FOREWORD

HI! A cheery word of greeting is a by-word at Slippery Rock College. Pick up the habit of smiling and bidding the time; it is a custom that makes Slippery Rock what everyone calls a "Friendly Campus."

Speaking of custom and tradition, this handbook, the GREEN AND WHITE, is to help you review or learn for the first time about your college. Your handbook treats more than the traditional aspect of college life. Included in these pages are complete calendars of activities—the goings on that will help you be THERE on time. Get to know the various activities that flourish on Campus. Check the elected offices held by students. Learn the names of your faculty and administration and the things that have made tradition at the "Rock." Look to the future of Slippery Rock and make it your future, and in the meantime, let the GREEN AND WHITE serve as your guide and friendly helper.

must first be taught..."*

HISTORICAL TRADITION AT SLIPPERY ROCK

Prompted by a desire for higher education for the children of the surrounding area, the founders of Slippery Rock Normal School sold stock, received a land grant of ten acres from Lewis Patterson and erected three frame buildings in 1888.

Formal recognition came on February 1, 1889, when Slippery Rock enrolled 168 students. The first graduating class in 1890 consisted of 11 members.

Former Presidents

Dr. James E. Morrow, an able and inspiring leader, was the first president at Slippery Rock. Perhaps Dr. Albert E. Maltby, who served as president for the greatest length of time, left one of the deepest imprints on the college. Maltby Library is a memorial to him.

Slippery Rock became a State Teachers College on August 13, 1927, although the

institution had been authorized since June 4, 1926, to grant Bachelor of Science degrees in Health and Physical Education, Elementary Education, and Secondary Education.

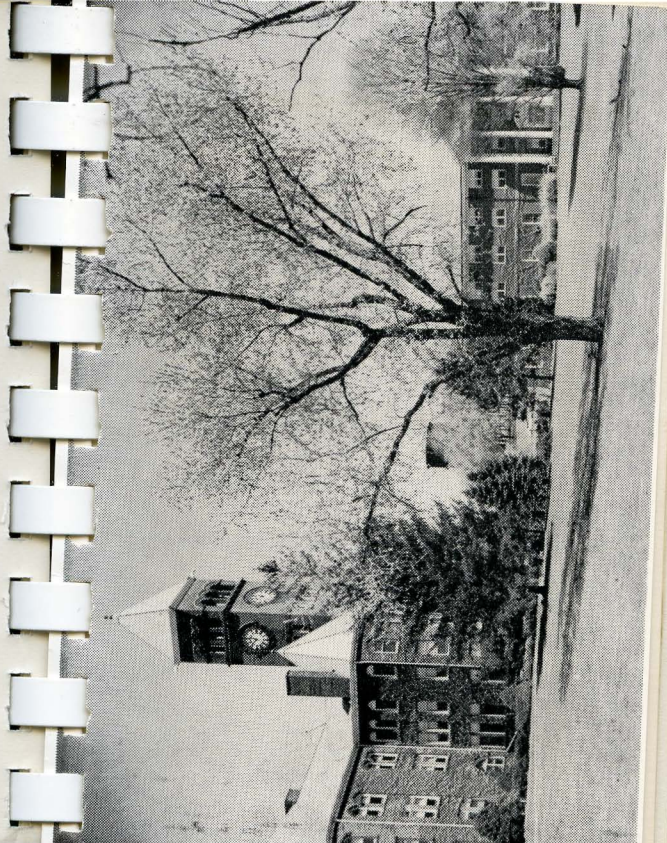

Past and Future Objectives

In 1927 the objective of Slippery Rock S. T. C. was to graduate well prepared teachers for the Commonwealth of Pennsylvania, and to contribute to the professional growth of the teachers in the service area governed by the college. Basically these objectives have not changed; however, the resources of the college are being enlarged, and the influence of Slippery Rock and its graduates is now much broader in scope.

During the current administration of College President Norman N. Weisenfluh, agreement has been made to purchase 250 acres of land adjoining the college. Already work has begun on a new men's dormitory which will house 300 men. This year an auditorium seating 900 will be erected. By 1959 it is hoped the new S. R. Fieldhouse, which will also house a labora-

tory for the training of teachers of the Atypical child, will have been started.

Long range planning for the next ten years holds in the offing two more men's dormitories, each to house 150 men, another women's dormitory for 150 women, an addition to Maltby Library, a class room building, a student union building, and a dining hall. It is also planned that the master's degree in elementary education will be offered, and the college will be prepared to meet a student growth exceeding 2,000.

The Registrar's Office contains the records and schedules of all students. Mid-semester and semester grades are issued from this office on the first floor, Main Building.

Dean of Women's Office

The office of the Dean of Women is located on the main floor of North Hall, between the front entrance and the small

dining room. Conference with the Dean of Women may be had by appointment.

Director of Public Relations

Publicity and public relations concerning college activities may be handled through the office of publicity on the third floor of Old Main. The office is next to room 31 or second door on the right from the top of the south stairs. Student public relations coordinator is Miss Vonnie Galvin.

News about you and your activities on Campus should be submitted to the office of publicity and public relations, along with your picture, if you have a ready one, on or BEFORE the event happens. Include the name of your hometown paper.

MALTBY LIBRARY

The Library is primarily a place for reading and study. Students are invited to make full use of its resources. The Library has about 28,000 books and regularly receives more than 200 periodicals. These periodicals represent almost all areas of interest and range

from light pleasure reading to the learned journals. The Library also subscribes to the leading newspapers in western Pennsylvania. A librarian is always on duty to help students to become familiar with the use of the library and to help in any problem that arises in connection with library assignments. The librarian on duty is always happy to give service needed as far as time allows, but due to the overcrowded conditions in the evening no reference problems can be undertaken then. If the student needs help he should arrange to come to the Library during the day.

The Library has an open stack system which means that the student may browse through the books and periodicals and make his own choice of materials; but if he wishes to take materials from the Library for home use, he must bring them to the loan desk and have them charged to his name. Students at Slippery Rock are to be commended on the fine way in which they have cooperated with this plan.

The Library is open every weekday

that the College is in session, according to the schedule posted on various centrally located bulletin boards.

Reserved books are put on special shelves or are kept at the desk. Their use is restricted so that all may have an equal opportunity to use them. Books on strict reserve status are to be used during library hours in the Library, or may be borrowed for outside use any time after 8:30 P. M. and returned by 9:00 A. M. the next morning. A fine of fifteen cents for first hour and five cents for each succeeding hour is charged for over-due reserved material. Books not for reference or reserve may be borrowed as needed for a period not exceeding two weeks. Such books may be renewed for a longer period unless in demand. A fine of two cents a day is charged for such books not returned when due.

STUDENT HEALTH SERVICE

Any student is eligible, without charge, for the services provided by the Student Health Service. Emergency illness or accident is cared for at any time. These in-

clude acute conditions such as fractures, sprains, faints, indigestion and dysmenorrhea.

Students wishing to be absent from class for medical or dental appointments should take their appointment cards to the Infirmary, and arrange with the college nurse for a medical excuse before the appointment hour. Illness requiring absence from class should be reported promptly to the Student Health Office, either by phone or in person, in order that the student may be granted a medical excuse, as well as receive medical attention as soon as possible.

When it seems advisable, students will be moved to the Infirmary and given proper medical care. Dormitory students are given the service of the Infirmary for three consecutive days without charge. The charge then will be at the rate of \$1.00 per day. Off-campus students are charged at the rate of \$2.00 per day beginning with the day of admission to the Infirmary. Students who do not show a decided improvement at the end of three days will be moved

home. If this is not advisable, parents will be expected to provide nursing service as long as the physician deems it necessary.

Students who are ill enough to require a bed in the Infirmary need rest and quiet for recovery. Visitors to the Infirmary will be admitted only on consent of the nurse during the following times:

10:45 A. M. — 11:15 A. M.

4:00 P. M. — 4:30 P. M.

Residents of South Hall may contact the nurse for emergencies occurring after North Hall has been closed for the night, either by phone or by ringing the buzzer at the Infirmary entrance at the rear of North Hall.

To safeguard the health of the individual, as well as others on the campus, students who become ill while at home, on week-ends or vacations, are urged not to return to the campus until they are ready to attend classes.

Equipment is available for the student's use. There are a limited number

of articles such as hot water bottles, heating pads, etc. So that they can be used most efficiently you are permitted to borrow them for three days. Failure to return the articles or make arrangements for increasing the rental period will result in a 10 cent fine for each day until returned.

Office Hours

Mon. through Fri. — 7:30 to 9:30 A. M.

Mon. through Fri. — 12:45 to 2:45 P. M.

Mon. through Fri. — 6:00 to 7:00 P. M.

Saturday — 8:00 to 10:00 A. M.

Since all students are covered by insurance, all illnesses and accidents covered under the policy must be reported to the college nurse immediately. If you are off campus on vacations, weekends, etc., and you have an illness or accident covered by the policy, report it to the nurse immediately upon return to college.

STUDENT ACCIDENT-ILLNESS INSURANCE

All Slippery Rock students are covered by accident-illness insurance.

This action was recommended by Student Government and was approved by the College Board of Trustees in May, 1955. Slippery Rock thus becomes the first teachers college in Pennsylvania to offer such broad insurance coverage to students. Students enrolled in the College are automatically included in the insurance plan.

The cost of this student insurance is as yet undetermined. It will cost the student no more than \$6 per semester for insurance coverage, and the cost may be less. Cooperative Activities will pay the balance of the amount to the insurance company for the academic year. A summer policy for students is optional at an additional rate. Those desiring coverage of this kind need not decide until the close of the 1958-59 school year.

A printed statement issued by the in-

surance company listing the extent of coverage and benefits will be given to each student at the time of registration. To take advantage of these benefits, students must report promptly to the college nurse all cases of accidents or illness requiring medical attention.

STUDENT GOVERNMENT MESSAGE

This year, Student Government begins its twenty-first year of service. This group, organized and operated by the students, is the official voice for the students. Working with faculty advisors, the organization aims to administer efficiently the Cooperative Activities budget which allots money to student organizations. Also Student Government takes care of the students complaints, gives aid to various organizations with their activities, sponsors annually the Homecoming activities, and is completely in charge of and responsible for Freshman Regulations. All students are urged to cooperate with and participate in this outstanding agency.

COOPERATIVE ACTIVITIES

At the beginning of each semester all students are required to pay an activity fee of \$20. This money is deposited into the Cooperative Activities Fund, which is under Student Government supervision. This fee entitles the student to an Activities card which grants him admission to social functions, and home athletic events.

The Bookstore

The Bookstore, which is owned and operated by Cooperative Activities, is directed through the Student Government Association.

It is a non-profit organization and carries all the textbooks used in the

various classes. Any supplies or equipment that one may need such as books, paper, and pencils can be purchased on a charge account which is payable at the end of three weeks. The maximum credit is \$15. All supplies such as paper cups, crepe paper and other items needed for parties, dances, and the like can be purchased through the bookstore. Special books that a student may want for his library can also be ordered.

Cooperative Activities pays for all athletic equipment and for all social and athletic events during the school year. The money to pay for these events is provided by the students when they pay their Activities Fee at the beginning of school.

The bookroom is located on the ground floor of the Main Building.

A recreational Hut and Grill provides opportunity for dancing, bowling, billiards, pool, table tennis, cards, and refreshments.

At intervals during the year artists and speakers are booked for assemblies.

Every effort is made to provide a program of stimulating entertainment and to round out a balanced social program in the college, financed by the Cooperative Activities.

THE PURPOSE OF COOPERATIVE ACTIVITIES

Cooperative Activities is one of the most useful organizations on the campus and through it the student body at Slippery Rock is able to do many things and to furnish many improvements of an extracurricular nature. Prior to 1934 the college bookstore was owned and operated by the college, the equipment for athletic teams was ordered through the central purchasing agency at Harrisburg, and all social events, lectures and entertainment were arranged for and paid for by the college. In most instances this was a very inflexible way of handling such matters and it often took months to replace books and supplies needed in the book store.

In 1934 an opinion was rendered by

the Attorney General that each State Teachers College could have a student cooperative association which would not only operate the Book Store but would conduct the arrangements for student athletics, social events, entertainments, publications, and many other similar activities. The opinion enabled our college to start and develop Cooperative Activities, which has grown to be a very sound and useful organization and which has provided many benefits and pleasures for the student body. Profit earned in the bookstore provided the money for equipping and starting the Grill. Cooperative Activities purchased the electric football score board, the basketball score board, uniforms and many instruments for our band, three television sets, three juke boxes, the furniture in the Hut, the present bookstore which is regarded as one of the finest in any college in the United States, and the Hub consisting of the commuters rooms and lounging quarters in the corridor. Several vending machines being put into operation for the first

time were purchased by Cooperative Activities.

Besides what has already been accomplished there are still many other improvements which can be made for the betterment of the student body. Many of the things accomplished in the past have been suggested by students, while others were suggested by the administration; but in all cases the steps to be taken were given careful consideration and debate by Student Government before authorization was granted to proceed.

Since all money paid by students into the Activities Fund is budgeted out for support of student activities, it is only through the accumulation of a reserve through profit, that these extra things can be done.

Faculty members of the Cooperative Activities Governing Board are Dr. Margaret Rhoads, Dr. Warren Strain and Dr. Walter Albert.

INTRAMURAL ATHLETICS

The varsity and intramural athletic programs, improved and organized as they are today, offer many advantages to all students desiring to participate in them. It is wise for every college student to take part in a branch of athletics suited to his physical ability and needs. The extent to which athletics should be

indulged in depends upon conditions. Above all, no student should be permitted to participate in athletics in excess of the time required to preserve his health, when his studies are endangered. Athletics, supposedly, should aid the student in his school work, not handicap him. Although athletics may interfere with scholastic work, there is evidence that a student can participate in athletics and still excel in scholarship. Neither should a student, under any circumstance participate in athletics to such a degree that his health will be endangered. Athletic enthusiasm should be tempered according to the limits of bodily endurance. Athletics as referred to at Slippery Rock include (1) many of the recognized competitive sports; (2) most of the activities of the recognized intramural program. Many students are physically unable to participate in the more strenuous competitive program, but every student can find some activity to suit his physical capacity in the intramural program. A careful study of one's physical condition and needs, supplemented by the advice of a leader in the

fields, puts one in a position to take a wise choice from the various activities offered in the intramural program.

GYM TEAM

The varsity gymnastics team at Slippery Rock, composed of both men and women students, stages exhibitions at western Pennsylvania high schools throughout the winter months. The team does not compete on an intercollegiate basis; individual ability and skill are displayed by each member in all phases of exercise and drill. The season will start on February 3. It is climaxed with the annual home exhibition to be held on March 5, 6, 1959. Try-outs for the team will be conducted late this fall. Wally Rose is the Coach.

ADVISORY PROGRAM

Each student will be assigned a faculty advisor by a department chairman. Both the faculty member and the student will be within the same curriculum. Secondary Education students will have faculty advisors who teach in their major and minor fields. Health and Physical Education majors will also have minor field advisors. The purpose of the advisory system is to provide a means whereby students can dis-

cuss the problems they encounter in both professional and practical situations. Advisors will be assigned in the freshman year and continued throughout the four-year college program except for necessary adjustments.

CLASSIFICATION OF STUDENTS

Three distinct fields of preparation are open to students, namely, the elementary curriculum, the secondary curriculum, and the health and physical education curriculum. The classification of a student is determined by the number of semester hours he has completed in his chosen field. The semester hours requirements for class standing are as follows:

95 semester hours or more.....Senior
63-94 semester hours.....Junior
28-62 semester hours.....Sophomore
Fewer than 28 semester hours...Freshman

The student should consult the dean of instruction concerning any question pertaining to classification.

LIMITATIONS OF COURSE LOAD

The following regulations relative to limitations of course load for students was recommended by the College Personnel Committee to the faculty and approved by the faculty at a regular Faculty Meeting on January 6, 1958.

The number of credit hours a student may carry will be determined by his quality point rating as follows:

1. When the cumulative quality point rating of any student is less than 2.00, he should take the normal semester load.
2. Any student with a cumulative quality point rating of 2.00 or more may, with the approval of the Head of the Department of his major field and the Dean of Instruction, take additional hours up to a maximum of 20 hours.
3. Anyone wishing to take more hours than a regular semester load will be required to make application for those additional hours (the dates for these applications to be decided by the administration).

GRADING SYSTEM

The letter system of grading, with equivalent interpretations, is as follows:

- A—Excellent
- B—Good
- C—Satisfactory
- D—Credit
- I—Incomplete
- F—Failure

Three quality points may be earned for each semester hour of credit with a grade of A; two points, with a grade of B; and one point with a grade of C. No quality points are given for the grades of D and F. The administration will recommend for graduation only those students whose total quality points equal in number the credit hours required for graduation. The same standard applies for admission to junior standing and to student teaching.

Students in the secondary and health education curriculum should have as many quality points as semester hours

in both their first and second fields of concentration before they will be eligible for student teaching.

At the end of each semester statements of grades are sent to parents.

DEAN'S LIST

Each semester a scholarship list, known as the Dean's List, is made public. To be eligible for inclusion on this list a student must attain a quality point average of 2.25 or better. The student must also be carrying at least 14 semester hours of classes. Summer school grades are not used in calculating quality point average for the Dean's List.

GRADUATION HONORS

To acquire honors for graduation the following quality point rating should be attained.

Honor.....	2.250-2.490
High Honor.....	2.50 -2.749
Highest Honor.....	2.75 -3.00

CLEARANCE OF ACADEMIC DEFICIENCIES

Students who have failed or by-passed required courses or have other scholastic deficiencies, must clear these courses through attendance at summer school.

REGULATIONS PERTAINING TO, AND REQUIREMENTS FOR JUNIOR STANDING

I. Who must apply for Junior Standing?

- A. Students who have completed three semesters of college work must make application within three weeks after registering for the fourth semester.
- B. Students whose previous application was not approved.

II. Requirements for completion of:

- A. The student must have satisfactorily completed 62 semester hours of work before Junior Standing will be approved.
- B. The scholastic record of the applicant must average "C" or better; i. e., the student must have a quality point rating of 1.00 by the end of the sophomore year.
- C. A "C" grade must be attained in English I and II. Students making less than "C" grades in either English I or II must repeat their

courses until the "C" standard has been achieved.

- D. The applicant shall meet the course requirements of this curriculum for the first two years, or shall have approval from the Dean or the Registrar for any deviation therefrom.
- E. The applicant's voice must be free from objectionable pitch or tonal quality. Students with speech deficiencies will be required to take corrective work.
- F. The applicant must show acceptable progress in development of social skills, habits of dress, and the practices of citizenship. The required signatures on the application form shall be evidence of satisfactory progress in these characteristics.
- G. The applicant must have the approval of the heads of the departments in which he expects to major and minor. The applicant must demonstrate a competence

in the major and minor fields by maintaining an average of "C" or better in courses completed in those fields. Applicants may be required to take an additional three-hour course in a subject field to demonstrate competence.

- H. The health and physical education requirements of the first two years must be met. The applicant must have a record showing good physical stamina, good posture, and freedom from physical defects that may interfere with adequate performance of his duties as a teacher.

III. Special Considerations

- A. Special consideration may be given to applicants who
 - 1. Change their major or minor fields
 - 2. Change from one curriculum to another
 - 3. Enter by transfer from another institution
 - 4. Are on an accelerated program

- B. Applicants who fail to meet requirements may be allowed one additional semester and/or a summer session of twelve weeks to meet them.
- C. Final approval of all applicants rests with the College Personnel Committee.

EXAMINATIONS

At the termination of a course a two-hour examination is administered covering the work. Class work is suspended at the close of each semester when the final examinations are given.

CLASS ATTENDANCE

- 1. Regular and punctual class attendance is required.
- 2. Whether an absence is considered excused or unexcused is left to the discretion of the instructor. A student absent without acceptable reason will receive a zero for the work missed and will not ordinarily be permitted to make up the work. After three unexcused absences he will be dropped from the course.

- a. The College Nurse will issue absence permits for illness. Whenever possible these should be secured from the College Nurse before the class absence.
 - b. The faculty sponsor of group trips, athletic contests, and the like will request from the Dean of Instruction an absence permit covering all members of the group.
 - c. The Dean of Women may issue absence permits, except for illness and group trips, to all women students.
4. The teacher will, whenever possible, permit the student to make up work missed during a necessary absence. The responsibility, however, of arranging for makeup work rests with the student. Moreover, it is recognized that every class absence curtails losses that cannot be made up, such as class discussion, demonstrations, and interpretations.

SOCIAL EVENT PROCEDURE

For any group wishing to hold a social event the following procedure is necessary:

1. Secure a request blank from the President's secretary and fill in all the required information.
2. Secure the signature of the sponsor.
3. Present this to the Dean of Women for her signature.
4. If permission for the use of Maltby Library or the College Dining Room is desired for a dance, permission must be obtained at least six weeks in advance.
5. Present to the President for his approval and the inclusion of the date on the calendar.

This procedure is to be followed both when the event is scheduled in the Green and White and when it is not. For formal affairs the blank will need to be filed at least three weeks before the date desired. For informal events at least a week is required.

The night watchman is asked to dismiss any social meeting for which he does not have an official slip.

Social events during the week will terminate in time for students to reach the dormitories by 10:30 P. M.

OBJECTIVES IN SOCIAL PROGRAM

1. The basic and fundamental function of social programs is for individuals to give the highest response in social relationships and activities.
2. The officers, sponsors, and members of the dormitory and town councils will make it their duty to see that individuals and groups will abide by the standards previously established.
3. Club officers, sponsors, and members will assume responsibility for keeping the privilege for club purposes only.

INITIATIONS

Students and faculty in charge of these activities are asked to conduct them in such manner that those being initiated will not be required or allowed to appear in classes or the dining room peculiarly attired or accompanied.

PUBLICATIONS

THE ROCKET. Published twice a month by the Press Club, **The Rocket** is the official newspaper of the college, edited and written by students for students. **The Rocket** strives to voice student opinion and encourage the writing of articles by individuals who are not necessarily on the staff.

ROCKET WRITER. A literary magazine, published by Cooperative Activities Winter and Spring each year. This student publication includes both creative and professional writing. Staff: Editor, Art Director plus Assistants. Sponsor: K. E. Harris.

THE SAXIGENA. This is the name of the yearbook at State Teachers College, Slippery Rock. It is derived from two Latin words, *saxum*, meaning "rock," and *signo*, meaning "to spring." The name was suggested by the late Dr. George L. Hamm, the former professor of Latin and German at the college, and has been used since 1912.

TRADITIONS

CLASS COLORS. Each class at State Teachers College, Slippery Rock, has its own colors, motto, flower, and yell, the Freshmen each year adopting the colors of the graduating class of the previous year. Thus the colors, red, yellow, purple, and blue, each combined with white rotate in four successive years.

The colors of the first class, 1890, were green and white and have been adopted as school colors.

1958-1959	Yellow
1959-1960	Purple
1960-1961	Blue

MAY FESTIVAL. The 1951 May Festival was the first one held on the Slippery Rock campus. It has now become an annual affair. The crowning and the festival will be handled by the Junior class. The celebration will be climaxed by the Junior Prom held in the College Dining Hall. A May queen will reign over festivities.

HEART-SISTER WEEK. The Y.W.C.A. sponsors a week of "doing for others." Each girl has a "heart Sister" for whom she does some little thing each day for a week.

ALUMNI Day — May 23, 1959. Alumni of the College are invited to return to the campus to visit classes and renew acquaintances on a special day set aside at the end of the school year.

IVY DAY. Ivy Day has been an institution at State Teachers College, Slippery Rock, since 1919, when the class of that year planted the first sprig of ivy to adorn the campus. That sprig of ivy, which fast covered the tower of the old North Hall, has an interesting history.

When Washington Irving paid a visit to Sir Walter Scott over a century ago, he took a cutting of ivy from the walls of Abbotsford, Scott's castle. Irving planted this at his home, Sunnyside-on-the-Hudson, where it increased and flourished. Years later, on a visit to Sunnyside, Horace Mann took a clipping

of the ivy and planted it at Antioch, the college founded in Ohio. Dr. J. Linwood Eisenberg, former president at Slippery Rock, in 1919, brought some of this ivy from Antioch College to the State Teachers College at Slippery Rock.

Each graduating class since that year has made the planting of the ivy an important part of the Class Day activities.

CLASS KEY. Each year at the conclusion of the Class Day program the president of the graduating class presents to the president of the junior class the historic key as a symbol of good will and good wishes to the successors of the senior class. The presentation follows an oration by the senior class president addressed to the juniors.

This custom was instituted in the early years of the college and has served to make a continuous sequence of related alumni.

CO-ED WEEK. Each year, usually in April, one week is set aside during which the girls may arrange dates with the boys. During this week one night is

set aside for the "co-ed" dance. Also one day is scheduled for "Open House" in both the men's and women's dormitories. April 7-12 are the dates for this year.

TWIG AND BRANCHES. The Y.W.C.A. seeks to give to each freshman girl a happy beginning in college life by providing her with an upperclass sister. Acquaintances are made through letters written before school opens, and throughout the year the "branch" or upperclass sister, does her best to make the "twig" happy in her new environment.

HELLO! The "hello" tradition is the essence of Slippery Rock spirit and is in evidence everywhere on the campus. A cheery voice, a genuine smile, and a "hello" for everyone is in practice.

ASSEMBLY. Until a new auditorium can be built, student assemblies must be held in the gymnasium. A faculty-student committee: Dr. W. Strain, Dr. R. Duncan, Dr. C. Matson, Mr. K. Harris, Mr. C. Swope, Mr. Dave Spear, Mr. Richard Ocwick, Miss Cathy Reynolds and Miss Barbara Helfrich have agreed on the following selections:

September 26 — 10:00 A. M. — Willy Ley — "The Missile and the Future."

November 20 — 7:00 P. M. — Margaret Webster — "His Infinite Variety," A Shakespearian Anthology.

by the College Choir the Sunday evening before Easter vacation.

ROCKET RIPPERS

Monday, 7 P. M. — Swim time for those interested in a cultural addition to the physical aspect of education, synchronized swimming.

Synchronized swimming is the interpretation and expression of music through aquatic movements. This comparatively new form requires endurance, not necessarily speed; versatility in the use of all strokes, not specialization in one; a keen sense of rhythm; and the specific development of ability to adapt one's strokes to the average strokes of the group. In this type of swimming, there is more opportunity for the swimmer of average ability.

CHEERLEADERS

All Set? You Bet! School spirit is one of the most important elements of college life here at Slippery Rock. We are well known for our fine spirit and good sportsmanship, our many cheers and fight songs led by our very efficient cheerleading squad.

Throughout the school year the Cheerleaders along with their Captain, would appreciate any suggestions the students may have which would lead to improvement in their cheering.

SONGS

Cheer, Cheer for Slippery Rock

Cheer, cheer for Slippery Rock
 We're out to win.
 We'll be victorious,
 So fight, fight, fight for the
 Green and White, boys.
 Each basket (touchdown)
 helps a lot,
 Each one will score,
 So, for our college dear,
 We'll cheer for S. R.,
 cheer for S. R., cheer.

We're From Slippery Rock

We look sharp (clap)
 We're from Slippery Rock
 We feel sharp (clap)
 We're from Slippery Rock
 We are sharp (clap)
 We're from Slippery Rock
 And we're going to win the game tonight.

We Want a Touchdown, Boys

We want a touchdown, we want a
 touchdown;
 You'll hear us sing, we want a touch-
 down.
 Oh! that's the thing we want!
 Some great big bruiser
 Husky and tall, to carry the ball,
 In no time at all, we'll have a touchdown
 And when it's over, let us hear you
 make some noise!

VICTORY!

ROCKETS!

We want a touchdown, boys!

Oh Give a Cheer for Slippery Rock

Oh give a cheer for Slippery Rock.
 The place where peppy students always
 flock,
 Come boys, come girls, come gather
 'round
 And up to Heav'n we'll raise a ripping,
 roaring sound;
 We are the R-O-C-K-E-T-S
 Are we a peppy bunch? well, yes,
 I guess!
 We are the same that put the "aim"
 in fame, always game.
 Slippery Rock!

CHEERS**Hallelujah**

There's a reason to buy and a reason
to sell

There's a good reason why the Rockets
should yell

So shout! Rockets shout Hallelujah!
Shout! Rockets shout! Hallelujah!
Shout! Rockets shout! Hallelujah.

Go, Go, Go

Go, go, go, Rockets!
Fight, fight, fight, Rockets
Go, go, go, Rockets!
Fight, fight, fight, Rockets
Go, Rockets! fight, Rockets!
Go. Team, Go!

ALMA MATER**I**

Where the Slippery Rock Creek wanders
With its sparkling falls.

There in stately grace and beauty,
Stand old S. R. halls.

(Chorus)

Sing her praises, loud resounding,
Speed them on their way;

We'll be true to thee, oh, S. R.
True for aye and aye.

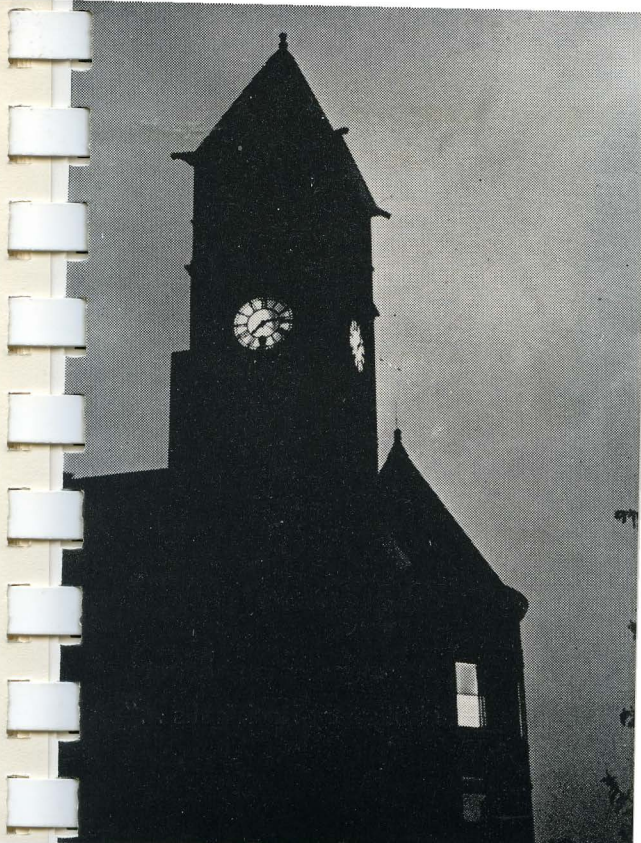

II

All thy halls the day in dying
Crowns with golden light,
And the morn in waking splendor
Greet thee in thy might.

III

Long may you, our Alma Mater
