STATE TEACHERS COLLEGE

at

SLIPPERY ROCK, PA.

LOCATION

The State Teachers College at Slippery Rock is situated midway between Pittsburgh and Erie, in Butler County, about 17 miles from Butler, Mercer and New Castle, and is easily accessible from all points in western Pennsylvania. Persons coming from Pittsburgh can reach the college by the B. & O. to Butler and the B. & L. E. to Harrisville (Slippery Rock) station, five miles distant, or may take the West Penn Railroad or trolley (Butler Short Line or Harmony Route) to Butler, where the bus leaves the trolley station direct for Slippery Rock. Persons coming by way of New Castle may change cars at Mercer and come to the Harrisville station, or come by bus direct to Slippery Rock. At Shenango the B. & L. E. Railroad connects with the Erie Railroad, and at Osgood with the Lake Shore Railroad, thus affording easy access from the north. There is also bus service from Franklin, Meadville and points north, to Slippery Rock.

For those wishing to come by automobile, Slippery Rock can be reached from all main points on hard-surfaced roads.

The location of the school is pleasant and healthful. Being situated on a hill, a commanding view of the town and surrounding country is afforded. It possesses unexcelled facilities for healthful drainage.

SUMMER TERM

The twelfth summer term at State Teachers College at Slippery Rock will open on Monday, June 16, and continue until Satur-

day, July 26. Arrangement has been made to have the school in full operation during the summer term, including training school, library, dormitories and dining room.

FACULTY

Most of the regular faculty will be on duty for the summer term.

PURPOSE OF SUMMER SCHOOL

The primary purpose of the summer session is to advance the training of teachers in service and those definitely looking toward such service. On this principle, applicants for admission to the summer session will be classified in the following groups:

Class 1—Teachers in service:

- a. Teachers who have made varying degrees of progress toward standard certification.
- b. Teachers who hold standard certificates and who are seeking to complete requirements for college graduation.
- c. Teachers who are normal school graduates and who desire to pursue advanced work toward a degree.

Class 2—Regular students:

- a. Students who have been regularly matriculated in the college and who wish to secure additional credits.
- b. Students who propose to matriculate at the college at the beginning of the fall semester but who desire to complete a summer session of work in advance of matriculation.

For both class one and class two students, the regular courses will be offered.

PRACTICE TEACHING

Practice teaching facilities for a limited number of experienced teachers will be provided in the Training School at Slippery Rock. Grades one to six will be in operation for the six weeks of the summer term. Application for practice teaching must be made to the Dean of Instruction.

COLLEGE CERTIFICATES FOR TEACHERS IN SERVICE

The following conditions apply only to those persons who have taught in Pennsylvania public schools prior to July 1, 1922:

1. Teachers in service who are graduates of four-year approved high schools, or who met the entrance requirements by evaluation of credits previous to September 1, 1927, will be admitted.

Graduates of two or three year high schools may meet the entrance requirements by taking the pre-professional examinations offered at the county seats of each county in June. For information, address your county superintendent.

2. A minimum of one continuous semester of resident study shall be required of all candidates for graduation who are credited for teaching experience as outlined above.

3. *Credits for advanced standing will be allowed only when the courses are the equivalent of the required courses, or of the electives in the group chosen. Credits for college courses will be allowed only when the college issuing such credits recognizes an equal number of hours credit toward college graduation. A maximum of twenty semester hours of extension credit toward graduation from the two year course will be accepted, if completed before September 1, 1927.*

The State Teachers College at Slippery Rock will be glad to assist you in evaluating your credits for graduation if you will send the following information to the Registrar:

Your name, address, dates covering number of years of teaching experience, certified copies of records of high school and post-high school work.

Evaluation of credits toward standard certificates should be requested from the Department of Public Instruction at Harrisburg.

CREDITS

Regular college credit will be allowed for all courses. The credits will be accepted by the State Department toward the standard certificate. Students will be allowed to carry six semester hours of work.

EXTENSION

For students who wish to complete the four-year course, eighteen hours of extension credit toward State Teachers College graduation will be accepted. The subjects are to be chosen from the following list.

	<i>Semester Hours</i>
American Literature	2
History of Education	3
American Government	3
Teaching and Supervision of Arithmetic in Elementary Grades	3
Civic Education in Elementary School	3
History and Organization of Education in Pennsylvania	2

STATE REGULATIONS FOR RENEWAL OF PARTIAL CERTIFICATES

The first renewal of a partial certificate is dependent upon a rating of low or better, plus six semester hours of further professional training. Subsequent renewals require a rating of middle or better and six semester hours of additional professional training.

The partial certificate will be converted into the standard certificate when the holder has the qualifications required for the standard certificate.

The minimum salary guarantee for the partial certificate is eighty-five dollars a month.

STATE REGULATIONS FOR STANDARD CERTIFICATES

1. *Temporary*—This certificate is issued by the Superintendent of Public Instruction and entitles the holder to teach for a period of two years the subjects prescribed for the curriculum of the elementary school or such subjects as may be specifically written upon its face in either the elementary or secondary field of education as may be prescribed.

Applicants for this form of certificate must have had a four year high school or equivalent education and two years (seventy semester hours) or the equivalent of professional training for teaching. Observation, participation and practice teaching of not less than six semester hours or its equivalent must form a part of this requirement.

The first renewal of this certificate is dependent upon a rating of low or better. Subsequent renewals require a rating of middle or better.

2. *Permanent*—This certificate is issued to the holder of a temporary standard certificate or its equivalent at the end of any renewal period on a rating of "middle" or better and evidence of four years of successful teaching experience.

In art education, commercial education, health education, vocational education, and music, not fewer than three years of approved preparation in the specified field in addition to graduation from an approved four year high school, shall be required for a permanent standard certificate: provided, however, that temporary standard certificates issued after September 1, 1931, on the completion of not fewer than four years of approved post-high school preparation, will be made permanent at the end of any renewal period on a rating of "middle" or better and evidence of four years of successful teaching experience; and provided further that in the vocational field approved experience may discharge this regulation in part.

A. Holders of Partial Certificates:

Holders of Partial Certificates which expire August 1, 1930, are not required to present further application for certification, but there should be submitted to the Teacher Bureau, Department of Public Instruction, Harrisburg, Pennsylvania—

1. A Teacher's Rating Score Card filled out by the superintendent under whose supervision they have been teaching, indicating a rating of "middle" or better.
2. An Approved Training Certificate indicating the completion of not less than six (6) semester hours of professional training, in addition to that already required for the former issue or renewal of a Partial Certificate or its equivalent.

B. Holders of Partial Elementary Certificates applying for the Standard Certificate:

Holders of Partial Certificates applying for standard certification by or before the beginning of the school term in the fall of 1930 should have submitted to the Teacher Bureau, Department of Public Instruction, Harrisburg, Pennsylvania—

1. A Teacher's Rating Score Card filled out by the superintendent under whose supervision they have been teaching, indicating a rating of "middle" or better.
2. A Certificate of Approved Training showing the completion of the necessary number of semester hours to make up the seventy required for standard certification.

SPECIAL FEATURES

Special lectures by members of the department of education, popular lectures, and musical programs will be presented during the summer.

Chapel periods will be made especially profitable by the lectures of visiting superintendents and specialists in education.

Educational moving pictures will be shown at various times in the chapel during the summer term.

Regular vesper service will be conducted each Sunday evening at 7:00.

TEXT BOOKS

The book room will be open where text books and supplies can be purchased at moderate prices.

LIBRARY

The library will be open daily from 8 a. m. to 8 p. m. The regular librarians will be in charge.

ROOMS

Each bed is supplied with sheets, pillow cases, blankets, and bedspreads. Students are to furnish their own curtains, towels, and table napkins.

LAUNDRY

Laundry work, including ironing, not to exceed twelve plain pieces per week, will be done by the school. Extra work will be charged at a reasonable rate. Great care is exercised in handling the laundry of the students, but the school will not be responsible for loss or damage. Articles should be plainly marked with the number assigned at laundry.

TEACHER PLACEMENT SERVICE

Attention of students is called particularly to the fact that the Appointment Bureau co-operates with the Teacher Placement Service Bureau, of the Department of Public Instruction, Harrisburg, Pennsylvania, thus offering additional facilities for the placement of graduates of this institution.

The Teacher Placement Service Bureau has been established by the Department of Public Instruction. Its purpose is to assist school officials to secure suitable persons in fields of service for which their training best fits them.

No enrollment fee is required and no charge is made for any service rendered by the Bureau. Blank forms for enrollment and a circular containing full particulars with regard to the work of the Bureau may be obtained by addressing J. K. Bowman, Assistant Director, Teacher Bureau, Department of Public Instruction, Harrisburg, Pennsylvania.

STUDENT SELF HELP

Positions, paying \$.25 per hour for not more than twenty hours per week toward the expense of board and room in the dormitory, are assigned to desirable young men and women. Make application for positions to the President.

REGULATIONS FOR STUDENTS

The discipline of the school is made as simple as possible. Self-control is the ideal sought. Students are expected to do without compulsion what is required, and to refrain voluntarily from all improprieties of conduct. The intelligent conception of duty and quickened conscience will generally result in a cheerful, voluntary obedience. That government is best that seems to govern least.

Regular attendance, good behavior, and hearty allegiance to all the interests of the school are expected of each member of the student body.

1. The bell announces the study hour at 7:30 o'clock. Each student is pledged to be in his or her room at work at that hour. At 10:30 p. m. all lights will be out and the buildings quiet.

2. Due to the crowded condition of the dormitories, visitors can be accommodated only during the week-ends. In case of visitors coming at other times, arrangements should be made in advance with the deans.

3. *Guests*—Students are permitted to have guests in the dormitory under the following conditions:

(a) Meals in the dining room, breakfast \$.40; lunch \$.40; dinner \$.50.

(b) All guests will conform to the rules of the school.

4. *Recreation*—When weather is suitable students are permitted to enjoy the natural beauties of the country, under proper chaperonage.

Optional activities are provided after dinner until 7:15 o'clock.

5. All students are required to be present at all devotional and general exercises in the chapel, unless excused by the President. Attendance at religious services during Sabbath is urged.

6. Students are urged to remain at the school during the week-ends. Permission to go home will not be granted except in imperative cases.

7. The dining room is under the direction of a trained dietitian. Abundance of good nourishing food is served. Parents will please not send boxes containing eatables, especially cake and sweets, to students while in attendance at school. No objection is raised to sending fruit.

8. Students will not be called from classes to answer telephone calls. Important messages will be delivered to students.

9. Students are required to take enough studies to keep them, in the judgment of the President, sufficiently employed, but are not permitted to take more than they can study with profit.

10. Each student of instrumental music will have regular hours assigned for practice, during which time no spectator can be present to interrupt the exercises or divert the attention.

11. Young men will not be permitted to call upon the young women students without permission.

12. Disorderly conduct in the buildings is prohibited. Each student will be held responsible for any disturbance in or damage to his room.

13. Students whose sense of honor and propriety cannot be trusted will be summarily dismissed. They will also be sent away whenever, in the opinion of the faculty, it is evident that they are pursuing a course of conduct detrimental to themselves and to the institution.

14. All students who plan to take courses in Physical Education are requested to come prepared with the necessary costume. Girl's costume consists of one-piece gymnasium suit, black stockings, and soft-soled shoes. Boy's — white shirt with collar and quarter sleeves, white duck trousers, and soft-soled shoes.

15. All who play orchestral instruments are invited to bring them and join the summer school orchestra. There will be many opportunities for accompanying as well as concert work.
