Day Books, 1877-1900

5 volumes

The volumes list what was bought for each week of each month for the school. Entries are typically 2-7 days apart. They record names to which the money is owed and the items they are being refunded for. These items could have been food, checks, supplies, salary, etc. It is money going out. The entries are very detailed as to what the school bought by quantity and description.

Box 1:
