PUBLISHED ANNUALLY BY  
THE SENIOR CLASS  
STATE TEACHERS COLLEGE  
SHIPPENSBURG • PENNSYLVANIA

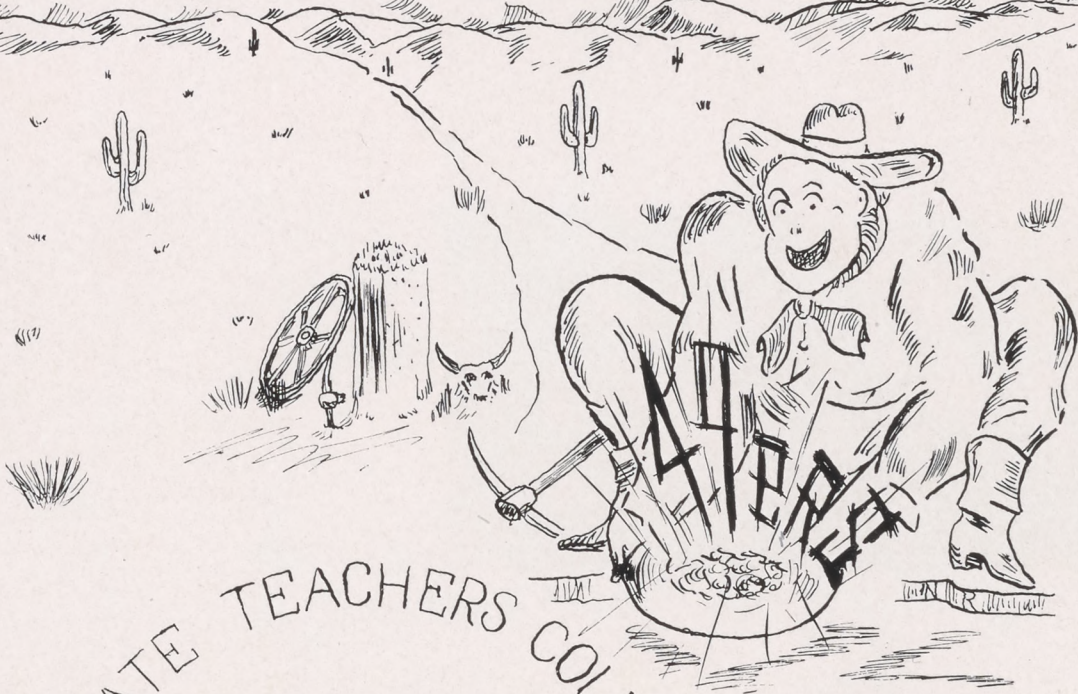

No yearbook of Shippensburg State Teachers College can have enough pictures of the buildings that were so dear to our hearts for four years. It is fitting that The 1949 Cumberland opens with an over-all view of "Old Main."

# THE FRUMBERLAND

STATE TEACHERS COLLEGE

SHIPPENSBURG, PENNSYLVANIA

# OUR PRESIDENT SPEAKS . . .

*To the Class of 1949:*

Congratulations! Your graduation from college marks another important milestone in your life. This goal has been attained through courage, perseverance and cooperation.

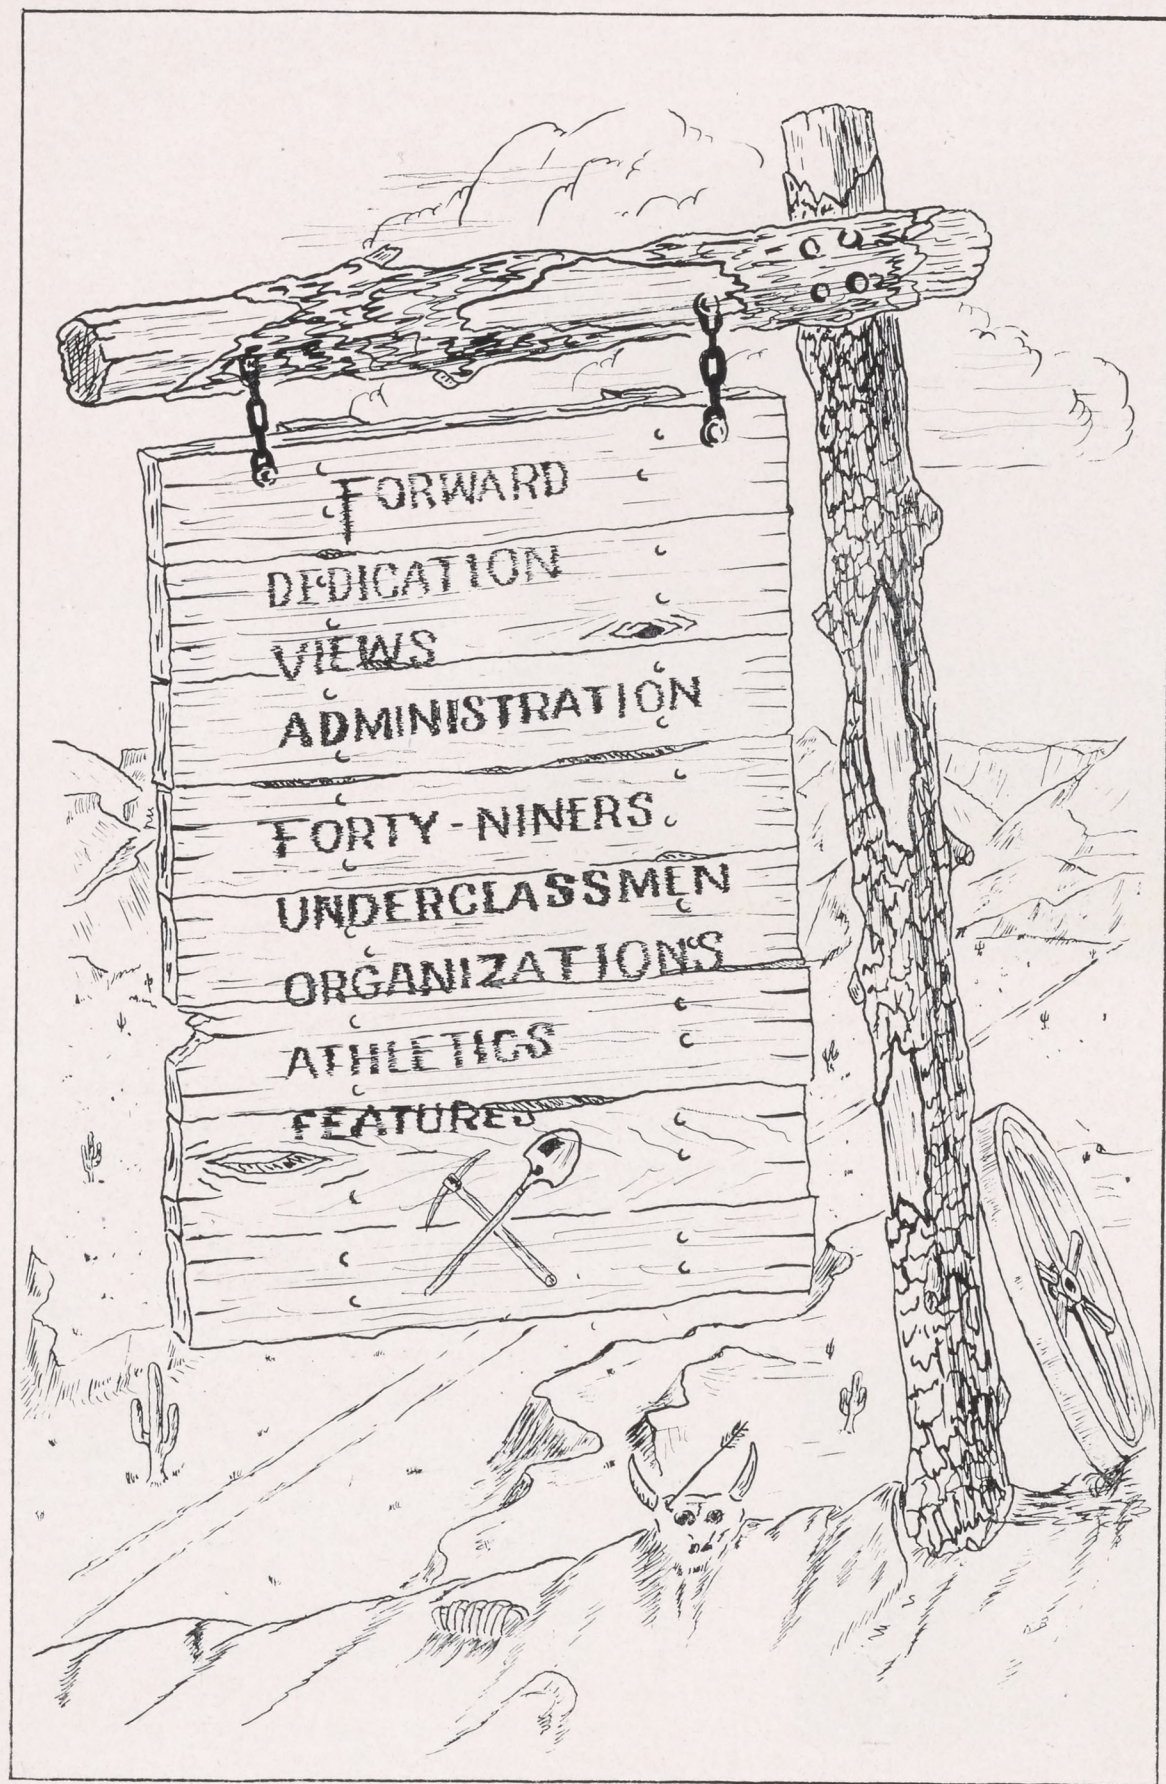

Shippensburg has provided you with the opportunity for personal development through its organized curricular and extra-class activities. In this way the College strives to give its students those fundamental elements necessary for success in life especially important for young men and women who are about to enter the honorable profession of teaching. You have taken advantage of these opportunities and as a result are now ready to begin your career with a broader outlook, a keener appreciation and a better sense of social as well as personal values.

Your diploma is a simple token of achievement which will always have much personal value to you. However, the true value of your college attainment will be discernible to those with whom you work and play. As you go forth to serve society effectively, and at the same time enjoy such service, it is well to keep in mind that your actual work is above reputation; refinement is more to be desired than fashion, and sincerity is more certain than popularity. Keep in mind that your education has been developed to make you interested in people and interesting to people.

I have the fullest confidence in your ability to measure up to what will be expected of you in your new social relationships and in meeting your professional obligations. You have my best wishes for personal and professional success as you go forth from this college, loved by so many graduates.

HARRY L. KRINER,  
*President.*

# FIFTY YEARS

ANNA M. COMMERER

For their combined fifty years of faithful and outstanding service we, the Senior Class of 1949, in behalf of the student body and alumni of the last twenty-five years, dedicate the thirty-second edition of the CUMBERLAND to Mrs. Anna M. Commerer and Mrs. Alice M. Noll.

Mrs. Commerer, more commonly known to the students as "Mom Clip," is a native of Shippensburg. She was born here May 6, 1891, and became an employee of the college on September 1, 1923. The retail store or "book room," as it was once called, has been inhabited by Mrs. Commerer during her working hours for the last twenty-five years. Her "place of business" was once located in the room which is now occupied by the women day students. Besides administering all the duties connected with ordering and selling college books and supplies, Mrs. Commerer was also required to supervise the high school supplies and book orders. Some years later the retail store was removed to its present location and with it went "Mom Clip." Each time we entered the book store we saw her familiar smile and heard her cheerful greeting, for Mrs. Commerer continues to be every-

# OF SERVICE

ALICE M. NOLL

one's friend at S. S. T. C. By her industry and friendliness she has endeared herself to the hearts of all Shippensburg students.

Although students have fewer opportunities to meet and talk with Mrs. Noll, she serves the student body faithfully in her capacity as bookkeeper. Mrs. Noll was born in Chambersburg on June 26, 1903. She began her work at Shippensburg as secretary to Mr. Lackhove on April 16, 1923. She was employed as secretary until June, 1940, when she accepted the position of bookkeeper. Our college has been enriched by both Mrs. Noll and Mrs. Commerer's presence on the campus. Both have contributed for twenty-five years the highest quality of service in their particular work.

It is indeed fitting that the '49 CUMBERLAND be dedicated to Mrs. Commerer and Mrs. Noll who have together contributed a half century of service to our Alma Mater. This service represents one-half century of progress which has evolved from the rush for gold in 1849 to the great present-day rush for higher education.

## Old Main

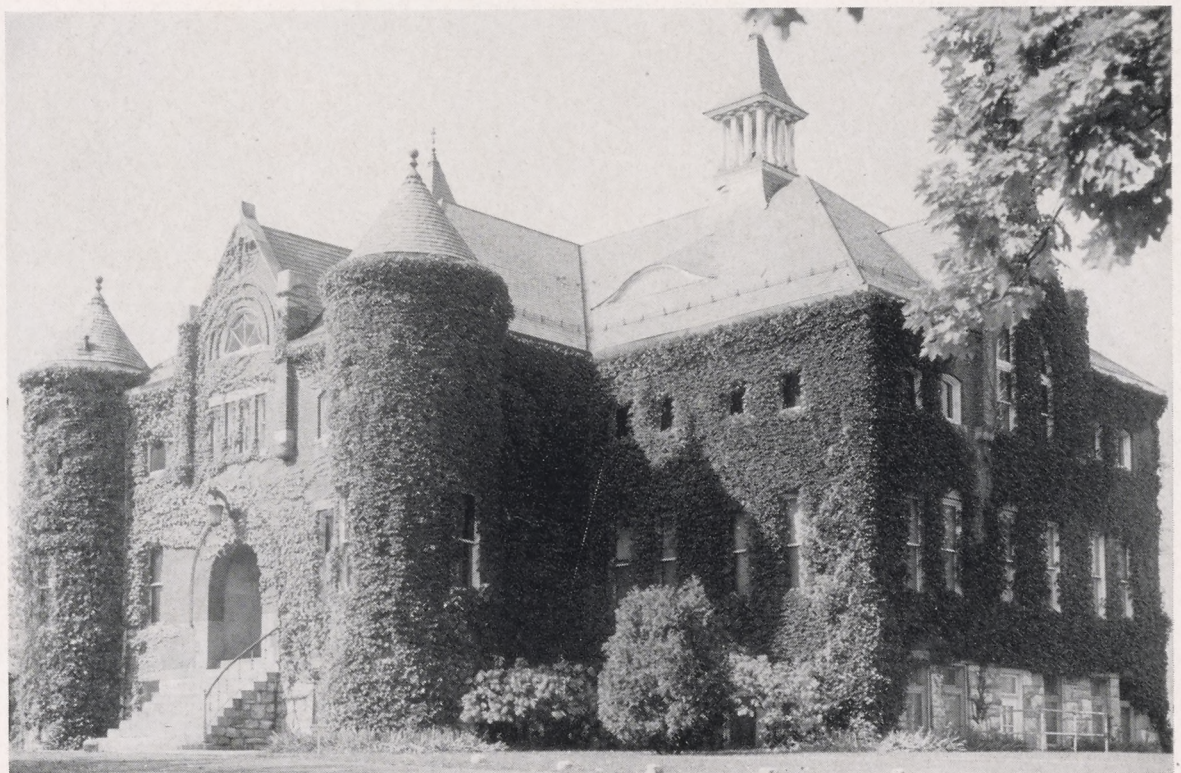

Every Cumberland includes a picture of Old Main. It would not be traditional to omit from this edition a photograph of the very "hub" of Shippensburg State Teachers College. The picture here printed, we believe, is one of the finest views of Old Main ever made. Old Main was erected in 1876 and has given its service for the past 77 years to progress in education. The Class of '49 pays tribute to you, Old Main, for your service to us during the last four years.

The fountain is a well-known landmark especially to the freshmen of Shippensburg State Teachers College. To us it seems a long, long time since we were given our "freshman bath." Doesn't it?

One of the most photogenic buildings on the campus is the Old Gym. During our first year at S.S.T.C. the Old Gym was used for our evening informal dances. Our third and fourth years saw the Old Gym being used as a dormitory for men.

Scarcely a person graduates from S.S.T.C. without becoming well acquainted with the college library. We are certainly proud of our library, one of the best and most beautiful of all libraries of the Pennsylvania State Teachers Colleges.

Shearer Hall is named for one of our own professors in recognition of his long and faithful service to our school, Mr. S. S. Shearer. Shearer Hall houses the Science Department of our college.

Freshmen are usually curious about the big house which they see standing adjacent to Gilbert Hall. Upper classmen usually give the "frosh" the news that this house is the residence of the College President.

Dedicated in honor of our former President, Dr. Gilbert, Gilbert Hall is the working place of our business students. Fully equipped with the latest business machines, Gilbert Hall stands ready to turn out "top-notch" graduates in business education.

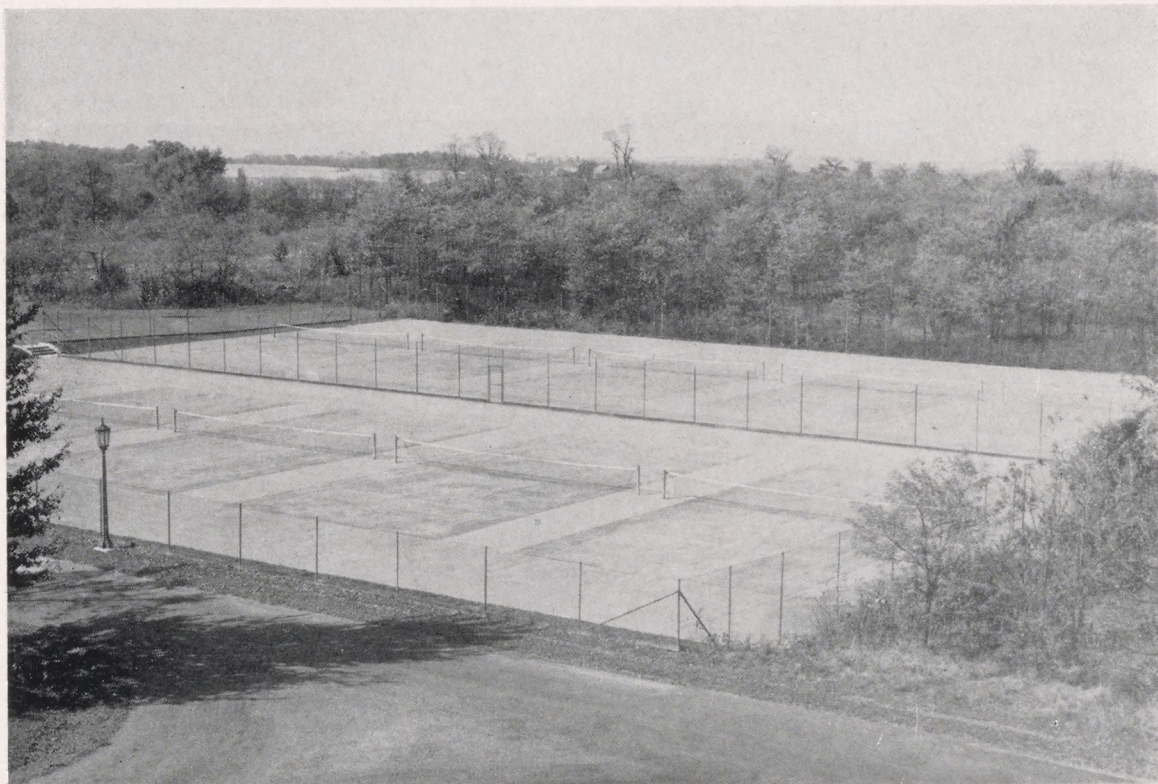

The May Queen, the Sweetheart of Sigma Chi, and practically all other S. S. T. C. "pin up" girls come from Horton Hall, the girls' dormitory. Many a romance has started—as well as ended—in the "court" of Horton Hall.

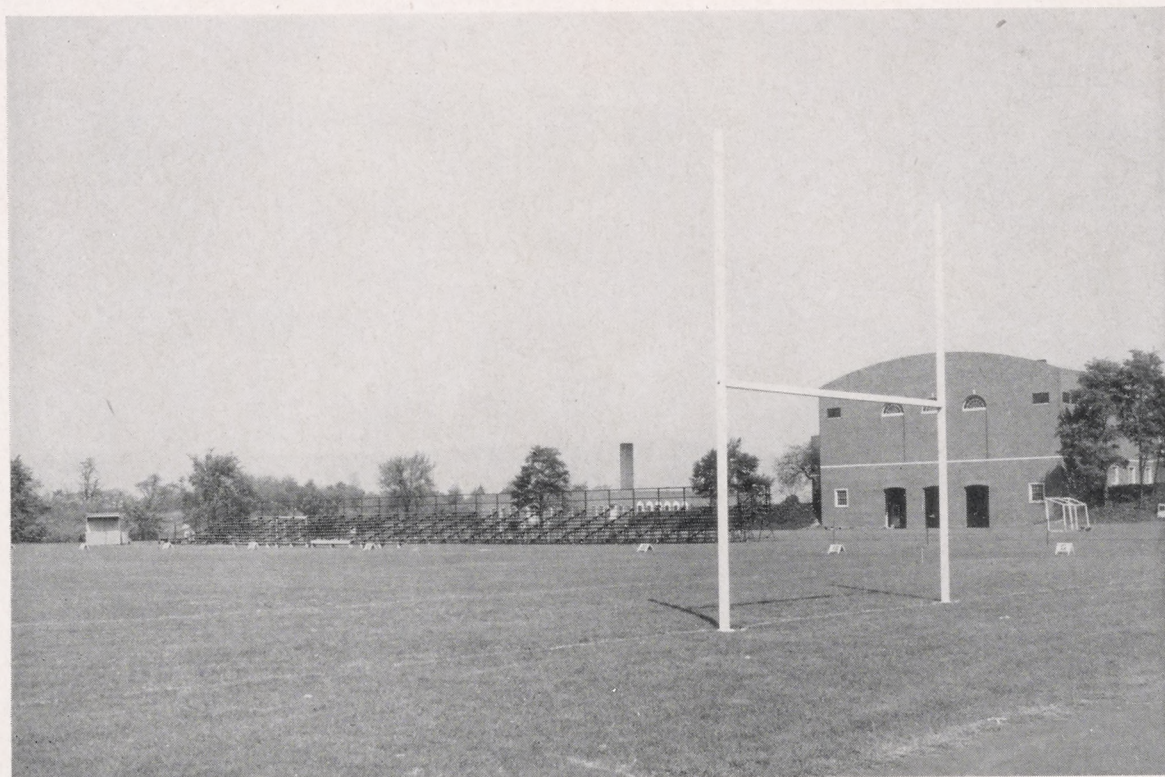

An indispensable building on our campus is the Maintenance Building. This building contains our college laundry. It is a familiar sight every Friday morning to see the steady streams of students going to the laundry to "pick up" their weekly bundle.

Summer finds the tennis courts well-populated with would-be Budes. No matter how wet the weather has been, a few hours of sun will restore the courts to perfect condition for playing. The football games played on Heiges Field during the fall always draw a colorful throng. Those games we witnessed will long be remembered.

Our infirmary, pictured above, is fully equipped to take care of our "sprains and bruises."

Our laboratory school where elementary students put into practice the methods of teaching they have learned.

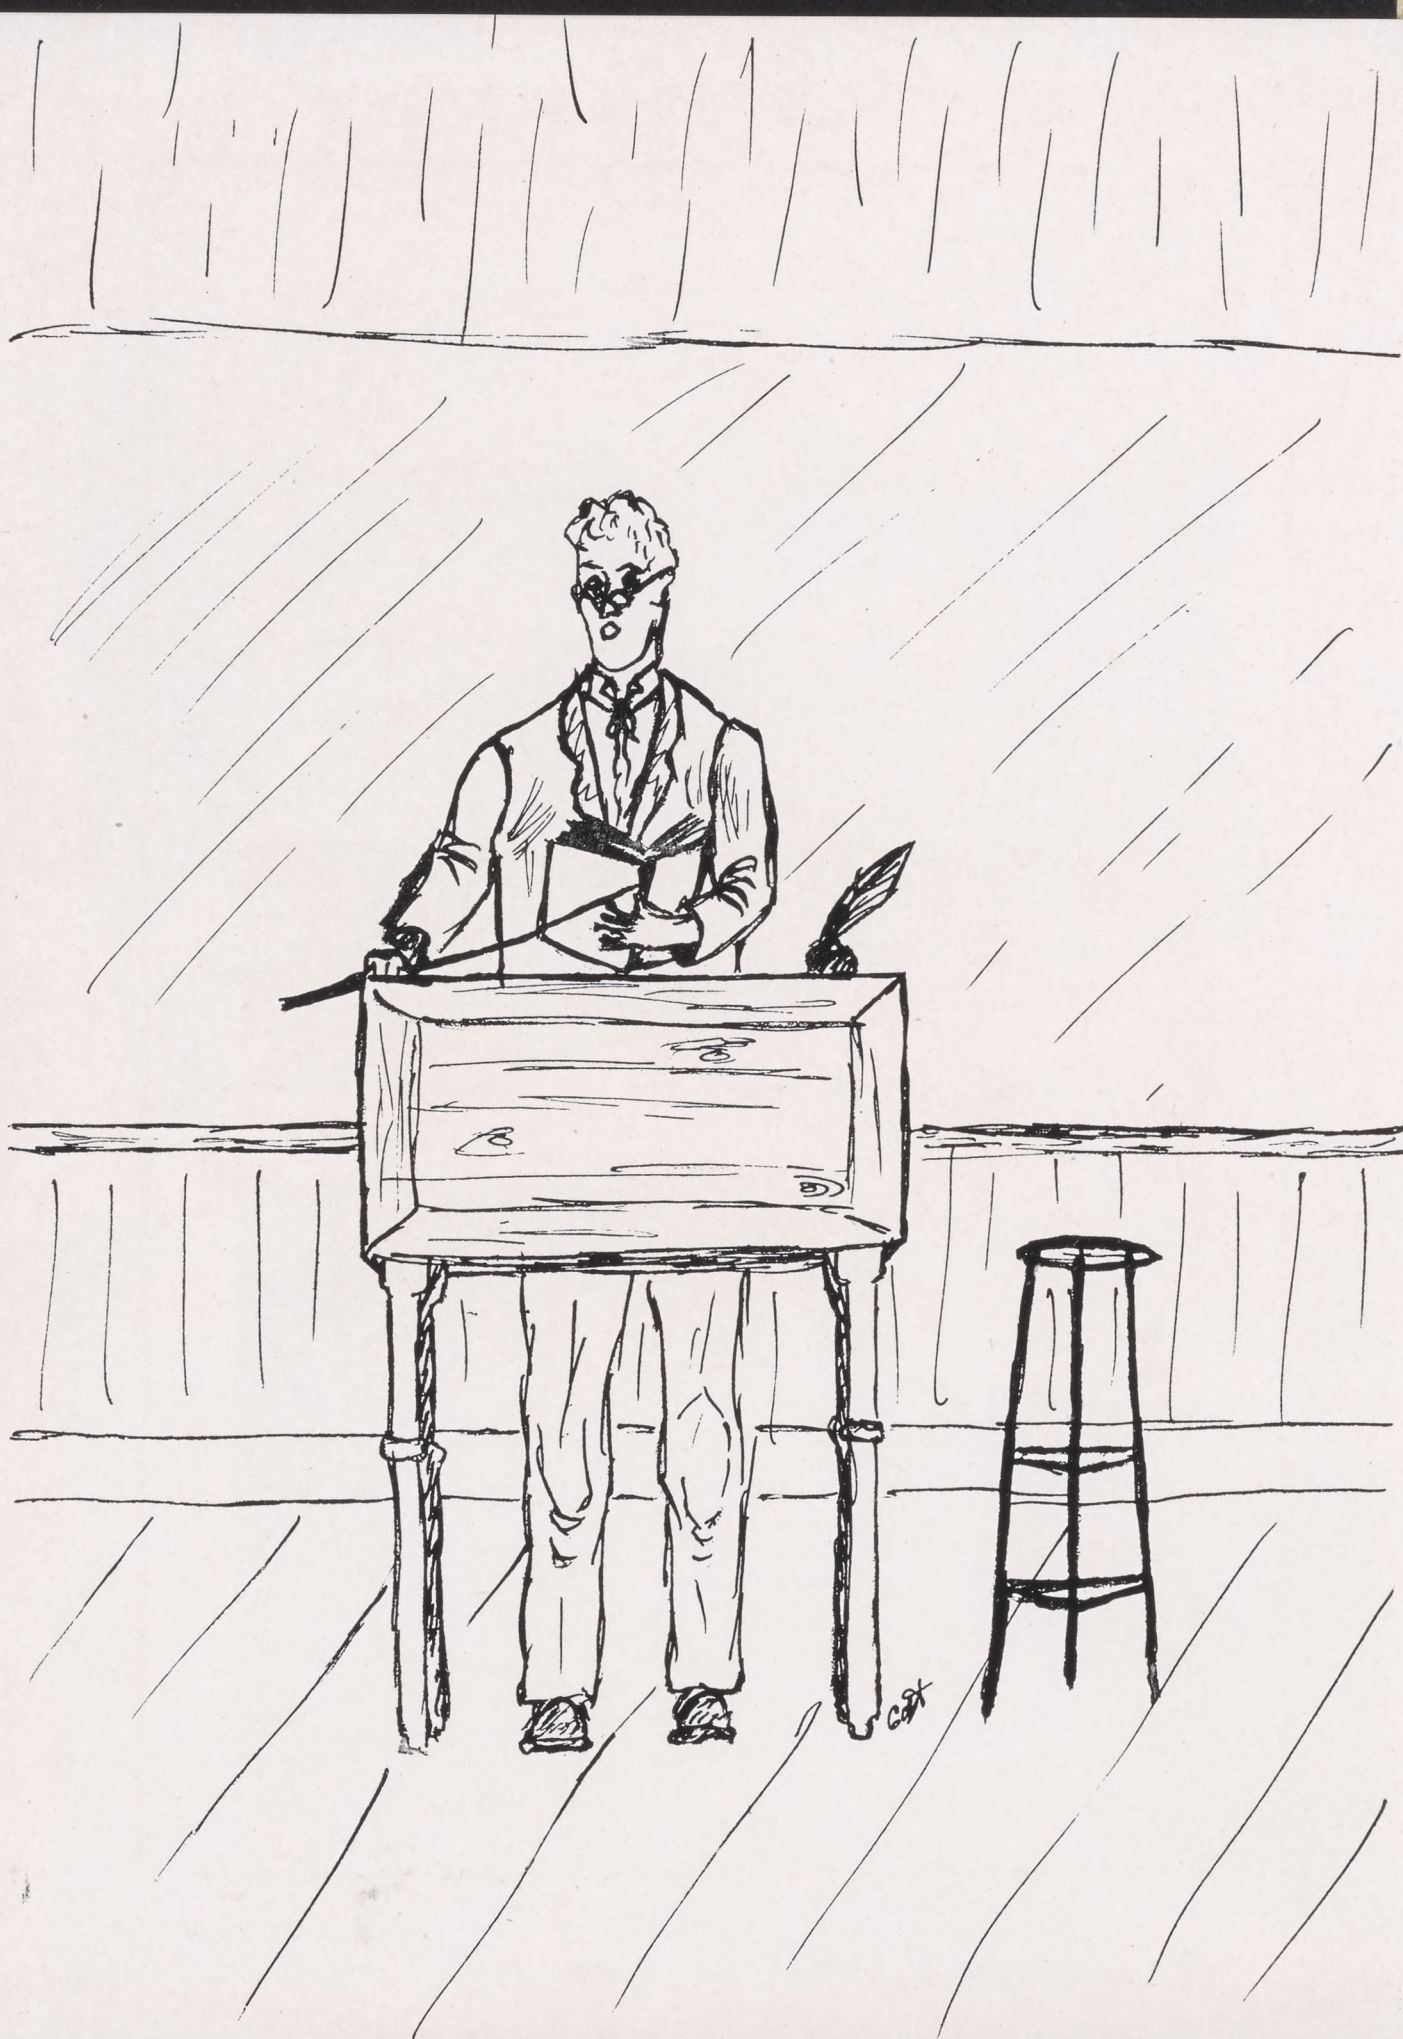

Eckels Field—Practice field during the football season and a baseball field in spring. Also a landing field for Santa's helicopter.

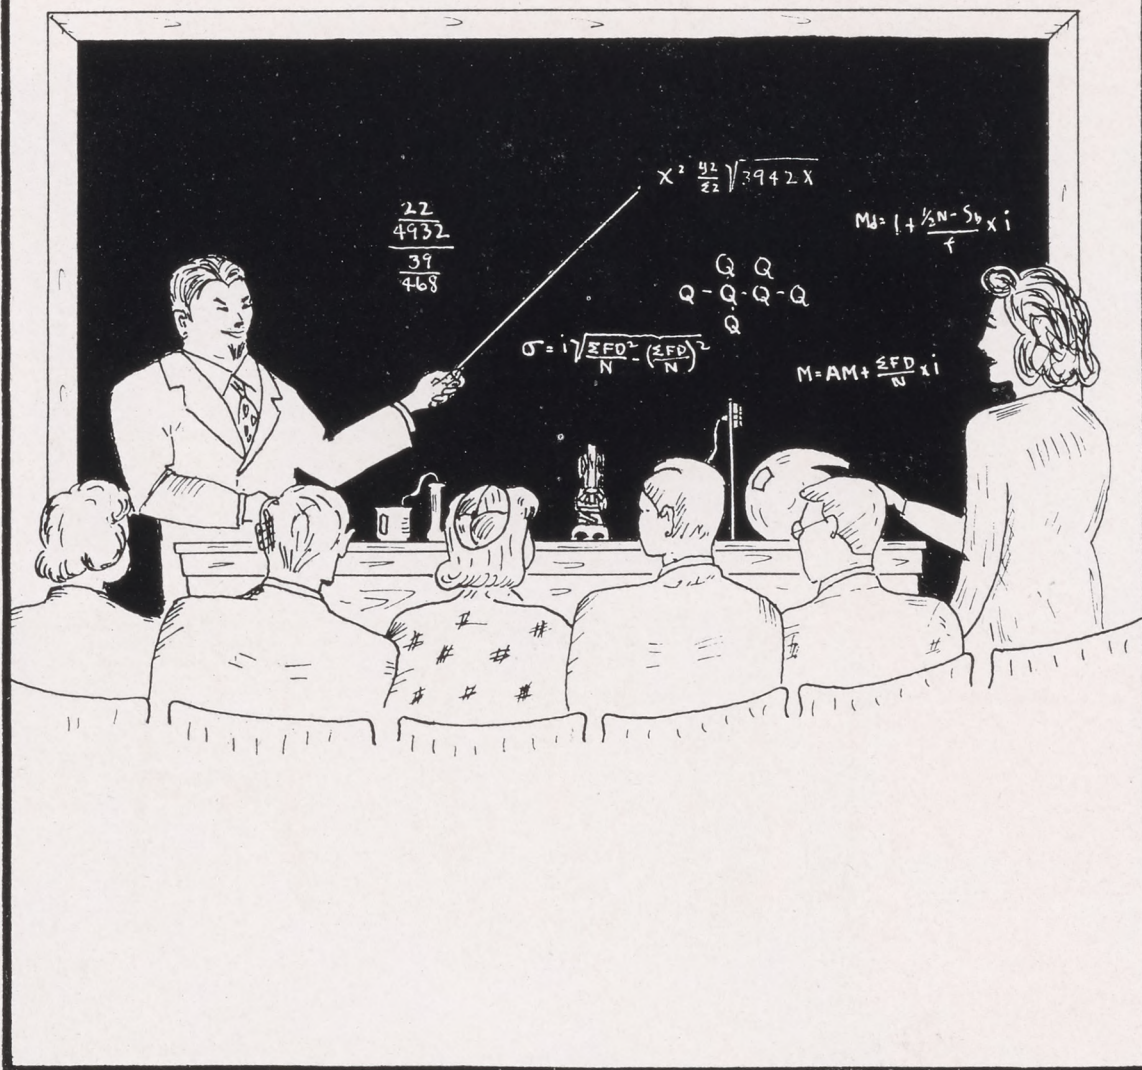

Our Alma Mater, S.S.T.C., sends us into the field "to teach the people."

## THE WHEELS AND SPOKES

GENE T. FISTER, B.S., M.A.  
*Dean of Women*

VINTON H. RAMBO, B.S., A.M.  
*Dean of Men*

These administrators are indispensable to the management of our college functions.

Miss Fister and Mr. Rambo are the social deans. Together they assist in planning social functions. Miss Fister is in charge of housing residents of Horton Hall and is advisor to the Day Women's and Boarding Women's Councils. Mr. Rambo supervises housing for men as well as advising the Day Men's and Boarding Men's Councils.

Dr. Wright, the Dean of Instruction, sets up all schedules and prepared information bulletins pertaining to instruction. He evaluates credits and supervises the instructional activities of students.

The College Business Manager, Mr. Lackhove, under the direction of the President, is responsible for the non-instructional operation of the college.

Mrs. Miller, the Registrar, deals with the admissions and registration of students. She records grades, extra-curricular activities, test results, student teaching experience, and supervises proficiencies and deficiencies.

In behalf of the senior class we, the CUMBERLAND staff, wish to express our appreciation to our Class Deans for their guidance throughout our four years at Shippensburg.

Mr. Weaver, who is Chairman of the Music Department, received his B. S. degree at Temple University and his A. M. degree at New York University. He supervises the college band, the symphony orchestra, college dance band, brass and string quartets, men's glee club, and is the adviser of the Phi Sigma Chi fraternity.

JAMES C. WEAVER

## CLASS DEANS

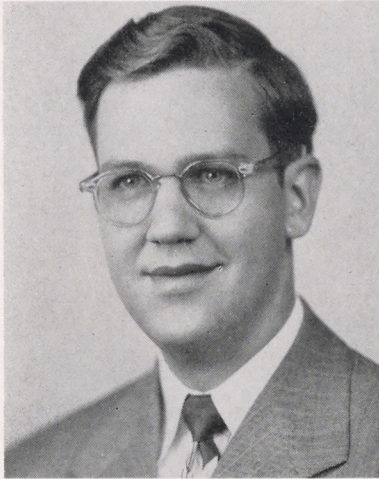

Miss Rolar is a member of the Social Studies Department. She received her A. B. degree from the Pennsylvania State College and her A. M. degree from Teachers College, Columbia University. In addition to her teaching duties Miss Rolar is the sponsor of the International Relations Club, a member of Kappa Delta Pi, and treasurer of the college alumni association.

We are grateful to both of these advisers for their excellent advice and able assistance to our class.

# PRESENTING THE

Act I of the four-act play, "Forty-niners," had its setting at Shippensburg State Teachers College on September 10, 1945, when ninety-two freshmen, mostly women, entered these ivy-covered buildings for the first time.

During Scene I there were many memorable events. The C. C. A. Party, the Freshman Mix, the Sophomore Party, the C. C. A. Picnic, as well as the taking of a battery of tests, were the new experiences which oriented the "Forty-niners" to their new home. There were also "unpleasant" experiences during those first weeks, and most of them were results of the revival of Freshman Customs in the college for the first time in fourteen years. However, we survived all the "witticisms" of our clever upperclassmates and even found sufficient energy to enjoy the W. A. A. dance.

The scene rapidly shifted to the second semester during which one hundred and ten veterans entered the college to once again "reestablish" S. S. T. C. as a "coed" college. The cobwebs were brushed from the date room and male voices reverberated throughout the corridors.

The Junior Prom climaxed the first act. In the closing minutes we had to run from the social side of college life and experience the "terrible torment" of final examinations. Then came that pleasant intermission—vacation.

September, 1946, and Act II saw the "Forty-niners" portraying the leading role in initiating S. S. T. C.'s largest freshman class into the right and wrong ways of college life. New "dinks" were purchased for the benefit of the freshmen boys. These new "hats" harmoniously blended with the tone of their voices as they sang under the girls' fire escapes. An occasional "dip" in the fountain for both sexes was all a part of the frosh's introduction to campus life.

This year found our Alma Mater displaying a football team which could boast a few substitutes; a basketball team, a baseball team, swimming teams, and a track team. The men had taken their places as influential club members. The cast of our drama was no longer dominantly composed of women.

A shift in stage properties revealed the sophomores enjoying hay rides, the Sophomore Hop, a skating party, the traditional Christmas Party and Christmas Tree Sing, as well as sledding on the training school hill.

Long hours of preparation for final examinations terminated this act, and another vacation was at hand to serve as an invigorating interlude.

Fall came and we were back at Shippensburg for the third act of "Forty-niners." The scenes were both humorous and serious. Horace Mann

# NUGGETS THEY

The class of 1949 in this, our last will and testament, do hereby bequeath our treasured valuables, talents, and interesting personal qualities to those underclassmen who we feel will most appreciate them. We trust that these legacies will be carefully guarded and dutifully cherished.

Elmer Farinella's title, "The Best Male Actor," is left to James Peters.

To any reserved group of underclassmen we leave the Mearns Fuller, Thomas Stoner, Glenn Diehl, Thomas Viglione, Edward Kann, Walter Reddig, William Naugle, and Frank Middlekauf recipe on how to "pep up" a class.

The naps Donald Kramer took in entomology class are grudgingly left to Donald Luck.

Loureda Stewart wills a few of her C's to William Earp to break the pattern of his A's.

To Edith Bache is left Sylvia Clapper's piano technique with best wishes for better before dinner recitals.

Joseph McCrae's bashfulness is bestowed upon James Shiplett

William Madden's "ballyhoo" is left to Warren Manley.

Eugene Martz wills his hunting and fishing equipment to Robert Francis.

Doctor Bikle's aides, Gerald Gutshall and Howard Strawmyre, will their positions to two medically-inclined underclassmen.

To worthy Elizabeth Miller is left either Rose or Anna Mae Lubold's position on the hockey team.

Mary Ferguson's light tread when sneaking late into classes is thoughtfully willed to Constance Hartman.

Portia Lehmer's nose for news has been reserved for Erna Schneider.

Ruth Ann Counsman has been the heir selected to receive Evelyn Shoop's vocal talent.

To keep the waiter's association supplied with jokes, we leave this talent of Harold Turner to Robert Vignovich.

Isabel Frommeyer's car is to be inherited by

# "FORTY NINERS"

supplied the comedy when he was hanged for the cause of education during mid-semester examinations. The junior class hayride to Big Pond was sensational when several unrehearsed actors, the State Police, came upon the scene and escorted the "Forty-niners" back to S. S. T. C. For several weeks there was confused talk on the campus concerning "a missing tail-light," I believe.

Fall leaves gave their cues to turkeys, mistletoe and snow. In this panorama of events one very exhalted performance, the Junior Prom, was staged. On April 16 the "cast" attended this Mexican production to the rhythmical percussions of Bob Chester's orchestra. Much energy was expended, but the star on this stage was Bruce Goyt, whose handpainted mural of a bullfighter put the "Forty-niners" in the spotlight of success.

The last scene before the cast was dismissed for a brief rest was a repetitious one. Again the windows were aglow with late crammers, and very undramatically the dust was blown from textbook covers in an effort to outguess the "Profs."

The "Forty-niners" believed in the axiom "the show must go on." As 1949 arrived, they were performing their closing repertoire of scenes. New faces passed before the footlights, but the horrid worry, student teaching, was now a reality, leaving little time available for further acquaintances.

We were looking at education from the other side of the desk. Now we were cognizant of the reasons for predecessors writhing in pain at the spoken words "Student teacher." We boldly faced our audiences, however, and played this major role to the best of our abilities. Gay portrayals were not denied us in the waning hours of our play. The W. A. A. dance, Mistletoe Stomp, Junior Prom, and the Senior Dance were delightful changes.

Football gave way to basketball and basketball to baseball, while behind the scenes name cards, invitations, announcements, and applications were being prepared for their first public appearances.

Second only to student teaching was the "Forty-niners" zest for a superior CUMBERLAND. We hope we've been successful. You are our critic.

With graduation the curtain fell triumphantly on the final act. We recalled four years filled with treasured friendships and nostalgic memories of Old Main, Solomon's Temple, the Fountain, and a dozen rushing impressions.

In the epilogue of our play we wish to say that the "Forty-niners" came searching for the greatest treasure of all, wisdom.

We have "collected" whatever talent, erudition, eloquence, or authority that was available. We pray that we are prepared "to go forth and teach the people of the world."

## LEAVE BEHIND

Virginia Leidich so that she can take another trip to Indiana.

Joyce Myers leaves her patience and fortitude to Anna Rost to be used during quiet hours.

Helen Falkler and Janet Black will their "gift for gab" to Dorothy Wambaugh.

William Peck's impersonations are willed to "Bud" Warfel, and his versatility to John Leitch.

Delores DeShong's reticence has been left for "Peg" Rudy.

Ross Stitt's fluent vocabulary is the gift retained for James Kough.

Rose Buhrman leaves her reputation as an efficient waitress to Lois Minnich.

Harry Channell wills his success as editor-in-chief of the Campus Reflector to Dorothy Slot-hower.

Barbara Yingling leaves all Miss Beamer's papers for Barbara Pursel to correct.

Helen Hartman's pitchpipe has been promised to Phyllis Brockey

Dorothy Righter leaves her best political argu-

ments for Barbara Specht's use—just in case the Gallup Poll is wrong.

Dale Brindle's camera is the legacy to be received by Howard Kitzmiller.

Jack McClellan and Herman Gordon leave their perfect basketball shots for Daryl Snook and Harold Bishop.

Donald Abrashoff's secret on how to get A's from Dr. Valentine is willed to Robert Shaffer.

To the junior class we leave everything associated with student teaching.

To the sophomores we leave our formula for a colorful and successful junior prom.

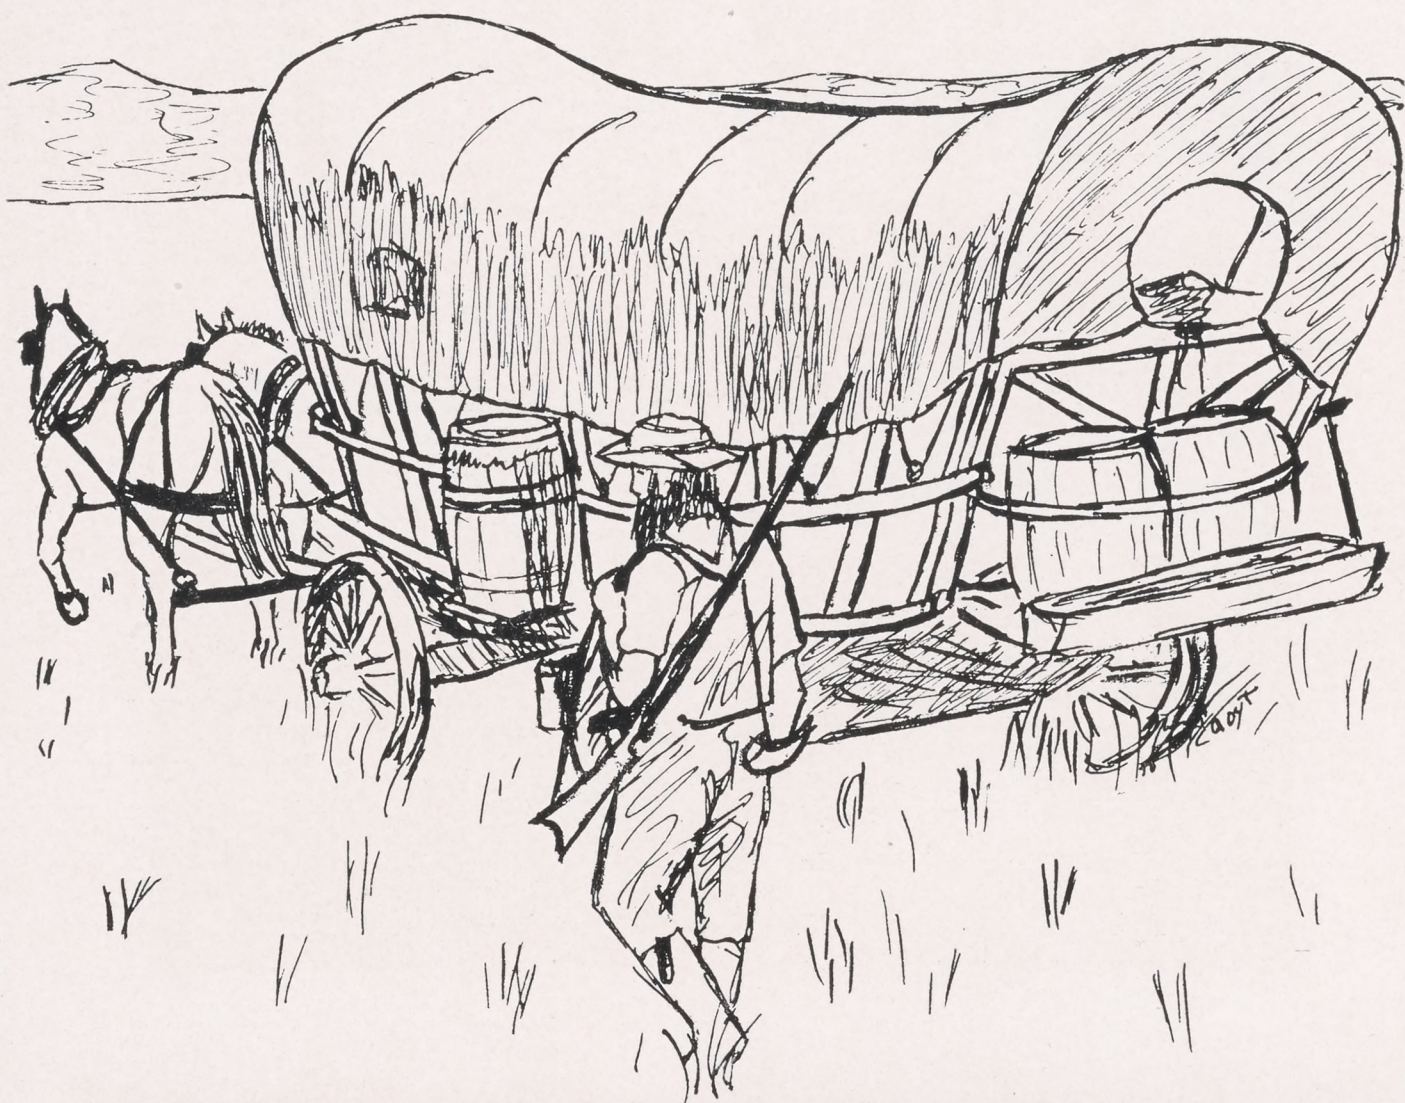

For the freshmen we've saved all our clever initiation prescriptions.

In witness thereof, we, the class of 1949 at Shippensburg State Teachers College, do hereby place our hand and seal to this will on this twenty-third day of May in the year of our Lord, one thousand nine hundred and forty-nine.

# THE CLASS OF 1950

Coming in on the home stretch—that's the Junior Class we see approaching their last year and the last lap of their journey through S.S.T.C.

Last fall when they returned to the campus, their first problem was the choice of a President to replace Joseph Nicely who had left college to work in industry. It was decided that Vice-President Leo Kleinfelter would assume these duties.

The next step forward was the election of an editor for next year's CUMBERLAND. This was done in order to provide the person chosen with an opportunity to meet with the 1949 CUMBERLAND staff to gain a basic understanding of his future work.

Finally, the second semester rolled around, and the Juniors found their real opportunity to "show their colors." With the 194 class members co-operating, all preparations for the Junior Prom were finally completed. The big day arrived on April 29, and the class paid tribute to the graduating Seniors during the traditional dinner-dance.

# SAILING ON

With a crew of 203 Sophomores, the S. S. 51 embarked on the second lap of its voyage through S. S. T. C.

The first big storm it met came as the Sophomores set sail with Freshmen initiations. A rough and yet exciting program was drawn up by "The Cap Crew." After plans were completed and duties were posted, we found these "busy bodies" playing policeman over the campus during several months. Oh, the punishment they bestowed on the Freshman deserters! A court trial, a dip in the fountain, or just a shower from a bucket of water was imposed on those "lucky" Freshmen

who were caught without those stunning dinks, a weak memory for the Alma Mater, or lack of "respect" for upperclassmen.

With the great waves of the second semester rolling toward them, the crew turned its craft toward bigger and better plans. This time the result was the annual Sophomore Hop, a rippling Easter dance.

So as Admiral Robert Thomas steers his crew safely into dock, drink a toast to the famous S. S. 51 and the efficient gobs as they go on leave until reporting for duty again next September.

September 9 marked the "opening night" of a great "performance" for the Freshmen. The audience, upperclassmen, gave full support to the actors on the stage.

Act I of the production showed two hundred and fifteen apprentices struggling through psycho- logical exams, reading classification exams, and introductions to the S. S. T. C. faculty.

Act II, directed by the Sophomores, portrayed initiation. Dinks, "dog tags," "visits" to the fountain, and court trials added to the colorful setting.

During intermission the meeting of actors and audience took place quickly and effectively. In- termingling of the two groups showed the friendly Shippensburg spirit.

Semester exams high-lighted Act III. Having

adapted themselves to the mood of the play the "Frosh" with a few exceptions continued success- fully in the dramatization.

The fourth and final act was a formal dance, the theme, May Day. A gay, spring atmosphere was created to accentuate the spirit of the Class of '52.

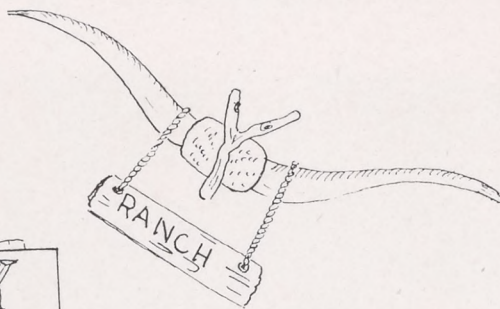

Critics acclaimed the newcomers' "theatrical" season a "smash hit."

A unique governing body of S. S. T. C. student life, President's Council, affords student participation in discussion of student policy that arises within the student body. Through representatives of the Council every student has the opportunity to voice his opinion.

Membership consists of the executive officers of leading campus organizations, the Social Deans, the Dean of Instruction, the President of the College, and the Business Manager. Dr. Kriner is the Council President and is assisted by a student Vice-President, a Secretary, and a Treasurer. Jay Fickes, Portia Lehmer, and Robert Thomas, respectively, fill these student offices.

The Council budgets the Activities Fund and

approves the allocation of the money to the various clubs and organizations of the College.

Shippensburg is a member of the Eastern States College Association and sends delegates annually to this Association's convention held in New York City in March.

At the close of the college year a committee is appointed from the group to prepare the next year's college handbook.

Petite, eighteen-year-old Connie Hartman, selected as Sweetheart of Sigma Chi was introduced to the fraternity members April 30, 1948, at their annual dinner dance at the West Shore Country Club.

Phi Sigma Chi, sponsored by Mr. Weaver, is one of the social fraternities on the campus. Its members are elected in recognition of service and achievement, and its purpose is to offer assistance in accomplishing school objectives. Along with its many contributions to the school during the year, the fraternity sponsors many social functions. The highlight of the year is the annual spring selection of a "Sweetheart of Sigma Chi." The "sweetheart" is chosen by a majority of all members and reigns as guest of honor at a formal dinner dance.

The name of Sigma Chi sparkles the thought of football games, colorful crowds, and Old Nassau.

The poignant rendition of their name song has the soft touch of a sweetheart's serenade. Ah, yes! Phi Sigma Chi is steeped in tradition.

# THE TOUCH OF

The final delicate stroke of the 49-ers' achievement is displayed in this production of **THE CUMBERLAND**

Work began in the spring of 1948, immediately after the class elected Elizabeth and Jerre Gratz as co-editors of this year book. Continuing in the opening days of the present term, a small staff, chosen by the editors, met to choose a theme and dedication. From that time until the year book went to press, the staff members worked earnestly completing their specific duties.

Having chosen "The Forty-niners" for a theme, the editorial staff planned the organization of the book to show the contrast between 1849 and 1949. This was achieved by comparing the rush for gold a century ago with the present rush for education.

Business matters were transacted by a very capable group under the guidance of Herman

Gordon, Business Manager. A very noticeable improvement over previous editions was attained by this staff by the exclusion of all advertisements from the publication.

Midnight oil by the gallon was burned in getting THE 1949 CUMBERLAND ready for press. Several meetings, such as the one pictured, were necessary to correlate all the material that was to be put into your yearbook.

Pictured from left to right are the editors and business manager of THE 1949 CUMBERLAND. At the left is Elizabeth Gratz, of Newville, Pennsylvania. In the center is Jerre Gratz, of Harrisburg, and at the right is Herman Gordon, also of Harrisburg.

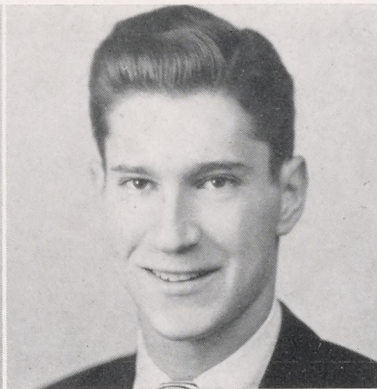

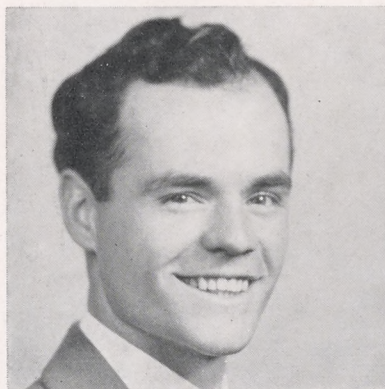

THE CUMBERLAND staff has tried to put together a yearbook that is of Grade A quality from the beginning to the end. We hope that recipients of this book will cherish it the rest of their days as a living review of their college days.

The literary proteges of S. S. T. C. have an opportunity to prove their worth by writing for THE CAMPUS REFLECTOR.

Issuing six editions annually, these journalists are constantly composing short stories, features, sports reviews, and other articles of interest to the student body.

All college activities are covered and reported by the editorial staff, headed by the editor-in-chief, Harry Channell.

In January, 1949, because of Mr. Channell's graduation, the duties of editorship were assumed by Dorothy Slothower.

Constant improvements are noted in the pages of our new college magazine as the staff strives toward perfection.

The aim of the French Club is to offer its members a broader and deeper understanding of the culture, civilization, and language of France.

Discussions during the regular meetings are organized and led by student committees and cover such topics of interest as "Scenic France," "French Art," and "Christmas in France."

Under the leadership of Miss Klaus the Spanish Club meets regularly to help its members, those majoring in Spanish, to form a better understanding of Spanish life and language. During discussion periods the art, sculpture, and literature of the Spanish people are studied. Other events sponsored for the benefit and enjoyment of the student body include such activities as playlets during chapel programs.

Members of the Beta Lambda Chapter of Pi Omega Pi, a national honorary fraternity in business education, have expressed their intention of becoming teachers of business education. National requirements for membership are a scholastic rating of 2.0 or better in Business Education and 1.5 rating in all other courses.

The aims of the fraternity are to encourage, promote, and create interest and scholarship in commerce; to aid in civic betterment; to encourage and foster high ethical standards in business and professional life; and to teach the ideal of service as the basis of all worthy enterprise.

The officers of the chapter conduct the monthly business and social meetings and the pledge and

initiation ceremonies. The highlight of the first semester's activities is the annual banquet given to the new members, both student and honorary. Two special features of the banquet this year were the initiation into the fraternity of Dr. Harry Kriner, President of the College, as an honorary member, and a talk given by Mr. John R. Haubert, Chief of Business Education in the Commonwealth of Pennsylvania.

Field trips made throughout the year to business houses and schools offer opportunities for Pi Omega Pi's members to observe business and commerce in practical operation. An annual picnic in May ends the activities of the year.

Kappa Delta Pi is a national honorary fraternity in education. The local chapter, Epsilon Epsilon, is growing constantly. Considering the high standards for membership, which include scholastic achievements, personality traits, and leadership qualities, the fraternity's growth is a tribute to the students and faculty of Shippensburg.

The formal initiation of qualifying pledges is held early in the fall and again during the early days of the second semester.

Activities include monthly professional meetings featuring special speakers, round table discussions, and student reports. Business meetings are held periodically throughout the year. Social

events include theatre parties, banquets, and luncheons. Discussion topics highlight local, state, national, and international educational problems.

The aim of the fraternity is to raise the standards of teaching and to encourage more capable persons to enter the teaching profession.

# PHI SIGMA PI

Phi Sigma Pi is a national honorary fraternity for students of education. The Shippensburg Chapter, Omicron, was founded in 1931 by the present sponsor of the fraternity, the able and loyal Professor S. S. Shearer.

The chapter, being limited to men, was inactive during the War. Since the return of men students to the campus the chapter has been reinstated, and membership is stronger than ever.

To be admitted to this organization a student must maintain a required scholastic "B" average during the year previous to admission. Two other qualifications are required: members must be persons of approved character and must be social assets to the organization.

The fraternity sponsors a full program of events each year, including business, professional, and social meetings. The business and professional meetings are held monthly. Two outstanding annual social events of Phi Sigma Pi are a Founder's Day Banquet and an Easter vacation educational trip. At the Founder's Day Banquet a noted educator or school man is admitted to the fraternity as an honorary member.

A freshman mixer opens the activities of the year which culminate in a sponsored trip to various business offices, plants, stores, and high schools in New York City

## SO PROUDLY WE HAIL

These sober men of the world are those who have served in the Armed Forces of the United States. The campus organization for veterans offers assistance, guidance, and fraternity to all its members. A Veteran's Administrator representative frequently meets with this group to discuss issues affecting the welfare of veterans. Mr. Rambo is the sponsor of "those who served."

# WE SELL THE CAMPUS

Seated, left to right: Wagner, Connolly, Picking, Stimmell, Foster.  
Standing: Richwine, Wilkinson, Diehl, Kitzmiller, Snyder.

Early in the 1947-1948 term a small group of students expressed an interest in forming a student publicity organization on the Shippensburg campus. Working as an unorganized and constantly changing group they assisted with the regular weekly gathering, writing, and releasing of college news, photography, and information to more than a hundred newspapers and radio stations.

At the beginning of the 1948-1949 term students who were interested in better public relations for the College met and adopted a constitution for the new Public Relations Club. At this writing the organization was setting up requirements for the granting of extra-curricular credit to its active members. A petition for recognition as an official campus activity with representation on the Presidents' Council also was being prepared for submission to the college administration and the Presidents' Council.

Although the chief activity of the club has been the assuming of responsibility for college publicity through news and photography releases, the adopted constitution calls for a broader interpretation of college public relations for Shippensburg State Teachers College. Realizing that the best

relationships with the public can be best established and nurtured by the "products" of the college, it graduates, the club has adopted as its guiding principle the following statement: "The best advertisement for Shippensburg State Teachers College is the graduate who is a successful teacher." Such a philosophy precludes any other objective than the improvement of relationships *within* the college, relationships based on the spirit of co-operation and service, as a preliminary step towards the establishment of better and broader "public" relations. To this huge task the Public Relations Club hopes to contribute its best efforts.

Warblers bringing music from heaven, the Choral Club, under the sponsorship of Miss Anna Smith, swings into a heavy schedule as soon as the first semester exams end. At this time these future opera stars prepare for their annual spring concert presented jointly with the college Glee Club.

For those students who find an outlet for expression of their enthusiasm with their vocal chords, the Mixed Chorus has been formed.

This club's activities take place during the first semester. Its most important activity is the presentation of the Christmas portion of Handel's immortal "Messiah," which is sung at the college during each Christmas season.

Beautiful blendings of men's and women's voices flow from Rowland Hall during the long practice periods; the quality of blending increases, and finally, the curtain rises for another Yuletide performance.

The final, and frequently the most cherished, of the chorus' activities is a social get-together held in the game room of the Alumni Gym.

# PLAY MAESTRO

Talent is displayed the symphonic way in the pit of Old Main Auditorium during Masquers' plays, Baccalaureate Service, Commencement, and on the college green for the traditional May Day exercise. The College Symphony also plays for various special college functions during the year, under the leadership of Mr. James Weaver. Several outstanding talented soloists perform for an appreciative audience during appearances of the orchestra.

The College Orchestra, one of the most active organizations on the campus, is open to all who

play a symphony orchestra instrument. Admission is by examination in the proper techniques of the instrument and the ability to read music with a sincere enthusiastic attitude for the betterment of music and the orchestra.

Members of the Orchestra participated in the political campaign speeches for boosting their party during the presidential election, by emphasizing the major points of interest. We might suggest to the Gallup Poll the point that "Musicians are an influential factor for consideration."

*"Oh, the drums go bang, the cymbals clang, and the horns, they blaze away."*

We were reminded of this song as our Band came marching down the field to open the 1948 football season. The Band, under the capable direction of Mr. James Weaver, displayed a picturesque scene in their new uniforms as they went through their drills. The members, forming a cheering section, boosted the morale of the men on the playing field.

During the football season this year the Band travelled to Millersville and Indiana State Teachers Colleges to display the red and blue of Ship-

pensburg and to show the students of other colleges how to swing and sway Jim Weaver's way.

During the second semester, when the pigskin was stored away for another year, the Band turned to the more cultural things of life. A concert which featured favorite marches by selected soloists and the Band was presented in the school's auditorium.

The International Relations Club, under the sponsorship of Miss Erma Rolar, is part of an international organization sponsored by the Carnegie Foundation.

The purpose of the club is to create an interest in and a sympathetic understanding of world problems through reading, group discussion, and participation in regional conferences. The club participates annually in the collegiate Model Assembly of the United Nations.

Representatives of the club attended the Regional Conference held in November at Penn State. The Conference consisted of representatives from clubs of all of the Northeastern States of the United States and the Eastern Provinces of Canada.

The Government Club, under the leadership of Dr. "Gallup" Hogg, offers students an opportunity to study government and its problems at the "pay-off" level. The Government Club participates in the Intercollegiate Conference of Government held each spring at Harrisburg.

Early in the school year a mock election and campaign were held prior to the presidential election. The results turned out as Governor Dewey and Dr. Gallup would have liked them to turn out in the regular election.

These fiery debaters are the "Davids and Goliaths" who sling words instead of stones. Throughout the debate season they ably used fast argument and cold logic in defeating their foes. These debaters are dedicated to the work of education by bringing truth and clear, logical thinking into practical use. In addition to the various trips which the debate teams made this year the student body had an opportunity to see and hear the "giant killers" in action on our own campus early in March during the now famous Shippensburg Debate. The State Tournament at Allegheny College and the State Debaters Convention at Penn State were attended by Gamma Delta Gamma. The very able senior "giant killer," Dr. Valentine, is sponsor of this group.

The Lutheran Student Association is an organization interested in the welfare of college students' spiritual life.

A yearly theme for discussion is adopted and used as a basis for discussions in the regular meetings of the group. Meetings are held twice each month, one a social gathering and the other of a devotional nature.

Delegates of the association attended two college conferences during the 1948-1949 term, at which the colleges of our area were represented. One of these conferences was held at Gettysburg College and the other at Buck Hill Falls.

The purpose of the Campus Christian Association is to keep the student body spiritually happy. Organized to include every student on the campus, this group is governed by a cabinet of student members.

The opportunities offered by the organization are both spiritual and social. Devotional periods are held each Sunday evening and include a variety of programs featuring special speakers, music, and holiday programs.

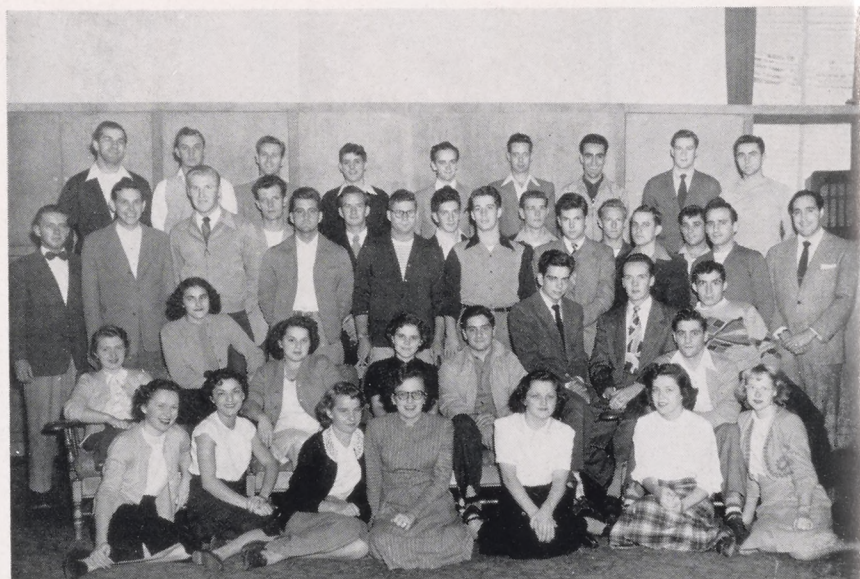

One of the highlights of the C. C. A.'s yearly activities is the sponsoring of the College Dad's and Mother's Day each fall. Other events include a Christmas Party for the Laboratory school children, complete with Santa, gifts, and refreshments. The yearly drive for the benefit of the World Student Service Fund is also sponsored by C. C. A.

The Bible Club holds as its foremost aims the acquainting of members with the Bible. Study of the historical background and present-day applications of this great piece of literature are stressed in club meetings.

This organization is non-denominational, and its membership is open to students who are interested in Bible study. At least one social event is held each semester by the club.

All aboard! This time it's not the Freedom Train, but the purpose is just as American. The cry is directed to members of the Elementary Education Club. The destination is a particular school which elementary majors are to visit by bus. The purpose is to observe the process of education in operation. Throughout the year these future elementary teachers visited schools in York, Harrisburg, Philadelphia, New York, Adams County, and Franklin County.

During regular meetings of the club, discussions based on observations made during school visits are held. Problems of student teaching, education tactics, and classroom records are discussed.

Social events, weiner roasts, picnics, and dances are sponsored throughout the year.

The Day Students' Room has been political campaign headquarters in November, baseball dugout during the World Series, and meeting-place of the Monday morning quarterback club in football season.

The Council this year secured an additional room to be used for studying. The former room has now become a "recreational" room. "Recreational" in this case is a word which covers a multitude of activities.

Under the capable leadership of "boss" Mike Roksandic, the day rooms were the scene of many joys and sorrows as the year's many activities came and went. Mr. Allan is the brave sponsor of this "rambunctious" resort for the locals.

The governing body of the men's dormitory is the Boarding Men's Council. The Council members' obligations are to minimize boisterous activities and college pranks that may arise.

Other activities performed by the Council are the reporting of accidents and faulty equipment to the proper officials, and the checking of recreational facilities to promote better campus life. Mr. Rambo, Dean of Men, is the sponsor and advisor of the Council.

Many times the Council members, who were once firm believers in the theory: "Laws are made to be broken," find themselves now upholding the rules to the letter and meting out punishment for offenses they formerly endorsed.

One of the morale boosters on the S. S. T. C. campus, Masquers, offers entertainment to the student body in chapel and lyceum programs. "Wedding feast."

Students present in the weekly club meetings one-act plays which are discussed and criticized from the standpoints of acting, directing, make-up, and staging. At one time during each semester, every member of the club has the opportunity to participate in at least one production.

Under the sponsorship of Miss Mary York, Masquers has developed and maintained a recognized reputation on our campus.

# "I REMEMBER MAMA"

*"Dottie scrubs the floor"*

*"Uncle Chris lays down the law"*

With a "sure-fire" play and an excellent cast of students who demonstrated their unusual abilities, Miss Mary E. York opened the S. S. T. C. theatrical season on November 12 with the presentation of "I Remember Mama."

"Mama" and her bank account had already been endeared to the hearts of many students after having seen the movie version of the play. However, in the Masquer's stage production of the play the audience felt nearer to the heartbeats of the actors and caught the illusion of real-life enacted behind the Main Chapel footlights. A living, breathing, talking, walking "Mama" within almost reaching distance was more exciting and more pathetic than the one who flitted across the motion picture screen.

The three principal characters in the well-chosen play cast were "Katrina," Hermine Richter; "Mama," Dorothy Wambaugh; and "Uncle Chris," Glenn Leshner.

Other important characters were portrayed by John Aston, "Papa;" Mary Ferguson, "Dagmar;" Shirley Cooper, "Christine;" Thomas Stoner, "Nels;" Edwinna McGehee, "Aunt Prina;" Elizabeth Miller, "Aunt Sigrid;" and Mary Anne Owens, "Aunt Jenny."

Supporting roles were also played well by Wayne Byers, Reba Charlton, Joe McCrae, Walter Reddig, Larry Gulian, Naomi Farber, Shirley Fordney, James Peters, Gloria Amatulli, Rose Buhrman, and Roslyn Lechrone.

"The largest membership of any organization on the campus" is the boast of the Student Co-operative Association, for every student at S. S. T. C. is a member of this organization.

Working on the theory that a budget will pay bills, as well as keep the collectors away, the Student Cooperative Association approves the budget set forth by the President's Council and determines the amount of the student activity fund to be used during each school term. It also employs clerical service in the Business Office, the Cafeteria, and the Retail Store.

Whether it is breakfast early in the morning or the most important banquet of the year, the dining room chores are handled very capably by the waiter's brigade. In spite of the gripes and groans of the students, the waiters carry out their duties with a smile.

To make the waiters' time a little more exciting there is an occasional slip of the tray, ending in a crash with a cluster of broken dishes on the floor.

The squad is under the supervision of Mrs. McClellan, dietitian, and Mr. Shearer, host of the college dining room.

This group of men is composed mainly of "Nimrods" and "Isaac Waltons" and before or after its meetings it is common to hear them tell about "the one that got away." The Conservation Club is a new club which was organized in the school this year. Its members are serious minded students who are anxious to aid in the preservation of our fields, streams, and wild life. Working in close cooperation with the local game and fish protectors, this club carried out many

worthwhile projects during its first year. Several of the projects were the feeding of game through the winter months, rebuilding of check dams in local streams to prevent flash floods and soil erosion, and giving assistance to both state and local conservation projects. Sponsored by that noble sportsman Mr. Keith Allan, assisted by Mr. Glessner the "wet fly" specialist and Mr. Kramer the "dry fly" expert, this club promises to become a leading organization in the college.

The dance band was organized during the 1947-'48 term in order to give its members experience in the professional music field and to entertain students. Under the direction of Glen Weeks and management of William Crumrine, the band gained the status of a school club the first semester of this year.

Making its first appearances for after-dinner dances in the gymnasium, the band won recogni-

tion. This led to its providing musical background for "Opus Magnum."

The band presented a musical comedy entertainment in Chapel on December 15, 1948. The following day the band members presented the same program in the Hanover High School. It was a great success as an entertainment and an advertisement. Since that time the band has been making frequent professional appearances.

# ATHLETIC PARLIAMENT

Working out the budget for the athletic program and the formulating of the athletic policies of S. S. T. C. are two of the many important items of the Athletic Council's calendar.

With athletic activities in full swing this year the problems facing the Council have been many and varied.

## SPORTS SEERS

The Men's Athletic Council is composed of a group of sports-minded persons, team captains, coaches, and advisers. The Council formulates the athletic policy for the school and annually fights the "Battle of the Budget" for appropriations. Another important duty of the Council is the scheduling of the athletic events. The

preparation of games in advance, with the aid of scouts, the arranging of transportation facilities, and quartering the teams on over-night trips, are important proceedings of this group.

The Athletic Council is proud of the increasing student interest in sports which has brought about the formation of a wrestling team at S. S. T. C.

# SPORTSWOMEN

"A girl in every sport and a sport for every girl" is the motto of the Women's Athletic Association. Girls chosen as sport leaders are experts in the sport which they lead and are selected by the entire W. A. A. organization. The officers of W. A. A. and the leaders make up the W. A. A. Cabinet.

"Twilight Twirl" was the theme of the annual dance sponsored by W. A. A. Don Peebles and his orchestra provided music for the shuffling.

Every freshman girl on her entrance to the College is given a handbook of the Association. This publication includes a preview of the year's activities, a request from each sport leader for the student's participation in her respective sport, and the constitution of the club.

Activities begin early in the year with a hike and picnic for all college women. Either a hockey or basketball banquet, a spring initiation and banquet, along with the proceeding of carrying out the sports program, complete the organization's year.

This year, for the first time, delegates were sent to Grove City to attend the Convention of the American Federation of College Women. The accounts brought back revealed that our women's athletic program is one of the strongest in the State, a report of which the Women's Athletic Association is very proud.

To the Cabinet come the problems that arise within the functioning of the program.

Letters are awarded members attaining 600 points and pins to those reaching the 1,000 point mark.

# VARSITY VALHALLA

This group of intrepid athletes is composed of men who have won letters in the varsity sports of the College. Each letterman in qualifying for membership in the Varsity Club is given a rigorous initiation befitting those who have excelled on the fields of glory.

The Varsity Club is a self-supporting organization, raising its funds from dues, the sale of sports

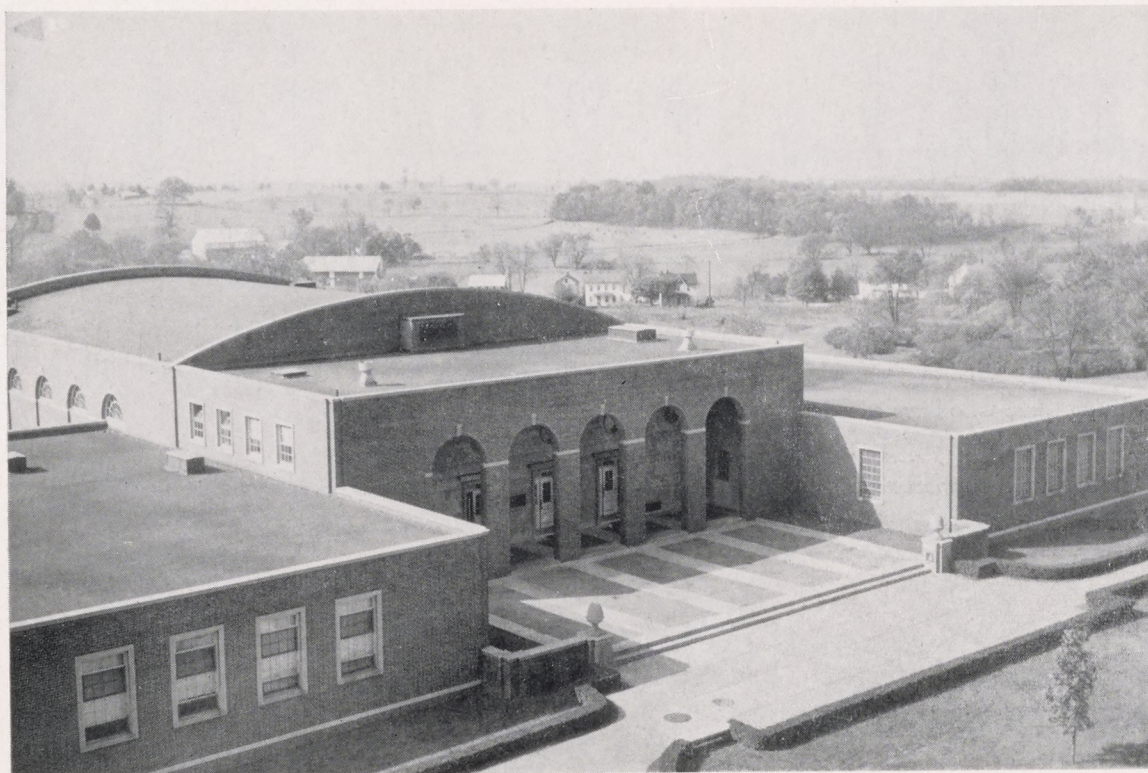

programs, concessions at the games, and admission tickets to dances and various activities which it sponsors.

The Club also conducts pep meetings, athletic contests, and aids in all phases of sports at S. S. T. C. All junior and senior members receive pins. A trophy is awarded to athletes earning two letters or more in one sport.

The 1948 gridders of Shippensburg made their first appearance on September 25, with the Red and Blue squeezing out a 7-6 win over Kutztown. The Raiders were first to score as Joe Potoczny tossed to Jack Hopper. Ray Linn then added the all-important extra point, and the Red Raiders clung tenaciously to their lead for the remainder of the tilt.

One week later, at Columbia, Pa., the Red and Blue chalked up its second win. This time Millersville Teachers were the victims by a 19-0 count. Again it was the Red Raider aerial game which spelled doom for the hosts. Potoczny tossed two passes to 6'6" Bob Chubb for scores, and Len Zataveski piled over for the last score.

The first taste of defeat came to the Raiders when they journeyed to East Stroudsburg one week later. The Red and Blue worked their Potoczny to Hopper pass combination for a score

early in the second quarter, but every offensive effort thereafter drew a goose egg. On the other hand the scintillating scat backs of the Red and Black churned their way into paydirt on two occasions. Final score: Shippensburg 7, East Stroudsburg 14.

In probably the most exciting tilt in years the Red and Blue returned to the win column with a 14-13 win over Mt. St. Mary's on October 16. Again it was the magical toe of Ray Linn which gave the Raiders the nod, but the Blue and White did not go down without a fight. Featuring Walt Bellardanelli, the boys from the "Mount" were on the Red and Blue one-yard line when the game ended.

The Bloomsburg Huskies, destined to be 1948 co-champs of the Teachers College League, spoiled our Homecoming Day by scoring late in the fourth quarter and turning defeat into victory,

## PUNTS AND PRAYERS

# SHIPPENSBURG S.T.C.

13-7. The Raiders outplayed the visitors throughout the tilt, but a 50-yard aerial from Kriss to Paternoster gave the Maroon and Gold the victory.

The Bloomsburg defeat brought about a big drop in squad morale, and consequently the Raiders were not up to par the following Saturday when they met the California Vulcans. A weak pass defense, and the recall of a 90-yard gallop by Steve Hatfield, were the undoings of the Red and Blue. Final count: California 20, Shippensburg 8.

An open date between the California and Indiana games seemed to aid the Raiders. Revitalized and rejuvenated, the Rambomen took the Red and White of Indiana into camp by a 28-18 score. Bob Chubb accounted for two of the touchdowns, while Steve Hatfield and Ed Gerlock each scored one. Ray Linn kicked all four extra points.

In perhaps their finest performance of the season, the Raiders ended the 1948 pigskin tussle with a 7-0 triumph over Slippery Rock. It was fitting and just that the Red and Blue won, for it had been the Green and White which had spoiled dreams of a Raider championship the year before. Ed Gerlock plunged over to end a short drive in the third quarter with Linn adding the extra point. The game's end found the Rambomen knocking on the touchdown door once more.

The Raiders' co-captain, Charles Shields, was again chosen for center on the All-State Teachers College team and also received honorable mention for the All-Pennsylvania eleven. Charlie was just the final touch to a line that came through in sterling fashion. It is too difficult to single out individuals in this line as they worked as one powerful machine.

# HOOP-HOPES

The 1948-49 hoop-race opened with the '49 hoopsters' roster listing the two biggest men in the Teachers College circuit, namely: Jeb Stewart and Bob Chubb.

Mt. St. Mary's of Emmittsburg, Maryland, initiated the season. Captain Jack McClellan led his charges onto the hardwood and right smack into their first defeat by a score of 61-48. The "Mounts" took revenge on the loss of a close football game last fall and really "poured it on." After the first quarter there was no doubt as to the outcome of the game.

The second game of the season, December 11, found Lincoln University on the home court. The team, though having lost Jeb Stewart, carried through to a 72-66 victory with Bob Chubb handling the pivot chores admirably. Jack McClellan seemed to find his eye and swung the balance to the Shippensburg victory.

Millersville State Teachers was the next guest

and walked off the floor with a 53-43 win. There seems to be a jinx on the Raiders when they play the Millers.

After the Christmas recess the team went to Lock Haven on January 5, 1949. The locals came back burdened with their third defeat. The boys couldn't seem to click until late in the game, and then it was too late. Although they out-scored Lock Haven in the final quarter, at the gun the score stood 72-65 in favor of Lock Haven.

The Kramer-men continued their slump by losing to Shepherd State Teachers of Virginia by a 45-58 score.

January 22 was the next home game against Indiana State Teachers. Indiana showed little resistance against a team which was out to break a three game losing streak. S.S.T.C. won 60-42.

January 26 found the locals beginning to look like a ball club in their defeat of a "so-so" Kutztown Teachers College team by the score of 53-35.

*Chubb Scores for the Raiders*

*To Foul or Not to Foul*

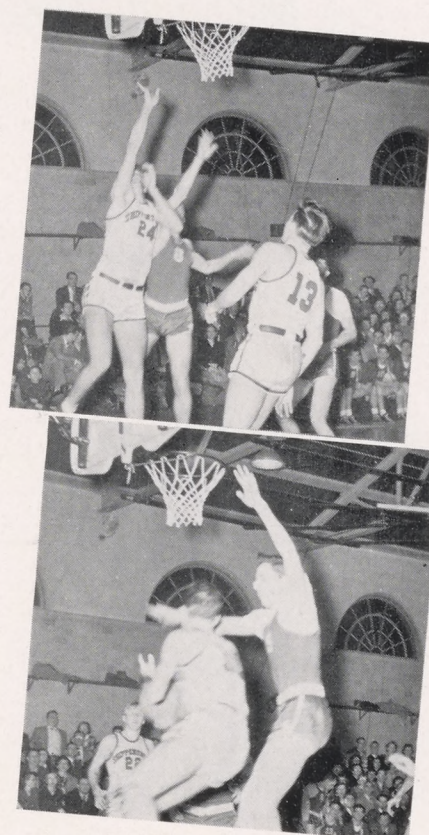

The team played away from home on January 28 and 29 when they went to Mansfield and then on to Bloomsburg. Mansfield won a thriller 58 to 54. Jack McClellan chalked up 32 points, but that still wasn't enough to win.

Bloomsburg offered another spine tingler with S.S.T.C. coming out on the long end of a 52-50 count. Big Bob Chubb racked up 20 points to help the Raiders in their cause and keep Coach Kramer's blood pressure down.

Saturday, February 5 found the Bald Eagles from Lock Haven on the local court. The Eagles had too much height and accuracy for the locals, and S.S.T.C. went down minus 10 points in a 51-61 encounter.

With eight more games left Shippensburg will have to win the majority of them to be able to call it a winning season.

Sorry we couldn't finish the season but we have to go to press.

# BUNTS AND BASE HITS

*Kneeling, left to right: Thomas, Wilkinson, Hassinger, Albright, Fralick, Ernst, Bolton, Troy, Kessler, O'Donnell. Standing: Coach Knapp, Johnson, Vaughn, Lyter, Rhodes, Vasick, Leaphart, Hubley, Staudt, Duncan, O'Brien.*

The 1948 Red Raider baseball season got under way with a lop-sided practice win over Dickinson Coach "Lefty" Knapp's first season as baseball coach promised to be a winning one. With the return of a group of veteran sluggers from the '47 team, the Red Raiders were ready for action.

On April 7 the "horseh'de hustlers" journeyed to Emmittsburg, Maryland, to meet and defeat Mt. St. Mary's by a 2 to 0 score. Bud Warfel was the winning pitcher, aided by "Lefty" O'Donnell.

April 10 featured the home debut of Coach Knapp's sluggers with a lopsided win over Indiana State Teachers College, 16 to 2. Bud Warfel received credit for the win with O'Donnell coming on in the seventh to finish the game. Warfel racked up six strike-outs to help the cause along.

On the 16th of April Warfel again took to the mound to defeat the Millersville aggregation by a score of 5 to 2. Bud helped our cause with eight strike-outs and a perfect day at the plate. Joe Troy pounded out a fence-rattling triple.

On a mighty cold day in April the Knappmen journeyed to Bloomsburg and their first defeat. "Lefty" O'Donnell lost a close one, 9-8. Even with Marlin Kessler's "three for four" and Joe Troy's triple, "Lefty" O'Donnell couldn't shake the cold out of his bones and met with his first defeat.

On April 23 at S. S. T. C. the Red Raiders met a team from Rome, New York, a Class C professional team of the Canadian American League affiliated with the Detroit Tigers of the American League. Warren Hassinger, making his first appearance of the year, won this one with

# MADE A WINNING TEAM

the aid of Marlin Kessler's tie-breaking double to give the College a 3 to 2 win.

Shippensburg's next victory over Kutztown State Teachers College was a slugfest. The score was 19 to 12. This was Shippensburg's third game away and their second victory on a foreign field. Bud Warfel went the distance for the Raiders with thirteen strike-outs recorded. Dick Bolton had a perfect day of batting with five hits in five trips to the plate. His hits included a home run and a double.

On May 1 the Raiders journeyed to Indiana State Teachers College to lose their second game of the year by a 5 to 4 score. Warren Hassinger was the losing pitcher, with "Lefty" O'Donnell coming on in the eighth to relieve him.

May 11 Bloomsburg invaded our campus and was sent home on the short end of a 15 to 3 drubbing. Bud Warfel in his fifth win with no defeats limited the Bloomers to five hits, struck out six and contributed to his own cause with three doubles in five times at the plate.

Mt. St. Mary's was the next team to come to

the campus. They were shut out 6 to 0 by Bud Warfel. It was Bud's sixth straight win as well as his most impressive. Although the "Mount" nicked him for nine hits, Bud sent eight men down swinging.

May 22nd was Alumni Day on the campus and the team played its final game of the season. The Raiders bowed to Shepherd State Teachers College of Virginia by a 2 to 0 score. Warren Hassinger was the losing pitcher, although he gave up only four hits.

Shippensburg's record for the season was seven wins and three losses with a great many games rained out. Biggest casualty of the season was Outfielder Jim Shipplett who suffered a broken leg while sliding in the first Mt. St. Mary's game.

Coach Knapp is to be congratulated for doing a fine job in his first year as baseball coach at Shippensburg.

The best batting average for the team was made by Catcher Dick Bolton, with a healthy .488, followed by Captain Reed Ernst with a solid .400

The best pitching record was turned in by "Ironman" Warfel, with six wins, no defeats, and one shutout.

In the Mt. St. Mary's game, the first scheduled game of the season, Outfielder Jim Shipplett broke his leg while sliding into home plate. "You're out!" yelled the umpire, adding insult to injury.

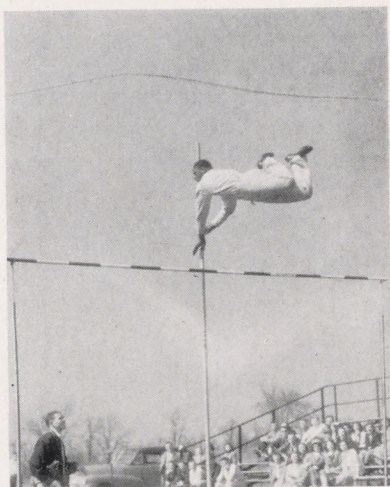

"Jack Rabbit Hopper"

"Plenty to spare"

It was demonstrated this year that Shippensburg's track team could be classified with the best. Showing surprising strength in both track and field events, the "Raiders" sped through a creditable season. Coaches Bartholomew and Rambo organized a strong, versatile group of athletes to carry the Red and Blue stripes through a successful season.

The squad of twenty-two mind and muscle coordinators ran unleashed in their first triangular meet with the Bloomsburg and Millersville cindermen, capturing first place in every event, as well as numerous second and third places. Scores: Shippensburg 110, Bloomsburg 10, Millersville 6.

The finish of the State Teachers Colleges meet held on Heiges Field found Lock Haven, West Chester, and Shippensburg dividing the greater portion of the medals. Scores: Lock Haven 72½, West Chester 66, Shippensburg 47½.

The second triangular meet was a set-back to Shippensburg. The final scores were: Lincoln University 59½, West Chester 59½, Shippensburg 35. Shippensburg was also vanquished in a dual meet with Lock Haven: Shippensburg 40, Lock Haven 83.

Three Shippensburg records were broken during the season. "Eddie" Utz copped two by winning the 100-yard sprint in 9.7 seconds, and the 220-yard straight-away sprint in 22 seconds. The mile relay team of Gillespi, Thompson, Biddle, and Stouffer made history by snapping the tape in 3 minutes, 25 seconds.

*"Into the stretch."*

The Red Raider Cross Country team of 1948 was the third squad of harriers to represent Shippensburg in the most gruelling of all distance running. Coach Bartholomew had two lettermen, Bill Euker, this year's captain, and Dave Duerr to set the pace for the new group of cross-countrymen.

Shippensburg's four-mile course of rugged terrain presented no problem to the well-trained, durable bodies of the nine trotters who bore the Red and Blue colors in three runs. Although the runners bowed twice to stronger opponents, the margin was very slim.

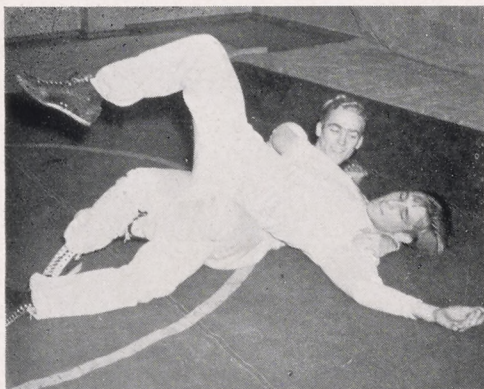

The first run of the season was won by Shippensburg over a weaker team from Mt. St. Mary's. The "Mount" placed only one participant. Shippensburg dropped the next hill and dale test to a veteran West Chester team. To close the three-schedule program, the Red and Blue lost to Albright by one point in a heart-breaking finish.

The term of 1948-49 marks the introduction of a new intercollegiate sport at S. S. T. C. Wrestling was at this time recognized, and Mr. Norman King was appointed as coach.

The twenty-eight muscle-bulging squad members wrestled in the collegiate weight classes of 118 pounds through 175 pounds, as well as the heavyweight class. Three of the "mighty kings," Captain Herrmann, Campalong, and Kibler, had previous canvas experience other than at Shippensburg. Several members of the squad had participated in the body-tangling sport at Shippensburg last year when wrestling was part of the intramural program. Good luck to this new sport at Shippensburg.

# MEN WITH RACKETS

Left to right: Kline, McClellan, Fernandez, Malloy, Fisher, Leitch, Berry.

With the coming of spring, the 1948 tennis team, coached by Keith Allan, was faced by a six-match schedule. Of these six matches, inclement weather permitted only four to be played. The Red Raider racket-wielders won three of the four matches.

The first match of the season was played at home against Indiana. The Allan netmen scored their first victory by an 8 to 1 count. Travelling to the courts of Kutztown for the next match, the "Raiders" bowed to the stronger opponents by a close margin, 4 to 5. The two remaining matches, one with Millersville, and the other, a

return match with Indiana, were successive victories for the Shippensburg courtmen.

In the single competition matches Captain Frank Malloy and Jack McClellan reigned the court undefeated. In the double competition matches the combinations of Malloy and McClellan and Fernandez and Kline were the bright lights of fast, hard playing.

Coach Allan will have Captain Malloy and McClellan, lettermen, returning for the 1949 team, as well as a wealth of new talent with which to meet the challenge of an imposing 1949 schedule.

Fast and furious action in the Shippensburg-Harrisburg game. Shippensburg closed its season with this match, winning by a score of 2-1.

A panic? No, but it was certainly fireworks when the eleven Shippensburg femmes on the hockey team met an opponent to gain glory for our Alma Mater. What a team! With these "hockeying gals" bullying, dribbling, and driving, no wonder the opposing goalie donned a ghastly expression when she saw the forward line rushing toward her.

The Raiderettes went through the season with five victories, one tie, and one loss. The first tilt left Gettysburg with a loss, 4-2. With new sticks, new shoes, and warm-up uniforms, these girls were "with it."

Coached by Miss Wright, the gals went on to defeat Susquehanna twice; the first battle ended

6-2 and the second 3-0.

Penn Hall next visited our field, only to determine a 2-2 tie.

Edinboro next fell to the S. S. T. C. lassies, 7-2.

At Lebanon Valley the smoothies met a Waterloo. Initiating bright red tunics helped emphasize a 4-1 defeat for the home team.

The last game of the season, played on our field in a drizzling rain, left the Raiderettes again victorious, 2-1.

Enthusiasm for this "rough and tumble" game is fast growing on the Shippensburg campus; this was shown at all home games. To the team, fans say, "Pinneys off to you!"

# THE DRIBBLING SIX

Swish! Swish! Swish! Those sounds represent the scoring of points for the women's basketball team. This season's forwards needed no radar equipment to determine the position of the rim on the backboard. Shirley Fordney, Marjorie Stroup, and Barbara Vaughn proved to be "dead-shots" throughout the season.

At the other of the court, Margaret Rudy, Mary Bells Barlup, and Reba Charlton kept pace with invading forwards of any team. "Foul if necessary, but keep those forwards in their places," was the motto of the guards in skirts.

Coached by Miss Eleanor Wright, who was assisted by the W.A.A. basketball leader, Marty Stroup, the dribbling six gained much honor for the Red and Blue.

The Aquatic Club is one of the younger organizations on the campus. Despite its youth, it is becoming more active and popular each year.

The Senior Life Saving and the Water Safety Instructors courses were the chief projects of the first semester. However, the club found time to prepare for a swimming meet in which Dickinson, Gettysburg, Wilson, and Penn Hall were represented.

Members who had taken the life saving course taught groups from the training school and the Beginners' Swimming Club on campus.

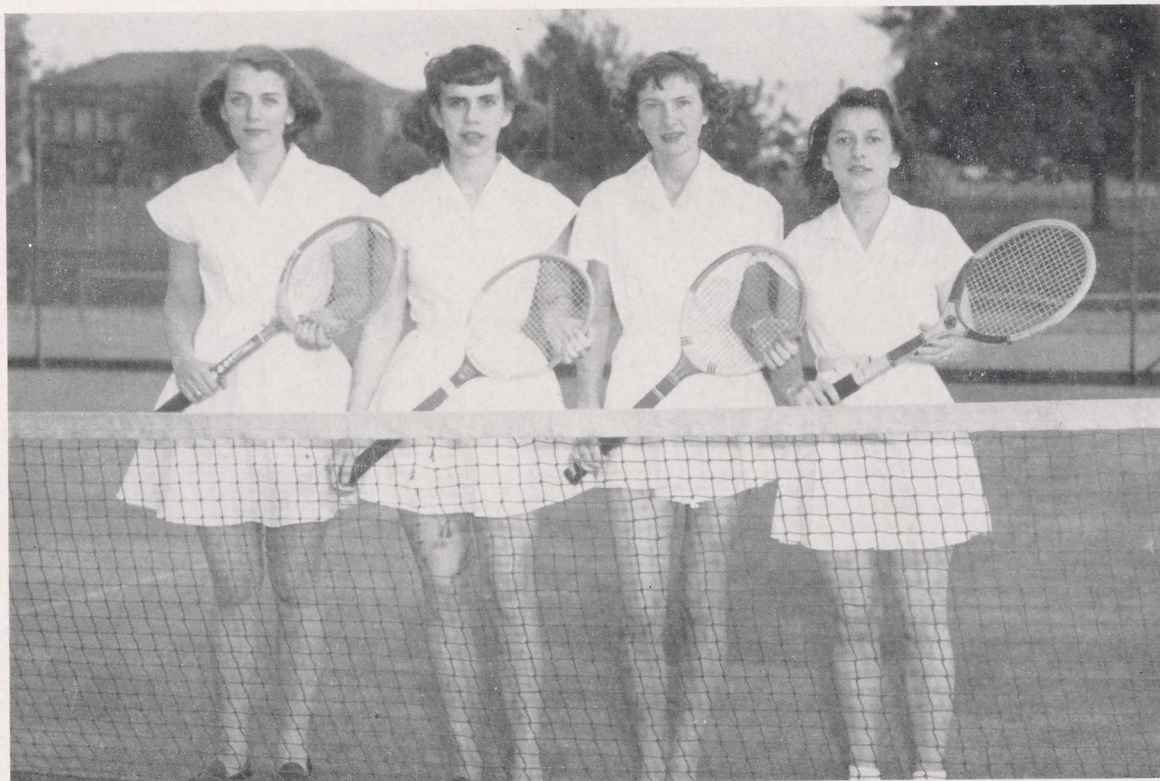

Highlights of the second semester included recreational swimming periods and a water show held in the spring.

Sponsor .....	Miss Wright

# RACKETTES

*Left to right: Shaffer, Dixon, Herrmann, Hopper.*

One of the most popular spots on our campus is the area which holds ten all-weather tennis courts. On any lazy afternoon, spring or fall, a brigade of "Alice Marbles" or "Jack Kramers" can be seen trekking to the courts. Beginners, intermediates, and advanced players, by learning and improving the art of correct strokes and serves, are acquiring points needed to become W. A. A. members

In addition to the groups mentioned above Miss Faber and her assistant, Margaret Shaffer, instruct the honor squad. Tournaments are arranged with Penn Hall and nearby colleges.

Members of the honor squad are Patricia Dixon, Margaret Shaffer, Nancy Herrmann, and Marjorie Stroup.

## 21-UP

"Watch out for that smash ball!" "Gee, you have a wicked serve!" These are samples of the exclamations which issue from the table tennis room in the Alumni Gym when the W. A. A. Table Tennis Club takes over.

Under the leadership of Rose Arcuri and Phyllis Brockey, the club sponsors a series of tournaments. These tournaments ultimately decide the club championship.

*Left to right, First Row: Bock, McLaughlin, Martin, Metcal'e, Schneider, Ferguson, Arcuri, Woods, Kratzer, McCall, Dahr, Matter, Pepper. Second Row: Specht, Oyler.*

# GIVE A CHEER

Left to right: Harner, Smith, King, Sevel, Cutchall, Hopper, Garson, Bock, Metcalf, Boyd, Little.

The fighting spirit of S. S. T. C. is exhibited by these peppy leaders who spur on cheers and yells from our fans. Backing the team 100 per cent through thick and thin, these pepsters are ever ready to render their all in voice and pep.

With the added enthusiams given to spectators by these energy injectors, the bleachers roar, spurring our team on to "mighty feats."

Our cheer leaders schedule includes appearances at football, basketball, and hockey games.

"A rousing cheer"

# ACROBATS

*First Row, left to right: King, Straub, Herrmann, Malamos. Second Row: Garson, Scott, Staudt. Third Row: Barlup, Tursey.*

At last it has happened!

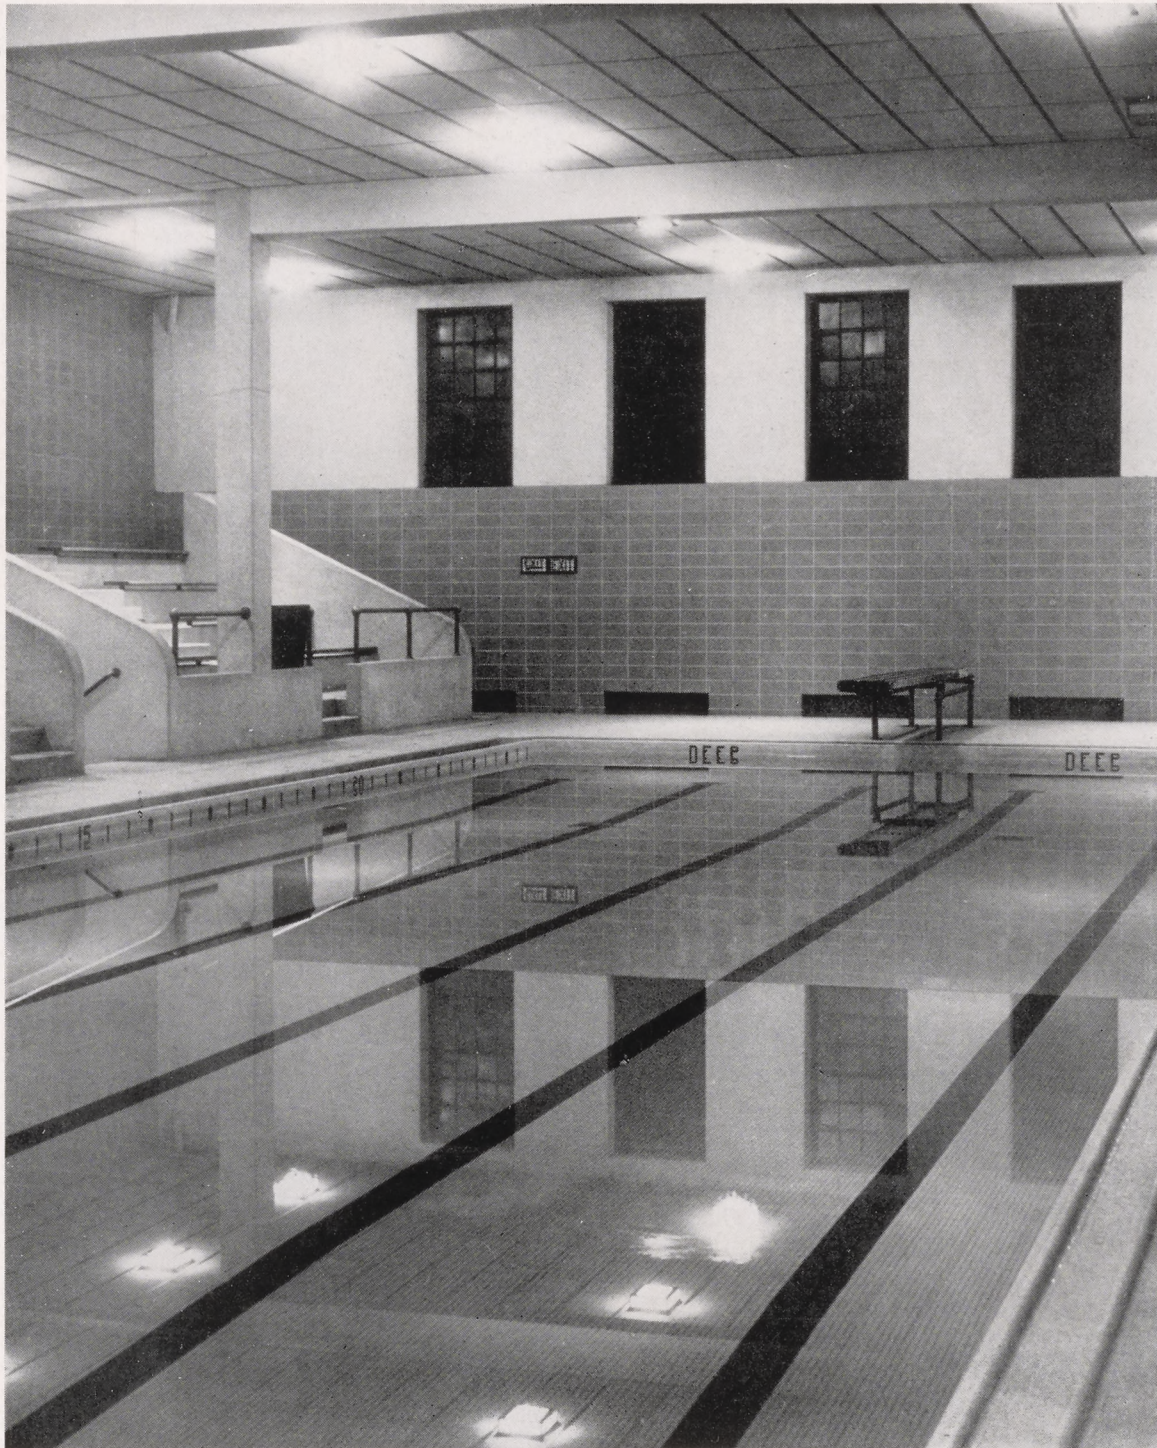

Tumbling now claims a place in the W. A. A. Hall of Fame. For those girls who are interested in doing head stands and angel rolls, tumbling has proved loads of fun. The risk of sore muscles or perhaps a stiff neck is no barrier to the members of the tumbling team.

Acrobatic abilities are demonstrated in chapel programs and in May Day performances. Football fans attending the Homecoming Game also witnessed the skill of this group.

Marilyn King is the leader of the tumblers.

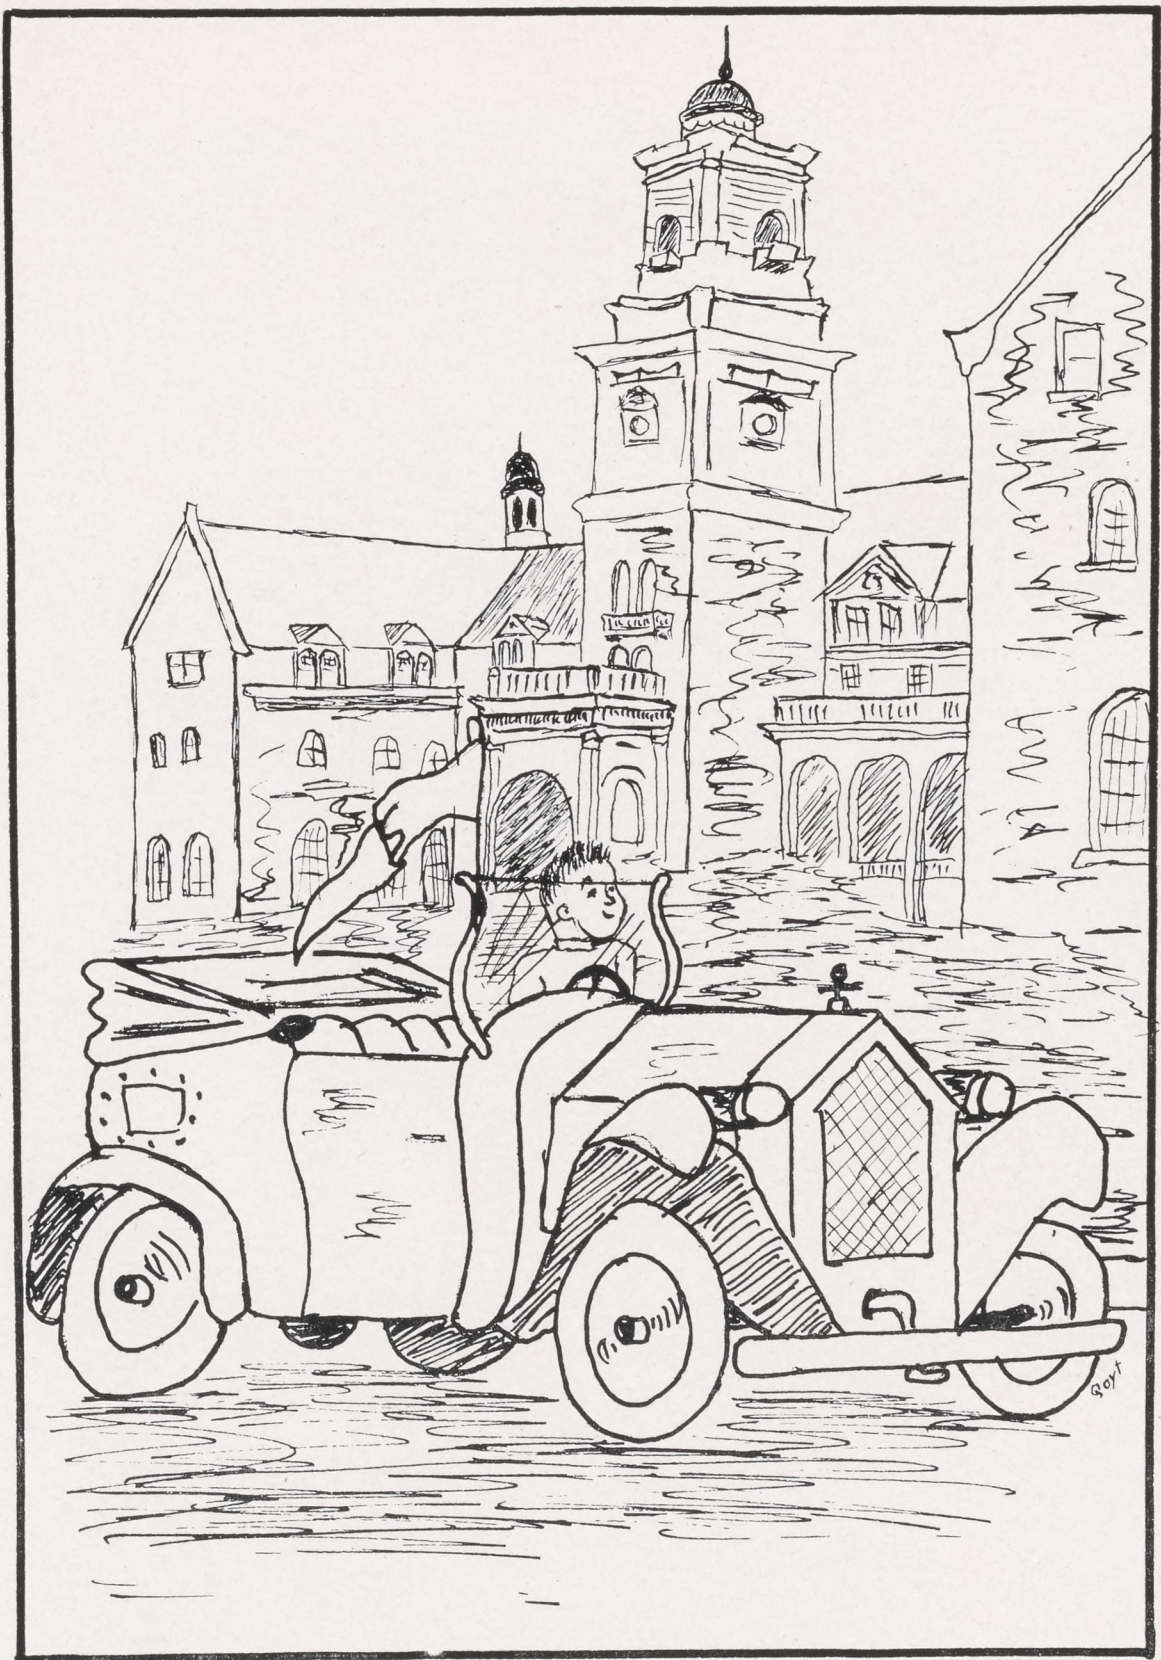

Colored lights playing on the water while Shippensburg's lovely mermaids present a thrilling aquacade is just one of the many pleasant memories of the college pool. More mundane recollections of landlubbers include icy dips at 8:15 a. m., the obligatory learning to swim at "the deep end," and the loud "smacks" of first diving attempts.

# GOLD NUGGETS TO...

THE CUMBERLAND Staff wishes to hand out gold nuggets in appreciation and sincere thanks to the following persons of S.S.T.C. for their help in preparing THE 1949 CUMBERLAND for distribution:

- *The Faculty* for cooperating when classes were disrupted to take organization pictures.
- *Mr. Clarence Glessner* for his time in reading the copy before we sent it to Campus Publishing.
- *Miss Sylvia Clapper* for coming to our aid in gathering the baby pictures for use in our feature section.
- *Mrs. Anna "Mom Clip" Commerer, Mr. Clippinger, and Mrs. White* for their assistance in more things than we have room to list here.
- *Mrs. Sally Miller* who supplied important official information.
- *Miss Virginia Goodhart* for acting as liaison between THE CUMBERLAND and Dr. Kriner.
- *Mr. John Ursprung, Jr.,* of Campus Publishing, Philadelphia, without whom this book would be blank.
- *Those Underclassmen and Seniors* who helped immeasurably with identifications and pertinent information.
