The President's Message...

Dear Colleagues,

We made it to the end of another semester and academic year! It has been an eventful year, both fall and spring. By the time we return for classes next fall we ought to know the results and recommendations of a system-wide assessment being done by the NCHEM consultant group contracted by the Chancellor's office. The NCHEM team was here on April 20th and the various unions and faculty senate leaders had a chance to meet with them. We'll see where this leads.

The faculty remain committed to reversing the multi-year decline in enrollment and strengthening and growing Clarion University. Be assured of our strong pushback though if a future solution to the low student enrollment problem is to retrench more faculty. Laying off faculty and diminishing academic programs with a goal to *increase* university enrollment and revenue sounds absurd because it is absurd.

Thanks to all of you for your comradery, solidarity and mutual support this past academic year. Challenges continue but one constant is that colleagues stand together to strengthen our assets and to combat foolishness.

Enjoy your summer!

In solidarity,
Ray

Our congratulations to Past Chapter President Beth McDaniel, recipient of the 2017 APSCUF Distinguish Service Award presented on April 28 at APSCUF's April Legislative Assembly in State College.

Dear Colleagues:

What can you do? With all of the talk of closures, mergers, lack of funding, retrenchment, cutbacks, hiring freezes, and shrinking departments, one could not be blamed for feeling a bit like a spectator as the world around them spins out of control. But you need not feel like that; all it takes is for you to make the trip to Harrisburg.

Please join me, colleagues from our 14 universities, and legislators for our 2017 APSCUF Legislative Reception 5–8 p.m. Tuesday, June 6, at Capital Gastropub in Harrisburg.

It is time for us to directly make the case to our legislators about the important work we do every day, and we have no better spokesperson than you. You can best tell the stories about what you do every day to improve the lives of your students. You can best talk about student success. And you can best relay how the last few years have pushed the limits of our universities. While we make the case for our faculty, our coaches, and our students in the halls of the Capitol on a nearly daily basis, we need you to make it personal.

Last year, we hosted a bipartisan group of legislators from every region of the state, and our faculty had an opportunity to engage them in a relaxed setting over cocktails and appetizers. This atmosphere is particularly conducive to candid conversation, and it provides an opportunity for us to directly educate them about the realities of what has been happening at our universities, and to do so unfiltered by State System or university administrators.

Want to do more? In addition to Tuesday night's event, our staff will be setting up meetings on Wednesday, June 7, for those individuals who wish to have an in-office meeting with their state legislator at the Capitol. Hotel accommodations will be provided for any member willing to participate in these meetings.

Please give serious consideration to registering for either or both of these events by clicking here to download the registration form (which you may already have received), saving your information, and returning it to Ty Marks at tmarks@apscuf.org.

It is time for us all to step forward to make a difference. I look forward to seeing you there!

In solidarity and with thanks,
Kenneth M. Mash, Ph.D.
APSCUF President
