WELCOME BACK FACULTY & COACHES!!

The President's Message...

Dear Clarion Faculty Members,

Welcome back! Now that the fall 2022 semester, the first one for PennWest Clarion, is well underway I'd like to take a moment to consider where we are. We spent the past year-plus negotiating and planning for this moment. As expected, there were quite a few last-minute issues that had to be resolved. Could we have avoided many of those if the integration process was not so rushed? I think yes. But we weren't given that opportunity, so here we are.

Since the start of the semester, Sam Claster (Edinboro Chapter President), Mario Majcen (California Chapter President), and I have met several times with Provost Scott Miller and once with Dr. Dale. All three of us have reiterated how essential it is to have procedures in place for Evaluation, Tenure, and Promotion. These three issues were addressed in the side letters to the CBA that were passed a year ago. Important points from the side letters:

- **Evaluation**: Departmental evaluation committees must have proportionate representation, with at least one committee member from each campus that is home to department faculty; Tenured faculty at the consolidated universities will be evaluated no sooner than the 2024-2025 academic year.
- **Tenure**: Faculty on the tenure track who were hired prior to the consolidation shall be subject to the policies, procedures, and standards in effect at their original, existing University through the time they are considered for tenure
- **Promotions**: Faculty who were hired prior to the consolidation shall be subject to the Statement of Policies and Procedures in effect at their original, existing University for all applications for promotion submitted during the first two years following consolidation.

Even with the guidance from the side letters, there are still many, many questions and we are working to resolve them as quickly as we can. Watch your email from messages from the Tenure and

Promotion Committees that we elected last spring. There is no side letter on Sabbaticals, so we are starting from scratch there. The first step will be to work out a schedule to synchronize the sabbatical application and awarding processes at the three campuses, which are all on different timelines. We hope to have more information on that soon. You can be assured, however, that Clarion's deadline to apply for a sabbatical for 2024-25 will be no earlier than the usual late March deadline.

Another contractual issue we are trying to come to agree with management about is winter session pay. Like everything else, it had been handled differently at each campus. We are actively negotiating with management at this time and will hopefully have an update after the next Meet & Discuss meeting on September 23.

As you can see, we are juggling a number of issues simultaneously. I will do my best to keep everyone updated through this newsletter and/or periodic emails to the faculty.

In solidarity,

NOTE: The Clarion APSCUF office will be closed from Wednesday, September 14 through Monday, September 26. Jan will be on vacation in Germany/Czech Republic/Austria! She will return all emails and phone calls when she returns.
