

TRMC Meeting Minutes

Lab Updates:

- Cell Culture – Cells are being frozen down for break! BTV are the only flasks that are being kept over break.
- Prep Room – All good
- Rat Room – Zoology rats were sick and in the same room as our rats, so they were removed and disinfected. Keeping an eye on the healthy rats.
- Compound P – Went to Penn State to do a Liquid Chromatography Time of Flight Mass Spec again to analyze the molecular weights of all the compounds in a solution. This trip gave a great replication to their purification!

Smith Lab News:

- CPUB
 - Abstracts are due to Smith on the 20th! They are to be submitted to CPUB by the 26th.
- Incident with media coming in, know where things are stored!
 - Room Temp – 22 Celsius
 - Refrigerator – 4 Celsius
 - Freezer – -20 Celsius
 - Deep Freeze – -80 Celsius
- Got some great supplies from the Barnes Center!!
