicine (one is a Nobel Laureate), science, architecture, education, industry and research.

The Bloomsburg University is fully accredited by the Middle States Association of Colleges and Schools, the National Council for the Accreditation of Teacher Education, and the Pennsylvania State Board of Education.

Head Coach

Jan Hutchinson

Jan Hutchinson begins her ninth season as Bloomsburg University's head softball coach in search of the school's fourth straight 30-win season. Hutchinson's squads have compiled 98 victories (33-4, 30-4, and 35-6) over the last three years for an .875 winning percentage. Last season's team won its third consecutive Pennsylvania Conference Championship and also advanced to the NCAA Eastern Regional for the third consecutive year. However, Akron defeated the Huskies in the regional final.

Last year, Bloomsburg advanced to the finals of the PC tourney with victories over Edinboro and Shippensburg before a Sue Luna two-run double plated the winning run in the top of the seventh for a 2-0 finals victory over Lock Haven. BU has now gone three consecutive seasons without yielding a run in PC Tournament action. In the opening game of the East Regional, Akron scored four runs in the bottom of the seventh inning to capture a 5-4 victory. The Huskies rebounded to down Sam Houston St. in a 4-2 win. Akron then downed BU as two first-inning runs stood up in a 2-0 victory, advancing them to the final four.

Hutchinson, a native of Newton, NJ, received her Bachelor of Science Degree in 1971 and earned her Master of Education Degree in Physical Education in 1979, both from East Stroudsburg University. Prior to coming to Bloomsburg, she was a member of the faculty of the Blair Academy in Blairstown, NJ. There she initiated an interscholastic sports program for women and served as head coach of the field hockey, basketball, and softball teams.

In 1982, Hutchinson was one of the first coaches ever to lead two teams to national titles in the same year as both the BU field hockey and softball teams captured AIAW titles.

Assistant Coach

Tina Souders

Tina Souders enters her second season as an assistant softball coach at Bloomsburg. She graduated from BU in 1984 with a degree in Sociology/Social Welfare. Souders was a four-year starter for the softball team and holds multiple game, season, and career pitching records.

Her 74 career victories, against just 11 losses, is a school record. Other career marks include 635 strikeouts, 610 innings pitched, and a 0.34 earned run average. Souders also has many season and game records to her credit. They include: lowest earned run average, 0.23; most strikeouts, 207; fewest walks, 13; most shutouts, 18; and most consecutive victories, 22.

Outlook

It takes good pitching and solid hitting to win softball games and the Bloomsburg University Huskies have both -- again!! The three-time defending Pennsylvania Conference champions return their entire pitching staff, which had a combined 0.42 earned run average and all but one player from a club that batted .290 in a season that saw the team win a school record 35 games, win its third conference crown in a row and reach the NCAA Division II quarterfinals for the third consecutive season.

Ninth year head coach Jan Hutchinson has an overall record of 176-53 and knows what she expects from her 1986 Huskies. "Last year we started out thinking about a rebuilding season and just didn't expect the amount of success we had. The kids were really green but played extremely well. With the exception of one or two innings, we could have been in the 'final four.' This season, we have our strongest hitting lineup ever and all three pitchers back, so can only look for another good year."

Junior Susan Kocher heads the veteran mound corps that includes senior Chris Moyer and sophomore Jill Solinski. In 1985, Kocher registered the nation's second best ERA of 0.23 and had a record of 16-2. She struck out 130 and allowed just 59 hits to the 464 opponent batters she faced in 21 innings during the season. Kocher is 25-3 in her first two seasons at Bloomsburg.

Moyer enjoyed an 11-3 mark a year ago and had an 0.72 ERA. She struck out 59 batters while walking just 17 in 97 innings. The fourth-year performer posted an unblemished 16-0 record in her first two seasons with the club and is 27-3 overall in her career.

As a freshman, Solinski entered Bloomsburg as one of the most highly touted pitchers in Pennsylvania. She saw limited time behind the two veteran performers but managed to post an 8-1 record with an ERA of 0.33. She struck out 58 opponents in 64 innings of work.

The trio combined for 247 strikeouts and walked only 84 of the 1,068 batters they faced. They allowed 43 runs, 17 of which were earned and gave up 150 hits.

Senior Karen Hertzler, who gained All-American status at second base in 1984, may wonder at times if she is in the right position if Hutchinson's infield plans hold their pre-season form. Hertzler, who hit .344 last season, was the only Husky to play in every game and earned All-Pennsylvania Conference honors along with Kocher, third baseman Kathy Berry and rightfielder Suzanne Luna, is set at her position but six others could share time at the other spots. A lot will depend on where standout Jean Millen ends up. The senior missed all of the 1985 campaign with a knee injury but returns ready to play at either first base or shortstop. She hit .301 two years ago and led the team in doubles, triples and homeruns as well as runs batted in and walks. Millen was the lone BU performer to play in all 36 games that year.

Berry can move from her third base position to first where she played some last season while hitting .304. She is a contact hitter who struck out only once in 102 at bats and had the top fielding percentage among the starting infield at .961. Lori Pisco can also play at either corner and got plenty of game experience in 28 contests in 1985.

Last year's starting shortstop, Donna Graup handled the position well in her first season with the club after transferring from Lock Haven and adds to Hutchinson's list of talented infielders who will see plenty of time with Millen at first base or can fill in at third. Sophomore Kim Fey moves over from the BU lacrosse team and is pressing the veterans for a berth in the infield along with

newcomer Sherri Cooley.

Luna was a pleasant surprise last season as she stepped in as a freshman and led the Huskies in hitting at a .352 clip. She accounted for 15 extra base hits and led the team in doubles, triples and homeruns. She will once again be in rightfield while junior Kate Denneny will patrol leftfield where she played in 38 games a year ago and hit .304. She was also the squad's top defensive player, not committing an error during the 1985 season.

Joan Lewis the reserve centerfielder behind the lone graduated senior Deb Schneiderhan, could take over that position or transfer Donna Shief, a junior could assume those duties.

A battle for the starting catcher's berth a year ago never materialized because returning performer Lori Guitson injured her shoulder and was forced to designated hitter duties. Newcomer Cindy Freeland became the starter and did an outstanding job behind the plate, recording the second highest fielding percentage among the regulars at .982. Both players are returning and Guitson appears healthy, so that position boasts a pair of proven quality performers. Freshman Robin Fioretti will back up the duo.

The Huskies have won three PC titles and 98 games over the past three seasons but each time have come up one game short of the nation's "final four" tourney. Hutchinson's team must make sure to retrace each step to get there again in 1986 and maybe can make that elusive final one to take its shot at a national crown.
