

Criteria to be considered by the Office of the Chancellor when recommending new academic programs to the Academic and Student Affairs Committee of the Board of Governors.

1. Demonstrated cost-benefit analysis of the proposed program to include enrollment projections.
2. Sustainable Needs Analysis to include market data that is tied primarily to Commonwealth needs.
3. Evidence-based information to at least include:
 - Capacity analysis if program is offered at another PASSHE University.
 - Exploration of possibility of collaboration (identify why it was or was not appropriate).

**Aaron A. Walton, Chairman
Academic and Student Affairs Committee
PASSHE Board of Governors**
