Subject: I finally found the list of all the University Players Productions

October 17, 2003

To: Keith Bolden
From: John Gordon
Subject: University Players Productions list since 1936

You had requested a list of the play titles that the University Players had produced over the years.

I finally had the time to look for that comprehensive list of the Theatre productions that the University Players have produced! One summer about 10 years ago I researched the history of the organization. The University Players began in 1936 and has been producing plays ever since. This is the UP's 67 year.

I will put a copy of these productions in your mail box and also distribute them to Jack and the other Theatre Faculty. I am also going to distribute them to the University Players officers and place a copy for all to take a look at on the Call Board.

The list needs to be updated as well as the History. I believe some of the documentation that was kept in three ring binders is not all together in one place and that needs to be taken care of. **I will request that the U.P. Historian take care of this.**

Thanks for your interest on our student organization.

Best,

John Gordon
