## *Library*

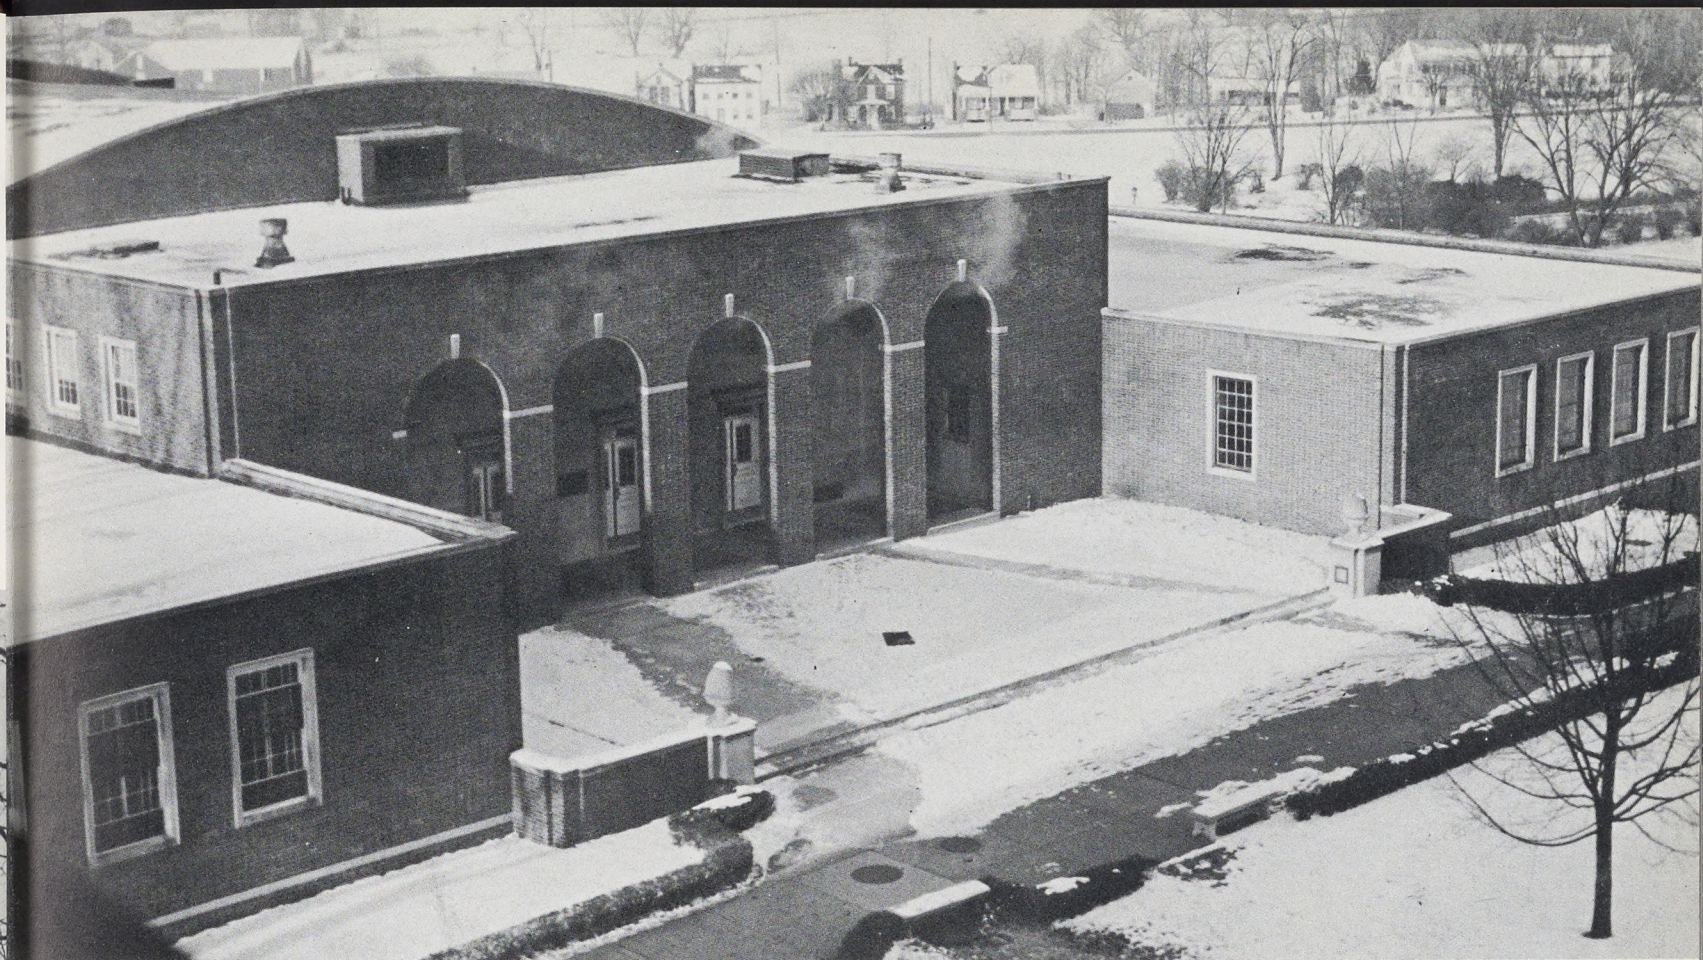

On every college campus stands its hallowed halls of learning. Shippensburg is proud of her physical layout. It represents years of tradition and careful planning for expansion. The future calls for additional classrooms, dormitories, and laboratory facilities, but in the heart and memory of each student, each graduate, and each alumnus lies the vivid image of Stewart Hall, Old Main, Horton Hall, Shearer Hall and Memorial Auditorium.

The Administration of a college provides a very necessary facet to its every-day life. Very few, if any, of us realize the work that is required to produce the smoothness with which our school operates. All of the discrepancies in the schedules are ironed out by this patient and efficient group of people. Truly we do appreciate them!

RALPH E. HEIGES  
A. B., A. M., Ph. D  
*President of the College*

MISS VIRGINIA GOODHART  
*Secretary to the President*

To the Class of 1957:

Every age has its opportunities. The "good old days" are merely the remnants of outstanding events in one's life. Your particular days at Shippensburg have been good days. You have witnessed superb athletic teams representing the college. Honors have come for literary endeavors. You have seen the enrollment move upward. Many veterans returned to complete their college careers. New Faculty have been added to the staff and you have added them to your list of friends.

You move now to join that group of over six thousand alumni who left these halls to serve the schools of the Commonwealth and to exercise the obligations of citizenship. We expect to hear from the Class of 1957 in the years ahead. Your age group is relatively small and the number of children to be taught is large. Therefore, you may move forward more rapidly than others. This will mean more responsibility earlier in life, more power to serve.

An institution that is static is but a step from the grave. A college on the move is bound to go forward. Undoubtedly in the years to come you will find changes on the campus, in the buildings, in the curriculums. These will be but evidences of continued growth. Shippensburg will always represent friendliness and understanding. May she warrant your sympathy, your support, and your thoughts.

RALPH E. HEIGES,  
*President.*

PAUL SMAY  
B. S., M. A., D. Ed.  
*Dean of Instruction*

We, the students of Shippensburg, wish to extend to you a welcome to our campus. We can readily see that you have the interest of the college at heart. Already you have initiated a few changes with the ultimate goal of producing a better quality of teachers. We thank you.

## *Presidents' Council*

The Presidents' Council is the student governing body on campus. It is composed of the elected representatives of the larger student groups together with the Social Deans and the Business Manager under the chairmanship of the President of the college. The main function of the group is to serve as a voice in official matters for every student on campus.

The Stewart Hall Council consists of nine members and a chairman, selected by the Presidents' Council, who serve as a governing body for Stewart Hall. The Council concerns itself largely with providing an outlet of social and recreational activities for the student body.

Each year the Cumberland is honored to present its faculty. No institution of higher learning can be proud of its graduates without showing equal esteem and gratitude for those individuals most responsible—its faculty. Hence, it is with great pleasure that we welcome our new additions to the staff and say thanks to those who have encompassed their untiring efforts for education and for instilling a deep wealth of knowledge in the youth of today.

You, the underclassmen, have embarked on a new and strange adventure on a quite turbulent stream. This stream, commonly known as the river of acquired knowledge, has been conquered before and we, the seniors, have every confidence that you will repeat this feat. There are a few essentials for this passage that you must possess. For instance, you must have the desire and courage to make such a trip; you must have a water-tight conveyance—there should be no side of your education slighted; finally, you must carry food for thought, or you cannot survive for your mind will become stagnant. So, we wish you luck.

It seems only yesterday since we entered college as hesitant freshmen. Many times we have laughed at our elders when they said that a year seemed to pass as swiftly as a day. Looking at the sundial, we can see that we are now just in the early afternoon; the best part of the day still lies before us and we should strive to make it as full and as pleasant as we can. When the sun finally does set, let us look back on this day of life as something of which to be proud.

Extra-curricular activities are the responsibility of every college student. To embody an education without individual participation would be like acquiring employment without self-satisfactory conditions. Each student is encouraged to include these things as a beneficial must—an added tenet to enhance his future understanding of the world into which he embarks. SSTC is generously endowed with clubs and organizations which offer a rich assortment of pleasure and experience. Learning to live and to work amongst our fellowman is a responsibility. This responsibility is the primary purpose of our clubs.

## *The Cumberland*

This *is* the Cumberland. It is a record of these last years that have influenced our lives. It represents the headaches of lopsided headlines, pictures that failed to appear, captions that didn't sound "quite

right," and copy that just refused to fit the allotted space.

We hope that you enjoy this new style publication.

## *Business Education Club*

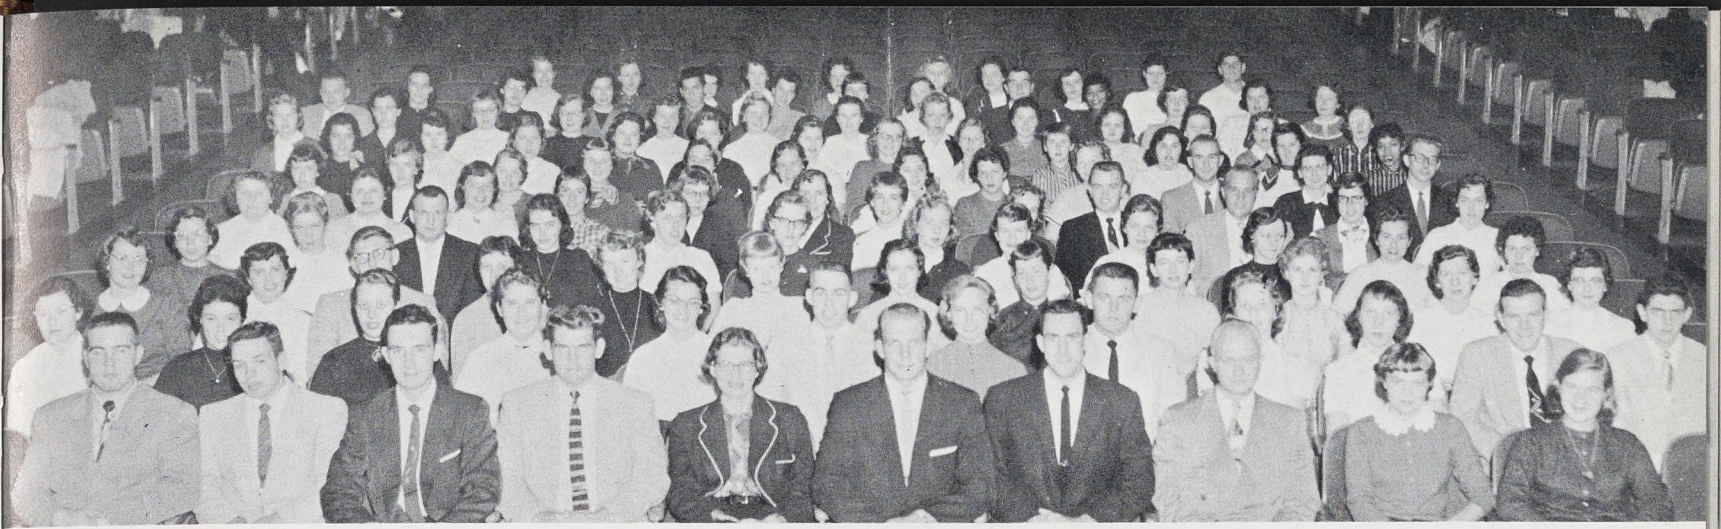

The primary aims of the Business Education Club are to encourage scholarship, to make contacts with leaders in the field of commerce, to sponsor social activities, and to assist students to grow in personality.

One of the major activities of the Club is the annual Business Education Exhibit and Luncheon when the Club is host to

high school seniors, their instructors, and principals.

Officers for the year were: Ronald Crimm, President; Frank Moore, Vice-President; Ruth Kimble, Secretary; Vincent Stankus, Treasurer; Raymond Wilson, Parliamentarian; and William Barger, Historian.

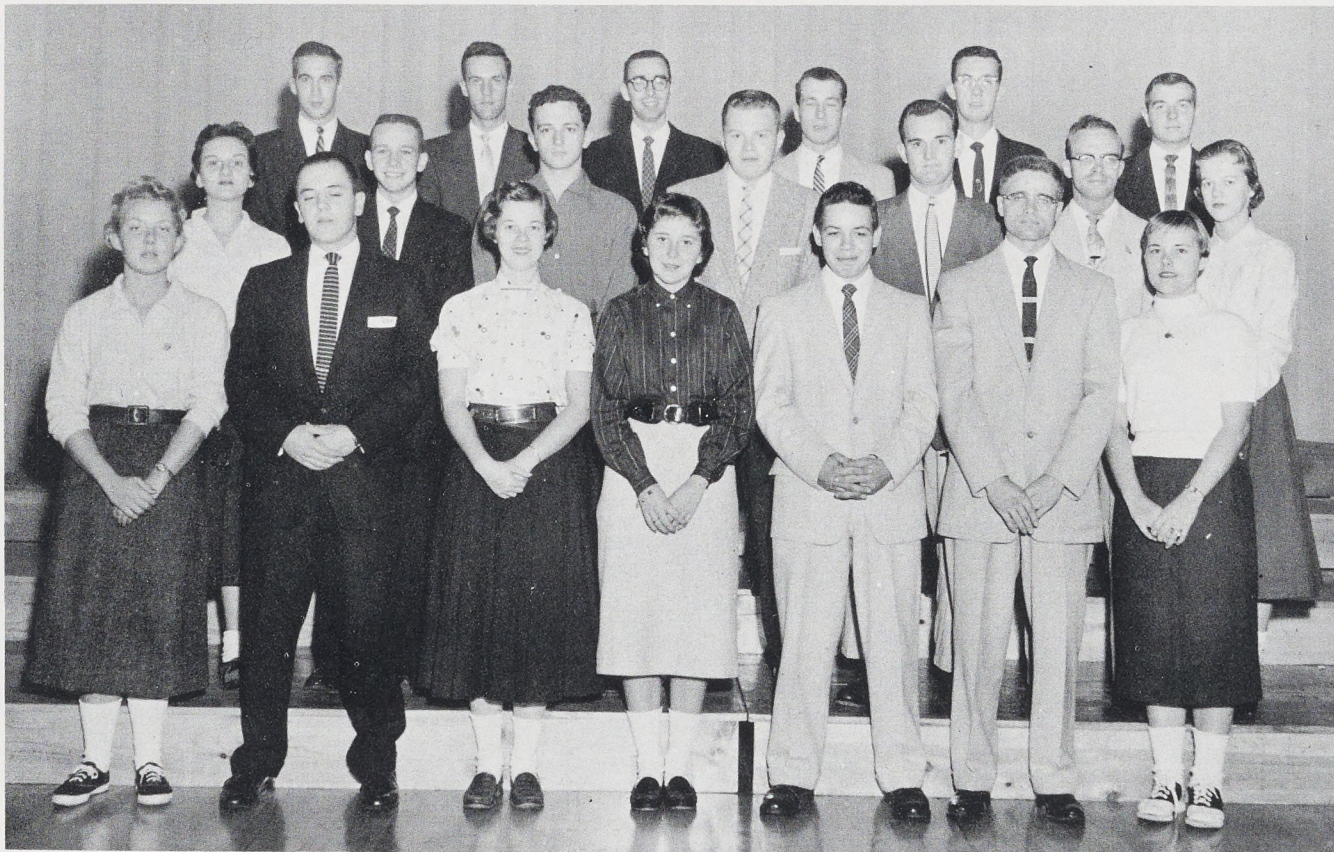

## Elementary Education Club

The Elementary Education Club is a professional organization, as it is a student branch of the Association of Childhood Education International. Membership is open to all elementary majors. The club strives to integrate the home, the community, and the school; promote an understanding of the desirable conditions and practices in the classroom; and as a high-

light each year, sponsors trips for all members, giving them the opportunity to visit and observe school setups, classrooms, and important governmental and historical places.

The officers for the year were: Robert Finafrock, President; William Bayer, Vice-President; Ann Marks, Secretary; and Charles Manning, Treasurer.

The Grotto Club is an organization made up of students who are interested in caving and the exploration of natural underground wonderlands. The group as a whole explores the caves of the immediate

vicinity and in many cases provides valuable information for cavers on a national basis. Each year the club participates in a group trip to a caving area of national prominence.

*Seated:* E. Gipe D. Hoffman, J. Failor, J. Alesi, M. Drawbaugh, J. Roth, S. Crosley, C. Cauffman. *Second Row:* H. Shanholtz, K. Eby, C. Grant, Miss Kauffman, G. Banta, J. Koller. *Third Row:* W. Siegfried, F. Shriner, M. Sellers, S. Bookwalter, T. Brown, C. Saylor

## Art Club

The main purpose of the Art Club is to provide for interested students an opportunity to learn more about arts and crafts and to develop various skills by using the "do-it-yourself" method with leather crafts,

oil painting, basket weaving, woodburning, metalwork, or blockprinting, which are only a few of the many possible means of creativity in action at any time.

The main purpose of the Library Club is to give the student an opportunity to become better acquainted with the functions of the college library. The members work

one hour each week in the library. A Christmas party and spring picnic highlighted the year's activities.

## Library Club

Through the International Relations Club an opportunity is provided for students to formulate their own ideals and

opinions concerning policies and relations of nations through the programs presented bi-monthly here on campus.

The Language Club is interested in furthering foreign relations by understanding the culture and the civilizations of foreign countries. Membership in the club

is open to all students of the college who are interested in learning more about foreign customs, culture, and people.

## *Religious Organizations*

We as college students develop our mental, physical and cultural abilities. However, we also need a sound religious philosophy. There are six active religious organizations on our campus to aid in the development of our spiritual strength. They are the Campus Interfaith Association, Bible Club, Catholic Club, Evangelical and Reformed Club, Methodist Club, and Lutheran Students Association.

Outside speakers, discussions, films, and hymn sings compose a few of the programs. Also students attend many religious conferences throughout the year.

These organizations serve as a connecting link between the Shippensburg Ministerium and the college. Several students fill in as teachers and help to conduct evening services in the churches downtown.

## *Musical Organizations*

### Chorus

Two outstanding performances were given by the Chorus this past year. They were the story of the Nativity, with the scenes of the Nativity portrayed by the Masquers, and the Spring Concert in conjunction

with the College Band and Orchestra. In these two events the Chorus displayed the high standards of music which it strives to uphold.

### Choraleers

The Choraleers are a group of about twenty-eight chorus members who are selected as having voices that blend well

together. They present the fruits of their work in special selections during the annual music programs.

### Band

The College Band serves as a marching unit for football games during the fall and

in the spring joins with the chorus to present a Festival of Music.

### Orchestra

The members of the college orchestra combined their musical talent to provide entertainment at the spring and fall plays and

also presented a concert with the band in the spring.

Athletics play a major role in the life of every college. They allow the students that are embodied with zeal, skill, and ambition to excel in a physical sense. Also, they serve the purpose of advertising our school. People learn to think and judge a school by the actions and reactions of the students involved in these public contests. The students at our college who are involved in these activities have carried forth a very favorable impression of Shippensburg. For this, we thank you.

## Football

Losing eight lettermen from the 1955 squad by graduation, three of them starting backs, Coach Jack Roddick and his able assistants, Thomas Crist and William Corman faced a rebuilding job for the 1956 season. Looking at the season's record we can clearly see that these coaches success-

fully completed their task for the "Big Red" of S.S.T.C. by ending the 1956 campaign with six victories and only two defeats.

Seniors on the 1956 squad include: Nelson Moore, Jack Connor, George Hrubovcak, Joe Brady, Joe Persiponko, Percy Grimes, and Rod Waltermeyer.

## Varsity Basketball

### Varsity

Displaying a fine offensive punch, the Red Raiders closed the first half of the season with a record of six wins and six defeats and a four win, two loss mark in the Pennsylvania State Teachers College Conference.

This record included a new team scoring mark set by the Raiders against a good Cheyney club. For the first time in the history of the school the century mark was broken as the big Red poured a total of 114 points through the nets. The Raiders averaged 81.9 points per game in their first 12 games.

The team will be losing four valuable players this year. Donald Barbush, Charles Fackler, Olvin Mills and Al DiDonato have been playing basketball for the past four years.

### Junior Varsity

The Junior Varsity forecasted a bright future by ripping through their first nine games without a loss. This year's squad was coached by Jerry Fetrow.

The team was lead by the scoring of Richard Smith and Hillary Bitting.

## Junior Varsity Basketball

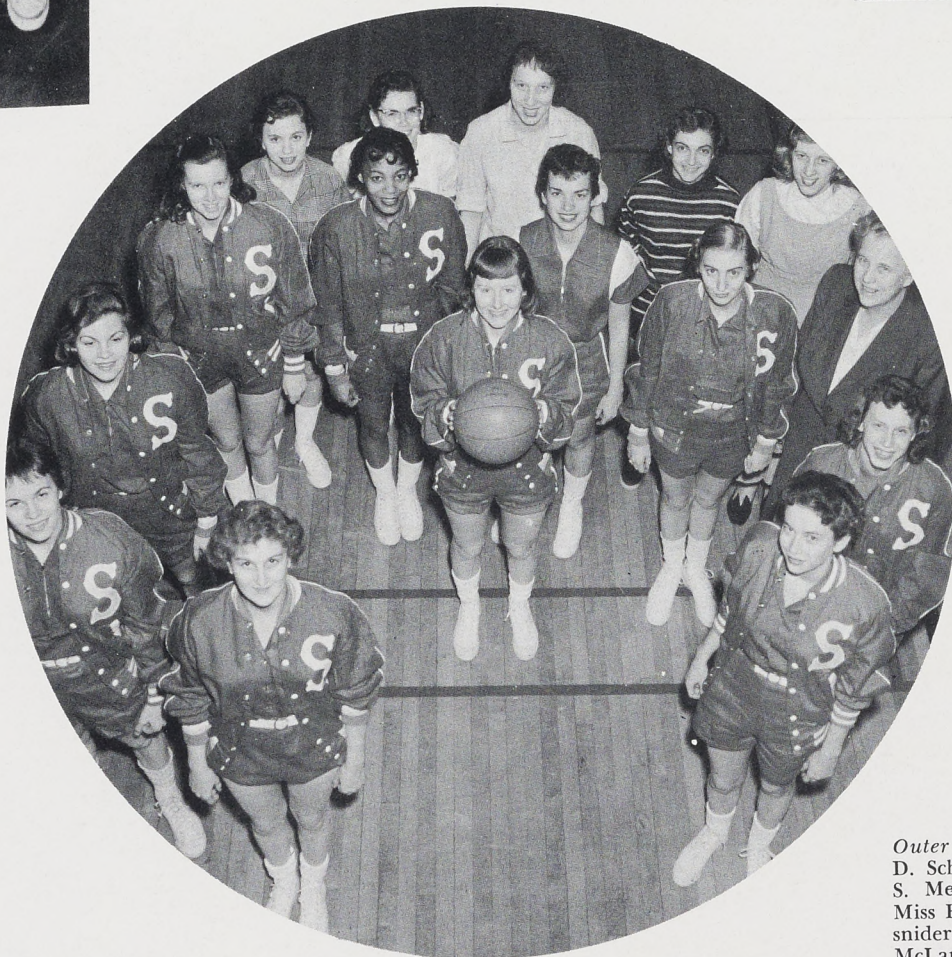

The Battles of Gettysburg, Millersville, and Lebanon Valley were historic battles in the annals of last year's Girls' Varsity Basketball Team, which was undefeated for the 1956 season. Each year, with Miss Henderson and W.A.A. supervisors as their coach and advisors, more girls come out for varsity basketball to sharpen their skills at scoring a hook shot and guarding their baskets. In addition to learning the skills of basketball, many friendships are gained through participating in such a sport.

## Wrestling

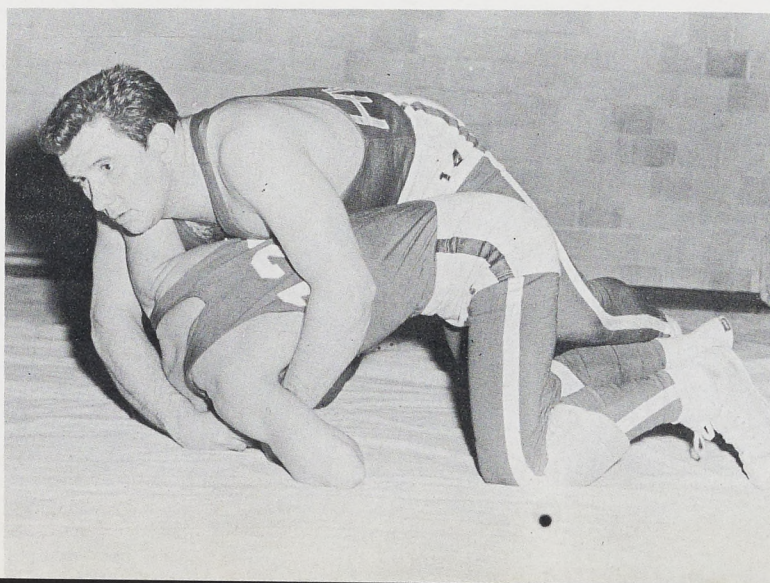

An enthusiastic squad numbering thirty-five men promises well for the successful renewal of the sport of wrestling at S.S.T.C., after a lapse of seven years.

Some very nice performances were turned in by the boys. The matches won were the result of team effort. In the matches lost against Bloomsburg and Millersville, the lack of collegiate experience was very much evident. It also proved that

Pennsylvania teachers' colleges are much tougher competitors.

The outlook for the future appears bright. Harry Blessing, Ray Faidley, and Ken Klimek have the potential to become future collegiate champions.

We are hopeful of influencing boys with high school experience to come to Shipensburg. This would fill some of the weak spots in our line-ups and give us much needed depth.

## Hockey

Hockey is a running game, or so these girls are reminded during the season. Lots of drill and good coaching go along with the running to make a good team.

These girls had their drill and coaching from Miss Kraiss, but they had to run on their own two feet.

The team will be losing

This year the track team will lose Percy Grimes, Don Morris, and Rod Waltermeyer.

The 1956 version of the Shippensburg State Teachers College track team has kept intact a string of five consecutive dual meet victories. The "cindermen," under Coach Roddick, successfully dominated six dual meets running their string of victories to a total of eleven.

# Baseball

Under Coach Tom Crist, the Red Raiders "diamond men" compiled a record of 12 wins and 6 losses. The 1956 squad's twelve wins better the school's all time record for the most victories in one season.

The Raiders opened the season on April 12, winning both ends of a double header with Wilson Teachers College.

Losing their next game to Shepherd, West Virginia, the Raiders bounced back to post a double win over Baltimore University.

After scoring wins over Mt. Saint Mary's and Juniata, the Raiders split a twin bill with Frostburg; both games going into extra innings.

Following their split of two games with Lock Haven, Shippensburg traveled to Indiana where they suffered a double defeat; both coming by a one run margin.

After winning single games at Kutztown, Mt. Saint Mary's and Millersville, the Raiders returned home to post their second win over the Kutztown nine.

This year the baseball team will lose Lester Long, Joe Persipenko, Jerry Beam, "Pete" Fackler, and Russell Plasha.

## Men's Intramurals

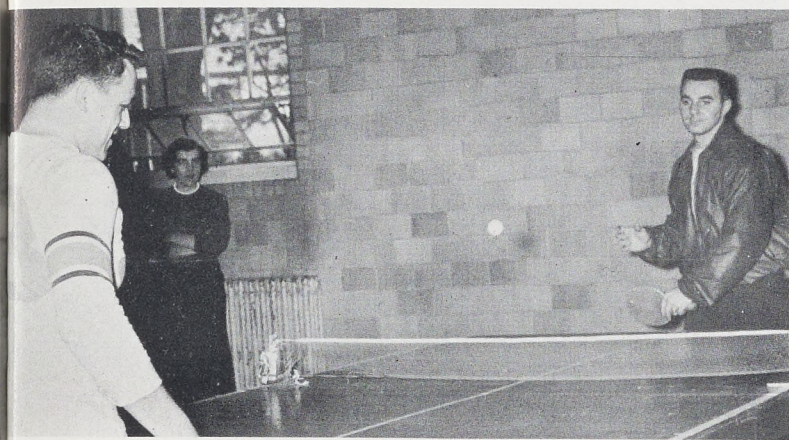

Better organization and cooperation have improved our college intramural program. Each year there has been more interest shown by the student body for a more extensive program.

Not all college men are Jim Thorpes, but they possess the same enthusiasm for a game of softball, basketball, or tennis as any professional. Furthermore, they treasure their awards for being on a winning

team with the same pride as a conference trophy.

Many of our good managers and referees began with just an occasional visit to the gym and only the desire to play intramurals.

Thus our sporting activities have spread to every part of the campus from the ping pong room to the wrestling mats, swim meets, basketball courts, softball fields, and tennis courts.

## Women's Intramurals

Combining the interests of the girls here at Shippensburg and the efforts of the athletic directors, our intramural program has proved very effective for all concerned.

These sports are played on a competitive basis only to create a wholesome pro-

gram of equal participation, pleasure, and pride among the girls here. There is a certain amount of pride in feeling that you are a part of this program, and it, in turn, becomes a part of you.

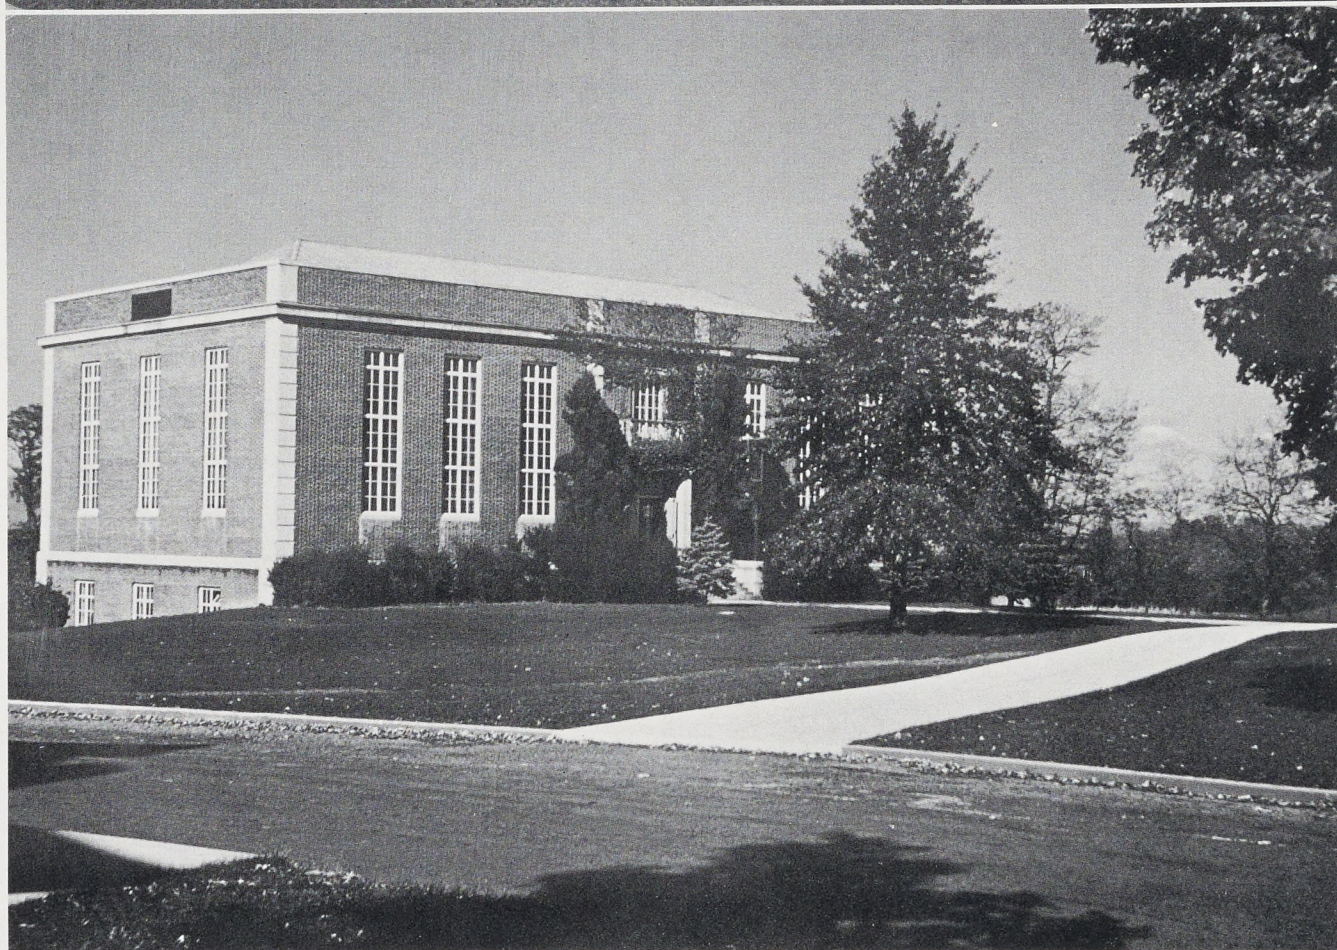

## Co-ed Intramurals

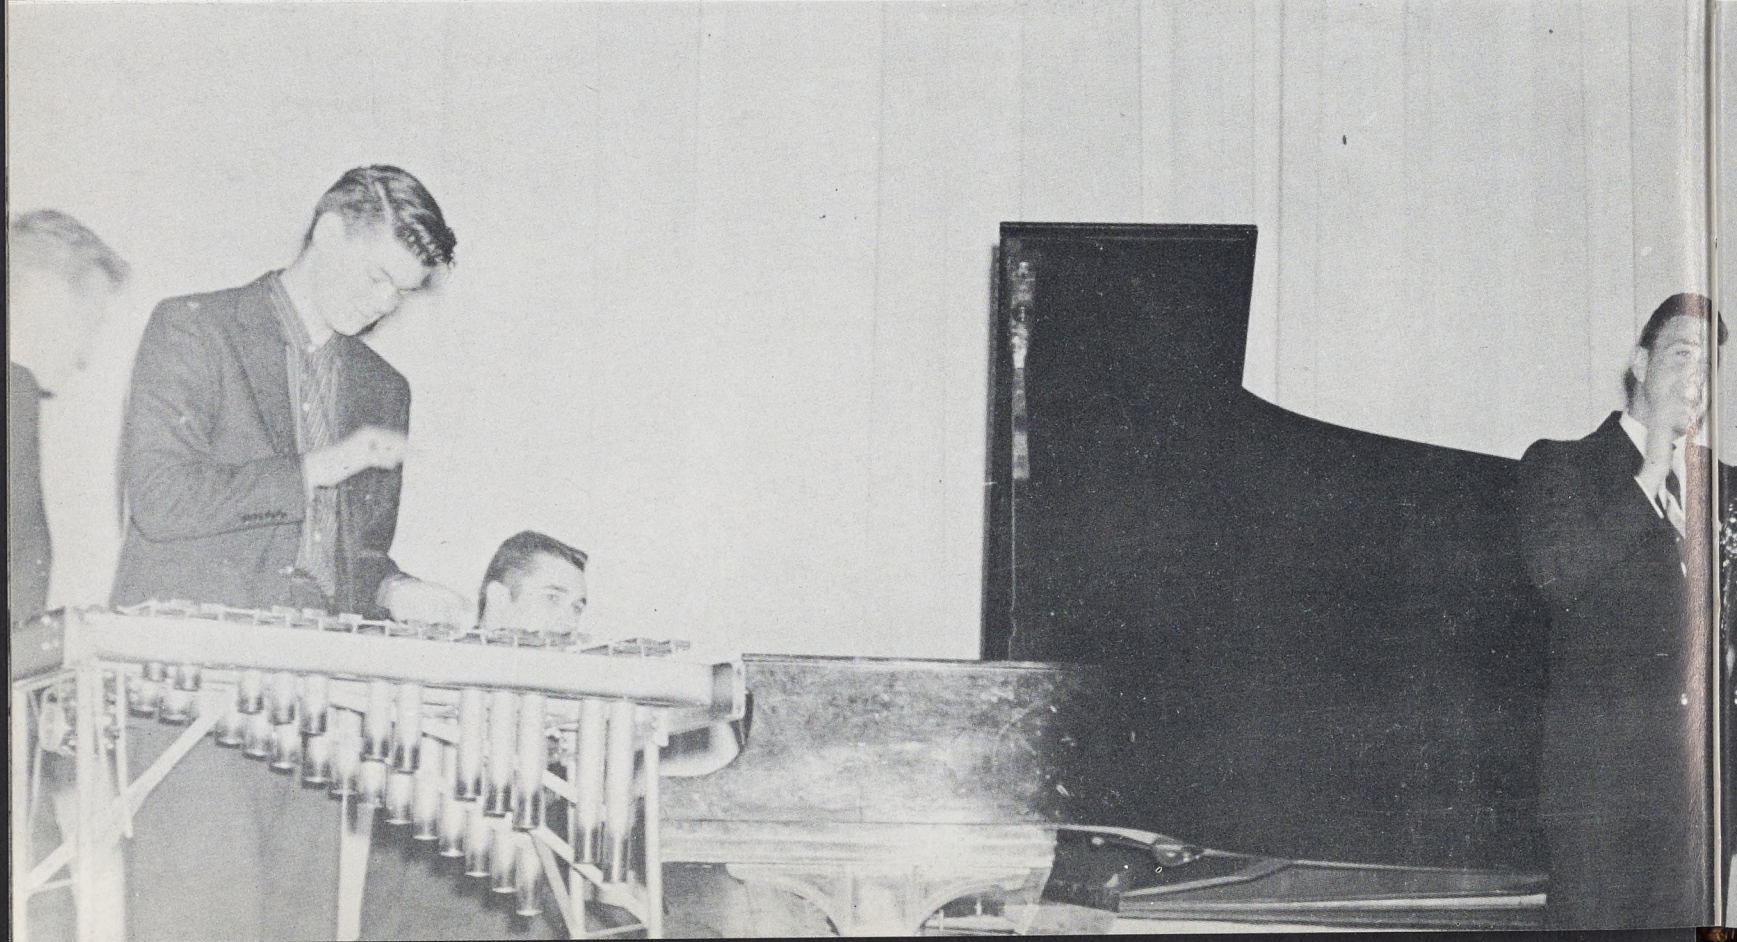

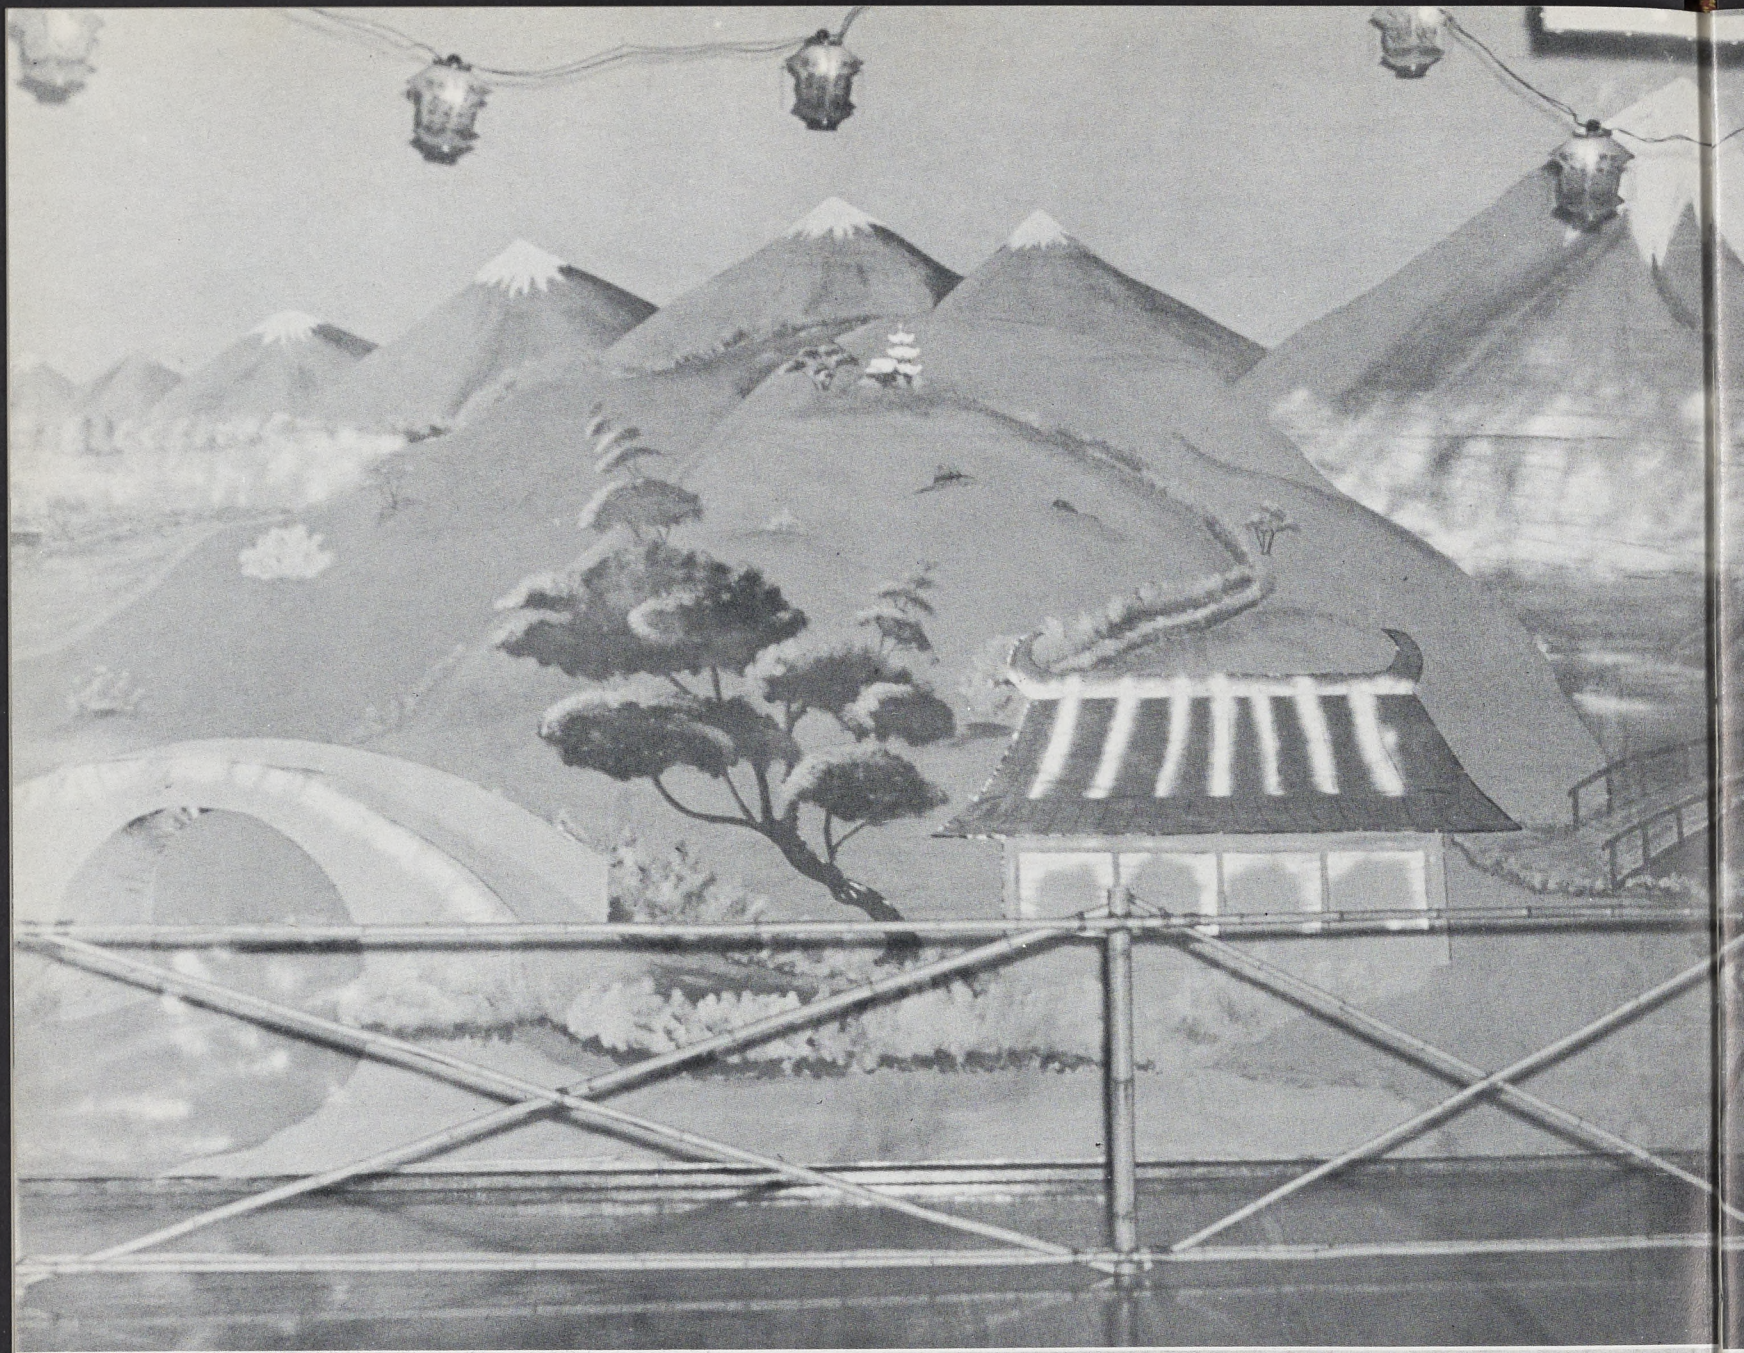

As of now there is only one active co-ed intramural sport—archery. Recently plans were made for co-ed tennis, swimming and golf teams to supplement this program.

This life is a game in which the star players are Work and Recreation. Mr. Work is a quiet studious fellow who is well known by only a few; Mr. Recreation is a very popular gentleman who believes in having a lot of fun.

The students at Shippensburg have made the acquaintance of this gentleman and it looks very much as if it is going to be a life long friendship for each and everyone of us.

We, the students at Shippensburg, are very fortunate in having a very efficient Lyceum Committee to select our programs for the year. This committee is composed of several faculty members and a cross-sectional selection of students, all approved by the administration of the college.

The programs are based on a two-level

scale. The varied programs are scheduled during the day and the more formal programs are obtained for the evening entertainment.

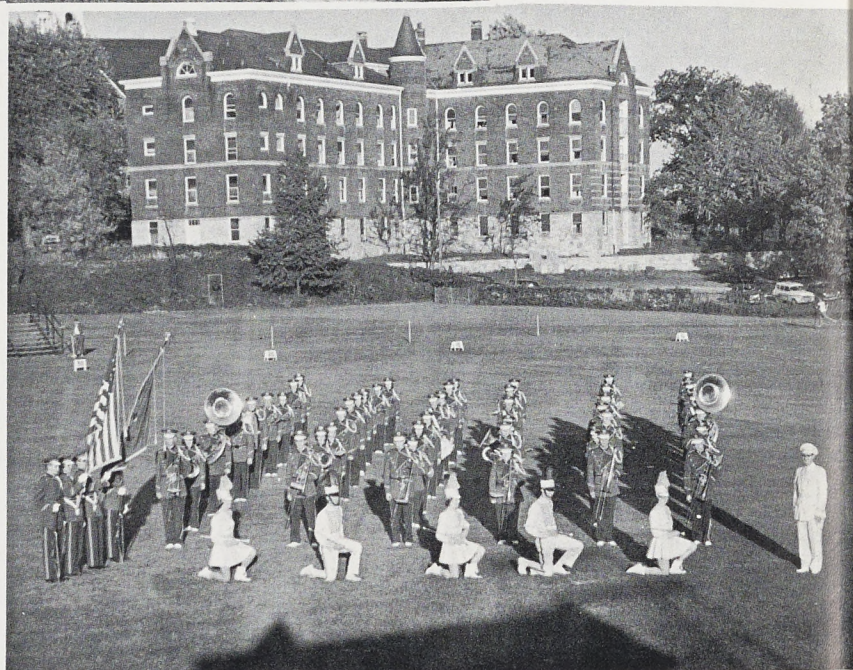

This year's evening programs consisted of a lecture by Herbert Philbrick, The Philharmonic Piano Quartet, Washington Symphony, and the Tamburitans.
