Atlas

<https://itunes.apple.com/us/app/atlas-by-collins/id560461884?mt=8>

Trial price: now free with additional globes available to buy through in-app store.

See the world in context with Atlas by Collins™ through nine themed globes. The latest update includes a store function, allowing you to download new globes and remove others without losing them.

Current globes available:

- NEW • Development – Demographic statistics and context from the World Bank
- NEW • Economy – Global economic statistics and context from the World Bank
- Satellite map
- Physical maps – Physical features such as oceans, mountains and deserts
- Political maps – Current states and territories, political and economic alliances, and historical maps showing the effects of exploration, colonialism and conflict
- Environment – The impact of human life on the natural world, and how countries compare on environmental issues such as pollution and forest loss
- Population – Statistics about the people who inhabit the world, including population trends, migration, and birth and death rates
- Communications – How technology connects the world, including mobile coverage, Internet usage and number of telephone lines
- Energy – The distribution of energy resources, and patterns in energy production and consumption

We advise a good Wi-Fi connection when downloading additional globes. This app makes use of the latest Apple technology and is available for iPad 2 and above, and iPhone 4 and above only. Please note it is NOT suitable for iPod Touch, iPad 1 or iPhone 3Gs and below. If you have any questions please see the list of FAQs on www.atlasbycollins.com, or contact support@atlasbycollins.com.

With Atlas by Collins™ you can:

- Explore colour-coded world maps showing up-to-date information on topics from mobile phone coverage to energy resources and economic development around the world
- Share interesting maps and information via social media or email
- View mapping offline down to 1:3,000,000 scale
- Zoom-in on any location down to street level when online through your in-device map app
 - Research in-depth country profiles for every nation on Earth
- Discover over 200,000 cities, towns and major natural landmarks instantly through search, even when offline
- Keep up-to-date with new data releases so you're always in the know about changes to our world
- Switch seamlessly between iPhone and iPad without losing your place

Selected as one of the 20 Best iOS Apps Of 2012 by Techcrunch.

The app is produced by Collins – publishers of the Collins Atlas range and the authoritative Times Atlas of the World, and one of the most respected cartographic teams on the planet – in partnership with the Other Media, developers of the best selling Wonders of the Universe app.

DataFinder (WDI)

<https://itunes.apple.com/us/app/wdi-datafinder/id349081196?mt=8>

The World Development Indicators (WDI) DataFinder is an app for accessing data on global development indicators from The World Bank Group. This multilingual app gives access to national, regional and global estimates, compiled from officially recognized international sources, on topics such as: World View, People, Environment, Economy, States and Markets, and Global Links. Features include quick access to selected subsets of major indicators, with the ability to view tables, charts and maps and share them through email and social media.

This free dictionary app contains advertisements, in-app purchases and options to share content via social media.

Dictionary (Merriam Webster)

<https://itunes.apple.com/us/app/merriam-webster-dictionary/id438477986?mt=8>

America's most useful and respected dictionary, designed and enhanced especially for iPad.

In addition to all the definitions from Merriam-Webster's Collegiate Dictionary, the app offers voice search – to let you look up a word without having to spell it – along with synonyms and antonyms, example sentences, Word of the Day, Favorites, and more. It's a great tool for reference, education, and vocabulary building.

The app is free, and supported by ads.

Features:

- Voice Search
- Synonyms & Antonyms
- Example Sentences

- Audio Pronunciations
- Word of the Day
- Favorites
- For iPad: Scrolling Index - lets you browse the entire dictionary
- Recent History - lets you keep track of the words you've looked up

Your Universal Device ID may be used by advertisers and ad networks to serve ads to you. For more details please click the link to the Application License Agreement, below, which includes our App Privacy Policy.

Google Earth

<https://itunes.apple.com/us/app/google-earth/id293622097?mt=8>

Fly around the planet with a swipe of your finger with Google Earth for iPhone, iPad, and iPod touch. Explore distant lands or reacquaint yourself with your childhood home. Search for cities, places, and businesses. Browse layers including roads, borders, places, photos and more. Visit the Earth Gallery to find exciting maps such as real-time earthquakes, planes in flight, hiking trails, city tours, and more. Integrated Google Maps Street View allows you to explore the world at street level.

Use the new “tour guide” to easily discover exciting new places to explore. With a quick swipe on the tab at the bottom of the screen, you can bring up a selection of virtual tours from around the globe.

With new 3D imagery, you can now fly through complete 3D recreations of select cities, including San Francisco, Boston, Rome, and others. With every building modeled in 3D, you truly get a sense of flying above the city. 3D imagery is available on iPhone 4S and iPad 2 or later.

iTunes U

<https://itunes.apple.com/us/app/itunes-u/id490217893?mt=8>

The iTunes U app gives you access to complete courses from leading universities and other schools — plus the world’s largest digital catalog of free education content — right on your iPad, iPhone, or iPod touch. Whether you’re majoring in molecular biology at a university, taking

Spanish in high school, or just interested in European history, you now have a valuable tool to help you learn anytime, anywhere.

Features:

Free courses in a wide array of subjects

- Take free courses created and taught by instructors from leading universities and other schools
- See all assignments and updates from the instructor in one place, and check off assignments as you complete them
- Take notes and highlight text in iBooks and see them consolidated for easy reviewing in the iTunes U app
- Take course notes in class, or while playing audio or video lectures inside of iTunes U
 - Access course materials, including audio, video, books, documents & presentations, apps, and new iBooks textbooks for iPad
- Share your favorite courses with friends using Twitter, Mail, and Messages

The world's largest catalog of free education content

- Choose from more than 600,000 free lectures, videos, books, and other resources on thousands of subjects from Algebra to Zoology
- Browse collections from education and cultural institutions in 30 countries — including Stanford, Yale, MIT, Oxford, UC Berkeley, MoMA, the New York Public Library, and the Library of Congress

PONS Online Dictionary

<https://itunes.apple.com/us/app/pons-online-dictionary/id577741918?mt=8>

The Free PONS Online Dictionary - with Text Translation

With this app you acquire direct access to all translations in the free PONS Online Dictionary. Translate the words you are looking for in over 30 dictionaries, quickly, easily and reliably - directly from your smart phone.

Our database contains over 12 million words and phrases in 13 languages. The high standards of PONS editorial quality are the key to your success - in this App, too! PONS.eu editors uphold traditional PONS quality by carefully editing and certifying all entries. New entries and improvements based on user feedback are incorporated into the database on an ongoing basis: a significant benefit whether you use these dictionaries at school, university or language school, at the office or privately.

The Chinese, English, French, German, Greek, Italian, Latin, Polish, Portuguese, Russian, Spanish, Slovenian and Turkish languages are at your disposal in various combinations.

Furthermore, the PONS Online Dictionary App provides a free machine translation service. Within seconds this service translates simple sentences and texts, providing a rough translation for all of the PONS.eu dictionary languages, plus 23 additional languages, including Arabic and Japanese.

The equally free web version at www.PONS.eu offers, in addition, a Visual Dictionary, a translation forum, verb conjugation tables and, last but not least, a vocabulary trainer. With the PONS Vocabulary Trainer, also available as a free app, you can learn your search terms in various practice modes to achieve lasting success. Don't forget the words that you've looked up: save them from the Online Dictionary directly to your personal vocabulary trainer with a simple click, then practise them at your leisure.

App Functions at a Glance

- Click on and listen to audio pronunciations
- "Look-Here"-Function: Magnify the translation, so that you can show it to someone else - especially useful for travel, when you've exhausted your repertoire of gestures
- Favourites List: Save your most-looked up terms
- Search History: Quickly find your most recent searches
- Copy translations to the PONS Vocabulary Trainer
- Over 30 dictionaries in 13 languages
- Vocabulary updated on a daily basis
- Information about style and usage, country-specific information
- Machine Translation for 36 languages!

The following dictionaries and language combinations are available as of December 2012: English-Chinese, English-French, English-German, English-Italian, English-Polish, English-Portuguese, English-Russian, English-Slovenian, English-Spanish, Chinese-English, Chinese-German, French-English, French-German, French-Polish, French-Slovenian, French-Spanish, German Orthography, German Learner's Dictionary, German-Chinese, German-English, German-French, German-Greek, German-Italian, German-Latin, German-Polish, German-Portuguese, German-Russian, German-Slovenian, German-Spanish, German-Turkish, Greek-German, Italian-English, Italian-German, Italian-Polish, Italian-Slovenian, Latin-German, Polish-English, Polish-German, Polish-French, Polish-Italian, Polish-Russian, Polish-Spanish, Portuguese-English, Portuguese-German, Portuguese-Spanish, Russian-English, Russian-German, Russian-Polish, Slovenian-English, Slovenian-French, Slovenian-German, Slovenian-Italian, Slovenian-Spanish, Spanish-English, Spanish-French, Spanish-German, Spanish-Polish, Spanish-Portuguese, Spanish-Slovenian and Turkish-German.

TED

<https://itunes.apple.com/us/app/ted/id376183339?mt=8>

Riveting talks by remarkable people, free to the world.

The official TED app for iPhone, iPad, and iPod touch presents talks from some of the world's most fascinating people: education radicals, tech geniuses, medical mavericks, business gurus and music legends. Find more than 1,400 TEDTalk videos (with more added each week) on the official TED app -- now for both iPad and iPhone.

The entire library is at your fingertips to browse at any time, even when you're not online. Watch TEDTalks with subtitles in over 90 languages directly on your device through our new video player, or use AirPlay to watch them on your home entertainment system. Curate your own playlist. Download full videos to your device and watch them when you're offline. Listen to an on-demand playlist of TEDTalks audio at any time.

The TED app updates almost every day with new talks from TED events around the world. Sort the featured library by recency or popularity. Browse talks by tags, themes, or language. Share your favorite talks with your friends. Tell us how much time you have and let us guide you through a delightful playlist.

Virtual Tour (Library of Congress)

<https://itunes.apple.com/us/app/library-congress-virtual-tour/id380309745?mt=8>

The Library of Congress is the world's largest library and the largest body of knowledge under a single roof. Whether you're onsite, at home, in a classroom or elsewhere, this app will give you a virtual tour that mirrors the Library of Congress Experience, an award-winning group of exhibitions and features that has drawn record numbers of visitors.

WebMD

<https://itunes.apple.com/us/app/webmd-for-ipad/id373185673?mt=8>

WebMD helps you with your decision-making and health improvement efforts by providing mobile access 24/7 to mobile-optimized health information and decision-support tools including WebMD's Symptom Checker, Drugs & Treatments, First Aid Information and Local Health Listings. WebMD also gives you access to first aid information without having to be connected wirelessly – critical if you don't have Internet access in the time of need. Personalize your app by saving drugs, conditions and articles relevant to you — through secure access and easy sign-in.
