Kehr Union

Scrapbooks, 1973-1988

The collection contains nine scrapbooks and one photo album. Early years include building directory, and information about Marguerite W. Kehr, building layouts, and other information given to students. "You and Your Union" are included in the first four books, it maps out the utilization policy, activities, services, and board member information. Clippings from the *Maroon and Gold*, *The Voice*, and the *Press Enterprise* detail the news about the building and events. Articles were written mostly during high traffic weeks like Siblings' Weekend, and Homecoming. Programs and registration forms for events also are included. Scrapbooks dating after 1980 tend to include more clippings about campus in general.

Box 1:
