

## Smith Lab/TRMC Meeting Minutes

### Smith Lab Updates

- Rat Room – GIANT SPIDER but all is good
  - Cell Culture – No contaminations but CDM media doesn't look good
  - BTV – Plaque assay this weekend 10 AM tomorrow
  - Compound P – Finished pushing a column and pushing one more tomorrow at noon
  - Acetaminophen – Running a toxicity assay tomorrow, Practice run? Possible dissection?
  - HSC – Doing ANOTHER dissection – Keep track of all your powers of 10's!!! Learn from Alex!
  - Bd – Running an ELISA tomorrow 10 AM
  - Annexin-1 - Cell Maintenance
- 
- Shane is not perfect – Pizza Boxes do not fit into the fridge
  - 50 mL and 15 mL conicals are back in stock
  - Keep up with the stocks of media, reagents, etc.
  - ANYONE who still hasn't signed Intel property, confidentiality, and disclosure forms, SIGN THEM!!

### Journal Club

- Anyone with interest to present or sit in on paper review, please contact Chris

### TRMC

- How do we spend the rest of the TRMC Funds?? (around 400\$)
  - Color Run
  - GMO Presentation
  - Mix – off
  - Stock pile of Plates?
  - Destress event
  - Pizza for journal club
- Fund for Molecular Bio Dept.
  - All bios are made
  - Video needs to be made
    - Cecilia will be producing
- All lab leaders need to discuss and formulate abstracts to submit by March 22<sup>nd</sup>
  - Smith Due date no later than Monday, March 20<sup>th</sup>
  - Must be reviewed by D-Money so let's make it easy for him.
  - Will be sending out an example abstract so follow example formatting
    - Title and text formatting
- Posters must be printed before the week of CPUB (27<sup>th</sup> March)
  - All experiments must be concluded before then
  - Smith will also send out an example poster
- Suggested to have EVERYTHING done before break on the 10<sup>th</sup>.

- Deadline for travel grants should be before break.
